8) Indicate whether or not your company is a certified Historically Underutilized Business (HUB) with the State of Texas by the CPA.
_____Yes _____No

9) Provide the year in which your company was created/incorporated.

10) Vendor must send the Vendor Reference Questionnaire to three (3) companies or government agencies. Instructions are included in Bid Package 5. DIR is not responsible for undeliverable e-mails or for non-responsive references. If DIR does not receive a vendor reference, Vendor will receive a score of "0" for that reference. Include all requested information. References must respond to DIR on the form provided by the due date in order to be considered in proposal evaluation. The Vendor Reference Questionnaire form must be submitted directly from the reference to DIR. The Vendor may not submit the reference form to DIR. Should this occur, the reference will be scored with a zero (0).

11) List below by subsection all exceptions to the *Contract for Product and Services* and *Standard Terms and Conditions for Product and Services Contracts* **in redline form**. You must include the basis of your exceptions and provide proposed alternate language. **If Vendor fails to list exceptions in its response, Vendor shall not be permitted to submit exceptions to the same section during the negotiation process or thereafter. Vendor shall not redline the contract or Exhibit A. All exceptions must be listed in the chart below.**

Section	Section Title	Explanation of Exception	Proposed Language (redline)

12) Vendor and Subcontractor Conflict of Interest Disclosure
List below all current or former employees of Vendor and/or proposed Vendor personnel with conflict of interests as follows:

1) Any current or former employees of Vendor who will spend 20% or more of their time on a contract resulting from this RFO and are current or former employees of the State of Texas within the past five (5) years; and

2) Any proposed Vendor personnel assigned to work directly on any Contract to arise from this RFO 20% or more of their time who are related within two degrees of consanguinity of any current or former employees of the State of Texas. Disclosure of former state employees may be limited to the last five (5) years.

Vendor Personnel:

Current or Former Employees who are current or former State employees (see Note 1 above)	Vendor Personnel related to State of Texas Employees (see Note 2 above)

Subcontractor personnel:

Current or Former Employees of Subcontractor(s) who are current or former State employees (see Note 1 above)	Subcontractor Personnel related to State of Texas Employees (see Note 2 above)

3) Vendor certifies that they are in compliance with Texas Government Code, Title 6, Subtitle B, Section 669.003, relating to contracting with the executive head of a state agency. If Section 669.003 applies, Vendor will complete the following information in order for the response to be evaluated: Name of Former Executive, Name of State Agency, Date of Separation for State Agency, Position with Vendor, and Date of Employment with Vendor.

13) Proof of Financial Stability.

All Vendors responding to this RFO and all Vendors that will enter into a contract with DIR must be and remain current in payment of all taxes, including Sales and Franchise Taxes. In general, the Comptroller of Public Accounts must identify the Vendor to be “in good standing” and a Vendor with which the state is authorized to do business.

Vendors must provide a Dun and Bradstreet D-U-N-S number. The D-U-N-S number MUST be included in the Vendor’s response. **Failure to include the D-U-N-S number listed for the company shall cause automatic rejection of the response.**

14) Electronic Product Environment Assessment Tool (EPEAT). To the extent Customers use products provided by Vendor in the delivery of Services offered under this RFO, indicate whether the products provided are EPEAT certified and identify the applicable EPEAT rating (bronze, silver or gold) for certified products. If products provided are not EPEAT certified, describe Vendor's efforts to obtain EPEAT certified products.

15) For each manufacturer, Vendor is proposing in the RFO, indicate whether or not the manufacturer has a program to recycle the manufacturer’s computer equipment and if they recycle computers from other manufacturers. If you are a reseller, you must indicate whether your company has a recycling program or will use the manufacturer’s recycling program for the products listed in this RFO.

Manufacturer Name_____
Recycles their own computers? _____Yes _____No

Recycles other manufacturer's computers? _____Yes _____No
If Reseller, check one that applies:
_____Will use Manufacturer's program
_____Will use Respondent's own program

Provide documentation or citation (URL) where the recycling program resides to enable DIR to verify compliance with this requirement. _____

16) Statement of Compliance

A. Checklist for the RFO

The following checklist is provided for the convenience of Vendors in their response preparation process. It is not intended to represent an exhaustive list of the mandatory requirements for this RFO. Vendors must ensure that all mandatory requirements for this RFO are met, even if they are not included in this checklist. The mandatory documentation must be submitted with the original and each copy of the response.

A completed checklist shall not be binding on DIR's administrative review for compliance with the mandatory response contents specified in this RFO. As step one of the evaluation process, DIR will review all responses to ensure compliance with the mandatory response contents as specified in Section 3.7.3. of the RFO and reject any response that does not comply.

All responses must be received by DIR on or before the date and time specified in Section 3.3.1 of this RFO. No late responses will be reviewed.

Bid Package 1 Exhibit C
Contract Marketing and Support Plan

Vendor must provide a plan that describes the Vendor's ability and strategy for promoting and supporting the contract, if awarded. The plan must include the information listed below.

1) Describe your company's strategy for marketing and selling the services listed in this RFO to eligible DIR Customers. A Contract Marketing Plan, as an example, would list the marketing elements Vendor would use like publishing on DIR website, email signature tag, Trade Publication Advertisements etc.

2) Describe your company's strategy for providing sales, order processing, and support of eligible DIR Customers throughout the State of Texas.

3) Provide the projected total sales of the services listed in this RFO that your company anticipates making to eligible DIR Customers within the next 12 months. If available, show the projected sales breakdown between the following segments: State and Local Governments, Higher Education, and K-12.

4) Do you have other existing DIR Contracts? If yes, list those existing DIR contracts, and explain how this contract will impact the marketing and support of your other contracts? How will your other contracts impact the marketing of this contract, should you receive an award?

5) Provide an overview of the management and customer relationship team that will be responsible for managing the State's relationship in the event of being awarded a contract. Address the following:

    a. Describe the geographical reach of the Vendor, teaming partners and subcontractors (if any), to include, at a minimum, locations of corporate and branch offices as well as locations where work is currently taking place. Explain how these locations and any proposed new locations will be used in the performance of this contract.

    b. Provide names, titles, prior account management experience for accounts of the State's size and type.

c. Provide an organization chart identifying the chain of command for managing this contract, including resource sourcing responsibility, and organization components that support this contract. In a narrative, describe how the Vendor will manage the contract to ensure uninterrupted, high quality performance and overall contract effectiveness.

QUICK CHECKLIST

While this HSP Quick Checklist is being provided to merely assist you in readily identifying the sections of the HSP form that you will need to complete, it is very important that you adhere to the instructions in the HSP form and instructions provided by the contracting agency.

➤ **If you will be awarding <u>all</u> of the subcontracting work you have to offer under the contract to <u>only</u> Texas certified HUB vendors, complete:**

- ☐ Section 1 - Respondent and Requisition Information
- ☐ Section 2 a. - Yes, I will be subcontracting portions of the contract.
- ☐ Section 2 b. - List all the portions of work you will subcontract, and indicate the percentage of the contract you expect to award to Texas certified HUB vendors.
- ☐ Section 2 c. - Yes
- ☐ Section 4 - Affirmation
- ☐ GFE Method A (Attachment A) - Complete an Attachment A for each of the subcontracting opportunities you listed in Section 2 b.

➤ **If you will be subcontracting any portion of the contract to Texas certified HUB vendors and Non-HUB vendors, and the aggregate percentage of all the subcontracting work you will be awarding to the Texas certified HUB vendors with which you <u>do not</u> have a *<u>continuous contract</u>** in place for more than five (5) years *<u>meets or exceeds</u>* the HUB Goal the contracting agency identified in the "Agency Special Instructions/Additional Requirements", complete:**

- ☐ Section 1 - Respondent and Requisition Information
- ☐ Section 2 a. - Yes, I will be subcontracting portions of the contract.
- ☐ Section 2 b. - List all the portions of work you will subcontract, and indicate the percentage of the contract you expect to award to Texas certified HUB vendors and Non-HUB vendors.
- ☐ Section 2 c. - No
- ☐ Section 2 d. - Yes
- ☐ Section 4 - Affirmation
- ☐ GFE Method A (Attachment A) - Complete an Attachment A for each of the subcontracting opportunities you listed in Section 2 b.

➤ **If you will be subcontracting any portion of the contract to Texas certified HUB vendors and Non-HUB vendors or only to Non-HUB vendors, and the aggregate percentage of all the subcontracting work you will be awarding to the Texas certified HUB vendors with which you <u>do not</u> have a *<u>continuous contract</u>** in place for more than five (5) years *<u>does not meet or exceed</u>* the HUB Goal the contracting agency identified in the "Agency Special Instructions/Additional Requirements", complete:**

- ☐ Section 1 - Respondent and Requisition Information
- ☐ Section 2 a. - Yes, I will be subcontracting portions of the contract.

- ☐ Section 2 c. - No
- ☐ Section 2 d. - No
- ☐ Section 4 - Affirmation
- ☐ GFE Method B (Attachment B) - Complete an Attachment B for each of the subcontracting opportunities you listed in Section 2 b.

➤ **If you will not be subcontracting any portion of the contract and will be fulfilling the entire contract with your own resources (i.e., employees, supplies, materials and/or equipment), complete:**

- ☐ Section 1 - Respondent and Requisition Information
- ☐ Section 2 a. - No, I will not be subcontracting any portion of the contract, and I will be fulfilling the entire contract with my own resources.
- ☐ Section 3 - Self Performing Justification
- ☐ Section 4 - Affirmation

<u>Continuous Contract</u>:** ***Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

Rev. 2/17

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- ***11.2 percent for heavy construction other than building contracts,***
- ***21.1 percent for all building construction, including general contractors and operative builders' contracts,***
- ***32.9 percent for all special trade construction contracts,***
- ***23.7 percent for professional services contracts,***
- ***26.0 percent for all other services contracts, and***
- ***21.1 percent for commodities contracts.***

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

SECTION 1: RESPONDENT AND REQUISITION INFORMATION

a. Respondent (Company) Name: _____ State of Texas VID #: _____

Point of Contact: _____ Phone #: _____

E-mail Address: _____ Fax #: _____

b. Is your company a State of Texas certified HUB? ☐ **- Yes** ☐ **- No**

c. Requisition #: _____ Bid Open Date: _____ (mm/dd/yyyy)

Enter your company's name here: _____ Requisition #: DIR-TSO-TMP-419

SECTION 2: RESPONDENT's SUBCONTRACTING INTENTIONS

After dividing the contract work into reasonable lots or portions to the extent consistent with prudent industry practices, and taking into consideration the scope of work to be performed under the proposed contract, including all potential subcontracting opportunities, the respondent must determine what portions of work, **including contracted staffing, goods and services will be subcontracted**. Note: In accordance with 34 TAC §20.282, a "Subcontractor" means a person who contracts with a prime contractor to work, to supply commodities, or to contribute toward completing work for a governmental entity.

a. Check the appropriate box (Yes or No) that identifies your subcontracting intentions:

☐ - *Yes*, I will be subcontracting portions of the contract. (If *Yes*, complete Item b of this SECTION and continue to Item c of this SECTION.)

☐ - *No*, I will not be subcontracting any portion of the contract, and I will be fulfilling the entire contract with my own resources, including employees, goods and services. (If *No*, continue to SECTION 3 and SECTION 4.)

b. List all the portions of work (subcontracting opportunities) you will subcontract. Also, based on the total value of the contract, identify the percentages of the contract you expect to award to Texas certified HUBs, and the percentage of the contract you expect to award to vendors that are not a Texas certified HUB (i.e., Non-HUB).

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

SECTION B-2: MENTOR PROTÉGÉ PROGRAM

If respondent is participating as a Mentor in a State of Texas Mentor Protégé Program, submitting its Protégé (Protégé must be a State of Texas certified HUB) as a subcontractor to perform the subcontracting opportunity listed in **SECTION B-1**, constitutes a good faith effort to subcontract with a Texas certified HUB towards that specific portion of work.

Check the appropriate box (Yes or No) that indicates whether you will be subcontracting the portion of work you listed in SECTION B-1 to your Protégé.

☐ - Yes (If *Yes*, continue to SECTION B-4.)

☐ - No / Not Applicable (If *No* or *Not Applicable*, continue to SECTION B-3 and SECTION B-4.)

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at https://www.comptroller.texas.gov/purchasing/docs/hub-forms/HUBSubcontractingOpportunityNotificationForm.pdf.

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at http://mycpa.cpa.state.tx.us/tpasscmblsearch/index.jsp. HUB status code "**A**" signifies that the company is a Texas certified HUB.

b. List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

Company Name	Texas VID (Do not enter Social Security Numbers.)	Date Notice Sent (mm/dd/yyyy)	Did the HUB Respond?
			☐ - Yes ☐ - No
			☐ - Yes ☐ - No
			☐ - Yes ☐ - No

c. Provide written notification of the subcontracting opportunity you listed in SECTION B-1 to two (2) or more trade organizations or development centers in Texas to assist in identifying potential HUBs by disseminating the subcontracting opportunity to their members/participants. Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program's webpage at https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php.

d. List **two (2) trade organizations or development centers** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the date when you sent notice to it and indicate if it accepted or rejected your notice.

Trade Organizations or Development Centers	Date Notice Sent (mm/dd/yyyy)	Was the Notice Accepted?

c. If any of the subcontractors you have selected to perform the subcontracting opportunity you listed in **SECTION B-1** is **not** a Texas certified HUB, provide written justification for your selection process (attach additional page if necessary):

REMINDER: As specified in SECTION 4 of the completed HSP form, if you (respondent) are awarded any portion of the requisition, you are required to provide notice as soon as practical to **all** the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity it (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.

Rev. 2/17

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of $100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in Section B has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.

STATE OF TEXAS
DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR PRODUCTS AND RELATED SERVICES

VENDOR NAME

1. Introduction

A. Parties

This Contract for products and related services is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and *VENDOR NAME* (hereinafter "Vendor"), with its principal place of business at *VENDOR ADDRESS*.

B. Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Comptroller of Public Accounts' Electronic State Business Daily, Request for Offer (RFO) DIR-TSO-TMP-419, on December 7, 2018, for Managed Print Services, Printers, Copiers, 3D Printers, Scanning, Plotting and Facsimile Equipment and Related Services; Document Imaging Services/Solutions; Enterprise Content Management Products, Software and Services. *DIR subsequently issued a BAFO opportunity on BAFO DATE.* Upon execution of this Contract, a notice of award for DIR-TSO-TMP-419 shall be posted by DIR on the Electronic State Business Daily.

C. Order of Precedence

For purchase transactions under this Contract, the order of precedence shall be as follows: this Contract; Appendix A, Standard Terms and Conditions For Products and Related Services Contracts; Appendix B, Vendor's Historically Underutilized Businesses Subcontracting Plan; Appendix C, Pricing Index; Appendix D, Software License Agreement; Appendix E, Service Level Support Agreement; Appendix F, Master Operating Lease Agreement; Appendix G, Master Lease Agreement; Appendix H, Declared Disaster Equipment Recovery Program Agreement; Exhibit 1, Vendor's Response to RFO DIR-TSO-TMP-419, including all addenda; and Exhibit 2, RFO DIR-TSO-TMP-419, including all addenda; are incorporated by reference and constitute the entire agreement between DIR and Vendor governing purchase transactions. For Lease transactions under this Contract the order of precedence shall be as follows: this Contract; Appendix F, Master Operating Lease Agreement; Appendix G, Master Lease Agreement, as applicable depending on the type of lease; Appendix A, Standard Terms and Conditions For Products and Related Services Contracts; Appendix B, Vendor's Historically Underutilized

SAMPLE

Businesses Subcontracting Plan; Appendix C, Pricing Index; Appendix D, Software License Agreement; Appendix E, Service Level Support Agreement; Appendix H, Declared Disaster Equipment Recovery Program Agreement; Exhibit 1, Vendor's Response to RFO DIR-TSO-TMP-419, including all addenda; and Exhibit 2, RFO DIR-TSO-TMP-419, including all addenda; are incorporated by reference and constitute the entire agreement between DIR and Vendor governing lease transactions. In the event of a conflict between the documents listed in this paragraph related to purchases, the controlling document shall be this Contract, then Appendix A, then Appendix B, then Appendix C, then Appendix D, then Appendix E, then Appendix F, Appendix G, Appendix H, then Exhibit 1, and finally Exhibit 2. In the event of a conflict between the documents listed in this paragraph related to lease transactions, the controlling document shall be this Contract, then Appendix F or Appendix G, depending on the type of lease transaction, then Appendix A, then Appendix B, then Appendix C, then Appendix D, then Appendix H, then Exhibit 1, and finally Exhibit 2. In the event and to the extent any provisions contained in multiple documents address the same or substantially the same subject matter but do not actually conflict, the more recent provisions shall be deemed to have superseded earlier provisions.

2. Term of Contract

The initial term of this Contract shall be two (2) years commencing on the last date of approval by DIR and Vendor, with one (1) optional two-year renewal and one (1) optional one-year renewal. Prior to expiration of each term, the contract will renew automatically under the same terms and conditions unless either party provides notice to the other party 60 days in advance of the renewal date stating that the party wishes to discuss modification of terms or not renew. Additionally, the parties by mutual agreement may extend the term for up to ninety (90) additional calendar days.

3. Product and Service Offerings

A. Products

Products available under this Contract are limited to Managed Print Services, Printers, Copiers, 3D Printers, Scanning, Plotting and Facsimile Equipment and Related Services; Document Imaging Services/Solutions; Enterprise Content Management Products, Software and Services as specified in Appendix C, Pricing Index. Vendor may incorporate changes to their product offering; however, any changes must be within the scope of products awarded based on the posting described in Section 1.B above. Vendor may not add a manufacturer's product line which was not included in the Vendor's response to the solicitation described in Section 1.B above.

B. Services

Services available under this Contract are limited to Managed Print Services, Printers, Copiers, 3D Printers, Scanning, Plotting and Facsimile Equipment and Related Services; Document Imaging Services/Solutions; Enterprise Content Management Products, Software and Services as specified in Appendix C, Pricing Index. Vendor may

SAMPLE

incorporate changes to their service offering; however, any changes must be within the scope of services awarded based on the posting described in Section 1.B above.

4. Pricing

Pricing to the DIR Customer shall be as set forth in Appendix A, Section 8, Pricing, Purchase Orders, Invoices and Payment, and as set forth in Appendix C, Pricing Index, and shall include the DIR Administrative Fee.

5. DIR Administrative Fee

A) The administrative fee to be paid by the Vendor to DIR based on the dollar value of all sales to Customers pursuant to this Contract is three quarters of one percent .75%. Payment will be calculated for all sales, net of returns and credits. For example, the administrative fee for sales totaling $100,000 shall be $750.00.

B) All prices quoted to Customers shall include the administrative fee. DIR reserves the right to change this fee upwards or downwards during the term of this Contract, upon written notice to Vendor without further requirement for a formal contract amendment. Any change in the administrative fee shall be incorporated in the price to the Customer.

6. Notification

All notices under this Contract shall be sent to a party at the respective address indicated below.

7. Software License, Service and Leasing Agreements

A. Software License Agreement

1) Customers acquiring software licenses under the Contract shall hold, use and operate such software subject to compliance with the Software License Agreement set forth in Appendix D of this Contract. No changes to the Software License Agreement terms and conditions may be made unless previously agreed to between Vendor and DIR. Customers may not add, delete or alter any of the language in Appendix D; provided however, that a Customer and Vendor may agree to additional terms and conditions that do not diminish a term or condition in the Software License Agreement, or in any manner lessen the rights or protections of Customer or the responsibilities or liabilities of Vendor. rder Fulfiller shall make the Software License Agreement terms and conditions available to all Customers at all times.

2) Compliance with the Software License Agreement is the responsibility of the Customer. DIR shall not be responsible for any Customer's compliance with the Software License Agreement. If DIR purchases software licenses for its own use under this Contract, it shall be responsible for its compliance with the Software License Agreement terms and conditions.

B. Shrink/Click-wrap License Agreement

Regardless of any other provision or other license terms which may be issued by Vendor after the effective date of this Contract, and irrespective of whether any such provisions have been proposed prior to or after the issuance of a Purchase Order for products licensed under this Contract, or the fact that such other agreement may be affixed to or accompany software upon delivery (shrink-wrap), the terms and conditions set forth in this Contract shall supersede and govern the license terms between Customers and Vendor. **It is the Customer's responsibility to read the Shrink/Click-wrap License Agreement and determine if the Customer accepts the license terms as amended by this Contract. If the Customer does not agree with the license terms, Customer shall be responsible for negotiating with the reseller to obtain additional changes in the Shrink/Click-wrap License Agreement language from the software publisher.**

C. Service Agreement

Services provided under this Contract shall be in accordance with the Service Level Support Agreement as set forth in Appendix E of this Contract. No changes to the Service Agreement terms and conditions may be made unless previously agreed to by Vendor and DIR.

D. Conflicting or Additional Terms

In the event that conflicting or additional terms in Vendor Software License Agreements, Shrink/Click Wrap License Agreements, Service Agreements or linked or supplemental documents amend or diminish the rights of DIR Customers or the State,

SAMPLE

such conflicting or additional terms shall not take precedence over the terms of this Contract.

In the event of a conflict, any linked documents may not take precedence over the printed or referenced documents comprising this contract; provided further that any update to such linked documents shall only apply to purchases or leases of the associated Vendor product or service offering after the effective date of the update; and, provided further, that, if Vendor has responded to a solicitation or request for pricing, no update of such linked documents on or after the initial date of Vendor's initial response shall apply to that purchase unless Vendor directly informs Customer of the update before the purchase is consummated.

In the event that different or additional terms or conditions would otherwise result from accessing a linked document, agreement to said linked document shall not be effective until reviewed and approved in writing by Customer's authorized signatory.

Vendor shall not without prior written agreement from Customer's authorized signatory, require any document that: 1) diminishes the rights, benefits, or protections of the Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of the Customer; or 2) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

If Vendor attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to the contract between DIR and Vendor or Vendor and Customer, and Vendor will nonetheless be obligated to perform the contract without regard to the prohibited documents, unless Customer elects instead to terminate the contract, which in such case may be identified as a termination for cause against Vendor.

The foregoing requirements apply to all contracts, including, but not limited to, contracts between Customer and a reseller who attempts to pass through documents and obligations from its Manufacturer or Publisher.

8. Authorized Exceptions to Appendix A, Standard Terms and Conditions for Product and Related Services Contracts.

No exceptions have been agreed to by DIR and Vendor.

The following terms and conditions shall govern the conduct of DIR and Vendor during the term of the Contract.

1. Contract Scope

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The Vendor shall provide the products and related services specified in Section 3 of the Contract for purchase by Customers. In addition, DIR and Vendor may agree to provisions that allow Vendor and/or Order Fulfiller to lease the products offered under the Contract. Terms used in this document shall have the meanings set forth below in Section 3.

2. No Quantity Guarantees

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The Contract is not exclusive to the Vendor. Customers may obtain products and related services from other sources during the term of the Contract. DIR makes no express or implied warranties whatsoever that any particular quantity or dollar amount of products and related services will be procured through the Contract.

3. Definitions

A. **Customer** - any Texas state agency, unit of local government, institution of higher education as defined in Section 2054.003, Texas Government Code, the Electric Reliability Council of Texas, the Lower Colorado River Authority, a private school, as defined by Section 5.001, Education Code, a private or independent institution of higher education, as defined by Section 61.003, Education Code, a volunteer fire department, as defined by Section 152.001, Tax Code, and those state agencies purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code, any local government as authorized through the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the state agencies and political subdivisions of other states as authorized by Section 2054.0565, Texas Government Code and, except for telecommunications services under Chapter 2170, Texas Government Code, assistance organizations as defined in Section 2175.001, Texas Government Code to mean:

1) A non-profit organization that provides educational, health or human services or assistance to homeless individuals;
2) A nonprofit food bank that solicits, warehouses, and redistributes edible but unmarketable food to an agency that feeds needy families and individuals;
3) Texas Partners of the Americas, a registered agency with the Advisory Committee on Voluntary Foreign Aid, with the approval of the Partners of the Alliance Office of the Agency for International Development;
4) A group, including a faith-based group, that enters into a financial or non-financial agreement with a health or human services agency to provide services to that agency's clients;
5) A local workforce development board created under Section 2308.253;
6) A nonprofit organization approved by the Supreme Court of Texas that provides free legal services for low-income households in civil matters;
7) The Texas Boll Weevil Eradication Foundation, Inc., or an entity designated by the commissioner of agriculture as the foundation's successor entity under Section 74.1011, Texas Agriculture Code;
8) A nonprofit computer bank that solicits, stores, refurbishes and redistributes used computer equipment to public school students and their families; and
9) A nonprofit organization that provides affordable housing.

B. **Compliance Check** – an audit of Vendor's compliance with the Contract may be performed by, but not limited to, a third party auditor, DIR Internal Audit department, or DIR contract

management staff or their designees.

C. **Contract** – the document executed between DIR and Vendor into which this Appendix A is incorporated.

D. **CPA** – refers to the Texas Comptroller of Public Accounts.

E. **Day** - shall mean business days, Monday through Friday, except for State and Federal holidays, unless otherwise specified as calendar days. If the Contract calls for performance on a day that is not a business day, then performance is intended to occur on the next business day.

F. **Order Fulfiller** – the party, either Vendor or a party that may be designated by Vendor, who is fulfilling a Purchase Order pursuant to the Contract.

G. **Purchase Order** - the Customer's fiscal form or format, which is used when making a purchase (e.g., formal written Purchase Order, Procurement Card, Electronic Purchase Order, or other authorized instrument).

H. **State** – refers to the State of Texas.

4. General Provisions

A. Entire Agreement

The Contract, Appendices, and Exhibits constitute the entire agreement between DIR and the Vendor. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in the Contract, Appendices, or its Exhibits shall be binding or valid.

B. Modification of Contract Terms and/or Amendments

1) The terms and conditions of the Contract shall govern all transactions by Customers under the Contract. The Contract may only be modified or amended upon mutual written agreement of DIR and Vendor.

2) Customers shall not have the authority to modify the terms of the Contract; however, additional Customer terms and conditions that do not conflict with the Contract and are acceptable to Order Fulfiller may be added in a Purchase Order and given effect. No additional term or condition added in a Purchase Order issued by a Customer can conflict with or diminish a term or condition of the Contract. Pre-printed terms and conditions on any Purchase Order issued by Customer hereunder will have no force and effect. In the event of a conflict between a Customer's Purchase Order and the Contract, the Contract term shall control.

3) Customers and Vendor will negotiate and enter into written agreements regarding statements of work, service level agreements, remedies, acceptance criteria, information confidentiality and security requirements, and other terms specific to their Purchase Orders under the Contract with Vendors.

C. Invalid Term or Condition

1) To the extent any term or condition in the Contract conflicts with the applicable State and/or United States law or regulation, such Contract term or condition is void and unenforceable. By executing a contract which contains the conflicting term or condition, DIR makes no representations or warranties regarding the enforceability of such term or condition and DIR does not waive the applicable State and/or United States law or regulation which conflicts with the Contract term or condition.

2) If one or more terms or conditions in the Contract, or the application of any term or condition to any party or circumstance, is held invalid, unenforceable, or illegal in any respect by a final judgment or order of the State Office of Administrative Hearings or a court of competent jurisdiction, the remainder of the Contract and the application of the term or condition to other

parties or circumstances shall remain valid and in full force and effect.

D. Assignment

DIR or Vendor may assign the Contract without prior written approval to: i) a successor in interest (for DIR, another state agency as designated by the Texas Legislature), or ii) a subsidiary, parent company or affiliate, or iii) as necessary to satisfy a regulatory requirement imposed upon a party by a governing body with the appropriate authority. Assignment of the Contract under the above terms shall require written notification by the assigning party and, for Vendor, a mutually agreed written Contract amendment. Any other assignment by a party shall require the written consent of the other party and a mutually agreed written Contract amendment.

E. Survival

All applicable software license agreements, warranties or service agreements that were entered into between Vendor and a Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract All Purchase Orders issued and accepted by Vendor or Order Fulfiller shall survive expiration or termination of the Contract for the term of the Purchase Order, unless the Customer terminates the Purchase Order sooner. However, regardless of the term of the Purchase Order, no Purchase Order shall survive the expiration or termination of the Contract for more than five years, unless Customer makes an express finding and justification for the longer term. The finding and justification must either be included in the Purchase Order, or referenced in it and maintained in Customer's procurement record. Rights and obligations under this Contract which by their nature should survive, including, but not limited to the DIR Administrative Fee; and any and all payment obligations invoiced prior to the termination or expiration hereof; obligations of confidentiality; and, indemnification, will remain in effect after termination or expiration hereof.

F. Choice of Law

The laws of the State shall govern the construction and interpretation of the Contract. Exclusive venue for all actions will be in state court, Travis County, Texas. Nothing in the Contract or its Appendices shall be construed to waive the State's sovereign immunity.

G. Limitation of Authority

Vendor shall have no authority to act for or on behalf of the Texas Department of Information Resources or the State except as expressly provided for in this Contract; no other authority, power or use is granted or implied. Vendor may not incur any debts, obligations, expenses, or liabilities of any kind on behalf of the State or DIR.

H. Proof of Financial Stability

Either DIR or Customer may require Vendor to provide proof of financial stability prior to or at any time during the contract term.

5. Intellectual Property Matters

A. Definitions

1)" Work Product" means any and all deliverables produced by Vendor for Customer under a Statement of Work issued pursuant to this Contract, including any and all tangible or intangible items or things that have been or will be prepared, created, developed, invented or conceived at any time following the effective date of the Contract, including but not limited to any (i) works of authorship (such as manuals, instructions, printed material, graphics, artwork, images, illustrations, photographs, computer programs, computer software, scripts, object code, source code or other programming code, HTML code, flow charts, notes, outlines, lists, compilations,

manuscripts, writings, pictorial materials, schematics, formulae, processes, algorithms, data, information, multimedia files, text web pages or web sites, other written or machine readable expression of such works fixed in any tangible media, and all other copyrightable works), (ii) trademarks, service marks, trade dress, trade names, logos, or other indicia of source or origin, (iii) ideas, designs, concepts, personality rights, methods, processes, techniques, apparatuses, inventions, formulas, discoveries, or improvements, including any patents, trade secrets and know-how, (iv) domain names, (v) any copies, and similar or derivative works to any of the foregoing, (vi) all documentation and materials related to any of the foregoing, (vii) all other goods, services or deliverables to be provided to Customer under the Contract or a Statement of Work, and (viii) all Intellectual Property Rights in any of the foregoing, and which are or were created, prepared, developed, invented or conceived for the use or benefit of Customer in connection with this Contract or a Statement of Work, or with funds appropriated by or for Customer or Customer's benefit: (a) by any Vendor personnel or Customer personnel, or (b) any Customer personnel who then became personnel to Vendor or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Vendor or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

2) "Intellectual Property Rights" means the worldwide legal rights or interests evidenced by or embodied in: (i) any idea, design, concept, personality right, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (ii) any work of authorship, including any copyrights, moral rights or neighboring rights; (iii) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (iv) domain name registrations; and (v) any other proprietary or similar rights. The Intellectual Property Rights of a party include all worldwide legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.

3) "Statement of Work" means a document signed by Customer and Vendor describing a specific set of activities and/or deliverables, which may include Work Product and Intellectual Property Rights, that Vendor is to provide Customer, issued pursuant to the Contract.

4) "Third Party IP" means the Intellectual Property Rights of any third party that is not a party to this Contract, and that is not directly or indirectly providing any goods or services to Customer under this Contract.

5) "Vendor IP" shall mean all tangible or intangible items or things, including the Intellectual Property Rights therein, created or developed by Vendor (a) prior to providing any Services or Work Product to Customer and prior to receiving any documents, materials, information or funding from or on behalf of Customer relating to the Services or Work Product, or (b) after the Effective Date of the Contract if such tangible or intangible items or things were independently developed by Vendor outside Vendor's provision of Services or Work Product for Customer hereunder and were not created, prepared, developed, invented or conceived by any Customer personnel who then became personnel to Vendor or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Vendor or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

B. Ownership.

As between Vendor and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Vendor. Vendor specifically agrees that the Work Product shall be considered "works made for hire" and that the Work Product shall, upon

creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Vendor hereby agrees that the Contract effectively transfers, grants, conveys, assigns, and relinquishes exclusively to Customer all right, title and interest in and to all ownership rights in the Work Product, and all Intellectual Property Rights in the Work Product, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Vendor acknowledges that Vendor and Customer do not intend Vendor to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8AM to 5PM) and upon reasonable prior notice to Vendor, to all Vendor materials, premises and computer files containing the Work Product. Vendor and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted hereunder to any Third Party IP, except as may be incorporated in the Work Product by Vendor.

C. Further Actions.

Vendor, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Vendor's signature due to the dissolution of Vendor or Vendor's unreasonable failure to respond to Customer's repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Vendor hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Vendor's agent and Vendor's attorney-in-fact to act for and in Vendor's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Vendor, provided however that no such grant of right to Customer is applicable if Vendor fails to execute any document due to a good faith dispute by Vendor with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Vendor shall cooperate, at Customer's sole expense, in the preparation and prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

D. Waiver of Moral Rights.

Vendor hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Vendor may now have or which may accrue to Vendor's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Vendor acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Work Product and the right to object to any modification, translation or use of the Work Product, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

E. Confidentiality.

All documents, information and materials forwarded to Vendor by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, and subject to the license granted by Customer to Vendor under sub-paragraph H. hereunder. Vendor shall not use, disclose, or permit any person to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.

F. Injunctive Relief.

The Contract is intended to protect Customer's proprietary rights pertaining to the Work Product, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Vendor acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin any material breach of the intellectual property, use, and confidentiality provisions of this Contract, upon a request by Customer, without requiring proof of irreparable injury as same should be presumed.

G. Return of Materials Pertaining to Work Product.

Upon the request of Customer, but in any event upon termination or expiration of this Contract or a Statement of Work, Vendor shall surrender to Customer all documents and things pertaining to the Work Product, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by Vendor or furnished by Customer to Vendor, including all materials embodying the Work Product, any Customer confidential information, or Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Vendor by Customer or by anyone else that pertain to the Work Product.

H. Vendor License to Use.

Customer hereby grants to Vendor a non-transferable, non-exclusive, royalty-free, fully paid-up license to use any Work Product solely as necessary to provide the Services to Customer. Except as provided in this Section, neither Vendor nor any Subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.

I. Third-Party Underlying and Derivative Works.

To the extent that any Vendor IP or Third Party IP are embodied or reflected in the Work Product, or are necessary to provide the Services, Vendor hereby grants to the Customer, or shall obtain from the applicable third party for Customer's benefit, the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license, for Customer's internal business purposes only, to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such Vendor IP or Third Party IP and any derivative works thereof embodied in or delivered to Customer in conjunction with the Work Product, and (ii) authorize others to do any or all of the foregoing. Vendor agrees to notify Customer on delivery of the Work Product or Services if such materials include any Third Party IP. On request, Vendor shall provide Customer with documentation indicating a third party's written approval for Vendor to use any Third Party IP that may be embodied or reflected in the Work Product.

J. Agreement with Subcontracts.

Vendor agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing Services or Work Product pursuant to the Contract, prior to their providing such Services or Work Product, and that it shall maintain such written agreements at all times during performance of this Contract, which are sufficient to support all performance and grants of rights by Vendor. Copies of such agreements shall be provided to the Customer promptly upon request.

K. License to Customer.

Vendor grants to Customer, a perpetual, irrevocable, royalty free license, solely for the Customer's internal business purposes, to use, copy, modify, display, perform (by any means), transmit and

prepare derivative works of any Vendor IP embodied in or delivered to Customer in conjunction with the Work Product. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carryout Customer's internal business use of the Work Product. Except for the preceding license, all rights in Vendor IP remain in Vendor.

L. Vendor Development Rights.

To the extent not inconsistent with Customer's rights in the Work Product or as set forth herein, nothing in this Contract shall preclude Vendor from developing for itself, or for others, materials which are competitive with those produced as a result of the Services provided hereunder, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Vendor wishes to use the Work Product, or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Vendor and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.

6. Product Terms and Conditions

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

A. Electronic and Information Resources Accessibility Standards, As Required by 1 TAC Chapters 206 and 213 (Applicable to State Agency and Institution of Higher Education Purchases Only)

1) Effective September 1, 2006 state agencies and institutions of higher education shall procure products which comply with the State Accessibility requirements for Electronic and Information Resources specified in 1 TAC Chapters 206 and 213 when such products are available in the commercial marketplace or when such products are developed in response to a procurement solicitation.

2) Upon request, but not later than thirty (30) calendar days after request, Vendor shall provide DIR with a completed Voluntary Product Accessibility Template (VPAT) of the specified product or a URL to the VPAT for reviewing compliance with the State Accessibility requirements (based on the federal standards established under Section 508 of the Rehabilitation Act).

B. Purchase of Commodity Items (Applicable to State Agency Purchases Only)

1) Texas Government Code, §2157.068 requires State agencies to buy commodity items, as defined in 6.B.2, below, in accordance with contracts developed by DIR, unless the agency obtains an exemption from DIR or a written certification that a commodity is not on DIR contract (for the limited purpose of purchasing from a local government purchasing cooperative).

2) Commodity items are commercially available software, hardware and technology services that are generally available to businesses or the public and for which DIR determines that a reasonable demand exists in two or more state agencies. Hardware is the physical technology used to process, manage, store, transmit, receive or deliver information. Software is the commercially available programs that operate hardware and includes all supporting documentation, media on which the software may be contained or stored, related materials, modifications, versions, upgrades, enhancements, updates or replacements. Technology services are the services, functions and activities that facilitate the design, implementation, creation, or use of software or hardware. Technology services include seat management, staffing augmentation, training, maintenance and subscription services. Technology services do not include telecommunications services. Seat management is services through which a state agency transfers its responsibilities to a vendor to manage its personal computing needs, including all

necessary hardware, software and technology services.

3) Vendor agrees to coordinate all State agency commodity item sales through existing DIR contracts. Institutions of higher education are exempt from this Subsection 6.B.

7. Contract Fulfillment and Promotion

A. Service, Sales and Support of the Contract

Vendor shall provide service, sales and support resources to serve all Customers throughout the State. It is the responsibility of the Vendor to sell, market, and promote products and services available under the Contract. Vendor shall use its best efforts to ensure that potential Customers are made aware of the existence of the Contract. All sales to Customers for products and services available under the Contract shall be processed through the Contract.

B. Use of Order Fulfillers

DIR agrees to permit Vendor to utilize designated Order Fulfillers to provide service, sales and support resources to Customers. Such participation is subject to the following conditions:

1) Designation of Order Fulfillers

a) Vendor may designate Order Fulfillers to act as the distributors for products and services available under the Contract. In designating Order Fulfillers, Vendor must be in compliance with the State's Policy on Utilization of Historically Underutilized Businesses. In addition to the required Subcontracting Plan, Vendor shall provide DIR with the following Order Fulfiller information: Order Fulfiller name, Order Fulfiller business address, Order Fulfiller CPA Identification Number, Order Fulfiller contact person email address and phone number.

b) DIR reserves the right to require the Vendor to rescind any such Order Fulfiller participation or request that Vendor name additional Order Fulfillers should DIR determine it is in the best interest of the State.

c) Vendor shall be fully liable for its Order Fulfillers' performance under and compliance with the terms and conditions of the Contract. Vendor shall enter into contracts with Order Fulfillers and use terms and conditions that are consistent with the terms and conditions of the Contract.

d) Vendor shall have the right to qualify Order Fulfillers and their participation under the Contract provided that: i) any criteria is uniformly applied to all potential Order Fulfillers based upon Vendor's established, neutrally applied criteria, ii) the criteria is not based on a particular procurement, and iii) all Customers are supported under the different criteria.

e) Vendor shall not prohibit Order Fulfiller from participating in other procurement opportunities offered through DIR.

2) Changes in Order Fulfiller List

Vendor may add or delete Order Fulfillers throughout the term of the Contract upon written authorization by DIR. Prior to adding or deleting Order Fulfillers, Vendor must make a good faith effort in the revision of its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses. Vendor shall provide DIR with its updated Subcontracting Plan and the Order Fulfiller information listed in Section 7.B.1.a above.

3) Order Fulfiller Pricing to Customer

Order Fulfiller pricing to the Customer shall comply with the Customer price as stated within Appendix A, Section 8, Pricing, Purchase Orders, Invoices and Payment, and as set forth in Appendix C, Pricing Index, and shall include the DIR Administrative Fee. This pricing shall

only be offered by Order Fulfillers to Customers for sales that pass through the Contract.

C. Product Warranty and Return Policies

Order Fulfiller will adhere to the Vendor's then-currently published policies concerning product warranties and returns. Product warranty and return policies for Customers will not be more restrictive or more costly than warranty and return policies for other similarly situated Customers for like products.

D. Customer Site Preparation

Customers shall prepare and maintain its site in accordance with written instructions furnished by Order Fulfiller prior to the scheduled delivery date of any product or service and shall bear the costs associated with the site preparation.

E. Internet Access to Contract and Pricing Information

1) Vendor Webpage

Within thirty (30) calendar days of the effective date of the Contract, Vendor will establish and maintain a webpage specific to the products and services awarded under the Contract that are clearly distinguishable from other, non-DIR Contract offerings on the Vendor's website. The webpage must include:

a) the products and services awarded;

b) description of product and service awarded

c) a current price list or mechanism (for example, a services calculator or product builder) to obtain specific contracted pricing;

d) discount percentage (%) off MSRP or List Price;

e) designated Order Fulfillers;

f) contact information (name, telephone number and email address) for Vendor and designated Order Fulfillers;

g) instructions for obtaining quotes and placing Purchase Orders;

h) warranty policies;

i) return policies;

j) the DIR Contract number with a hyperlink to the Contract's DIR webpage;

k) a link to the DIR "Cooperative Contracts" webpage; and

l) the DIR logo in accordance with the requirements of this Section.

If Vendor does not meet the webpage requirements listed above, DIR may cancel the contract without penalty.

2) Accurate and Timely Contract Information

Vendor warrants and represents that the website information specified in the above paragraph will be accurately and completely posted, maintained and displayed in an objective and timely manner. Vendor, at its own expense, shall correct any non-conforming or inaccurate information posted at Vendor's website within ten (10) business days after written notification by DIR.

3) Webpage Compliance Checks

Periodic compliance checks of the information posted for the Contract on Vendor's webpage will be conducted by DIR. Upon request by DIR, Vendor shall provide verifiable documentation that pricing listed upon this webpage is compliant with the pricing as stated in the Contract.

4) Webpage Changes

Vendor hereby consents to a link from the DIR website to Vendor's webpage in order to facilitate access to Contract information. The establishment of the link is provided solely for convenience in carrying out the business operations of the State. DIR reserves the right to suspend, terminate or remove a link at any time, in its sole discretion, without advance notice, or to deny a future request for a link. DIR will provide Vendor with subsequent notice of link suspension, termination or removal. Vendor shall provide DIR with timely written notice of any change in URL or other information needed to access the site and/or maintain the link.

5) Use of Access Data Prohibited

If Vendor stores, collects or maintains data electronically as a condition of accessing Contract information, such data shall only be used internally by Vendor for the purpose of implementing or marketing the Contract and shall not be disseminated to third parties or used for other marketing purposes. The Contract constitutes a public document under the laws of the State and Vendor shall not restrict access to Contract terms and conditions including pricing, i.e., through use of restrictive technology or passwords.

6) Responsibility for Content

Vendor is solely responsible for administration, content, intellectual property rights, and all materials at Vendor's website. DIR reserves the right to require a change of listed content if, in the opinion of DIR, it does not adequately represent the Contract.

F. DIR Logo

Vendor and Order Fulfiller may use the DIR logo in the promotion of the Contract to Customers with the following stipulations: (i) the logo may not be modified in any way, (ii) when displayed, the size of the DIR logo must be equal to or smaller than the Order Fulfiller logo, (iii) the DIR logo is only used to communicate the availability of products and services under the Contract to Customers, and (iv) any other use of the DIR logo requires prior written permission from DIR.

G. Vendor and Order Fulfiller Logo

If DIR receives Vendor's or Order Fulfiller's prior written approval, DIR may use the Vendor's and Order's Fulfiller's name and logo in the promotion of the Contract to communicate the availability of products and services under the Contract to Customers. Use of the logos may be on the DIR website or on printed materials. Any use of Vendor's and Order Fulfiller's logo by DIR must comply with and be solely related to the purposes of the Contract and any usage guidelines communicated to DIR from time to time. Nothing contained in the Contract will give DIR any right, title, or interest in or to Vendor's or Order Fulfiller' trademarks or the goodwill associated therewith, except for the limited usage rights expressly provided by Vendor and Order Fulfiller.

H. Trade Show Participation

At DIR's discretion, Vendor and Order Fulfillers may be required to participate in no more than two DIR sponsored trade shows each calendar year. Vendor understands and agrees that participation, at the Vendor's and Order Fulfiller's expense, includes providing a manned booth display or similar presence. DIR will provide four months advance notice of any required participation. Vendor and Order Fulfillers must display the DIR logo at all trade shows that potential Customers will attend. DIR reserves the right to approve or disapprove of the location or the use of the DIR logo in or on the Vendor's or Order Fulfiller's booth.

I. Orientation Meeting

Within thirty (30) calendar days from execution of the Contract, Vendor and Order Fulfillers will be required to attend an orientation meeting to discuss the content and procedures of the Contract to include reporting requirements. DIR, at its discretion, may waive the orientation requirement for Vendors who have previously held DIR contracts. The meeting will be held in the Austin, Texas area at a date and time mutually acceptable to DIR and the Vendor or by teleconference, at DIR's discretion. DIR shall bear no cost for the time and travel of the Vendor or Order Fulfillers for attendance at the meeting.

J. Performance Review Meetings

DIR may require the Vendor to attend periodic meetings to review the Vendor's performance under the Contract, at DIR's discretion. The meetings may be held within the Austin, Texas area at a date and time mutually acceptable to DIR and the Vendor or by teleconference. DIR shall bear no cost for the time and travel of the Vendor for attendance at the meeting.

K. DIR Cost Avoidance

As part of the performance measures reported to state leadership, DIR must provide the cost avoidance the State has achieved through the Contract. Upon request by DIR, Vendor shall provide DIR with a detailed report of a representative sample of products sold under the Contract. The report shall contain: product part number, product description, list price and price to Customer under the Contract.

8. Pricing, Purchase Orders, Invoices, and Payments

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

A. Manufacturer's Suggested Retail Price (MSRP) or List Price

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

MSRP is defined as the product sales price list published in some form by the manufacturer or publisher of a product and available to and recognized by the trade. A price list especially prepared for a given solicitation is not acceptable.

B. Customer Discount

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The minimum Customer discount for all products and services will be the percentage off MSRP as specified in Appendix C, Pricing Index.

C. Customer Price

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED FOR SECTION C1

1) The price to the Customer shall be calculated as follows:

Customer Price = (MSRP or List Price – Customer Discount as set forth in Appendix C, Pricing Index) x (1 + DIR Administrative Fee, as set forth in the Contract).

2) Customers purchasing products and services under this Contract may negotiate more advantageous pricing or participate in special promotional offers. In such event, a copy of such better offerings shall be furnished to DIR upon request.

3) If pricing for products or services available under this Contract is provided by the Vendor at a lower price to: (i) an eligible Customer who is not purchasing those products or services under this Contract or (ii) to any other customer under the same terms and conditions provided for

the State for the same commodities and services under this contract, then the available Customer Price in this Contract shall be adjusted to that lower price. This requirement applies to products or services quoted by Vendor or its resellers for a quantity of one (1) under like terms and conditions, and does not apply to volume or special pricing purchases. Vendor shall notify DIR within ten (10) days and this Contract shall be amended to reflect the lower price.

D. Shipping and Handling Fees

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The price to the Customer under this Contract shall include all shipping and handling fees. Shipments will be Free On Board Customer's Destination. No additional fees shall be charged to the Customer for standard shipping and handling. If the Customer requests expedited or special delivery, Customer will be responsible for any charges for expedited or special delivery.

E. Tax-Exempt

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

As per Section 151.309, Texas Tax Code, Customers under this Contract are exempt from the assessment of State sales, use and excise taxes. Further, Customers under this Contract are exempt from Federal Excise Taxes, 26 United States Code Sections 4253(i) and (j). Customers shall provide evidence of tax-exempt status to Vendor upon request.

F. Travel Expense Reimbursement

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Pricing for services provided under this Contract are exclusive of any travel expenses that may be incurred in the performance of those services. Travel expense reimbursement may include personal vehicle mileage or commercial coach transportation, hotel accommodations, parking and meals; provided, however, the amount of reimbursement by Customers shall not exceed the amounts authorized for state employees as adopted by each Customer; and provided, further, that all reimbursement rates shall not exceed the maximum rates established for state employees under the current State Travel Management Program (http://www.window.state.tx.us/procurement/prog/stmp/). Travel time may not be included as part of the amounts payable by Customer for any services rendered under this Contract. The DIR administrative fee specified in the Contract is not applicable to travel expense reimbursement. Anticipated travel expenses must be pre-approved in writing by Customer. Customer reserves the right not to pay travel expenses which are not pre-approved in writing by the Customer.

G. Changes to Prices

Subject to the requirements of this section, Vendor may change the price of any product or service at any time, based upon changes to the MSRP, but discount levels shall remain consistent with the discount levels specified in this Contract.

Vendor may revise its pricing (but not its discount rate, if any, and not the products or services on its contract pricing list) by posting a revised pricing list. Such revised pricing lists are subject to review by DIR. If DIR finds that a product's or service's price has been increased unreasonably, DIR may request Vendor to reduce its pricing for the product or service to the level published before the revision. Vendor must reduce its pricing, or remove the product from its pricing list. Failure to do so will constitute an act of default by Vendor.

H. Purchase Orders

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

All Customer Purchase Orders will be placed directly with the Vendor or Order Fulfiller.

Accurate Purchase Orders shall be effective and binding upon Vendor or Order Fulfiller when accepted by Vendor or Order Fulfiller. Customer and Vendor may work together to include specific requirements as to what constitutes a valid Purchase Order.

Vendors will be required to comply with the disclosure requirements of Section 2252.908, Texas Government Code, as enacted by House Bill 1295, 84th Regular Session, when execution of a contract requires an action or vote by the governing body of a governmental entity before the contract may be signed.

I. Invoices

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

1) Invoices shall be submitted by the Vendor or Order Fulfiller directly to the Customer and shall be issued in compliance with Chapter 2251, Texas Government Code. All payments for products and/or services purchased under the Contract and any provision of acceptance of such products and/or services shall be made by the Customer to the Vendor or Order Fulfiller. For Customers that are not subject to Chapter 2251, Texas Government Code, Customer and Vendor will agree to acceptable terms.

2) Invoices must be timely and accurate. Each invoice must match Customer's Purchase Order and include any written changes that may apply, as it relates to products, prices and quantities. Invoices must include the Customer's Purchase Order number or other pertinent information for verification of receipt of the product or services by the Customer.

3) The administrative fee as set forth in the Contract shall not be broken out as a separate line item when pricing or invoice is provided to Customer.

J. Payments

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Customers shall comply with Chapter 2251, Texas Government Code, in making payments to Order Fulfiller. The statute states that payments for goods and services are due thirty (30) calendar days after the goods are provided, the services completed, or a correct invoice is received, whichever is later. Payment under the Contract shall not foreclose the right to recover wrongful payments. For Customers that are not subject to Chapter 2251, Texas Government Code, Customer and Vendor will agree to acceptable terms.

9. Contract Administration

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED FOR A,C-D

A. Contract Managers

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

DIR and the Vendor will each provide a Contract Manager to support the Contract. Information regarding the Contract Manager will be posted on the Internet website designated for the Contract.

1) State Contract Manager

DIR shall provide a Contract Manager whose duties shall include but not be limited to: i) advising DIR and Vendor of Vendor's compliance with the terms and conditions of the Contract, ii) periodic verification of product pricing, and iii) verification of monthly reports submitted by Vendor.

2) Vendor Contract Manager

Vendor shall identify a specific Contract Manager whose duties shall include but not be limited to: i) supporting the marketing and management of the Contract, ii) facilitating dispute

resolution between a Order Fulfiller and a Customer, and iii) advising DIR of Order Fulfillers performance under the terms and conditions of the Contract. DIR reserves the right to require a change in Vendor's then-current Contract Manager if the assigned Contract Manager is not, in the reasonable opinion of DIR, adequately serving the needs of the State.

B. Reporting and Administrative Fees

1) Reporting Responsibility

a) Vendor shall be responsible for reporting all products and services purchased through Vendor and Order Fulfillers under the Contract. Vendor shall file the monthly reports, subcontract reports, and pay the administrative fees in accordance with the due dates specified in this section.

b) DIR shall have the right to verify required reports and to take any actions necessary to enforce its rights under this section, including but not limited to compliance checks of Vendor's applicable Contract. Vendor will provide all required documentation at no cost.

2) Detailed Monthly Report

Vendor shall electronically provide DIR with a detailed monthly report in the format required by DIR showing the dollar volume of any and all sales under the Contract for the previous calendar month period. Reports are due on the fifteenth (15th) calendar day of the month following the month of the sale. If the 15th calendar day falls on a weekend or state or federal holiday, the report shall be due on the next business day. The monthly report shall include, per transaction: the detailed sales for the period, Customer name, invoice date, invoice number, description, quantity, MSRP or List Price, unit price, extended price, Customer Purchase Order number, contact name, Customer's complete billing address, the estimated administrative fee for the reporting period, subcontractor name, EPEAT designation (if applicable), configuration (if applicable), contract discount percentage, actual discount percentage, negotiated contract price (if fixed price is offered instead of discount off of MSRP), and other information as required by DIR. Each report must contain all information listed above per transaction or the report will be rejected and returned to the Vendor for correction in accordance with this section. Vendor shall report in a manner required by DIR which is subject to change dependent upon DIR's business needs. Failure to do so may result in contract termination.

3) Historically Underutilized Businesses Subcontract Reports

a) Vendor shall electronically provide each Customer with Vendor's relevant Historically Underutilized Business Subcontracting Report, pursuant to the Contract, as required by Chapter 2161, Texas Government Code. Reports shall also be submitted to DIR.

b) Reports shall be due in accordance with the CPA rules.

4) DIR Administrative Fee

a) The Vendor shall pay an administrative fee to DIR to defray the DIR costs of negotiating, executing, and administering the Contract. The maximum administrative fee is set by the Texas Legislature in the biennial General Appropriations Act. DIR will review Vendor monthly sales reports, close the sales period, and notify the Vendor of the administrative fee no later than the fourteenth (14th) day of the second month following the date of the reported sale. Vendor shall pay the administrative fee by the twenty-fifth (25th) calendar day of the second month following the date of the reported sale. For example, Vendor reports January sales by February 15th; DIR closes January sales and notifies Vendor of administrative fee by March 14th; Vendor submits administrative fee for January sales by March 25th.

b) DIR may change the amount of the administrative fee upon thirty (30) calendar days

written notice to Vendor without the need for a formal contract amendment.

c) Vendor shall reference the DIR Contract number, reporting period, and administrative fee amount on any remittance instruments.

5) Accurate and Timely Submission of Reports

a) The reports and administrative fees shall be accurate and timely and submitted in accordance with the due dates specified in this section. Vendor shall correct any inaccurate reports or administrative fee payments within three (3) business days upon written notification by DIR. Vendor shall deliver any late reports or late administrative fee payments within three (3) business days upon written notification by DIR. If Vendor is unable to correct inaccurate reports or administrative fee payments or deliver late reports and fee payments within three (3) business days, Vendor must contact DIR and provide a corrective plan of action, including the timeline for completion of correction. The corrective plan of action shall be subject to DIR approval.

b) Should Vendor fail to correct inaccurate reports or cure the delay in timely delivery of reports and payments within the corrective plan of action timeline, DIR reserves the right to require an independent third party audit of the Vendor's records as specified in C.3 of this Section, at Vendor's expense. DIR will select the auditor (and all payments to auditor will require DIR approval).

Failure to timely submit three (3) reports or administrative fee payments within any rolling twelve (12) month period may, at DIR's discretion, result in the addition of late fees of $100/day for each day the report or payment is due (up to $1000/month) or suspension or termination of Vendor's Contract..

C. Records and Audit

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED IN SUBPARAGRAPH ONE (1)

1) Acceptance of funds under the Contract by Vendor and/or Order Fulfiller acts as acceptance of the authority of the State Auditor's Office, or any successor agency or designee, to conduct an audit or investigation in connection with those funds. Vendor further agrees to cooperate fully with the State Auditor's Office or its successor or designee in the conduct of the audit or investigation, including providing all records requested. Vendor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Vendor or directly by Order Fulfillers and the requirement to cooperate is included in any subcontract or Order Fulfiller contract it awards pertaining to the Contract. Under the direction of the Legislative Audit Committee, a Vendor that is the subject of an audit or investigation by the State Auditor's Office must provide the State Auditor's Office with access to any information the State Auditor's Office considers relevant to the investigation or audit.

2) Vendor and Order Fulfillers shall maintain adequate records to establish compliance with the Contract until the later of a period of seven (7) years after termination of the Contract or until full, final and unappealable resolution of all Compliance Check or litigation issues that arise under the Contract. Such records shall include per transaction: the Order Fulfiller's company name if applicable, Customer name, invoice date, invoice number, description, part number, manufacturer, quantity, MSRP or list price, unit price, extended price, Customer Purchase Order number, contact name, Customer's complete billing address, the calculations supporting each administrative fee owed DIR under the Contract, Historically Underutilized Businesses Subcontracting reports, and such other documentation as DIR may request.

3) Vendor and/or Order Fulfillers shall grant access to all paper and electronic records, books,

documents, accounting procedures, practices, customer records including but not limited to contracts, agreements, purchase orders and statements of work, and any other items relevant to the performance of the Contract to the DIR Internal Audit department or DIR Contract Management staff, including the compliance checks designated by the DIR Internal Audit department, DIR Contract Management staff, the State Auditor's Office, and of the United States, and such other persons or entities designated by DIR for the purposes of inspecting, Compliance Checking and/or copying such books and records. Vendor and/or Order Fulfillers shall provide copies and printouts requested by DIR without charge. DIR shall provide Vendor and/or Order Fulfillers ten (10) business days' notice prior to inspecting, Compliance Checking, and/or copying Vendor's and/or Order Fulfiller's records. Vendor's and/or Order Fulfillers records, whether paper or electronic, shall be made available during regular office hours. Vendor and/or Order Fulfiller personnel familiar with the Vendor's and/or Order Fulfiller's books and records shall be available to the DIR Internal Audit department, or DIR Contract Management staff and designees as needed. Vendor and/or Order Fulfiller shall provide adequate office space to DIR staff during the performance of Compliance Check. If Vendor is found to be responsible for inaccurate reports, DIR may invoice for the reasonable costs of the audit, which Vendor must pay within thirty (30) calendar days of receipt.

4) For procuring State Agencies whose payments are processed by the Texas Comptroller of Public Accounts, the volume of payments made to Order Fulfillers through the Texas Comptroller of Public Accounts and the administrative fee based thereon shall be presumed correct unless Vendor can demonstrate to DIR's satisfaction that Vendor's calculation of DIR's administrative fee is correct.

D. Contract Administration Notification

1) Prior to execution of the Contract, Vendor shall provide DIR with written notification of the following: i) Vendor Contract Administrator name and contact information, ii) Vendor sales representative name and contact information, and iii) name and contact information of Vendor personnel responsible for submitting reports and payment of administrative fees specified herein.

2) Upon execution of the Contract, DIR shall provide Vendor with written notification of the following: i) DIR Contract Administrator name and contact information, and ii) DIR Cooperative Contracts E-Mail Box information.

10. Vendor Responsibilities

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED IN C-M, O-S, V-W

A. Indemnification

1) INDEPENDENT CONTRACTOR

VENDOR AGREES AND ACKNOWLEDGES THAT DURING THE EXISTENCE OF THIS CONTRACT, IT IS FURNISHING PRODUCTS AND SERVICES IN THE CAPACITY OF AN INDEPENDENT CONTRACTOR AND THAT VENDOR IS NOT AN EMPLOYEE OF THE CUSTOMER OR THE STATE OF TEXAS.

