

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Williamson County is a federal entitlement community under the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG) Program. The County is required to prepare an Annual Action Plan to implement its federal CDBG program. The program funding allocation of \$1,639,040 is to be used to successfully support community development and affordable housing efforts in low and moderate income areas throughout the County. The County will also reallocate \$329,994 from projects completed or those that returned funds.

The Williamson County consortium consists of ten participating cities and the unincorporated areas of county. The participating cities included Cedar Park, Coupland, Georgetown, Granger, Hutto, Jarrell, Leander, Liberty Hill, Taylor and Weir.

Williamson County's current Five-Year Consolidated Plan covers 2019-2023. Williamson County CDBG 2020-2021 Annual Action Plan covers the period from October 1, 2021 to September 30, 2022 and is the third Annual Action Plan for the five year period.

The county will allocate \$96,984 (5.7%) to program administration and oversight and \$35,000 (2%) to social services. The remaining funds will be allocated to infrastructure and public facilities. All projects are a high priority as identified in the current Consolidated Plan.

- Habitat for Humanity-Home Repair Program \$150,000
- Georgetown-Home Repair Program \$100,000
- Interagency Support Council-Social Service/Mental Health Assistance \$35,000
- Granger Wastewater Project Colorado Street \$344,050
- Liberty Hill Sidewalk Project \$488,000
- Georgetown Housing Authority Rehab Project \$330,000
- Granger Housing Authority Rehab \$12,000
- Jarrell-Water System Improvements \$467,000
- Administration-Program Administration and Oversight \$96,984

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The FY21 funded projects were selected to address one or more of the following performance objectives:

- Provide Decent Affordable Housing
- Create Suitable Living Environments
- Create Economic Opportunities

Projects funded in FY21 will address one or more of the following performance outcomes:

- Improve Availability/Accessibility
- Improve Affordability
- Improve Sustainability

Project selection is guided by the 2019-2023 funding priorities:

Public Facility and Infrastructure Improvements

- Fund non-housing community development proposals that eliminate a threat to public health and safety to include water/sewer projects, drainage projects, sidewalks, and street improvements.
- Fund public facility improvements that benefit low income households and persons, and persons with special needs to include senior centers, neighborhood facilities, youth centers, homeless facilities, childcare centers, parks and recreational facilities.

Increase Access to Affordable Housing

- Fund activities that expand the supply and improve the condition of housing affordable to lower income households.
- Fund activities that leverage other public and private resources such as Low Income Housing Tax Credit (LIHTC) projects.
- Extend the useful life of existing affordable housing through weatherization, repair, and rehabilitation programs.

Decrease Homelessness

- Provide funds to support shelter operations and transitional housing.
- Provide funding to increase permanent supportive housing opportunities and work to create a stronger network of providers of supportive and mainstream services to homeless clients.

Public Services

- Fund projects that provide supportive services to low- and moderate-income household as well as persons with special needs.
- Support efforts to develop a regional social service collaborative to coordinate the work of social service organizations, disseminate information, and eliminate duplication of effort.

Affirmatively Further Fair Housing

- Support improved access to community resources.
- Continue to operate in compliance with protected class definitions found in federal regulations.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The Williamson County CDBG Program identified priorities and needs during the 2019-2023 Consolidated Planning Process, which is utilized in identifying projects to be funded. The Williamson County CDBG program is currently utilizing funds allocated to projects that are in line with current priorities. These projects are monitored as they are being implemented as to ensure progress and eligible spending.

The County met the required timeliness ratio in 2020 and in 2021.

A summary of past performance is reported in the attached document “Past Performance Evaluation”. Information was taken from the county’s most recently completed Consolidated Annual Performance Evaluation Report for fiscal year 2019 and submitted to HUD.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The CDBG citizen participation plan indicates that all federal regulations regarding public comment periods and participation will be followed by the Williamson County CDBG Office. The CDBG Office encourages the public to review documents concerning the CDBG program and provide feedback when desired and needed. Representatives of participating cities, County Commissioners, and other stakeholders were notified of funding and information was posted on the Williamson County web site at

www.wilco.org. Notification was also posted in local newspapers. Notices were published in both English and Spanish. A public hearing was held on March 2, 2021 and on July 13, 2021 to gather input regarding the CDBG program and potential projects.

