

Alan McNeil Bio- ESD #1

I served on the MUD board for 24 years, following in the footsteps of two good leaders who held the role as president before me. I am proud to say I was able to continue the conservative direction and legacy the District was founded on and when I "retired" from the board, I knew I was leaving the district financially sound with a healthy reserve fund for a bright tomorrow.

During my leadership on the board, I regularly interacted with the City of Austin and Williamson County on the various issues we faced as a community and inter-local government groups as well as at the State level on Annexation.

In addition, I served the youth at my church from the elementary years through the end of the high school years. Many, many summer camps, mission trips, community service activities and Wednesday night activities - all of which kept me acting younger than I probably should have been. I currently serve in the capacity of Trustee at my church. I was also an active parent in a local boy scout troop where my youngest son attained Eagle as well as the parent sponsor for the McNeil HS Horseman where on Friday nights you would find me towing the white Maverick horse mascot to and from the games!

I work full time for AECOM, Inc. in the role of a Finance Director, Global Services with team members scattered around the globe.

I have lived in Williamson county since 1990 and I chose to raise my family here since the moral compass of the county was strong and presented a safe community for us.

I look forward to serving in the ESD #1 if needed or in any other capacity should the County have a need.