2) ACTS OR OMISSIONS

Vendor shall indemnify and hold harmless the State of Texas and Customers, AND/OR THEIR OFFICERS, AGENTS, EMPLOYEES, REPRESENTATIVES, CONTRACTORS, ASSIGNEES, AND/OR DESIGNEES FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS, OR SUITS, AND ALL RELATED COSTS, ATTORNEY FEES, AND EXPENSES arising out of, or resulting from any acts or omissions of the Vendor or its agents, employees, subcontractors, Order Fulfillers, or suppliers of subcontractors in the execution or

performance of the Contract and any Purchase Orders issued under the Contract. THE DEFENSE SHALL BE COORDINATED BY VENDOR WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND VENDOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. VENDOR AND THE CUSTOMER AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM.

3) INFRINGEMENTS

a) Vendor shall indemnify and hold harmless the State of Texas and Customers, AND/OR THEIR EMPLOYEES, AGENTS, REPRESENTATIVES, CONTRACTORS, ASSIGNEES, AND/OR DESIGNEES from any and all third party claims involving infringement of United States patents, copyrights, trade and service marks, and any other intellectual or intangible property rights in connection with the PERFORMANCES OR ACTIONS OF VENDOR PURSUANT TO THIS CONTRACT. VENDOR AND THE CUSTOMER AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM. VENDOR SHALL BE LIABLE TO PAY ALL COSTS OF DEFENSE INCLUDING ATTORNEYS' FEES. THE DEFENSE SHALL BE COORDINATED BY VENDOR WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND VENDOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL.

b) Vendor shall have no liability under this section if the alleged infringement is caused in whole or in part by: (i) use of the product or service for a purpose or in a manner for which the product or service was not designed, (ii) any modification made to the product without Vendor's written approval, (iii) any modifications made to the product by the Vendor pursuant to Customer's specific instructions, (iv) any intellectual property right owned by or licensed to Customer, or (v) any use of the product or service by Customer that is not in conformity with the terms of any applicable license agreement.

c) If Vendor becomes aware of an actual or potential claim, or Customer provides Vendor with notice of an actual or potential claim, Vendor may (or in the case of an injunction against Customer, shall), at Vendor's sole option and expense: (i) procure for the Customer the right to continue to use the affected portion of the product or service, or (ii) modify or replace the affected portion of the product or service with functionally equivalent or superior product or service so that Customer's use is non-infringing.

4) PROPERTY DAMAGE

IN THE EVENT OF LOSS, DAMAGE, OR DESTRUCTION OF ANY PROPERTY OF CUSTOMER OR THE STATE DUE TO THE NEGLIGENCE, MISCONDUCT, WRONGFUL ACT OR OMISSION ON THE PART OF THE VENDOR, ITS EMPLOYEES, AGENTS, REPRESENTATIVES, OR SUBCONTRACTORS, THE VENDOR SHALL PAY THE FULL COST OF EITHER REPAIR, RECONSTRUCTION, OR REPLACEMENT OF THE PROPERTY, AT THE CUSTOMER'S SOLE ELECTION. SUCH COST SHALL BE DETERMINED BY THE CUSTOMER AND SHALL BE DUE AND PAYABLE BY THE VENDOR NINETY (90) CALENDAR DAYS AFTER THE DATE OF THE VENDORS RECEIPT FROM THE CUSTOMER OF A WRITTEN NOTICE OF THE AMOUNT DUE.

B. Taxes/Worker's Compensation/UNEMPLOYMENT INSURANCE

1) VENDOR AGREES AND ACKNOWLEDGES THAT DURING THE EXISTENCE OF THIS CONTRACT, VENDOR SHALL BE ENTIRELY RESPONSIBLE FOR THE LIABILITY AND PAYMENT OF VENDOR'S AND VENDOR'S EMPLOYEES' TAXES OF WHATEVER KIND, ARISING OUT OF THE PERFORMANCES IN THIS CONTRACT. VENDOR AGREES TO COMPLY WITH ALL STATE AND FEDERAL LAWS APPLICABLE TO ANY SUCH PERSONS, INCLUDING LAWS REGARDING WAGES, TAXES, INSURANCE, AND WORKERS' COMPENSATION. THE CUSTOMER AND/OR THE STATE SHALL NOT BE LIABLE TO THE VENDOR, ITS EMPLOYEES, AGENTS, OR OTHERS FOR THE PAYMENT OF TAXES OR THE PROVISION OF UNEMPLOYMENT INSURANCE AND/OR WORKERS' COMPENSATION OR ANY BENEFIT AVAILABLE TO A STATE EMPLOYEE OR EMPLOYEE OF ANOTHER GOVERNMENTAL ENTITY CUSTOMER.

2) VENDOR AGREES TO INDEMNIFY AND HOLD HARMLESS CUSTOMERS, THE STATE OF TEXAS AND/OR THEIR EMPLOYEES, AGENTS, REPRESENTATIVES, CONTRACTORS, AND/OR ASSIGNEES FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS, OR SUITS, AND ALL RELATED COSTS, ATTORNEYS' FEES, AND EXPENSES, RELATING TO TAX LIABILITY, UNEMPLOYMENT INSURANCE AND/OR WORKERS' COMPENSATION IN ITS PERFORMANCE UNDER THIS CONTRACT. VENDOR SHALL BE LIABLE TO PAY ALL COSTS OF DEFENSE INCLUDING ATTORNEYS' FEES. THE DEFENSE SHALL BE COORDINATED BY VENDOR WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND VENDOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. VENDOR AND THE CUSTOMER AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM.

C. Vendor Certifications

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

During the term of the Contract, Vendor shall, for itself and on behalf of its Order Fulfillers, promptly disclose to DIR all changes that occur to the foregoing certifications, representations and warranties. Vendor covenants to fully cooperate in the development and execution of resulting documentation necessary to maintain an accurate record of the certifications, representations and warranties.

In addition, Vendor understands and agrees that if Vendor responds to certain Customer pricing requests or Statements of Work, then, in order to contract with the Customer, Vendor may be required to comply with additional terms and conditions or certifications that an individual customer may require due to state and federal law (e.g., privacy and security requirements).

D. Ability to Conduct Business in Texas

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor and its Order Fulfiller shall be authorized and validly existing under the laws of its state of organization, and shall be authorized to do business in the State of Texas in accordance with Texas Business Organizations Code, Title 1, Chapter 9.

E. Equal Opportunity Compliance

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor agrees to abide by all applicable laws, regulations, and executive orders pertaining to equal employment opportunity, including federal laws and the laws of the State in which its primary place of business is located. In accordance with such laws, regulations, and executive orders, the Vendor agrees that no person in the United States shall, on the grounds of race, color, religion, national origin, sex, age, veteran status or handicap, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed by Vendor under the Contract. If Vendor is found to be not in compliance with these requirements during the term of the Contract, Vendor agrees to take appropriate steps to correct these deficiencies. Upon request, Vendor will furnish information regarding its nondiscriminatory hiring and promotion policies, as well as specific information on the composition of its principals and staff, including the identification of minorities and women in management or other positions with discretionary or decision-making authority.

F. Use of Subcontractors

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

If Vendor uses any subcontractors in the performance of this Contract, Vendor must make a good faith effort in the submission of its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses (HUB). A revised Subcontracting Plan approved by DIR's HUB Office shall be required before Vendor can engage additional subcontractors in the performance of this Contract. A revised Subcontracting Plan approved by DIR's HUB Office shall be required before Vendor can remove subcontractors currently engaged in the performance of this Contract. Vendor shall remain solely responsible for the performance of

its obligations under the Contract.

G. Responsibility for Actions

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

1) Vendor is solely responsible for its actions and those of its agents, employees, or subcontractors, and agrees that neither Vendor nor any of the foregoing has any authority to act or speak on behalf of DIR or the State.

2) Vendor, for itself and on behalf of its subcontractors, shall report to DIR promptly when the disclosures under Certification Statement of Exhibit A to the RFO and/or Section 10.C. Should any employee or subcontractor of the Vendor and/or Order Fulfiller who will be providing services to the Customer under the Contract not be acceptable to the Customer as a result of the background and/or criminal history check, then Customer may immediately terminate its Purchase Order and related Service Agreement or request replacement of the employee or subcontractor in question.

K. Limitation of Liability

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

For any claims or cause of action arising under or related to the Contract: i) to the extend permitted by the Constitution and the laws of the State, none of the parties shall be liable to the other for punitive, special, or consequential damages, even if it is advised of the possibility of such damages; and ii) Vendor's liability for damages of any kind to the Customer shall be limited to the total amount paid to Vendor under the Contract during the twelve months immediately preceding the accrual of the claim or cause of action. However, this limitation of Vendor's liability shall not apply to claims of bodily injury; violation of intellectual property rights including but not limited to patent, trademark, or copyright infringement; indemnification requirements under this Contract; and violation of State or Federal law including but not limited to disclosures of confidential information and any penalty of any kind lawfully assessed as a result of such violation.

L. Overcharges

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor hereby assigns to DIR any and all of its claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 U.S.C.A. Section 1, et seq., and which arise under the antitrust laws of the State of Texas, Tex. Bus. and Comm. Code Section 15.01, et seq.

M. Prohibited Conduct

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor represents and warrants that, to the best of its knowledge as of the date of this certification, neither Vendor nor any Order Fulfiller, subcontractor, firm, corporation, partnership, or institution represented by Vendor, nor anyone acting for such Order Fulfiller, subcontractor, firm, corporation or institution has: (1) violated the antitrust laws of the State of Texas under Texas Business & Commerce Code, Chapter 15, or the federal antitrust laws; or (2) communicated its response to the Request for Offer directly or indirectly to any competitor or any other person engaged in such line of business during the procurement for the Contract.

N. Required Insurance Coverage

As a condition of this Contract with DIR, Vendor shall provide the listed insurance coverage within 5 business days of execution of the Contract if the Vendor is awarded services which require that Vendor's employees perform work at any Customer premises and/or use employer vehicles to conduct work on behalf of Customers. In addition, when engaged by a Customer to provide services on Customer premises, the Vendor shall, at its own expense, secure and maintain the insurance coverage specified herein, and shall provide proof of such insurance coverage to the related Customer within five (5) business days following the execution of the Purchase Order. Vendor may not begin performance under the Contract and/or a Purchase Order until such proof of insurance coverage is provided to, and approved by, DIR and the Customer. All required insurance must be issued by companies that have an A rating and a Financial Size Category Class of VII from A.M. Best and are licensed in the State of Texas and authorized to provide the corresponding coverage. The Customer and DIR will be named as Additional Insureds on all required coverage. Required coverage must remain in effect through the term of the Contract and each Purchase Order issued to Vendor there under. The minimum acceptable insurance provisions are as follows:

REV. CIV. STAT) AND MINIMUM POLICY LIMITS FOR EMPLOYERS' LIABILITY OF $1,000,000 BODILY INJURY PER ACCIDENT, $1,000,000 BODILY INJURY DISEASE PER EMPLOYEE AND $1,000,000 PER DISEASE POLICY LIMIT.

3) Business Automobile Liability Insurance

Business Automobile Liability Insurance must cover all owned, non-owned and hired vehicles with a minimum combined single limit of $500,000 per occurrence for bodily injury and property damage. The policy shall contain the following endorsements in favor of DIR and/or Customer:

a) Waiver of Subrogation; and
b) Additional Insured.

O. Use of State Property

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor is prohibited from using the Customer's equipment, the customer's location, or any other resources of the Customer or the State for any purpose other than performing services under this Agreement. For this purpose, equipment includes, but is not limited to, copy machines, computers and telephones using State long distance services. Any charges incurred by Vendor using the Customer's equipment for any purpose other than performing services under this Agreement must be fully reimbursed by Vendor to the Customer immediately upon demand by the Customer. Such use shall constitute breach of contract and may result in termination of the contract and other remedies available to DIR and Customer under the contract and applicable law.

P. Immigration

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The Vendor shall comply with all requirements related to federal immigration laws and regulations, to include but not be limited to, the Immigration and Reform Act of 1986, the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 ("IIRIRA") and the Immigration Act of 1990 (8 U.S.C.1101, et seq.) regarding employment verification and retention of verification forms for any individual(s) who will perform any labor or services under this Contract.

Pursuant to Executive Order No. RP-80, issued by the Governor of Texas on December 3, 2014, and as subsequently clarified, the Vendor shall, as a condition of this Contract, also comply with the United States Department of Homeland Security[1]s E-Verify system to determine the eligibility of:

- all persons 1) to whom the E-Verify system applies, and 2) who are hired by the Vendor during the term of this Contract to perform duties within Texas; and

- all subcontractors' employees 1) to whom the E-Verify system applies, and 2) who are hired by the subcontractor during the term of this Contract and assigned by the subcontractor to perform work pursuant to this Contract.

The Vendor shall require its subcontractors to comply with the requirements of this Section and the Vendor is responsible for the compliance of its subcontractors. Nothing herein is intended to exclude compliance by Vendor and its subcontractors with all other relevant federal immigration statutes and regulations promulgated pursuant thereto.

Q. Public Disclosure

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

No public disclosures or news releases pertaining to this contract shall be made by Vendor without prior written approval of DIR.

R. Product and/or Services Substitutions

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Substitutions are not permitted without the written permission of DIR or Customer.

S. Secure Erasure of Hard Disk Products and/or Services

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor agrees that all products and/or services equipped with hard disk drives (i.e. computers, telephones, printers, fax machines, scanners, multifunction devices, etc.) shall have the capability to securely erase data written to the hard drive prior to final disposition of such products and/or services, either at the end of the Customer's Managed Services product's useful life or the end of the related Customer Managed Services Agreement for such products and/ services, in accordance with 1 TAC 202.

T. Deceptive Trade Practices; Unfair Business Practices

1) Vendor represents and warrants that neither Vendor nor any of its Subcontractors has been (i) found liable in any administrative hearing, litigation or other proceeding of Deceptive Trade Practices violations as defined under Chapter 17, Texas Business & Commerce Code, or (ii) has outstanding allegations of any Deceptive Trade Practice pending in any administrative hearing, litigation or other proceeding.

2) Vendor certifies that it has no officers who have served as officers of other entities who (i) have been found liable in any administrative hearing, litigation or other proceeding of Deceptive Trade Practices violations or (ii) have outstanding allegations of any Deceptive Trade Practice pending in any administrative hearing, litigation or other proceeding.

U. Drug Free Workplace Policy

Vendor shall comply with the applicable provisions of the Drug-Free Work Place Act of 1988 (41 U.S.C. §§8101-8106) and maintain a drug-free work environment; and the final rule, government-wide requirements for drug-free work place (Financial Assistance), issued by the Office of Management and Budget (2 C.F.R. Part 182) to implement the provisions of the Drug-Free Work Place Act of 1988 is incorporated by reference and the contractor shall comply with the relevant provisions thereof, including any amendments to the final rule that may hereafter be issued.

V. Accessibility of Public Information

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

1) Pursuant to S.B. 1368 of the 83rd Texas Legislature, Regular Session, Vendor is required to make any information created or exchanged with the State pursuant to this Contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the State.

2) Each State government entity should supplement the provision set forth in Subsection 1, above, with the additional terms agreed upon by the parties regarding the specific format by which the Vendor is required to make the information accessible by the public.

W. Vendor Reporting Requirements

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

Vendor shall comply with Subtitle C, Title 5, Business & Commerce Code, Chapter 109 as added by HB 2539 of the 83rd Texas Legislature, Regular Session, requiring computer technicians to report images of child pornography.

11. Contract Enforcement

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED TO A, B2, 5-7

A. Enforcement of Contract and Dispute Resolution

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

1) Vendor and DIR agree to the following: (i) a party's failure to require strict performance of any provision of the Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision, (ii) for disputes not resolved in the normal course of business, the dispute resolution process provided for in Chapter 2260, Texas Government Code, shall be used, and (iii) actions or proceedings arising from the Contract shall be heard in a state court of competent jurisdiction in Travis County, Texas.

2) Disputes arising between a Customer and the Vendor shall be resolved in accordance with the dispute resolution process of the Customer that is not inconsistent with subparagraph A.1 above. DIR shall not be a party to any such dispute unless DIR, Customer, and Vendor agree in writing.

3) State agencies are required by rule (34 TAC §20.115) to report vendor performance through the Vendor Performance Tracking System (VPTS) on every purchase over $25,000.

B. Termination

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED FOR 2, 5-7

1) Termination for Non-Appropriation

a) Termination for Non-Appropriation by Customer

Customer may terminate Purchase Orders if funds sufficient to pay its obligations under the Contract are not appropriated: i) by the governing body on behalf of local governments; ii) by the Texas legislature on behalf of state agencies; or iii) by budget execution authority provisioned to the Governor or the Legislative Budget Board as provided in Chapter 317, Texas Government Code. In the event of non-appropriation, Vendor and/or Order Fulfiller will be provided ten (10) calendar days written notice of intent to terminate. Notwithstanding the foregoing, if a Customer issues a Purchase Order and has accepted delivery of the product or services, they are obligated to pay for the product or services or they may return the product and discontinue using services under any return provisions that Vendor offers. In the event of such termination, the Customer will not be considered to be in default or breach under this Contract, nor shall it be liable for any further payments

ordinarily due under this Contract, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

b) Termination for Non-Appropriation by DIR

DIR may terminate Contract if funds sufficient to pay its obligations under the Contract are not appropriated: by the i) Texas legislature or ii) by budget execution authority provisioned to the Governor or the Legislative Budget Board as provided in Chapter 317, Texas Government Code. In the event of non-appropriation, Vendor and/or Order Fulfiller will be provided thirty (30) calendar days written notice of intent to terminate. In the event of such termination, DIR will not be considered to be in default or breach under this Contract, nor shall it be liable for any further payments ordinarily due under this Contract, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

2) Absolute Right

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

DIR shall have the absolute right to terminate the Contract without recourse in the event that: i) Vendor becomes listed on the prohibited vendors list authorized by Executive Order #13224, *"Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism",* published by the United States Department of the Treasury, Office of Foreign Assets Control; ii) Vendor becomes suspended or debarred from doing business with the federal government as listed in the *System for Award Management (SAM)* maintained by the General Services Administration; or (iii) Vendor is found by DIR to be ineligible to hold this Contract under Subsection (b) of Section 2155.006, Texas Government Code. Vendor shall be provided written notice in accordance with Section 12.A, Notices, of intent to terminate.

3) Termination for Convenience

DIR may terminate the Contract, in whole or in part, by giving the other party thirty (30) calendar days written notice. A Customer may terminate a Purchase Order or other contractual document or relationship by giving the other party thirty (30) calendar days written notice.

4) Termination for Cause

a) Contract

Either DIR or Vendor may issue a written notice of default to the other upon the occurrence of a material breach of any covenant, warranty or provision of the Contract, upon the following preconditions: first, the parties must comply with the requirements of Chapter 2260, Texas Government Code in an attempt to resolve a dispute; second, after complying with Chapter 2260, Texas Government Code, and the dispute remains unresolved, then the non-defaulting party shall give the defaulting party thirty (30) calendar days from receipt of notice to cure said default. If the defaulting party fails to cure said default within the timeframe allowed, the non-defaulting party may, at its option and in addition to any other remedies it may have available, cancel and terminate the Contract. Customers purchasing products or services under the Contract have no power to terminate the Contract for default.

b) Purchase Order

Customer or Order Fulfiller may terminate a Purchase Order or other contractual document or relationship upon the occurrence of a material breach of any term or condition: (i) of the Contract, or (ii) included in the Purchase Order or other contractual document or relationship in accordance with Section 4.B.2 above, upon the following preconditions:

first, the parties must comply with the requirements of Chapter 2260, Texas Government Code, in an attempt to resolve a dispute; second, after complying with Chapter 2260, Texas Government Code, and the dispute remains unresolved, then the non-defaulting party shall give the defaulting party ten (10) calendar days from receipt of notice to cure said default. If the defaulting party fails to cure said default within the timeframe allowed, the non-defaulting party may, at its option and in addition to any other remedies it may have available, cancel and terminate the Purchase Order. Customer may immediately suspend or terminate a Purchase Order without advance notice in the event Vendor fails to comply with confidentiality, privacy, security requirements, environmental or safety laws or regulations, if such non-compliance relates or may relate to vendor provision of goods or services to the Customer.

5) Immediate Termination or Suspension

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

DIR may immediately suspend or terminate this Contract without advance notice if DIR receives notice or knowledge of potentially criminal violations by Vendor or Order Fulfiller (whether or not such potential violations directly impact the provision of goods or services under this Contract). In such case, the Vendor or Order Fulfiller may be held ineligible to receive further business or payment but may be responsible for winding down or transition expenses incurred by Customer. DIR or Customer will use reasonable efforts to provide notice (to the extent allowed by law) to vendor within five (5) business days after imposing the suspension or termination. Vendor may provide a response and request an opportunity to present its position. DIR or Customer will review vendor presentation, but is under no obligation to provide formal response.

6) Customer Rights Under Termination

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

In the event the Contract expires or is terminated for any reason, a Customer shall retain its rights under the Contract and the Purchase Order issued prior to the termination or expiration of the Contract. The Purchase Order survives the expiration or termination of the Contract for its then effective term.

7) Vendor or Order Fulfiller Rights Under Termination

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

In the event a Purchase Order expires or is terminated, a Customer shall pay: 1) all amounts due for products or services ordered prior to the effective termination date and ultimately accepted, and 2) any applicable early termination fees agreed to in such Purchase Order.

C. Force Majeure

DIR, Customer, or Order Fulfiller may be excused from performance under the Contract for any period when performance is prevented as the result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party experiencing the event of Force Majeure has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance and to shorten the duration of the event of Force Majeure. The party suffering an event of Force Majeure shall provide notice of the event to the other parties when commercially reasonable. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination. However, a Customer may terminate a Purchase Order if it is determined by the Customer that Order Fulfiller will not be able to deliver product or services in a timely manner to meet the business needs of the Customer.

12. Notification

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

A. Notices

All notices, demands, designations, certificates, requests, offers, consents, approvals and other instruments given pursuant to the Contract shall be in writing and shall be validly given on: (i) the date of delivery if delivered by email, facsimile transmission, mailed by registered or certified mail, or hand delivered, or (ii) three business days after being mailed via United States Postal Service. All notices under the Contract shall be sent to a party at the respective address indicated in Section 6 of the Contract or to such other address as such party shall have notified the other party in writing.

B. Handling of Written Complaints

In addition to other remedies contained in the Contract, a person contracting with DIR may direct their written complaints to the following office:

Public Information Office
Department of Information Resources
Attn: Public Information Officer
300 W. 15th Street, Suite 1300
Austin, Texas 78701

Note: NO EXCEPTIONS OR REVISIONS WILL BE CONSIDERED

The captions contained in the Contract, Appendices, and its Exhibits are intended for convenience and reference purposes only and shall in no way be deemed to define or limit any provision thereof.

Appendix F

MASTER OPERATING LEASE AGREEMENT

1. Definitions. Capitalized terms used in this Appendix and not otherwise defined will have the meanings set forth in the Contract.

(a) "Assets" refers to the Products as allowed within the Contract, including the Hardware, Software, and Related Services, which are specifically identified on the applicable Schedule. Assets includes any items associated with the foregoing, including but not limited to all parts, replacements, additions, repairs, and attachments incorporated therein and/or affixed thereto, and documentation (technical and/or user manuals).

(b) "Contract" refers to DIR Contract number DIR-TSO-XXXX which this Appendix is incorporated.

(c) "Event of Default" is defined in Section 23, "Default."

(d) "Event of Loss" means an event of loss, theft, destruction or damage of any kind to any item of the Assets, including the loss, theft or taking by governmental action of any item of the Assets for a stated period extending beyond the Term of any Schedule.

(e) "Hardware" refers to the computer machinery and equipment specifically identified on the applicable Schedule.

(f) "Lease" means the financing transaction described in this MOLA.

(g) "Lessee" means any Texas state agency, unit of local government, institution of higher education as defined in Section 2054.003 (8-a), Texas Government Code, and those state agencies purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code, any local government as authorized through the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the state agencies and political subdivisions of other states as authorized by Section 2054.0565, Texas Government Code.

(h) "Lessor" means the Vendor identified in the Contract.

(i) "MOLA" means this Master Operating Lease Agreement (Appendix F). Any reference to "MOLA" includes the Contract, the Opinion of Counsel, and any riders, amendments and addenda thereto, and

Example

any other documents as may from time to time be made a part hereof upon mutual agreement in a writing signed by authorized representatives of both parties.

(j) "Rent Payment" means the amount payable by Lessee for the Assets as specified in the applicable Schedule.

(k) "Schedule" or "Supplementary Schedule" to this MOLA means the form or format entered into between Lessor and Lessee which contains, at a minimum, a description of the Assets, the name of the Lessee, applicable Rent Payment, and term of the Lease. To be effective, a Schedule must be executed by both Lessor and Lessee.

(l) "Services" refers to the configuration, installation, implementation, support, training, and other professional and consulting services specifically identified on the applicable Schedule.

(m) "Software" refers to the computer programs specifically identified on the applicable Schedule.

(n) "Stipulated Loss Value" is the value of each unit of Hardware at various times during the Lease as specified in the applicable Schedule; however, in no event will the Stipulated Loss Value of a Hardware unit exceed its fair market value.

2. <u>Lease</u>.

(a) Lessor and Lessee intend that this MOLA constitute an operating lease and a true lease as those terms are defined in the Statement of Financial Accounting Standards No. 13 and as provided for under the Uniform Commercial Code – Leases, Tex. Bus. & Comm. Code Article 2A. Under no circumstances shall this MOLA or any Schedules entered into under it be construed as a "finance lease" as defined in Tex. Bus. & Comm. Code § 2A.103 (7). In addition, Lessor acknowledges that Lessee is not a "merchant lessee" for purposes of Tex. Bus. & Comm. Code § 2A.511.

(b) Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Assets described on each Schedule. Each such Schedule constitutes a separate agreement between Lessor and Lessee. In addition, each Schedule is subject to the terms and conditions of this MOLA as if a separate MOLA were executed for such Schedule by the parties.

(c) In the event of Lessee's rightful rejection of the Assets as specified in Section 10 ("Inspection and Acceptance") of this MOLA, Lessee shall have the right, at its sole option, to cancel this Lease as to the rejected Assets or as to all of the Assets to be leased under the Schedule applicable to such Assets. Upon cancellation, Lessee shall have no obligations under this MOLA with respect to the portion of this Lease so cancelled.

Example

(d) Each Lessee has made an independent legal and management determination to enter into each Schedule. DIR has not offered or provided any legal or management advice to Lessor or to any Lessee under any Schedule. Lessee may negotiate additional terms or more advantageous terms with Lessor to satisfy individual procurements in which case such terms shall be set forth in a Rider to the MOLA or the Schedule. To the extent that any of the provisions of the MOLA conflict with any of the terms contained in any Schedule, the terms of this MOLA shall control.

(e) If more than one Lessee is named in a Schedule, the liability of each named Lessee shall be joint and several. However, unless DIR leases Assets for its own use, DIR is not a party to any Schedule executed under this MOLA and is not responsible for Rent Payments or any other obligations under such Lessee's Schedule. The invalidation, fulfillment, waiver, termination, or other disposition of any rights or obligations of either a Lessee or Lessor (or both of them) arising from the use of this MOLA in conjunction with any one Schedule shall not affect the status of the rights or obligations of either or both of those parties arising from the use of this MOLA in conjunction with any other Schedule, except in the Event of Default as provided in Section 23 ("Default") of this MOLA.

3. Term of MOLA.

The term of this MOLA shall commence (a) upon commencement of the term of the Contract, if this MOLA was agreed to under the Contract, or (b) on the Effective Date specified in Amendment Number (XX), if this MOLA is added to the Contract under such Amendment. The term of this MOLA shall continue until the last to occur of the following: (i) the Schedule Term of each Schedule entered into by the parties has expired or been terminated, or (ii) the Contract has expired or been terminated. In the event of any termination or expiration of the Contract or termination of this MOLA, any provisions of the Contract and this MOLA as may be necessary to preserve the rights of Lessor or Lessee hereunder shall survive said termination or expiration.

4. Term of Schedule.

The term for each Schedule agreed to by a Lessee and Lessor under this MOLA shall commence on the date specified in the Lessee Certificate of Acceptance, as described in Section 10, unless earlier terminated as provided for herein, the Schedule shall continue for the number of whole months or other payment periods set forth in it (the "Schedule Term"). Specifically with respect to Hardware, under no circumstances shall the Schedule Term exceed seventy five percent (75%) of the economic life of the Hardware, nor shall the present value of the Rent Payments for the Hardware on the Schedule Commencement equal or exceed ninety percent (90%) of the value of the Hardware. Lessee shall provide confirmation that its lease of assets satisfies the two foregoing percentage limitations. The Schedule Term may be earlier terminated upon: (i) the non-appropriation of funds pursuant to Section 8 ("Appropriation

Example

of Funds") of this MOLA, (ii) an Event of Loss, (iii) an Event of Default by Lessee and Lessor's election to cancel the Schedule pursuant to Section 24 ("Remedies") of this MOLA, (iv) an event of default or other breach of this Agreement by Lessor and Lessee's election to cancel the Schedule pursuant to Section 24 ("Remedies") of this MOLA, or (v) as otherwise set forth herein.

5. Administration of MOLA.

(a) When a prospective Lessee wishes to lease Assets under this MOLA, the prospect will submit its request directly to Lessor. Lessor shall apply the applicable pricing discounts as stated in Section 4 of the Contract or the price as agreed upon by Lessee and Lessor in the applicable Schedule, whichever is lower and submit the lease proposal to the prospective Lessee. If the prospective Lessee wishes to proceed to lease Assets based on the proposal, Lessor will negotiate the applicable Rent Payment, availability of Assets, and term of the Lease directly with the prospective Lessee.

(b) With respect to Lessor's obligations under Section 5 of the Contract to report the sale and make payment of the DIR administrative fee as defined in that Section, all leasing activities in conjunction to this MOLA shall be treated as a "purchase sale." Notwithstanding treatment of this Lease as a "purchase sale" as to the transaction between Lessor and DIR under the Contract, however, under no circumstances shall this MOLA be construed as creating anything other than a true lease and operating lease as stated in Section 2 ("Lease") hereof for the transaction(s) between Lessor and Lessee.

(c) Upon agreement by Lessor and Lessee on the applicable Rent Payment, availability, Lease term, and the like, Lessee may issue a purchase order in the amount indicated on the applicable Schedule to Lessor for the Assets and reference the Contract number on the purchase order. Any pre-printed terms and conditions on the Schedule issued by Lessor (with respect to any item other than the specific Assets which are the subject of the Lease, the Schedule Term, and the Rent Payments), Lessor's order acknowledgement form or the like shall not be effective with respect to the lease of Assets hereunder. Rather, the terms and conditions of this MOLA shall control in all respects.

(d) Until a Schedule is entered into by Lessor and a Lessee per the process set forth in this MOLA, neither DIR nor any Lessee is obligated under this MOLA to lease Assets from Lessor nor is Lessor obligated under this MOLA to lease Assets to a Lessee.

6. Rent Payments.

(a) During the Schedule Term and any renewal terms agreed to by Lessee as specified herein, Lessee agrees to pay Lessor the Rent Payments set forth in the relevant Schedule for each Asset. Rent Payments shall be the amount equal to the Rent Payment amount specified in the Schedule multiplied by the amount of the total number of Rent Payments specified therein. Lessee shall pay Rent Payments

Example

in the amount and on the due dates specified by Lessor until all Rent Payments and all other amounts due under the Schedule have been paid in full. If the Schedule Commencement Date is other than the first day of a month, Lessee shall make an initial payment on the Schedule Commencement Date in an amount equal to one-thirtieth of the Rent Payment specified in the Schedule for each day from the Schedule Commencement Date (including the Schedule Commencement Date) through the last day of such month (including that day). For example, if a scheduled payment amount is $3,000 and the Scheduled Commencement date is the 15th of the month, a payment of $1,500 will be made. Under no circumstances shall the present value of the Rent Payments exceed ninety percent (90%) of the value of the Assets.

(b) Any amounts received by Lessor from Lessee in excess of Rent Payments and any other sums required to be paid by Lessee shall be refunded to Lessee within ninety (90) calendar days. All Rent Payments shall be paid to Lessor at the address stated on the Schedule or any other such place as Lessor or its assigns may hereafter direct to Lessee. Lessee shall abide by Appendix A, Section 8J of the Contract in making payments to Lessor. Lessor's (including its assignees') remedy for late payments is as set forth in Chapter 2251, Texas Government Code.

Lessee acknowledges and agrees, except as specifically provided for in Section 8 ("Appropriation of Funds") of this MOLA and excluding claims resulting from a breach of Lessor's obligations as set forth in this MOLA or any Schedule or of Lessee's rights under Section 16 ("Quiet Enjoyment") hereof, that Lessee's obligation to pay Rent and other sums payable hereunder, shall not be abated, reduced or subject to offset or diminished as a result of any past, present or future claims Lessee may have against Lessor under this Lease. Notwithstanding the foregoing, nothing in this Section or any other provision of this MOLA shall affect or preclude Lessee from enforcing any and all other rights it may have against Lessor and its assignees under this MOLA or otherwise affect any right Lessee may have against the manufacturer or licensor of the Assets or any party other than Lessor.

7. Liens.

Lessee shall keep the Assets free and clear of all levies, liens and encumbrances, and shall give Lessor immediate notice of any attachment or other judicial process affecting any item of the Assets.

8. Appropriation of Funds.

Lessee intends to continue each Schedule to which it is a party for the Schedule Term and to pay the Rent and other amounts due hereunder. Lessee reasonably believes that legally available funds in an amount sufficient to pay all Rent during the Schedule Term can be obtained. Lessee further intends to act in good faith to do those things reasonably and lawfully within its power to obtain and maintain funds from which the Rent may be paid. Notwithstanding the foregoing, in the event sufficient funds are not appropriated

Example

to continue the Schedule Term for any fiscal period (as set forth on the Schedule) of Lessee beyond the fiscal period first in effect at the commencement of the Schedule Term, Lessee may terminate the Schedule with regard to those of the Assets on the Schedule so affected. Lessee shall endeavor to provide Lessor with written notice sixty (60) days prior to the end of its current Fiscal Period confirming which Assets on the Schedule will be so affected by the termination. All obligations of Lessee to make Rent Payments due with respect to those Assets after the end of the Fiscal Period for which such termination applies will cease, all interests of Lessee in those Assets will terminate, Lessee shall surrender those Assets in accordance with Section 15 ("Option to Extend; Surrender of Assets") of this MOLA, and the applicable Schedule shall be deemed amended. Lessee represents and warrants it has adequate funds to meet its obligations during the first fiscal period of the Schedule Term. Lessor and Lessee intend that the obligation of Lessee to make Rent Payments under this MOLA shall constitute a current expense of Lessee and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the general revenues, funds or monies of Lessee or the State of Texas, as applicable, beyond the fiscal period for which sufficient funds have been appropriated to make Rent Payments hereunder.

9. Assignment of Warranties.

Each Schedule is intended to be a true lease and operating lease as defined in Tex. Bus. & Comm. Code Article 2A. Lessor has acquired or will acquire the Assets in connection with this MOLA and hereby agrees to assign to Lessee any warranties provided to Lessor with respect to the Assets during the Term of the applicable Schedule, to the extent the warranties are assignable. Unless Lessor is the manufacturer or is otherwise liable under the Contract, Lessor shall not be liable for damages for any reason for any act or omission of the manufacturer of the Assets. Except as provided in Section 24 ("Remedies") hereof, Lessee acknowledges that none of the following shall relieve Lessee from the obligations under this MOLA during the Schedule Term unless due to Lessor's acts or omissions: (i) Lessee's dissatisfaction with any unit of the Assets, (ii) the failure of an Asset to remain in useful condition for the Schedule Term, or (iii) the loss or right of possession of the Assets (or any part thereof) by Lessee. Lessee shall have no right, title or interest in or to the Assets except the right to use the same upon the terms and conditions herein contained. The Assets shall remain the sole and exclusive personal property of Lessor and not be deemed a fixture whether or not it becomes attached to any real property of Lessee.

10. Inspection and Acceptance.

Promptly upon delivery of the Assets, Lessee will inspect and test the Assets. No later than twenty (20) business days following its date of delivery (or, if the Assets are part of a system, the date of last delivery of the Assets comprising the system), Lessee will execute and deliver either (i) a Certificate of Acceptance, or (ii) written notification of any defects in the Assets. If Lessee has not given notice within such time

Example

period, the Assets shall be deemed accepted by Lessee as of the twentieth (20th) business day, as described above. In the event Lessee does not accept the Assets, Vendor will promptly remove the Assets from Lessee's premises and deliver conforming Assets within ten (10) business days thereafter. If conforming Assets are not delivered within that timeframe, Lessee may terminate the Schedule on written notice to Lessor. Lessee's acceptance of any Assets shall not be deemed to waive any rights Lessee may have against the manufacturer or licensor, as applicable. Lessor and its assigns, including either of their respective agents shall have the right to inspect the Assets upon reasonable notice to Lessee and during normal business hours provided that anyone who does so has first executed a non-disclosure agreement acceptable to Lessee.

11. Installation and Delivery; Use of Assets; Repair and Maintenance.

(a) Except as set forth in this MOLA, all transportation, delivery, installation, and de-installation costs associated with the Assets shall be borne by Lessee. Lessee shall provide a place of installation for the Assets, which conforms to the requirements of the manufacturer and Lessor.

(b) Subject to the terms hereof, Lessee shall be entitled to use the Assets for the conduct of its business in compliance with all laws, rules, and regulations of the jurisdiction in which the Assets are located. Lessee shall not use or permit the use of the Assets for any purpose for which, according to the specification of the manufacturer, the Assets are not designed.

(c) Lessee, at its expense, shall take good and proper care of the Hardware and make all repairs and replacements necessary to maintain and preserve the Hardware and keep the Hardware in good order and condition (reasonable wear and tear excepted). Unless Lessor shall otherwise consent in writing, Lessee shall, at its own expense, enter into and maintain in force a maintenance agreement covering each Hardware unit. Lessee shall furnish Lessor with a copy of such agreement, upon request. Lessee shall not make any alterations, additions, or improvements, or add attachments to the Hardware without the prior written consent of Lessor, except for additions or attachments to the Hardware leased by Lessee from Lessor or purchased by Lessee from the manufacturer of the Hardware (or an authorized distributor of the manufacturer) or any other person approved by Lessor. Lessee shall affix on a prominent place on each item of Hardware any tags, decals or labels supplied by Lessor to Lessee which describe the ownership of the Hardware. Subject to the provisions of Section 15(b) under "Option to Extend; Surrender of Hardware and Software Assets," Lessee agrees to restore the Hardware to Return Condition prior to its return to Lessor.

12. Relocation of Hardware and Software.

Except as set forth on the applicable Schedule, Lessee shall at all times keep the Hardware and Software within its exclusive possession and control. Lessee may move the Hardware or Software to another

Example

location of Lessee within the continental United States, provided Lessee is not in default on any Schedule and pays all costs associated with such relocation. If such relocation requires Lessor's prior written consent, Lessee shall obtain such consent prior to relocating the Hardware or Software, as applicable, which consent Lessor shall not unreasonably withhold. Notwithstanding the foregoing, in those situations where consent is otherwise required, Lessee may move the Hardware or Software to another location within Texas without notification to, or the consent of, Lessor; provided, however, that not later than December 31 of each calendar year, Lessee shall provide Lessor a written report detailing the total amount of Hardware and Software at each location of Lessee as of that date, and the complete address for each location. Lessor shall make all filings and returns for property taxes due with respect to the Hardware and Software, and Lessee agrees that it shall not make or file any property tax returns, including information returns, with respect to the Hardware and Software.

13. Taxes.

Unless otherwise agreed by the parties on the applicable Schedule, Lessor will pay any Imposition or file any forms or returns with respect thereto. Lessee shall, when billed, and with copy of Imposition invoice(s) with respect to Assets specified on the Schedule, reimburse Lessor for such payment. For purposes of this paragraph "Impositions" means all taxes, including personal property taxes and fees, without pro-ration as described in the Financial Disclosure Summary Work Sheet (Attachment 1) hereafter imposed, assessed or payable during the term of the relevant Schedule including any extension thereof. Because the reimbursement date for an Imposition may occur after the expiration or termination of the term of the relevant Schedule, it is understood and agreed that Lessee's liability to reimburse for such Impositions shall survive the expiration or termination of the term of the relevant Schedule.

14. Ownership.

The Hardware and Software shall at all times be and remain the sole and exclusive property of Lessor, subject to the parties' rights under any applicable software license agreement. Lessee shall have no right, title or interest in the Hardware except a leasehold interest as provided for herein. Lessee agrees that the Hardware shall be and remain personal property and shall not be so affixed to realty as to become a fixture or otherwise to lose its identity as the separate property of Lessor. Upon Lessor's request, Lessee will enter into agreements necessary to ensure that the Hardware remains the personal property of Lessor.

15. Option to Extend; Surrender of Hardware and Software Assets.

(a) Not less than ninety (90) days prior to the expiration of the initial Schedule Term, Lessor shall notify Lessee in writing of options to extend the Schedule for continued use of the Hardware or Software specified in that Schedule. If Lessee desires to exercise any of the options offered by Lessor (and provided that, with respect to Hardware, any extension does not exceed seventy five percent (75%) of

Example

its economic life), Lessee shall give Lessor irrevocable written notice of the option Lessee intends to exercise at least forty-five (45) days before the expiration of such Schedule Term. In the event the Lease is extended for some but not all of the Hardware and Software specified on a Schedule, the Schedule shall be updated to reflect those changes. At the end of the Schedule Term (as well as with respect to any Hardware and Software not extended as described immediately above), Lessee will surrender and return the Hardware and Software to Lessor in compliance with Section 15(b) below.

(b) Except as specified otherwise herein, upon the expiration, early termination as provided herein, or final termination of the Schedule, Lessee, at its cost and expense, shall promptly return the Hardware, freight prepaid, to Lessor in good repair and working order, with reasonably unblemished physical appearance and with no defects which affect the operation or performance of the Hardware ("Return Condition"), reasonable wear and tear excepted. If the Hardware is not in Return Condition, Lessee shall, at its option, either restore the Hardware (at Lessee's cost) to Return Condition or pay for the Hardware at its Stipulated Loss Value if the Hardware is not reasonably repairable. Lessee shall arrange and pay for the de-installation and packing of the Hardware in suitable packaging, and return the Hardware to Lessor at the location specified by Lessor; provided, however, that such location shall be within the United States no farther than 500 miles from the original Lessee delivery location, unless otherwise agreed to on the applicable Schedule. At its option and expense, Lessor shall have the right to supervise and direct the preparation of the Hardware for return. If, upon termination or expiration of the Schedule for any reason, Lessee fails or refuses to return to Lessor a Hardware unit or Software program specified in that Schedule or to pay Lessor the Stipulated Loss Value for a Hardware unit, Lessee shall remain liable for Rent Payments for that unit or program up to the date on which the unit or program is returned to the address specified by Lessor (or on which Lessee has paid Lessor the Stipulated Loss Value). In such event and specifically with respect to the Hardware, Lessor shall also have the right to enter Lessee's premises or any other premises where the Hardware may be found upon reasonable written notice to the Lessee and during normal business hours, and subject to Lessees reasonable safety and security requirements to take possession of and to remove the Hardware, at Lessee's sole cost and expense, without legal process. Lessee understands that it may have a right under law to notice and a hearing prior to repossession of the Hardware. However, as an inducement to Lessor to enter into a transaction, but only to the extent that Lessee, if a state agency, has statutory authority to do so, Lessee hereby expressly waives all rights conferred by existing law to notice and a hearing prior to such repossession by Lessor or any officer authorized by law to effect repossession and hereby releases Lessor from all liability in connection with such repossession except as provided by Paragraph b. Without waiving the doctrines of sovereign immunity and immunity from suit and to the extent authorized by the Constitution and laws of the State of Texas, Lessee's obligation to return Hardware may, at Lessor's option, be specifically enforced by Lessor.

Example

16. Quiet Enjoyment.

During the Schedule Term, Lessor shall not interfere with Lessee's quiet enjoyment and use of the Assets as long as an Event of Default (as hereinafter defined in Section 23 ("Default") of the MOLA) has not occurred.

17. Warranties regarding the Assets.

Lessor acknowledges that warranties made by the manufacturer or licensor of the Assets, if any, inure to the benefit of Lessee. Lessee agrees to pursue any warranty claim directly against such manufacturer or licensor of the Assets and shall not pursue any such claim against Lessor.

18. No Warranties by Lessor regarding the Assets.

Except as set forth in the Contract, Lessee acknowledges that Lessor is not the manufacturer or licensor of the Hardware or Software Assets. Lessee agrees that Lessor makes no representations or warranties of whatsoever nature, directly or indirectly, express or implied, as to the suitability, durability, fitness for use, merchantability, condition, or quality of the Hardware or Software Assets or any unit thereof. Except to the extent Lessor is the manufacturer or licensor of the Hardware or Software Assets, Lessee specifically waives all right to make claim against Lessor for breach of any warranty of any kind whatsoever; and with respect to Lessor, Lessee leases the Hardware and Software "as is". Except to the extent Lessor is the manufacturer or licensor of the Hardware or Software Assets, Lessor shall not be liable to Lessee for any loss, damage, or expense of any kind or nature caused directly or indirectly by any Hardware or Software leased hereunder, or by the use or maintenance thereof, or by the repairs, service or adjustment thereto or any delay or failure to provide any thereof, or by any interruption of service or loss of use thereof, or for any loss of business or damage whatsoever and howsoever caused. Lessor agrees to assign to Lessee, upon Lessee's request therefor, any warranty of a manufacturer or licensor or seller relating to the Hardware and Software that may have been given to Lessor.

19. Risk of Loss.

Commencing upon delivery and continuing throughout the Schedule Term, Lessee shall bear the entire risk of loss or damage in respect to the Hardware specified on the Schedule, whether partial or complete, from any cause whatsoever. Lessee shall promptly notify Lessor regarding any Event of Loss. Upon any Event of Loss, Lessee shall, at its option: (a) immediately repair the affected Hardware so that it is in good condition and working order, (b) replace the affected Hardware with identical equipment of at least equal value, in good condition and repair, and transfer clear title thereto to Lessor, or (c) to the extent permitted by law, pay to Lessor, within thirty (30) days of the Event of Loss, an amount equal to the Stipulated Loss Value for such affected Hardware unit, plus any other unpaid amounts then due under the Schedule. If an

Example

Event of Loss occurs as to part of the Hardware for which the SLV is paid, a prorated amount of each Rent Payment shall abate from the date the SLV payment is received by Lessor. The SLV shall be an amount equal to the sum of all future Rent Payments from the last Rent Payment date to the end of the Schedule Term with such Rent Payments discounted to present value at the like-term Treasury Bill rate for the remaining Schedule Term in effect on the date of such Event of Loss, or if such rate is not permitted by law, then at the lowest permitted rate.

In the event of a governmental taking of a Hardware unit for an indefinite period or for a stated period, which does not extend beyond the Schedule Term, all obligations of Lessee with respect to such Hardware unit (including payment of Rent) shall continue. So long as Lessee is not in default hereunder, Lessor shall pay to Lessee all sums received by Lessor from the government by reason of such taking.

20. <u>Representations and Warranties of Lessee</u>.

Lessee represents and warrants for the benefit of Lessor and its assigns, and Lessee will provide an opinion of counsel to the effect that, as of the time of execution of the MOLA and each Schedule between Lessor and Lessee:

(a) Lessee is either a Texas state agency or Texas local government, as defined in Section 2054.003, Texas Government Code (including institutions of higher education as defined in Section 2054.003 (8-a), Texas Government Code) or a state agency purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code. Lessee has made an independent legal and management determination to enter into this transaction;

(b) Each Schedule executed by Lessee has been duly authorized, executed and delivered by Lessee and constitutes a valid, legal and binding true lease and operating lease agreement of Lessee, enforceable in accordance with its terms;

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by Lessee of any Schedule between Lessor and Lessee;

(d) The entering into and performance of any Schedule between Lessor and Lessee, this MOLA or any Schedule will not violate any judgment, order, law or regulation applicable to Lessee or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon assets of Lessee or on the Hardware or Software leased under any Schedule between Lessor and Lessee pursuant to any instrument to which Lessee is a party or by which it or its assets may be bound;

Example

(e) To the best of Lessee's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting Lessee, which if determined adversely to Lessee will have a material adverse effect on the ability of Lessee to fulfill its obligations under the MOLA or any Schedule between Lessor and Lessee;

(f) The use of the Assets is essential to Lessee's proper, efficient and economic operation, and Lessee will sign and provide to Lessor upon execution of each Schedule between Lessor and Lessee hereto written certification to that effect; and

(g) Lessee represents and warrants that (i) It has authority to enter into any Schedule under this MOLA, (ii) the persons executing a Schedule have been duly authorized to execute the Schedule on Lessee's behalf, (iii) all information supplied to Lessor is true and correct, including all credit and financial information and (iv) it is able to meet all its financial obligations, including the Rent Payments hereunder.

21. <u>Representation and Warranties of DIR</u>.

DIR represents and warrants for the benefit of Lessor and its assigns, and DIR will provide an opinion of counsel to the effect that, as of the time of execution of the MOLA:

(a) DIR is a State agency as defined in Section 2251.001, Texas Government Code. DIR has not provided Lessee or Lessor with any legal or management advice regarding the MOLA or any Schedule executed pursuant thereto;

(b) This MOLA has been duly authorized, executed and delivered by DIR and constitutes a valid, legal and binding agreement of DIR, enforceable in accordance with its terms;

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or governmental authority or instrumentality with respect to the entering into or performance by DIR of this MOLA;

(d) The entering into and performance of the MOLA does not violate any judgment, order, law or regulation applicable to DIR or result in any breach of, constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon assets of DIR or on the Hardware or Software pursuant to any instrument to which DIR is a party or by which it or its assets may be bound;

Example

(e) To the best of DIR's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting DIR, which if determined adversely to DIR will have a material adverse effect on the ability of DIR to fulfill its obligations under the MOLA;

(f) DIR is authorized to charge and collect the administrative fee as set forth within Section 5 of the Contract; and

(g) Lessor's payment of the administrative fee to DIR shall not constitute an illegal gratuity or otherwise violate Texas law.

22. <u>Representations and Warranties of Lessor</u>.

Lessor represents and warrants for the benefit of DIR and each Lessee:

(a) Lessor is an entity authorized and validly existing under the laws of its state of organization, is authorized to do business in Texas, and is not in default as to taxes owed to the State of Texas and any of its political subdivisions;

(b) The MOLA and each Schedule executed in conjunction to this MOLA have been duly authorized, executed and delivered by Lessor and constitute valid, legal and binding agreements of Lessor, enforceable with respect to the obligations of Lessor herein in accordance with their terms;

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by Lessor of this MOLA or any Schedule;

(d) The entering into and performance of the MOLA or any Schedule will not violate any judgment, order, law or regulation applicable to Lessor or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon the assets of Lessor, including the Hardware or Software leased under the MOLA and Schedules thereto, pursuant to any instrument to which Lessor is a party or by which it or its assets may be bound;

(e) To the best of Lessor's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting Lessor, which if determined adversely to Lessor will have a material adverse effect on the ability of Lessor to fulfill its obligations under the MOLA or any Schedule;

(f) Lessor acknowledges that DIR and any Lessee that is a state agency, as government agencies, are subject to the Texas Public Information Act, and that DIR and Lessees that are state agencies will

Example

comply with such Act, including all opinions of the Texas Attorney General's Office concerning this Act.

23. Default.

Lessee shall be in default under a Schedule upon the occurrence of any one or more of the following events (each an "Event of Default"): (a) nonpayment or incomplete payment by Lessee of Rent or any other sum payable on its due date; (b) Lessee's material breach of this MOLA, any Schedule, or any applicable software license agreement, which is not cured within thirty (30) days after written notice thereof from Lessor; (c) Lessee's filing of any proceedings commencing bankruptcy or the taking of other similar action by Lessee under any state insolvency or similar law, (d) the filing of any involuntary petition against Lessee or the appointment of any receiver not dismissed within sixty (60) days from the date of said filing or appointment; (e) subjection of a substantial part of Lessee's property or any part of the Hardware to any levy, seizure, assignment or sale for or by any creditor or governmental agency; or (f) any representation or warranty made by Lessee in this MOLA, any Schedule or in any document furnished by Lessee to Lessor in connection therewith or with the acquisition or use of the Assets being or becoming untrue in any material respect.

24. Remedies.

(a) Lessor's Remedies.

i. Upon the occurrence of an "Event of Default," Lessor may, in its sole discretion, do any one or more of the following:

A. after giving thirty (30) days prior written notice to Lessee of the Event of Default, during which time Lessee shall have the opportunity to cure such Default, terminate any or all Schedules executed by Lessor and the defaulting Lessee;

B. without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, Lessor may proceed by appropriate court action to enforce the performance of the terms of the Schedule;

C. after giving thirty (30) days prior written notice to Lessee of the Event of Default, during which time Lessee shall have the opportunity to cure such Default, and whether or not the Schedule is terminated, take possession of the Hardware and Software wherever located, without additional demand, liability, court order or other process of law. To the extent permitted by Texas law, Lessee hereby authorizes Lessor, its assigns or the agents of either to enter upon

Example

the premises where such Hardware or Software is located or cause Lessee, and Lessee hereby agrees, to return such Hardware and Software to Lessor in accordance with the requirements of Section 15 ("Option to Extend; Surrender of Hardware and Software Assets") hereof;

D. by notice to Lessee, and to the extent permitted by law, declare immediately due and payable and recover from Lessee, as liquidated damages and as a remedy, the sum of:

I. the present value of the Rent owed from the earlier of the last date of payment by Lessee or the date Lessor obtains a judgment against Lessee until the end of the Schedule Term plus, if the Hardware is not returned to or repossessed by Lessor, the present value of the Stipulated Loss Value of the Hardware at the end of the Schedule Term, each discounted at a rate equal to the rate used by Lessor for business opportunity analysis;

II. without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, costs, fees (including all attorneys' fees and court costs) and expenses associated with collecting said sums; and

III. interest on (I) from the date of default at 1½ % per month or portion thereof (or the highest rate allowable by law, if less) and, on (II) from the date Lessor incurs such fees, costs or expenses.

ii. Upon return or repossession of the Hardware, Lessor may, if it so decides in its sole discretion, upon notice to Lessee, use reasonable efforts to sell, re-lease or otherwise dispose of such Hardware, in such manner and upon such terms as Lessor may determine in its sole discretion, so long as such manner and terms are commercially reasonable. Upon disposition of the Hardware, Lessor shall credit the Net Proceeds (as defined below) to the damages paid or payable by Lessee. Proceeds upon sale of the Hardware shall be the sale price paid to Lessor less the Stipulated Loss Value in effect as of the date of default. Proceeds upon a re-lease of the Hardware shall be all rents to be received for a term not to exceed the remaining Schedule Term, discounted to present value as of the commencement date of the re-lease at Lessor's current applicable debt rate. Without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, "Net Proceeds" shall be the Proceeds of sale or re-lease as determined above, less all costs and expenses incurred by Lessor in the recovery, storage and repair of the Hardware, in the remarketing or disposition thereof, or otherwise as a result of Lessee's default, including any court costs and attorney's fees and interest on the foregoing at eighteen percent (18%) per annum or the highest rate allowable by law, if less, calculated from the dates such costs and expenses were incurred until received by Lessor. Lessee shall remain liable for the amount by which all sums, including liquidated

Example

damages, due from Lessee exceeds the Net Proceeds. Net Proceeds in excess thereof are the property of and shall be retained by Lessor.

iii. No termination, repossession or other act by Lessor in the exercise of its rights and remedies upon an Event or Default by Lessee shall relieve Lessee from any of its obligations hereunder. No remedy referred to in this Section is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity.

iv. Neither DIR nor non-defaulting Lessees shall be deemed in default under the MOLA or Schedules because of the default of a particular Lessee. Lessor's remedies under this Section 24 shall not extend to DIR and those non-defaulting Lessees.

(b) Lessee's Remedies. Anything herein to the contrary notwithstanding, Lessee shall have all rights provided under Tex. Bus. & Comm. Code § 2A.508 through § 2A.522, including without limitation, the right to cancel a Schedule and recover damages from Lessor in the event of nonperformance of or other default by Lessor hereunder.

(c) Each party agrees that any delay or failure by the other party to enforce that party's rights under this MOLA or a Schedule does not prevent that party from enforcing its rights at a later time.

25. <u>Notices and Waivers</u>.

(a) All notices relating to this MOLA shall be delivered to DIR or Lessor as specified in Section 6 of the Contract, or to another representative and address subsequently specified in writing by the appropriate parties hereto. All notices relating to a Schedule shall be delivered in person to an officer of Lessor or Lessee or shall be given by certified or registered mail or overnight carrier to Lessor or Lessee at its respective address shown on the Schedule or to another address subsequently specified in writing by the appropriate parties thereof. DIR, Lessee, and Lessor intend and agree that a photocopy or facsimile of this MOLA or a Schedule and all related documents, including but not limited to the Acceptance Certificate, with their signatures thereon shall be treated as originals, and shall be deemed to be as binding, valid, genuine, and authentic as an original signature document for all purposes.

(b) A waiver of a specific default shall not be a waiver of any other or subsequent default. No waiver of any provision of this MOLA or a provision of a Schedule shall be a waiver of any other provision or matter, and all such waivers shall be in writing and executed by an officer of the waiving party. No failure on the part of a party to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof.

Example

26. Assignment by Lessor; Assignment or Sublease by Lessee.

(a) Upon thirty (30) days advance written notice to Lessee and provided that any such assignee expressly assumes Lessor's obligations under this MOLA and each Schedule, Lessor may (i) assign all or a portion of Lessor's right, title and interest in this MOLA and/or any Schedule; (ii) grant a security interest in the right, title and interest of Lessor in the MOLA, any Schedule and/or any Asset; and/or (iii) sell or transfer its title and interest as owner or licensor of the Hardware and Software and/or as Lessor under any Schedule; and DIR and each Lessee leasing Hardware under the MOLA understand and agree that Lessor's assigns may each do the same (hereunder collectively "Assignment"). All such Assignments shall be subject to each Lessee's rights under the Schedule(s) executed between it and Lessor and to DIR's rights under the MOLA. Each Lessee leasing Assets through Schedules under this MOLA and DIR hereby consent to such Assignments and agree to execute and deliver promptly such acknowledgements, Opinions of Counsel and other instruments reasonably requested to effect such Assignment. Lessor shall remain liable for performance under the MOLA and any Schedule(s) executed hereunder to the extent Lessor's assigns do not perform Lessor's obligations under the MOLA and Schedule(s) executed hereunder. Upon any such Assignment, all references to Lessor shall also include all such assigns, whether specific reference thereto is otherwise made herein.

(b) Lessee will not sell, assign, sublet, pledge or otherwise encumber, or permit a lien to exist on or against any interest in this MOLA or the Assets without Lessor's prior written consent except otherwise permitted under this MOLA; provided, however, that no such prior written consent from Lessor is necessary in the event of a legislative mandate to transfer the MOLA to another state agency.

27. Delivery of Related Documents.

For each Schedule, Lessee will provide the following documents and information satisfactory to Lessor: (a) Certificate of Acceptance (if Acceptance has taken place); (b) Opinion of Counsel; (c) Financial Statements; (d) incumbency certificate; and (e) other documents specified in the applicable Schedule as being reasonably required by Lessor.

28. Miscellaneous.

(a) Prior to delivery of any Assets, the obligations of Lessor hereunder shall be suspended to the extent that it is hindered or prevented from performing because of causes beyond its control. In such event, the obligation of Lessee to commence Rents for such Assets shall also be suspended.

(b) Lessor and Lessee acknowledge that there are no agreements or understanding, written or oral, between them with respect to the Assets, other than as set forth in this MOLA, including the Contract, and in each Schedule to which Lessee is a signatory party. Lessor and Lessee further acknowledge that

Example

this MOLA, including the Contract, and each Schedule to which Lessee is a party contain the entire agreement between Lessor and Lessee and supersedes all previous discussions and terms and conditions of any purchase orders issued by Lessee, order acknowledgement and other forms issued by Lessor, and the like. DIR and Lessor acknowledge that there are no agreements or understandings, written or oral, between them other than as set forth in this MOLA and the Contract and that both contain the entire agreement between them. The terms and conditions of this MOLA may be amended only by written instrument executed by Lessor and DIR. The terms of a Schedule may only be amended in a writing signed by both Lessee and Lessor.