Project funding was approved by the Williamson County Commissioners' Court on June 22, 2021. The FY21 Annual Action Plan was made available for public comment June 24, 2021-July 26, 2021 on the Williamson County website and at the locations listed below. An announcement of the comment period was published in local newspapers and on the County website. The final document, along with any public comments were presented to the Williamson County Commissioners Court on July 27, 2021.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The Williamson County CDBG Office is the lead agency in implementing the FY21 Annual Plan. The CDBG Administrator works closely with local social service agencies and other county agencies and committees to meet the needs of LMI residents. County officials were also notified of the funding allocation.

Williamson County CDBG 2021 funds are awarded to participating cities and local social service agencies through the County's CDBG program. Williamson County calls for potential projects to be submitted for funding. Applications are reviewed and a recommendation is developed based on the projects submitted, the amount of money the County has available to fund projects, eligibility of potential projects and how these projects coincide with the priorities set in the Consolidated Plan. Each city and/or agency determines the projects that are submitted for consideration. These projects can be determined via a city comprehensive plan, public input and/or staff recommendation. Comprehensive plans are developed through a network of public meetings, public announcements, and staff and engineer recommendations. Members of the Commissioners Court gather input from constituents and discuss potential projects with the CDBG Administrator. The County also hosts public meetings and makes draft plans available for review prior to final approval.

Applications were made available online and submitted electronically. The link to the applications was posted on the Williamson County website and was emailed to interested parties.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Williamson County is a member of the Analysis of Impediments to Fair Housing Regional Working Group, The Williamson County Homeless Coalition. The group meets with other local non-profits and social service agencies to discuss the needs of homeless and those at-risk of becoming homeless. The goals of this group are to form a homeless coalition and attempt to find resources to fill the gaps within the community regarding homeless and at-risk homeless. Agencies include food pantries, mental health agencies, neighboring local units of government, housing agencies, local and neighboring housing authorities, local not for profit health clinics, and Texas Homeless Network staff.

Williamson County will continue to support the efforts of the Williamson County and Cities Health Districts to address lead based paint (LBP) hazards. The County will also continue to notify CDBG sub-recipients of LBP requirements and ensure compliance with CDBG requirements.

Williamson County's CDBG policies and procedures comply with the federal lead-based paint regulations at 24 CFR Part 35.

In accordance with lead-based paint requirements, the County will incorporate the following factors to refine and narrow the communities that are at highest risk with lead-based paint hazards as related to housing rehabilitation activities:

- Age of housing (pre-1978 housing units)
- Condition of housing
- Tenure and poverty levels
- Presence of young children
- Presence of lead poisoning cases

All contractors, sub-recipients, and other community partners are advised of the lead-based paint regulations. Additionally, the County's CDBG Office will continue to distribute information and literature on lead hazards to households who may be at risk of exposure.

Calls from residents regarding affordable housing options are directed to the local public housing authorities in Austin, Georgetown, Taylor, Granger and Round Rock. Those looking for assistance are also encouraged to contact the Capital Area Housing Finance Corporation to discuss affordable housing options and home buyers' assistance.

Residents are also given information on the WilcoForward program funded by the Department of Treasury as a part of the American Recovery Act. The funds were managed by the Williamson County Auditor's office and the Treasurer's office. Funding was made available to local non-profits and business in response to the Covid-19 pandemic.

Williamson County funds the Taylor Housing Authority for down payment assistance and the Granger Housing Authority for facility repairs. CDBG funds are also being used by the Georgetown Housing Authority for housing improvements.

Williamson County has a community resources website that allows people to search online for needed resources such as health care, mental health services, housing, food, and other community resources. The Williamson County Community Resources website is designed to empower residents with information about resources in the area so that they can connect with available services. The site is www.wilco.org/communityresources.

At this time, the CDBG office does not coordinate with corrections programs and institutions. However, the Williamson County Mobile Outreach Team does coordinate with corrections programs and institutions in an effort to assist those who are experiencing a mental crisis. The program allows for mental health support in an effort to avoid incarceration.

All agency types are encouraged to participate in the Williamson County CDBG program.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Williamson County does not receive ESG funds. Currently there are no Continuum of Care recipients for Williamson County. The County is a member of the Williamson County Homelessness Coalition that meets regularly. The Texas Homeless Network is represented in this coalition and provides information and updates on the Tx Balance of State. The group also includes representatives from organizations that assist the homeless and/or those approaching homelessness in varying aspects such as housing, emergency housing, temporary housing, mental health, physical health, rental assistance, and utility assistance. The Texas Homeless Network also provides guidance on how to complete the point in time count.

