PROJECT NAME: CO1 v2

PROJECT SCOPE

DIR-CPO-4494

Knight Security Systems (KSS) will provide and install camera model and location changes at Williamson County's Juvenile Justice Center.

System installation includes hardware and configuration unless otherwise stated.

Video Surveillance System

KSS will furnish and install the following:

- Replacing two Axis P3375-LV cameras with two P3248-LVE 4K exterior cameras with pendant and wall arm
- Adding two P3248-LVE 4K exterior cameras with pendant and wall arm
- Re-locate two Axis P3375-LV cameras within the building
- Initial programming will include:
 - Enrolling the cameras and setting up basic motion detection on an existing Genetec Archive server provided by county IT
 - One administrative account
 - One view only account
 - Estimated days of storage N/A
 - 8MP at H.265 and 15 FPS
 - All cameras will have audio recording enabled
 - Calculations are based on 50% motion detection or event recording
 - This configuration will require at least 6TB to maintain 30 days of retention

The NVR storage capacity is an approximate estimate based on general conditions that KSS does not influence. Each device will include the necessary mounting hardware, license and one year manufacturer software license support.

Customer Provided Items

- Electronic drawing files of the plans and approval of device layout
- Individual software administrator logins for personnel at each location for each system
- PoE switches
- Existing recording server with storage space to accommodate the new devices
- Existing client workstations that meet the system minimal requirements
- Rack space and uninterruptable power supply in the MDF room for rack mount units
- Network configurations for connection of devices to Customer's network
- 120VAC by a certified electrician for all security devices where needed

Client Initials: _____

Finance

Purchaser hereby agrees to pay KSS the following terms:

The Customer is required to pay every invoice in full within 30 days of receiving the invoice.

Project Milestones and Invoicing Procedures

- An initial project invoice is due and payable upon delivery of materials and services rendered
- The remaining balance is due and payable in progress payments based upon material delivered or work completed

Refer to the CSA sections 2A, 2B, and 2C.

Any changes from the base price will be adjusted with approved change orders from the Customer. The as-built plans will be submitted along with the final submittal package to the Customer.

Engineering

KSS shall provide system design and operational documentation to ensure proper installation and efficient servicing of the system. KSS will provide submittal plans that will show where each device is located at each site. The submittal plans will also include a system matrix, which includes the schedule of each device and the programming setup into the security system software.

Cabling & Wiring

KSS will be responsible to install all the wiring and connections providing communication and/or control between KSS supplied devices and central control equipment. All wires will be dressed in a neat and professional matter.

KSS will not provide any conduit or trenching required to reach each device. It is the Customer's responsibility to provide a pathway for all wiring required for each device. KSS is not responsible for any existing wiring being used. A quote will be provided to the Customer for any wiring that is found to be unusable

Field Devices

KSS will provide all necessary devices and hardware included on the equipment list attached. The devices on the security plans will be installed and programmed into the system according to the system matrix.

KSS is not responsible for any existing devices being reused. If any existing devices are found to be unusable then a quote will be provided to the Customer to replace the device. KSS is not responsible for any damages done from the existing devices being removed. The Customer is responsible to patch and repair any damages done from existing devices removed.

Programming

KSS trained personnel will program the security system to provide a functioning operational system. KSS will support Customer programming personnel and set up remote field panels consistent with manufacturer standards. KSS will program each device according to the system matrix provided in the security plans. If any additional programming or special programming outside the system matrix is needed an approved change order from the Customer is required.

Customer to furnish IP addressing scheme for all devices requiring an IP address on the network. KSS will provide a list of devices that need IP addresses to the Customer.

Rental Equipment - Lift rental is included in this proposal.

Testing

KSS will perform acceptance testing in the presence of the appointed Customer representative to ensure proper operation and communication of all integrated systems. A test sheet with a check list for each device will be provided by KSS and signed by the Customer representative upon successful completion of a system acceptance test. The final system test report will be sent to all parties.

A punch list detailing items requiring a follow up that is within this scope of work will be created. KSS will correct the punch list items in a mutually agreed upon time. If the Customer wants something changed after the test sheet has been signed additional charges will be applied.

Client Initials: _____

Upon system acceptance, a KSS job completion form shall be signed and sent to all parties. It is the Customer's responsibility to ensure proper periodic testing per the manufacturer's recommendation if a signed SecurePlan agreement is not in place.

Training - Training is not included with this proposal.