Appendix G
MASTER LEASE AGREEMENT

1. Scope.

Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor the Equipment described on each Supplementary Schedule ("Schedule"), which is a separate agreement executed from time to time by Lessor and Lessee and makes specific reference to this Master Lease Agreement ("MLA"). The terms and conditions contained herein shall apply to each Schedule that is properly executed in conjunction with this MLA and made subject to such terms and conditions as if a separate MLA were executed for each Schedule by the Lessee. Each Lessee has made an independent legal and management determination to enter into each Schedule. DIR has not offered or given any legal or management advice to the Lessor or to any Lessee under any Schedule. Lessee may negotiate additional terms or more advantageous terms with the Lessor to satisfy individual procurements, such terms shall be developed by the Lessor and Lessee and stated within a Rider to the MLA or the Schedule. To the extent that any of the provisions of the MLA conflict with any of the terms contained in any Schedule, the terms of the Schedule shall control. It is expressly understood that the term "Equipment" shall refer to the Products and any related Services as allowed within said Contract number DIR-TSO-XXX, as described on a Schedule and any associated items therewith, including but not limited to all parts, replacements, additions, repairs, and attachments incorporated therein and/or affixed thereto, all documentation (technical and/or user manuals), operating system and application software as needed.

If more than one Lessee is named in a Schedule, the liability of each named Lessee shall be joint and several. However, unless DIR leases Equipment for its own use, DIR is not a party to any Schedule executed under this MLA and is not responsible for Rents, payments or any other obligations under such Lessee's Schedule. The invalidation, fulfillment, waiver, termination, or other disposition of any rights or obligations of either a Lessee or the Lessor or both of them arising from the use of this MLA in conjunction with any one Schedule shall not affect the status of the rights or obligations of either or both of those parties arising from the use of this MLA in conjunction with any other Schedule, except in the Event of Default as provided in Section 23 of this MLA.

Any reference to "MLA" shall mean this Agreement, including the Opinion of Counsel, and any riders, amendments and addenda thereto, and any other documents as may from time to time be made a part hereof upon mutual agreement by DIR and Lessor.

As to conditions precedent to Lessor's obligation to purchase any Equipment, (i) Lessee shall accept the MLA terms and conditions as set forth herein and execute all applicable documents such as the Schedule, the Acceptance Certificate, Opinion of Counsel, and any other documentation as may be required by the

Example

Lessor that is not in conflict with this MLA, and (ii) there shall be no material adverse change in Lessee's financial condition except as provided for within Section 7 of this MLA.

2. Term of MLA.

The term of this MLA shall commence on the last date of approval by DIR and Lessor of Amendment Number XXX (XX) and shall continue until (i) the obligations of Lessee under every Schedule are fully discharged, (ii) the full and final expiration date of the Contract, or (iii) either party exercises their termination rights as stated within Appendix A, Section 11B of the Contract. In regards to either the Contract expiration date or Contract termination date or the termination of this MLA, before all obligations of Lessee under every Schedule are fully discharged, such Schedules and such other provisions of the Contract and this MLA as may be necessary to preserve the rights of the Lessor or Lessee hereunder shall survive said termination or expiration.

3. Term of Schedule.

The term for each Schedule, executed in conjunction to this MLA, shall commence on the date of execution of an Acceptance Certificate by the Lessee or twenty (20) days after the delivery of the last piece of Equipment to the Lessee ("Commencement Date"), and unless earlier terminated as provided for in the MLA, shall continue for the number of whole months or other payment periods as set forth in the applicable Schedule Term, commencing on the first day of the month following the Commencement Date (or commencing on the Commencement Date if such date is the first day of the month). The Schedule Term may be earlier terminated upon: (i) the Non-appropriation of Funds pursuant to Section 7 of this MLA, (ii) an Event of Loss pursuant to Section 18 of this MLA, or (iii) an Event of Default by Lessee and Lessor's election to cancel the Schedule pursuant to Section 24 of this MLA.

4. Administration of MLA.

(a) For requests involving the leasing of Equipment, each potential Lessee will submit its request directly to the Lessor. Lessor shall apply the then current Equipment pricing discounts as stated within the Contract or the price as agreed upon by Lessee and Lessor, whichever is lower. Lessor shall submit the lease proposal and all other applicable documents directly to the potential Lessee and negotiate the Schedule terms directly with the potential Lessee.

(b) All leasing activities in conjunction to this MLA shall be treated as a "purchase sale" in regards to the requirements of the Lessor to report the sale and make payment of the DIR administrative fee as defined within Section 5 of the Contract.

Example

(c) Upon agreement by Lessor and Lessee on pricing, availability and the like, Lessee may issue a purchase order in the amount indicated on the Schedule to Lessor for the Equipment and reference said Contract number DIR- TSO-XXX on the purchase order. Any pre-printed terms and conditions on the purchase order submitted by the Lessee shall not be effective with respect to the lease of Equipment hereunder. Rather, the terms and conditions of this MLA and applicable Schedule terms and conditions shall control in all respects.

(d) Nothing herein shall require the Lessor to use this MLA exclusively with Lessees. Further, this MLA shall not constitute a requirements Agreement and Lessor shall not be obligated to enter into any Schedule for the lease of Equipment with any Lessee.

5. Rent Payments.

During the Schedule Term and any renewal terms, Lessee agrees to pay Lessor Rent Payments. Rent Payments shall be the amount equal to the Rent Payment amount specified in the Schedule multiplied by the amount of the total number of Rent Payments specified therein. Lessee shall pay Rent Payments in the amount and on the due dates specified by Lessor until all Rent Payments and all other amounts due under the Schedule have been paid in full. If the Schedule Commencement Date is other than the first day of a month, Lessee shall make an initial payment on the Schedule Commencement Date in an amount equal to one-thirtieth of the Rent Payment specified in the Schedule for each day from the Schedule Commencement Date (including the Schedule Commencement Date) through the last day of such month (including that day). For example, if a scheduled payment amount is $3,000 and the Scheduled Commencement date is the 15th of the month, a payment of $1,500 will be made.

Any amounts received by Lessor from the Lessee in excess of Rent Payments and any other sums required to be paid by the Lessee shall be held as non-interest bearing security for Lessee's faithful performance under the conditions of this MLA and any Schedule. All Rent Payments shall be paid to the Lessor at the address stated on the Schedule or any other such place as the Lessor or its assigns may hereafter direct to the Lessee. Lessee shall abide by Appendix A, Section 8J of the Contract in making payments to the Lessor. Any sum received by the Lessor later than ten (10) business days after its due date will bear interest from such due date at the rate of one-percent (1%) per month (or the maximum rate allowable by law, if less) until paid. Late charges, attorney's fees and other costs or expenses necessary to recover Rent Payments and any other amounts owed by Lessee hereunder are considered an integral part of this MLA.

Each Schedule is a net lease and except as specifically provided herein, Lessee shall be responsible for all costs and expenses arising in connection with the Schedule or Equipment. Lessee acknowledges and agrees, except as specifically provided for in Section 7 of this MLA, that its obligation to pay Rent and other sums payable hereunder, and the rights of Lessor and Lessor's assignees, shall be absolute and unconditional in all events, and shall not be abated, reduced or subject to offset or diminished as a result

Example

of any event, including without limitation damage, destruction, defect, malfunction, loss of use, or obsolescence of the Equipment, or any other event, defense, counterclaim or recoupment due or alleged to be due by reason of any past, present or future claims Lessee may have against Lessor, Lessor's assigns, the manufacturer, vendor, or maintainer of the Equipment, or any person for any reason whatsoever.

"Price" shall mean the actual purchase price of the Equipment. Rent Payments shall be adjusted proportionately downward if the actual price of the Equipment is less than the estimate (original proposal), and the Lessee herein authorizes Lessor to adjust the Rent Payments downward in the event of the decrease in the actual Equipment price. However, in the event that the Equipment price is more than the estimate (original proposal), the Lessor may not adjust the Rent Payment without prior written approval of the Lessee.

6. Liens and Taxes.

Lessee shall keep the Equipment free and clear of all levies, liens and encumbrances, except those in favor of Lessor or its assigns, and shall give Lessor immediate notice of any attachment or other judicial process affecting any item of Equipment. Unless Lessee first provides proof of exemption therefrom, Lessee shall promptly reimburse Lessor, upon receipt of an accurate invoice, as an additional sum payable under this MLA, or shall pay directly if so requested by Lessor, all license and registration fees, sales, use, personal property taxes and all other taxes and charges imposed by any federal, state, or local governmental or taxing authority, from which the Lessee is not exempt, whether assessed against Lessee or Lessor, relating to the purchase, ownership, leasing, or use of the Equipment or the Rent Payments, excluding all taxes computed upon the net income of Lessor. Any tax statement received by the Lessor, for taxes payable by the Lessee, shall be promptly forwarded by the Lessor to the Lessee for payment.

7. Appropriation of Funds.

(a) This paragraph applies only to Lessees designated as state agencies defined in Section 2054.003, Texas Government Code, including institutions of higher education as defined in Texas Education Code, Section 61.003 and those state agencies utilizing a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code.

Lessee intends to continue each Schedule to which it is a party for the Schedule Term and to pay the Rent and other amounts due thereunder. Lessee reasonably believes that legally available funds in an amount sufficient to pay all Rent during the Schedule Term can be obtained. Lessee further intends to act in good faith to do those things reasonably and lawfully within its power to obtain and maintain funds from which the Rent may be paid. Notwithstanding the foregoing, in the event sufficient funds are not appropriated to continue the Schedule Term for any Fiscal Period (as set forth on the Schedule) of Lessee beyond the Fiscal Period first in effect at the Commencement of the Schedule

Example

Term, Lessee may terminate the Schedule with regard to not less than all of the Equipment on the Schedule so affected. Lessee shall endeavor to provide Lessor written notice sixty (60) days prior to the end of its current Fiscal Period confirming the Schedule will be so terminated. All obligations of Lessee to pay Rent due after the end of the Fiscal Period for which such termination applies will cease, all interests of Lessee in the Equipment will terminate and Lessee shall surrender the Equipment in accordance with Section 13 of this MLA. Notwithstanding the foregoing, Lessee agrees, without creating a pledge, lien or encumbrance upon funds available to Lessee in other than its current Fiscal Period, that it will use reasonable efforts to obtain appropriation of funds to avoid termination of the Schedule by taking reasonable and appropriate action including the inclusion in Lessee's budget request for each Fiscal Period during the Schedule Term hereof a request for adequate funds to meet its obligations and to continue the Schedule in force. Lessee represents and warrants it has adequate funds to meet its obligations during the first Fiscal Period of the Schedule Term. Lessor and Lessee understand and intend that the obligation of Lessee to pay Rent hereunder shall constitute a current expense of Lessee and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the general revenues, funds or monies of Lessee or the State of Texas beyond the Fiscal Period for which sufficient funds have been appropriated to pay Rent hereunder.

(b) This paragraph applies only to Lessees designated as local government entities.

Lessee intends to continue each Schedule to which it is a party for the Schedule Term and to pay the Rent and other amounts due thereunder. Lessee reasonably believes that legally available funds in an amount sufficient to pay all Rent during the Schedule Term can be obtained. Lessee further intends to act in good faith to do those things reasonably and lawfully within its power to obtain and maintain funds from which the Rent may be paid. Notwithstanding the foregoing, in the event sufficient funds are not appropriated for Lessee to continue the Schedule Term for any Fiscal Period (as set forth on the Schedule) of the Lessee beyond the Fiscal Period first in effect at the commencement of the Schedule Term, the Lessee may terminate the Schedule with regard to not less than all of the Equipment on the Schedule so affected. Lessee shall endeavor to provide Lessor written notice sixty (60) days prior to the end of its current Fiscal Period confirming the Schedule will be terminated. All obligations of Lessee to pay Rent due after the end of the Fiscal Period first in effect at the commencement of the Schedule Term will cease, all interests of Lessee in the Asset(s) will terminate and Lessee shall surrender the Equipment in accordance with Section 13 of this MLA. Notwithstanding the foregoing, Lessee agrees, without creating a pledge, lien or encumbrance upon funds available to Lessee in other than its current Fiscal Period, that it will use reasonable efforts to obtain appropriation of funds to avoid termination of the Schedule by taking reasonable and appropriate action including the inclusion in Lessee's budget request for each Fiscal Period during the Schedule Term hereof a request for adequate funds to meet its obligations and to continue the

Example

Schedule in force. Lessee represents and warrants it has adequate funds to meet its obligations during the first Fiscal Period of the Schedule Term.

8. Selection of Equipment.

The Equipment is the size, design, capacity and manufacture selected by Lessee in its sole judgment and not in reliance on the advice or representations of Lessor. No representation by the manufacturer or a vendor shall in any way affect Lessee's duty to pay Rent and perform its other obligations hereunder. Each Schedule is intended to be a "finance lease" as defined in Article 2A of the Uniform Commercial Code. Lessor has acquired or will acquire the Equipment in connection with this MLA. Lessor shall not be liable for damages for any reason, for any act or omission of the supplying manufacturer. Lessor agrees, to the extent they are assignable, to assign the Lessee, without recourse to Lessor, any warranties provided to Lessor with respect to the Equipment during the Term of the applicable Schedule. Lessee acknowledges that neither its dissatisfaction with any unit of Equipment, nor the failure of any of the Equipment to remain in useful condition for the Schedule Term, nor the loss of possession or the right of possession of the Equipment or any part thereof by the Lessee, shall relieve Lessee from the obligations under this MLA or Schedule Term. Lessee shall have no right, title or interest in or to the Equipment except the right to use the same upon the terms and conditions herein contained. The Equipment shall remain the sole and exclusive personal property of the Lessor and not be deemed a fixture whether or not it becomes attached to any real property of the Lessee. Any labels supplied by Lessor to Lessee, describing the ownership of the Equipment, shall be affixed by Lessee upon a prominent place on each item of Equipment.

9. Inspection and Acceptance.

Promptly upon delivery of the Equipment, Lessee will inspect and test the Equipment, and not later than ten (10) business days following the Commencement Date, Lessee will execute and deliver either (i) an Acceptance Certificate, or (ii) written notification of any defects in the Equipment. If Lessee has not given notice within such time period, the Equipment shall be conclusively deemed accepted by the Lessee as of the tenth (10^{th}) business day. Lessor, its assigns or their agents, shall be permitted free access at reasonable times authorized by the Lessee, the right to inspect the Equipment.

10. Installation and Delivery; Use of Equipment; Repair and Maintenance.

(a) All transportation, delivery, and installation costs associated with the Equipment shall be borne by the Lessee. Lessor is not and shall not be liable for damages if for any reason the manufacturer of the Equipment delays the delivery or fails to fulfill the order by the Lessee's desired timeframe. Any delay in delivery by the manufacturer shall not affect the validity of any Schedule. Lessee shall provide a place of installation for the Equipment, which conforms to the requirements of the manufacturer and Lessor.

Example

(b) Subject to the terms hereof, Lessee shall be entitled to use the Equipment in compliance with all laws, rules, and regulations of the jurisdiction wherein the Equipment is located and will pay all cost, claims, damages, fees and charges arising out of its possession, use or maintenance. Lessee agrees to solely use the Equipment in the conduct of Lessee's business. Lessee agrees, at its expense, to obtain all applicable permits and licenses necessary for the operation of the Equipment, and keep the Equipment in good working order, repair, appearance and condition (reasonable wear and tear is acceptable). Lessee shall not use or permit the use of the Equipment for any purpose, which according to the specification of the manufacturer, the Equipment is not designed or reasonably suited. Lessee shall use the Equipment in a careful and proper manner and shall comply with all of the manufacturer's instructions, governmental rules, regulations, requirements, and laws, and all insurance requirements, if any, with regard to the use, operation or maintenance of the Equipment.

(c) Lessee, at its expense, shall take good and proper care of the Equipment and make all repairs and replacements necessary to maintain and preserve the Equipment and keep it in good order and condition. Unless Lessor shall otherwise consent in writing, Lessee shall, at its own expense, enter into and maintain in force a maintenance agreement covering each unit of Equipment. Lessee shall furnish Lessor with a copy of such agreement, upon request. Lessee shall pay all costs to install and dismantle the Equipment. Lessee shall not make any alterations, additions, or improvements, or add attachments to the Equipment without the prior written consent of Lessor, except for additions or attachments to the Equipment purchased by Lessee from the original supplier of the Equipment or any other person approved by Lessor. If Lessee desires to lease any such additions or attachments, Lessee hereby grants to Lessor the right of first refusal to provide such lease financing to Lessee for such items. Subject to the provisions of Section 13B of this MLA, Lessee agrees to restore the Equipment to Return Condition prior to its return to the Lessor.

11. Relocation of Equipment.

Lessee shall at all times keep the Equipment within its exclusive possession and control. Upon Lessor's prior written consent, which shall not be unreasonably withheld, Lessee may move the Equipment to another location of Lessee within the continental United States, provided (i) Lessee is not in default on any Schedule, (ii) Lessee executes and causes to be filed at its expense such instruments as are necessary to preserve and protect the interests of Lessor and its assigns in the Equipment, (iii) Lessee pays all costs of, and provides adequate insurance during such movement, and (iv) Lessee pays all costs otherwise associated with such relocation. Notwithstanding the foregoing, Lessee may move the Equipment to another location within Texas without notification to, or the consent of, Lessor. Provided, however, that not later than December 31 of each calendar year, Lessee shall provide Lessor a written report detailing the total amount of Equipment at each location of Lessee as of that date, and the complete address for each location. Lessor shall make all filings and returns for property taxes due with respect to the

Example

Equipment, and Lessee agrees that it shall not make or file any property tax returns, including information returns, with respect to the Equipment.

12. Ownership.

The Equipment shall at all times be and remain the sole and exclusive property of Lessor, subject to the parties rights under any applicable software license agreement. Lessee shall have no right, title or interest in the Equipment except a leasehold interest as provided for herein. Lessee agrees that the Equipment shall be and remain personal property and shall not be so affixed to realty as to become a fixture or otherwise to lose its identity as the separate property of the Lessor. Upon request, Lessee will enter into any and all agreements necessary to ensure that the Equipment remain the personal property of Lessor.

13. Purchase and Renewal Options; Location and Surrender of Equipment.

(a) Not less than ninety (90) days prior to the expiration of the initial Schedule Term Lessor shall notify Lessee of options for continued use of Equipment. Lessee shall have the option to: (i) renew the Schedule as to all but not less than all of the Equipment, or (ii) purchase all but not less than all of the Equipment for cash or by the Lessor's acceptance of a purchase order from Lessee upon the last business day on or prior to the expiration of the Schedule Term thereof for a price equal to the amount set forth in the Schedule. If the Fair Market Value (FMV) Purchase Option was selected on the Schedule, the FMV shall be determined on the basis of and shall be equal in amount to, the value which would be obtained in an arms-length transaction between an informed and willing buyer-user (other than a used equipment dealer), who would be retaining the Equipment as part of its current operations, in continuing and consistent use, and an informed and willing seller under no compulsion to sell, and in such determination, costs of removal from the location of current use shall not be a deduction from such value. If Lessee desires to exercise either option, it shall give Lessor irrevocable written notice of its intention to exercise such option at least sixty (60) days (and not more than 180 days) before the expiration of such Schedule Term. In the event that Lessee exercises the purchase option described herein, upon payment by Lessee to Lessor of the purchase price for the Equipment, together will all Rent Payments and any other amounts owing to Lessor hereunder, Lessor shall transfer to Lessee without any representation or warranty of any kind, express or implied, title to such Equipment. NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, IF LESSEE FAILS TO NOTIFY LESSOR OF ITS INTENT WITH RESPECT TO THE EXERCISE OF THE OPTIONS DESCRIBED IN THIS SECTION 13 WITHIN THE TIME FRAMES CONTEMPLATED HEREIN, THE INITIAL SCHEDULE TERM SHALL BE TERMINATED ON THE DATE AS STATED IN THE SCHEDULE.

(b) The Equipment shall be delivered to and thereafter kept at the location specified in the Schedule and shall not be removed therefrom without Lessor's prior written consent and in accordance with Section 11 of this MLA. Upon the expiration, early termination as provided herein, or upon final termination

Example

of the Schedule, upon at least ninety (90) days prior written notice to Lessor, Lessee at its cost and expense, shall immediately disconnect, properly package for transportation and return all (not part) of the Equipment (including, without limitation, all service records and user manuals), freight prepaid, to Lessor in good repair, working order, with unblemished physical appearance and with no defects which affect the operation or performance of the Equipment ("Return Condition"), reasonable wear and tear excepted. Lessee shall, at Lessor's request, affix to the Equipment, tags, decals or plates furnished by Lessor indicating Lessor's ownership and Lessee shall not permit their removal or concealment. Lessee shall return the Equipment to Lessor at a location specified by Lessor, provided, however, such location shall be within the United States no farther than 500 miles from the original Lessee delivery location, unless otherwise agreed to on the applicable Schedule. If the Equipment is not in Return Condition, Lessee shall remain liable for all reasonable costs required to restore the Equipment to Return Condition. Lessee shall arrange and pay for the de-installation and packing of the Equipment and the de-installation shall be performed by manufacturer-certified technicians, approved by Lessor and the Lessor shall have the right to supervise and direct the preparation of the Equipment for return. IF, UPON TERMINATION OR EXPIRATION OF THE SCHEDULE FOR ANY REASON, LESSEE FAILS OR REFUSES FORTHWITH TO RETURN AND DELIVER THE EQUIPMENT TO LESSOR, LESSEE SHALL REMAIN LIABLE FOR ANY RENT PAYMENTS ACCRUED AND UNPAID WITH RESPECT TO ALL OF THE EQUIPMENT ON THE SCHEDULE AND SHALL PAY RENT UP TO THE DATE THAT THE EQUIPMENT IS RETURNED TO THE ADDRESS SPECIFIED BY LESSOR. Notwithstanding the foregoing, Lessor shall have the right, without notice or demand, to enter Lessee's premises or any other premises where the Equipment may be found and to take possession of and to remove the Equipment, at Lessee's sole cost and expense, without legal process. Lessee understands that it may have a right under law to notice and a hearing prior to repossession of the Equipment. As an inducement to Lessor to enter into a transaction, but only to the extent that Lessee, if a state agency, has statutory authority to do so, Lessee hereby expressly waives all rights conferred by existing law to notice and a hearing prior to such repossession by Lessor or any officer authorized by law to effect repossession and hereby releases Lessor from all liability in connection with such repossession. Without waiving the doctrines of sovereign immunity and immunity from suit and to the extent authorized by the constitution and laws of the State of Texas, Lessee's obligation to return Equipment may, at Lessor's option, be specifically enforced by Lessor.

14. Quiet Enjoyment.

During the Schedule Term, Lessor shall not interfere with Lessee's quiet enjoyment and use of the Equipment provided that an Event of Default (as hereinafter defined in Section 23 of the MLA) has not occurred.

Example

15. Warranties.

Lessor and Lessee acknowledge that manufacturer Equipment warranties, if any, inure to the benefit of the Lessee. Lessee agrees to pursue any warranty claim directly against such manufacturer of the Equipment and shall not pursue any such claim against Lessor. Lessee shall continue to pay Lessor all amounts payable under any Schedule under any and all circumstances.

16. No Warranties.

LESSEE ACKNOWLEDGES THAT LESSOR IS NOT THE MANUFACTURER OR LICENSOR OF THE EQUIPMENT. LESSEE AGREES THAT LESSOR HAS NOT MADE AND MAKES NO REPRESENTATIONS OR WARRANTIES OF WHATSOEVER NATURE, DIRECTLY OR INDIRECTLY, EXPRESS OR IMPLIED, AS TO THE SUITABILITY, DURABILITY, FITNESS FOR USE, MERCHANTABILITY, CONDITION, OR QUALITY OF THE EQUIPMENT OR ANY UNIT THEREOF. LESSEE SPECIFICALLY WAIVES ALL RIGHT TO MAKE CLAIM AGAINST LESSOR FOR BREACH OF ANY EQUIPMENT WARRANTY OF ANY KIND WHATSOEVER; AND WITH RESPECT TO LESSOR, LESSEE LEASES EQUIPMENT "AS IS". LESSOR SHALL NOT BE LIABLE TO LESSEE FOR ANY LOSS, DAMAGE, OR EXPENSE OF ANY KIND OR NATURE CAUSED DIRECTLY OR INDIRECTLY BY ANY EQUIPMENT LEASED HEREUNDER, OR BY THE USE OR MAINTENANCE THEREOF, OR BY THE REPAIRS, SERVICE OR ADJUSTMENT THERETO OR ANY DELAY OR FAILURE TO PROVIDE ANY THEREOF, OR BY ANY INTERRUPTION OF SERVICE OR LOSS OF USE THEROF, OR FOR ANY LOSS OF BUSINESS OR DAMAGE WHATESOEVER AND HOWSOEVER CAUSED WITHOUT IN ANY WAY IMPLYING THAT ANY SUCH WARRANTY EXISTS AND WITHOUT INCREASING ITS LIABILITY HEREUNDER, TO ASSIGN TO LESSEE UPON LESSEE'S REQUEST THEREFOR ANY WARRANTY OF A MANUFACTURER OR LICENSOR OR SELLER RELATING TO THE EQUIPMENT THAT MAY HAVE BEEN GIVEN TO LESSOR.

17. Indemnification.

(a) Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Texas, Lessee shall indemnify, protect, save and hold harmless Lessor, its agents, servants and successors from and against all losses, damages, injuries, claims, demands and expenses, including legal expenses and attorney's fees, of whatsoever nature, arising out of the use, misuse, condition, repair, storage, return or operation (including, but not limited to, latent and other defects, whether or not discoverable by it) of any unit of Equipment, regardless of where, how and by whom operated, and arising out of negligence (excluding the gross negligence or willful misconduct of Lessor). Lessee is liable for the expenses of the defense or the settlement of any suit or suits or other legal proceedings brought to enforce any such losses, damages, injuries, claims, demands, and expenses and shall pay all judgments entered in any such suit or suits or other legal proceedings. The indemnities and assumptions of liabilities and obligations herein provided for shall continue in full force and effect notwithstanding the termination of the MLA or a

Example

Schedule whether by expiration of time, by operation of law or otherwise. With respect to Lessor, Lessee is an independent contractor, and nothing contained herein authorizes Lessee or any other person to operate the Equipment so as to impose or incur any liability or obligation for or on behalf of Lessor.

(b) Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Texas, Lessee and DIR individually and collectively assume all risks and liabilities with respect to any claim made by any third party that the lease arrangements herein are not authorized by law. Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Texas, Lessee and DIR agree to indemnify, save and hold harmless Lessor from any and all such claims and all expenses incurred in connection with such claims or to defend against such claims, including without limitation any judgments by a court of competent jurisdiction or settlement or compromise with such claimant.

(c) Lessor is the owner of the Equipment and has title to the Equipment. If any other person attempts to claim ownership of the Equipment by asserting that claim against Lessee or through Lessee, Lessee agrees, at its expense, to protect and defend Lessor's title to the Equipment. Lessee further agrees that it will at all times keep the Equipment free from any legal process, encumbrance or lien whatsoever, and Lessee shall give Lessor immediate notice if any legal process, encumbrance or lien is asserted or made against the Equipment.

18. Risk of Loss.

Commencing upon delivery and continuing throughout the Schedule Term, Lessee shall bear the entire risk of loss or damage in respect to any Equipment, whether partial or complete, from any cause whatsoever. In the event of loss, theft, destruction or damage of any kind to any item of Equipment, or if any Equipment is lost stolen, or taken by governmental action for a stated period extending beyond the Term of any Schedule (an "Event of Loss"), Lessee shall promptly notify Lessor. Lessee shall, at its option: (a) immediately place the affected Equipment in good condition and working order, (b) replace the affected Equipment with identical equipment of at least equal value, in good condition and repair, and transfer clear title thereto to Lessor, or (c) to the extent permitted by law, pay to Lessor, within thirty (30) days of the Event of Loss, an amount equal to the Stipulated Loss Value ("SLV" as hereafter defined) for such affected Equipment, plus any other unpaid amounts then due under the Schedule. If an Event of Loss occurs as to part of the Equipment for which the SLV is paid, a prorated amount of each Rent Payment shall abate from the date the SLV payment is received by Lessor. The SLV shall be an amount equal to the sum of all future Rent Payments from the last Rent Payment date to the end of the Schedule Term with such Rent Payments discounted to present value at the like-term Treasury Bill rate for the remaining

Example

Schedule Term in effect on the date of such Event of Loss, or if such rate is not permitted by law, then at the lowest permitted rate.

In the event of a governmental taking of Equipment for an indefinite period or for a stated period, which does not extend beyond the Schedule Term, all obligations of the Lessee with respect to such Equipment (including payment of Rent) shall continue. So long as Lessee is not in default hereunder, Lessor shall pay to Lessee all sums received by Lessor from the government by reason of such taking.

19. Insurance.

At its expense, Lessee shall keep the Equipment insured against all risks of loss and damage with companies acceptable to Lessor for an amount equal to the original cost of the Equipment, with Lessor or its assign(s) named as a loss payee. Lessee shall also maintain comprehensive general liability insurance, with Lessor or its assign(s) named as an additional insured. Lessee shall be liable for any loss not covered by insurance. All said insurance shall be in form and amount satisfactory to Lessor. Lessee shall pay the premiums therefor and deliver to Lessor or its assign(s) the certificates of insurance or duplicates thereof or other evidence satisfactory to Lessor or its assign(s) of such insurance coverage. Evidence of such insurance coverage shall be furnished no later than the Schedule Commencement Date of each Schedule and from time to time as Lessor or its assign(s) may request. Lessee hereby irrevocably appoints Lessor as Lessee's attorney-in-fact to make claim for, receive payment of, and execute and endorse all documents, checks or drafts received in payment for loss or damage under any said insurance policy. Lessee may self-insure with respect to the required coverage.

Further, Lessees that are defined as state agencies in accordance with Section 2054.003, Texas Government Code (including institutions of higher education as defined in Texas Education Code, Section 61.003) and those purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code, may self-insure their obligations in this section.

20. Representations and Warranties of Lessee.

Lessee represents and warrants for the benefit of Lessor and its assigns, and Lessee will provide an opinion of counsel to the effect that, as of the time of execution of the MLA and each Schedule between Lessor and Lessee:

(a) Lessee is either a Texas state agency or Texas local government, as defined in Section 2054.003, Texas Government Code (including institutions of higher education as defined in Texas Education Code, Section 61.003) or a state agency purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code. Lessee has made an independent legal and management determination to enter into this transaction;

Example

(b) Each Schedule executed by Lessee has been duly authorized, executed and delivered by Lessee and constitutes a valid, legal and binding agreement of Lessee, enforceable in accordance with its terms;

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by Lessee of any Schedule between Lessor and Lessee;

(d) The entering into and performance of any Schedule between Lessor and Lessee, the MLA or any Schedule will not violate any judgment, order, law or regulation applicable to Lessee or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon assets of the Lessee or on the Equipment leased under any Schedule between Lessor and Lessee pursuant to any instrument to which the Lessee is a party or by which it or its assets may be bound;

(e) To the best of Lessee's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting Lessee, which if determined adversely to Lessee will have a material adverse effect on the ability of Lessee to fulfill its obligations under the MLA or any Schedule between Lessor and Lessee;

(f) The use of the Equipment is essential to Lessee's proper, efficient and economic operation, and Lessee will sign and provide to Lessor upon execution of each Schedule between Lessor and Lessee hereto written certification to that effect; and

(g) Lessee represents and warrants that (i) It has authority to enter into any Schedule under this MLA, (ii) the persons executing a Schedule have been duly authorized to execute the Schedule on Lessee's behalf, (iii) all information supplied to Lessor is true and correct, including all credit and financial information and (iv) it is able to meet all its financial obligations, including the Rent Payments hereunder.

21. Representation and Warranties of DIR.

DIR represents and warrants for the benefit of Lessor and its assigns, and DIR will provide an opinion of counsel to the effect that, as of the time of execution of the MLA:

(a) DIR is a State agency as defined in Section 2251.001, Texas Government Code. DIR has not provided the Lessee or the Lessor with any legal or management advice regarding the MLA or any Schedule executed pursuant thereto;

Example

(b) This MLA has been duly authorized, executed and delivered by DIR and constitutes a valid, legal and binding Agreement of DIR, enforceable in accordance with its terms;

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or governmental authority or instrumentality with respect to the entering into or performance by DIR of this MLA;

(d) The entering into and performance of the MLA does not violate any judgment, order, law or regulation applicable to DIR or result in any breach of, constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon assets of DIR or on the Equipment pursuant to any instrument to which DIR is a party or by which it or its assets may be bound;

(e) To the best of DIR's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting DIR, which if determined adversely to DIR will have a material adverse effect on the ability of DIR to fulfill its obligations under the MLA;

(f) DIR is authorized to charge and collect the administrative fee as set forth within Section 5 of the Contract;

(g) Lessor's payment of the administrative fee to DIR shall not constitute an illegal gratuity or otherwise violate Texas law; and

(h) DIR is a government agency subject to the Texas Public Information Act. Lessor acknowledges that DIR will comply with the Public Information Act, and with all opinions of the Texas Attorney Generals' office concerning this Act.

22. Representations and Warranties of Lessor.

(a) Lessor is an entity authorized and validly existing under the laws of its state of organization, is authorized to do business in Texas, and is not in default as to taxes owed to the State of Texas and any of its political subdivisions;

(b) The MLA and each Schedule executed in conjunction to this MLA have been duly authorized, executed and delivered by Lessor and constitute valid, legal and binding agreements of Lessor, enforceable with respect to the obligations of Lessor herein in accordance with their terms;

Example

(c) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by Lessor of this MLA or any Schedule;

(d) The entering into and performance of the MLA or any Schedule will not violate any judgment, order, law or regulation applicable to Lessor or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon the assets of the Lessor, including Equipment leased under the MLA and Schedules thereto, pursuant to any instrument to which the Lessor is a party or by which it or its assets may be bound; and

(e) To the best of Lessor's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting Lessor, which if determined adversely to Lessor will have a material adverse effect on the ability of Lessor to fulfill its obligations under the MLA or any Schedule.

23. Default.

Lessee shall be in default under a Schedule upon the occurrence of any one or more of the following events (each an "Event of Default"): (a) nonpayment or incomplete payment by Lessee of Rent or any other sum payable; (b) nonpayment or incomplete payment by Lessee of Rent or any other sum payable on its due date; (c) failure by Lessee to perform or observe any other term, covenant or condition of this MLA, any Schedule, or any applicable software license agreement, which is not cured within ten (10) days after notice thereof from Lessor; (d) insolvency by Lessee; (e) Lessee's filing of any proceedings commencing bankruptcy or the filing of any involuntary petition against Lessee or the appointment of any receiver not dismissed within sixty (60) days from the date of said filing or appointment; (f) subjection of a substantial part of Lessee's property or any part of the Equipment to any levy, seizure, assignment or sale for or by any creditor or governmental agency; or (g) any representation or warranty made by Lessee in this MLA, any Schedule or in any document furnished by Lessee to Lessor in connection therewith or with the acquisition or use of the Equipment being or becoming untrue in any material respect.

24. Remedies.

(a) Upon the occurrence of an "Event of Default" and at any time thereafter Lessor may, in its sole discretion, do any one or more of the following: (i) After giving fifteen (15) days prior written notice to Lessee of default, during which time Lessee shall have the opportunity to cure such default, terminate any or all Schedules executed by Lessor and the defaulting Lessee; (ii) without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, Lessor may proceed by appropriate court action to enforce the performance of the terms of the Schedule and/or recover damages, including all of

Example

Lessor's economic loss for the breach thereof; (iii) whether or not the Schedule is terminated, upon notice to Lessee, take possession of the Equipment wherever located, without demand, liability, court order or other process of law, and for such purposes Lessee, to the extent authorized by Texas law, hereby authorizes Lessor, its assigns or the agents of either to enter upon the premises where such Equipment is located or cause Lessee, and Lessee hereby agrees, to return such Equipment to Lessor in accordance with the requirements of Section 13 of the MLA; (iv) by notice to Lessee, and to the extent permitted by law, declare immediately due and payable and recover from Lessee, as liquidated damages and as a remedy, the sum of (a) the present value of the Rent owed from the earlier of the date of payment by Lessee or the date Lessor obtains a judgment against Lessee until the end of the Schedule Term plus, if the Equipment is not returned to or repossessed by Lessor, the present value of the estimated in-place fair market value of the Equipment at the end of the Schedule Term as determined by Lessor, each discounted at a rate equal to the rate used by Lessor for business opportunity analysis; (b) all Rent and other amounts due and payable on or before the earlier of the date of payment by Lessee or the date Lessor obtains a judgment against Lessee; and (c) without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, costs, fees (including all attorneys' fees and court costs) and expenses associated with collecting said sums; and (d) interest on (a) and (b) from the date of default at 1 ½% per month or portion thereof (or the highest rate allowable by law, if less) and, on (c) from the date Lessor incurs such fees, costs or expenses.

(b) Upon return or repossession of the Equipment, Lessor may, if it so decides in its sole discretion, upon notice to Lessee, use reasonable efforts to sell, re-lease or otherwise dispose of such Equipment, in such manner and upon such terms as Lessor may determine in its sole discretion, so long as such manner and terms are commercially reasonable. Upon disposition of the Equipment, Lessor shall credit the Net Proceeds (as defined below) to the damages paid or payable by Lessee. Proceeds upon sale of the Equipment shall be the sale price paid to Lessor less the Stipulated Loss Value in effect as of the date of default. Proceeds upon a re-lease of the Equipment shall be all rents to be received for a term not to exceed the remaining Schedule Term, discounted to present value as of the commencement date of the re-lease at the Lessor's current applicable debt rate. Without Lessee and DIR waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Texas, "Net Proceeds" shall be the Proceeds of sale or re-lease as determined above, less all costs and expenses incurred by Lessor in the recovery, storage and repair of the Equipment, in the remarketing or disposition thereof, or otherwise as a result of Lessee's default, including any court costs and attorney's fees and interest on the foregoing at eighteen percent (18%) per annum or the highest rate allowable by law, if less, calculated from the dates such costs and expenses were incurred until received by Lessor. Lessee shall remain liable for the amount by which all sums, including liquidated damages, due from Lessee exceeds the Net Proceeds. Net Proceeds in excess thereof are the property of and shall be retained by Lessor.

Example

(c) No termination, repossession or other act by Lessor in the exercise of its rights and remedies upon an Event or Default shall relieve Lessee from any of its obligations hereunder. No remedy referred to in this Section is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity.

(d) Neither DIR nor non-defaulting Lessees shall be deemed in default under the MLA or Schedules because of the default of a particular Lessee. Lessor's remedies under this Section 24 shall not extend to DIR and those non-defaulting Lessees.

25. Notices and Waivers.

All notices relating to this MLA shall be delivered to DIR or the Lessor as specified within Section 6 of the Contract, or to another representative and address subsequently specified in writing by the appropriate parties hereto. All notices relating to a Schedule shall be delivered in person to an officer of the Lessor or Lessee or shall be mailed certified or registered to Lessor or Lessee at its respective address shown on the Schedule or to another address subsequently specified in writing by the appropriate parties thereof. DIR, Lessee, and Lessor intend and agree that a photocopy or facsimile of this MLA or a Schedule and all related documents, including but not limited to the Acceptance Certificate, with their signatures thereon shall be treated as originals, and shall be deemed to be as binding, valid, genuine, and authentic as an original signature document for all purposes. This MLA and those Schedules in conjunction hereof are a "Finance Lease" as defined in Article 2A of the Uniform Commercial Code ("UCC"). A waiver of a specific Default shall not be a waiver of any other or subsequent Default. No waiver of any provision of this MLA or a provision of a Schedule shall be a waiver of any other provision or matter, and all such waivers shall be in writing and executed by an officer of the Lessor. No failure on the part of Lessor to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof.

26. Assignment by Lessor; Assignment or Sublease by Lessee.

(a) Lessor may (i) assign all or a portion of Lessor's right, title and interest in this MLA and/or any Schedule; (ii) grant a security interest in the right, title and interest of Lessor in the MLA, any Schedule and/or any Equipment; and/or (iii) sell or transfer its title and interest as owner of the Equipment and/or as Lessor under any Schedule; and DIR and each Lessee leasing Equipment under the MLA understand and agree that Lessor's assigns may each do the same (hereunder collectively "Assignment"). All such Assignments shall be subject to each Lessee's rights under the Schedule(s) executed between it and Lessor and to DIR's rights under the MLA. Each Lessee leasing Equipment through Schedules under this MLA and DIR hereby consent to such Assignments and agree to execute and deliver promptly such acknowledgements, Opinions of Counsel and other instruments reasonably requested to effect such Assignment. Each Lessee leasing Equipment through

Schedules under this MLA and DIR acknowledge that the assigns do not assume Lessor's obligations hereunder and agree to make all payments owed to the assigns without abatement and not to assert against the assigns any claim, defense, setoff or counterclaim which DIR or the Lessee(s) may possess against the Lessor or any other party for any other reason. Lessor shall remain liable for performance under the MLA and any Schedule(s) executed hereunder to the extent Lessor's assigns do not perform Lessor's obligations under the MLA and Schedule(s) executed hereunder. Upon any such Assignment, all references to Lessor shall also include all such assigns, whether specific reference thereto is otherwise made herein.

(b) **LESSEE WILL NOT SELL, ASSIGN, SUBLET, PLEDGE OR OTHERWISE ENCUMBER, OR PERMIT A LIEN TO EXIST ON OR AGAINST ANY INTEREST IN THIS LEASE, OR THE EQUIPMENT, OR REMOVE THE EQUIPMENT FROM ITS LOCATION REFERRED TO ON THE SCHEDULE, WITHOUT LESSOR'S PRIOR WRITTEN CONSENT EXCEPT AS PROVIDED IN SECTION 11 OF THIS MLA. LESSOR MAY ASSIGN ITS INTEREST IN THIS LEASE AND SELL OR GRANT A SECURITY INTEREST IN ALL OR ANY PART OF THE EQUIPMENT WITHOUT LESSEE'S CONSENT. LESSEES THAT ARE STATE AGENCIES, WITHOUT WAIVING THE DOCTRINE OF SOVEREIGN IMMUNITY AND IMMUNITY FROM SUIT, AND ONLY AS MAY BE AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS, AGREE THAT IN ANY ACTION BROUGHT BY AN ASSIGNEE AGAINST LESSEE TO ENFORCE LESSOR'S RIGHTS HEREUNDER, LESSEE WILL NOT ASSERT AGAINST SUCH ASSIGNEE AND EXPRESSLY WAIVES AS AGAINST ANY ASSIGNEE, ANY BREACH OR DEFAULT ON THE PART OF LESSOR HEREUNDER OR ANY OTHER DEFENSE, CLAIM OR SET-OFF WHICH LESSEE MAY HAVE AGAINST LESSOR EITHER HEREUNDER OR OTHERWISE. NO SUCH ASSIGNEE SHALL BE OBLIGATED TO PERFORM ANY OBLIGATION, TERM OR CONDITION REQUIRED TO BE PERFORMED BY LESSOR HEREUNDER**. Without the prior written consent of Lessor, DIR shall not assign, sublease, transfer, pledge or hypothecate the Master Lease Agreement; provided, however, that no such prior written consent from Lessor is necessary in the event of a legislative mandate to transfer the contract to another state agency.

27. Delivery of Related Documents.

For each Schedule, Lessee will provide the following documents and information satisfactory to Lessor: (a) Certificate of Acceptance; (b) Opinion of Counsel; (c) proof of self-insurance acceptable to Lessor; (d) Financial Statements; (e) Incumbency Certificate; and (f) Other documents as reasonably required by Lessor.

28. Lessee's Waivers.

To the extent permitted by applicable law, Lessee hereby waives the following rights and remedies conferred upon Lessee by the Uniform Commercial Code: to (i) cancel any Schedule under the MLA; (ii)

Example

repudiate any Schedule; (iii) reject the Equipment; (iv) revoke acceptance of the Equipment; (v) recover damages from Lessor for any breach of warranty by the manufacturer; (vi) claim a security interest in the Equipment in Lessee's possession or control for any reason; (vii) deduct all or any part of any claimed damages resulting from Lessor's default, if any, under any Schedule; (viii) accept partial delivery of the Equipment; (ix) "cover" by making any purchase or lease of or contract to purchase or lease equipment in substitution for the Equipment due from Lessor; (x) recover any special, punitive, incidental or consequential damages, for any reason whatsoever. Lessee agrees that any delay or failure to enforce Lessor's rights under this MLA or a Schedule does not prevent Lessor from enforcing any rights at a later time.

29. Security Interest and UCC Filings.

To secure payments hereunder, Lessor reserves and Lessee hereby grants to Lessor a continuing security interest in the Equipment and any and all additions, replacements, substitutions, and repairs thereof. When all of the Lessee's obligations under this MLA and respective Schedules have been fully paid and satisfied, Lessor's security interest shall terminate. Nothing contained herein shall in any way diminish Lessor's right, title, or interest in or to the Equipment. Lessor and Lessee agree that a reproduction of this MLA and/or any associated Schedule may be filed as a financing statement and shall be sufficient as a financing statement under the Uniform Commercial Code ("UCC"). Lessee hereby appoints Lessor, its agents, successors or assigns its true and lawful attorney-in-fact for the limited purpose of executing and filing on behalf of Lessee any and all UCC Financing Statements which in Lessor's sole discretion are necessary or proper to secure Lessor's interest in the Equipment in all applicable jurisdictions. Lessee shall execute or obtain and deliver to Lessor, upon Lessor's request, such instruments, financing statements and assurances, as Lessor deems necessary or advisable for the protection or perfection of this Lease and Lessor's rights hereunder and will pay all costs incident thereto.

30. Miscellaneous.

(a) Applicable Law and Venue. The MLA and each Schedule SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. In the event of a dispute between the parties, exclusive venue for any legal action shall be in the state court where Lessee has its principal office or where the Equipment is located, with the following exception: if a Lessee is designated as a State agency as defined in Section 2054.003, Texas Government Code, including a university system or institution of higher education, and those purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code, then exclusive venue shall be in the state district court of Travis County, Texas.

(b) Counterpart. Only original counterpart No. 1 of each Schedule shall be deemed to be an "Original" for chattel paper purposes under the Uniform Commercial Code. Any and all other counterparts

Example

shall be deemed to be a "Copy". NO SECURITY INTEREST IN THIS MLA, IN ANY SCHEDULE, OR IN ANY OF THE EQUIPMENT MAY BE CREATED, TRANSFERRED, ASSIGNED OR PERFECTED BY THE TRANSFER AND POSSESSION OF THIS MLA ALONE OR OF ANY "COPY" OF THE SCHEDULE, BUT RATHER SOLELY BY THE TRANSFER AND POSSESSION OF THE "ORIGINAL" COUNTERPART OF THE SCHEDULE INCORPORATING THIS MLA BY REFERENCE.

(c) Suspension of Obligations of Lessor. Prior to delivery of any Equipment, the obligations of Lessor hereunder shall be suspended to the extent that it is hindered or prevented from performing because of causes beyond its control.

(d) Severability. In the event of any provision of this MLA or any Schedule shall be determined by a court of competent jurisdiction to be invalid or unenforceable, the parties hereto agree that such provision shall be ineffective without invalidating the remaining provisions thereof.

(e) Entire Agreement. Lessor and Lessee acknowledge that there are no agreements or understanding, written or oral, between them with respect to the Equipment, other than as set forth in this MLA and in each Schedule to which Lessee is a signatory party. Lessor and Lessee further acknowledge that this MLA and each Schedule to which Lessee is a party contain the entire agreement between Lessor and Lessee and supersedes all previous discussions and terms and conditions of any purchase orders issued by Lessee. DIR and Lessor acknowledge that there are no agreements or understandings, written or oral, between them other than as set forth in this MLA and Contract Number DIR-TSO-XXX and that both contain the entire agreement between them. Neither this MLA nor any Schedule may be altered, modified, terminated, or discharged except by a writing signed by the party against whom enforcement of such action is sought.

(f) Headers. The descriptive headings hereof do not constitute a part of any Schedule and no inferences shall be drawn therefrom.

(g) Language context. Whenever the context of this MLA requires, the masculine gender includes the feminine or neuter, and the singular number includes the plural, and whenever the word Lessor is used herein, it shall include all assignees of Lessor.

(h) Lessor Certifications. Lessor certifies that:

(i) it has not given, offered to give, and does not intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this MLA and/or any Schedules executed hereunder;

Example

(ii) it is not currently delinquent in the payment of any franchise tax owed the State of Texas and is not ineligible to receive payment under Section 231.006, Texas Family Code and acknowledges this MLA may be terminated and payment withheld if this certification is inaccurate;

(iii) neither it , nor anyone acting for it, has violated the antitrust laws of the United States or the State of Texas, nor communicated directly or indirectly to any competitor or any other person engaged in such line of business for the purpose of obtaining an unfair price advantage;

(iv) it has not received payment from DIR, Lessee or any of their employees for participating in the preparation of this MLA and the Schedule(s) hereunder;

(v) during the term of this MLA, it will not discriminate unlawfully against any employee or applicant and that, upon request it will furnish information regarding its nondiscriminatory hiring and promotion policies, as well as specific information on the composition of its principals and staff, including the identification of minorities and women in management or other positions with discretionary or decision making authority,

(vi) under Section 2155.004, Texas Government Code, the Lessor certifies that the individual or business entity named in this MLA is not ineligible to receive the specified MLA and acknowledges that this MLA may be terminated and payment withheld if this certification is inaccurate;

(vii) to the best of their knowledge and belief, there are no suits or proceedings pending or threatened against or affecting them, which if determined adversely to them will have a material adverse effect on the ability to fulfill their obligations under the MLA;

(viii) Lessor and its principals are not suspended or debarred from doing business with the federal government as listed in the *System for Award Management (SAM)* maintained by the General Services Administration;

(ix) as of the effective date of the MLA, are not listed in the prohibited vendors list authorized by Executive Order #13224, *"Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism",* published by the United States Department of the Treasury, Office of Foreign Assets Control;

(x) to the extent applicable to this scope of this MLA, Lessor hereby certifies that it is in compliance with Subchapter Y, Chapter 361, Health and Safety Code related to the Computer Equipment Recycling Program and its rules, 30 TAC Chapter 328;

Example

(xi) Vendor represents and warrants that, for its performance of this contract, it shall purchase products and materials produced in the State of Texas when available at the price and time comparable to products and materials produced outside the state, to the extent that such is required under Texas Government Code, Section 2155.4441;

(xii) agrees that all equipment and materials used in fulfilling the requirements of this contract are of high-quality and consistent with or better than applicable industry standards, if any. All Works and Services performed pursuant to this Contract shall be of high professional quality and workmanship and according consistent with or better than applicable industry standards, if any;

(xiii) Lessor agrees that any payments due under this MLA will be applied towards any debt, including but not limited to delinquent taxes and child support that is owed to the State of Texas;

(xiv) Lessor certifies that they are in compliance Section 669.003, Texas Government Code, relating to contracting with executive head of a state agency; if Section 669.003 applies, Vendor will complete the following information: Name of Former Executive; Name of State Agency; Position with Vendor and Date of Employment with Vendor.

(xv) Lessor represents and warrants that the provision of goods and services or other performance under the MLA will not constitute an actual or potential conflict of interest and certifies that it will not reasonably create the appearance of impropriety, and, if these facts change during the course of the MLA, Lessor certifies it shall disclose for itself and on behalf of subcontractors the actual or potential conflict of interest and any circumstances which create the appearance of impropriety;

(xvi) Lessor represents and warrants that the Lessee's payment to Lessor and Lessor's receipt of appropriated or other funds under this Agreement are not prohibited by Sections 556.005 or Section 556.008, Texas Government Code;

(xvii) Under Section 2155.006, Government Code, Lessor certifies that the individual or business entity in this MLA is not ineligible to receive the specified MLA and acknowledges that this MLA may be terminated and payment withheld if this certification is inaccurate. In addition, Lessor acknowledges the applicability of §2155.444 and §2155.4441, Texas Government Code, in fulfilling the terms of the MLA; and (xviii) Lessor certifies that it has complied with the Section 556.0055, Texas Government Code, restriction on lobbying expenditures. In addition, Vendor acknowledges the applicability of §2155.444 and §2155.4441, Texas Government Code, in fulfilling the terms of the Contract.

Example

During the term of the MLA, Lessor shall, for itself and on behalf of its subcontractors, promptly disclose to DIR all changes that occur to the foregoing certifications, representations and warranties. Lessor covenants to fully cooperate in the development and execution of resulting documentation necessary to maintain an accurate record of the certifications, representations and warranties.

(i) Dispute Resolution. The following paragraph applies only to Lessees designated as a State agency as defined in Section 2054.003, Texas Government Code, including a university system or institution of higher education, and those purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code.

Pursuant to Chapter 2260 of the Texas Government Code, any dispute arising under a contract for goods and services for which this chapter applies must be resolved under the provisions of this chapter. To the extent that Chapter 2260 of the Texas Government Code, as it may be amended from time to time ("Chapter 2260"), is applicable to this Agreement and is not preempted by other applicable law, the dispute resolution process provided for in Chapter 2260, and rules promulgated there under shall be used by the Lessee and Lessor to attempt to resolve any claim for breach of agreement made by Lessor.

(j) Sovereign Immunity. Nothing herein shall be construed to waive the State's sovereign immunity.

(k) 31. Amendments.

The terms and conditions of this MLA may be amended only by written instrument executed by the Lessor and DIR.

TEXAS DEPARTMENT OF INFORMATION RESOURCES
APPENDIX *X* TO DIR CONTRACT NUMBER DIR-TSO-*XXXX*
DECLARED DISASTER EQUIPMENT RECOVERY PROGRAM AGREEMENT

This Appendix H to DIR Contract Number DIR-TSO-*XXXX* contemplates the economical and timely repair/replacement/ or recovery of multifunctional networked copier equipment that is leased for 48-month or 60-month terms by the Customer (Lessee) from the Vendor (Lessor), for equipment having experienced inoperability, unserviceability, or condition damage that exceeds normal, wear and tear resulting from a declared disaster event ("Event") in the State of Texas. This Agreement is between the Customer and the Vendor and this agreement is not intended as an amendment to any lease agreement.

Monthly leasing prices for the Declared Disaster Equipment Recovery Program may be selected singly, for each piece of leased equipment and shall be identified by serial number. Monthly Declared Disaster Program leasing prices for 48 and 60-months shall be in accordance with DIR Contract Number DIR-TSO-XXXX Appendix C Pricing Index.

A Disaster Declaration is issued by the Governor of the State of Texas. Upon the issuance of a Disaster Declaration Proclamation in accordance with the authority vested by Section 418.014 of the Texas Government Code, *Vendor Name*, and *Customer Name*, in accordance with DIR Contract Number *DIR-TSO-XXXX* will abide by the following Equipment Recovery terms and conditions for property that a) is leased under DIR-TSO-*XXXX* in accordance with the Declared Disaster monthly pricing option, b) is documented as having been previously installed and operating for a minimum period of _____ months at the same location within a Texas county that is designated in the Disaster Declaration, c) having had no more than _____*(number)* late or outstanding payments during the entire lease term. Invoices that are in current dispute status or which have been in a previous dispute and resolved, do not count toward this (c) requirement.

Definitions

Event Date
The Event Date is the date that the disaster occurred.

Disaster Declaration Proclamation
A Disaster Declaration Proclamation for certain Texas counties affected by a disaster which is issued by the Governor of the State of Texas at https://gov.texas.gov/news/category/proclamation.

Initial Equipment Assessment Date
If the Event requires that an agency official pronounce the property as safe to access, after which the area in which the equipment under this Disaster Agreement is safely accessible, the calendar date that the physical equipment is safely accessible for assessment by Lessee is defined as the Initial Equipment Assessment Date.

Lessee Declared Disaster Service Call
The calendar date that a Maintenance and Support call (to the telephone number provided at the time of equipment installation) is initiated by the Lessee to the Vendor, identifying each non-operable piece of equipment by serial number and identifying it as a Declared Disaster Service call.

Vendor Declared Disaster Service Call
The calendar date that a Maintenance and Support call is received by the Vendor that is identified as a Declared Disaster Service call. The Vendor shall assign a Ticket/Confirmation Number to the Lessee at the time of the call and shall notate the words "Declared Disaster" which shall appear on all documentation thereafter.

Initial Vendor Assessment Date
The calendar date that the Vendor arrives on-site to assess the functionality and operability of each device identified by a Lessee Declared Disaster Service Call. The Vendor should arrive on-site within five (5) calendar days after receiving a Declared Disaster Service Call (excluding the date of the service call).

Recovery Plan
A written Recovery Plan initiated by the Vendor to the Lessee within five (5) calendar days after the Initial Vendor Assessment date. The Recovery Plan must be agreed, in writing, by both parties. A successful Recovery Plan will restore the Lessee to the full, uninterrupted and operational equipment status that existed prior to the Event.

Location

- Event Location – the Location at which the Event/Disaster occurred.
- Temporary Location – A physical location to which the agency has relocated their primary business due to the Disaster Event
- Recovery Location – The physical location to which recovery or remediation of equipment is delivered/installed.

Equipment Recovery/Replacement Terms and Conditions

General

Lessee shall continue submitting monthly lease payments during the time of the non-accessibility, throughout the repair/replacement Recovery (reinstall) process and then throughout the remainder of the lease term. All invoicing and payments shall be handled in accordance with Sections I. and J. of Appendix A, Standard Terms and Conditions of DIR Contract Number DIR-TSO-*XXXX*.

A Lessee may relocate to a Temporary Location during construction or repairs and may return to the original Event Location, or even to a new permanent location. The Vendor shall accommodate the Lessee in the installation and deinstallation of loaner or new equipment to the Temporary Location and in the final recovery of equipment at the Recovery Location.

Initial Equipment Assessment
Once the premises has officially been determined to be safe to access by an agency Facility or Security official, and the area in which the equipment under this Disaster Agreement is safely accessible, Lessee shall assess the equipment for operability. In order to qualify for this Program, equipment shall be non-functional or inoperable directly resulting from a Declared Disaster Event. In the event that non-operability of equipment is identified and assumed to constitute a Disaster Declaration Event, a Maintenance and Support call (to the telephone number provided at the time of equipment installation) shall be made by the Lessee to the Vendor, identifying each non-operable piece of equipment by serial number and identifying it as a Declared Disaster Service call. The Vendor shall assign a Ticket/Confirmation Number to the Lessee at the time of the call and shall notate the words “Declared Disaster” which shall appear on all documentation thereafter. Lessee should retain the Confirmation Number for use when filing a written Declared Disaster Claim.

Vendor Assessment
Within five (5) calendar working days (exclusive of the date of the call) after the Vendor receives the Declared Disaster Service call, the Vendor shall arrive on-site to assess the functionality and operability of each device covered on the Declared Disaster Equipment Recovery Program.

Recovery Plan

Within five (5) calendar working days after the Vendor Assessment the Vendor shall and present a written Recovery Plan to the Lessee. A successful Recovery Plan will restore the Lessee to the full, uninterrupted and operational equipment status that existed prior to the Event at the earliest possible date, in order to minimize the Lessee's non-functionality equipment status. The Recovery Plan must be agreed, in writing, by both parties.

As each Declared Disaster Event is unique, below are examples for considerations to be made (as applicable):

- Are there facilities/construction repairs to be made as a result of the Event? Must the repairs be made before, or can they be made after equipment replacement?
    - Can the Lessee assist in expediting repairs? If so, how will they assist?
- Consider an interim operational status that will allow the Lessee to continue their business while new equipment or replacement parts/components are being ordered. Can the Vendor offer loaners?
- Where feasible, expedite the shipment of small to medium items (all handling, shipping and transport charges are borne by the Vendor).
- Vendor may consider shipping new or replacement equipment on a first available basis. An initial/temporary Recovery Plan could (stagger) include both loaner and replacement equipment.

At a minimum, equipment recovery shall be restored to a _____ % level within _____ calendar working days of the Initial Vendor on-site Assessment (first) arrival.

Vendor Obligations

All replacement, and new equipment shall be made with equipment that is equal to, or better than, the equipment being replaced.

All pricing for the monthly leased equipment shall be the same as the Declared Disaster pricing. All pricing for the continuance of Maintenance and Support Services shall remain the same as the original Declared Disaster pricing in accordance with Appendix C Pricing Index throughout the lease term.

All Copy Allowances and Overage charges on the Maintenance and Support Plan shall remain the same as the original Declared Disaster pricing in accordance with Appendix C Pricing Index.