Public Hearing was held on March 2, 2021 and July 13, 2021. Research via web. Continued outreach/networking. Outreach and networking provide the opportunity for organizations to discuss potential CDBG funded projects or projects that align with CDBG priorities. Organizations are encouraged to contact the CDBG office to discuss potential projects. While MOT does not receive CDBG funds, it could potentially apply for projects that could positively impact low-mod income residents. Projects could include any eligible project that is listed as a high priority for the County CDBG program. MOT also consults with law enforcement to provide crisis intervention for clients and avoid unnecessary incarceration. Intervention is to avoid unnecessary incarceration.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The CDBG citizen participation plan indicates that all federal regulations regarding public comment periods and participation will be followed by the Williamson County CDBG Office. The CDBG Office encourages the public to review documents concerning the CDBG program and provide feedback when desired and needed. Representatives of participating cities, County Commissioners, and other stakeholders were notified of funding and information was posted on the Williamson County web site at www.wilco.org. Notification was also posted in local newspapers. Notices were published in both English and Spanish. A public hearing was held on March 2, 2021 and July 12, 2021 to gather input regarding the CDBG program and potential projects.

Participating cities and agencies are encouraged to submit applications to the Williamson County CDBG office for projects that meet the priorities and goals outlined in the Consolidated Plan. Project applications are determined via the use of comprehensive plans, public input and/or city staff/management. During the planning process, cities may hold public input meetings as well post information for review by the public. County Commissioners receive input from constituents and discuss potential projects with the CDBG Administrator. The CDBG Administrator guides potential applicants in the application process and is available to meet to discuss processes, projects and funding.

The project proposal was approved by the Williamson County Commissioners Court on June 22, 2021. No comments were received.

The FY21 Annual Action Plan was available for review at the Williamson County Courthouse and Website at www.wilco.org

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Williamson County was awarded \$1,693,040. The County will also reallocate \$329,994. The level of annual funding is expected to remain similar for the remainder of the Five Year Consolidated Plan.

The expected amount for the remainder of the Con Plan assumes the same allocation in each subsequent year.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how

matching requirements will be satisfied

The nonprofit organization funded has additional financial capacity through foundations and fundraising campaigns. Federal funds provide the organization with the opportunity to expand their services to benefit more low- and moderate-income persons.

There are no federal or local matching requirements for the CDBG grant. However, the county encourages projects to provide match funds if available.

Match funds obtained from other federal, State, local or private sources:

Habitat for Humanity Home Repair \$211,360

Georgetown Home Repair \$55,000

Interagency Support Council \$774,111

Granger Wastewater Project \$11,000

Liberty Hill Sidewalk Project \$5000

Georgetown Housing Authority Rehab Project \$337,010

Jarrell Water Project \$11,000

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Williamson County does not intend to utilize publicly owned land or property to address the needs identified in this plan.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Allocation priorities were based upon the Needs Assessment undertaken as part of the planning process and demand for projects and services in the past. The primary obstacle to addressing underserved needs is the limited resources available to address such needs throughout the County. The County encourages CDBG applicants to seek other resources from other public and private entities in an effort to leverage the limited amount of CDBG funds available.

Projects descriptions and specific allocations are found in the appendices of this document.

Rationale for the priorities for allocating investments geographically

In FY21, Williamson County will use CDBG funds throughout the jurisdiction to serve low and moderate-income persons and households. The county does not prioritize allocations geographically, but rather based on need. All projects either serve low-mod income individuals, households or areas based on

census tract data or survey.

Discussion

Williamson County does not have identified designated target areas for the FY21 Action Plan.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The county will use FY21 CDBG funds to assist with the Georgetown Home Repair Program and the Habitat for Humanity Home Repair program. Funds will also be used to improve the Granger Housing Authority and the Georgetown Housing Authority. In addition, Habitat for Humanity and Georgetown will both have home repair programs that allow low income residents to remain in their homes, therefore preventing potential homelessness.

The Taylor Housing Authority also administers a 3 year voucher program for 18-24 year olds who are leaving the foster care system.

AP-60 Public Housing – 91.220(h)

Introduction

Low-income residents largely depend on local housing authorities for access to affordable housing and related services. The purpose of public housing authorities (PHA) is to ensure safe, decent, affordable housing and to create opportunities for resident's self-sufficiency and economic independence.