Standard Proposal Notes:

1. This proposal will follow the guidelines stated in the Customer Service Agreement.
2. This proposal is valid for 30 days. After the 30 days the quote is no longer valid and a new quote needs to be regenerated and prices may vary.
3. A standard 1 year warranty applies on all newly installed equipment.
4. Final Location of all equipment to be approved by owner prior to start of installation.
5. Work provided by KSS is assumed to be continuous, unhindered and without the need for escorts. Additional costs will be incurred if work is slowed by denial or delay of access to the work areas without three days' notice, or if escorts are required at any time. Any cessation of work by the customer or delays in the project construction schedule will result in additional mobilization and project management charges.
6. The quantities of materials noted above scope of work are intended to be descriptive. Should there be any discrepancy between the scope of work and the equipment list, the equipment list will supersede the scope of work stated above.
7. All work will be done following federal, state, and local laws and requirements for the above scope of work.

Knight Security Systems Excludes the Following:

1. All 120 VAC connections are to be performed by customer or customer's designated licensed Electrical contractor.
2. Fire alarm interface, cabling, connection, input/output, testing and certification.
3. Any city or other governmental permits, not associated with this scope of work, required for the use and operation of the system.
4. Access to device location, penetrations, required access panels for concealed areas.
5. If not stated above wire mold, conduit, trenching, wireless devices or aerial cabling necessary to connect any remote locations or gates, computer workstations to operate the system, and network equipment to provided power and data communication for devices.
6. Overtime required due to schedule revisions, work stoppages, delays caused by others, or circumstances beyond Knight Security Systems control.
7. Final terminations and connections to equipment other than provided by Knight Security Systems.
8. Any trade installation that Knight Security Systems is not licensed to perform.
9. Painting, patching or landscaping required as a result of the installation of equipment associated with this scope of work.
10. Technical assistance or the setup of the customer's network for connection to the security control systems. The customer is required to provide static IP addresses and support personnel for assistance in setting up the network connections.

Roles & Responsibilities

Essential activities conducted in the course of project by Williamson County and Knight Security Systems (KSS).

Project Administration Tasks	Customer	KSS
General project management & administration		X
Designate primary customer point of contact and site supervisor		X
Host initial site orientation and kick-off meeting	X	
Pre-installation walk-through and design verification	X	
Pre-construction utility assessment	X	
System design and engineering		X
System design and engineering approval	X	
Develop master project schedule		X
Approval of master project schedule	X	
System design acceptance within overall master plan of larger facility	X	
Provide lists of existing equipment and building drawing backgrounds	X	

Client Initials: _____

Develop and maintain drawings and equipment schedules		X
Provide written communication regarding work site conditions	X	
Coordinate monthly in-progress reviews for active sites		X
Change order management		X

Project Installation Tasks	Customer	KSS
Provide locations for materials staging	X	
Materials pre-installation configuration and delivery		X
Pre-installation testing of existing equipment		X
120VAC at each device location where needed	X	
Building penetrations to exterior		X
Fire partition penetrations and sealing		X
Removal of existing cameras		X
Installation of conduit to security system devices where needed		X
Installation of cables to security system devices		X
Network cables from security system devices to copper patch panels		X
Patch cables between patch panels and network switches		X
Create panel, cable, and equipment labeling scheme	X	
Install cable labels per labeling scheme		X

Network Tasks	Customer	KSS
Rack and rack space for rack mount equipment	X	
Network PoE switches and configuration	X	
Patch panels		X
Uninterruptable power supplies & KVM units	X	
IP address assignment for security system equipment and workstations	X	
Configure client workstations to the security system		X

Programming Tasks	Customer	KSS
Create custom security system programming matrix		X
Program initial security system configuration		X
Develop and implement database update procedure	X	

Testing and Acceptance Tasks	Customer	KSS
System test forms and checklists		X
Full system test		X
Customer on-site system acceptance	X	
As-built drawings and final engineering document submittal		X

- Termination for Convenience: This agreement may be terminated at any time at the option of either party, without future or prospective liability for performance upon giving thirty (30) days written notice thereof. In the event of termination, The County will only be liable for its pro rata share of services rendered and goods actually received.
- Texas Prompt Payment Act Compliance: Payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date licensee receives the goods under the contract; (2) the date the performance of the service under the contract is completed; or (3) the date the

Client Initials: _____

Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by licensee in accordance with Texas Government Code Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of licensee's fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

- Mediation: The parties agree to use mediation for dispute resolution prior to and formal legal action being taken on this Contract.
- Venue and Governing Law: Venue of this contract shall be Williamson County, Texas, and the law of the State of Texas shall govern.
- Right to Audit: Knight Security Systems, LLC agrees that licensee or its duly authorized representatives shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine and photocopy any and all books, documents, papers and records of Knight Security Systems, LLC which are directly pertinent to the services to be performed under this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions. Knight Security Systems, LLC agrees that licensee shall have access during normal working hours to all necessary Knight Security Systems, LLC facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. licensee shall give Knight Security Systems, LLC reasonable advance notice of intended audits.