Vendor is responsible for providing the following *at no cost to the Lessee*:
New and Replacement Equipment costs;
De-installation;
Installation
Parts and components costs;
Packing;
Shipping and Handling charges;
Transport charges and fees;
Labor;
Travel and lodging expenses;

Other Miscellaneous charges and fees associated with the Declared Disaster Equipment Recovery Program.

Lessee Obligations

Lessee shall provide the Vendor access to the premises Monday through Friday (less State Holidays) during normal working hours. If Vendor requests access to the premises during days or times that are outside of normal working hours and Lessee can accommodate without interruption to business, they shall endeavor to accommodate the Vendor.

Whenever Lessee is available to expedite the scheduling of facility or construction services that will impact the equipment recovery process, they shall expedite scheduling in order to allow quicker access by the Vendor.

If the Lessee has relocated their operation to a Temporary Location, and they require that a loaner be provided to this Temporary Location until such a time as the original building is reconstructed/repaired, the Lessee will be obligated to pay the difference in transport charges in excess mileage between the Event Location and the Temporary Location.

Claim

Lessee Claim Obligations

Lessee should initiate the filing of a claim within ten (10) calendar working days of the Initial Vendor Assessment conclusion.

Lessee shall provide a completed Claim consisting of the following documentation. A claim is not considered received until all of the following documentation has been received by the Vendor.

1. Provide documentation of having leased and operated equipment (Lease Agreement) for a minimum period of sixty days or *(enter other)*_____, at the same location within a Texas county that is designated in the Disaster Declaration Proclamation;
2. Submit a Disaster Declaration Proclamation (or Proclamation Amendment) issued by The Governor of the State of Texas (https://gov.texas.gov/news/category/proclamation) that includes the County of the equipment location for which the claim is being filed;
3. Complete Claim Form signed by agency head (Director or above).
4. Submit signed Recovery Plan (signed by Lessee and Vendor).

Any costs incurred by the Lessee during the interim of the Disaster Event until the Claim Acceptance Date by the Vendor is not reimbursable.

Voluntary Product Accessibility Template®

Version 1.3

The purpose of the **Voluntary Product Accessibility Template**, or **VPAT™**, is to assist Federal contracting officials and other buyers in making preliminary assessments regarding the availability of commercial "Electronic and Information Technology" products and services with features that support accessibility. It is assumed and recommended that offeror's will provide additional contact information to facilitate more detailed inquiries.

The first table of the Template provides a summary view of the Section 508 Standards. The subsequent tables provide more detailed views of each subsection. There are three columns in each table. Column one of the Summary Table describes the subsections of subparts B and C of the Standards. The second column describes the supporting features of the product or refers you to the corresponding detailed table, e.g., "equivalent facilitation." The third column contains any additional remarks and explanations regarding the product. In the subsequent tables, the first column contains the lettered paragraphs of the subsections. The second column describes the supporting features of the product with regard to that paragraph. The third column contains any additional remarks and explanations regarding the product.

Section 1194.21 Software Applications and Operating Systems – Detail

VPAT™

Voluntary Product Accessibility Template®

Criteria	**Supporting Features**	**Remarks and explanations**
(a) When software is designed to run on a system that has a keyboard, product functions shall be executable from a keyboard where the function itself or the result of performing a function can be discerned textually.		
(b) Applications shall not disrupt or disable activated features of other products that are identified as accessibility features, where those features are developed and documented according to industry standards. Applications also shall not disrupt or disable activated features of any operating system that are identified as accessibility features where the application programming interface for those accessibility features has been documented by the manufacturer of the operating system and is available to the product developer.		
(c) A well-defined on-screen indication of the current focus shall be provided that moves among interactive interface elements as the input focus changes. The focus shall be programmatically exposed so that Assistive Technology can track focus and focus changes.		

(d) Sufficient information about a user interface element including the identity, operation and state of the element shall be available to Assistive Technology. When an image represents a program element, the information conveyed by the image must also be available in text.		
(e) When bitmap images are used to identify controls, status indicators, or other programmatic elements, the meaning assigned to those images shall be consistent throughout an application's performance.		
(f) Textual information shall be provided through operating system functions for displaying text. The minimum information that shall be made available is text content, text input caret location, and text attributes.		
(g) Applications shall not override user selected contrast and color selections and other individual display attributes.		
(h) When animation is displayed, the information shall be displayable in at least one non-animated presentation mode at the option of the user.		
(i) Color coding shall not be used as the only means of conveying information, indicating an action, prompting a response, or distinguishing a visual element.		
(j) When a product permits a user to adjust color and contrast settings, a variety of color selections capable of producing a range of contrast levels shall be provided.		
(k) Software shall not use flashing or blinking text, objects, or other		

elements having a flash or blink frequency greater than 2 Hz and lower than 55 Hz.		
(l) When electronic forms are used, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.

(c) Web pages shall be designed so that all information conveyed with color is also available without color, for example from context or markup.		
(d) Documents shall be organized so they are readable without requiring an associated style sheet.		

(e) Redundant text links shall be provided for each active region of a server-side image map.		
(f) Client-side image maps shall be provided instead of server-side image maps except where the regions cannot be defined with an available geometric shape.		
(g) Row and column headers shall be identified for data tables.		
(h) Markup shall be used to associate data cells and header cells for data tables that have two or more logical levels of row or column headers.		
(i) Frames shall be titled with text that facilitates frame identification and navigation		
(j) Pages shall be designed to avoid causing the screen to flicker with a frequency greater than 2 Hz and lower than 55 Hz.		
(k) A text-only page, with equivalent information or functionality, shall be provided to make a web site comply with the provisions of this part, when compliance cannot be accomplished in any other way. The content of the text-only page shall be updated whenever the primary page changes.		
(l) When pages utilize scripting languages to display content, or to create interface elements, the information provided by the script shall be identified with functional text that can be read by Assistive Technology.		
(m) When a web page requires that an applet, plug-in or other application be present on the client system to interpret page content, the page must provide a link to a plug-in or applet		

that complies with §1194.21(a) through (l).		
(n) When electronic forms are designed to be completed on-line, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.		
(o) A method shall be provided that permits users to skip repetitive navigation links.		
(p) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.		

Note to 1194.22: The Board interprets paragraphs (a) through (k) of this section as consistent with the following priority 1 Checkpoints of the Web Content Accessibility Guidelines 1.0 (WCAG 1.0) (May 5 1999) published by the Web Accessibility Initiative of the World Wide Web Consortium: Paragraph (a) - 1.1, (b) - 1.4, (c) - 2.1, (d) - 6.1, (e) - 1.2, (f) - 9.1, (g) - 5.1, (h) - 5.2, (i) - 12.1, (j) - 7.1, (k) - 11.4.

VPAT™

Voluntary Product Accessibility Template®

Criteria	**Supporting Features**	**Remarks and explanations**
(a) Telecommunications products or systems which provide a function		

allowing voice communication and which do not themselves provide a TTY functionality shall provide a standard non-acoustic connection point for TTYs. Microphones shall be capable of being turned on and off to allow the user to intermix speech with TTY use.		
(b) Telecommunications products which include voice communication functionality shall support all commonly used cross-manufacturer non-proprietary standard TTY signal protocols.		
(c) Voice mail, auto-attendant, and interactive voice response telecommunications systems shall be usable by TTY users with their TTYs.		
(d) Voice mail, messaging, auto-attendant, and interactive voice response telecommunications systems that require a response from a user within a time interval, shall give an alert when the time interval is about to run out, and shall provide sufficient time for the user to indicate more time is required.		
(e) Where provided, caller identification and similar telecommunications functions shall also be available for users of TTYs, and for users who cannot see displays.		
(f) For transmitted voice signals, telecommunications products shall provide a gain adjustable up to a minimum of 20 dB. For incremental volume control, at least one intermediate step of 12 dB of gain shall be provided.		

(g) If the telecommunications product allows a user to adjust the receive volume, a function shall be provided to automatically reset the volume to the default level after every use.		
(h) Where a telecommunications product delivers output by an audio transducer which is normally held up to the ear, a means for effective magnetic wireless coupling to hearing technologies shall be provided.		
(i) Interference to hearing technologies (including hearing aids, cochlear implants, and assistive listening devices) shall be reduced to the lowest possible level that allows a user of hearing technologies to utilize the telecommunications product.		
(j) Products that transmit or conduct information or communication, shall pass through cross-manufacturer, non-proprietary, industry-standard codes, translation protocols, formats or other information necessary to provide the information or communication in a usable format. Technologies which use encoding, signal compression, format transformation, or similar techniques shall not remove information needed for access or shall restore it upon delivery.		
(k)(1) Products which have mechanically operated controls or keys shall comply with the following: Controls and Keys shall be tactilely discernible without activating the controls or keys.		
(k)(2) Products which have mechanically operated controls or keys shall comply with the following: Controls and Keys shall be operable		

with one hand and shall not require tight grasping, pinching, twisting of the wrist. The force required to activate controls and keys shall be 5 lbs. (22.2N) maximum.		
(k)(3) Products which have mechanically operated controls or keys shall comply with the following: If key repeat is supported, the delay before repeat shall be adjustable to at least 2 seconds. Key repeat rate shall be adjustable to 2 seconds per character.		
(k)(4) Products which have mechanically operated controls or keys shall comply with the following: The status of all locking or toggle controls or keys shall be visually discernible, and discernible either through touch or sound.

(a) Self contained products shall be usable by people		

with disabilities without requiring an end-user to attach Assistive Technology to the product. Personal headsets for private listening are not Assistive Technology.		
(b) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.		
(c) Where a product utilizes touchscreens or contact-sensitive controls, an input method shall be provided that complies with §1194.23 (k) (1) through (4).		
(d) When biometric forms of user identification or control are used, an alternative form of identification or activation, which does not require the user to possess particular biological characteristics, shall also be provided.		
(e) When products provide auditory output, the audio signal shall be provided at a standard signal level through an industry standard connector that will allow for private listening. The product must provide the ability to interrupt, pause, and		

restart the audio at anytime.		
(f) When products deliver voice output in a public area, incremental volume control shall be provided with output amplification up to a level of at least 65 dB. Where the ambient noise level of the environment is above 45 dB, a volume gain of at least 20 dB above the ambient level shall be user selectable. A function shall be provided to automatically reset the volume to the default level after every use.

Frequently Asked Question (FAQ) for Vendors regarding Policy-Driven Adoption for Accessibility (PDAA)

1. What is PDAA?

Policy-driven Adoption for Accessibility (PDAA) is a tool that Vendors can use to demonstrate the extent to which their organization has implemented accessibility best practices within operations. The PDAA concept is based on the following principles:

towards the creation of accessible offerings over the long term.

- Enabling products for accessibility requires integrating accessibility criteria into all phases of a product life cycle, and other
- Many state and federal agencies are required by law to procure or develop accessible offerings based on technical standards.

Gaps in Vendor internal governance systems and leadership commitment inhibit their ability to meet these standards.

continue to improve them over time.

2. Why are buying organizations requesting information on company accessibility policy?

Making an organization's information and communications technology (ICT) offerings accessible to people with disabilities requires commitment in many areas of that organization. PDAA data helps buying organizations understand a Vendor's accessibility policy, A mature accessibility policy implementation signals that the Vendor is fully aware of the implications of accessibility requirements and is prepared to resolve any issues in a timely manner with minimal friction. It also makes it more likely that the Vendor understands that accessibility is more than meeting a set of technical guidelines or standards, and that usability will be a factor in how they go about meeting the technical requirements. Accessibility that is planned, designed, and built in from the beginning consistently results in a friendlier product for all users, including those with disabilities.

3. Why is PDAA information important to the buying organization?

The requested information provides insight into Vendors' ability to develop accessible commercial off the shelf (COTS) and non-COTS offerings, which can increase the procuring organizations' confidence in the accuracy of Vendor's accessibility documentation. Current ICT accessibility reporting formats such as VPATs (Voluntary Product Assessment Templates) only apply to COTS products and services. In many cases, Vendor VPATs lack credibility due to limited knowledge about their offerings' accessibility. Additionally,

4. How will this information be used?

The initial completed form will establish a baseline for where a vendor stands with regard to its ICT accessibility policy. The baseline illustrates the depth and maturity of the Vendor's support for accessibility policy and practices as illustrated via the PDAA Maturity **(http://publishingext.dir.texas.gov/portal/internal/resources/DocumentLibrary/PDAA%20Maturity%20Matrix.pptx)**
The questionnaire may also be included in future solicitations so that progress can be assessed. The Vendor responses from the questionnaire may be considered as an element in Vendor selection; however, this would be determined by the procuring Additionally, Vendor organizations can use the results as a roadmap for implementing their organization-wide ICT accessibility initiatives, which will help ensure that programs and processes are in place to facilitate the development of future accessible

5. We already submit VPATs as part of solicitation responses. Is that adequate?

No. VPATs (Voluntary Product Assessment Templates) are product-specific. PDAA is a holistic presentation of the organization's approach to accessibility. The expectation is that organizations with mature approaches to PDAA will greatly improve the levels of

6. What is the PDAA Maturity Model?

Based on the Capability Maturity Model (CMM) concept, the PDAA Maturity Model (Link on next line) provides buying organizations and vendors with a simple dashboard or matrix to track and demonstrate Vendors' progress toward full system-wide support of

(http://publishingext.dir.texas.gov/portal/internal/resources/DocumentLibrary/PDAA%20Maturity%20Matrix.pptx)

8. What is PDAA?

Policy-driven Adoption for Accessibility (PDAA) is a tool that Vendors can use to demonstrate the extent to which their organization has implemented accessibility best practices within operations. The PDAA concept is based on the following principles:

towards the creation of accessible offerings over the long term.

· Enabling products for accessibility requires the integration of accessibility criteria in all phases of a product life cycle, and other

· Many state and federal agencies are required by law to procure or develop accessible offerings based on technical standards, but gaps in internal governance and commitment by industry inhibits the adoption and implementation of these standards.

· Agency procurement organizations need assurances that vendors have the ability to produce accessible offerings and continue

9. Does the PDAA replace VPATs?

No. VPATs (Voluntary Product Assessment Templates) are product-specific. PDAA is a holistic presentation of the organization's approach to accessibility. VPATs are still a valuable tool at the product level, and the expectation is that vendors with mature

10. Why a "maturity model" of evaluation?

Successfully enabling an organization for ICT accessibility requires implementation within various areas of an organization. As with any organization-wide initiative, implementation cannot occur all at once. The PDAA Maturity Model is used to gauge progress (http://publishingext.dir.texas.gov/portal/internal/resources/DocumentLibrary/PDAA%20Maturity%20Matrix.pptx)

11. Why should we support vendors who have mature PDAA practices?

A mature accessibility policy implementation signals that the vendor is fully aware of the implications of accessibility requirements and is prepared to resolve any issues in a timely manner with minimal friction. It also makes it more likely that the vendor understands that accessibility is more than meeting a set of technical guidelines or standards, and that usability will be a factor in

12. How should we score PDAA information?

In general, the PDAA questionnaire is meant to ensure that the same information is collected from all bidders, and how the agency offerings or Vendors by the procuring organization.

PDAA evaluation is an area that will need some practical experience, and we hope that organizations will share what they learn.

13. Where does the PDAA information fit within the procurement process?

Using consistent information in evaluating bids is a key element of open and competitive public procurements. The information given in a PDAA report can help judge the ability of a Vendor to: complete a VPAT correctly, produce accessible custom ICT offerings (web sites, web applications, software, etc.), resolve accessibility defects when discovered, and otherwise be a partner in helping

14. What happens if the vendor claims the information is confidential or a trade secret?

Vendors often claim this for information required in procurements. Your organization's procurement laws, policies, or practices may

15. What other states are using the PDAA model?

The PDAA model is in its early stages. A coalition of states are working with several national associations to harmonize the criteria for this model, and for obtaining and evaluating PDAA information. The goal is for more states and other government entities to

Request for Offer DIR-TSO-TMP-419

Addendum 1

2. DIR-TSO-TMP-419 Bid Package 1, Section 3.1 Products, paragraph 43 is hereby replaced with:

Document Imaging Services/Solutions

Document imaging equipment systems can take many forms including microfilm, computer output microfilm (COM) and archive writers, or indexing services. Document Imaging means the conversion of paper files (of any size or description) or microfilm / fiche to digital images. Digital Imaging means the conversion of digital files, but not limited to digital to microfilm/ fiche, and microform to digital conversion. This RFO seeks Document Imaging Services or Solutions that may include but are not limited to:

- Document Conversion
- Preservation and Archive Scanning and Imaging
- Document preparation
- Indexing and formatting
- Digital retention, storage and hosting
- Microfiche and Digitization Imaging
- Image Enhancement
- ICR/OCR/OMR
- Interface with Customer system

3. DIR-TSO-TMP-419 Bid Package 1, Section 4.7.1 first sentence is amended as follows: **VENDOR MUST PROVIDE THE ITEMS LISTED BELOW OR THE RESPONSE MAY BE DISQUALIFIED.**

4. DIR-TSO-TMP-419 Bid Package 1, Exhibit A Vendor Information, Item 10 is hereby replaced with:

10. Vendor must send the Vendor Reference Questionnaire to three (3) companies or government agencies either via the BidStamp VIS Portal or directly via email. Instructions are included in **Bid Package 8**. DIR is not responsible for undeliverable e-mails or for non-responsive references. If DIR does not receive a vendor reference, Vendor will receive a score of "0" for that reference. Include all requested information. References must respond to DIR on the form provided by the due date in order to be considered in proposal evaluation. The Vendor Reference Questionnaire form must be submitted directly from the reference to DIR. The Vendor may not submit the reference form to DIR. Should this occur, the reference will be scored with a zero (0).

Addendum 1

5. **Questions and Official Answers**:

1. Question: Are agencies able to procure digital print services through this vehicle?

Answer: This RFO does not include commercial digital print services. Texas state agencies procure digital printing services through the Comptroller's Statewide Procurement Division State Print Shop Web Portal.

2. Question: Will digital print and, or print mail going to be accepted under this cooperative contract as miscellaneous?

Answer: Print mail services are not included in this RFO. Refer to the Answer to Question 1 above, and Bid Package 1, Section 3. Scope. Print mail services are offered through DIR's Shared Technology Services (STS). STS is currently in the planning phase of a solicitation for **Data Center Services - Print, Mail, and Digitization** due to post in Summer 2019. Please see DIR's Current Contracting Initiatives page for more information.

3. Question: (Pg 6, Section 3.1) The RFO mentions scanning services, referred to as digital imaging and document imaging, and hardware with respect to Managed Print Services, but is silent on actual print services. We understand in the past, agencies used the CCG contract for printing services. Does the RFO consider the use of the contract for printing and/or digital printing services? Digital printing is defined as any printing not using plates to transfer an image or text.

Answer: Printing Services are not included in Bid Package 1, Section 3. Scope. Please refer to the Answer to Question 1 above.

4. Question: (Pg 6 Section 3.1) Does the RFO consider the use of the contract for offset printing services, defined as any printing that would use plates to transfer an image or text?

Answer: Offset Printing Services are not included in Bid Package 1, Section 3. Scope.

5. Question: (Pg 6 Section 3.1) Does the RFO consider the use of the contract for agency printing and any associated mail fulfillment services as well?

Answer: Primary Printing Services and Mail Fulfillment Services are not included in Bid Package 1, Section 3. Scope. Please refer to the Answers to Questions 1 and 2 above.

Addendum 1

6. **Question:** (Pg 6, Section 3.1; Pg 18 Section 3.1.1.1. Under "The Third Tab", Miscellaneous/ Other) If the answer is yes to any of the three previous questions, please indicate the pricing schedule for these services that DIR would prefer?

   Answer: The answer is No for questions 3, 4, and 5. Refer to the Answers to Questions 3, 4 and 5 above.

7. **Question:** Will the BidStamp VIS System allow multiple people to have an account from the same vendor?

   Answer: Yes, a single Vendor account may have multiple users.

8. **Question:** May multiple people from one company have access to the portal?

   Answer: Multiple users may have access to a single Vendor account.

9. **Question:** Can you partially fill out and log in later to continue?

   Answer: Yes, BidStamp allows Vendors to leave and return to their response to complete up to the due date and time of the response. DIR suggests selecting SAVE in each line item of the BidStamp pricing form before exiting.

10. **Question:** Are scanner manufacturers and software provided by responder considered 3rd party?

    Answer: Third party software is software that is not published by the manufacturer (as in an operating system/manufacturer application).

11. **Question:** Scanner manufacture (i.e. Kodak) and software developers (i.e. Docuware) each considered 3rd party vendors requiring submittal of documents for authorized vendors of these?

    Answers: Refer to the Answer to Question 10 above.

12. **Question:** Will a manufacture certificate be required for third party equipment?

    Answer: Vendors must provide proof that they are an authorized Reseller for each manufacturer's product proposed in their response. Refer to Bid Package 1, Section 4.5.1, 1).

Addendum 1

13. **Question:** General - Do out of state dealers need a letter of authorization to participate on contract?

    Answer: Vendors must be authorized to do business in Texas in order to have a contract with DIR.

14. **Question:** Exhibit B, Question 1, Detailed history, Is there a page limitation?

    Answer: No, use additional pages as needed.

15. **Question:** To make it easier to manage the product list, in other contracts pricing references have been set up with product category discounts. Will this not be the case for this contract? We have to list every single product for each product category that fits the contract?

    Answer: Yes, a complete response will list every product/service offered in Bid Package 2 in the appropriate tab (Entire Offering) and if it does not fall within one of the categories listed/formatted then, it should be offered/listed in the Miscellaneous/Optional category.

16. **Question:** Would you address changes (new ones and removing old ones) as it relates to this contract after contract award?

    Answer: DIR understands that products have a lifecycle. If awarded a contract, Vendor will work with their assigned DIR Contract Manager to edit their product offering on a schedule determined by DIR and Vendor. These scheduled changes may include, but are not limited to replacing obsolete products, adding enhanced or new versions, and deleting products. In addition, DIR will consider changes at the annual optional renewal term or per the emerging technology changes described in Bid Package 1, Section 3.3 Emerging Technologies.

17. **Question:** General Question: Under this contract award is software available as a stand-alone acquisition item to qualified entities or will software solutions only be allowed as an add-on to hardware purchases?

    Answer: Yes, as it relates to Bid Package 1, Section 3. Scope.

Addendum 1

18. **Question:** DIR-TSO-TMP-419- Bid Package 1- RFO- Please confirm that it is the intent of DIR to allow standalone software components on this RFO.

    Answer: Refer to the Answer to Question 17 above.

19. **Question:** Has the Master Operating Lease and or Master Lease been changed from the current lease under contract?

    Answer: DIR has no knowledge of the contract referenced in the question. The Master Operating Lease Agreement and the Master Lease Agreement for this RFO are posted as Bid Package 5 and Bid Package 6, respectively.

20. **Question:** Will DIR allow or add to lease agreement (MLA / MOLA) "Standard $1.00 Out Lease" structured program/option? Note: Customer would have option to transfer title of ownership at end of lease for $1.00.

    Answer: Yes, refer to Bid Package 6, Master Lease Agreement, Section 13. Purchase and Renewal Options; Location and Surrender of Equipment which discusses a Fair Market Value option.

21. **Question:** Will DIR allow or add to leasing agreements (MLA / MOLA) "Tax Exempt Municipal Lease" structured program/option? Note: This would require title of ownership to transfer to customer.

    Answer: Additional terms to the existing MLA or MOLA may be negotiated between the Vendor and customer as long as the proposed term(s) do not diminish DIR contract or DIR MLA/MOLA terms.

22. **Question:** How can we validate you have received the references?

    Answer: You may contact your references or have them cc: you when they submit to DIR.

23. **Question:** Who can we talk to for clarification on cancelled contracts?

    Answer: Questions should go to Carrie Thomas, as stated in section 4.1 of the RFO.

Addendum 1

24. **Question:** All questions submitted pertain to: DIR-TSO-TMP-419. Who can we talk to for clarification on cancelled contracts?

    Answer: Refer to the Answer to Question 23 above.

25. **Question:** Are there provisions for small businesses to be a prime on this contract?

    Answer: Any qualified Vendor able to provide products and/or services described in this RFO will be evaluated to move to negotiations. Vendors awarded a DIR contract will be considered as master contract holders. There are provisions for Resellers, Order Fulfillers and Subcontractors in Bid Package 1, Section 4.5.1 Authorized Vendors.

26. **Question:** RFO 3.1 PG 12 DIS, is a narrative required for any of the bullets? If so, where to put it in the proposal?

    Answer: The contents of Vendor's proposal must meet the requirements of the RFO, and are at the Vendor's discretion. It is in the Vendor's best interest to answer each question thoroughly.

27. **Question:** Is this contract specific to TX based vendors? If not, are there preferences TX based vendors have? Explain?

    Answer: No, refer to Bid Package 4, Appendix A, Section 3. Definitions, A. No preferences are given to Texas based Vendors.

28. **Question:** Are Texas-based vendors preferred for this contract?

    Answer: Refer to the Answer to Question 27 above.

29. **Question:** What if a customer wants to purchase ECM service/product but they do not want DCS product or service?

    Answer: DIR assumes that the Vendor's question refers to "DIS" and not "DCS". In that regard, each DIR Cooperative contract will have an Appendix C Pricing Index which will provide the Vendor's unique offering of products/services.

Addendum 1

30. **Question:** Is there an option to upload a single Excel or Word document or does each question need to be entered individually?

    Answer: Each question and each document should be submitted singly in the BidStamp Vendor Information System portal (VIS).

31. **Question:** Would it be acceptable to upload one single Word document with all completed RFO documents embedded within that one document or do all of the RFO documents and any additional documentation need to be separately attached one by one?

    Answer: No. Vendors should not embed any documents within the proposal and each document should be uploaded separately into the VIS portal.

32. **Question:** Could you please provide me with the link to the recorded webinar for the prebid conference from the Friday before Christmas?

    Answer: The webinar was not recorded. The Prebid Conference PowerPoint slides are attached to this Addendum 1.

33. **Question:** General - due to the complexity of the RFP, we request a 2 week extension do the due date.

    Answer: DIR has extended the Due Date. Refer to Item 1 of this Addendum 1.

34. **Question:** DIR-TSO-TMP-419- Entire Bid Package-Would DIR consider offering an extension to this RFO?

    Answer: DIR has extended the Due Date. Refer to Item 1 of this Addendum 1.

35. **Question:** General Question: To provide DIR with a comprehensive response that considers all of your valued feedback, we respectfully request a two (2) week extension of current due date. Will DIR extend due date of February 4, 2019 to February 19, 2019?

    Answer: Refer to the Answer to Question 34 above.

Addendum 1

36. **Question:** DIR-TSO-TMP-419. Would DIR consider extending the period for vendors to pose questions to Thursday Jan 10th, 2019? This will allow respondents to further understand the RFO and accommodate for personnel who have been on vacation during this holiday period.

    Answer: DIR has extended the Due Date. Refer to Item 1 of this Addendum 1. Vendors may submit clarification questions to the contact listed in Bid Package 1, Section 4.1.

37. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:22, Section Number: 4.3.1 RFO Schedule January 22, 2019 COB (CT) Estimate for posting answers to questions on the ESBD. Can DIR extend the RFP deadline to insure two weeks from the date of publication of the question responses? Responses could impact the ability of vendors to give DIR the best pricing possible.

    Answer: DIR has extended the Due Date. Refer to Item 1 of this Addendum 1.

38. **Question:** Will the Department of Information Resources (DIR) please allow a second round of questions to clarify any of the answers provided from the first round of vendor questions? It is often the case that answers provided (in general) require additional clarification.

    Answer: The Due Date for all questions in the VIS Portal was January 7, 2019. Vendors may submit clarification questions to the contact listed in Bid Package 1, Section 4.1.

39. **Question:** General - would DIR consider adding another round of questions and answers after this initial round?

    Answer: Refer to the Answer to Question 38 above.

40. **Question:** DIR-TSO-TMP-419- Entire Bid Package- Would the State consider allowing vendors to ask secondary questions to allow for additional clarification when needed?

    Answer: Refer to the Answer to Question 38 above.

Addendum 1

41. **Question:** General: What is the process for price adjustment over the term of the award? For example, a 3rd party software price change (up or down). Can new pricing be submitted as long as the discount rate remains the same?

    Answer: MSRP Pricing can be adjusted in accordance with manufacturer's suggested retail pricing. Throughout the life of the contract, the awarded Vendor may offer increased discounts off MSRP, but they may not decrease the discount off MSRP.

42. **Question:** Is it DIR's intention to post the sign in sheet for the pre-conference that was held on December 17th along with any notes regarding questions and answers? Thank you!

    Answer: The Sign in Sheet is attached to this Addendum 1. Refer to #5 of the Summary listed above.

43. **Question:** What is the estimated number of projects per month? (an average)

    Answer: Refer to Bid Package 4, Standard Terms and Conditions, Section 2. No Quantity Guarantees.

44. **Question:** What is the estimated number of pages for the average project? (an average)

    Answer: Each individual Customer project is based on the Customer's requirements.

45. **Question:** What is the minimum project size? Ex. 20 boxes (50,000 images)

    Answer: Refer to the Answer to Question 44 above.

46. **Question:** Where do you anticipate projects will be coming from? (office/locations)

    Answer: Any eligible DIR customer may purchase products and services offered on a DIR Cooperative contract.

47. **Question:** What is expectation regarding document transport? Will agency/office ship?

    Answer: Refer to the Answer to Question 44 above.

Addendum 1

48. **Question:** May we perform hybrid onshore/offshore manual indexing from images where your data remains at a SunGuard data center within the U.S. while offshore workers remotely capture the index information?

Answer: Yes, as long as the data remains within the contiguous United States.

49. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:13, Section Number: Document Imaging/Solutions

a. Is this specific to Document Imaging/Solutions only?

Answer: Yes, see the header which appears on page 12, Document Imaging/Solutions.

b. Would DIR accept utilizing Offshore resource specific to back office activities such as Billing, Contract Management and Order Entry?

Answer: Refer to the Answer to Question 47 above.

50. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:9, Section Number 3.1 Products. Managed Print Services Examples. Technical Support

Regarding the Analyst services necessary to support Customers connecting their devices to their networks (if applicable) is remote (non-on site) services acceptable?

Answer: Yes, remote services are acceptable. Refer to the Answer to Question 48 above.

51. **Question:** RFO 3.3 page 19 "Vendor may propose such products and related services."

a. What is the process for a vendor to propose to DIR emerging technologies products/services for augmentation to the original solicitation?

Answer: Refer to Bid Package 1, Section 3.3 Emerging Technologies.

b. Would the emerging technologies products/services proposed by that vendor then undergo a bidding process amongst the other contracted vendors (assuming there were multiple contract awards)?

Answer: Refer to the Answer to Question 51 a. above.

52. **Question:** RFO 3.5 page 20 "..all Vendors must submit completed VPAT form (Bid Package 9) or links to completed VPATS…"

a. During the Vendor Conference, vendors were instructed to upload the form as a Word document.

If links are used, should they be pasted into the VPAT Word document? Or, if the links should they be listed in the vendor's proposal, what section of the response should these links be placed under?

Answer: If a Vendor is using links to the manufacturer websites only, Vendors should include a word document titled "VPATs" with the list of links to the specific products that are included in the submitted Pricing Index. If Vendor is a manufacturer submitting the VPATs for the products, Word documents or PDF will be fine. The important thing is that all the VPATs that are submitted are accurate.

b. Page 20 / Section 3.5 - Please confirm that VPAT's are not required for services, only required for physical or electronic products.

Answer: VPAT's are only required for commercial off-the-shelf IT hardware or software.

53. **Question:** RFO 4.5.1 page 25 "Vendors who respond to this RFO must be one of the following:". Are the signed letter(s) of authorization required for vendors who are providing services (not reselling products)?

Answer: Yes, a signed letter from the Manufacturer/Publisher certifying that Vendor is an authorized Service Provider of Manufacturer's/Publisher's products.

54. **Question:** RFO 4.4.1 page 24 "…An original, signed paper copy of the HSP must be uploaded into BidStamp." and 4.7.1.4 page 27 "HUB Subcontracting Plan Forms"

Answer: Yes, all pages of the HSP must be completed, signed, scanned and uploaded to the VIS Portal.

Addendum 1

55. **Question:** During the Vendor Conference, it sounded like vendors are to fill in an HSP form within BidStamp VIS, then print it out, sign it, and then upload the signature page. Are all the pages of the HSP to be uploaded or just the signature page of the HSP?

Answer: Refer to the Answer to Question 54 above.

56. **Question:** Our proposal was arranged according to "Section 4.7: Response Format and Contents" from the Bid Package 1 RFO document; however, Bid Package 1 RFO Exhibit A doc also had a section of what to include (16A – Checklist for the RFO). Could you please confirm how our proposal should be organized?

Answer: Vendors must ensure that all mandatory requirements for this RFO are met per Bid Package 1, Section 4.7.1, even if they are not included in this checklist in Exhibit A, 16. Vendor must upload all required documents through the BidStamp VIS portal. A specific order of documents is not required.

57. **Question:** Reference document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page: 3, Section: 1.2.6 Current Contracts. DIR currently has multiple contracts with 14 Vendors to provide Managed Print Services, Printers, Copiers, 3D and Scanning Equipment and Related Services. This RFO encompasses term contracts that are administered by The Comptroller of Public Accounts (CPA) Statewide Procurement Division (SPD) for Document Imaging Services. Enterprise Content Management (ECM) Products, Software and Services is a new category."

Will stand-alone contracts for software, Imaging and ECM remain active or be phased out? Can components from existing independent contracts be incorporated into an MPS solution or must they also receive an award under DIR-TSO-TMP-419?

Answer: Components from existing contracts cannot be incorporated into an MPS solution. DIR-TSO-TMP-419 is a new solicitation and has no relation to the existing contracts.

58. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page: 16, Section: 3.1 Products Enterprise Content Management (ECM)

Products may include Content Services Platform (CSP) which is a set of services and microservices, embodied either as an integrated product suite or as separate applications that share common APIs and repositories, to exploit diverse content

types and to serve multiple constituencies and numerous use cases across an organization. This kind of platform can be delivered as an integrated product suite or as separate applications that have similar APIs and repositories. The changes in this space represent a shift from self-contained systems and repositories to open services.

Can components from existing DIR contracts be incorporated into an ECM solution or must they also receive an award under this contract?

Answer: ECM has a Related Services element; if the Vendor offers a Related Service to an ECM product, it should be listed in the Entire Product Offering-ECM (Tab 5) of the Pricing Index. Additionally, refer to the Answer to Question 56 above and Bid Package 1, Section 3. Scope.

59. **Question:** Page 5 / Section 3.1. Please confirm that we can include products already existing in other contracts we want included in this contract.

Answer: A Vendor may propose any product and/or services that are listed in Bid Package 1, Section 3. Scope. In addition, the Pricing Index has a category titled Miscellaneous/Other for items that are not listed in Bid Package 1, Section 3. Scope, but are within the scope of the solicitation.

60. **Question:** Bid Package 1 RFO- Section 3.1 Scope Under Scope there are three categories listed, MPS, Document Imaging Services and Enterprise Content Management. Does the Section Under MPS allow for outright purchase of devices, (scanner, printer, MFP's, facsimile devices etc.) Section 3.1 page 10 references copiers, printers, and scanners.

Answer: Yes, direct purchases may be offered for this solicitation.

61. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:5, Section: 3.1 Products

Vendors may not propose or provide remanufactured, like-new, newly manufactured, refurbished, reconditioned or any other than NEW products or equipment, to include add-on products.

Vendors use different nomenclatures to label their equipment. Please confirm your acceptance of this definition of manufacturing status as follows: None of the equipment provided will be remanufactured, reconditioned, recycled, refurbished,

or used, although the equipment may contain some recycled components that meet new parts performance standards. Regardless of which model of new equipment is being provided, the District will be the first user of the equipment."

Answer: DIR does not accept the definition above. The scope is defined in Bid Package 1, Section 3.1. Vendors shall propose new products only.

62. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:5, Section Number 3.1 Products.

Regarding Equipment Manufacturing status. Does DIR have any issues with the equipment manufacturing definition? Equipment manufacturing status may change during the lift of the equipment. For equipment that is included in the DIR Final Award, what are the ramifications if equipment manufacturing status changes during the term of the contract?

Answer: If the life cycle of a product ends during the term of the contract, the Vendor may add the new version of the product to their existing contract.

63. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:6, Section: 3.1 Declared Disaster Optional Declared Disaster Equipment Recovery Program. If a vendor elects to participate in the disaster recovery program, must the service be offered on every device in the portfolio or can it be on a subset of available devices?

Answer: All products within the Optional Declared Disaster Equipment Recovery Program for 48 or 60 month leases must be offered. Vendors may elect to only offer their 60 month lease portfolio and/or their 48 month lease portfolio, however, a 48 month portfolio may not be offered without a 60 month lease portfolio.

64. **Question:** DIR-TSO-TMP-419- Bid Package 1 RFO- pg. 12, Consumables Supply Services-2. Would DIR consider the addition of the following language into 3.1 Products, Managed Print Services Examples, Consumable Supply Services: "This requirement does not apply to 3D systems. Customers shall order these supplies on an as needed basis."

Answer: No. For 3D Printers it is intended that the Vendor list the equipment and any accessories that they offer on separate lines; refer to Bid Package 1, Section 3. Scope.

Addendum 1

65. **Question:** Would it be possible to use a different font and/or color for our answers for the Exhibits so it is easier to differentiate between the Texas DIR questions and our responses?

Answer: Yes, as long as it is clear, and meets accessibility requirements. Vendor response documents should be submitted in a format that is accessible to people with disabilities. Vendor should refer to Bid Package 1, Section 4.7.3.

66. **Question:** DIR-TSO-TMP-419- Bid Package 1 RFO-Exhibit A- Item 10- Question ten of the DIR-TSO-TMP-419-Bid Package 1 RFO- Exhibit A, directs vendors to Bid package 5 for vendor reference questionnaire instructions, however the Vendor references are located in Bid Package 8. Please confirm that this question was meant to state Bid Package 8.

Answer: Yes, Bid Package 8 is titled Vendor References; refer to the Answer to Question 3 above.

67. **Question:** Exhibit A: Page 26/28: Section 11.B Termination, Item 3-Termination for Convenience - DIR may terminate the Contract, in whole or in part, by giving the other party thirty (30) calendar days written notice. A Customer may terminate a Purchase Order or other contractual document or relationship by giving the other party thirty (30) calendar days written notice.

Will DIR clarify that this term/condition does not apply to any and all executed lease agreements under this contract and only applies to the actual contract award?

Answer: If a Vendor offers to lease equipment on a DIR contract that is awarded to them, they will be bound first, to the terms and conditions of either the Master Operating Lease Agreement or Master Lease Agreement (MOLAs or MLAs, respectively) and then Bid Package 4 Standard Terms and Conditions.

68. **Question:** DIR-TSO-TMP-419- Bid Package 2- 11.B.3- DIR-TSO-TMP-419- Bid Package 2- 11.B.3 states, " DIR may terminate the Contract, in whole or in part, by giving the other party thirty (30) calendar days written notice. A Customer may terminate a Purchase Order or other contractual document or relationship by giving the other party thirty (30) calendar days written notice. " Please clarify that this section only applies to the documents listed above and not the underlying lease agreements for the installed equipment.

Answer: Refer to the Answer to Question 67 above.

69. **Question:** Exhibit A Attachment 2 "This form must be completed/signed by respondent for each identified reference (cancelled contract references)". Can you please clarify what "cancelled contract references" means? Is this applicable only if a vendor's reference is from a cancelled contract?

Answer: The Vendor shall complete Exhibit A Attachment 2 if the Vendor has a cancelled contract. If Vendor has a cancelled contract, DIR requires a Point of Contact (POC) for that contract.

70. **Question:** Referencing Bid Package 2 – Pricing Index: TAB 2: Bid Stamp Price Sheet: Does DIR wish for responding vendors to delete information provided as "examples" and enter response data/pricing applicable to request?

Answer: Bid Package 2, Tab 2 lists examples and is provided as a reference only. Vendor must submit Tab 2 items in the automated BidStamp Pricing form.

71. **Question:** Referencing Bid Package 2 – Pricing Index: TAB 2: Bid Stamp Price Sheet: Column D: Products/ Services Sub Description: Are vendors to create their own configurations or will DIR be providing minimum configurations for each of the volume bands requested? If there will be no minimum configuration requirements, are vendors to supply base unit pricing only and list every accessory item available separately?

Answer: The requirement within each Volume Band should be the lowest price of the base model equipment. Bid Package 2 Pricing Index Tab 2 does not require pricing for accessories.

72. **Question:** Document: DIR-TSO-TMP-419 Bid Package 2 Pricing Index, Section: Tab #2, MFD Copier/Printer Maintenance Plans/Prices. Where would an alternative price plan such as equipment flexible Rental program be placed on the price exhibit?

Answer: If a Vendor offers the rental of equipment, they shall submit a detailed description of the products/services in the Miscellaenous/Other category of Tab 3 – Entire Product Offering-MPS.

73. **Question:** Document: DIR-TSO-TMP-419 Bid Package 2 Pricing Index, Section: Tab #2, "Product Services Description"

Are there any other minimum specification or requirements other than the stated speed band?

Answer: No, the specifications and requirements are as defined in Bid Package 2 Pricing Index (Tab 2).

74. **Question:** Referencing Bid Package 2 – Based on the format on Tab 3 Entire Product Offering – MPS, how will DIR / Customer determine what accessories go with what models since the accessories are at the bottom of the page and not listed or requested within the volume bands of the MPS equipment?

Answer: If an accessory is sold separately it should be listed in the Accessories section. If it is part of a copier (configured component) it should be detailed in the Product Description. Refer to the examples in Bid Package 2, Entire Product Offering-MPS (Tab 3).

75. **Question:** DIR-TSO-TMP-419- Bid Package 2 Pricing Index- 3. Please clarify where DIR would prefer Vendors to include their CPC rates in the pricing submission on the BidStamp portal.

Answer: DIR does not require the submission of Cost per Click (CPC) rates in Vendor response to DIR-TSO-TMP-419. Copy allowances and CPC rates will be determined at the time of Negotiations.

76. **Question:** Document: DIR-TSO-TMP-419 Bid Package 2 Pricing Index,
Section: Tab #4, MFD Copier/Printer Maintenance Plans/Prices

MFD Copier/Printer Maintenance Plans/Prices - Is there a requirement and/or opportunity to include multiple equipment service options/plans (copy allowances etc.? Where would we put those in the price exhibit?

Answer: Maintenance should be submitted in the *Managed Print Services, Related Services* section of Bid Package 2 Pricing Index, Entire Product Offering -MPS (Tab 3). Refer to the Answer to Question 74 above.

77. **Question:** DIR-TSO-TMP-419- Bid Package 2 Pricing Index-. If it is the intent of DIR to allow standalone software components, how should vendor's calculate ECM and software lease rates to submit as part of the response?

Answer: In regards to stand alone components, refer to the Answers to Questions 18 and 19 above. If the Vendor offers the lease of software it should be **detailed** in the Entire Product Offering-ECM (Tab 5), Miscellaneous/Other section.

78. **Question:** Bid Package 1 - RFO- SCOPE 3.1 Products - Does this offering include the options for outright purchase of supplies? If so, would these be entered under the miscellaneous/other category on the pricing template?

Answer: Supplies/Accessories should be listed in Entire Product Offering-MPS (Tab 3) under Accessories. Consumable products such as toner, and paper offered as standalone products are outside the scope of this RFO.

79. **Question:** Referencing Bid Package 2 – How are vendors to provide variably monthly lease rates/pricing? There is only one column provided for one monthly lease payment. (ie: FMV, Standard $1.00 Out, Tax Exempt Municipal Lease, etc.)

Answer: The Percent (%) Discount off MSRP that is offered at the time of proposal (if accepted) will remain fixed throughout the term of the contract. The MSRP may vary according to the manufacturer's published suggested retail price.

80. **Question:** Referencing Bid Package 2 – Where does DIR wish for vendors to provide accessory pricing on tab 2 Bid stamp price sheet?

Answer: If an accessory is sold separately it should be listed in the Accessories section in Bid Package 2, Entire Product Offering-MPS (Tab 3). If it is part of a copier (configured component) it should be detailed in the Product Description. Refer to the examples in Bid Package 2, Entire Product Offering-MPS (Tab 3). Bid Package 2, Tab 2 lists examples and is provided as a reference only. Vendor must submit Tab 2 items in the automated BidStamp Pricing form.

Addendum 1

81. **Question:** Bid Package 2 Pricing Index - On the pricing index spreadsheet can you clarify where one would enter the pricing for those devices that would be an outright purchase.

Answer: Vendors should list their product offering in Bid Package 2, in the appropriate Entire Product Offering (Tab 3, Tab 4 and/or Tab 5). All items listed are for purchase unless otherwise indicated (as a lease).

82. **Question:** Referencing Bid Package 2 – Where does DIR wish for vendors to provide both mono and color cost maintenance rates for proposed MFD's? How does DIR wish for vendors to provide or present maintenance pricing (cost per print or monthly volume inclusive maintenance programs, etc.).

Answer: To distinguish pricing between Mono and Color, they should be listed in separate rows. Refer to the Answers to Questions 77 and 78 above.

83. **Question:** Document: DIR-TSO-TMP-419 Bid Package 2 Pricing Index, Section: Tab#6, "Volume Discounts"

Volume Discounts – Are the Quantity Bands/Revenue amounts/discount bands for volume discounts stated in the Price Exhibit examples and is it up to the vendor to determine/propose "Bulk Buy" discount criteria. Is the vendor limited to the specifics of the example included in TAB#6?

Answer: It is up to the Vendor to determine/propose volume discount and discount criteria in the Volume Discount – (Tab 6).

84. **Question:** Referencing Bid Package 2 – TAB 6. Volume Discount: Are the quantities listed examples or actual ranges DIR wishes vendors to respond to? If only examples, are vendors to provide their own quantity ranges and applicable discounts?

Answer: The quantities listed are example and the Vendor will determine/propose volume discount and discount criteria in the Volume Discount – (Tab 6).

85. **Question:** Referencing Bid Package 2 – TAB 6. Volume Discount/ "Additional Discount Based on Aggregate Sales": Is this item a requirement or optional?

Answer: Bid Package 2 Pricing Index, Volume Discount (Tab 6) is optional.

Addendum 1

86. **Question:** bid package 4, section B - would DIR consider modifying the reporting requirements to simplify the process?

Answer: DIR will not modify the reporting process in Bid Package 4, Standard Terms and Conditions, Section 9. Contract Administration, B. Reporting and Administrative Fees, 2) Detailed Monthly Report.

87. **Question:** DIR-TSO-TMP-419 Bid Package 4 Appendix, pg. 32- 1. Please clarify if force majeure would apply to equipment payments, or would only payment for service be suspended?

Answer: As it applies to Bid Package 1, Standard Terms and Conditions, Section 11. Contract Enforcement, C. Force Majeure, all payments due from the Customer during the Force Majeure term will be suspended.

88. **Question:** Bid Package 8 - References - Can references includes companies / agencies outside of TX?

Answer: Yes, the Vendor selects the Reference then submits Bid Package 8 to the selected Reference.

Threshold and SOW Requirements

Beginning September 1, 2017, the Threshold Requirements for IT Commodities (Hardware, Software and Services) are as follows:

Contract Value	Number of DIR Vendors
$50,000 or less	May award directly to DIR Vendor of choice
More than $50,000 but not more than $1 million	Three (or all DIR Vendors in a category with less than three vendors)
More than $1 million but less than $5 million	Six (or all DIR Vendors in a category with less than six vendors)
More than $5,000,000	Agencies must conduct an independent procurement and cannot use DIR Cooperative Contracts

State agencies procuring more than $50,000 worth of services from DIR Contracts must submit their draft and final Statements of Work to DIR for review and approval prior to making payment to a Vendor.

9

Bid Submittal / VIS

- Any Vendor responding to this RFO must submit their response through the BidStamp Vendor Information System (VIS)
- Before users can access any of the BidStamp VIS portal functionality, they will be required to provide login credentials to access a new or existing account. Vendors will access the BidStamp VIS Portal via **http://dircommunity.force.com/BidStamp** and enter in their access credentials.
- If a Vendor does not yet have login credentials, Vendor will request one by clicking on “Are you a vendor and need to request an account?” button that is located on the login page.

10

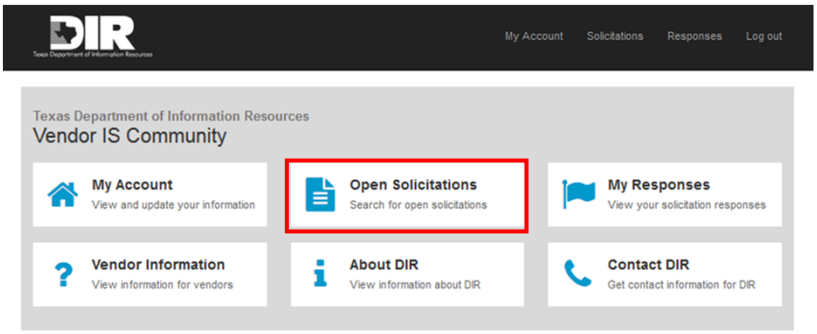
Bid Submittal

- Persons with disabilities who seek accommodation, under the Americans with Disabilities Act (ADA), in responding to this solicitation may contact DIR at the point of contact in section 4.1 of this solicitation. Please allow at least five business days for response.

11

Responding to a Solicitation

After Vendor account is enabled, Vendor will submit and manage RFO responses from the BidStamp VIS portal.



The Vendor BidStamp Guide and the presentation are posted on DIR's website on the Information For Vendors page.

16

RFO Overview

- The purpose of this Request for Offer (RFO) is to solicit responses from potential Vendors to provide Managed Print Services (MPS), printers and copiers non-multifunction (Non MFD) and multifunction (MFD) devices, 3D printers, scanning, plotting and facsimile equipment and devices and Related Services; Document Imaging Services/Solutions; and Enterprise Content Management (ECM) Products, Software and Services to the State of Texas, acting by and through the Department of Information Resources (DIR).

- DIR may make multiple awards from this RFO.

17

Exhibit D - HUB Subcontracting Plan (Bid Package 1)

*The HSP form is automated in BidStamp Vendor Information System (VIS). **Vendors will complete the form in BidStamp, print, sign, and upload the signed HSP in the VIS portal.**

18

Bid Package 1, Exhibit D – HUB Subcontracting Plan

Exhibit D – HUB Subcontracting Plan (Bid Package 1)

- DIR encourages all respondents to seek Historically Underutilized Business (HUB) subcontractors and maximize HUB participation in their bids.
- Responses submitted without a current HUB Subcontracting Plan (HSP) provided in the RFO, will be **disqualified per TAC Rule** §20.285
- All respondents, **HUBs and Non-HUBs**, are required to submit a completed HSP
- The HSP form includes specific instructions for meeting the Good Faith Effort requirements
- Vendors must complete a **new** HUB Plan and a good faith effort for this procurement

19

Bid Package 1, Exhibit D – HUB Subcontracting Plan

The HUB Goal for this RFO is 21.1%

- METHOD A (Attachment A) - If you are subcontracting and you are meeting or exceeding the HUB Goal for this RFO, you will complete Method A.
- Include all VID numbers for each vendor, all estimated dollar amounts and percentages for each vendor.

20

Bid Package 1, Exhibit D – HUB Subcontracting Plan

METHOD B (Attachment B) - If you are subcontracting, and are not going to meet the HUB Goal of 21.1% you will complete Method B.

- **Provide written notification** of subcontracting opportunity listed to at least three State of Texas certified HUBs
- **Provide written notification** of subcontracting opportunity to at least (2) minority or women's trade organization or development center
- Allow no less than seven (7) working days from their receipt of notice for HUBs to respond (keep delivery receipt emails).
- **Note:** Attach supporting documentation (letters, fax transmittals, email, etc.) demonstrating evidence of the good faith effort performed with RFO submittal

21

Bid Package 1, Exhibit D – HUB Subcontracting Plan

If not subcontracting, your response must contain a detailed explanation demonstrating HOW your company will fulfill the entire contract with its own resources

- Self-Performance Justification must be provided in the space provided in SECTION 3, do not reference sections in the RFO

22

Bid Package 1 – HUB Subcontracting Plan

Electronic and Information Resources (EIR) Accessibility Forms

Texas state agencies and institutions of higher education are required to procure, develop, and use EIR that is inclusive and accessible to people with disabilities, and to obtain credible evidence of vendor's or manufacturer's capability or ability to produce accessible EIR products and services.

This RFO includes requirements for the accessibility related forms below

1. Voluntary Product Accessibility Templates (VPATs)
   - For all Commercial Off the Shelf (COTS) offerings included in the response
2. Vendor Accessibility Policy Assessment Form
   - Required for all vendors

24

Voluntary Product Accessibility Templates (VPATs)

VPATs are

- Formal statements for commercial off the shelf (COTS) products and services documenting accessibility compliance to US Section 508 technical standards
  - utilize ITIC VPAT template form.
  - manufacturer-generated and product / product family specific
- Completed by individuals with relevant knowledge of the product accessibility.
- Based on accessibility testing results and supported by documentation (on request).
- Accurate; inaccurate claims of compliance could generate end user complaints under the Americans with Disabilities Act.

25

Vendor Accessibility Policy Assessment Form

Why is DIR requesting information on vendor accessibility policy?

- Texas agencies and institutions of higher education are required to procure or develop accessible offerings. Gaps in vendor internal governance systems and leadership commitment inhibit the ability to meet these standards for their products / services.
- Accessibility policy maturity provides insight into vendors' ability to develop accessible commercial off the shelf (COTS) and non-COTS offerings
- Results mapped to the Policy Driven Adoption for Accessibility (PDAA) Maturity Model
- Vendors can use the results as a roadmap for implementing their organization-wide IT accessibility initiatives, which will help ensure that programs and processes are in place to facilitate the development of future accessible offerings.

Note: Form (excel file) should be completed and returned in its original format

Addendum 2

This Addendum #2 to Request for Offer DIR-TSO-TMP-419

1. Correcting the answer to Question #48.
2. Correcting the answer to Question #49.

Questions and Official Answers:

48. **Question:** May we perform hybrid onshore/offshore manual indexing from images where your data remains at a SunGuard data center within the U.S. while offshore workers remotely capture the index information?

Answer: No, the Vendor must perform all functions of the Contract and keep all related data always and exclusively within the continental United States.

49. **Question:** Document: DIR-TSO-TMP-419 Bid Package 1 RFO, Page:13, Section Number: Document Imaging/Solutions

a. Is this specific to Document Imaging/Solutions only?

Answer: Yes, see the header which appears on page 12, Document Imaging/Solutions.

b. Would DIR accept utilizing Offshore resource specific to back office activities such as Billing, Contract Management and Order Entry?

Answer: Yes, as long as the Offshore resource(s) performing back office activities do not have access to Customer Data. Further, Respondents should consider the requirement to provide service, sales and support resources to serve the Customer. Such support should be available during the Customer's normal business hours.

TSL Contract Amendment 2022

Submitted For: Nancy Rister **Submitted By:** Nancy Rister, County Clerk

Department: County Clerk

Agenda Category: Consent

Information

Agenda Item

To discuss and take appropriate action on a contract amendment to the Texas State Library contract for the County Clerk.

Background

We are increasing the original contract by $50,000 as the original amount of $275,000 was in the 385 budget but we also have $50,000 in the 384 budget that is for microfilm and/or storage. Purchasing is requiring that the contract with the State Library be increased to match our approved budgeted amounts for microfilm and/or storage with the Texas State Library for 2021-2022.

Delays, Costs and Extensions of Time.

JCFP's time for performance of the Work shall be extended for such reasonable time as JCFP is delayed due to causes reasonably beyond JCFP's control, whether such causes are foreseeable or unforeseeable, including pandemics such as coronavirus (provisionally named SARS-CoV-2, with its disease being named COVID-19) including, without limitation, labor, parts or equipment shortages. To the extent JCFP or its subcontractors expend additional time or costs related to conditions or events set forth in this provision, including without limitation, expedited shipping, hazard pay associated with site conditions, additional PPE requirements, additional time associated with complying with social distancing or hygiene requirements, or additional access restrictions, the Contract Sum shall be equitably adjusted.

Escalation Clause

Customer agrees that the pricing offered in this proposal by Johnson Controls Fire Protection for this project is based upon the price of steel and its availability as of the date of this agreement. Customer and Johnson Controls Fire Protection agree that given the current market trends and conditions, the cost and availability of steel and steel products may rise and that any increases to the price of steel ordered by Johnson Controls Fire Protection for this project after the date of this agreement for any surcharges or other costs imposed, shall result in a corresponding Dollar-For-Dollar increase in SimplexGrinnell's proposal price for this agreement.

Johnson Controls Fire Protection agrees to provide information to the customer about any increase in the price of steel and customer agrees to execute at Johnson Controls Fire Protection's request an addendum, and a non-disclosure agreement with Johnson Controls Fire Protection

Customer agrees to pay Johnson Controls Fire Protection for any increases as described above pursuant to the terms and conditions agreed upon and stated in the proposal, and above mentioned addendum between Johnson Controls Fire Protection and the customer.

WORK TO BE PERFORMED BY Johnson Controls Fire Protection:

1. Provide fire alarm system modifications as indicated on the bid documents, plans and specifications. Any equipment or work required by the AHJ during the plan review process or final inspection will require a change order to perform.
2. Provide fire alarm wiring, terminations, and mounting of equipment for the proposed Simplex system. For installation using plenum rated cable, Johnson Controls Fire Protection's proposal includes provision of wiring support system per NEC.
3. Provide fire alarm panel back cans and power extender cans and non-standard electrical back boxes to the electrical contractor for installation.
4. Provide initial programming of FACP. Final room numbers must be provided prior to system programming or a change order will be required for reprogramming of the system labels.
5. Proposal includes city plan review fee and acceptance testing. NOTE: Project is based on being completed in one phase. If project is to be completed in multiple phases this will require permitting by phase. Pricing based on Fire Alarm permit being included under GC permit. If Fire Alarm permit not included under GC permit it will require a CO of approx 1% of quoted amount for fire alarm.
6. Provide 4 hard copy sets and 1 electronic copy of equipment submittals and design drawings for contractor use/approval.
7. Provide one functional system test with the AHJ during Johnson Controls Fire Protection's normal business hours. Failure of test due to other trades will result in additional cost. Fee for re-testing will be a minimum of $ 500 plus additional labor required.
8. Provide (one) two hour owner training session during Johnson Controls Fire Protection's normal business hours.
9. Provide Certificate of Installation, O&M Manual(s), and As-built Drawings. As-built drawings cannot be produced until after completion of final commissioning. Three hard copy sets of O&M's and As-builts and one electronic copy (.pdf file format) will be provided.

10. Simplex system carries a one year parts warranty and a one year labor warranty for naturally defective parts or workmanship. Warranty service will be provided during Johnson Controls Fire Protection's normal business hours. Warranty period begins upon acceptance by AHJ.
11. All required work is based on work being performed during Johnson Controls Fire Protection's normal business hours.

WORK TO BE PERFORMED BY ELECTRICAL CONTRACTOR:

1. EC is responsible for ensuring Johnson Controls Fire Protection has a complete set of the latest version of the contract documents at time of contract issuance.
2. EC to provide and install a complete rough-in system including but not limited to: all required conduit, raceway, flex, stub-ups, sleeves, fire caulking, and back-boxes that may be required.
3. EC to provide and install all grommets, bushings and conduit end-caps.
4. EC to provide and install all standard back boxes and install specialty back boxes provided by Johnson Controls Fire Protection. Back boxes are to be installed as indicated on Johnson Controls Fire Protection's final design drawings. DO NOT USE LOCATIONS AS SHOWN ON CONTRACT DRAWINGS. Installation of fire alarm system cannot begin until plans have been submitted to/ and/or approved by the local AHJ.
5. EC to provide dedicated 120VAC power including red circuit breakers for all Simplex equipment.
6. EC to provide power to fire/smoke dampers if required.
7. EC to provide labeling and/or painting of conduit, back boxes and covers as required by specifications and/or AHJ.
8. EC is responsible for providing Johnson Controls Fire Protection with adequate and secure staging area for storage of equipment, tools and materials.
9. EC is responsible for promptly notifying Johnson Controls Fire Protection of any ASI's, PR's, and request for changes to be provided.
10. EC is responsible for promptly notifying Johnson Controls Fire Protection of approval of any change orders.
11. EC is responsible for promptly providing stamped set of reviewed fire alarm submittal documents to Johnson Controls Fire Protection.