The Georgetown Public Housing Authority manages Shady Oaks Apartments and Stonehaven Apartments. The Shady Oaks Apartments are Section 8 and offer 60 duplex apartments to qualified residents. The Stonehaven Apartments are public housing and offer 158 housing units to qualified residents. The Georgetown Housing Authority also manages a Section 8 (Housing Choice Voucher) program.

The Taylor Housing Authority owns and manages the Mary Olson property and the Avery property. These properties are public housing facilities and offer 46 units and 70 units respectively. The Taylor Housing Authority also administers a Section 8 Housing Choice Voucher program that assists approximately 142 families. The Voucher program is a rental subsidy program where families choose where they want to live (based on certain stipulations) and the rental subsidy is paid to the landlord.

The Taylor Housing Authority also administers a 3 year voucher program for 18-24 year olds who are leaving the foster care system.

The Granger Housing Authority operates and manages 26 units available to qualified residents.

As public housing facilities age, investments are needed to maintain and improve the buildings and units to preserve and maintain safe, decent, affordable housing for the County's most vulnerable residents. This section discusses actions taken to address the needs of public housing residents and the units in which they reside.

Actions planned during the next year to address the needs to public housing

During FY 2021, Williamson County will fund the following:

- Funding to Granger Housing Authority (\$12,000) to improve accessibility to 26 low income housing units. Units are 2-3 bedroom units and will serve low-mod income families.
- Funding to Georgetown Housing Authority to rehab 158 low income housing units.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Georgetown Housing Authority (GHA) offers various services to residents in an effort to improve their

living environment. Services include classes and activities for families such as nutrition and health classes; exercise groups; medical, hearing and prescription medicine screenings; defensive driving; financial literacy as well as classes about protection from identity fraud/theft. Computer labs and tutors are available to residents for job search activities, resume building, and personal use.

GHA offers the Family Self-Sufficiency (FSS) Program, a HUD program that encourages communities to develop local strategies to help families obtain employment that will lead to economic independence and self-sufficiency. In partnership with welfare agencies, schools, businesses, and other local partners, GHA has developed a comprehensive program that gives participating FSS family members the skills and experience to assist them in obtaining employment that pays a living wage and focus on self-sufficiency.

The Resident Opportunities and Self-Sufficiency (ROSS) program is another essential service provided through GHA. This program allows residents to receive one-on-one assistance and support from a ROSS Coordinator to identify goals and current needs and to find free or low-cost resources to assist residents in achieving their goals.

The Taylor Housing Authority was awarded \$100,000 in FY16 CDBG funds for their Home Ownership Program to assist income eligible families with purchasing a home. The down payment assistance available to families was increased in an effort to make home purchases affordable to income qualified households.

The County supports the Taylor Housing Authority with a CDBG homeownership program. The program provides down-payment assistance to eligible residents. The County has also provided CDBG funding to both the Granger and Georgetown Housing Authorities for housing improvements. While these projects don't directly affect homeownership, they do provide needed support to residents.

The CDBG office participates in the Williamson County Homeless Coalition. The coalition meets to discuss housing options and funding. Representatives from multiple agencies participate in the meetings including, but not limited to the Round Rock Housing Authority, Georgetown Housing Authority and Taylor Housing Authority.

Currently, only the Taylor Housing Authority has a homeownership program in place.

The Housing Authorities have resident representatives on the board for representation and to encourage residents to become more involved in management.

The County supports all efforts of the Housing Authorities to encourage home ownership and management.

If the PHA is designated as troubled, describe the manner in which financial assistance will be

provided or other assistance

None of the PHAs in Williamson County are designated as troubled.

Discussion

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The following section outlines Williamson County's goals and actions for the year in ending homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Williamson County funded FY20 CDBG funds to Bluebonnet Trails (\$50,000). The project provides Housing First services that assist people in securing permanent housing and achieve housing stability, without preconditions or barriers as a prerequisite for housing. Focus is on the housing needs of people that are homeless by connecting with local housing authorities, applying for Section 8 or Section 811, finding available rental units and negotiating with property managers. Housing First also helps individuals access employment, psychiatric and primary healthcare, veteran and peer support services, access community resources and apply for Social Security benefits and other benefits such as Supplemental Nutrition Assistance Program (SNAP), as needed. Project anticipates assisting 20 homeless individuals.

The County also funded Hope Alliance (\$35,000). The project offers financial assistance to survivors of domestic violence participating in other life-saving services offered by Hope Alliance. Assistance is provided in the form of monies paid directly to landlords and utility companies. Financial assistance is provided for items such as deposits, rent, and utilities.

This assistance allows survivors to remain in their current safe housing or obtain new housing after fleeing from unsafe, abusive, and violent environments. Project anticipated to assist 150 victims of domestic violence.

The County was awarded approximately \$94 million from the Department of Treasury to support housing and economic needs during and following the Covid-19 pandemic. This program is managed by the County Auditor and Treasurer.

The County participated in the Central Texas Fair Housing consortium. The full report can be found at <https://www.wilco.org/cdbg>.

The Central Texas Fair Housing consortium developed a regional Analysis of impediments to Fair Housing. The Analysis of Impediments to Fair Housing Choice, or AI, is a planning process for local governments and public housing agencies (PHAs) to take meaningful actions to overcome historic patterns of segregation, promote fair housing choice, and foster inclusive

communities that are free from discrimination. This study was conducted for the Central Texas Region in 2018 and 2019 as a joint effort among the following entities:

- The City of Austin
- The Housing Authority of the City of Austin
- The Georgetown Housing Authority
- The City of Pflugerville
- The City of Round Rock
- The Round Rock Housing Authority
- The Taylor Housing Authority
- Travis County
- The Housing Authority of Travis County
- Williamson County

Addressing the emergency shelter and transitional housing needs of homeless persons

Because Williamson County funds wraparound social services offered by service providers working with persons experiencing homelessness, the service providers are able to leverage their resources to provide emergency shelter to help meet the housing needs of homeless persons. In FY20, Williamson County allocated the following social services; \$20,000 Hutto Resource Center Food Pantry, \$20,000 Helping Hands of Georgetown Food Pantry, \$30,000 to Interagency Support Council of Eastern Williamson County, \$35,000 to Williamson County Crisis Center dba Hope Alliance, and \$50,000 to Bluebonnet Trails Community MHMR Center. Williamson County is not directly increasing the number of emergency shelter beds but rather is funding the supportive services utilized by persons accessing emergency and transitional housing.

More services were not funded in FY21 as FY20 funding was delayed and are ongoing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Williamson County funded FY20 CDBG funds to Bluebonnet Trails (\$50,000). The project provides Housing First services that assist people in securing permanent housing and achieve housing stability, without preconditions or barriers as a prerequisite for housing. Focus is on the housing needs of people that are homeless by connecting with local housing authorities, applying for Section 8 or Section 811, finding available rental units and negotiating with property managers. Housing First also help individuals access employment, psychiatric and primary healthcare, veteran and peer support services,

access community resources and apply for Social Security benefits and other benefits such as Supplemental Nutrition Assistance Program (SNAP), as needed. Project anticipates assisting 20 homeless individuals. This project is carrying over in to FY21.

The County also funded Hope Alliance (\$35,000) in FY20. The project offers financial assistance to survivors of domestic violence participating in other life-saving services offered by Hope Alliance. Assistance is provided in the form of monies paid directly to landlords and utility companies. Financial assistance is provided for items such as deposits, rent, and utilities.

This assistance allows survivors to remain in their current safe housing or obtain new housing after fleeing from unsafe, abusive, and violent environments. Project anticipated to assist 150 victims of domestic violence.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Because Williamson County funds wraparound social services offered by service providers working with persons experiencing homelessness, the service providers are able to leverage their resources to provide emergency shelter to help meet the housing needs of homeless persons. Williamson County allocated to the following social services in FY20; \$20,000 Hutto Resource Center Food Pantry, \$20,000 Helping Hands of Georgetown Food Pantry, \$30,000 to Interagency Support Council of Eastern Williamson County, \$35,000 to Williamson County Crisis Center dba Hope Alliance, and \$50,000 to Bluebonnet Trails Community MHMR Center. Williamson County is not directly increasing the number of emergency shelter beds but rather is funding the supportive services utilized by persons accessing emergency and transitional housing.

In FY21, the County is funding the Granger Housing Authority, the Georgetown Housing Authority, the Georgetown Home Repair program and the Habitat Home Repair program. These projects allow low income individuals to stay in their affordable housing by keeping the houses and units safe and code compliant.