WORK TO BE PROVIDED BY HVAC CONTRACTOR:

1. HVAC contractor will physically install all duct detectors including sampling tubes at locations indicated on Johnson Controls Fire Protection's final design drawings.

2. HVAC contractor to provide 24 inches of duct work to facilitate installation of duct detectors at any AHU's or fire/smoke damper locations.
3. HVAC contractor to provide all wiring, terminations, and interface for AHU shutdown, damper control, smoke evacuation, and exhaust fans. Johnson Controls Fire Protection will provide relays as the demarcation point for these functions.
4. HVAC/Controls contractor will be required to be present at fire alarm pre-test and acceptance tests.

WORK TO BE PERFORMED BY SPRINKLER CONTRACTOR:

1. The sprinkler contractor is responsible for providing, installing, and adjusting all flow, tamper, and pressure switches. Johnson Controls Fire Protection will provide devices for the monitoring of these points by the fire alarm system.
2. The sprinkler contractor will be required to be present at fire alarm pre-test and acceptance tests.
3. Sprinkler contractor responsible for providing and installing water gong outside of the sprinkler riser room.

WORK TO BE PERFORMED BY THE ELEVATOR CONTRACTOR:

1. Elevator contractor is required to provide all interface wiring from Johnson Controls Fire Protection's control relays for elevator fire service functions. SimplexGrinnell's relays serve as the demarcation point for its work.
2. Elevator contractor is required to provide traveling cable to the elevator cabs for fire service functions.
3. Elevator contractor is required to install the fire alarm system speaker and/or fire fighter's phone jacks in the elevator cabs and elevator lobbies.
4. The elevator contractor will be required to be present at fire alarm pre-test and acceptance tests.

WHAT IS NOT INCLUDED?

1. Proposal does not include provision of power for any third party equipment including but not limited to: fire/smoke dampers, fire shutters, electric locks, door strikes, and auto-door-operators.
2. Proposal does not include provision of/or installation of access doors for access to fire alarm devices above hard ceilings.
3. Proposal does not include any required tax. Please add to your purchase order amount if applicable.
4. Proposal does not include any required patching or painting.

5. Proposal does not include any costs to provide or purchase AutoCAD .dwg format files. If there is a cost, a change order will be required to cover the amount.
6. Proposal does not include any BIM modeling or conversion of BIM files for system design. Proposal is based on 2D AutoCAD files in .dwg format with all associated X-refs being provided to SimplexGrinnell at no additional cost. Proposal does not include any cost for labor to attend BIM coordination meetings.
7. If the CAD files provided differ from the contract drawings used as the basis of this proposal, a change order will be required for any additional equipment or work required.
8. Proposal does not include any bid bonds or performance and payment bonds.
9. Proposal does not include provision of central station monitoring service.
10. Phone lines for monitoring service to be provided by others.
11. Proposal does not include provision of/or monitoring of Knox Box.
12. Proposal does not include any expediting or priority shipping fees.
13. Excludes Fire Watch.

Information

Agenda Item

Discuss, consider and take appropriate action approving the appointment of Tom Stanfield, Williamson County Sr. Project Manager for Facilities, with general authority to approve change orders for the Agreement between Owner and Chasco Constructors, relating to the Williamson County LE Drop Center (418P) for any increase or decrease in cost of $50,000.00 or less in accordance with Section 262.031 of the Local Government Code – Changes in Plans and Specifications; and further authorize Tom Stanfield to sign non-contractual permit applications and payment applications associated with the construction of the project.

Background

Section 262.031 of the Local Government Code allows for the grant of such authority up to $50,000.00 (see below). Any change orders that are approved pursuant to this item will be placed on the Commissioners Court's Consent Agenda the following week so that they are acknowledged and made a part of the minutes.

Local Government Code Sec. 262.031. CHANGES IN PLANS AND SPECIFICATIONS. (b) If a change order involves an increase or decrease in cost of $50,000 or less, the commissioners court may grant general authority to an employee to approve the change orders. However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. The original contract price may not be decreased by 18 percent or more without the consent of the contractor.

Agenda Item

Discuss, consider, and take appropriate action on correcting the spreadsheet for RFQ #21RFSQ2 Design or Engineer Services for Minor County Building Projects to include Henderson Professional Engineers to the recommended firms attached for a period of five (5) years on an as-needed basis.

Background

Williamson County approved the list of firms to be awarded on the Commissioners' Court agenda dated 10.05.2021, item no. 44. Henderson Professional Engineers was left out due to a typo. Attached is the corrected sheet for the Civil Engineering section.
The awarded pool of professionals will be valid for five (5) years with yearly review for possible addition or removal of firms. Professional Service Agreements (PSA) will be contracted on an as-needed basis and will be presented to court for approval at that time. Budgeted amounts will vary as various line items, and project numbers may be used. Trenton Jacobs is the point of contact.

SUPPLEMENTAL WORK AUTHORIZATION NO. _4__
TO
WORK AUTHORIZATION NO. _1___

WILLIAMSON COUNTY ROAD AND BRIDGE PROJECT:
On Call Materials Testing & Geotechnical Engineering Services

This Supplemental Work Authorization No. __4_ to Work Authorization No. __1__ is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated **April 23, 2020** ("Contract") and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and **Atlas Technical Consultants, LLC** (the "Firm").

WHEREAS, the County and the Firm executed Work Authorization No. __1__ dated effective **June 2, 2020** (the "Work Authorization");

WHEREAS, pursuant to the Contract, amendments, changes and modifications to a fully executed Work Authorization shall be made in the form of a Supplemental Work Authorization; and

WHEREAS, it has become necessary to amend, change and modify the Work Authorization.

AGREEMENT

NOW, THEREFORE, premises considered, the County and the Firm agree that the Work Authorization shall be amended, changed and modified as follows:

I. The maximum amount payable for services under the Work Authorization is hereby increased from **$130,000.00** to **$180,000.00**. The revised Work Schedule is attached hereto as Attachment "C" (must be attached).

County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Supplemental Work Authorization. Firm understands and agrees that County's payment of amounts under this Supplemental Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under the Supplemental Work Authorization. It is further understood and agreed by Firm that County shall have the right to terminate this Supplemental Work Authorization at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Firm.

Except as otherwise amended by prior or future Supplemental Work Authorizations, all other terms of the Work Authorization are unchanged and will remain in full force and effect.

This Supplemental Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.

IN WITNESS WHEREOF, the County and the Firm have executed this Supplemental Work Authorization, in duplicate, to be effective as of the date of the last party's execution below.

WORK AUTHORIZATION NO. 9

PROJECT: Engineering Design Services for Roadway and Drainage Improvements in Durham Park Subdivision Phase 2A and 2B

This Work Authorization is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated **March 6, 2018** and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and **Alliance Transportation Group** (the "Engineer").

Part1. The Engineer will provide the following Engineering Services set forth in Attachment "B" of this Work Authorization.

Part 2. The maximum amount payable for services under this Work Authorization without modification is **$198,917.50**

Part 3. Payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the Contract.

Part 4. This Work Authorization shall become effective on the date of final acceptance and full execution of the parties hereto and shall terminate on **June 30, 2023**. The Engineering Services set forth in Attachment "B" of this Work Authorization shall be fully completed on or before said date unless extended by a Supplemental Work Authorization.

Part 5. This Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.

Part 6. County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Work Authorization. Engineer understands and agrees that County's payment of amounts under this Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under this Contract. It is further understood and agreed by Engineer that County shall have the right to terminate this Contract at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Engineer.

Part 7. This Work Authorization is hereby accepted and acknowledged below.

EXECUTED this ____ day of _____, 2021.

Project Locations:

1. **Durham Park Subdivision Phase 2A – Cooks Crossing**
2. **Durham Park Subdivision Phase 2A – Mayeye Road**
3. **Durham Park Subdivision Phase 2A – Owen Pass**
4. **Durham Park Subdivision Phase 2A – Rowlett Road**
5. **Durham Park Subdivision Phase 2A – Shin Oak Lane**
6. **Durham Park Subdivision Phase 2B – Glasscock Rd**
7. **Durham Park Subdivision Phase 2B – Huling Bend**
8. **Durham Park Subdivision Phase 2B – Westfall Trail**

Task 1: Project Management

1.1 Attend Progress Review Meetings with County Road & Bridge Department at Kickoff (DSR), 50%, 90% and Final

1.2 Prepare monthly progress reports and invoices

1.3 Subconsultants - OMITTED

1.3 Maintain project schedule and perform QA/QC of Deliverables at Preliminary Engineering, 50%, 90% and FINAL

Task 2: Topographic and R.O.W Surveys

N/A - To be provided by the County

Task 3: Preliminary Engineering

3.1 Conduct Site Visit and Field Reconnaissance

3.2 Data Collection of available Durham Park Subdivision as-builts and GIS information to document existing conditions

3.3 Prepare and submit to the County for their review and approval a preliminary Design Summary Report (DSR) to establish project basic features and design criteria

3.4 Develop Conceptual Geometric Layout on scroll plot (1”=20’ H, 1”=2’ V) showing roadway horizontal and vertical geometry and proposed Typical Sections.

3.5 Prepare Preliminary Cross-Sections (50’ interval and Driveways).

3.6 Develop preliminary drainage analysis including delineation of drainage areas, calculation of peak stormwater runoff rates for 5-yr, 10-yr, and 25-yr storm events.

Task 4: Geotechnical Investigations

N/A - To be provided by the County

Task 5: Environmental Studies

N/A

Task 6: Utility Coordination

N/A

Task 7: FEMA Coordination

N/A

Task 8: Final Engineering (8 Roads)

Prepare final detailed design and PS&E for proposed improvements. Calculate ditch capacity and analyze driveway pipes as well cross culverts.

8.1 Plan Sheets:

- Title Sheet
- Estimate & Quantity Sheet
- Typical Sections
- Horizontal and Vertical Alignment Data Sheets
- Project Layout
- Drainage Area Map
- Hydraulic Calculations
- Erosion Control Plan
- TCP Narrative
- TCP Layouts
- TCP Details
- Utility Conflicts
- Driveway Details
- Driveway Summary
- Roadway Plan & Profile (1"=50')
- Miscellaneous Roadway Details
- Cross Culvert Layouts
- Cross Sections (50’ intervals and Driveways)
- Standards

8.2 Specifications

8.3 General Notes

8.4 Construction Cost Estimate

8.5 Construction Time Determination Schedule

Task 9: Bidding Phase Services

9.1 Prepare Bid-Tabs for processing by Purchasing Department.

Task 10: Construction Phase Services

10.1 Review shop drawings and respond to contractor RFIs

10.2 Prepare electronic as-built final drawings for the County based on construction red-lines provided by the County

Deliverables:

50% Submittal:

- 2 paper copies of 11” x 17” 50% Plan Sheets
- Draft Specifications
- Draft General Notes
- Preliminary Construction Cost Estimate
- Engineer’s internal QA/QC marked up set

90% Submittal:

- 2 paper copies of 11” x 17” 90% Plan Sheets
- Draft Final Specifications
- Draft Final General Notes
- Draft Final Construction Cost Estimate
- Engineer’s internal QA/QC marked up set

Final Submittal:

- 2 paper copies of 11” x 17” Final Plan Sheets
- Final Specifications
- Final General Notes
- Final Construction Cost Estimate
- Construction Time Determination Schedule
- Engineer’s internal QA/QC marked up set
- Electronic copy of submittal documents in PDF format on CD
- Electronic native Microstation Design files

ROAD WIDENING EASEMENTS

RIGHT-OF-WAY EASEMENTS FOR WIDENING ROADWAYS OR IMPROVING DRAINAGE SHALL BE MAINTAINED BY THE LANDOWNER UNTIL ROAD OR DRAINAGE IMPROVEMENTS ARE ACTUALLY CONSTRUCTED ON THE PROPERTY. THE COUNTY HAS THE RIGHT AT ANY TIME TO TAKE POSSESSION OF ANY ROAD WIDENING EASEMENT FOR THE CONSTRUCTION, IMPROVEMENT OR MAINTENANCE OF THE ADJACENT ROAD.

THE LANDOWNER ASSUMES ALL RISKS ASSOCIATED WITH IMPROVEMENTS LOCATED IN THE RIGHT-OF-WAY WIDENING EASEMENTS. BY PLACING ANYTHING IN THE RIGHT-OF-WAY OR ROAD WIDENING EASEMENTS, THE LANDOWNER INDEMNIFIES AND HOLDS THE COUNTY, ITS OFFICERS, AND EMPLOYEES HARMLESS FROM ANY LIABILITY OWING TO PROPERTY DEFECTS OR NEGLIGENCE NOT ATTRIBUTED TO THEM AND ACKNOWLEDGES THAT THE IMPROVEMENTS MAY BE REMOVED BY THE COUNTY AND THAT THE OWNER OF THE IMPROVEMENTS SHALL BE RESPONSIBLE FOR THE RELOCATION AND/OR REPLACEMENT OF THE IMPROVEMENT.

MINIMUM FINISHED FLOOR ELEVATION

EXCEPT IN AREAS REQUIRED TO MEET LEGAL ACCESSIBILITY REQUIREMENTS, THE MINIMUM FINISHED FLOOR ELEVATION SHALL BE ONE FOOT HIGHER THAN THE HIGHEST SPOT ELEVATION THAT IS LOCATED WITHIN FIVE FEET OUTSIDE THE PERIMETER OF THE BUILDING, OR AT LEAST ONE FOOT ABOVE THE BFE, WHICHEVER IS HIGHER.

OWNER'S RESPONSIBILITY

IT IS THE RESPONSIBILITY OF THE OWNER, NOT THE COUNTY, TO ASSURE COMPLIANCE WITH THE PROVISIONS OF ALL APPLICABLE STATE, FEDERAL AND LOCAL LAWS AND REGULATIONS RELATING TO THE PLATTING AND DEVELOPMENT OF THIS PROPERTY.

THE COUNTY ASSUMES NO RESPONSIBILITY FOR THE ACCURACY OF REPRESENTATIONS BY OTHER PARTIES IN THIS PLAT. FLOODPLAIN DATA, IN PARTICULAR, MAY CHANGE. IT IS FURTHER UNDERSTOOD THAT THE OWNERS OF THE TRACT OF LAND COVERED BY THIS PLAT MUST INSTALL AT THEIR OWN EXPENSE ALL TRAFFIC CONTROL DEVICES AND SIGNAGE THAT MAY BE REQUIRED BEFORE THE ROADS IN THE SUBDIVISION HAVE FINALLY BEEN ACCEPTED FOR MAINTENANCE BY THE COUNTY.

RURAL MAILBOXES

RURAL MAILBOXES SHALL BE SET THREE FEET FROM THE EDGE OF THE PAVEMENT OR BEHIND CURBS, WHEN USED. ALL MAILBOXES WITHIN COUNTY ARTERIAL RIGHT-OF-WAY SHALL MEET THE CURRENT TXDOT STANDARDS. ANY MAILBOX THAT DOES NOT MEET THIS REQUIREMENT MAY BE REMOVED BY WILLIAMSON COUNTY.

SIDEWALK MAINTENANCE

ALL SIDEWALKS WITHIN THIS SUBDIVISION ARE TO BE MAINTAINED BY EACH OF THE ADJACENT PROPERTY OWNERS.

STORMWATER MANAGEMENT NOTES

THIS DEVELOPMENT IS CONSIDERED EXEMPT FROM ON-SITE STORMWATER DETENTION CONTROLS BASED ON WILLIAMSON COUNTY SUBDIVISION REGULATION B11.1.3, WHICH STATES THAT A PROPOSED DEVELOPMENT MAY BE CONSIDERED EXEMPT FROM PROVIDING ON-SITE STORMWATER DETENTION IF ALL LOTS ARE 2 ACRES OR MORE AND LESS THAN 20% OF IMPERVIOUS COVER PER LOT.

NOTES:

1. MAINTENANCE RESPONSIBILITY FOR DRAINAGE WILL NOT BE ACCEPTED BY THE COUNTY OTHER THAN THAT ACCEPTED IN CONNECTION WITH DRAINING OR PROTECTING THE ROAD SYSTEM. MAINTENANCE RESPONSIBILITY FOR STORM WATER MANAGEMENT CONTROLS WILL REMAIN WITH THE OWNERS.
2. WATER SERVICE IS PROVIDED BY: CITY OF GEORGETOWN.
3. SEWER SERVICE FOR THIS SUBDIVISION WILL BE PROVIDED BY ON-SITE SEWAGE FACILITIES.
4. NO LOT IN THIS SUBDIVISION IS ENCROACHED BY A SPECIAL FLOOD HAZARD AREA(S) INUNDATED BY THE 100-YEAR (1% CHANCE) FLOOD AS IDENTIFIED BY THE U.S. FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP, COMMUNITY PANEL NO. 48491C0125F, EFFECTIVE DATE DECEMBER 20, 2019 FOR WILLIAMSON COUNTY, TEXAS.
5. A CERTIFICATE OF COMPLIANCE IS HEREBY ISSUES FOR ALL LOTS WITHIN THIS SUBDIVISION. THIS CERTIFICATE OF COMPLIANCE IS VALID UNTIL SUCH TIME AS FEMA OR THE COUNTY REVISES OR NEWLY ADOPTS FLOODPLAIN BOUNDARIES IN THIS VICINITY.
6. NO CONSTRUCTION IN THE SUBDIVISION MAY BEGIN UNTIL THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY (TCEQ) HAS APPROVED THE WATER POLLUTION ABATEMENT PLAN (WPAP) IN WRITING.
7. ON-SITE SEWAGE FACILITIES MUST BE DESIGNED BY A REGISTERED PROFESSIONAL ENGINEER OR REGISTERED SANITARIAN.
8. IMPROVEMENTS WITHIN THE COUNTY ROAD RIGHT-OF-WAY INCLUDING, BUT NOT LIMITED TO, LANDSCAPING, IRRIGATION LIGHTING, CUSTOM SIGNS, IS PROHIBITED WITHOUT FIRST OBTAINING AN EXECUTED LICENSE AGREEMENT WITH WILLIAMSON COUNTY.
9. THE FOLLOWING RESTRICTIONS ARE HEREBY DEDICATED FOR THE LOTS WITHIN THIS DOCUMENT:
   - 9.1. ONE STORY HOUSES 1500 SQ FT MINIMUM.
   - 9.2. TWO STORY HOMES 2500 SQ FT MINIMUM WITH FIRST FLOOR BEING AT LEAST 1500 SQ FT.
   - 9.3. NO MOBILE HOMES.
   - 9.4. NO RAISING OF PIGS.

GENERAL:

1. BEARINGS ARE BASED ON THE TEXAS COORDINATE SYSTEM, CENTRAL ZONE (4203), NAD83.
2. THIS SUBDIVISION LIES WITHIN THE CITY OF LIBERTY HILL EXTRA-TERRITORIAL JURISDICTION.
3. IT IS THE RESPONSIBILITY OF THE OWNER, NOT THE COUNTY, TO ASSURE COMPLIANCE WITH PROVISIONS OF ALL APPLICABLE STATE, FEDERAL AND LOCAL LAWS, AND REGULATIONS RELATING TO PLATTING AND DEVELOPMENT OF THIS PROPERTY. THE COUNTY ASSUMES NO RESPONSIBILITY FOR THE ACCURACY OF REPRESENTATIONS BY OTHER PARTIES IN THIS PLAT. FLOODPLAIN DATA, IN PARTICULAR, MAY CHANGE. IT IS FURTHER UNDERSTOOD THAT THE OWNERS OF THE TRACT OF LAND COVERED BY THIS PLAT MUST INSTALL AT THEIR OWN EXPENSE ALL TRAFFIC CONTROL DEVICES AND SIGNAGE THAT MAY BE REQUIRED BEFORE THE ROADS IN THE SUBDIVISION HAVE FINALLY BEEN ACCEPTED FOR MAINTENANCE BY THE COUNTY.
4. ALL PUBLIC ROADWAYS AND EASEMENTS AS SHOWN ON THIS PLAT ARE FREE OF LEINS.

DRAINAGE AND FLOODPLAIN:

1. EXCEPT IN CERTAIN ISOLATED AREAS REQUIRED TO MEET ACCESSIBILITY REQUIREMENTS, THE MINIMUM LOWEST FINISHED FLOOR ELEVATION SHALL BE ONE FOOT HIGHER THAN THE HIGHEST SPOT ELEVATION THAT IS LOCATED WITHIN FIVE FEET OUTSIDE THE PERIMETER OF THE BUILDING, OR ONE FOOT ABOVE THE BFE, WHICHEVER IS HIGHER.
2. A DE FACTO CERTIFICATE OF COMPLIANCE IS HEREBY ISSUED FOR ALL LOTS EXCEPT LOT 43, BLOCK A, WITHIN THIS SUBDIVISION. THIS CERTIFICATE IS VALID UNTIL SUCH TIME AS FEMA REVISES OR NEWLY ADOPTS FLOODPLAIN BOUNDARIES IN THIS AREA.
3. THE PROPOSED 100-YR FLOODPLAIN BOUNDARY PER ATLAS 14 SHOWN ON THE PLAT WAS DETERMINED BY A STUDY PREPARED BY CALRSON, BRIGNACE & DOERING, INC., DATED MARCH 16, 2021. THE FEMA 100-YR FLOODPLAIN SHWON ON THE PLAT WAS TAKEN FROM THE FEMA FIRM No. 48491C-0275E, EFFECTIVE SEPTEMBER 26, 2008, AND L.O.M.R. No. 16-06-0501P, EFFECTIVE MARCH 2, 2017. MINIMUM FINISHED FLOOR ELEVATIONS SHOWN ON THIS PLAT WERE DETERMINED BY ADDING ONE (1) FOOT TO THE BASE FLOOD ELEVATION (BFE) AS DETERMINED BY A STUDY PREPARED BY CARLSON BRIGANCE, & DOERING, INC., ON MARCH 16, 2021.
4. THIS SUBDIVISION IS SUBJECT TO STORM-WATER MANAGEMENT CONTROLS AS REQUIRED BY WILLIAMSON COUNTY SUBDIVISION REGULATIONS, SECTION B11.1, ON NEW DEVELOPMENT THAT WOULD EVOKE SUCH CONTROLS BEYOND EXISTING CONDITIONS.
5. MAINTENANCE RESPONSIBILITY FOR DRAINAGE WILL NOT BE ACCEPTED BY THE COUNTY OTHER THAN THAT ACCEPTED IN CONNECTION WITH DRAINING OR PROTECTING THE ROAD SYSTEM. MAINTENANCE RESPONSIBILITY FOR STORM WATER MANAGEMENT CONTROLS WILL REMAIN WITH THE OWNER.

WATER AND WASTEWATER:

1. NO LOT IN THIS SUBDIVISION SHALL BE OCCUPIED UNTIL CONNECTION IS MADE TO AN APPROVED PUBLIC SEWER SYSTEM.
2. NO LOT IN THIS SUBDIVISION SHALL BE OCCUPIED UNTIL WATER SATISFACTORY FOR HUMAN CONSUMPTION IS AVAILABLE FROM A SOURCE IN ADEQUATE AND SUFFICIENT SUPPLY.
3. WATER SERVICE IS PROVIDED BY: WILLIAMSON COUNTY MUD 19A/GEORGETOWN UTILITY SYSTEMS.
4. WASTEWATER SERVICE IS PROVIDED BY: WILLIAMSON COUNTY MUD 19A/CITY OF LIBERTY HILL.
5. ELECTRIC SERVICE IS PROVIDED BY: PEC

ROADWAY AND RIGHT-OF-WAY:

1. IN APPROVING THIS PLAT BY THE COMMISSIONERS COURT OF WILLIAMSON COUNTY, TEXAS, IT IS UNDERSTOOD THAT THE BUILDING OF ALL ROADS, AND OTHER PUBLIC THOROUGHFARES AND ANY BRIDGES OR CULVERTS NECESSARY TO BE CONSTRUCTED OR PLACED IS THE RESPONSIBILITY OF THE OWNER(S) OF THE TRACT OF LAND COVERED BY THIS PLAT IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS PRESCRIBED BY THE COMMISSIONERS COURT OF WILLIAMSON COUNTY, TEXAS. SAID COMMISSIONERS COURT ASSUMES NO OBLIGATION TO BUILD ANY OF THE ROADS, OR PUBLIC THOROUGHFARES SHOWN ON THIS PLAT, OR OF CONSTRUCTING ANY OF THE BRIDGES OR DRAINAGE IMPROVEMENTS IN CONNECTION THEREWITH. THE COUNTY WILL ASSUME NO RESPONSIBILITY FOR DRAINAGE WAYS OR EASEMENTS IN THE SUBDIVISION, OTHER THAN THOSE DRAINING OR PROTECTING THE ROAD SYSTEM.
2. SIDEWALKS SHALL BE MAINTAINED BY THE HOMEOWNERS' ASSOCIATION.
3. DRIVEWAY ACCESS TO LOTS WITHIN THIS SUBDIVISION FROM SIDE STREETS IS PROHIBITED.
4. IMPROVEMENTS WITHIN THE COUNTY ROAD RIGHT-OF-WAY INCLUDING, BUT NOT LIMITED TO LANDSCAPING, IRRIGATION, LIGHTING, CUSTOM SIGNS, ARE PROHIBITED WITHOUT FIRST OBTAINING AN EXECUTED LICENSE AGREEMENT WITH WILLIAMSON COUNTY.
5. NO CONSTRUCTION, PLANTING OR GRADING SHALL BE PERMITTED TO INTERFERE WITH SIGHT EASEMENTS BETWEEN THE HEIGHTS OF THREE AND EIGHT FEET AS MEASURED FROM THE CROWNS OF THE ADJACENT STREETS.
6. THE OWNER SHALL CREATE A MANDATORY HOMEOWNERS' ASSOCIATION THAT SHALL BE RESPONSIBLE FOR THE MAINTENANCE AND LIABILITY OF ANY LANDSCAPING, IRRIGATION, SIDEWALKS, ILLUMINATION, SUBDIVISION IDENTIFICATION SIGNS, WATER QUALITY FEATURES, ETC. PLACED WITHIN THE WILLIAMSON COUNTY RIGHT-OF-WAY. THIS ASSOCIATION SHALL HAVE ASSESSMENT AUTHORITY TO ENSURE THE PROPER FUNDING FOR MAINTENANCE.
7. A PUBLIC UTILITY EASEMENT 10 FEET WIDE IS HEREBY DEDICATED ADJACENT TO ALL STREET RIGHT-OF-WAY.

Information

Agenda Item

Discuss, consider and take appropriate action on approval of the revised preliminary plat for the Santa Rita Ranch Phase 2A subdivision – Precinct 3.

Background

This is the first revision to the preliminary plat for the Santa Rita Ranch Phase 2A subdivision that was previously approved on July 21, 2021. Since the last approval, the developer has requested changes to the roadway layout, minor lot layout and boundary changes. This revision consists of a decrease of 80 linear feet of a new public roads and a decrease of 2 single-family lots. With this revision, the proposed Santa Rita Ranch Phase 2A subdivision consists of 391 single family lots, 15 drainage/open space/landscape/utility lots, 2 commercial lots and 23,572 feet of new roads on 251.695 acres.

Timeline

2021-09-13 – initial submittal of the revised preliminary plat
2021-10-13 – 1st review complete with comments cleared
2021-10-14 – revised preliminary plat placed on the October 19, 2021 Commissioners Court agenda for consideration

Amending plat for the Round Rock Medical Office Building subdivision – Pct 3

Submitted For: Terron Evertson **Submitted By:** Adam Boatright, Infrastructure

Department: Infrastructure **Division:** Road & Bridge

Agenda Category: Consent

Information

Agenda Item

Discuss, consider and take appropriate action on approval of the amending plat for the Round Rock Medical Office Building subdivision – Precinct 3.

Background

This amended plat is for Lots 2A & 2B, Block A, a re-subdivision of Lot 2, Block A, Teravista Section 25 re-plat that previously approved May 10th, 2017. It consists of 2 commercial lots and no new public roads. The reason for the amendment is to adjust the property line between the two lots approximately 25 feet to the west.

Timeline

2021-03-25 – initial submittal of amending plat
2021-04-23 – 1st review complete with comments
2021-06-11 – 2nd submittal of amending plat
2021-06-25 – 2nd review complete and comments clear pending City of Round Rock approval of driveway spacing
2021-06-30 – City of Round Rock driveway spacing comments clear
2021-10-08 – amending plat received with signatures
2021-10-14 – amending plat placed on the October 19, 2021 Commissioners Court agenda for consideration

To recognize National Police Week 2021 and to honor the service and sacrifice of these law enforcement officers killed in the line of duty while protecting our communities and safeguarding our democracy.

WHEREAS, The Congress of the United States of America has designated the week of October 11th to be dedicated as "NATIONAL POLICE WEEK" AND May 15th of each year to be "POLICE MEMORIAL DAY", AND

WHEREAS, The law enforcement officers are our guardians of life and property, defenders of the individual right to be free, warriors in the war against crime and dedicated to the preservation of life, liberty and the pursuit of happiness, and

WHEREAS, Williamson County desires to honor the valor, service and dedication of its own deputies, and

WHEREAS, since the first recorded death in 1786, more than 22,000 law enforcement officers in the United States have made the ultimate sacrifice and been killed in the line of duty, and

WHEREAS, new names of these dedicated public servants are engraved on the walls of the National Law Enforcement Officers Memorial in Washington, D.C.

NOW THEREFORE, BE IT PROCLAIMED that the Commissioners Court of Williamson County, State of Texas, hereby proclaims October 11-17, 2021 as Police Week in Williamson County, Texas and publicly salutes the service of law enforcement officers in our community and in communities across the nation.

PROCLAMATION

WHEREAS, National Manufacturing Day is held annually on the first Friday in October, as a celebration of modern manufacturing meant to inspire the next generation of manufacturers and to educate the public at large on the importance of the role manufacturers play in our daily lives and the growing skill-shortage despite the high volume of job openings in the sector; and

WHEREAS, the local manufacturing sector comprised of more than 400 businesses consistently contributes the most significant portion of the gross domestic product in Williamson County, exceeding $6.3 billion in 2020; and

WHEREAS, Williamson County recognizes the importance of a thriving manufacturing sector and works to fuel economic growth and build a sustainable future for our citizens. The prosperity of our community depends on the education and vocational opportunities that align with our manufacturers' skilled labor needs, as well as continued development of advanced manufacturing capabilities and processes; and

WHEREAS, manufacturing jobs are critical to the economy of Williamson County, and the industry should be recognized for its high-tech, high-skilled, and well-paid career options — careers where average annual compensation and benefits are higher than the average across all sectors; and,

WHEREAS, Williamson County and Workforce Solutions Rural Capital Area are committed to strengthening and developing worker competencies through career and technology education, building a robust workforce pipeline for Texas;

NOW, THEREFORE, BE IT RESOLVED, that the Williamson County Commissioners Court hereby proclaims October 2021 as Manufacturing Month in Williamson County, to show appreciation and recognition to the many manufacturing companies in our community that are vital to Williamson County's economic success.

Employment is one of the broadest and most timely measures of a region's economy. Fluctuations in the number of jobs shed light on the health of an industry. A growing employment base creates more opportunities for regional residents and helps a region grow its population.

Since wages and salaries generally compose the majority of a household's income, the annual average wages of a region affect its average household income, housing market, quality of life, and other socioeconomic indicators.

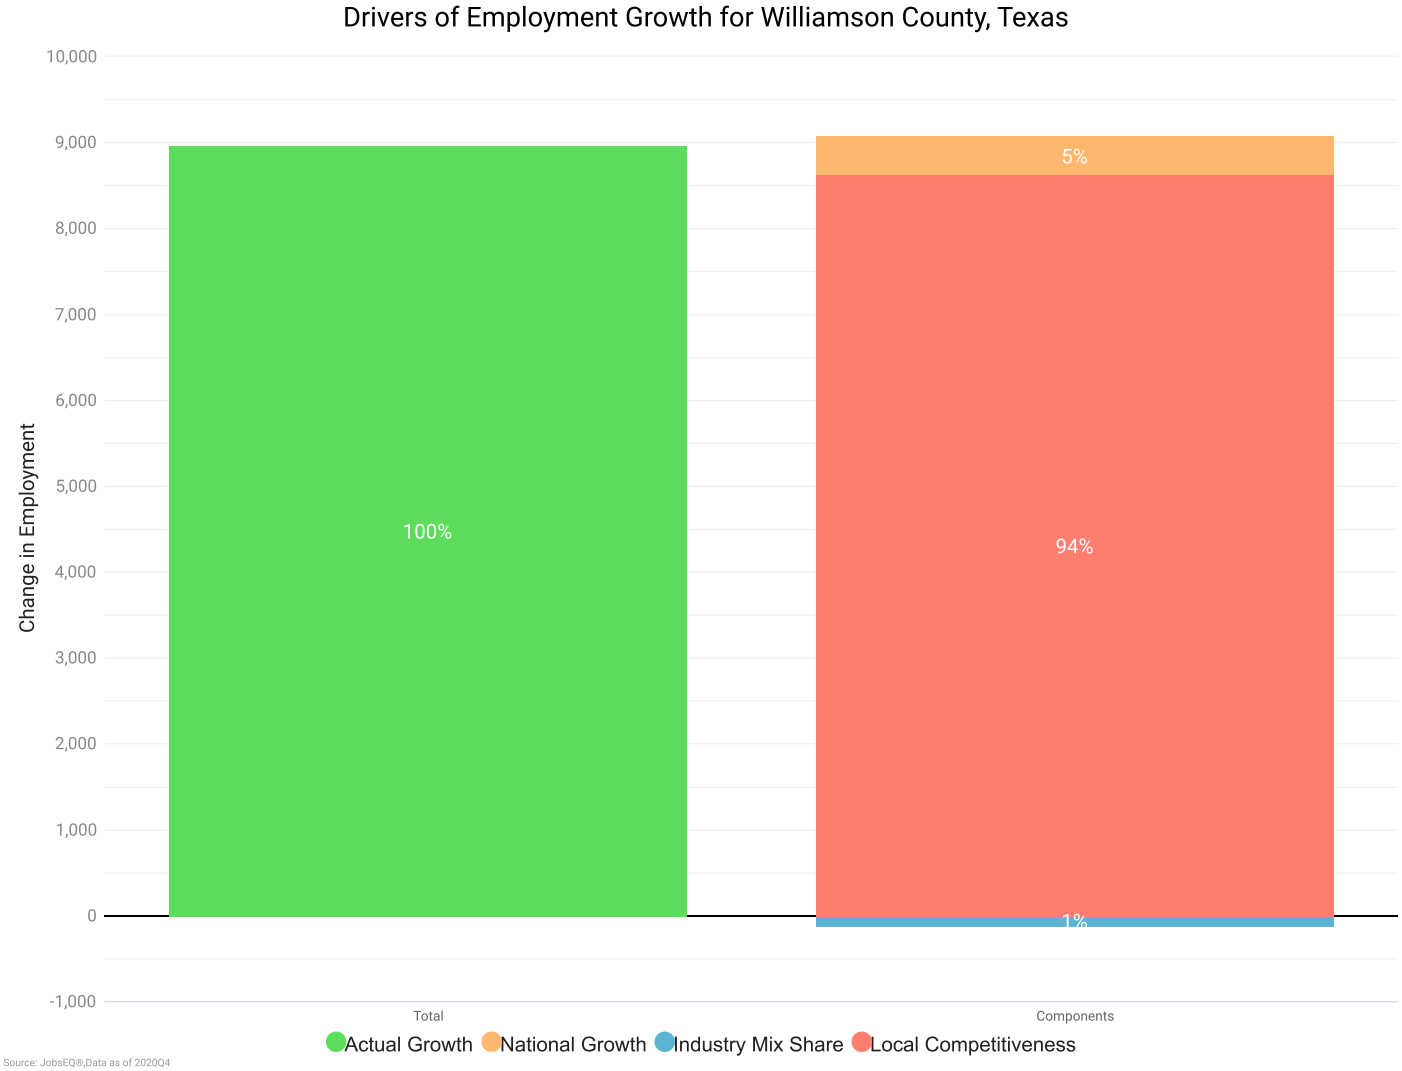
Drivers of Employment Growth

Over the ten years ending 2020, employment in Manufacturing for Williamson County, Texas added 8,965 jobs. After adjusting for national growth during this period and industry mix share, the part of this employment change due to local competitiveness was a gain of 8,618 jobs—meaning this industry was more competitive than its national counterpart during this period.



Source: JobsEQ®,Data as of 2020Q4

Shift-share analysis sheds light on the factors that drive regional employment growth in an industry. A positive change in local competitiveness indicates advantages that may be due to factors such as superior technology, management, and labor pool, etc.

National growth is due to the overall growth or contraction in the national economy. Industry mix share is the growth attributable to the specific industries examined (based on national industry growth patterns and the industry mix of the region).

Employment Distribution by Type

The table below shows the employment mix by ownership type for Manufacturing for Williamson County, Texas. Four of these ownership types — federal, state, and local government and the private sector — together constitute "Covered Employment" (employment covered by the Unemployment Insurance programs of the United States and reported via the Quarterly Census of Employment and Wages).

"Self-Employment" refers to unincorporated self-employment and represents workers whose primary job is self-employment (that is, these data do not include workers whose primary job is a wage-and-salary position that is supplemented with self-employment).

	Empl	%
Private	14,239	96.7%
Self-Employment	488	3.3%

Source: JobsEQ®

Strong entrepreneurial activity is indicative of growing industries. Using self-employment as a proxy for entrepreneurs, a higher share of self-employed individuals within a regional industry points to future growth.

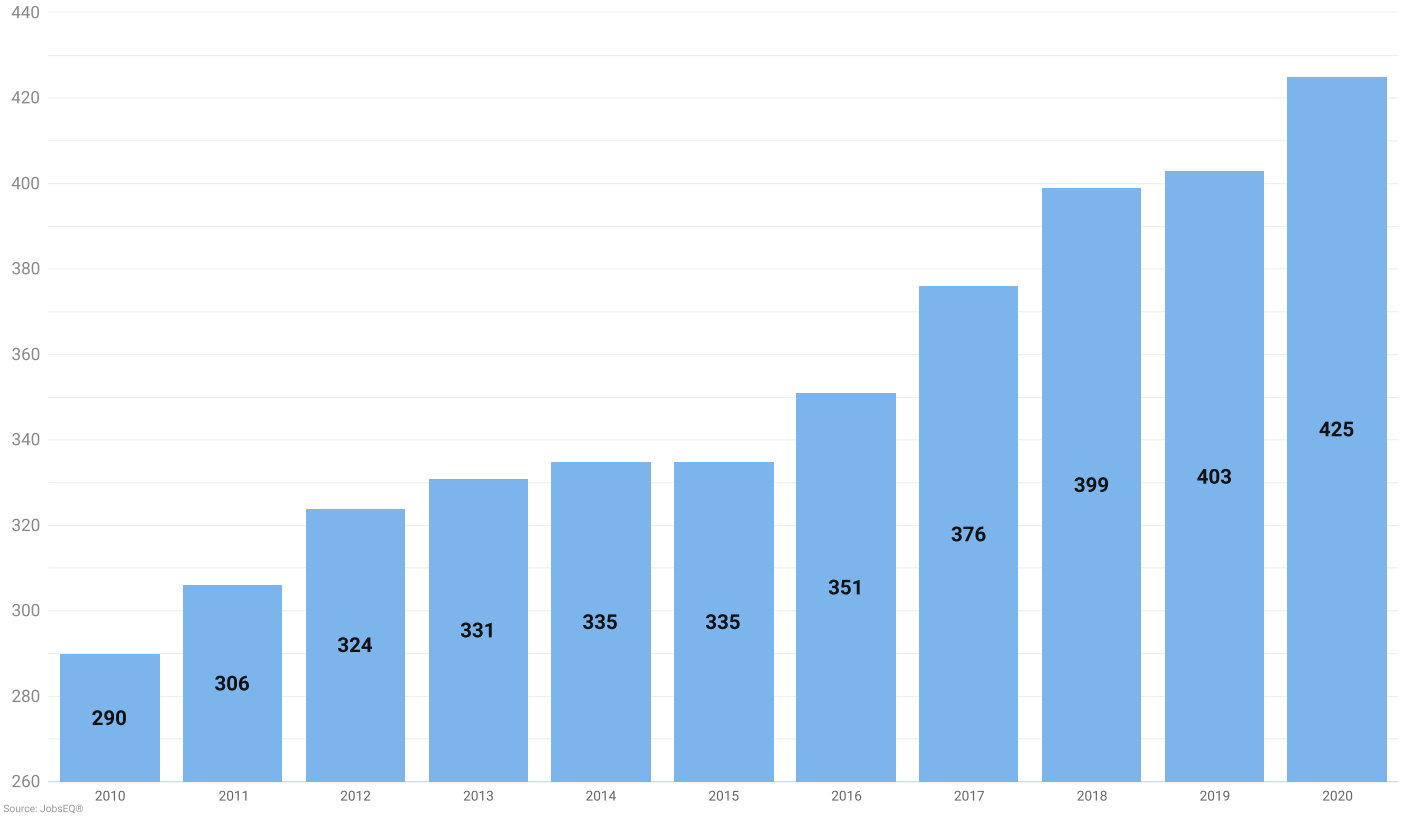
Establishments

In 2020, there were 425 Manufacturing establishments in Williamson County, Texas (per covered employment establishment counts), an increase from 290 establishments ten years earlier in 2010.



New business formations are an important source of job creation in a regional economy, spurring innovation and competition, and driving productivity growth. Establishment data can provide an indicator of growth in businesses by counting each single location (such as a factory or a store) where business activity takes place, and with at least one employee.

Gross domestic product (GDP) is the most comprehensive measure of regional economic activity, and an industry's contribution to GDP is an important indicator of regional industry strength. It is a measure of total value-added to a regional economy in the form of labor income, proprietor's income, and business profits, among others.

Growth in productivity (output per worker) leads to increases in wealth and higher average standards of living in a region.

Supply Chain: Top Suppliers

As of 2021Q2, Manufacturing in Williamson County, Texas are estimated to make $3.2 billion in annual purchases from suppliers in the United States with about 21% or $0.7 billion of these purchases being made from businesses located in Williamson County, Texas.

2-digit Supplier Industries	Purchases from In-Region ($M)	Purchases from Out-of-Region ($M)
Manufacturing	$321.5	$1,262.0
Wholesale Trade	$83.4	$350.6
Professional, Scientific, and Technical Services	$60.9	$146.8
Transportation and Warehousing	$29.2	$150.1
Management of Companies and Enterprises	$29.4	$115.2
Remaining Supplier Industries	$155.8	$475.6
Total	**$680.1**	**$2,500.2**

Supplier-buyer networks can indicate local linkages between industries, regional capacity to support growth in an industry, and potential leakage of sales out of the region.

Data Notes

- Industry employment and wages (including total regional employment and wages) are as of 2021Q2 and are based upon BLS QCEW data, imputed by Chmura where necessary, and supplemented by additional sources including Census ZBP data. Employment forecasts are modeled by Chmura and are consistent with BLS national-level 10-year forecasts.
- Occupation employment is as of 2021Q2 and is based on industry employment and local staffing patterns calculated by Chmura and utilizing BLS OES data. Occupation wages are per the BLS OES data and are as of 2020.
- GDP is derived from BEA data and imputations by Chmura. Productivity (output per worker) is calculated by Chmura using industry employment and wages as well as GDP and BLS output data. Supply chain modeling including purchases by industry are developed by Chmura.
- Postsecondary awards are per the NCES and are for the 2019-2020 academic year.
- Establishment counts are per the BLS QCEW data.
- Figures may not sum due to rounding.

FAQ

What is (LQ) location quotient?

Location quotient is a measurement of concentration in comparison to the nation. An LQ of 1.00 indicates a region has the same concentration of an industry (or occupation) as the nation. An LQ of 2.00 would mean the region has twice the expected employment compared to the nation and an LQ of 0.50 would mean the region has half the expected employment in comparison to the nation.

What is annual demand?

Annual demand is a of the sum of the annual projected growth demand and separation demand. Separation demand is the number of jobs required due to separations—labor force exits (including retirements) and turnover resulting from workers moving from one occupation into another. Note that separation demand does not include all turnover—it does not include when workers stay in the same occupation but switch employers. Growth demand is the increase or decrease of jobs expected due to expansion or contraction of the overall number of jobs.

What is the difference between industry wages and occupation wages?

Industry wages and occupation wages are estimated via separate data sets, often the time periods being reported do not align, and wages are defined slightly differently in the two systems (for example, certain bonuses are included in the industry wages but not the occupation wages). It is therefore common that estimates of the average industry wages and average occupation wages in a region do not match exactly.

The Radio Communication System board approved back in the spring to Upgrade Tower Lighting. They took action again on October 14, 2021 to approve this and request the Commissioners Court appropriate the funds from reserves in the Radio Communications System Fund. In Fiscal Year 2021 the Liberty Hill Tower Generator was due to be upgraded. The Purchase Order was done but due to Supply Chain Issues (Covid) the work was not started. The funds are being requested per the October 14, 2021 meeting of the board to be reappropriated from cash reserves of the Radio Communication System Fund.

Wolters Kluwer Financial Services Teammate Analytics Software Maintenance

Submitted For: Joy Simonton **Submitted By:** Erica Smith, Purchasing

Department: Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on approving the purchase of Teammate Analytics annual software maintenance in the amount of $8,886.00, and exempting Wolters Kluwer Financial Services, Inc. from competitive bidding requirements per Texas Local Government Code § 262.024(a)(7)(D) captive replacement parts or components for equipment.

Background

Approval of this item will support the operations of the Williamson County Auditor's Office. The Teammate Analytics software is currently in place and the Auditor's Office has been using the platform successfully for audit management. This annual maintenance agreement covers the term of 10/1/2021-9/30/2022. Last year the software underwent a significant upgrade and transition to cloud hosting approved by commissioner's court on 12/15/2020. This expenditure was budgeted for FY2022. Department contact is Julie Kiley. This expenditure will be charged to 01.0100.0495.004505.

Re: Consultation regarding constitutional matters and regulations relating to public access to and use of County property

This engagement letter, if accepted by you, will serve as the agreement by which Graves, Dougherty, Hearon & Moody, a Professional Corporation ("GDHM") will represent Williamson County, Texas, by and through its Williamson County Commissioners Court, ("the County") in connection with advice regarding constitutional matters and regulations relating to public access to and use of County property.

GDHM will charge fees for services based on time spent by me working on this representation, at my hourly rate of $450 per hour. In addition to fees, GDHM charges for reimbursement of expenses it incurs in a representation, although in this matter, I do not anticipate incurring any expenses. I will confer with you before incurring any expenses in excess of $100.

GDHM will keep records of its time and expenses, and will normally send a statement each month, or at such other frequency as may be convenient, showing fees for work done during the previous period, plus reimbursable expenses that were paid during the previous period. The County agrees to make payment promptly following receipt of each statement by means of checks or drafts payable to "Graves, Dougherty, Hearon & Moody, P.C."

We have reviewed our client/matter information and to the best of our present knowledge, we are aware of no conflict in GDHM proceeding with this representation. GDHM represents a broad base of clients in a wide variety of legal matters, including matters adverse to the County in land-use and zoning issues. As a result, it is possible that in another legal matter unrelated to this engagement, the County could be in a position adverse to a GDHM client. The County agrees that GDHM may represent other clients whose interests are adverse to the County now or in the future, including in litigation, business negotiations, transactions or other legal matters, provided such other representation is not substantially related to GDHM's representation of the County in this engagement.

The County may terminate this engagement by written notice at any time. GDHM reserves the right to withdraw from this engagement, subject to our ethical obligations and applicable judicial requirements. Otherwise, this engagement will terminate upon the completion of the legal services described above.

To confirm your agreement to these terms of GDHM's representation, please sign the enclosed copy of this letter and return it to us. If this letter does not accurately describe the terms of this engagement and the services that you believe GDHM has agreed to provide, please notify me immediately. Also, if you do not understand anything in this letter, or you want more information or clarification, please contact me before you sign this letter.

I look forward to working with you.

Sincerely,

GRAVES, DOUGHERTY, HEARON & MOODY
A Professional Corporation

Williamson County Mobile Outreach Team

Submitted For: Chris Connealy **Submitted By:** Chris Connealy, Emergency Services Dept.

Department: Emergency Services Dept.

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider, and take appropriate action on the Inter-Local Agreement (ILA) between Williamson County and Bluebonnet Trails Community Services (BTCS).

Background

The City of Round Rock approved creation of a Community Risk Reduction Program (RRCRRP) in their FY22 budget, which will operate in their Fire Department. The RRCRRP will be comprised of behavioral health specialists (similar to the County MOT) and fire service personnel. This program will assist citizens experiencing various challenges related to mental illness, unsafe living conditions, and other needs requiring connection to community resources. The City of Round Rock has provided notification they expect to hire the Director in January 2022, and 12 additional mental health positions are expected to be filled by April 2022. Annie Burwell (present County MOT Director) has been offered the position of Director and Annie has informed the Senior Director - Emergency Services that she will take the City of Round Rock position. Many of the remaining Williamson County Mobile Outreach Team members are expected to apply for the 12 Round Rock mental health positions. There could at that point be three operational mental health response teams operating in the county.

- Williamson County MOT
- BTCS - Mobile Crisis Outreach Team (MCOT)
- RRCRRP - serving City of Round Rock (comprising approximately 25% of all MOT calls)

To avoid confusion of multiple mental health teams, it is recommended to revise the current ILA and have BTCS MCOT provide 24/7/365 crisis response services to coincide with the start date of the RRCRRP. Through this revised ILA, BTCS MCOT will be responding to mobile crisis response calls throughout Williamson County except in the service area served by RRCRRP within the City of Round Rock. For more information, please contact Chris Connealy.

GOVERNOR GREG ABBOTT

Dear Grantee:

Congratulations on your award! To activate your agency's grant, the Authorized Official must log on to eGrants at https://eGrants.gov.texas.gov and go to the 'My Home' tab. In the 'Pending Applications' section, locate the application with a 'Current Status' of "Pending AO Acceptance of Award". Click on the grant number and proceed to the 'Accept Award' tab. From this tab, click on the 'Accept' button. Grants must be accepted within 45 calendar days of the date the award was issued.

Be sure to review the Grantee Conditions and Responsibilities Memo for a quick overview of general items every grantee should be aware of. You can also find more detailed information on the eGrants website including helpful resources, links, and tools needed to properly administer HSGD grants. The Guide to Grants, also on the website, contains answers to questions frequently asked by grantees.

If you have any questions regarding this award, feel free to contact your grant manager, whose name is referenced in the Statement of Grant Award or you may always contact our office via the eGrants Help Desk at eGrants@gov.texas.gov.

We look forward to working with you to ensure the success of your program

Swagit Extensible Automated Streaming Engine (EASE) Software Purchase Renewal

Submitted For: Joy Simonton **Submitted By:** Erica Smith, Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on approving the purchase renewal of Swagit's Extensible Automated Streaming Engine (EASE) software in the amount of $9,540.00 and exempting Swagit Productions, LLC from the competitive bidding requirements per Texas Local Government Code 262.024(a)(7)(D) captive replacement.

Background

Approval of this item will support the integral operations of the Williamson County Commissioner's Court. EASE Software provides a webcasting system for streaming public meetings live, then archiving for on-demand viewing.

In 2015 Texas House Bill 283 became law requiring certain governmental bodies make audio and video recordings of open meetings available on the internet. The original agreement with Swagit was approved on 9/15/2015. Williamson County has since been operating under this agreement as it automatically renews for one-year terms after the initial 5-year term. It is the Purchasing Agent's recommendation that prior to FY23 the department along with IT, solicit quotes and review cooperative options for this service. The quote is attached. Agreement shall cover services for a period of 10/1/2021-9/30/2022 at a rate of $795 per month. IT, legal and budget have reviewed this purchased. Department contact is Connie Odom. This expenditure will be charged to FY22 01.0100.0503.004505.

AgendaQuick Software Maintenance Agreement with Destiny Software, Inc.

Submitted For: Joy Simonton **Submitted By:** Erica Smith, Purchasing

Department: Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on approving the purchase of AgendaQuick annual software maintenance in the amount of $6,520.00 and exempting Destiny Software, Inc. from competitive bidding requirements per Texas Local Government Code Section 262.024(a)(7)(D) discretionary exemption for captive replacement parts or components for equipment.

Background

Approval of this item will support the integral operations of the Williamson County Commissioner's Court. AgendaQuick was recognized and approved as a sole sourced product by the Purchasing Agent and Commissioner's Court in 2016. Subsequent maintenance agreements are then considered captive. That sole source designation recently expired, however. AgendaQuick annual software maintenance covers a period from 10/1/2021-9/30/2022 at a price of $6,520.00. It is the Purchasing Agent's recommendation that prior to FY23 the Information Technology Department solicit quotes and look at cooperative options for this service to be in compliance with the County Purchasing Act. Department contact is Richard Semple. This expenditure will be charged to FY22 01.0100.0503.004505.

Redistricting Timeline

Submitted For: Valerie Covey **Submitted By:** Rachel Rull, Commissioner Pct. #3

Department: Commissioner Pct. #3

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on a redistricting timeline.

Background

The attached is the proposed timeline for Commissioners Court approval of the County Precinct Map (Commissioner, Justice of the Peace and Constable) due to redistricting based on the census data for 2020. This timeline is based on receiving the Governor's signature on the four maps that the legislature is responsible for adopting by 11/15/2021. These maps are for State Senate, State Representative, State Board of Education and Congressional districts. Completion by that date would enable the primary to be held in March 2022. If the State doesn't approve these maps by 11/15/21, then this timeline will be adjusted accordingly.

Liberty Hill Community Supervision & Corrections Division Modular Building Site Preparation

Submitted By: Kerstin Hancock, Purchasing

Department: Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on approving a General Construction Agreement between Williamson County and Chasco Constructors, Ltd. L.L.C. for the Liberty Hill Community Supervision & Corrections Division (CSCD) Modular Building Site Preparation, in the amount of $144,000; exempting the procurement of such services from the competitive bidding requirements pursuant to Texas Local Government Code Discretionary Exemption 262.024(a)(2) - an item necessary to preserve the health and safety of the residents of Williamson County, and authorize the County Judge to execute all associated documents.

Background

As a direct result of the COVID-19 Pandemic hardships on social structures and public services in our community, an increased and immediate need has arisen to create capacity for the Adult Probation program of Williamson County on the west side of the County.

To address this capacity need, the Liberty Hill Adult Probation Modular building will be installed to accommodate those individuals that have been assigned probation. This Construction Agreement is for the preparation of the site prior to building delivery and installation.

CARES Act funds shall be used for this project. The department point of contact is Dale Butler. The budgeted, not-to-exceed amount is $144,000.

CONTRACT FOR GENERAL CONSTRUCTION

PROJECT: **Liberty Hill CSCD Modular Building Site Prep** ("Project")

GENERAL CONTRACTOR: **Chasco Constructors, Ltd, L.L.C.,** ("GC")
Charles J. Glace, Jr./President
2801 East Old Settlers Blvd.
Round Rock, TX 78665

PLANNER, LANDSCAPE ARCHITECT, ARCHITECT & ENGINEER: **Trenton H. Jacobs**, AIA
Williamson County Architect
3101 SE Inner Loop
Georgetown, TX 78626

COUNTY'S DESIGNATED REPRESENTATIVE: **Williamson County Facilities Department**
Attn: Director of Facilities
3101 SE Inner Loop
Georgetown, Texas 78626

THIS CONTRACT FOR GENERAL CONSTRUCTION ("Contract") is made and entered into effective as of the latest date of the signatories indicated at the conclusion of this document and all attachments (the "Effective Date"), by and between **Williamson County**, a body corporate and politic under the laws of the State of Texas ("County") and GC.

RECITALS

WHEREAS, County desires to retain a GC for the **Liberty Hill CSCD Site Preparation for the New Modular Building** (hereinafter called the "Project");

WHEREAS, County desires a GC who will render, diligently and competently in accordance with the highest standards used in the profession, all general contractor services which shall be necessary or advisable for the expeditious, economical, and satisfactory completion of the Project; and

NOW, THEREFORE, County and GC, in consideration of the mutual undertakings herein contained, do mutually agree as follows:

ARTICLE 1
SCOPE OF WORK

GC has overall responsibility for and shall provide complete construction services and furnish all materials, equipment, tools and labor as necessary or reasonably inferable to complete the Work, or any phase of the Work, in accordance with the Construction Documents for the Project attached hereto as **Exhibit "A,"** and County's requirements. The Specifications and Drawings were prepared for County by A/E. GC shall do everything required by the Contract Documents.

ARTICLE 2
GENERAL PROVISIONS

2.1 CONTRACT DOCUMENTS

2.1.1
The Contract Documents consist of this Contract and all exhibits and attachments listed, contained, or referenced in this Contract, the Williamson County Uniform General Conditions ("UGCs"), Supplementary or other Conditions, if any, the Drawings, Specifications, Addenda issued prior to the Effective Date of this Contract, The Bid/Proposal Documents as defined by the Invitation for Bidders/Request for Proposals, and all Change Orders and any other Modifications issued after the Effective Date of this Contract, all of which form this Contract and are as fully a part of this Contract as if attached to this Contract.

2.1.2
This Contract represents the entire and integrated agreement between the Parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. If anything in the other Contract Documents, other than a Modification, is inconsistent with this Contract, this Contract shall govern. To the extent of any direct conflict or inconsistency between any of the Contract Documents, GC shall immediately notify County and seek clarification from A/E and County.

2.1.3
The term "GC" shall be interchangeable with the terms "Proposer," "Bidder," Respondent," "Contractor," and "General Contractor" or other similar terms as appropriate in the Contract Documents.

2.2 RELATIONSHIP OF THE PARTIES

GC accepts the relationship of trust and confidence established by this Contract and shall cooperate with A/E and County and exercise GC's skill and judgment in furthering the interests of County; to furnish efficient construction administration, management services and supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an expeditious and economical manner consistent with County's interests.

2.3 GENERAL CONDITIONS

2.3.1
The term "Contractor" as used herein or in the UGCs shall mean GC.

2.3.2
The term "Owner" as used herein or in the UGCs shall mean County.

2.3.3
The term "Architect" as used herein or in the UGCs shall mean A/E.

ARTICLE 3
CONTRACT TIME

3.1
County shall provide a Notice to Proceed in which a date for commencement of the work shall be stated. GC shall achieve Substantial Completion of the Work within **Sixty (60) calendar days** after such commencement date. As such completion date may be extended by approved Change Orders. Unless otherwise specified in writing, GC shall achieve Final Completion within **thirty (30) calendar days** of Substantial Completion. The time set forth for completion of the work is an essential element of the Contract.

3.2 LIQUIDATED DAMAGES

GC acknowledges and recognizes that County is entitled to full and beneficial occupancy and use of the completed Work following expiration of the Contract Time and that County has entered into, or will enter into, binding agreements upon GC's achieving Substantial Completion of the Work within the Contract Time. GC further acknowledges and agrees that if GC fails to complete substantially or cause the Substantial Completion of any Phase of the Work within the Contract Time, County will sustain extensive damages and serious loss as a result of such failure. In the cases of missed scheduled events, which incur exact losses of revenue and exact expenses for fees and other cancellation costs, GC shall be responsible for the exact amount of damages sustained by County. In other cases, the exact amount of such damages will be extremely difficult to ascertain. Therefore, County and GC agree as set forth below:

3.2.1

Subject to the other terms and conditions herein, if Substantial Completion is not achieved by the date specified above or by such date to which the Contract Time may be extended, the Contract Sum shall be reduced by **Five Hundred Dollars ($ 500.00) per calendar day** as liquidated damages and not as a penalty, until the date of Substantial Completion. Force majeure shall apply relative to both rain/snow delays (acts of nature) and/or supply delays over which GC has no control, and such force majeure delays shall not be subject to such reduction of the Contract Sum.

3.2.2

County may deduct liquidated damages described herein from any unpaid amounts then or thereafter due GC under this Contract. Any liquidated damages not so deducted from any unpaid amounts due GC shall be payable by GC to County at the demand of County, together with the interest from the date of the demand at a rate equal to the prime interest rate as published by the Wall Street Journal on the **first (1st) business day** after such amounts are demanded.

3.2.3

Notwithstanding anything to the contrary in this Contract, if County is unable to recover any portion of liquidated damages in accordance with the terms and conditions herein because it is found to be unenforceable or invalid as a penalty or otherwise, then, County shall be entitled to recover from GC all of County's actual damages in connection with the failure by GC to achieve Substantial Completion of the Work within the Contract Time, including, without limitation, direct, indirect, or consequential damages.

ARTICLE 4
GC REPRESENTATIONS

4.1

In order to induce County to enter into this Contract, GC makes the following representations:

4.1.1

GC has examined and carefully studied the Contract Documents and the other related data identified in the Bid/Proposal Documents.

4.1.2

GC has visited the Site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

4.1.3
GC is familiar with and is satisfied as to all federal, state, and local laws and regulations that may affect cost, progress, and performance of the Work.

4.1.4
GC has considered the information known to GC; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by GC, including any specific means, methods, techniques, sequences, and procedures of construction expressly required by the Contract Documents; and (3) GC's safety precautions and programs.

4.1.5
Based on the information and observations referred to in **Paragraph 4.1.4** above, GC does not consider that further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Sum, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.

4.1.6
GC is aware of the general nature of work to be performed by County and others at the Site that relates to the Work as indicated in the Contract Documents.

4.1.7
GC has given A/E written notice of all conflicts, errors, ambiguities, or discrepancies that GC has discovered in the Contract Documents, and the written resolution thereof by A/E is acceptable to GC.

4.1.8
The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

ARTICLE 5
THE CONTRACT SUM

5.1 Contract Sum.
County shall pay GC for completion of the Work in accordance with the Contract Documents the amount of **One hundred forty-four thousand Dollars ($ 144,000.00)**.

5.2 Contract Payments.
Method and terms of payment of the Contract Sum shall be in accordance with the Contract Documents.

5.3 Allowable Overhead and Profit Markup on Changes in the Work.
In case of an increase in the Contract Sum due to a change in the Work and in accordance with **UGC 7**, the amounts GC may add to the pricing of a change for overhead and profit are as follows:

5.3.1
For Work performed directly by GC with its Own Employees: GC may add up to **fifteen percent (15%)** for Work performed directly by GC for any specific change.

5.3.2
For Managing Subcontracted Work: GC may add up to **ten percent (10%)** for managing subcontracted Work for any specific change.

Only one percentage, referenced above, shall be used for the purpose of calculating the markup for a specific change amount. For changes involving both additions and deletions, the allowed markup will be allowed only on the net addition. The allowed markup shall cover all overhead expenses and profit of any kind relating to the specific change.

ARTICLE 6
PROJECT TEAM

County's Designated Representative for purposes of this Contract is as follows:

Williamson County Facilities Department
Attn: Director of Facilities
3101 SE Inner Loop
Georgetown, Texas 78626

County shall have the right, from time to time, to change the County's Designated Representative by giving GC written notice thereof. With respect to any action, decision, or determination which is to be taken or made by County under this Contract, the County's Designated Representative may take such action or make such decision or determination or shall notify GC in writing of an individual responsible for, and capable of, taking such action, decision, or determination, and shall forward any communications and documentation to such individual for response or action. Actions, decisions or determinations by County's Designated Representative on behalf of County shall be done in his or her reasonable business judgment unless express standards or parameters therefor are included in this Contract, in which case, actions taken by County's Designated Representative shall be in accordance with such express standards or parameters. Any consent,

approval, decision, or determination hereunder by County's Designated Representative shall be binding on County; *provided, however,* County's Designated Representative shall not have any right to modify, amend, or terminate this Contract or executed Contract Amendment. County's Designated Representative shall not have any authority to execute a Contract Amendment unless otherwise granted such authority by the Williamson County Commissioners Court.

GC's Designated Representative for purposes of this Contract is as follows:

Chasco Constructors, Ltd, L.L.C.
Rick Risener, Chief Civil Estimator
2801 East Old Settlers Blvd
Round Rock, TX 78665

GC shall have the right, from time to time, to change GC's Designated Representative by giving County written notice thereof. With respect to any action, decision, or determination which is to be taken or made by GC under this Contract, GC's Designated Representative may take such action or make such decision or determination, or shall notify County in writing of an individual responsible for and capable of taking such action, decision, or determination and shall forward any communications and documentation to such individual for response or action. Actions, decisions, or determinations by GC's Designated Representative on behalf of GC shall be done in his or her reasonable business judgment unless express standards or parameters therefor are included in this Contract, in which case, actions taken by GC's Designated Representative shall be in accordance with such express standards or parameters. Any consent, approval, decision, or determination hereunder by GC's Designated Representative shall be binding on GC. GC's Designated Representative shall have the right to modify, amend, and execute Contract Amendments on behalf of GC.

ARTICLE 7
NOTICE

Any notice required to be given under the provisions of this Contract shall be in writing and shall be duly served when it shall have been deposited, enclosed in a wrapper with the proper postage prepaid thereon, and duly registered or certified, return receipt requested, in a United States Post Office, addressed to County or GC at the following addresses. If mailed, any notice or communication shall be deemed to be received **three (3) days** after the date of deposit in the United States Mail. Unless otherwise provided in this Contract, all notices shall be delivered to the following addresses:

County: Williamson County Judge
710 Main Street, Suite 101
Georgetown, Texas 78626

With copy to: Williamson County Facilities Department
Attn: Director of Facilities
3101 SE Inner Loop
Georgetown, Texas 78626

and to: Office of General Counsel
Williamson County
710 Main Street, Suite 102
Georgetown, Texas 78626

GC: Chasco Constructors, Ltd, L.L.C.
2801 East Old Settlers Blvd
Round Rock, TX 78665

Attention: Charles J. Glace, Jr
President

Either party may designate a different address by giving the other party **ten (10) days** written notice.

ARTICLE 8
DISPUTE RESOLUTION

Any Claim or Dispute between County and GC shall be resolved in accordance with the provisions set forth in **UGC 15**.

ARTICLE 9
MISCELLANEOUS PROVISIONS

9.1 MEANING OF TERMS
Terms in this Contract shall have the same meaning as those in the UGCs.

9.2 NO WAIVER OF IMMUNITY
Nothing herein shall be construed as a waiver of sovereign immunity by Williamson County.

9.3 GOVERNING LAW
This Contract and all of the rights and obligations of the parties and all of the terms and conditions shall be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas without reference to its conflicts of law provisions.

Williamson County shall be the sole place of venue for any legal action arising from or related to this Contract or the Project in which County is a party.

9.4 ASSIGNMENT

County and GC, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Contract. GC shall not assign this Contract without the written consent of County. If GC attempts to make an assignment without County's consent, GC shall nevertheless remain legally responsible for all obligations under this Contract.

9.5 OTHER PROVISIONS

9.5.1

GC represents and warrants the following to County (in addition to any other representations and warranties contained in the Contract Documents), as an inducement to County to execute this Contract, which representations and warranties shall survive the execution and delivery of this Contract, any termination of this Contract, and the final completion of the Work:

.1 that it and its Subcontractors are financially solvent, able to pay all debts as they mature, and possessed of sufficient working capital to complete the Work and perform all obligations hereunder;

.2 that it is able to furnish the tools, materials, supplies, equipment, and labor required to complete the Work and perform its obligations hereunder;

.3 that it is authorized to do business in the State of Texas and properly licensed by all necessary governmental and public and quasi-public authorities having jurisdiction over it and over the Work and the project;

.4 that its execution of this Contract and its performance thereof is within its duly authorized powers;

.5 that its duly authorized representative has visited the site of the Project, familiarized himself with the local and special conditions under which the Work is to be performed, and correlated its observations with the requirements of the Contract Documents; and

.6 that it possesses a high level of experience and expertise in the business administration, construction, construction management, and superintendence of projects of the size, complexity, and nature of this particular Project, and it will perform the Work with the care, skill, and diligence of such a contractor.

ARTICLE 10
SCOPE OF CONTRACT AND CONTRACT DOCUMENTS

10.1
This Contract represents the entire and integrated agreement between County and GC and supersedes all prior negotiations, representations, or agreements, either written or oral. This Contract may be amended only by written instrument signed by both County and GC.

10.2
The following documents comprise the Contract Documents:

1. This Contract between County and GC;
2. Exhibit A – Construction Documents
3. Exhibit B – Minimum Insurance Coverages and Minimum Coverage Amounts
4. Exhibit C – Williamson County Vendor Reimbursement Policy
5. Exhibit D – Williamson County Uniform General Conditions

10.3
In the event of a dispute or conflict relating to the terms and conditions of the Contract Documents, applicable documents will be referred to for the purpose of clarification, conflict resolution or for additional detail in the following order of precedence:

1. Contract between County and GC;
2. Special Conditions or Supplementary Conditions (if any);
3. Williamson County Uniform General Conditions;
4. all Addenda issued prior to the Effective Date of the Contract between County and GC; and
5. The Construction Documents

ARTICLE 11
SIGNATORY WARRANTY

The undersigned signatory for GC hereby represents and warrants that the signatory is an officer of the organization for which he/she has executed this Contract and that he/she has full and complete authority to enter into this Contract on behalf of the Company. The above-stated representations and warranties are made for the purpose of inducing County to enter into this Contract.

IN WITNESS WHEREOF, County has caused this Contract to be signed in its name by its duly authorized County Judge, thereby binding the parties hereto, their successors, assigns, and representatives for the faithful and full performance of the terms and provisions hereof. NO OFFICIAL, EMPLOYEE, AGENT, OR REPRESENTATIVE OF THE COUNTY HAS ANY AUTHORITY, EITHER EXPRESS OR IMPLIED, TO AMEND, TERMINATE, OR MODIFY THIS CONTRACT, EXCEPT PURSUANT TO SUCH EXPRESS AUTHORITY AS MAY BE GRANTED BY THE WILLIAMSON COUNTY COMMISSIONERS COURT.

Workers' Compensation Insurance

A. Definitions:

Certificate of coverage ("Certificate") - A copy of a certificate of insurance, a certificate of authority to self-insure issued by the Texas Workers' Compensation Commission, or a coverage agreement (TWCC-81, TWCC-82, TWCC-83, or TWCC-84), showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the Project.

Duration of the Project - includes the time from the beginning of the work on the Project until the Contractor's/person's work on the Project has been completed and accepted by County.

Coverage - Workers' compensation insurance meeting the statutory requirements of the Texas Labor Code, §401.011(44).

Persons providing services on the Project ("Subcontractor") - includes all persons or entities performing all or part of the services Contractor has undertaken to perform on the Project, regardless of whether that person contracted directly with Contractor and regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to

provide services on the Project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the Project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

B. Contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, §401.011(44) for all employees of Contractor providing services on the Project, for the duration of the Project.

C. Contractor must provide a certificate of coverage prior to execution of the Contract, and in no event later than **ten (10) calendar days** from Notice of Award. Failure to provide the insurance in a timely fashion may result in loss of Contractor's bid bond.

D. If the coverage period shown on Contractor's current certificate of coverage ends during the duration of the Project, Contractor must, prior to the end of the coverage period, file a new certificate of coverage with County showing that coverage has been extended.

E. Contractor shall obtain from each person providing services on a project, and provide to County:

(1) a certificate of coverage, prior to that person beginning work on the Project, so County will have on file certificates of coverage showing coverage for all persons providing services on the Project; and

(2) no later than **seven (7) calendar days** after receipt by Contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the Project.

F. Contractor shall retain all required certificates of coverage for the duration of the Project and for **one (1) year** thereafter.

G. Contractor shall notify County in writing by certified mail or personal delivery, within **ten (10) calendar days** after Contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the Project.

H. Contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers' Compensation Commission, informing all

persons providing services on the Project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

I. Contractor shall contractually require each person with who it contracts to provide services on a project, to:

(1) provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas labor Code, Section 401.011(44) for all of its employees providing services on the Project, for the duration of the Project;

(2) provide to Contractor, prior to that person beginning work on the Project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the Project, for the duration of the Project;

(3) provide Contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the Project;

(4) obtain from each other person with whom it contracts, and provide to Contractor:

a. a certificate of coverage, prior to the other person beginning work on the Project; and

b. a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the Project;

(5) retain all required certificate of coverage on file for the duration of the Project and for **one (1) year** thereafter;

(6) notify County in writing by certified mail or personal delivery, within **ten (10) calendar days** after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the Project; and

(7) contractually require each person with whom it contracts, to perform as required by **Paragraphs (1)-(7)**, with the certificates of coverage to be provided to the person for whom they are providing services.

J. By signing the Contract or providing or causing to be provided a certificate of coverage, Contractor is representing to County that all employees of Contractor who will provide services on the Project will be covered by workers' compensation

coverage for the duration of the Project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject Contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

K. Contractor's failure to comply with any of these provisions is a breach of contract by Contractor which entitles County to declare the Contract void if Contractor does not remedy the breach within **ten (10) calendar days** after receipt of notice of breach from County.

3. If insurance policies are not written for the amounts specified in this section, Contractor shall carry Umbrella or Excess Liability Insurance for any differences in amounts specified. If Excess Liability Insurance is provided, it shall follow the form of primary coverage.

4. The furnishing of the above listed insurance coverage, as may be modified by the Contract Documents, must be tendered prior to execution of the Contract, and in no event later than **ten (10) calendar days** from Notice of Award. Failure to provide the insurance in a timely fashion may result in loss of Contractor's bid bond.

5. County shall be entitled, upon request and without expense, to receive copies of the policies and all endorsements as they apply to the limits set out in this section.

6. Contractor shall be responsible for payment of premiums for all of the insurance coverages required under this section. Contractor further agrees that for each claim, suit or action made against insurance provided hereunder, with respect to all matters for which Contractor is responsible hereunder, Contractor shall be solely responsible for all deductibles and self-insured retentions. Any deductibles or self-insured retentions over **seventy-five thousand dollars ($ 75,000)** in Contractor's insurance must be declared and approved in writing by County in advance.

EXHIBIT C

WILLIAMSON COUNTY VENDOR REIMBURSEMENT POLICY

The purpose of this Williamson County Vendor Reimbursement Policy ("Policy") is to provide clear guidelines to vendors on Williamson County's expectations and requirements regarding allowable reimbursable expenditures and required backup. The Policy will also minimize conflicts related to invoice payments and define non-reimbursable items. This Policy is considered a guideline and is not a contract.

This Policy may be altered, deleted, or amended at any time and without prior notice to vendors, by action of the Williamson County Commissioners Court. Unenforceable provisions of this Policy, as imposed by applicable law, regulations, or judicial decisions, shall be deemed to be deleted. Any revisions to this Policy will be distributed to all current vendors doing business with County.

1. Invoices and Affidavits

1.1 Invoices must adequately describe the goods or services provided to County and include all required backup (i.e. reimbursable expenses, mileage log, timesheets, receipts detailing expenses incurred etc.) that is in a form acceptable to the Williamson County Auditor. Invoices that do not adequately describe the goods or services provided to County or contain backup that is not satisfactory to the Williamson County Auditor will be returned to vendor for revisions and the provision above relating to invoice errors resolved in favor of County shall control as to the required actions of vendor and when such invoice must be paid by County.

1.2 In the event an invoice includes charges based upon hourly billing rates for services or any other rates based upon the amount of time worked by an individual or individuals in performing services, whether the charges are being billed directly to County or whether they are the basis of invoices from subcontractors for which the vendor seeks reimbursement from County, the charges shall be accompanied by an affidavit signed by an officer or principal of the vendor certifying that the work was performed, it was authorized by County and that all information contained in the invoice that is being submitted is true and correct.

1.3 Upon County's request, vendor must submit all bills paid affidavits wherein vendor must swear and affirm that vendor has paid each of its subcontractors, laborers, suppliers and material in full for all labor and materials provided to vendor for or in connection with services and work performed for County and, further, vendor must swear and affirm that vendor is not aware of any unpaid bills, claims, demands, or causes of action by any of its subcontractors, laborers, suppliers, or material for or in connection with the furnishing of labor or materials, or both, for services and work performed for County.

2. Travel Reimbursement

2.1 County will only cover costs associated with travel on vendors outside a **fifty (50)-mile radius** from Williamson County, Texas.

2.2 County will only cover costs associated with travel as documented work for County. If a vendor is also doing business for another client, the travel costs must be split in proportion to the amount of work actually performed for County and the other client. The only allowable travel expense will be for the specific days worked for Williamson County.

2.3 No advance payments will be made to vendor for travel expenditures. The travel expenditure may only be reimbursed after the expenditure/trip has already occurred and vendor has provided the Williamson County Auditor with all necessary and required backup.

2.4 Vendors must submit all travel reimbursement requests on each employee in full. Specifically, a travel reimbursement request must include all related travel reimbursement expenses relating to a particular trip for which vendor seeks reimbursement. Partial travel reimbursement requests will not be accepted (i.e. vendor shall not submit hotel and mileage one month then the next month submit rental car and airfare). If the travel reimbursement appears incomplete, the invoice will be sent back to the vendor to be submitted when all information is ready to submit in full.

2.5 Reimbursement for transportation costs will be at the most reasonable means of transportation (i.e.: airline costs will be reimbursed for coach rate, rental car costs will only be reimbursed if rental car travel was most reasonable means of travel as compared to travel by air).

2.6 County will not be responsible for, nor will County reimburse additional charges due to personal preference or personal convenience of individual traveling.

2.7 County will not reimburse airfare costs if airfare costs were higher than costs of mileage reimbursement.

2.8 Additional expenses associated with travel that is extended to save costs (i.e. Saturday night stay) may be reimbursed if costs of airfare would be less than the cost of additional expenses (lodging, meals, car rental, mileage) if the trip had not been extended. Documentation satisfactory to the Williamson County Auditor will be required to justify expenditure.

2.9 County will only reimburse travel expense to necessary personnel of the vendor (i.e. no spouse, friends, or family members).

2.10 Except as otherwise set forth herein, a vendor must provide a paid receipt for all expenses. If a receipt cannot be obtained, a written sworn statement of the expense from the vendor may be substituted for the receipt.

2.11 Sales tax for meals and hotel stays are the only sales taxes that will be reimbursed. Sales tax on goods purchased will not be reimbursed. A sales tax exemption form is available from the Williamson County Auditor's Office upon request.

2.12 County will not pay for any late charges on reimbursable items. It is the responsibility of the vendor to pay the invoice first and seek reimbursement from County.

3. Meals

3.1 Meal reimbursements are limited to a maximum of **fifty ($50) per day** on overnight travel. On day travel (travel that does not require an overnight stay), meal reimbursements are limited to a maximum of **twenty ($20) per day**. The travel must be outside the Williamson County, Texas line by a **fifty (50)-mile radius**.

3.2 Receipts are required on meal reimbursement amounts up to the maximum per day amount stated for overnight or day travel. If receipts are not presented, the vendor can request per diem (per diem limits refer to **3.2**). However, a vendor cannot combine per diem and meal receipts. Only one method shall be allowed.

3.3 Meals are reimbursable only for vendors who do not have the necessary personnel located within a **fifty (50)-mile radius** of Williamson County, Texas that are capable of carrying the vendor's obligations to County. Meals will not be reimbursed to vendors who are located within a **fifty (50)-mile radius** of Williamson County, Texas.

3.4 County will not reimburse for alcoholic beverages.

3.5 Tips are reimbursable but must be reasonable to limitation of meal allowance

3.6 No meals purchased for entertainment purposes will be allowed.

3.7 Meal reimbursement must be substantiated with a hotel receipt.

4. Lodging

4.1 Hotel accommodations require an itemized hotel folio as a receipt. The lodging receipt shall include name of the motel/hotel, number of occupant(s), goods or services for each individual charge (room rental, food, tax, etc.) and the name of the occupant(s). Credit card receipts or any other form of receipt are not acceptable.

4.2 Vendors will be reimbursed for a single room rate charge plus any applicable tax. If a single room is not available, the vendor must provide documentation to prove that a single room was not available in order to justify the expense over and above the single

room rate. A vendor may also be required to provide additional documentation if a particular room rate appears to be excessive.

4.3 Personal telephone charges, whether local or long distance, will not be reimbursed.

5. **Airfare**

5.1 County will only reimburse up to a coach price fare for air travel.

5.2 County will exclude any additional charges due to personal preference or personal convenience of the individual traveling (i.e. early bird check in, seat preference charges, airline upgrades, etc. will not be an allowable reimbursement)

5.3 Air travel expenses must be supported with receipt copy of an airline ticket or an itinerary with actual ticket price paid. If tickets are purchased through a website, vendor must submit a copy of the webpage showing the ticket price if no paper ticket was issued.

5.4 Cancellation and/or change flight fees may be reimbursed by County but vendor must provide the Williamson County Auditor with documentation in writing from a County department head providing authorization for the change.

5.5 County will not reimburse vendor for tickets purchased with frequent flyer miles.

6. **Car Rental**

6.1 Vendors that must travel may rent a car at their destination when it is less expensive than other transportation such as taxis, airport shuttles or public transportation such as buses or subways.

6.2 Cars rented must be economy or mid-size. Luxury vehicle rentals will not be reimbursed. Any rental costs over and above the cost of a mid-size rental will be adjusted.

6.3 Vendors will be reimbursed for rental cars if the rental car cost would have been less than the mileage reimbursement cost (based on the distance from vendor's point of origin to Williamson County, Texas) had the vendor driven vendor's car.

6.4 Vendors must return a car rental with appropriate fuel levels as required by rental agreement to avoid the car rental company from adding fuel charges.

6.5 Rental agreement and credit card receipt must be provided to County as back up for the request for reimbursement.

6.6 Insurance purchased when renting vehicle may also be reimbursed.

6.7 Car Rental optional extras such as GPS, roadside assistance, and administrative fees on Tolls will not be reimbursed.

7. Personal Car Usage

7.1 Personal vehicle usage will be reimbursed in an amount equal to the standard mileage rate allowed by the IRS.

7.2 Per code of Federal Regulations, Title 26, Subtitle A, Chapter 1, Subchapter B, Part IX, Section 274(d), all expense reimbursement requests must include the following:

7.2.1 Date

7.2.2 Destination

7.2.3 Purpose

7.2.4 Name of traveler(s)

7.2.5 Correspondence that verifies business purpose of the expense

7.3 The mileage for a personal vehicle must document the date, location of travel to/from, number of miles traveled and purpose of trip.

7.4 Mileage will be reimbursed on the basis of the most commonly used route.

7.5 Reimbursement for mileage shall not exceed the cost of a round trip coach airfare.

7.6 Reimbursement for mileage shall be prohibited between place of residence and usual place of work.

7.7 Mileage shall be calculated from employee's regular place of work or their residence, whichever is the shorter distance when traveling to a meeting or traveling to Williamson County, Texas for vendors who are located outside of Williamson County, Texas by at least a **fifty (50)-mile radius**.

7.8 When more than one person travels in same vehicle, only one person may claim mileage reimbursement.

7.9 Tolls, if reasonable, are reimbursable. Receipts are required for reimbursement. If a receipt is not obtainable, then written documentation of expense must be submitted for reimbursement (administrative fees on Tolls will not be reimbursed).

7.10 Parking fees, if reasonable are reimbursable for meetings and hotel stays. For vendors who contract with a third party for visitor parking at vendor's place of business, Williamson County will not reimburse a vendor based on a percentage of its

contracted visitor parking fees. Rather, Williamson County will reimburse Vendor for visitor parking on an individual basis for each time a visitor uses Vendor's visitor parking. Receipts are required for reimbursement. If a receipt is not obtainable, then written documentation of expense must be submitted for reimbursement.

7.11 Operating and maintenance expenses as well as other personal expenses, such as parking tickets, traffic violations, and car repairs and collision damage are not reimbursable.

8. Other Expenses

8.1 Taxi fare, bus tickets, conference registrations, parking, etc. must have a proper original receipt.

9. Repayment of Non-reimbursable Expenses

Vendors must, upon demand, immediately repay County for all inappropriately reimbursed expenses whenever an audit or subsequent review of any expense reimbursement documentation finds that such expense was reimbursed contrary to these guidelines and this Policy. Williamson County reserves the right to retain any amounts that are due or that become due to a vendor in order to collect any inappropriately reimbursed expenses that a vendor was paid.

10. Non-Reimbursable Expenses

In addition to the non-reimbursable items set forth above in this Policy, the following is a non-exhaustive list of expenses that will not be reimbursed by Williamson County:

10.1 Alcoholic beverages/tobacco products

10.2 Personal phone calls

10.3 Laundry service

10.4 Valet service (excludes hotel valet)

10.5 Movie rentals

10.6 Damage to personal items

10.7 Flowers/plants

10.8 Greeting cards

10.9 Fines and/or penalties

10.10 Entertainment, personal clothing, personal sundries, and service

10.11 Transportation/mileage to places of entertainment or similar personal activities

10.12 Upgrades to airfare, hotel and/or car rental

10.13 Airport parking above the most affordable rate available

10.14 Excessive weight baggage fees or cost associated with more than two airline bags

10.15 Auto repairs

10.16 Babysitter fees, kennel costs, pet, or house-sitting fees

10.17 Saunas, massages, or exercise facilities

10.18 Credit card delinquency fees or service fees

10.19 Doctor bills, prescription and other medical services

10.20 Hand tools

10.21 Safety Equipment (hard hats, safety vests, etc.)

10.22 Office Supplies

10.23 Lifetime memberships to any association

10.24 Donations to other entities

10.25 Any items that could be construed as campaigning

10.26 Community outreach items exceeding $2 per item

10.27 Technology Fees

10.28 Sales tax on goods purchased

Any other expenses which Williamson County deems, in its sole discretion, to be inappropriate or unnecessary expenditures.

ARTICLE 1
GENERAL PROVISIONS

1.1 BASIC DEFINITIONS

1.1.1 CONTRACT DOCUMENTS

Contract Documents are enumerated in the Contract between the Owner and Contractor (hereinafter the Contract) and consist of the Contract, Conditions of the Contract as revised, Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Contract and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive or (4) a written order for a minor change in the Work issued by the Owner or the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor's bid or proposal, or portions of Addenda relating to bidding requirements.

1.1.2 CONTRACT

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants or (4) between any persons or entities other than the Owner and the Contractor.

1.1.3 WORK

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

1.1.4 THE PROJECT

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by separate contractors.

1.1.5 THE DRAWINGS

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules and diagrams.

1.1.6 THE SPECIFICATIONS

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

1.1.7 INSTRUMENTS OF SERVICE

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

1.1.8 KNOWLEDGE

The terms "knowledge," "recognize," and "discover," their respective derivatives, and similar terms in the Contract Documents, as used in reference to the Contractor, shall be interpreted to mean that which the Contractor knows (or should know), recognizes (or should recognize), and discovers (or should discover) in exercising the care, skill, and diligence required by the Contract Documents. Analogously, the expression "reasonably inferable" and similar terms in the Contract Documents shall be interpreted to mean reasonably inferable by a contractor familiar with the Project and exercising the care, skill, and diligence required of the Contractor by the Contract Documents.

1.1.9 PRODUCT

Materials, systems, and equipment incorporated or to be incorporated in the Work.

1.1.10 PROVIDE

Furnish and install and shall include, without limitation, labor, materials, equipment, transportation, services, and other items required to complete the referenced tasks.

1.1.11 FURNISH

Pay for, deliver (or receive), unload, inspect, and store products, materials, equipment, and accessories as specified while retaining care, custody and control until received for installation based on a signed receipt.

1.1.12 INSTALL

Receive, unload, inspect, and store as specified while retaining care, custody and control; set or place in position, make required connections; and adjust and test as specified in the Contract Documents for satisfactory performance and operation.

1.2 CORRELATION AND INTENT OF THE CONTRACT DOCUMENTS

1.2.1

The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the intended results. In the event of inconsistencies within or between parts of the Contract Documents, or between the Contract Documents and applicable standards, codes, and ordinances, the Contractor shall (i) provide the better quality or greater quantity of Work or (ii) comply with the more stringent requirement; either or both in accordance with the Owner or the Architect's interpretation. The terms and conditions of this **Paragraph 1.2.1**, however, shall not relieve the Contractor of any of the obligations set forth in the Contract Documents.

1.2.2

Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

1.2.3

Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

.1 Whenever a product is specified in accordance with a Federal Specification, an ASTM Standard, an American National Standards Institute Specification, or other Association Standard, the Contractor, if required by the Specifications or if requested by the Owner, shall present evidence from the manufacture, certifying the product complies with the particular Standard or Specification. When required by the Contract Documents, supporting data shall be submitted to substantiate compliance.

.2 Whenever a product is specified or shown by describing proprietary items, model numbers, catalog numbers, manufacturer, trade names, or similar reference, no substitutions may be made unless accepted in strict accordance with the Substitution requirements stated in the Specifications or, if no Substitution requirements are stated in the Specifications, in accordance with the requirements stated elsewhere in the

Contract Documents. Where two or more products are shown or specified, the Contractor has the option to use either of those shown or specified.

1.3 CAPITALIZATION

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles or (3) the titles of other documents published by the American Institute of Architects.

1.4 INTERPRETATION

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

1.5 USE OF DRAWINGS AND OTHER INSTRUMENTS OF SERVICE

1.5.1

The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and will retain all common law, statutory and other reserved rights, including copyrights, except as provided in the Owner-Architect Agreement. The Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with this Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

1.5.2

The Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers are authorized to use and reproduce the Instruments of Service provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers may not use the Instruments of Service on other projects or for additions to this Project outside the scope of the Work without the specific written consent of the Owner, Architect and the Architect's consultants.

1.6 TRANSMISSION OF DATA IN DIGITAL FORM

If the parties intend to transmit Instruments of Service or any other information or documentation in digital form, they shall establish the necessary protocols governing such transmissions in writing, unless otherwise already provided in the Agreement or the Contract Documents.

ARTICLE 2
OWNER

2.1 GENERAL

The Owner means Williamson County acting through any duly authorized representative as provided in the Contract, and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization ("Owner's Designated Representative"). The term "Owner" means the Owner or the Owner's authorized representative.

2.2 OWNER

2.2.1 Appropriation of Funds by Owner

Owner believes it has sufficient funds currently available and authorized for expenditure to finance the costs of the Agreement between Owner and Contractor. Contractor understands and agrees that the Owner's payment of amounts under the Agreement between Owner and Contractor is contingent on the Owner receiving appropriations or other expenditure authority sufficient to allow the Owner, in the exercise of reasonable administrative discretion, to continue to make payments under the Agreement.

2.2.2

Unless specifically stated otherwise in the Contract Documents, Contractor shall secure and pay for necessary permits, approvals, assessments, and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

2.2.3

The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. Except for surveys or grade information, the Contractor shall compare the information furnished by the Owner, including, but not limited to, soil tests, with visibly observable physical conditions and the Contract Documents and, on the basis of such review, promptly report to the Owner and the Architect any known conflicts, errors or omissions. The Contractor shall be entitled to rely on the accuracy of information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

2.2.4

The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner's control and relevant to the Contractor's performance of the

Work with reasonable promptness after receiving the Contractor's written request for such information or services.

2.2.5
Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions.

2.3 OWNER'S RIGHT TO STOP THE WORK

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by **Section 12.2** or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity.

2.4 OWNER'S RIGHT TO CARRY OUT THE WORK

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a **ten (10)-calendar day** period after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such deficiencies. In such case an appropriate Change Order shall be issued deducting from payments then or thereafter due the Contractor the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect or failure. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner.

2.5 EXTENT OF OWNER RIGHTS

2.5.1
The rights stated in this **Article 2** and elsewhere in the Contract Documents are cumulative and not in limitation of any rights of the Owner (1) granted in the Contract Documents, (2) at law, or (3) in equity.

2.5.2
In no event shall the Owner have control over, charge of, or any responsibility for construction means, methods, techniques, sequences, or procedures or for safety precautions and programs in connection with the Work, notwithstanding any of the rights and authority granted the Owner in the Contract Documents.

2.6 OWNER'S RIGHT TO RECORDS

2.6.1
The Contractor's records, which shall include but not be limited to accounting records, written policies and procedures, subcontractor files (including proposals of successful bidders), original estimates, estimating work sheets, correspondence, schedules, change order files (including documentation covering negotiated settlements), and any other supporting evidence necessary to substantiate charges related to this contract (all foregoing hereinafter referred to as "records") and shall be open to inspection and subject to audit and/or reproduction, during normal working hours, by Owner's agent or its authorized representative to the extent necessary to adequately permit evaluation and verification of any invoices, payments or claims submitted by the Contractor or any of his payees. Such records subject to examination shall also include, but not be limited to, those records necessary to evaluate and verify direct and indirect costs (including overhead allocations) as they may apply to costs associated with this Contract.

2.6.2
For the purpose of such audits, inspections, examinations and evaluations, the Owner's agent, or authorized representatives shall have access to said records from the effective date of this Contract for the duration of Work and until **three (3) years** (or longer if required by law) after the date of final payment by Owner to Contractor.

2.6.3
Owner's agent or its authorized representative shall have access during normal business hours to the Contractor's facilities, shall have access to all necessary records and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with this **Section 2.6**. Owner's agent or authorized representative shall give auditees reasonable advance notice of intended audits.

2.6.4
Contractor shall require all subcontractors, insurance agents, and material suppliers (payees) with cost plus contracts, if permitted, and not fixed price contracts to comply with the provisions of this **Article 2** by insertion of the requirements hereof in a written contract agreement between Contractor and payee. Failure to obtain such written contracts which include such provisions shall be reason to exclude some or all of the related payee's costs from amounts payable to the Contractor pursuant to this contract.

ARTICLE 3
CONTRACTOR

3.1 GENERAL

3.1.1
The Contractor is the person or entity identified as such in the Contract and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under the Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative, and if these General Conditions are used in conjunction with the Contract between Owner and Construction Manager-At-Risk, the term "Contractor" shall mean the Construction Manager.

3.1.2
The Contractor shall perform the Work in strict accordance with the Contract Documents.

3.1.3
The Contractor shall not be relieved of obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

3.2 REVIEW OF CONTRACT DOCUMENTS AND FIELD CONDITIONS BY CONTRACTOR

3.2.1
Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed and correlated personal observations with requirements of the Contract Documents. Prior to execution of the Contract, the Contractor and each Subcontractor shall have evaluated and satisfied themselves as to the observable conditions and limitations under which the Work is to be performed, including, without limitation, (i) the location, condition, layout, and nature of the Project site and surrounding areas, (ii) generally prevailing climatic conditions, (iii) anticipated labor supply and costs, (iv) availability and cost of materials, tools, and equipment, and (v) other similar issues. The Owner assumes no responsibility or liability for the physical condition or safety of the Project site or any improvements located on the Project site. Except as set forth in **Section 10.3**, the Contractor and its Subcontractors shall be responsible for providing a safe place for the performance of the Work. The Owner shall not be required to make any adjustment in either the Contract Sum or the Contract Time in connection with any failure by the Contractor or any Subcontractor to have complied with the requirements of **this Section 3.2**.

3.2.2

Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to **Paragraph 2.2.3**, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Owner and Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents. Any labor, documentation, services, materials, or equipment that reasonably may be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the indicated result will be provided whether or not specifically called for, at no additional cost to Owner. The Contractor shall verify the accuracy of elevations, dimensions, locations, and field measurements. In all cases of the interconnection of its Work with existing or other Work, the Contractor shall verify at the site all dimensions relating to such existing or other Work.

.1 All of Contractor's and Subcontractors' work shall conform to the Contract Documents. Contractor shall be responsible for the details of the Work necessary to carry out the intent of the drawings and specifications, or which are customarily performed. When more detailed information is required for performance of the Work or when an interpretation of the Contract Documents is requested, the Contractor shall submit a written request for information to the Architect or Owner (as required), and the Owner or Architect shall furnish such information or interpretation. Where only part of the Work is indicated, similar parts shall be considered repetitive. Where any detail is shown and components thereof are fully described, similar details not fully described shall be considered to incorporate the fully described details and components.

.2 The Contractor has had an opportunity to examine, and has carefully examined, all of the Contract Documents and Project site, and has fully acquainted itself with the scope of work, design, availability of materials, existing facilities, access, general topography, soil structure, subsurface conditions, obstructions, and all other conditions pertaining to the Work, the site of the Work, and its surrounding; that it has made necessary investigations to a full understanding of the difficulties which may be encountered in performing the Work; and that anything in any Contract Documents, or in any representations, statements, or information made or furnished by Owner or its representatives notwithstanding, Contractor will complete the Work

for the compensation stated in the Contract. In addition thereto, Contractor represents that it is fully qualified to do the Work in accordance with the terms of the Contract in the time specified.

3.2.3

The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Owner and the Architect any nonconformity discovered by or made known to the Contractor as a request for information.

3.2.4

If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to **Paragraphs 3.2.2 or 3.2.3** above, the Contractor shall make Claims as provided in **Article 15**.

3.3 SUPERVISION AND CONSTRUCTION PROCEDURES

3.3.1

The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. Subcontractors are responsible for directing their forces on their portions of the Work. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Contract, unless the Contract Documents give other specific instructions concerning these matters. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences or procedures, the Contractor and Subcontractors shall evaluate the jobsite safety thereof and, except as stated below, shall be fully and solely responsible for the jobsite safety of such means, methods, techniques, sequences or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely written notice to the Owner and Architect and shall not proceed with that portion of the Work without further written instructions from the Architect. If the Contractor is then instructed to proceed with the required means, methods, techniques, sequences or procedures without acceptance of changes proposed by the Contractor, the Owner shall be solely responsible for any loss or damage arising solely from those Owner-required means, methods, techniques, sequences or procedures.

3.3.2

The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities

performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

3.3.3
The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

3.3.4
Inspection of the progress, quantity, or quality of the Work done by the Owner, any Owner's representative, any governmental agency, or the Architect, or any inspector, shall not relieve the Contractor of any responsibility for the compliance of the Work with the Contract Documents. The Owner or its approved representative (heretofore referred to as Owner's representative) shall have access to the worksite and all Work. No supervision or inspection by the Owner's representative, nor the authority to act nor any other actions taken by the Owner's representative shall relieve the Contractor of any of its obligations under the Contract Documents nor give rise to any duty on the part of the Owner.

3.4 LABOR AND MATERIALS

3.4.1
Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

.1 **Duty to Pay Prevailing Wage Rates.** The Contractor shall pay not less than the wage scale of the various classes of labor as shown on the "Prevailing Wage Schedule", as defined in **Paragraph 3.4.1.2** below. The specified wage rates are minimum rates only, and are not representations that qualified labor adequate to perform the Work is available locally at the prevailing wage rates. The Owner is not bound to pay—and will not consider—any claims for additional compensation made by any Contractor because the Contractor pays wages in excess of the applicable minimum rate contained in the Contract Documents. The "Prevailing Wage Schedule" is not a representation that quantities of qualified labor adequate to perform the Work may be found locally at the specified wage rates.

a) For classifications not shown, workers shall not be paid less than the wage indicated for Laborers. The Contractor shall notify each worker commencing work on the Project of the worker's job classification and the established minimum wage rate required to be paid, as well as the actual amount being paid. The notice must be delivered to and signed in acknowledgement of receipt by the employee and must list both the monetary wages and fringe benefits to be paid or furnished for each classification in which the worker is assigned duties. When requested by Owner, competent evidence of compliance with the Texas Prevailing Wage Law shall be furnished by Contractor.

b) A copy of each worker wage rate notification shall be submitted to the Owner with the Application for Payment for the period during which the worker began on-site activities.

.2 **Prevailing Wage Schedule.** Pursuant to Texas Government Code Section 2258.022(2), the general prevailing rate of per diem wages for each craft or type of worker needed to execute the Contract and the prevailing rate for legal holiday and overtime work shall be the most recent prevailing wage rate for Williamson County, Texas for building construction as determined by the United States Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. Section 276a et seq.), and its subsequent amendments, which are published and can be obtained online at https://sam.gov/search/?index=dbra (the "Prevailing Wage Schedule"). . Should the Contractor at any time become aware that a particular skill or trade not reflected on the Prevailing Wage Schedule will be or is being employed in the Work, whether by the Contractor or by a subcontractor, the Contractor shall promptly inform the Owner and shall specify a wage rate for that skill or trade, which shall bind the Contractor.

.3 **Penalty for Violation.** The Contractor and any Subcontractor shall pay to the Owner a penalty of **sixty dollars ($60.00)** for each worker employed for each calendar day, or portion thereof, that the worker is paid less than the wage rates stipulated in the Prevailing Wage Schedule or any supplement or update thereto pursuant to **Paragraph 3.4.1.2** above. The Contractor and each Subcontractor shall keep, or cause to be kept, an accurate record showing the names and occupations of all workers employed in connection with the Work, and showing the actual per diem wages paid to each worker, which records shall be open at all reasonable hours for the inspection by the Owner.

.4 **Complaints of Violations of Prevailing Wage Rates.** Within **thirty-one (31) days** of receipt of information concerning a violation of **Texas Government Code, Chapter 2258**, the Owner shall make an initial determination as to whether good cause exists to believe a violation occurred. The Owner's decision on the initial determination shall be reduced to writing and sent to the Contractor or Subcontractor against whom the violation was alleged, and to the affected worker. When a good cause finding is made, the Owner shall retain the full amounts claimed by the claimant or claimants as the difference between wages paid and wages due under the Prevailing Wage Schedule and any supplements thereto, together with the applicable penalties, such amounts being subtracted from successive progress payments pending a final decision on the violation.

.5 **Arbitration Required if Violation not Resolved.** After the Owner makes its initial determination, the affected Contractor or Subcontractor and worker have **fourteen (14) days** in which to resolve the issue of whether a violation occurred, including the amount that should be retained by Owner or paid to the affected worker. If the Contractor or Subcontractor and affected worker reach an agreement concerning the worker's claim, the Contractor shall promptly notify the Owner in a written document signed by the worker. If the Contractor or Subcontractor and affected worker do not agree before the **fifteenth (15th) day** after the Owner's determination, the Contractor or Subcontractor and affected worker must participate in binding arbitration in accordance with the **Texas General Arbitration Act, Chapter 171, Tex. Civ. Prac. & Rem. Code**. The parties to the arbitration

have **ten (10) days** after the expiration of the **fifteen (15) days** referred to above, to agree on an arbitrator; if by the **eleventh (11th) day** there is no agreement to an arbitrator, a district court shall appoint an arbitrator on the petition of any of the parties to the arbitration.

.6 **Arbitration Award.** If an arbitrator determines that a violation has occurred, the arbitrator shall assess and award against the Contractor or Subcontractor the amount of penalty as provided in this **Section 3.4** and the amount owed the worker. The Owner may use any amounts retained hereunder to pay the worker the amount as designated in the arbitration award. If the Owner has not retained enough from the Contractor or Subcontractor to pay the worker in accordance with the arbitration award, the worker has a right of action against the Contractor and Subcontractor as appropriate, and the surety of either to receive the amount owed, attorneys' fees and court costs. The Contractor shall promptly furnish a copy of the arbitration award to the Owner.

.7 **Prevailing Wage Retainage.** Money retained pursuant to this **Section 3.4** shall be used to pay the claimant or claimants the difference between the amount the worker received in wages for labor on the Project at the rate paid by the Contractor or Subcontractor and the amount the worker would have received at the general prevailing wage rate as provided by the agreement of the claimant and the Contractor or Subcontractor affected, or in the arbitrator's award. The full statutory penalty of **sixty dollars ($60.00) per day** of violation per worker shall be retained by the Owner to offset its administrative costs, pursuant to **Texas Government Code, §2258.023**. Any retained funds in excess of these amounts shall be paid to the Contractor on the earlier of the next progress payment or final payment. Provided, however, that the Owner shall have no duty to release any funds to either the claimant or the Contractor until it has received the notices of agreement or the arbitration award as provided under **Paragraphs 3.4.2 and 3.4.3**.

.8 **No Extension of Time.** If the Owner determines that good cause exists to believe a violation has occurred, the Contractor shall not be entitled to an extension of time for any delay arising directly or indirectly from of the procedures set forth in this **Section 3.4**.

3.4.2

Except in the case of minor changes in the Work authorized by the Owner or Architect in accordance with **Paragraphs 3.12.8 or Section 7.4**, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive. If the Contractor desires to submit an alternate product or method in lieu of what has been specified or shown in the Contract Documents, the Contractor shall comply with the Substitution requirements listed in the Specifications, or if there are no Substitution requirements listed in the Specifications, then the following provisions apply:

.1 The Contractor must submit to the Architect and the Owner (1) a full explanation of the proposed substitution and submittal of all supporting data, including technical information, catalog cuts, warranties, test results, installation instructions, operating procedures, and other like information necessary for a complete evaluation of the

substitution; (2) the adjustment, if any, in the Contract Sum, in the event the substitution is acceptable; (3) the adjustment, if any, in the time of completion of the Contract and the construction schedule in the event the substitution is acceptable; and (4) a statement indicating Contractor accepts the warranty and correction obligations in connection with the proposed substitution as if originally specified by the Architect. Proposals for substitutions shall be to the Architect in sufficient time to allow the Architect no less than **ten (10) working days** for review. No substitutions will be considered or allowed without the Contractor's submittal of complete substantiating data and information as stated hereinbefore.

3.4.3
The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

3.4.4
The Contractor shall only employ or use labor in connection with the Work capable of working harmoniously with all trades, crafts, and any other individuals associated with the Project.

3.4.5.
In case the progress of the Work is affected by any undue delay in furnishing or installing any items or materials or equipment required under the Contract Documents because of such conflict involving any such labor agreement or regulation, the Owner may require that other material or equipment of equal kind and quality be provided pursuant to a Change Order or Construction Change Directive.

3.5 WARRANTY

3.5.1
The Contractor warrants to the Owner: (1) that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise; (2) that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit; (3) that the Work will be done strictly in accordance with the Contract Documents; (4) that all products are installed per the manufacturer's instructions, and in such a way that the manufacturer's warranties are preserved, including the use of a manufacturer-certified installer, if required by the manufacturer; (5) and that the Work, when finally completed, will provide a complete Project that meets the intent of the Contract Documents.

The Contractor represents and warrants to the Owner that its materials and workmanship, including without limitation, construction means, methods, procedures and techniques necessary to perform the Work, use of materials, selection of equipment and requirements of product manufacturers are and shall be consistent with: (1) good and sound practices within the construction industry; (2) generally prevailing and accepted industry standards applicable to the Work; (3) requirements of any warranties applicable to the Work subject to **Paragraph 3.2.3**. Work, materials, or equipment not conforming to these requirements shall be considered defective, and promptly after written notification of non-conformance shall be repaired or replaced by Contractor with Work conforming to this warranty. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Owner or Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

.1 Contractor further warrants that all materials or equipment of a category or classification will be a product of the same manufacturer and such materials or equipment shall be of the same lot, batch or type and that such materials and equipment will be as specified.

3.5.2

The Contractor agrees to assign to the Owner at the time of final completion of the Work any and all manufacturer's warranties relating to materials and labor used in the Work and further agrees to perform the Work in such manner so as to preserve any and all such manufacturer's warranties.

3.6 TAXES

State Sales and Use Taxes. Sales, use or similar taxes imposed by a governmental authority that are related to the Work and for which the Contractor is liable; provided, however, Owner is a body corporate and politic under the laws of the State of Texas and claims exemption from sales and use taxes under Texas Tax Code Ann. 151.309, as amended, and the services and materials subject of the Contract are being secured for use by Owner. Exemption certificates will be provided to Contractor upon request. As a precondition to the Owner reimbursing Contractor for allowable sales and use taxes, Contractor must, on its own, first attempt to use such tax exemption certificates in order to assert the exemption. In the event Contractor's efforts to use the tax exemption certificate is unsuccessful and provided that under the laws of the State of Texas an exemption from sales and use taxes is allowed. Owner will reimburse Contractor for such sales and use taxes upon Contractor providing sufficient and satisfactory documentation to the Williamson County Auditor.

3.7 PERMITS, FEES, NOTICES, AND COMPLIANCE WITH LAWS

3.7.1

Unless otherwise provided, the Contractor shall secure, pay for, and, as soon as practicable, furnish the Owner with copies or certificates of all permits and fees, licenses, and inspections necessary for the proper execution and completion of the Work, including, without limitation, all building permits. All connection charges, assessments, or inspection fees as may be imposed by any municipal agency or utility company are included in the Contract Sum and shall be the Contractor's responsibility.

3.7.2

The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

3.7.3

If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction and damages resulting therefrom.

3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature, that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than **twenty-one (21) calendar days** after first observance of the conditions. The Owner will promptly investigate such conditions and, if the Owner determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will authorize an equitable adjustment in the Contract Sum or Contract Time, or both. If the Owner determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Owner shall promptly notify the Contractor in writing, stating the reasons. If the Contractor disputes the Owner's determination, the Contractor party may assert a Claim as provided in **Article 15**.

3.7.5

If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them

and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in **Article 15**.

3.8 ALLOWANCES

3.8.1

The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

3.8.2

Unless otherwise provided in the Contract Documents,

.1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contractor shall, prior to purchasing any such materials, notify the Owner in writing of the cost and whether such cost will exceed the amount of the allowance. If Owner authorizes Contractor to proceed, after receiving the Contractor's estimate of the total cost, then the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under **Paragraph 3.8.2.1** and (2) changes in Contractor's costs under **Paragraph 3.8.2.2**.

3.9 SUPERINTENDENT

3.9.1

The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent or Contractor's project manager shall be as binding as if given to the Contractor. Important oral communications shall be immediately confirmed in writing.

3.9.2
The Contractor, as soon as practicable after award of the Contract, shall furnish in writing to the Owner through the Architect the name and qualifications of a proposed superintendent. The Owner or Architect may reply within **fourteen (14) calendar days** to the Contractor in writing stating (1) whether the Owner or the Architect has reasonable objection to the proposed superintendent or (2) that the Owner and Architect require additional time to review. Failure of the Owner or Architect to reply within the **fourteen (14)-calendar day** period shall constitute notice of no reasonable objection.

3.9.3
The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

3.10 CONTRACTOR'S CONSTRUCTION SCHEDULES

3.10.1
The Contractor, as provided in the Contract, shall prepare and submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall not exceed time limits current under the Contract Documents, shall be revised at appropriate intervals as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Contract Documents, and shall provide for expeditious and practicable execution of the Work.

3.10.2
The Contractor shall prepare a submittal schedule, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, and shall submit the schedule(s) for the Architect's approval. The Architect's approval shall not unreasonably be delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

3.10.3
The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

3.10.4
The construction schedule shall be a detailed precedence-style critical path management ("CPM") schedule in a format satisfactory to the Owner that shall (1) provide a graphic

representation of all activities and events that will occur during performance of the Work; (2) identify each phase of construction and occupancy; and (3) set forth dates that are critical in ensuring the timely and orderly completion of the Work in accordance with the requirements of the Contract Documents (hereinafter referred to as the "Milestone Date"). Upon review and acceptance by the Owner of the Milestone Dates, the construction schedule shall be deemed part of the Contract Documents. If not accepted, the construction schedule shall be promptly revised by the Contractor in accordance with the recommendations of the Owner and resubmitted for acceptance. The Contractor shall monitor the progress of the Work for conformance with the requirements of the construction schedule and shall promptly advise the Owner of any delays or potential delays. The accepted construction schedule shall be updated to reflect actual conditions as set forth in **Paragraph 3.10.1** or if requested by the Owner. In the event any progress report indicates any delays, the Contractor shall propose an affirmative plan to correct the delay, including overtime and/or additional labor, if necessary. In no event shall any progress report constitute an adjustment in the Contract Time, any Milestone date, or the Contract Sum unless any such adjustment is agreed to by the Owner and authorize pursuant to a Change Order.

3.10.5

In the event the Owner determines that the performance of the Work, as of a Milestone Date, has not progressed or reach the level of completion required by the Contract Documents, the Owner shall have the right to order the Contractor to take corrective measures necessary to expedite the progress of construction, including without limitation, (1) working additional shifts or overtime, (2) supplying additional manpower, equipment, and facilities, and (3) other similar measures. Such measures so continue until the progress of the Work complies with the stage of completion required by the Contract Documents. The Owner's right to require such measures is solely for the purpose of ensuring the Contractors compliance with the construction schedule.

3.11 DOCUMENTS AT THE SITE

The Contractor shall maintain at the site for the Owner one copy of the Drawings, Specifications, Addenda, Change Orders and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and one copy of approved Shop Drawings, Product Data, Samples and similar required submittals. These shall be available to the Architect and shall be delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

3.12 SHOP DRAWINGS, PRODUCT DATA, AND SAMPLES

3.12.1

Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

3.12.2
Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

3.12.3
Samples are physical examples that illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

3.12.4
Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate the way by which the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of **Paragraph 4.2.7**. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

3.12.5
The Contractor shall review for compliance with the Contract Documents, approve and submit to the Architect Shop Drawings, Product Data, Samples and similar submittals required by the Contract Documents in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of separate contractors.

3.12.6
By submitting Shop Drawings, Product Data, Samples and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

3.12.7
The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals until the respective submittal has been approved by the Architect.

3.12.8

The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples or similar submittals unless the Contractor has specifically informed the Architect in writing of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals by the Architect's approval thereof.

3.12.9

The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such written notice, the Architect's approval of a resubmission shall not apply to such revisions.

3.12.10

The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. The Contractor shall not be required to provide professional services in violation of applicable law. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall cause such services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor all performance and design criteria that such services must satisfy. Pursuant to this **Paragraph 3.12.10**, the Architect will review, approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Contractor shall not be responsible for the adequacy of the performance and design criteria specified in the Contract Documents.

3.13 USE OF SITE

The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

3.14 CUTTING AND PATCHING

3.14.1

The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly as required by the Contract Documents. All areas requiring cutting, fitting, and patching shall be restored to the condition existing prior to the cutting, fitting and patching, unless otherwise required by the Contract Documents.

3.14.2

The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or separate contractors by cutting, patching or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter such construction by the Owner or a separate contractor except with written consent of the Owner and of such separate contractor; such consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold from the Owner or a separate contractor the Contractor's consent to cutting or otherwise altering the Work.

3.15 CLEANING UP

3.15.1

The Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

3.15.2

If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and Owner shall be entitled to reimbursement from the Contractor.

3.16 ACCESS TO WORK

The Owner and Architect shall, at all times, have access to the Work in preparation and progress wherever located.

3.17 ROYALTIES, PATENTS AND COPYRIGHTS

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and

Architect harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications or other documents prepared by the Owner or Architect. However, if the Contractor has reason to believe that the required design, process or product is an infringement of a copyright or a patent, the Contractor shall be responsible for such loss unless such information is promptly furnished to the Architect.

3.18 INDEMNIFICATION

3.18.1 INDEMNITY

OTHER THAN EMPLOYEE PERSONAL INJURY CLAIMS. TO THE FULLEST EXTENT PERMITTED BY LAW, CONTRACTOR SHALL INDEMNIFY, DEFEND, AND HOLD HARMLESS OWNER, ITS EMPLOYEES, AND ASSIGNS (THE "INDEMNIFIED PARTIES" OR "INDEMNITEES") FROM AND AGAINST CLAIMS, DAMAGES, LOSSES AND EXPENSES, INCLUDING BUT NOT LIMITED TO ATTORNEYS' FEES, ARISING OUT OF OR ALLEGED TO BE RESULTING FROM THE PERFORMANCE OF THIS CONTRACT, TO THE EXTENT CAUSED BY THE NEGLIGENT OR WILLFUL ACTS OR OMISSIONS OF THE CONTRACTOR, SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY THEM OR ANYONE FOR WHOSE ACTS THEY MAY BE LIABLE. CONTRACTOR SHALL NOT BE REQUIRED TO INDEMNIFY, HOLD HARMLESS OR DEFEND THE INDEMNIFIED PARTIES AGAINST A CLAIM CAUSED BY THE NEGLIGENCE OR FAULT, OR THE BREACH OR VIOLATION OF A STATUTE, ORDINANCE, GOVERNMENTAL REGULATION, STANDARD, OR RULE OF THE INDEMNITEE, OR OTHER PARTY OTHER THAN CONTRACTOR OR ITS AGENT, EMPLOYEE, OR SUBCONTRACTOR OF ANY TIER, EXCEPT THAT CONTRACTOR SHALL INDEMNIFY, HOLD HARMLESS AND DEFEND THE INDEMNIFIED PARTIES AGAINST ANY CLAIMS FOR THE BODILY INJURY OR DEATH OF AN EMPLOYEE OF CONTRACTOR, ITS AGENTS, OR IT SUBCONTRACTORS OF ANY TIER.

3.18.2 INDEMNITY – EMPLOYEE PERSONAL INJURY CLAIMS

TO THE FULLEST EXTENT PERMITTED BY LAW, CONTRACTOR SHALL INDEMNIFY, DEFEND, AND HOLD HARMLESS THE INDEMNIFIED PARTIES AND SHALL ASSUME ENTIRE RESPONSIBILITY AND LIABILITY (OTHER THAN AS A RESULT OF AN INDEMNIFIED PARTY'S GROSS NEGLIGENCE) FOR ANY CLAIM OR ACTION BASED ON OR ARISING OUT OF THE PERSONAL INJURY, INCLUDING THE DEATH, OF ANY EMPLOYEE OF THE CONTRACTOR, SUBCONTRACTORS, OR ANY SUB-SUBCONTRACTOR, OR OF ANY OTHER ENTITY FOR WHOSE ACTS THEY MAY BE LIABLE, WHICH OCCURRED OR WAS ALLEGED TO HAVE OCCURRED ON THE PROJECT SITE OR IN CONNECTION WITH THE PERFORMANCE OF THE WORK OF THIS CONTRACT. CONTRACTOR HEREBY INDEMNIFIES THE INDEMNIFIED PARTIES EVEN TO THE EXTENT THAT SUCH PERSONAL INJURY WAS CAUSED OR ALLEGED TO HAVE BEEN CAUSED BY THE COMPARATIVE OR CONCURRENT NEGLIGENCE OF

THE STRICT LIABILITY OF ANY INDEMNIFIED PARTY. THIS INDEMNIFICATION SHALL NOT BE LIMITED TO DAMAGES, COMPENSATION, OR BENEFITS PAYABLE UNDER INSURANCE POLICIES, WORKERS COMPENSATION ACTS, DISABILITY BENEFITS ACTS, OR OTHER EMPLOYEES BENEFIT ACTS.

3.18.3
THE CONTRACTOR'S INDEMNITY OBLIGATIONS UNDER THIS **SECTION 3.18** SHALL ALSO SPECIFICALLY INCLUDE, WITHOUT LIMITATION, ALL FINES, PENALTIES, DAMAGES, LIABILITY, COSTS, EXPENSES (INCLUDING, WITHOUT LIMITATION, REASONABLE ATTORNEYS' FEES) ARISING OUT OF, OR IN CONNECTION WITH, ANY (1) VIOLATION OF OR FAILURE TO COMPLY WITH ANY LAW, STATUTE, ORDINANCE, RULE, REGULATION, CODE OR REQUIREMENT OF A PUBLIC AUTHORITY THAT BEARS UPON THE PERFORMANCE OF THE WORK BY THE CONTRACTOR, A SUBCONTRACTOR, OR ANY PERSON OR ENTITY FOR WHOM EITHER IS RESPONSIBLE, (2) MEANS, METHODS, PROCEDURES, TECHNIQUES, OR SEQUENCES OF EXECUTION OR PERFORMANCE OF THE WORK, AND (3) FAILURE TO SECURE AND PAY FOR PERMITS, FEES, APPROVALS, LICENSES, AND INSPECTIONS AS REQUIRED UNDER THE CONTRACT DOCUMENTS, OR ANY VIOLATION OF ANY PERMIT OR OTHER APPROVAL OF A PUBLIC AUTHORITY APPLICABLE TO THE WORK, BY THE CONTRACTOR, A SUBCONTRACTOR, OR ANY PERSON OR ENTITY FOR WHOM EITHER IS RESPONSIBLE.

ARTICLE 4
ARCHITECT

4.1 GENERAL

4.1.1
The Owner shall retain an architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Contract and is referred to throughout the Contract Documents as if singular in number.

4.1.2
Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor and Architect. Consent shall not be unreasonably withheld.

4.1.3
In the event that Owner has not engaged an architect and an architect is not identified in the Contract, but, rather, engages an engineer for the Project, all references made in these General

Conditions to the "Architect" shall mean and include the engineer identified as the "Engineer" in the Contract and all duties, responsibilities and limitations of authority of the Architect, as set forth in the Contract Documents, shall apply to the Engineer.

4.2 ADMINISTRATION OF THE CONTRACT

4.2.1
The Architect will provide administration of the Contract as described in the Owner-Architect Agreement. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

4.2.2
The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for, the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents, except as provided in **Paragraph 3.3.1**.

4.2.3
On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of and will not be responsible for acts or omissions of the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

4.2.4 COMMUNICATIONS AND CONTRACT ADMINISTRATION
Except as otherwise provided in the Contract Documents or when direct communications have been specially authorized, the Owner and Contractor shall endeavor to relate relevant communications between Owner and Architect to the Architect. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and material suppliers shall be through the Contractor. Communications by and with separate contractors shall be through the Owner.