The Taylor Housing Authority also administers a 3 year voucher program for 18-24 year olds who are leaving the foster care system.

Discussion

The CDBG Program Administrator participates in the Williamson County Homeless Coalition. The

coalition is made up of local organizations who assist the homeless. The group is meeting to discuss how better to address the homeless population in Williamson County.

The Balance of State CoC works to ensure that homeless individuals make the transition to permanent housing and independent living, is prioritizing safe and stable housing and making affordable housing options more accessible to homeless individuals. Many homeless that struggle to transition into permanent housing and independent living suffer from mental illness and substance addiction. Recent trends through the Homeless Prevention and Rapid Re-housing program and Housing First model prioritize placing homeless individuals and families in permanent housing quickly, and then linking them to supportive services in the community. Williamson County continues to support local organizations, such as the Georgetown Project to assist homeless youth with transitional and permanent housing. This is done through Williamson County Juvenile Services.

Williamson Burnet County Opportunities (WBCO) provides services such emergency assistance, headstart, case management to transition out of poverty, adult education program for job skills, and rapid re-housing program.

Williamson County Mobile Outreach Team assists local law enforcement with individuals who are in a crisis. They work with health-care facilities, mental health facilities, corrections programs and institutions to ensure that individuals obtain the care they need. They also provide medications and temporary housing as needed and as funds allow.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

This section describes some of the primary challenges to development of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Habitat for Humanity (Habitat) is the only nonprofit housing developer in Williamson County. Habitat must look for low-cost land as high taxes and insurance make much of the land cost prohibitive. Even with Homestead caps, valuations are increasing and hurting mortgage affordability while low-cost land is increasingly difficult to find. It is a priority of Williamson County to acquire land for affordable housing. Stakeholders discussed that development and zoning ordinances make it difficult to develop affordable housing units.

In FY20, the City of Georgetown and Habitat for Humanity are partnering together to develop 6-12 workforce units located on West 21st Street in Georgetown TX. This project will continue in FY21.

Discussion:

Williamson County does not set land code uses, zoning and/or policies and procedures for participating cities. The County encourages all participating cities to remove any barriers to affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

The primary impediment to Williamson County's ability to meet underserved needs is limited availability of funding to address identified priorities; the need exceeds the availability of resources. The County will continue to seek public and private resources to leverage its entitlement funds in assisting with implementation of policies and programs.

Actions planned to foster and maintain affordable housing

Williamson County is committed to fostering and maintaining affordable housing. FY21 CDBG funds have been awarded to following projects to improve or create additional affordable housing:

Habitat for Humanity of Williamson County Home Repair Program \$150,000

Project will assist approximately ten eligible homeowners who are in need of home repairs within CDBG participating cities or the unincorporated areas of the County. Homeowners will meet CDBG defined income qualifications. Home repairs can include, but are not limited to, roofing, siding, weatherization (windows), energy efficiency/conservation (plumbing, electrical), accessibility and/or safety.

City of Georgetown Home Repair Program \$100,000

Project will assist approximately fifteen eligible homeowners who are in need of home repairs within Georgetown city limits. Homeowners will meet CDBG defined income qualifications. The program will be administered by Habitat for Humanity of Williamson County. Home repairs can include, but are not limited to, roofing, siding, weatherization (windows), energy efficiency/conservation (plumbing, electrical), accessibility and/or safety.

Granger Colorado Street Wastewater Line Replacement \$344,050

Project to include the replacement of the existing 8-inch clay wastewater line with a new PVC wastewater line and associated manholes. Project to include the repair of asphalt streets and concrete

sidewalks.

Liberty Hill Sidewalk Project \$488,000

Design and installation of approximately 5800 linear feet of sidewalk with ADA accessible curb ramps at street intersections, and erosion and sedimentation control during and immediately after construction. Project will also include approximately 3600 linear feet of drainage improvements to mitigate existing drainage issues. Project will be located on portions of Hillcrest Lane and Loop 332 and on Lynn Lane, Panther Path and Barrington Drive.

Georgetown Housing Authority \$294,984

Project will rehabilitate 158 residential dwelling units, GHA office, Senior Center, Activity Learning center, gazebos and site cedar fences with exterior wood repairs. Demolition of the rotten rough cedar privacy entries, removing all deteriorated wood and fascia boards, trim, soffits, wood siding, wood fencing and paint exterior surfaces.