4.2.5
If included in Architect's scope of work, the agreement between Owner and Architect, or if requested by the Owner, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts based on the Architect's evaluations of the Contractor's Applications for Payment.

4.2.6
To the extent permitted by the agreement between Owner and Architect, the Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect, in consultation with the Owner, will have authority to require inspection or testing of the Work in accordance with **Paragraphs 13.5.2 through 13.5.3**, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect or the Owner to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees, or other persons or entities performing portions of the Work.

4.2.7
To the extent provided in the agreement between Owner and Architect, the Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Owner and Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under **Sections 3.3, 3.5, and 3.12**. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

4.2.8
If requested by Owner, the Architect will prepare Change Orders and Construction Change Directives with the Owner's prior written consent, but the Architect may authorize minor changes in the Work as provided in the agreement between Owner and Architect, or in **Section 7.4**. If requested by Owner, the Architect will investigate and make determinations

and recommendations regarding concealed and unknown conditions as provided in **Paragraph 3.7.4**.

4.2.9
If requested by Owner, the Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to **Section 9.8**; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to **Section 9.10**; and issue a final Certificate for Payment pursuant to **Section 9.10**.

4.2.10
If the Owner and Architect agree, the Architect will provide one or more project representatives to assist in carrying out the Architect's responsibilities at the site. The duties, responsibilities, and limitations of authority of such project representatives shall be as set forth in an exhibit to be incorporated in the Contract Documents.

4.2.11
If requested by Owner, the Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

4.2.12
Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings.

4.2.13
The Architect's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents, and if approved by Owner.

4.2.14
The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5
SUBCONTRACTORS

5.1 DEFINITIONS

5.1.1
A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a separate contractor or subcontractors of a separate contractor.

5.1.2
A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

5.2 AWARD OF SUBCONTRACTS

5.2.1 FOR CONSTRUCTION MANAGER AT-RISK CONTRACTS
The Construction Manager shall publicly advertise for bids or proposals and receive bids or proposals from trade contractors or Subcontractors for the performance of all major elements of the work other than the minor work that may be included in the general conditions. The Construction Manager may seek to perform portions of the work itself if:

.1 the Construction Manager submits its bid or proposal for those portions of the Work in the same manner as all other trade contractors or Subcontractors; and

.2 the Owner determines that the Construction Manager's bid or proposal provides the best value for the Owner.

.3 **Review of Bids or Proposals.** Construction Manager shall review all trade contractor or Subcontractor bids or proposals in a manner that does not disclose the contents of the bid or proposal during the selection process to a person not employed by the Construction Manager, Architect, Engineer, or Owner. All bids or proposals shall be made available to the Owner on request and to the public after the later of the award of the Contract or the **seventh (7th) business day** after the date of final selection of bids or proposals. If the Construction Manager reviews, evaluates, and recommends to the Owner a bid or proposal from a trade contractor or subcontractor but the Owner

requires another bid or proposal to be accepted, the Owner shall compensate the Construction Manager by a change in the Contract Sum, Contract Time, or Cost of the Work for any additional cost and risk that the Construction manager incurs because of the Owner's requirement that another bid or proposal be accepted.

5.2.2

The Contractor shall not contract with a proposed Subcontractor, person, or entity to whom the Owner has made reasonable objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made a reasonable objection.

5.2.3

If the Owner has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time may be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

5.2.4

The Contractor shall not substitute a Subcontractor, person, or entity previously selected if the Owner makes reasonable objection to such substitution.

5.3 SUBCONTRACTUAL RELATIONS

5.3.1

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, which the Contractor, by these Documents, assumes toward the Owner. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the

proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

5.3.2
All subcontracts shall be in writing and, if requested, Contractor shall provide Owner with copies of executed subcontracts.

5.4 CONTINGENT ASSIGNMENT OF SUBCONTRACTS

5.4.1
The Contract is for Owner's benefit, its successors and assigns who, as well as Contractor, may directly enforce all rights and warranties, express or implied herein, but Subcontractors shall have recourse only against Contractor and not against Owner. Owner may rely solely upon Contractor for enforcement of all Subcontracts. To effect such purpose, Contractor assigns to Owner all right to bring any actions against subcontractors and material vendors without waiver by Owner of his right against Contractor because of defaults, delays and effects for which a subcontractor or material vendor may also be liable, said assignment being effective only if:

.1 Contractor is in default under the Contract Documents; or

.2 Owner has terminated the Contract in accordance with the Contract Documents; and

.3 Only for those subcontract agreements which the Owner accepts by notifying the Subcontractor and Contractor in writing; and

.4 The assignment is subject to the prior rights of the surety, if any, obligated under any bond relating to the Contract.

5.4.2
Upon such assignment, if the Work has been suspended for more than **thirty (30) calendar days**, the Subcontractor's compensation may be equitably adjusted for increases in cost resulting from the suspension.

5.4.3
Upon such assignment to the Owner under this **Section 5.4**, the Owner may further assign the subcontract to a successor contractor or other entity. If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.

5.4.4
The Architect and the Owner shall have the right to request from any Subcontractor at any time during the course of construction, a notarized affidavit stating the amount of monies which have been paid to the Subcontractor as of any certain stipulated date.

ARTICLE 6
CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

6.1 OWNER'S RIGHT TO PERFORM CONSTRUCTION AND TO AWARD SEPARATE CONTRACTS

6.1.1
The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the site under Conditions of the Contract identical or substantially similar to these including those portions related to insurance and waiver of subrogation. If the Contractor claims that delay or additional cost is involved because of such action by the Owner, the Contractor shall make such Claim as provided in **Article 15**.

6.1.2
When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Contract.

6.1.3
The Contractor shall participate with other separate contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, separate contractors and the Owner until subsequently revised.

6.2 MUTUAL RESPONSIBILITY

6.2.1
The Contractor shall afford the Owner and separate contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

6.2.2
If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a separate contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Architect and the Owner apparent discrepancies or defects in such other construction that would render it unsuitable for such proper execution and results. Failure of the Contractor so to report shall constitute an acknowledgment that the Owner's or separate contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

6.2.3
The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a separate contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a separate contractor's delays, improperly timed activities, damage to the Work or defective construction.

6.2.4
The Contractor shall promptly remedy damage the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or separate contractors as provided in **Paragraph 10.2.5**.

6.2.5
The Owner and each separate contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in **Section 3.14**.

6.2.6
All separate contractors shall sign a site access agreement with Contractor setting forth duties, responsibilities, safety, and administrative requirements.

6.3 OWNER'S RIGHT TO CLEAN UP
If a dispute arises among the Contractor, separate contractors and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and allocate the cost among those responsible.

ARTICLE 7
CHANGES IN THE WORK

7.1 GENERAL

7.1.1
Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this **Article 7** and elsewhere in the Contract Documents.

7.1.2
A Change Order shall be based upon agreement among the Owner, Contractor and Architect; a Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor; an order for a minor change in the Work may be issued by the Owner or Architect alone.

7.1.3
Changes in the Work shall be performed under applicable provisions of the Contract Documents, and the Contractor shall proceed promptly, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work. Except as permitted in **Section 7.3** and **Paragraph 9.7.2**, a change in the Contract Sum or the Contract Time shall be accomplished only by Change Order. Accordingly, no course of conduct or dealings between the parties, nor express or implied acceptance of alterations or additions to the Work, and no claim that Owner has been unjustly enriched by any alteration of or addition to the Work, whether or not there is, in fact, any unjust enrichment to the Work, shall be the basis of any Claim to an increase in any amounts due under the Contract Documents or a change in any time period provided for in the Contract Documents.

7.2 CHANGE ORDERS

7.2.1
A Change Order is a written instrument signed by the Owner, Contractor and Architect stating their agreement upon all of the following:

.1 The change in the Work;

.2 The amount of the adjustment, if any, in the Contract Sum; and

.3 The extent of the adjustment, if any, in the Contract Time.

7.2.2
Contractor's Change Order shall set forth in clear and precise detail breakdowns of labor and materials for all trades involved and the estimated impact on the dates of Substantial Completion. Contractor shall furnish supporting data as reasonably requested by Owner.

7.2.3
Agreement on any Change Order shall constitute a final settlement of all matters relating to the change in the Work that is the subject of the Change Order, including, but not limited to, all direct and indirect costs associated with such change and any and all adjustments to the Contract Sum and the construction schedule.

7.3 CONSTRUCTION CHANGE DIRECTIVES

7.3.1
A Construction Change Directive is a written order signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

7.3.2
A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

7.3.3
If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;

.2 Unit prices stated in the Contract Documents or subsequently agreed upon;

.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or

.4 As provided in **Paragraph 7.3.7**.

7.3.4
If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed in a proposed Change Order or Construction Change Directive so that application of such unit prices to quantities of Work proposed will cause substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

7.3.5
Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

7.3.6
A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

7.3.7
If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Owner shall determine the method and the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Contract, or if no such amount is set forth in the Contract, a reasonable amount. In such case, and also under **Paragraph 7.3.3.3**, the Contractor shall keep and present, in such form as the Owner or Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this **Paragraph 7.3.7** shall be limited to the following:

.1 Costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and workers' compensation insurance;

.2 Costs of materials, supplies and equipment, including cost of transportation, whether incorporated or consumed;

.3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;

.4 Costs of premiums for all bonds and insurance, permit fees, and sales, use or similar taxes related to the Work; and

.5 Additional costs of supervision and field office personnel directly attributable to the change.

7.3.8
The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Owner or the Architect. When both additions and credits covering related Work or

substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

7.3.9
Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Owner will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Owner determines to be reasonably justified. The Owner's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of Contractor to disagree and assert a Claim in accordance with **Article 15**.

7.3.10
When the Owner and Contractor agree with a determination made concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

7.4 MINOR CHANGES IN THE WORK

If permitted in the agreement between Owner and Architect, the Architect has authority to order minor changes in the Work not involving adjustment in the Contract Sum or extension of the Contract Time and not inconsistent with the intent of the Contract Documents.

ARTICLE 8
TIME

8.1 CONTRACT TIME

TIME IS AN ESSENTIAL ELEMENT OF THE CONTRACT. The Contract Time is the time between the dates indicated in the Notice to Proceed for commencement of the Work and for achieving Substantial Completion. The Contract Time can be modified only by Change Order. Failure to achieve Substantial Completion within the Contract Time, as otherwise agreed to in writing, will cause damage to Owner and may subject Contractor to liquidated damages as provided in the Contract. If Contractor fails to achieve Final Completion within **thirty (30) calendar days** after Substantial Completion or a mutually agreed upon longer period of time between Contractor and Owner, Contractor shall be responsible for Owner's additional inspection, project management, and maintenance cost to the extent caused by Contractor's failure to achieve Final Completion.

8.2 NOTICE TO PROCEED

Owner will issue a Notice to Proceed which shall state the dates for beginning the Work and for achieving Substantial Completion of the Work.

8.3 WORK PROGRESS SCHEDULE

Unless indicated otherwise, Contractor shall submit to Owner and Architect the initial Work Progress Schedule for the Work in relation to the entire Project not later than **twenty-one (21) calendar days** after the effective date of the Notice to Proceed. Unless indicated otherwise, the Work Progress Schedule shall be computerized Critical Path Method (CPM) with fully editable logic. This initial schedule shall indicate the dates for starting and completing the various aspects required to complete the Work, including mobilization, procurement, installation, testing, inspection, delivery of Close-out Documents, and acceptance of all the Work of the Contract. When acceptable to Owner, the initially accepted schedule shall be the Baseline Schedule for comparison to actual conditions throughout the Contract duration.

8.3.1 SCHEDULE REQUIREMENTS

Contractor shall submit electronic and paper copy of the initial Work Progress Schedule reflecting accurate and reliable representations of the planned progress of the Work, the Work to date if any, and of Contractor's actual plans for its completion. Contractor shall organize and provide adequate detail, so the schedule is capable of measuring and forecasting the effect of delaying events on completed and uncompleted activities.

.1 Contractor shall resubmit initial schedule as required to address review comments from Architect and Owner until such schedule is accepted as the Baseline Schedule.

.2 Submittal of a schedule, schedule revision or schedule update constitutes Contractor's representation to Owner of the accurate depiction of all progress to date and that Contractor will follow the schedule as submitted in performing the Work.

8.3.2 SCHEDULE UPDATES

Contractor shall update the Work Progress Schedule and the Submittal Register monthly, as a minimum, to reflect progress to date and current plans for completing the Work, while maintaining original schedule as Baseline Schedule and submit electronic copies of the update to Owner and Architect as directed, but as a minimum with each request for payment. Owner has no duty to make progress payments unless accompanied by the updated Work Progress Schedule. Show the anticipated date of completion reflecting all extensions of time granted through Change Order as of the date of the update. Contractor may revise the Work Progress Schedule when in Contractor's judgment it becomes necessary for the management of the Work. Contractor shall identify all proposed changes to schedule logic to Owner and to Architect via an executive summary accompanying the updated schedule for review prior to final implementation of revisions into a revised Baseline Schedule. Schedule changes that materially impact Owner's operations shall be communicated promptly to Owner and

Architect and shall not be incorporated into the revised Baseline Schedule without Owner's consent.

8.3.3
The Work Progress Schedule is for Contractor's use in managing the Work and submittal of the schedule, and successive updates or revisions, is for the information of Owner and to demonstrate that Contractor has complied with requirements for planning the Work. Owner's acceptance of a schedule, schedule update, or revision constitutes Owner's agreement to coordinate its own activities with Contractor's activities as shown on the schedule.

.1 Acceptance of the Work Progress Schedule, or update and/or revision thereto does not indicate any approval of Contractor's proposed sequences and duration.

.2 Acceptance of a Work Progress Schedule update or revision indicating early or late completion does not constitute Owner's consent, alter the terms of the Contract, or waive either Contractor's responsibility for timely completion or Owner's right to damages for Contractor's failure to do so.

.3 Scheduled dates for completion of any activity or the entire Work do not constitute a change in terms of the Contract. Change Orders are the only method of modifying the Substantial Completion Date(s) and Contract Time.

8.4 COMPLETION OF WORK

Contractor is accountable for completing the Work within the Contract Time stated in the Contract, or as otherwise amended by Change Order.

8.4.1
If, in the judgment of Owner, the work is behind schedule and the rate of placement of Work is inadequate to regain scheduled progress to ensure timely completion of the entire Work or a separable portion thereof, Contractor, when so informed by Owner, shall immediately take action to increase the rate of work placement by:

.1 An increase in working forces.

.2 An increase in equipment or tools.

.3 An increase in hours of work or number of shifts.

.4 Expedite delivery of materials.

.5 Other action proposed, if acceptable to Owner.

8.4.2
Within **ten (10) calendar days** after such notice from Owner, Contractor shall notify Owner in writing of the specific measures taken or planned to increase the rate of progress. Contactor shall include an estimate as to the date of scheduled progress recovery and an updated Work Progress Schedule illustrating Contractor's plan for achieving timely completion of the Project. Should Owner deem the plan of action inadequate, Contractor shall take additional steps or make adjustments, as necessary, to its plan of action until it meets with Owner's approval.

8.5 MODIFICATION OF CONTRACT TIME

8.5.1
Delays and extension of time as hereinafter described are valid only if executed in accordance with provisions set forth in **Article 7**.

8.5.2
When a delay defined herein as excusable prevents Contractor from completing the Work within the Contract Time, Contractor is entitled to an extension of time. Owner will make an equitable adjustment and extend the number of days lost because of excusable delay or Weather Days, as measured by Contractor's progress schedule. All extensions of time will be granted in calendar days. In no event, however, will an extension of time be granted for delays that merely extend the duration of non-critical activities without delaying the project Substantial Completion date(s).

.1 A "Weather Day" is a day on which Contractor's current schedule indicates Work is to be done, and on which inclement weather or related site conditions prevent Contractor from performing **seven (7) continuous hours** of Work on the critical path between the hours of 7:00 a.m. and 6:00 p.m.

A. Weather days are excusable delays and, in the event of precipitation, Contractor may claim **one (1) Weather Day** for each day of the duration of the precipitation plus an additional day for each **tenth (1/10th) of an inch** of accumulation as determined by a third-party website agreed upon by Owner and Contractor.

B. At the end of each calendar month, Contractor shall submit to Owner and Architect a list of Weather Days occurring in that month along with documentation of the impact on critical activities. Based on confirmation by Owner, any time extension granted will be issued by Change Order. If Contractor and Owner cannot agree on the time extension, Owner may issue a Construction Change Directive (CCD) for a fair and reasonable time extension.

.2 **Excusable Delay.** Contractor is entitled to an equitable adjustment of the Contract Time, issued via Change Order, for delays caused by the following:

A. Errors, omissions, and imperfections in design, which Architect corrects by means of changes in the Drawings and Specifications.

B. Unanticipated physical conditions at the Site, which Architect corrects by means of changes to the Drawings and Specifications or for which Owner directs changes in the Work identified in the Contract Documents.

C. Failure of Owner to have secured property, right-of-way, or easements necessary for Work to begin or progress.

D. Changes in the Work that effect activities identified in Contractor's schedule as "critical" to completion of the entire Work, if such changes are ordered by Owner or recommended by Architect and ordered by Owner.

E. Suspension of Work for unexpected natural events, Force Majeure (sometimes called "acts of God"), civil unrest, strikes or other events which are not within the reasonable control of Contractor.

F. Suspension of Work for convenience of Owner, which prevents Contractor from completing the Work within the Contract Time.

G. Administrative delays caused by activities or approval requirements related to an Authority Having Jurisdiction.

8.5.3
Contractor's relief in the event of such delays is the time impact to the critical path as determined by analysis of Contractor's schedule. In the event that Contractor incurs additional direct costs because of the excusable delays other than described in **Subparagraph 8.5.2.2.D** and within the reasonable control of Owner, the Contract Sum and Contract Time are to be equitably adjusted by Owner pursuant to the provisions of **Article 7**.

8.6 NO DAMAGES FOR DELAY

Due to the unique requirements of working within a public facility which may be shared with other user-groups and adjacent to other public facilities, Owner may, at any time, restrict the Work to non-disruptive activities to reduce noise, vibration, air pollution, or any other nuisance, intrusion, or danger affecting adjacent public functions and duties. In each case, Owner will make a good faith effort to provide sufficient advanced notice of restriction to Contractor; and, Contractor shall make a good faith effort to reallocate activities, materials, and forces onsite to avoid delay to the project schedule. Contractor has no claim for monetary damages for delay or hindrances to the Work from any cause, including, without limitation, any act or omission of Owner.

8.7 CONCURRENT DELAY

When the completion of the Work is simultaneously delayed by an excusable delay and a delay arising from a cause not designated as excusable, Contractor may not be entitled to a time extension for the period of concurrent delay.

8.8 OTHER TIME EXTENSION REQUESTS

Time extensions requested in association with changes to the Work directed or requested by Owner shall be included with Contractor's proposed costs for such change. Time extensions requested for inclement weather are covered by **Paragraph 8.5.2.1** above. If Contractor believes that the completion of the Work is delayed by a circumstance other than for changes directed to the Work or weather, they shall give Owner written notice, stating the nature of the delay and the activities potentially affected, within **five (5) calendar days** after the onset of the event or circumstance giving rise to the excusable delay. Contractor shall provide sufficient written evidence to document the delay. In the case of a continuing cause of delay, only one claim is necessary. State claims for extensions of time in numbers of whole or half days.

8.8.1

Within **ten (10) calendar days** after the cessation of the delay, Contractor shall formalize its request for extension of time in writing to include a full analysis of the schedule impact of the delay and substantiation of the excusable nature of the delay. All changes to the Contract Time or made as a result of such claims is by Change Order, as set forth in **Article 7**.

8.8.2

No extension of time releases Contractor or the Surety furnishing a performance or payment bond from any obligations under the Contract or such a bond. Those obligations remain in full force until the discharge of the Contract.

8.8.3 CONTENTS OF TIME EXTENSION REQUESTS

Contractor shall provide with each Time Extension Request a quantitative demonstration of the impact of the delay on project completion time, based on the Work Progress Schedule. Contractor shall include with Time Extension Requests a reasonably detailed narrative setting forth:

.1 The nature of the delay and its cause; the basis of Contractor's claim of entitlement to a time extension.

.2 Documentation of the actual impacts of the claimed delay on the critical path indicated in Contractor's Work Progress Schedule, and any concurrent delays.

.3 Description and documentation of steps taken by Contractor to mitigate the effect of the claimed delay, including, when appropriate, the modification of the Work Progress Schedule.

8.8.4 OWNER'S RESPONSE

Owner will respond to the Time Extension Request by providing to Contractor written notice of the number of days granted, if any, and giving its reason if this number differs from the number of days requested by Contractor.

.1 Owner will not grant time extensions for delays that do not affect the Contract Substantial Completion date.

.2 Owner will respond to each properly submitted Time Extension Request within **fifteen (15) calendar days** following receipt. If Owner cannot reasonably make a determination about Contractor's entitlement to a time extension within that time, Owner will notify Contractor in writing. Unless otherwise agreed by Contractor, Owner has no more than **fifteen (15) additional calendar days** to prepare a final response. If Owner fails to respond within **forty-five (45) calendar days** from the date the Time Extension Request is received, Contractor is entitled to a time extension in the amount requested.

8.9 FAILURE TO COMPLETE WORK WITHIN THE CONTRACT TIME

TIME IS AN ESSENTIAL ELEMENT OF THE CONTRACT. Contractor's failure to substantially complete the Work within the Contract Time or to achieve Substantial Completion as required will cause damage to Owner. These damages shall be liquidated by agreement of Contractor and Owner, in the amount per day as set forth in the Contract.

8.10 LIQUIDATED DAMAGES

Owner may collect liquidated damages due from Contractor directly or indirectly by reducing the Contract Sum in the amount of liquidated damages stated in the Contract.

ARTICLE 9
PAYMENTS AND COMPLETION

9.1 CONTRACT SUM

The Contract Sum is stated in the Contract and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

9.2 SCHEDULE OF VALUES

Where the Contract is based on a stipulated sum or Guaranteed Maximum Price ("GMP"), the Contractor shall submit to the Owner and Architect, before the first Application for Payment, a schedule of values allocating the entire Contract Sum to the various portions of the Work and prepared in such form and supported by such data to substantiate its accuracy

as the Owner may require. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Contractor's Applications for Payment.

9.3 APPLICATIONS FOR PAYMENT

9.3.1

As provided in the Contract and in the Contract Documents, the Contractor shall submit to the Owner and Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under **Section 9.2.**, for completed portions of the Work. Such application shall be notarized, if required, and supported by such data substantiating the Contractor's right to payment as the Owner or Architect may require, such as copies of requisitions from Subcontractors and material suppliers, and shall reflect retainage if provided for in the Contract Documents.

.1 As provided in **Paragraph 7.3.9**, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Owner or the Architect, but not yet included in Change Orders.

.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or material supplier, unless such Work has been performed by others whom the Contractor intends to pay.

.3 If requested by Owner or required elsewhere in the Contract Documents, Each Application for Payment shall be accompanied by the following, all in a form and substance satisfactory to the Owner:

a) With each Application for Payment: a current Sworn Statement from the Contractor setting forth all Subcontractors and all material suppliers with whom the Contractor has subcontracted, the amount of each such subcontract, the amount requested for any Subcontractor or material supplier in the Application for Payment, and the amount to be paid to the Contractor from such progress payment;

b) With each Application for Payment: a duly executed Conditional Waiver and Release on Progress Payment from the Contractor and Subcontractors establishing receipt of payment or satisfaction of the payment requested by the Contractor in the current Application for Payment;

c) Commencing with the second Application for Payment submitted by the Contractor, a duly executed Unconditional Waiver and Release on Progress Payment from Contractor and all Subcontractors, material suppliers and,

where appropriate, lower tier subcontractors that have billed more than **five thousand dollars ($5,000)** on a single application of payment, establishing receipt of payment or satisfaction of payment of all amounts requested on behalf of such entities and disbursed prior to submittal by the Contractor of the current Application for Payment;

d) With the Final Application for Payment: Contractor shall submit a Conditional Waiver and Release on Final Payment as required by **Texas Property Code, §53.284**. Upon receipt of final payment, Contractor shall submit an Unconditional Waiver and Release on Final Payment as required by **Texas Property Code, §53.284**; and

e) Such other information, documentation, and materials as the Owner, or the title insurer may require in order to ensure that Owner's property is free of lien claims. Such other documents may include, without limitation, original copies of lien or bond claim releases suitable for filing with the County Clerk in Williamson County, Texas.

9.3.2

Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage and transportation to the site for such materials and equipment stored off the site.

9.3.3

The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information and belief, be free and clear of liens, bond claims, claims, security interests or encumbrances in favor of the Contractor, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

.1 The Contractor further expressly undertakes to defend Owner, at the Contractor's sole expense, against any actions, lawsuits, or proceedings brought against Owner as a result of liens filed against the Work, the site of any of the Work, the Project site and any improvements thereon, or any portion of the property of any of Owner (referred

to collectively as "liens" in this **Paragraph 9.3.3**), provide the Owner has paid Contractor pursuant to the requirements of the Contract Documents. The Contractor hereby agrees to indemnify and hold Owner harmless against any such liens or claims of lien and agrees to pay any judgment or lien resulting from any such actions, lawsuits, or proceedings.

.2 The Owner shall release any payments withheld due to a lien or bond claims if the Contractor obtains security acceptable to the Owner, however, the Contractor shall not be relieved of any responsibilities or obligations under this **Paragraph 9.3.3**, including, without limitation, the duty to defend and indemnify Owner.

.3 **Retainage.** The Owner shall withhold from each progress payment, as retainage, **five percent (5%)** of the total earned amount. Retainage so withheld shall be managed in conformance with **Texas Government Code, Chapter 2252, Subchapter B**. Any request for reduction or release of retainage shall be accompanied by written consent of the Contractor's Surety. No such request shall be made until the Contractor has earned at least **sixty-five percent (65%)** of the total Contract Sum.

.4 For purposes of **Texas Government Code, §2251.021 (a)(2)**, the date the performance of service is completed is the date when the Owner's representative approves the Application for Payment.

9.4 CERTIFICATES FOR PAYMENT

9.4.1

The Architect will, within **seven (7) business days** after receipt of the Contractor's Application for Payment, either issue to the Owner a Certificate for Payment, with a copy to the Contractor, for such amount as the Architect determines is properly due, or notify the Contractor and Owner in writing of the Architect's reasons for withholding certification in whole or in part as provided in **Paragraph 9.5.1**.

9.4.2

The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data comprising the Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion and to specific qualifications expressed by the Architect. The issuance of a Certificate for Payment will further constitute a representation that the Contractor is entitled to payment in the amount certified. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive

or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

9.5 DECISIONS TO WITHHOLD CERTIFICATION

9.5.1

The Owner or Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Owner or Architect's opinion the representations to the Owner required by **Paragraph 9.4.2** cannot be made. If the Owner or Architect is unable to certify payment in the amount of the Application, the Owner or Architect will notify the Contractor. If the Contractor and Architect, or Contractor and Owner, as the case may be, cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount that can be certified. The Owner or Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Owner or Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in **Paragraph 3.3.2**, because of

.1 defective Work not remedied;

.2 third party claims filed or reasonable evidence indicating probable filing of such claims;

.3 failure of the Contractor to make payments properly to Subcontractors or for labor, materials or equipment;

.4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;

.5 damage to the Owner or a separate contractor;

.6 failure to maintain the scheduled progress, or reasonable evidence that the Work will not be completed within the Contract Time;

.7 failure to comply with the requirements of **Texas Government Code, Chapter 2258** (Prevailing Wage Law);

.8 failure to include sufficient documentation to support the amount of payment requested for the Project;

.9 failure to obtain, maintain, or renew insurance coverage, payment/performance bonds or warranty bond required by the Contract Documents; or

.10 repeated failure to carry out the Work in accordance with the Contract Documents.

9.5.2
When the above reasons for withholding certification are removed, certification will be made for amounts previously withheld.

9.6 PROGRESS PAYMENTS

9.6.1
The Owner shall make payment in the manner and within the time provided in the Contract Documents and in accordance with **Texas Government Code, Chapter 2251.**

9.6.2
The Contractor shall pay each Subcontractor no later than **ten (10) calendar days** after receipt of payment from the Owner the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

9.6.3
The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and material and equipment suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within **seven (7) calendar days**, the Owner shall have the right to contact Subcontractors to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay or to see to the payment of money to a Subcontractor, except as may otherwise be required by law.

9.6.4
Contractor payments to material and equipment suppliers shall be treated in a manner similar to that provided in **Paragraph 9.6.2.**

9.6.5
A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

9.7 FAILURE OF PAYMENT

9.7.1
If the Architect is required to issue Certificates for Payment and, through no fault of the Contractor, the Architect fails to timely issue Certificates for Payment in the time permitted in the Contract Documents, or if the Owner does not pay the Contractor by the date established in the Contract Documents, then the Contractor may, upon **twenty-one (21) business days** written notice to the Owner and Architect, stop the Work until payment of the amount owing has been received.

9.7.2
If the Owner is entitled to reimbursement or payment from the Contractor under or pursuant to the Contract Documents, such payment shall be made promptly upon demand by the Owner. Notwithstanding anything contained in the Contract Documents to the contrary, if the Contractor fails to promptly make any payment due the Owner, or if the Owner incurs any costs and expenses to cure any default of the Contractor or to correct defective work, the Owner shall have an absolute right to offset such amount against the Contract Sum and may, in the Owner's sole discretion, elect either to (1) deduct an amount equal to that which the Owner is entitled from any payment then or thereafter due the Contractor from the Owner, or (2) issue a written notice to the Contractor reducing the Contract Sum by an amount equal to that which the Owner is entitled.

9.8 SUBSTANTIAL COMPLETION

9.8.1
Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use; provided, however, that as a condition precedent to Substantial Completion, the Owner has received all certificates of occupancy and any other permits, approvals, licenses, and other documents from any governmental authority having jurisdiction thereof necessary for the beneficial occupancy of the Project.

9.8.2
When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Owner and Architect a comprehensive list of items to be completed or corrected prior to final

payment (punch list). Failure to include an item on the punch list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

9.8.3
Upon receipt of the Contractor's punch list, the Owner and Architect will examine the Work to determine whether the Work or designated portion thereof is substantially complete. If the Owner and/or Architect's examination discloses any item, whether or not included on the Contractor's punch list, that is not sufficiently complete in accordance with the Contract Documents, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Owner or Architect. In such case, the Contractor shall then submit a request for another examination by the Owner or Architect to determine Substantial Completion.

9.8.4
When the Work or designated portion thereof is substantially complete, the Architect, if required by the Contract Documents, or Owner will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion, shall establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance, and shall fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Unless otherwise provided, Contractor shall complete all items on the punch list within **thirty (30) calendar days** of Substantial Completion. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

9.8.5
The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in such Certificate. Upon such acceptance and consent of surety, if any, the Owner shall make payment of retainage.

9.9 PARTIAL OCCUPANCY OR USE

9.9.1
The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer as required under **Paragraph 11.3.1.5**, the surety, and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for

correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under **Paragraph 9.8.2**. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld.

9.9.2
Immediately prior to partial occupancy or use, the Owner, Contractor and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

9.9.3
Partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

9.10 FINAL COMPLETION AND FINAL PAYMENT

9.10.1
Upon receipt of the Contractor's written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Owner and Architect will make such inspection and, when the Owner and Architect find the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in **Paragraph 9.10.2** as precedent to the Contractor's being entitled to final payment have been fulfilled. All warranties and guarantees required under or pursuant to the Contract Documents shall be assembled and delivered by the Contractor to the Architect as part of the final Application for Payment. The final Certificate for Payment will not be issued by the Architect until all warranties and guarantees have been received and accepted by the Owner.

9.10.2
Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Owner and Architect (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work have been paid or otherwise satisfied, within the period of time required by **Texas Government Code, Chapter 2251**, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be canceled or allowed to expire until at least **thirty (30) business days** prior written notice has been given to the Owner, (3) a written statement that the Contractor knows of no substantial reason that the insurance will

not be renewable to cover the period required by the Contract Documents, (4) consent of surety to final payment, (5) a warranty bond in a form acceptable to Owner, and (6) other data establishing payment or satisfaction of obligations, such as receipts, unconditional full and final releases and waivers of liens, claims, security interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner.

9.10.3
The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

.1 Claims, security interests or encumbrances arising out of the Contract and unsettled;

.2 failure of the Work to comply with the requirements of the Contract Documents; or

.3 terms of warranties required by the Contract Documents.

9.10.4
Acceptance of final payment by the Contractor, a Subcontractor or material supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10
PROTECTION OF PERSONS AND PROPERTY

10.1 SAFETY PRECAUTIONS AND PROGRAMS
The Contractor and its Subcontractors shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

10.2 SAFETY OF PERSONS AND PROPERTY

10.2.1
The Contractor and its Subcontractors shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to

.1 employees on the Work and other persons who may be affected thereby;

.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody or control of the Contractor or the Contractor's Subcontractors or Sub-subcontractors; and

.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement during construction.

10.2.2

The Contractor and its Subcontractors shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury, or loss. Notwithstanding any language to the contrary, the Owner shall not have any responsibility for job site inspections or safety recommendations. Any inspections or observations by the Owner or the Architect are solely for the benefit of the Owner and shall not create any duties or obligations to anyone else.

10.2.3

The Contractor and its Subcontractors shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent sites and utilities.

10.2.4

When use or storage of explosives or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

10.2.5

The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in **Paragraphs 10.2.1.2 and 10.2.1.3** caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under **Paragraphs 10.2.1.2 and 10.2.1.3**, except damage or loss attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under **Section 3.18**.

10.2.6

The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

10.2.7
The Contractor and its Subcontractors shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, written notice of such injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding **twenty-one (21) calendar days** after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

10.2.9
When all or a portion of the Work is suspended for any reason, the Contractor shall securely fasten down all covering and fully protect the Work, as necessary, from injury or damage by any cause.

10.2.10
The Contractor shall promptly report in writing to the Owner and Architect all accidents arising out of or in connection with the Work that cause death, personal injury, or property damage.

10.3 HAZARDOUS MATERIALS

10.3.1
The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and report the condition to the Owner and Architect in writing.

10.3.2
Upon receipt of the Contractor's written notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written notice from the Owner.

10.3.3
The Owner shall not be responsible under this **Section 10.3** for materials or substances the Contractor brings to the site unless such materials or substances are expressly required by the Contract Documents. The Owner shall be responsible for materials or substances expressly required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.

10.3.4
The Contractor shall indemnify the Owner for the cost and expense the Owner incurs (1) for remediation of a material or substance the Contractor brings to the site or negligently handles, or (2) where the Contractor fails to perform its obligations under **Paragraph 10.3.1**, except to the extent that the cost and expense are due to the Owner's fault or negligence.

10.4 EMERGENCIES

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time, if any, claimed by the Contractor on account of an emergency shall be determined as provided in **Article 7** and **Article 15**.

ARTICLE 11
INSURANCE AND BONDS

11.1 CONTRACTOR'S LIABILITY INSURANCE

11.1.1
The Contractor shall purchase from and maintain in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located such insurance as will protect the Contractor from claims set forth below which may arise out of or result from the Contractor's operations and completed operations under the Contract and for which the Contractor may be legally liable, whether such operations be by the Contractor or by a Subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

.1 Claims under workers' compensation, disability benefit and other similar employee benefit acts that are applicable to the Work to be performed;

.2 Claims for damages because of bodily injury, occupational sickness or disease, or death of the Contractor's employees;

.3 Claims for damages because of bodily injury, sickness or disease, or death of any person other than the Contractor's employees;

.4 Claims for damages insured by usual personal injury liability coverage;

.5 Claims for damages, other than to the Work itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom;

.6 Claims for damages because of bodily injury, death of a person or property damage arising out of ownership, maintenance or use of a motor vehicle;

.7 Claims for bodily injury or property damage arising out of completed operations, which coverage shall be maintained for no less than **four (4) years** following final payment; and

.8 Claims involving contractual liability insurance applicable to the Contractor's obligations under **Section 3.18**.

11.1.2
The insurance required by **Paragraph 11.1.1** shall be written for not less than limits of liability specified in the Contract or the Contract Documents. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and, with respect to the Contractor's completed operations coverage, until the expiration of the period for correction of Work or for such other period for maintenance of completed operations coverage as specified in the Contract Documents.

11.1.3
Unless otherwise provided, copies of the insurance policies, in form acceptable to the Owner, shall be provided to Owner within **thirty (30) calendar days** of Owner's request. Except as otherwise provided, all of the policies provided shall name Owner as an additional insured, and such policies shall immediately deliver to Owner copies of all such insurance policies, together with certificates by the insurer evidencing Owner's coverage there under. Each policy of insurance obtained by Contractor pursuant to the Contract Documents shall provide, by endorsement or otherwise (1) that such policy shall not be canceled, endorsed, altered or reissued to effect a change in coverage for any reason or to any extent whatsoever unless the insurer shall have first given Owner and Lender at least **thirty (30) calendar days** prior written notice thereof, and (2) that Owner may, but shall not be obligated to, make premium payments to prevent the cancellation, endorsement, alteration or reissuance of such policy and such payments shall be accepted by the insurer to prevent the same. Such policies shall provide, by endorsement or otherwise, that Contractor shall be solely responsible for the payment of all premiums under the policies, and that Owner shall have no obligation for the payment thereof, notwithstanding that Owner is named as additional insured under the policy. Any insured loss or claim of loss shall be adjusted to the Owner, and any settlement

payments shall be made payable to the Owner as a trustee for the insureds, as their interests may appear. Upon the occurrence of an insured loss or claim of loss, monies received will be held by Owner who shall make distribution in accordance with an agreement to be reached in such event between Owner and Contractor. If the parties are unable to agree between themselves on the settlement of the loss, such dispute shall be resolved in accordance with **Article 15**, below, but the Work of the Project shall nevertheless progress during any such period of dispute without prejudice to the rights of any party to the dispute. The Contractor shall be responsible for any loss within the deductible area of the policy. If Owner is damaged by the failure of Contractor to purchase or maintain such insurance, then Contractor shall bear all costs properly attributable thereto. The Contractor shall affect and maintain similar property insurance on portions of the Work stored off the site or in transit when such portions of the Work are to be included. Such property insurance shall be maintained, unless otherwise provided in the Contract Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of such insurance, until Final Completion of the Project.

11.1.4

The Contractor shall cause the commercial liability coverage required by the Contract Documents to include (1) the Owner as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's completed operations.

11.2 OWNER'S LIABILITY INSURANCE

The Owner shall be responsible for purchasing and maintaining the Owner's usual liability insurance.

11.3 PROPERTY INSURANCE

11.3.1

Unless otherwise provided in the Contract Documents, the Contractor shall purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the initial Contract Sum, plus value of subsequent Contract Modifications and cost of materials supplied or installed by others, comprising total value for the entire Project at the site on a replacement cost basis without optional deductibles. Such property insurance shall be maintained, unless otherwise provided in the Contract Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of such insurance, until final payment has been made as provided in **Section 9.10** or until no person or entity other than the Owner has an insurable interest in the property required by this **Section 11.3** to be covered, whichever is later. This insurance shall include interests of the Owner, the Contractor, Subcontractors and Sub-subcontractors in the Project.

.1 Property insurance shall be on an "all-risk" or equivalent policy form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, earthquake, flood, windstorm, falsework, testing and startup, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for Architect's and Contractor's services and expenses required as a result of such insured loss as well as coverage for building materials while in transit or building materials suitably stored at a temporary location. Property insurance provided by the Contractor shall not cover any tools, apparatus, machinery, scaffolding, hoists, forms, staging, shoring, and other similar items commonly referred to as construction equipment that may be on the site and the capital value of which is not included in the Work. The Contractor shall make its own arrangements for any insurance it may require on such construction equipment. Any such policy obtained by the Contractor under this **Paragraph 11.3.1** shall include a waiver of subrogation in accordance with the requirements of **Paragraph 11.3.4**.

.2 If the Contractor does not intend to purchase such property insurance required by the Contract and with all of the coverages in the amount described above, the Contractor shall so inform the Owner in writing prior to commencement of the Work. If the Owner is damaged by the failure or neglect of the Contractor to purchase or maintain insurance as described above, without so notifying the Owner in writing, then the Contractor shall bear all reasonable costs properly attributable thereto.

.3 Contractor shall be responsible for any deductibles to the extent that the loss arose out of or was cause by Contractor's negligence or breach of the Contract.

.4 This property insurance shall cover portions of the Work stored off the site, and also portions of the Work in transit.

.5 Partial occupancy or use in accordance with **Section 9.9** shall not commence until the insurance company or companies providing property insurance have consented to such partial occupancy or use by endorsement or otherwise. The Owner and the Contractor shall take reasonable steps to obtain consent of the insurance company or companies and shall, without mutual written consent, take no action with respect to partial occupancy or use that would cause cancellation, lapse or reduction of insurance.

11.3.2 WAIVERS OF SUBROGATION

The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents and employees, each of the other, and (2) the Architect, Architect's consultants, separate contractors described in **Article 6**, if any, and any of their subcontractors, sub-subcontractors, agents and employees, for damages caused by

fire or other causes of loss to the extent of actual recovery of any insurance proceeds under any property insurance obtained pursuant to this **Section 11.3** or other property insurance applicable to the Work, except such rights as they have to proceeds of such insurance. However, this waiver shall not apply to property insurance purchased by Owner after completion of the Work or Final Payment, whichever comes first. The Owner or Contractor, as appropriate, shall require of the Architect, Architect's consultants, separate contractors described in **Article 6**, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

11.3.3
A loss insured under the property insurance shall be adjusted in good faith and made payable to the Owner in good faith for the insureds, as their interests may appear. The Contractor shall pay Subcontractors their just shares of insurance proceeds received by the Contractor, and by appropriate agreements, written where legally required for validity, shall require Subcontractors to make payments to their Sub-subcontractors in similar manner.

11.4 BONDS

11.4.1
The Contractor is required to tender to Owner, prior to commencing the Work, performance and payment bonds, as required by law. In the event Contractor fails to provide such bonds within the time provided by the Contract, Owner may immediately, upon notice of such failure, or within a reasonable time thereafter, at its sole option and discretion: (1) void this Contract in its entirety; or (2) procure such bonds on behalf of the Contractor, deducting such amounts from the Contract Sum. In the event Owner voids the Contract under this **Section 11.4**, Contractor may forfeit its bid bond.

11.4.2
A Performance Bond is required if the Contract Sum is in excess of **fifty thousand dollars ($50,000)**. The performance bond is solely for the protection of the Owner, in the full amount of the Contract Sum and conditioned on the faithful performance of the Work in accordance with the Contract Documents. The form of the bond shall be approved by the Owner.

11.4.3
A Payment Bond is required if the Contract Sum is in excess of **twenty-five thousand dollars ($25,000)**. A payment bond is payable to the Owner, in the full amount of the Contract Sum

and solely for the protection and use of payment bond beneficiaries who have a direct contractual relationship with the Contractor or a supplier of required materials or labor. The form of bond shall be approved by the Owner.

11.4.4 Warranty Bond.
Prior to final final payment, Contractor shall provide Owner with a Warranty Bond in the sum of ten percent (10%) of the Contract Sum or ten percent (10%) of the GMP for Construction Manager At-Risk Contracts for twelve (12) months from Substantial Completion of the Work. The form of bond shall be approved by the Owner.

11.4.5
Corporate sureties authorized to issue bonds shall be qualified and comply with relevant provisions of the Texas Insurance Code.

11.4.6
Each bond shall be executed by a corporate surety or sureties authorized to do business in the State of Texas and acceptable to the Owner. If any bond is for more than **ten percent (10%)** of the surety's capital and surplus, the Owner may require certification that the company has reinsured the excess portion with one or more reinsurers authorized, accredited, or trusteed to do business in the State. A reinsurer may not reinsure for more than **ten percent (10%)** of its capital and surplus. If a surety upon a bond loses its authority to do business in the State, the Contractor shall within **thirty (30) calendar days** after such loss furnish a replacement bond at no added cost to the Owner.

11.4.7
Each bond shall be accompanied by a valid Power-of-Attorney (issued by the surety company and attached, signed and sealed with the corporate embosses seal, to the bond) authorizing the attorney in fact who signs the bond to commit the company to the terms of the bond, and stating any limit in the amount for which the attorney can issue a single bond.

11.4.8
The process of requiring and accepting bonds and making claims thereunder shall be conducted in compliance with **Texas Government Code, Chapter 2253**. If for any reason a statutory payment or performance bond is not honored by the surety, the Contractor shall fully indemnify and hold the Owner harmless of and from any costs, losses, obligations or liabilities it incurs as a result.

11.4.9
Owner shall furnish certified copies of a payment bond and the related Contract between Owner and Contractor to any qualified person seeking copies who complies with **Texas Government Code, §2253.026**.

11.4.10 Claims on Payment Bonds.
Claims on payment bonds must be sent directly to the Contractor and its surety in accordance with Texas Government Code, §2253.041. All Payment Bond claimants are cautioned that no lien exists on the funds unpaid to the Contractor on such contract, and that reliance on notices sent to the Owner may result in loss of their rights against the Contractor and/or its surety. The Owner is not responsible in any manner to a claimant for collection of unpaid bills, and accepts no such responsibility because of any representation by any agent or employee.

11.4.11 Payment Claims when Payment Bond not Required.
When the value of the Contract between Owner and the Contractor is less than twenty-five thousand dollars ($25,000), claimants and their rights are governed by Texas Property Code, §53.231-239. These provisions set out the requirements for filing a valid lien on funds unpaid to the Contractor as of the time of filing the claim, actions necessary to release the lien and satisfaction of such claims.

11.4.12
Sureties shall be listed on the **Department of the Treasury's Listing of Approved Sureties** stating companies holding Certificates of Authority as acceptable sureties on Federal Bonds and acceptable reinsuring companies (Department Circular 570).

11.5 GENERAL REQUIREMENTS

11.5.1
Unless otherwise provided in the Contract Documents, all insurance coverage procured by the Contractor shall be provided by insurance companies having policy holder ratings no lower than "A" and financial ratings not lower than "VIII" in the Best's Insurance Guide, the latest edition in effect as of the date of the Contract, and subsequently in effect at the time of renewal of any policies required by the Contract Documents.

11.5.2
If the Owner is damaged by failure of the Contractor to purchase or maintain insurance required under this **Article 11**, then the Contractor shall bear all reasonable costs (including attorneys' fees and court and settlement expenses) properly attributable thereto.

ARTICLE 12
UNCOVERING AND CORRECTION OF WORK

12.1 UNCOVERING OF WORK

12.1.1
If a portion of the Work is covered contrary to the Owner or Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Owner or Architect, be uncovered for examination and be replaced at the Contractor's expense without change in the Contract Time. If prior to the date of Substantial Completion the Contractor, a Subcontractor, or anyone for whom either is responsible uses or damages any portion of the Work (other than start-up), including, without limitation, mechanical, electrical, plumbing, and other building systems, machinery, equipment, or other mechanical device, the Contractor shall cause such item to be restored to "like new" condition at no expense to the Owner.

12.1.2
If a portion of the Work has been covered that the Owner or Architect has not specifically requested to examine prior to its being covered, the Owner or Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, costs of uncovering and replacement shall, by appropriate Change Order, be at the Owner's expense. If such Work is not in accordance with the Contract Documents, such costs and the cost of correction shall be at the Contractor's expense unless the condition was caused by the Owner or a separate contractor in which event the Owner shall be responsible for payment of such costs.

12.2 CORRECTION OF WORK

12.2.1
The Contractor shall promptly correct Work rejected by the Owner or Architect or failing to conform to the requirements of the Contract Documents, whether discovered before or after Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

12.2.2 AFTER SUBSTANTIAL COMPLETION

.1 In addition to the Contractor's obligations under **Section 3.5**, if, within **one (1) year** after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under **Paragraph 9.9.1**, or by terms of an applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the Owner to do so. The Owner shall give such notice promptly after discovery of the condition. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may, without prejudice to any other remedies, correct it in accordance with **Section 2.4** or file a claim with the surety of any applicable warranty bond.

.2 The **one (1)-year** period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

12.2.3
The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

12.2.4
The Contractor shall bear the cost of correcting destroyed or damaged construction, whether completed or partially completed, of the Owner or separate contractors caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

12.2.5
Nothing contained in this **Section 12.2** shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the **one (1)-year** period for correction of Work as described in **Paragraph 12.2.2** relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

12.3 ACCEPTANCE OF NONCONFORMING WORK

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13
MISCELLANEOUS PROVISIONS

13.1 GOVERNING LAW

The Contract shall be governed by the law of Williamson County, Texas.

13.2 SUCCESSORS AND ASSIGNS

The Owner and Contractor respectively bind themselves, their partners, successors, assigns and legal representatives to covenants, agreements and obligations contained in the Contract Documents. Except as provided in the Contract Documents or by law, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

13.3 WRITTEN NOTICE

Written notice shall be deemed to have been duly served if delivered in person to the individual, to a member of the firm or entity, or to an officer of the corporation for which it was intended; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the last business address known to the party giving notice.

13.4 RIGHTS AND REMEDIES

13.4.1

Except as expressly provided in the Contract Documents, duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.

13.4.2

No action or failure to act by the Owner, Architect or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach there under, except as may be specifically agreed in writing.

13.5 TESTS AND INSPECTIONS

13.5.1
Tests, inspections and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority. The Contractor shall give the Owner and Architect timely notice of when and where tests and inspections are to be made so that the Owner and Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals where building codes or applicable laws or regulations prohibit the Owner from delegating their cost to the Contractor.

13.5.2
If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under **Paragraph 13.5.1**, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection or approval by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Owner and Architect of when and where tests and inspections are to be made so that the Owner and Architect may be present for such procedures.

13.5.3
If such procedures for testing, inspection or approval under **Paragraphs 13.5.1 and 13.5.2** reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure including those of repeated procedures and compensation for the Architect's services and expenses shall be at the Contractor's expense. The Contractor also agrees the cost of testing services related to remedial operations performed to correct deficiencies in the Work, shall be borne by the Contractor.

13.5.4
Required certificates of testing, inspection or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Owner and Architect.

13.5.5
If the Architect is to observe tests, inspections or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

13.5.6
Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

13.6 INTEREST

The rate of interest that accrues on an overdue payment is the rate in effect on September 1 of the fiscal year in which the payment becomes overdue. The rate in effect on September 1 is equal to the sum of:

13.6.1
one percent (1%); and

13.6.2
the prime rate as published in the Wall Street Journal on the **first (1st) day of July** of the preceding fiscal year that does not fall on a Saturday or Sunday pursuant to **Texas Government Code, §2251.025**.

13.7 TIME LIMITS ON CLAIMS

The Owner and Contractor shall commence all claims and causes of action, whether in contract, tort, breach of warranty or otherwise, against the other arising out of or related to the Contract in accordance with the time limits provided by law. Nothing herein shall be construed as shortening the period of time Owner has for commencing claims to less than what is required by law.

13.8 APPLICATION TO SUBCONTRACTS

Any specific requirement in the Contract that the responsibilities or obligations of Contractor also apply to a Subcontractor is added for emphasis and are also hereby deemed to include a Subcontractor of any tier. The omission of a reference to a Subcontractor in connection with any of Contractor's responsibilities or obligations shall not be construed to diminish, abrogate or limit any responsibilities or obligations of a Subcontractor of any tier under the Contract Documents or the applicable subcontract.

13.9 GENERAL PROVISIONS

13.9.1
All personal pronouns used in the Contract, whether used in the masculine, feminine, or neuter gender, shall include all other genders; and the singular shall included the plural and vice versa. Titles of articles, sections, and paragraphs are for convenience only and neither limit nor amplify the provisions of the Contract. The use herein of the word "including," when following any general statement, term, or matter, shall not be construed to limit such statement, term, or matter to the specific items or matters set forth immediately following such word or to similar items or matters, whether or not non-limiting language (such words

as "without limitation," or "but not limited to," or words of similar import) is used with reference thereto, but rather shall be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such general statement, term, or matter.

13.9.2

Wherever possible, each provision of this Contract shall be interpreted in a manner as to be effective and valid under applicable law. If, however, any provision of this Contract, or portion thereof, is prohibited by law or found invalid under any law, only such provision or portion thereof shall be ineffective, without in any manner invalidating or affecting the remaining provisions of this Contract or valid portions of such provision, which are hereby deemed servable.

13.10 NO ORAL WAIVER

The Provisions of the Contract Documents shall not be changed, amended, waived, or otherwise modified in any respect except by a writing signed by Owner. No person is authorized on behalf of Owner to orally change, amend, waive, or otherwise modify the terms of the Contract Documents or any of the Contractor's duties or obligations under or arising out of the Contract Documents. Any change, waiver, approval, or consent granted to the Contractor shall be limited to the specific matters stated in the writing signed by Owner, and shall not relieve Contractor of any other of the duties and obligations under the Contract Documents. No "constructive" changes shall be allowed.

13.11 TEXAS PUBLIC INFORMATION ACT

To the extent, if any, that any provision in the Contract Documents is in conflict with Tex. Gov't Code 552.001 et seq., as amended (the "Public Information Act"), the same shall be of no force or effect. Furthermore, it is expressly understood and agreed that Owner, its officers and employees may request advice, decisions and opinions of the Attorney General of the State of Texas in regard to the application of the Public Information Act to any information or data furnished to Owner whether or not the same are available to the public. It is further understood that Owner, its officers and employees shall have the right to rely on the advice, decisions and opinions of the Attorney General, and that Owner, its officers and employees shall have no liability or obligation to Contractor for the disclosure to the public, or to any person or persons, of any software or a part thereof, or other items or data furnished to Owner by Contractor in reliance of any advice, decision or opinion of the Attorney General of the State of Texas.

13.12 EQUAL OPPORTUNITY IN EMPLOYMENT

The Contractor agrees that during the performance of the Contract it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Parties will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the

following: employment, upgrading, demotion, or transfer; termination; rates of pay or other forms of compensation, and selection for training, including apprenticeship.

ARTICLE 14
TERMINATION OR SUSPENSION OF THE CONTRACT

14.1 TERMINATION BY THE CONTRACTOR

14.1.1
The Contractor may terminate the Contract if the Work is stopped for a period of **ninety (90) consecutive days** through no act or fault of the Contractor or a Subcontractor, Sub-subcontractor or their agents or employees or any other persons or entities performing portions of the Work under direct or indirect contract with the Contractor, for any of the following reasons:

.1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;

.2 An act of government, such as a declaration of national emergency that requires all Work to be stopped; or

.3 Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in **Paragraph 9.4.1**, or because the Owner has not made payment on an undisputed Certificate for Payment within the time stated in the Contract Documents.

14.1.2
The Contractor may terminate the Contract if, through no act or fault of the Contractor or a Subcontractor, Sub-subcontractor or their agents or employees or any other persons or entities performing portions of the Work under direct or indirect contract with the Contractor, repeated suspensions, delays or interruptions of the entire Work by the Owner as described in **Section 14.3** constitute in the aggregate more than **one hundred percent (100%)** of the total number of days scheduled for completion, or **one hundred twenty (120) days** in any **three hundred sixty-five (365)-day** period, whichever is less.

14.1.3
If one of the reasons described in **Paragraph 14.1.1 or 14.1.2** exists, the Contractor may, upon **thirty (30) business days** written notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed, including reasonable overhead and profit, costs incurred by reason of such termination, and damages.

14.2 TERMINATION BY THE OWNER FOR CAUSE

14.2.1
The Owner may terminate the Contract if the Contractor

.1 fails to commence the Work in accordance with the provisions of the Contract,

.2 fails to prosecute the Work to completion thereof in a diligent, efficient, timely, workmanlike, skillful and careful manner and in strict accordance with the provisions of the Contract,

.3 fails to use an adequate amount or quality of personnel or equipment to complete the Work without undue delay,

.4 fails to perform any of its obligations under the Contract,

.5 fails to make prompt payments when due to its Subcontractors and Suppliers, or as required by **Texas Government Code, Chapter 2251**,

.6 files any petition or other pleading seeking any relief under any provisions of the Federal Bankruptcy Act, as amended, or any other federal or state statute or law providing for reorganization of debts or other relief from creditors, permits a receiver or other person to be appointed on account of its insolvency or financial condition, or becomes insolvent,

.7 creates any situation or state of facts which would authorize or permit an involuntary petition in bankruptcy to be filed against Contractor, or

.8 has not met or in Owner's opinion will not meet the dates of Substantial Completion set forth in the Contract Documents.

14.2.2
When any of the above reasons exist, the Owner, in its sole and absolute discretion, may without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, **thirty (30) calendar days** written notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

.1 Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;

.2 Accept assignment of subcontracts pursuant to **Section 5.4**; and

.3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

14.2.3
When the Owner terminates the Contract for one of the reasons stated in **Paragraph 14.2.1**, the Contractor shall not be entitled to receive further payment until the Work is finished. In the event that a final decision under **Article 15**, below, is rendered that sufficient cause did not exist for termination under this **Section 14.2**, then the termination shall be considered a termination for convenience, under **Section 14.4**, below.

14.2.4
If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages and costs incurred by the Owner in finishing the Work and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner.

14.3 SUSPENSION BY THE OWNER FOR CONVENIENCE

14.3.1
The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work in whole or in part for such period of time as the Owner may determine.

14.3.2
The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay or interruption as described in **Paragraph 14.3.1**. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

.1 that performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Contractor is responsible; or

.2 that an equitable adjustment is made or denied under another provision of the Contract.

14.4 TERMINATION BY THE OWNER FOR CONVENIENCE

14.4.1
The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

14.4.2
Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Contractor shall

.1 cease operations as directed by the Owner in the notice;

.2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and

.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

14.4.3
Upon such termination, the Contractor shall recover the amounts provided in **Paragraph 12.1.3** of the Contract.

ARTICLE 15
CLAIMS AND DISPUTES

15.1 CLAIMS

15.1.1 DEFINITION
A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim.

15.1.2 NOTICE OF CLAIMS
Claims for events arising during the performance of the Work by Contractor must be initiated by written notice to the other party with a copy sent to the Owner; provided, however, that the claimant shall use its best efforts to furnish the other party, as expeditiously as possible, with notice of any Claim including, without limitation, those in connection with concealed or unknown conditions, once such claim is recognized, and shall take steps to mitigate the alleged or potential damages, delay, or other adverse consequences arising out of the condition that is the cause of such a Claim. Claims by Contractor must be initiated within **ten (10) business days** after occurrence of the event giving rise to such Claim or within **ten (10) business days** after the claimant first recognizes the condition giving rise to the Claim, whichever is later. Claims may also be reserved in writing within the time limits set forth in this **Paragraph 15.1.2**. Any notice of Claim or reservation of Claim must clearly identify the

alleged cause and the nature of the Claim and include data and information available to the claimant that will facilitate prompt verification and evaluation of the Claim.

15.1.3 CONTINUING CONTRACT PERFORMANCE

Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in **Section 9.7** and **Article 14**, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents. The Architect will prepare Change Orders and issue Certificates for Payment in accordance with the Contract Documents.

15.1.4 CLAIMS FOR ADDITIONAL COST

If the Contractor wishes to make a Claim for an increase in the Contract Sum, written notice as provided herein shall be given before proceeding to execute the Work. Prior notice is not required for Claims relating to an emergency endangering life or property arising under **Section 10.4**.

15.1.5 CLAIMS FOR ADDITIONAL TIME

.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, written notice as provided herein shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated and had an adverse effect on the scheduled construction.

15.2 MEDIATION

15.2.1

Claims, disputes, or other matters in controversy arising out of or related to the Contract except those waived shall be subject to mediation as a condition precedent to seeking redress in a court of competent jurisdiction.

15.2.2

The parties shall endeavor to resolve their Claims by mediation, which shall consist of a single mediator who is knowledgeable about the subject matter of the Contract. A request for mediation shall be made in writing, delivered to the other party to the Contract.

15.2.3

The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in Williamson County, Texas. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

15.2.4

All disputes not resolved through mediation shall be decided in litigation in Williamson County, Texas.

15.2.5 NO WAIVER OF IMMUNITY

Nothing in the Contract Documents shall be deemed to waive, modify or amend any legal defense available at law or in equity to Owner, its past or present officers, employees, or agents, nor to create any legal rights or claim on behalf of any third party. Owner does not waive, modify, or alter to any extent whatsoever the availability of the defense of governmental immunity under the laws of the State of Texas and of the United States.