Granger Housing Authority Rehab \$12,000

Rehabilitation of back entryway to 26 public housing units to include safety railings and ramps. Project located at the Granger Housing Authority.

Jarrell Water System Improvements \$467,000

Installation of 16" water line including valves, fittings and fire hydrants. Work to be completed on 1st Street, between Avenue I and Avenue E in Jarrell TX.

Actions planned to reduce lead-based paint hazards

Williamson County will continue to support the efforts of the Williamson County and Cities Health Districts to address lead based paint (LBP) hazards. The County will also continue to notify CDBG sub-recipients of LBP requirements and ensure compliance with CDBG requirements.

Williamson County's CDBG policies and procedures comply with the federal lead-based paint regulations

at 24 CFR Part 35.

In accordance with lead-based paint requirements, the County will incorporate the following factors to refine and narrow the communities that are at highest risk with lead-based paint hazards as related to housing rehabilitation activities:

- Age of housing (pre-1978 housing units)
- Condition of housing
- Tenure and poverty levels
- Presence of young children
- Presence of lead poisoning cases

All contractors, sub-recipients, and other community partners are advised of the lead-based paint regulations. Additionally, the County's CDBG Office will continue to distribute information and literature on lead hazards to households who may be at risk of exposure.

Actions planned to reduce the number of poverty-level families

Williamson County funded FY20 CDBG funds to Bluebonnet Trails (\$50,000). The project provides Housing First services that assist people in securing permanent housing and achieve housing stability, without preconditions or barriers as a prerequisite for housing. Focus is on the housing needs of people that are homeless by connecting with local housing authorities, applying for Section 8 or Section 811, finding available rental units and negotiating with property managers. Housing First also helps individuals access employment, psychiatric and primary healthcare, veteran and peer support services, access community resources and apply for Social Security benefits and other benefits such as Supplemental Nutrition Assistance Program (SNAP), as needed. Project anticipates assisting 20 homeless individuals. This project will carry forward in FY21.

The County funded Hope Alliance (\$35,000) in FY20. The project offers financial assistance to survivors of domestic violence participating in other life-saving services offered by Hope Alliance. Assistance is provided in the form of monies paid directly to landlords and utility companies. Financial assistance is provided for items such as deposits, rent, and utilities.

This assistance allows survivors to remain in their current safe housing or obtain new housing after fleeing from unsafe, abusive, and violent environments. Project anticipated to assist 150 victims of domestic violence. This project will carry forward in FY21.

Actions planned to develop institutional structure

Because Williamson County has relationships with public housing authorities and agencies such as Habitat for Humanity and Hope Alliance, there are opportunities for continued dialogue and support for advancement of institutional structure. Additionally, as a sub-recipient of CDBG funds, the receiving

entities must maintain a high level of reporting which requires a strong institutional structure. Williamson County will provide technical assistance as needed to ensure that sub-recipients are in compliance with CDBG regulations.

Actions planned to enhance coordination between public and private housing and social service agencies

In FY21, Williamson County will continue to support and encourage efforts of the four public housing authorities and agencies such as Habitat for Humanity to collaborate to increase and preserve the number of affordable housing units. Williamson County will also encourage public housing authorities to offer services to residents in financial literacy and planning and to encourage residents to participate in programs designed to increase self-sufficiency.

Georgetown Housing Authority FY18

Activity 92

Accomplishments: Modernization of 134 dwelling buildings, office/community building, management/maintenance buildings, gazebos and fences. Rehab of entries by removing deteriorated wood on fascia boards, trim, soffits, wood siding, wood fencing and paint exterior surfaces. Project to take place at the Georgetown Housing Authority Stonehaven location. 2019: Stonehaven Apartments experiences critical levels of persistent sewage back-up within its dwelling units. Old, corroding and disintegrating sanitary sewer lines are continually failing, creating sewage blockage and subsequent back-ups into the residential units. It has also been discovered through testing by Terracon Consultants, Inc. that asbestos exists within the VCT flooring and adhesive, the undercoating of the kitchen sinks and the drywall. The

asbestos materials will be significantly disturbed while remedying the sewage issues, therefore will need to be abated in accordance with the National Emission Standards for Hazardous Air Pollutants, 40 CFR Part 61, Subpart M, Asbestos, Demolitions and Renovations.