4B: Third Party Accommodation. Third party requested work. This Change Order modifies the contract to require that Chandler Creek, LP, a Delaware limited partnership (collectively referred to as "Seller") be an additional insured to Capital Excavation's (Contractor) commercial general liability (CGL) insurance policy and to their commercial auto liability (Auto Liability) insurance policy. Adding the Seller to the Contractor's insurance was in the terms and conditions of the Real Estate Contract between the Chandler Creek, LP and Williamson County. The Real Estate Contract was finalized after the plans were completed.

Change Order Number	Approved	Cost This CO	Total COs
02	5/5/2020	$24,898.11	$ 24,898.11

3F: County Convenience. Additional work desired by the County. This Change Order compensates the Contractor for modifications to Driveway #1 that include raising the elevation of the driveway to match the current driveway, improving the driveway by adding 6" of flex base to the pavement section, and using higher strength concrete. The driveway elevation was maintained to minimize the impact of flooding on the driveway access. The improvements were necessary due to the high volume of heavy truck and trailer traffic that uses the driveway.

Change Order Number	Approved	Cost This CO	Total COs
03	10/6/2020	$67,872.45	$ 92,770.56

3F: County Convenience. Additional work desired by the County. This Change Order compensates the Contractor for adding electronic portable changeable message boards to provide advance notification of the closure of North Mays, from Jeffery Way to Paloma Drive. The Change Order also adds compensation for the removal of the City of Round Rock Public Safety Training Center sign. Electrical ground boxes and installation of illumination on the Chandler Branch bridge will be added at the request of Oncor.

Change Order Number	Approved	Cost This CO	Total COs
04	10/6/2020	$21,002.40	$ 113,772.96

1A: Design Error or Omission. Incorrect PS&E. This Change Order adds a 24” encasement to the relocation of the new City of Round Rock 12” Water Line A that crosses the roadway at the north end of the project. The installation of the water line was included in the plans, but the encasement was not. The encasement is required to protect the water line under the roadway.

Change Order Number	Approved	Cost This CO	Total COs
05	2/23/2021	$194,528.81	$ 308,301.77

2G: Unadjusted utility (unforeseeable). This Change Order adds various changes to the project, including the additional cost of hauling embankment material due to delays in the relocation of existing utilities. 3F: Additional work desired by the County. Pay items were added for electronic changeable message boards that have been used during road closures at the south end of the project, a driveway on North Mays Street north of the City of Round Rock Public Safety Training Center, and traffic control devices that were added at the northbound lane drop transition at the north end of the project. 2E: Differing Site Conditions (unforeseeable). This Change Order also includes adjustment of existing water valve risers, a manhole in the North Mays Street and Paloma Drive intersection, and a wall along the sidewalk in front of the City of Round Rock Public Safety Training Center.

Change Order Number	Approved	Cost This CO	Total COs
6	3/23/2021	$364,733.96	$ 673,035.73

6C: Untimely ROW/Utilities. Utilities not clear. This Change Order adds a pay item to compensate the Contractor for extended project overhead costs caused by delays to the utility relocation.

1A: Design Error or Omission. Incorrect PS&E. This Change Order adds two new items for wood fence gates that were not included in the original plans. Wood fence is shown to be removed and replaced but no items were established to replace wood fence gates encountered within the fence removal areas. 2E: Differing Site Conditions (unforeseeable). Miscellaneous difference in site condtions (unforeseeable). This Change Order also adds an item to compensate the Contractor for the cost to relocate a copper water service line on the private side of the water line service at 13013 Stillforest Street. The existing copper water service line is required to be moved because it is in conflict with proposed storm sewer installation. The County is paying the cost of this Change Order.

2E: Differing Site Conditions (unforeseeable). Miscellaneous difference in site conditions (unforeseeable). This Change Order adds a new item to compensate the Contractor for extra work to install conduit crossings via open-cut method and to repair storm sewer pipes that were damaged while attempting directional drilling. This Change Order also subtracts bid quantities for conduit items that will not be used at Liberty Walk intersection after switching to open-cut method.

2E: Differing Site Conditions (unforeseeable). Miscellaneous difference in site conditions (unforeseeable). This Change Order changes the method of construction from directional boring to open trenching for the installation of conduits under the existing roadway for the signals at the intersection of O'Connor Drive and Great Oaks Drive. This change in the method of construction was necessary due to the location of existing utilities within the right of way and in the roadway. To accommodate the open cut trench method, the designer changed the conduit from 2 - 3" and 1 - 2" conduits to 4 - 2" conduits. The conduit run equals approximately 300 feet and this change order adds an additional 2" run to the project, totalling 1200 linear feet. This Change Order also adds a new Force Account item to pay for off-duty police officers and vehicles for traffic control during open trenching operations at the Great Oaks and Morgan Hill intersections.

1A. Design Error or Omission. Incorrect PS&E. This Change Order changes the timber poles on south side of the intersection of Great Oaks Drive and Sam Bass Road to steel poles because there is not enough right of way to install guy wire support for timber poles.
3F. County Convenience. Additional work desired by the County. This Change Order adds pedestrian signals to the existing cross walk and changes the locations of signal controller and electric service at the intersection of Great Oaks Drive and Sam Bass Road. This Change Order also adds a new item to trim the existing trees at the intersection of Walsh Ranch Boulevard and Sam Bass Road that are blocking signal heads and traffic detectors.

Hairy Man Road / Brushy Creek Road Safety Improvements

(Brushy Bend to Sam Bass Road)

Project Length: 2.4 Miles
Roadway Classification: Major Collector

Project Schedule: February 2021 - December 2021
Estimated Construction Cost: $3.9 Million

September 2021 IN REVIEW

09/03/2021: Contractor began cutting the ditches on the westbound side of the road from Sam Bass Road to the Brushy Creek Bridge on Hairy Man Road, and continued installing the guardrail and end pieces at Culvert 12 on Hairy Man Road.

09/10/2021: Subcontractor Monarch began installing the guardrail and end pieces at Culvert 7 and adjusted to already installed guardrail elements on Hairy Man Road. DeNucci poured the concrete rip rap aprons at the drop inlets across from Olson Meadows Park on Brushy Creek Road.

09/17/2021: DeNucci formed and poured concrete rip rap mow strip around the metal beam guard fence at the Brushy Creek Bridge. Subcontractor DIJ completed the final striping and raised pavement markers on Brushy Creek Road.

09/24/2021: Subcontractor Fuquay sprayed hydromulch seeding from the Brushy Creek Bridge to Sam Bass Road on both sides of Hairy Man Road. Subcontractor DIJ completed the final striping in the Olson Meadows Park parking lot at Brushy Creek Road.

1A: Design Error or Omission. Incorrect PS&E. This Change Order adds a pay item to adjust existing manholes located within the ROW to match finish grade. The manholes are on the existing LCRA line that runs through the project. The manholes were shown in the plans but a bid item to cover the cost of the adjustments to these manholes were not included in the original plans.

2G: Differing Site Conditions (Unforseeable). Unadjusted utility (unforeseeable). This Change Order compensates the Contractor for additional work to lower an existing wastewater line that is in conflict with the proposed driveway culvert located on CR 266 approximately 500 feet south of the SH 29 intersection on the east side of the roadway. The location of the line was not identified in the plans and the Contractor damaged the line while excavating for the driveway culvert. This work is located in the Seward Junction Southeast portion of the project.

2J: Differing Site Conditions (unforeseeable). Other. This Change Order adds Work Zone Pavement Mark Removeable pay items to the contract. The plans included Work Zone Pavement Mark Non-Removeable items that worked with the asphalt pavement section. Since the roadway is concrete paving, Work Zone Pavement Mark Removeable items needed to be added for the different phases and traffic switches called for in the plans. This applies to the Seward Junction Southeast portion of the project.

05	8/4/2020	$272,222.65	$ 415,495.47

2G: Differing Site Conditions (Unforseeable). Unadjusted utility (unforeseeable). This Change Order compensates the Contractor for additional work to install a new 6" and a new 8" wastewater line, a new 6" water line, and remove an existing wastewater vault that has been abandoned. The installation of the new underground utilities are necessary because the existing lines are in conflict with the proposed construction at the intersection of SH 29 and Seward Junction Southwest. The utilities belong to the City of Liberty Hill.

2C: Differing Site Conditions (unforseable) New development (conditions changing after PS&E completed). This Change Order adds the latest Guardrail End Treatment (MSKT) standard to the contract. 2E: Differeing Site Conditions. Miscellaneous difference in site conditions (unforeseeable)(Item 9). This Change Order adds work to extend a storm sewer pipe, revises the slope on some SET's from 4:1 to 3:1 (RFI 28), due to a change in the PGL of the roadway. A pipe underdrain system was added to the contract to address groundwater encountered during construction of the roadway (RFI #29). Construction Exit items that were not used on the project were deleted from the contract. This Change Order is for work in the Southeast portion of the project.

4B: Third Party Accommodation. Third party requested work. This Change Order adds relocation of the existing Brushy Creek Municipal Utility District (BCMUD) water line along CR 176 and revises the City of Georgetown water line relocations on the project.

Change Order Number	Approved	Cost This CO	Total COs
02	6/16/2020	$63,776.63	$ 272,646.30

3F: County Convenience. Additional work desired by the County. This Change Order adds various items of work to the contract, including: removal of an existing driveway, a mail box turnout, a pedestrian curb ramp, wire mesh fencing and gates, realigns a ditch to improve drainage, widens driveway radii, water pumping, storm sewer pipe and safety end treatments at a driveway and milling of asphalt on RM 2243. 2E: County Convenience. Differing site conditions. Miscellaneous difference in site condition (unforeseeable). This change order compensates the contractor for work necessary to find the existing cave and removes a driveway along RM 2243 that was constructed before the job started and not addressed in the plans.

Change Order Number	Approved	Cost This CO	Total COs
03	8/4/2020	($204,858.75)	$ 67,787.55

2E: Differing Site Conditions. Miscellaneous difference in site conditions (unforseeable). This Change Order deletes the quantity for Item 162 Mulch Topdressing and Items 260 related to the Lime Treated Subgrade. The Contractor was able to salvage high quality topsoil from the project limits and reuse that material on the final project. The topsoil used did not require the addition of mulch to establish vegetation or prevent erosion. The Lime Treated Subgrade items were deleted due to the high quality of existing material encountered at subgrade elevation. Lab testing determined that the existing material contained a low enough PI that lime treatment of the subgrde was not necessary.

04	8/4/2020	$452,885.58	$ 520,673.13

3F: County Convenience. Additional work desired by the County. This Change Order adds a Shared Use Path to (SUP) the project at the request of the County. The path extends from RM 2243 (Leander Road) to CR 176 and is located along the west right of way. The SUP required a pedestrian crossing of Parkside Parkway on

Fleet Auto Parts Blanket Purchase Order to Don Hewlett Chevrolet

Submitted For: Joy Simonton **Submitted By:** Erica Smith, Purchasing

Department: Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider and take appropriate action on authorizing a repair parts blanket purchase order for Fleet Services to Don Hewlett Chevrolet in the amount of $125,000.00.

Background

To facilitate ease and speed of ordering repair and replacement parts for Williamson County fleet vehicles, a blanket purchase order is recommended for Don Hewlett Chevrolet. The Fleet Services Department will utilize this purchase order on as as-needed basis throughout the year. This purchase is exempt from the competitive bidding requirements as allowed per Texas Local Government Code Discretionary Exemptions Section 262.024.(a)(11) vehicle and equipment repairs. The court has previously granted this exemption for vehicle and equipment repairs. Funding is authorized in the FY 22 budget for these purchases. Department contact is Kevin Teller. This expenditure will be charged to 01.0882.0882.003523.

T1740 Sam Bass Interim Signals Change Order No. 3_Balancing

Submitted By: Mayra Ramos, Road Bond

Department: Road Bond

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider, and take appropriate action regarding a Change Order No. 3 in the amount of -$51,416.50 for Project T1740 Sam Bass Interim Signals (Austin Traffic Signal), a Road Bond project in Commissioner Pct. 1 P:462 Funding Source: Road Bond.

Background

This Change Order provides the final balancing for the overrun/underrun of Contract quantities on the project as a result of addressing field conditions not accounted for in the original plans.

This Change Order adds fifty-eight (58) days to the project for various reasons. Working around unknown utilities caused delays to the work. Signal poles were changed from timber to steel with concrete foundations because there was not enough right of way for a guy wire to support the timber poles. Material fabrication time was longer than planned due to the pandemic and the Contractor's workforce tested positive for Covid-19 during the project and work on the project was halted for the crew to recover.

This Change Order results in a decrease of $51,416.50 to the Contract amount, for an adjusted Contract total of $303,953.36. The original Contract amount was $319,866.00. Accounting for this Change Order and all other Change Orders, $15,912.64 has been deducted from the Contract, resulting in an 5% net decrease in the Contract cost. Fifty-eight (58) days will be added to the Contract as a result of this Change Order.

Williamson County Road Bond Program

Sam Bass Interim Signals
Williamson County Project No. T1740

Change Order No. 3

Reason for Change

This Change Order provides the final balancing for the overrun/underrun of Contract quantities on the project as a result of addressing field conditions not accounted for in the original plans.

This Change Order adds fifty-eight (58) days to the project for various reasons. Working around unknown utilities caused delays to the work. Signal poles were changed from timber to steel with concrete foundations because there was not enough right-of-way for a guy wire to support the timber poles. Material fabrication time was longer than planned due to the pandemic and the Contractor's workforce tested positive for Covid 19 during the project and work on the project was halted for the crew to recover.

This Change Order results in a decrease of $51,416.50 to the Contract amount, for an adjusted Contract total of $303,953.36. The original Contract amount was $319,866.00. Accounting for this Change Order and all other Change Orders, $15,912.64 has been deducted from the Contract, resulting in an 5% net decrease in the Contract cost. Fifty-eight (58) days will be added to the Contract as a result of this Change Order.

Agenda Item

Discuss, consider and take appropriate action on Change Order No 1, to contract number IFB T4609, in the amount of $15,000.00 for Tradesman's Industrial Park & 79 Business Park Improvements. Funding source: 01.0200.0210.003599.

Background

Original contract amount was $343,399.00. With the addition of this change order, of $15,000.00, new contract amount will be $358,399.00. The positive change order is the result of the need to place the flowable backfill in front of the newly installed gutter and ribbon curb for structural support.

Information

Agenda Item

Discuss, consider, and take appropriate action on awarding IFB #21IFB15 South Bounds Street Overlay to Chasco Constructors for $889,988.00 and authorizing the execution of the agreement. Funding source is P374.

Background

The Purchasing Department solicited sealed bids for IFB #21IFB15 South Bounds Street Overlay. Seven Hundred and Seventy (770) vendors were invited to bid and two (2) vendors participated in the solicitation of which one (1) submitted a bid. One bid was received by Chasco Constructors and was found to be responsive and materially balanced. The bidder was 14.6% higher than the Engineer's Estimate. In addition to meeting the bid qualifications subject to being the only bidder, Chasco Constructors has successfully completed many past Williamson County projects (Inner Loop Safety Improvements, CR 258-Sunset Ridge to Reagan, and CR 110 South) performing similar work. Based on the previous quality of work done for Williamson County and their bid of $889,988.00, we concur with the Design Engineer's (RS&H) Recommendation of Award for the South Bounds Street Overlay (Thrall Project) contract to Chasco Constructors in the amount of $889,988.00. Point of contact is Kim Scherer of HNTB.

Williamson County Project No. 21IFB15
Recommendation of Contractor Award

Dear Ms. Hancock,

Please find attached the bid tabulation for the subject-referenced project. Only one bid was received, however the bidder (Chasco Constructors) was found to be responsive and materially balanced. Following is a summary of the bid total:

1. Chasco Constructors $ 889,988.00

The bidder was 14.6% higher than the Engineer's Estimate.

In addition to meeting the bid qualifications subject to being the only bidder, Chasco Constructors has successfully completed many past Williamson County projects (Inner Loop Safety Improvements, CR 258-Sunset Ridge to Reagan, and CR 110 South) performing similar work. Based on the previous quality of work done for Williamson County and their bid of $889,988.00, we concur with the Design Engineer's (RS&H) Recommendation of Award for the South Bounds Street Overlay (Thrall Project) contract to Chasco Constructors in the amount of $889,988.00.

Please feel free to contact our office with any questions.

Re: Thrall Project (S. Bounds Street) Overlay Bid Review

Kimberly,

I have reviewed the bid provided for the Thrall Project (S. Bounds Street) Overlay project.

Chasco Constructors is the apparent low bidder with a bid of $889,988.00

I reviewed their bid for math errors and found none.

I recommend their selection for this contract.

Please call or email with any additional questions.

Award IFB #21IFB16 Cotrell Street Overlay

Submitted For: Joy Simonton **Submitted By:** Kim Chappius, Purchasing

Department: Purchasing

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider, and take appropriate action on awarding IFB #21IFB16 Cotrell Street Overlay to Chasco Constructors and authorizing the execution of the agreement. Funding source is P369.

Background

The Purchasing Department solicited sealed bids for IFB #21IFB16 Cotrell Street Overlay. Two thousand six hundred ninety-two (2692) vendors were invited to bid and two (2) vendors participated in the solicitation of which one (1) submitted a bid. One bid was received by Chasco Constructors and was found to be responsive and materially balanced. The bidder was 25.1% higher than the Engineer's Estimate. In addition to meeting the bid qualifications subject to being the only bidder, Chasco Constructors has successfully completed many past Williamson County projects (Inner Loop Safety Improvements, CR 258-Sunset Ridge to Reagan, and CR 110 South) performing similar work. Based on the previous quality of work done for Williamson County and their bid of $419,919.00, we concur with the Design Engineer's (CONSOR) Recommendation of Award for the Cotrell Street Overlay (Bartlett Project) contract to Chasco Constructors in the amount of $419,919.00. Point of Contact is Kim Scherer of HNTB.

Williamson County Project No. 21IFB16
Recommendation of Contractor Award

Dear Ms. Hancock,

Please find attached the bid tabulation for the subject-referenced project. Only one bid was received, however the bidder (Chasco Constructors) was found to be responsive and materially balanced. Following is a summary of the bid total:

1. Chasco Constructors $419,919.00

The bidder was 25.1% higher than the Engineer's Estimate.

In addition to meeting the bid qualifications subject to being the only bidder, Chasco Constructors has successfully completed many past Williamson County projects (Inner Loop Safety Improvements, CR 258-Sunset Ridge to Reagan, and CR 110 South) performing similar work. Based on the previous quality of work done for Williamson County and their bid of $419,919.00, we concur with the Design Engineer's (CONSOR) Recommendation of Award for the Cotrell Street Overlay (Bartlett Project) contract to Chasco Constructors in the amount of $419,919.00.

Please feel free to contact our office with any questions.

This is Michelle at Sam Bass Storage.

I know you have already moved out of the facility.

Each month the company representing Williamson County sends me a list of the customers that have contacted him for reimbursement to confirm that they have left. I am contacting you because you have not been on that list (yet); however, you have already moved out of the facility.

If you have already contacted Danny Jackson, then please disregard this email. **If you have not contacted Danny Jackson, you have a right to get paid, by Williamson County, as a result of having to move due to eminent domain!**

All questions about compensation can be addressed with;

[redacted]

Dear Tenant:

The acquisition phase of the Corridor H/Sam Bass Road expansion project is currently underway, and Williamson County completed the purchase of Sam Bass Storage located at 4700 Sam Bass Road. Tenants' personal property located at the storage facility will be required to be moved and you may be entitled to relocation advisory services and reimbursement of moving costs of the personal property items, as explained by your relocation agent.

You will not be required to move your personal property for at least 90 days from the date of this letter. However, possession of this property will be needed by **November 30, 2021**, you will need to remove all property no later than that date.

TO ASSURE THAT YOU DO NOT LOSE ANY ELIGIBLE BENEFITS, PLEASE CONTACT YOUR RELOCATION AGENT PRIOR TO MOVING ANY PERSONAL PROPERTY.

Payment options are as follows:

1. **Fixed Payment:**
   a. Assistance is determined upon evaluation of the type of personal property to be moved.
   b. Your relocation agent will advise you of eligible Fixed Payment moving costs.
2. **Actual and Reasonable Moving Costs and Related Expenses:**
   a. Estimated move costs must be approved before moving any personal property.
   b. Your relocation agent will advise you on documentation required and how to reimburse you for actual and reasonable moving costs.

All costs are limited to personal property only and will not include any costs for moving real property.

Any person or entity who is not lawfully present in the United States is ineligible for relocation advisory services and relocation payments, unless such ineligibility would result in exceptional and extremely unusual hardship to a qualifying spouse, parent, or child.

Finally, if you are dissatisfied with a determination as to your eligibility for a payment or the amount of any relocation payment, you may request a review of your case by Williamson County.

Please complete the enclosed ACKNOWLEDGMENT BY TENANT and the CERTIFICATION OF ELIGIBILITY and return in the enclosed self-addressed stamped envelope.

Your relocation agent will assist you in preparing the necessary forms and filing your claims for any benefits you may be entitled. Please do not hesitate to contact me if you have questions or need additional information at (512) 922-5930 or email at danny.jackson@rowtx.com.

Relocation Assistance
Corridor H/Sam Bass Road
Parcel No. 13

UNIT # E9

[redacted]

Dear Tenant:

The acquisition phase of the Corridor H/Sam Bass Road expansion project is currently underway, and Williamson County completed the purchase of Sam Bass Storage located at 4700 Sam Bass Road. Tenants' personal property located at the storage facility will be required to be moved and you may be entitled to relocation advisory services and reimbursement of moving costs of the personal property items, as explained by your relocation agent.

You will not be required to move your personal property for at least 90 days from the date of this letter. However, possession of this property will be needed by **November 30, 2021**, you will need to remove all property no later than that date.

TO ASSURE THAT YOU DO NOT LOSE ANY ELIGIBLE BENEFITS, PLEASE CONTACT YOUR RELOCATION AGENT PRIOR TO MOVING ANY PERSONAL PROPERTY.

Payment options are as follows:

1. **Fixed Payment:**
   a. Assistance is determined upon evaluation of the type of personal property to be moved.
   b. Your relocation agent will advise you of eligible Fixed Payment moving costs.
2. **Actual and Reasonable Moving Costs and Related Expenses:**
   a. Estimated move costs must be approved before moving any personal property.
   b. Your relocation agent will advise you on documentation required and how to reimburse you for actual and reasonable moving costs.

All costs are limited to personal property only and will not include any costs for moving real property.

Any person or entity who is not lawfully present in the United States is ineligible for relocation advisory services and relocation payments, unless such ineligibility would result in exceptional and extremely unusual hardship to a qualifying spouse, parent, or child.

Finally, if you are dissatisfied with a determination as to your eligibility for a payment or the amount of any relocation payment, you may request a review of your case by Williamson County.

Please complete the enclosed ACKNOWLEDGMENT BY TENANT and the CERTIFICATION OF ELIGIBILITY and return in the enclosed self-addressed stamped envelope.

Your relocation agent will assist you in preparing the necessary forms and filing your claims for any benefits you may be entitled. Please do not hesitate to contact me if you have questions or need additional information at (512) 922-5930 or email at danny.jackson@rowtx.com.

8-31-2021	Call from Conny Watts asking about relocation benefits for their box truck they had at Sam Bass storage. I explained the project and relocation benefits to move the truck. They have a box truck and the schedule for his is $450. I ask her to let me know when they moved.
10-4-2021 10-4-2021*	I had a call from Connie Watts letting me know they had moved. I said I would send her the required claim forms. Sent Connie Watts the claim forms for her signature. Because the tenants used the truck for their business, I was not able to obtain a picture of the truck at the storage facility, I had Mrs. Watts send me a picture of the truck to document the file.
10-5-2021 10-6-2021	Received signed claim forms back from tenant. Verified move. Prepared and sent move claim package to S & C for approval and payment.

Hi Danny,

I confirmed all tenants below have vacated their units with the exception of:

Unit #A8, David Lawrence

Although the tenant has moved mostly out, Unit #A8 still has personal belongings in the unit. (All of which is too large and/or heavy for me to be able to lift!) Please let me know if you will close the loop with him?

Thanks,

Hi Danny,

I confirmed all tenants below have vacated their units with the exception of:

Unit #A8, David Lawrence

Although the tenant has moved mostly out, Unit #A8 still has personal belongings in the unit. (All of which is too large and/or heavy for me to be able to lift!) Please let me know if you will close the loop with him?

Thanks,
Michelle

Relocation Assistance
Corridor H/Sam Bass Road
Parcel No. 13

UNIT # A13

[redacted]

Dear Tenant:

The acquisition phase of the Corridor H/Sam Bass Road expansion project is currently underway, and Williamson County completed the purchase of Sam Bass Storage located at 4700 Sam Bass Road. Tenants' personal property located at the storage facility will be required to be moved and you may be entitled to relocation advisory services and reimbursement of moving costs of the personal property items, as explained by your relocation agent.

You will not be required to move your personal property for at least 90 days from the date of this letter. However, possession of this property will be needed by **November 30, 2021**, you will need to remove all property no later than that date.

TO ASSURE THAT YOU DO NOT LOSE ANY ELIGIBLE BENEFITS, PLEASE CONTACT YOUR RELOCATION AGENT PRIOR TO MOVING ANY PERSONAL PROPERTY.

Payment options are as follows:

1. **Fixed Payment:**
   a. Assistance is determined upon evaluation of the type of personal property to be moved.
   b. Your relocation agent will advise you of eligible Fixed Payment moving costs.
2. **Actual and Reasonable Moving Costs and Related Expenses:**
   a. Estimated move costs must be approved before moving any personal property.
   b. Your relocation agent will advise you on documentation required and how to reimburse you for actual and reasonable moving costs.

All costs are limited to personal property only and will not include any costs for moving real property.

Any person or entity who is not lawfully present in the United States is ineligible for relocation advisory services and relocation payments, unless such ineligibility would result in exceptional and extremely unusual hardship to a qualifying spouse, parent, or child.

Finally, if you are dissatisfied with a determination as to your eligibility for a payment or the amount of any relocation payment, you may request a review of your case by Williamson County.

Please complete the enclosed ACKNOWLEDGMENT BY TENANT and the CERTIFICATION OF ELIGIBILITY and return in the enclosed self-addressed stamped envelope.

Your relocation agent will assist you in preparing the necessary forms and filing your claims for any benefits you may be entitled. Please do not hesitate to contact me if you have questions or need additional information at (512) 922-5930 or email at danny.jackson@rowtx.com.

Sincerely,

REAL ESTATE CONTRACT
Corridor SE Loop

THIS REAL ESTATE CONTRACT ("Contract") is made by and between ROGER AND KELLY CONRAD (referred to in this Contract as "Seller", whether one or more) and WILLIAMSON COUNTY, TEXAS (referred to in this Contract as "Purchaser"), upon the terms and conditions set forth in this Contract.

ARTICLE I
PURCHASE AND SALE

By this Contract, Seller sells and agrees to convey, and Purchaser purchases and agrees to pay for, the tract(s) of land described as follows:

> Being all of an 8.116-acre tract of land, more or less, out of the M. Wilbarger Survey, Abstract No. 663, in Williamson County, part of a 16.236-acre tract conveyed to John E. Huegele and Roger Conrad as described in Volume 882, Page 947, Deed Records of Williamson County, Texas (Parcel 29);

together with all and singular the rights and appurtenances pertaining to the property, including any right, title and interest of Seller in and to adjacent streets, alleys or rights-of-way (all of such real property, rights, and appurtenances being referred to in this Contract as the "Property", and any improvements and fixtures situated on and attached to the Property described, or bisected by the acquisition and not otherwise retained by Seller, for the consideration and upon and subject to the terms, provisions, and conditions set forth below.

ARTICLE II
PURCHASE PRICE

Purchase Price

2.01. The Purchase Price for the Property shall be the sum of ONE MILLION FIFTEEN THOUSAND and 00/100 Dollars ($1,015,000.00).

Payment of Purchase Price

2.02. The Purchase Price shall be payable in cash at the Closing.

ARTICLE III
PURCHASER'S OBLIGATIONS

Conditions to Purchaser's Obligations

3.01. The obligations of Purchaser hereunder to consummate the transactions contemplated hereby are subject to the satisfaction of each of the following conditions (any of which may be waived in whole or in part by Purchaser at or prior to the Closing).

Miscellaneous Conditions

3.02. Seller shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Contract to be performed, observed, and complied with by Seller prior to or as of the Closing.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF SELLER

4.01. Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed made by Seller to Purchaser also as of the Closing Date, to the best of Seller's knowledge:

(a) There are no parties in possession of any portion of the Property as lessees, tenants at sufferance, or trespassers, other than previously disclosed to Purchaser;

(b) Seller has complied with all applicable laws, ordinances, regulations, statutes, rules and restrictions relating to the Property, or any part thereof;

ARTICLE V
CLOSING

Closing Date

5.01. The Closing shall be held at the office of Texas National Title Company at 305 Denali Pass, Suite A Cedar Park, Texas on or before October 31, 2021, or at such time, date, and place as Seller and Purchaser may agree upon, or within 10 days after the completion of any title

curative matters if necessary for items as shown on the Title Commitment or in the contract (which date is herein referred to as the "Closing Date").

Seller's Obligations at Closing

5.02. At the Closing Seller shall:

(1) Deliver to Purchaser a duly executed and acknowledged Deed conveying good and indefeasible title in fee simple to all of the Property or as otherwise described herein, free and clear of any and all liens and restrictions, except for the following:

(a) General real estate taxes for the year of closing and subsequent years not yet due and payable;

(b) Any exceptions approved by Purchaser pursuant to Article III hereof; and

(c) Any exceptions approved by Purchaser in writing.

(2) The Deed shall be in the form as shown in Exhibit "A" attached hereto and incorporation herein.

(3) Provide reasonable assistance, at no cost to Seller, to cause the Title Company to deliver to Purchaser a Texas Owner's Title Policy at Purchaser's sole expense, issued by Title Company, in Purchaser's favor in the full amount of the Purchase Price, insuring each Grantee's fee simple and/or easement interests in and to the Property subject only to those title exceptions listed herein, such other exceptions as may be approved in writing by Purchaser, and the standard printed exceptions contained in the usual form of Texas Owner's Title Policy, provided, however:

(a) The boundary and survey exceptions shall be deleted;

(b) The exception as to restrictive covenants shall be endorsed "None of Record", if applicable; and

(c) The exception as to the lien for taxes shall be limited to the year of closing and shall be endorsed "Not Yet Due and Payable".

(4) Deliver to Purchaser possession of the Property, subject to leaseback as set out in Paragraph 5.03(b) herein.

Purchaser's Obligations at Closing

5.03. At the Closing, Purchaser shall:

(a) Pay the cash portion of the Purchase Price.

(b) At Closing, Purchaser and Seller shall enter into a lease agreement (the "Leaseback Agreement") wherein Purchaser, as Landlord, shall lease back to Seller, as Tenant, the Property for an initial term which shall terminate on or before April 31, 2022, such term commencing on the Closing Date. The Leaseback Agreement shall be in the form attached hereto as Exhibit "B".

Prorations

5.04. General real estate taxes for the then current year relating to the Property shall be prorated as of the Closing Date and shall be adjusted in cash at the Closing. If the Closing shall occur before the tax rate is fixed for the then current year, the apportionment of taxes shall be upon the basis of the tax rate for the next preceding year applied to the latest assessed valuation, but shall otherwise be the continuing obligation of Seller to fully satisfy. Agricultural roll-back taxes, if any, which directly result from the completion of this transaction and conveyance shall be paid by Purchaser.

Closing Costs

5.05. All costs and expenses of closing in consummating the sale and purchase of the Property shall be borne and paid as follows:

(1) Owner's Title Policy and survey to be paid by Purchaser.

(2) Deed, tax certificates, and title curative matters, if any, paid by Purchaser.

(3) All other closing costs shall be paid by Purchaser.

(4) Attorney's fees paid by each party respectively as incurred.

ARTICLE VI
BREACH BY SELLER

In the event Seller shall fail to fully and timely perform any of its obligations hereunder or shall fail to consummate the sale of the Property for any reason, except Purchaser's default, Purchaser may: (1) enforce specific performance of this Contract; or (2) request that the Escrow Deposit, if any, shall be forthwith returned by the title company to Purchaser.

ARTICLE VII
BREACH BY PURCHASER

In the event Purchaser should fail to consummate the purchase of the Property, the conditions to Purchaser's obligations set forth in Article III having been satisfied and Purchaser

being in default and Seller not being in default hereunder, Seller shall have the right to receive the Escrow Deposit, if any, from the title company, the sum being agreed on as liquidated damages for the failure of Purchaser to perform the duties, liabilities, and obligations imposed upon it by the terms and provisions of this Contract, and Seller agrees to accept and take this cash payment as its total damages and relief and as Seller's sole remedy hereunder in such event. If no Escrow Deposit has been made then Seller shall receive the amount of $500 as liquidated damages for any failure by Purchaser.

ARTICLE VIII
MISCELLANEOUS

Notice

8.01. Any notice required or permitted to be delivered hereunder shall be deemed received when sent by United States mail, postage prepaid, certified mail, return receipt requested, addressed to Seller or Purchaser, as the case may be, at the address set forth opposite the signature of the party.

Texas Law to Apply

8.02. This Contract shall be construed under and in accordance with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Williamson County, Texas.

Parties Bound

8.03. This Contract shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Contract.

Legal Construction

8.04. In case any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, this invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Contract shall be construed as if the invalid, illegal, or unenforceable provision had never been contained herein.

Prior Agreements Superseded

8.05. This Contract constitutes the sole and only agreement of the parties and supersedes any prior understandings or written or oral agreements between the parties respecting the within subject matter.

Time of Essence

8.06. Time is of the essence in this Contract.

Gender

8.07. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, and vice versa, unless the context requires otherwise.

Memorandum of Contract

8.08. Upon request of either party, the parties shall promptly execute a memorandum of this Contract suitable for filing of record.

Compliance

8.09 In accordance with the requirements of Section 20 of the Texas Real Estate License Act, Purchaser is hereby advised that it should be furnished with or obtain a policy of title insurance or Purchaser should have the abstract covering the Property examined by an attorney of Purchaser's own selection.

Effective Date

8.10 This Contract shall be effective as of the date it is approved by Williamson County, which date is indicated beneath the Judge's signature below.

Counterparts

8.11 This Contract may be executed in any number of counterparts, which may together constitute the Contract. Signatures transmitted by facsimile or electronic mail may be considered effective as originals for purposes of this Contract.

Purchase of Future Right of Way

That ROGER CONRAD and KELLY CONRAD, hereinafter referred to as Grantor, whether one or more, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to Grantor in hand paid by Williamson County, Texas, the receipt and sufficiency of which is hereby acknowledged, and for which no lien is retained, either expressed or implied, have this day Sold and by these presents do Grant, Bargain, Sell and Convey unto WILLIAMSON COUNTY, TEXAS, all that certain tract or parcel of land lying and being situated in the County of Williamson, State of Texas, along with any improvements thereon, being more particularly described as follows (the "Property"):

> Being all of an 8.116-acre tract of land, more or less, out of the M. Wilbarger Survey, Abstract No. 663, in Williamson County, part of a 16.236-acre tract conveyed to John E. Huegele and Roger Conrad as described in Volume 882, Page 947, Deed Records of Williamson County, Texas (Parcel 29);

SAVE AND EXCEPT, HOWEVER, it is expressly understood and agreed that Grantor is retaining title to the following improvements located on the Property, to wit: outbuildings

Grantor covenants and agrees to remove the Retained Improvements from the Property on or before the earlier of April 31, 2022, or upon the termination of any leaseback period for the Property, subject to such extensions of time as may be authorized by Grantee in writing.

RESERVATIONS FROM AND EXCEPTIONS TO CONVEYANCE AND WARRANTY:

Visible and apparent easements not appearing of record;

Any discrepancies, conflicts, or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show;

Easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances, and encumbrances for taxes and assessments (other than liens and conveyances) presently of record in the Official Public Records of Williamson County, Texas, that affect the property, but only to the extent that said items are still valid and in force and effect at this time.

Grantor reserves all of the oil, gas and other minerals in and under the land herein conveyed but waives all rights of ingress and egress to the surface thereof for the purpose of exploring, developing, mining or drilling or pumping the same; provided, however, that operations for exploration or recovery of any such minerals shall be permissible so long as all surface operations in connection therewith are located at a point outside the acquired parcel and upon the condition that none of such operations shall be conducted so near the surface of said land as to interfere with the intended use thereof or in any way interfere with, jeopardize, or endanger the facilities of Williamson County, Texas or create a hazard to the public users thereof; it being intended, however, that nothing in this reservation shall affect the title and the rights of Grantee to take and use without additional compensation any, stone, earth, gravel, caliche, iron ore, gravel or any other road building material upon, in and under said land for the construction and maintenance of Southeast Loop/Corridor A1.

TO HAVE AND TO HOLD the property herein described and herein conveyed together with all and singular the rights and appurtenances thereto in any wise belonging unto Williamson County, Texas and its assigns forever; and Grantor does hereby bind itself, its heirs, executors, administrators, successors and assigns to Warrant and Forever Defend all and singular the said premises herein conveyed unto Williamson County, Texas and its assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof.

Grantee acknowledges that it is an entity which possesses the power of condemnation, and that the deed for the Property is being delivered for proposed future Southeast Loop right of way on the current Williamson County Long Range Transportation Plan and the current Williamson County Transportation Plan.

AFTER RECORDING RETURN TO:

RESIDENTIAL LEASE AGREEMENT

By this Residential Lease Agreement ("Lease") between WILLIAMSON COUNTY, TEXAS, a political subdivision of the State of Texas and the true and lawful owner of the Premises subject of this Lease, (hereafter called "Landlord"); and ROGER AND KELLY CONRAD, (hereafter collectively called "Tenant"); Landlord hereby leases to Tenant, and the Tenant hires and takes form the Landlord, all that certain 8.116-acre plot of land with the dwelling and appurtenances thereon known and described in the M. Wilbarger Survey, Abstract No. 663, also known as 1401 CR 137 Hutto, Texas 78634 (hereinafter referred to as the "Premises), to be used and occupied solely as a strictly private dwelling for one family only, by the Tenant and the family of the Tenant and not otherwise, according to the following terms and conditions:

1. TERM. The initial term of this Lease shall not exceed SIX (6) months commencing on November 1, 2021 ("Commencement Date") and ending on April 31, 2022 at 11:59 p.m. ("Termination Date").

2. RENT. Tenant agrees to pay, without demand, deduction or offset, to Landlord as rent for the Premises $500 (FIVE Hundred) and no/100 Dollars ("Initial Base Rent"), on the first (1st) day of each calendar month in advance, beginning on the 1st day of November, 2021. at: Williamson County Auditor's Office, Attn: Finance Director, 710 Main Street, Suite 301, Georgetown, Texas 78626 or such other place as Landlord may designate in writing. Tenant shall additionally pay a prorated rental amount for any period between the Commencement Date and the date the first rental payment is due as set out herein.

3. LATE CHARGES AND FEES FOR RETURNED CHECKS. If Tenant fails to timely pay any month's rent, Tenant will pay Landlord an initial late charge of Twenty-Five and No/100 Dollars ($25.00), plus additional late charges of Fifteen and No/100 Dollars ($15.00) per day thereafter until rent is paid in full. Time is of the essence for the payment of rent. **Tenant hereby acknowledges that strict compliance with rental due dates is required and that there is no grace period pertaining to the payment of rent.** Any waiver of late charges or failure to collect late charges under this paragraph will not affect or diminish any other right or remedy Landlord may exercise, at law or in equity, for Tenant's failure to timely pay rent (including but not limited to reporting late payments to consumer reporting agencies).

Tenant further agrees to pay Landlord Twenty-Five and No/100 Dollars ($25.00) for each check Tenant tenders to Landlord which is returned by the institution on which it is drawn for any reason, plus initial and additional late charges until Landlord has received payment in full. Landlord may, upon written notice to Tenant, require Tenant to pay all rents by money order, cashier's check, certified funds, or other means acceptable to Landlord.

4. OPTION TO EXTEND OR TERMINATE LEASE. In the event Tenant wishes to extend this lease following the initial term or any extended term thereafter, Tenant shall provide Landlord with a written request to extend the Lease. Following Landlord's receipt of Tenant's extension request, Landlord shall have the option to deny or accept the request, as it deems in the best interest of Williamson County. If the Landlord accepts Tenant's extension request, the extended

term shall begin on the expiration of the Initial Lease Term or the then current "Extension Term" of this Lease, as appropriate. All terms, covenants, and provisions of this Lease shall apply to each such Extension Term, except that Landlord shall reserve the right to modify the duration of any Extension Term.

Tenant at its sole option may terminate this Lease at any time by delivering a minimum of thirty (30) days prior written notice of such early termination to Landlord.

5. APPLICATION OF FUNDS. Landlord will apply all funds received from Tenant first to any non-rent obligations of Tenant, including but not limited to late charges, returned check charges, charges for repairs that Tenant shall be obligated to pay under the terms of this Lease, and unpaid utility charges, then to rent. Tenant's notations on Tenant's payments shall not affect the Landlord's application of funds.

6. QUIET ENJOYMENT. Landlord covenants that, on paying the rent and performing the covenants contained in this Lease, Tenant will peacefully and quietly have, hold, and enjoy the Premises for the agreed term.

7. USE OF PREMISES. The Premises shall be used and occupied by Tenant exclusively as a private single family residence, and no part of it may be used by Tenant at any time during the term of this Lease or extension of same for the purpose of carrying on any business, profession, or trade of any kind, or for any purpose other than as a private single family residence. Tenant shall comply with all the sanitary laws, ordinances, rules, and orders of appropriate governmental authorities affecting the cleanliness, occupancy, and preservation of and the sidewalks connected to the Premises during the term of this Lease. Tenant and all other persons on the Premises must refrain from conducting themselves in any way that would unduly disturb Tenant's neighbors or constitute a breach of the peace. Tenant may not permit any part of the Premises to be used for: (a) any activity which is a nuisance, offensive, noisy, or dangerous; (b) the repair of any vehicle; (c) any business of any type, including child care; (d) any activity which violates any applicable rules and/or regulations of Landlord; (e) any illegal or unlawful activity; or (f) other activity which will obstruct, interfere with, or infringe on the rights of other persons near the Premises.

Tenant hereby acknowledges and agrees that Tenant shall be solely liable for and shall promptly pay all fines, fees or charges assessed against the Tenant and/or the Premises for violations by Tenant of: (a) any laws, ordinances, rules, and orders of appropriate governmental authorities affecting the cleanliness, occupancy, and preservation of and the sidewalks connected to the Premises during the term of this Lease; (b) any illegal or unlawful activity; or (c) other activity which obstructs, interferes with, or infringes on the rights of other persons near the Premises.

LIMITED USE OF PREMISES BY LANDLORD FOR UTILITY ADJUSTMENT.

Prior to the Termination Date, County and any public utility companies affected or conflicted by the Roadway Construction Project shall be allowed to enter the Property with prior notice to Grantor solely to complete construction of any required utility adjustments, realignments, installations or removals of utility facilities or for other preliminary site testing, as long as such utility construction or testing activities do not interfere with the continued occupation, temporary operation, remainder relocation or reconfiguration activities of Grantor's uses existing as of the date of this Agreement

NUMBER OF OCCUPANTS. Without prior approval and consent from Landlord the Premises may be occupied by no more than 5 persons. Tenant may not permit any guests to stay on or in the Premises longer than fourteen (14) consecutive or non-consecutive days during the term of this Lease or any Extension Term without the prior written consent of the Landlord.

11. CONDITION OF PREMISES. TENANT HEREBY AGREES AND STIPULATES THAT THE PREMISES HAVE BEEN EXAMINED BY TENANT, INCLUDING THE GROUNDS AND ALL BUILDINGS AND IMPROVEMENTS, AND THAT AT THE TIME OF THIS LEASE THEY ARE IN GOOD ORDER AND REPAIR AND IN A SAFE, CLEAN, AND TENANTABLE CONDITION. TENANT ACKNOWLEDGES AND AGREES THAT, OTHER THAN AS MAY BE SPECIFICALLY SET FORTH HEREIN, LANDLORD HAS NOT MADE, DOES NOT MAKE AND, TO THE FULLEST EXTENT AUTHORIZED BY LAW, SPECIFICALLY DISCLAIMS ANY REPRESENTATIONS, WARRANTIES, PROMISES, COVENANTS, AGREEMENTS OR GUARANTEES OF ANY KIND OR CHARACTER WHATSOEVER, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, PAST, PRESENT OR FUTURE, OF, AS TO, CONCERNING OR WITH RESPECT TO (A) THE NATURE, QUALITY OR CONDITION OF THE PREMISES, INCLUDING, WITHOUT LIMITATION, THE WATER, SOIL AND GEOLOGY, (B) THE SUITABILITY OF THE PREMISES FOR ITS INTENDED USE, (C) THE COMPLIANCE OF OR BY THE PREMISES OR ITS OPERATION WITH ANY LAWS, RULES, ORDINANCES OR REGULATIONS OF ANY APPLICABLE GOVERNMENTAL AUTHORITY OR BODY, INCLUDING, WITHOUT LIMITATION, THE AMERICANS WITH DISABILITIES ACT AND ANY RULES AND REGULATIONS PROMULGATED THEREUNDER OR IN CONNECTION THEREWITH, AND THE TEXAS ARCHITECTURAL BARRIERS ACT AND ANY RULES AND REGULATIONS PROMULGATED THEREUNDER OR IN CONNECTION THEREWITH, (D) THE HABITABILITY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OF THE PREMISES, OR (E) ANY OTHER MATTER WITH RESPECT TO THE PREMISES, AND SPECIFICALLY THAT LANDLORD HAS NOT MADE, DOES NOT MAKE AND SPECIFICALLY DISCLAIMS ANY REPRESENTATIONS REGARDING SOLID WASTE, AS DEFINED BY THE U.S. ENVIRONMENTAL PROTECTION AGENCY REGULATIONS AT 40 C.F.R., PART 261, OR THE DISPOSAL OR EXISTENCE, IN OR ON THE PREMISES, OF ANY HAZARDOUS SUBSTANCE, AS DEFINED BY THE COMPREHENSIVE ENVIRONMENTAL RESPONSE COMPENSATION AND LIABILITY ACT OF 1980, AS AMENDED, AND APPLICABLE STATE LAWS, AND REGULATIONS PROMULGATED THEREUNDER. TENANT FURTHER ACKNOWLEDGES AND AGREES THAT HAVING BEEN GIVEN THE OPPORTUNITY TO INSPECT THE PREMISES, TENANT IS RELYING SOLELY ON ITS OWN INVESTIGATION OF THE PREMISES AND NOT ON ANY INFORMATION PROVIDED OR TO BE PROVIDED BY LANDLORD. TENANT FURTHER ACKNOWLEDGES AND AGREES THAT ANY INFORMATION PROVIDED OR TO BE PROVIDED WITH RESPECT TO THE PREMISES WAS OBTAINED FROM A VARIETY OF SOURCES AND THAT LANDLORD HAS NOT MADE ANY INDEPENDENT INVESTIGATION OR VERIFICATION OF SUCH INFORMATION. TENANT FURTHER ACKNOWLEDGES AND AGREES THAT THE LEASE OF THE PREMISES

AS PROVIDED FOR HEREIN IS MADE ON AN "AS IS, WHERE IS" CONDITION AND BASIS "WITH ALL FAULTS". TENANT ACKNOWLEDGES AND AGREES THAT THE PROVISIONS OF THIS PARAGRAPH WERE A MATERIAL FACTOR IN THE DETERMINATION OF THE AMOUNT OF THE RENT OF THE PREMISES. THE TERMS OF THIS PARAGRAPH WILL SURVIVE ANY TERMINATION OF THIS LEASE. TENANT ACKNOWLEDGES THAT NO AGREEMENTS HAVE BEEN MADE REGARDING FUTURE REPAIRS UNLESS OTHERWISE SPECIFIED IN THIS LEASE AGREEMENT.

12. ASSIGNMENT AND SUBLETTING. Without the prior written consent of Landlord, Tenant may not assign the Lease or sublet or grant any license to use the Premises or any part of them. A consent by Landlord to one assignment, subletting, or license shall not be considered a consent to any subsequent assignment, subletting, or license. An assignment, subletting, or license without the prior written consent of Landlord or an assignment or subletting by operation of law shall be void and Landlord, at Landlord's option, may immediately terminate this Lease.

13. ALTERATIONS AND IMPROVEMENTS. At its sole cost Tenant may make improvement to and remove the structures or improvements paid for and retained by Tenant pursuant to the terms of that certain prior real estate contract and Deed conveyance between the parties concerning the Premises. Unless otherwise provided by written agreement between Landlord and Tenant, all alterations, changes, and improvements built, constructed, or placed on the Premises by Tenant, with the exception of fixtures removable without damage to the Premises and movable personal property, shall be the property of Tenant and may be elected to be removed by Tenant pursuant to the terms of the prior real estate contract agreement at the expiration or termination of this Lease. Except as permitted by law, this Lease, or pursuant to Landlord's prior written consent, Tenant may not: (a) keep or permit any hazardous material on the Premises, which shall include but not be limited to flammable or explosive materials which might cause fire or extended insurance coverage to be suspended or canceled or any premiums to be increased; (b) dispose of any environmentally detrimental substance (i.e. motor oil or radiator fluid) on the Premises; or (c) cause or allow any mechanic's or materialman's lien to be filed against any portion of the Premises or Tenant's interest in this Lease.

14. DAMAGE TO PREMISES. If the dwelling structures on the Premises are damaged by casualty loss or are otherwise rendered uninhabitable this Lease shall terminate and the parties shall have no further obligations to each other under this Agreement.

15. CARE AND MAINTENANCE. By execution of this Lease Tenant acknowledges that the Premises is habitable for occupancy and that Landlord shall not be required to make any repairs or alterations to the Premises prior to the commencement of this agreement.

16. INSURANCE. Landlord shall not carry any type of insurance which would provide coverage for the improvements located on the Premises for which ownership was retained by Tenant pursuant to the terms of the real estate contract between the parties for purchase of the Premises. **Tenant acknowledges, however, that Tenant and Tenant's property will not be covered by any hazard insurance or other form of insurance that may be carried by Landlord.** The Tenant assumes the risk of loss on all contents of the Leased Premises owned by the Tenant and/or personal injuries arises on the Leased Premises and Tenant hereby agrees to

obtain any insurance coverage that Tenant desires or deems necessary. Furthermore, Tenant's insurance shall be primary as to any other existing, valid, and collectible insurance Landlord may otherwise be permitted to maintain.

17. UTILITIES. Tenant shall be responsible for arranging and paying for all utility services required on the Premises, including but not limited to electricity, gas, water, wastewater, garbage, telephone, alarm monitoring systems, television, sewer charges, and trash collection. Tenant further agrees to pay all connection fees, service fees, usage fees, and all other costs and fees for all utilities to the Premises. Tenant must, at a minimum, keep the following utilities on at all times during the term of this Lease: gas; electricity; water; wastewater/sewer; and garbage services and collection. If the Tenant fails to keep said utilities on during the term of this Lease or any extension of the term of this Lease, Tenant shall be deemed to be in default of this Lease.

18. MAINTENANCE AND REPAIR. At Tenant's expense, Tenant shall keep and maintain the Premises and appurtenances in good sanitary condition during the term of this Lease and any extension of it. In particular, Tenant shall keep the fixtures in the house or on or about the Premises in good order and repair; keep the furnace and HVAC systems clean and in good working order; promptly dispose of all garbage in appropriate receptacles; supply and change smoke detector batteries; promptly eliminate any dangerous condition on the Premises caused by Tenant or caused by Tenant's family, agent, or visitor; take necessary precautions to prevent broken water pipes due to freezing; replace any lost or misplaced keys; pay any periodic, preventative, or additional extermination costs desired by Tenant; maintain and use reasonable diligence in maintaining the yard and landscape in or on the Premises, which shall include but not be limited to watering, mowing, fertilizing, trimming and controlling all lawn pests on all lawns, shrubbery, bushes, flowers, gardens, trees, rock or other landscaping and foliage on or encroaching on the Premises or any easement appurtenant to the Premises; and keep the walls free from dirt and debris.

Tenant shall make all repairs to the Premises and improvements thereon, which shall include but not be limited to the plumbing systems, cooking appliances, cooling system, heating system, sanitary systems, and other electric and gas fixtures which are required to keep the Premises in as good and commercially functional of a condition as existed upon entry, reasonable wear and tear excepted.

Tenant agrees that no signs will be placed on or about the Premises by Tenant or at Tenant direction without the prior written consent of Landlord.

19. SECURITY DEVICES AND EXTERIOR DOOR LOCKS. The Texas Property Code requires that the Premises be equipped with certain types of locks and security devices. Said Code will govern the rights and obligations of the parties regarding security devices. **All notices or requests by Tenant for re-keying, changing, installing, repairing, or replacing security devices must be made in writing to the Landlord. All additional security devices or additional re-keying or replacement of security devices desired by Tenant shall be paid by Tenant in advance and may only be installed by Landlord or Landlord's contractors after receiving a written request from Tenant.**

20. SMOKE DETECTORS. The Texas Property Code requires that the Premises be equipped with smoke detectors in certain locations. Said Code will govern the rights and obligations of the parties regarding smoke detectors. **All requests for additional installation, inspection or repair of smoke detectors must be made in writing by Tenant to Landlord. Disconnecting or intentionally damaging a smoke detector or removing a battery without immediately replacing it with a working battery may subject Tenant to civil penalties and liability for damages and attorney fees under the Texas Property Code.**

21. VEHICLES. Tenant may not permit more than 4 vehicles, which shall include but not be limited to automobiles, non-commercial passenger trucks, recreational vehicles, trailers, motorcycles, and boats, on the Premises for more than twenty-four (24) consecutive hours unless authorized in writing by Landlord. Under no circumstances may Tenant park or drive any vehicle on the Premises' yard and/or landscape. Tenant may not store any vehicles on or adjacent to the Premises or on the street in front of the Premises. Tenant shall under no circumstances permit any type of commercial vehicle to be stored or parked on or adjacent to the Premises or on the street in front of the Premises, other than vehicles present during periods of performing commercial services work at or on the Premises at the request of Tenant or Landlord (including removal of the improvements retained by Tenant). Tenant hereby acknowledges and agrees that Landlord may tow, at Tenant's sole expense, any improperly parked or inoperative vehicle on or adjacent to the Premises in accordance with all applicable state and local laws. For purposes of this provision, an inoperative vehicle shall mean and include a vehicle that is not in good working order and that does not have a current state inspection and registration sticker, as required by law.

22. LANDLORD'S INSPECTION OF AND ACCESS TO PREMISES. Landlord and Landlord's agents may inspect the Premises at reasonable times with advance notice to or permission from the Tenant, which shall not be unreasonably withheld.

23. SUBORDINATION OF LEASE. This Lease and Tenant's interest under it are and will be subordinate to any encumbrances now or hereafter placed on the Premises by Landlord, all advances made under any such encumbrances, the interest payable on any encumbrances, and all renewals or extensions of such encumbrances.

24. LIABILITY. UNLESS CAUSED BY LANDLORD'S NEGLIGENCE, TENANT ACKNOWLEDGES AND AGREES THAT LANDLORD IS NOT LIABLE OR RESPONSIBLE TO TENANT, TENANT'S FAMILY, GUESTS, OCCUPANTS, AND/OR INVITEES FOR ANY DAMAGES, INJURIES, OR LOSSES TO PERSON OR PROPERTY CAUSED BY FIRE, FLOOD, WATER LEAKS, ICE, SNOW, HAIL, WINDS, EXPLOSIONS, SMOKE, INTERRUPTION OF UTILITIES, THEFT, BURGLARY, ROBBERY, ASSAULT, VANDALISM, OTHER PERSONS, THE CONDITION OF THE PREMISES, ENVIRONMENTAL CONTAMINANTS, INCLUDING BUT NOT LIMITED TO CARBON MONOXIDE, ASBESTOS, RADON GAS AND LEAD BASED PAINT, OR OTHER OCCURRENCES OR CASUALTY LOSSES. TENANT HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS LANDLORD AND THE PREMISES FROM ALL COSTS, LOSSES, DAMAGES, LIABILITIES, EXPENSES, PENALTIES, AND FINES WHATSOEVER THAT MAY ARISE FROM OR BE CLAIMED AGAINST LANDLORD OR THE PREMISES BY ANY PERSON OR PERSONS FOR ANY INJURY TO PERSON OR PROPERTY OR DAMAGE OF WHATEVER KIND OR CHARACTER ARISING FROM THE USE OR OCCUPANCY OF THE PREMISES BY TENANT; FROM ANY NEGLECT OR FAULT OF TENANT OR THE FAMILY, AGENTS, GUESTS OR INVITEES OF TENANT IN

USING AND OCCUPYING THE PREMISES; OR FROM ANY FAILURE BY TENANT OR TENANT'S FAMILY, AGENTS, GUESTS OR INVITEES TO COMPLY AND CONFORM WITH ALL LAWS, STATUTES, ORDINANCES, AND REGULATIONS OF ANY GOVERNMENTAL BODY OR SUBDIVISION NOW OR HEREAFTER IN FORCE. IF ANY LAWSUIT OR PROCEEDING SHALL BE BROUGHT AGAINST LANDLORD OR THE PREMISES ON ACCOUNT OF ANY ALLEGED VIOLATIONS OR FAILURE TO COMPLY AND CONFORM OR ON ACCOUNT OF ANY DAMAGE, OMISSION, NEGLECT, OR USE OF THE PREMISES BY TENANT OR TENANT'S FAMILY, AGENTS, GUESTS OR INVITEES, OR ANY OTHER PERSON ON THE PREMISES, TENANT AGREES THAT TENANT OR ANY OTHER PERSON ON THE PREMISES WILL DEFEND IT, PAY WHATEVER JUDGMENTS MAY BE RECOVERED AGAINST LANDLORD OR AGAINST THE PREMISES ON ACCOUNT OF IT, AND PAY FOR ALL ATTORNEYS' FEES IN CONNECTION WITH IT, INCLUDING ATTORNEYS' FEES ON APPEAL.

25. SURRENDER OF PREMISES. On or before the Termination Date of this Lease or any termination date of an Extension Term or any date of termination allowed hereunder, for any improvements which are elected **NOT** to be retained and removed pursuant to the terms of the real estate contract and Deed between the parties for conveyance of the Premises, Tenant shall surrender ("Surrender" shall mean vacating the Premises and returning all keys and access devices to the Landlord) the Premises clean and free of all trash, debris and any personal property or belongings and in as good condition as they were at the commencement of this Lease, reasonable use and wear and damages by the elements excepted. If Tenant leaves any personal property or belongings in, on or about the Premises after Tenant surrenders possession of the Premises, all such personal property and/or belongings of Tenant will be forfeited to and become the property of the Landlord. In the event that Tenant forfeits such personal property or belongings pursuant to the terms of this Lease, Tenant hereby acknowledges and agrees that Landlord may dispose of such personal property or belongings of Tenant, without liability to Landlord, in any manner in which Landlord, in Landlord's sole discretion, deems fit or reasonable.

26. ABANDONMENT. If Tenant abandons the Premises, Tenant will be in default of this Lease. "Abandon" shall mean Tenant is absent from the Premises for Fourteen (14) consecutive days.

27. HOLDOVER. If Tenant fails to vacate the Premises on or before the Termination Date of this Lease or at the end of any Extension Term or on the effective date of any termination allowed hereunder, Tenant will pay rent for the holdover period and **INDEMNIFY** Landlord and/or Landlord's prospective tenants for damages, which shall include but not be limited to lost rents, lodging expenses, and attorney's fees, incurred by them due to Tenant's holdover. In the event of a holdover, Landlord, at Landlord's sole discretion and option, may extend this Lease up to one month by notifying Tenant in writing of its election to extend this Lease one additional month. Rent for any holdover period will be Two (2) times the monthly rent calculated on a daily basis and will be immediately due and payable daily without further notice or demand to Tenant.

28. DEFAULT BY TENANT. Tenant hereby acknowledges and agrees that if Tenant fails to comply with any provision of this Lease, such failure shall be deemed to be a material breach of this Lease. Furthermore, if Tenant fails to comply with any provision of this Lease, other than the covenant to pay rent, or with any present rules and regulations or any that may be hereafter prescribed by Landlord, or if Tenant fails to comply with any duties imposed on Tenant by law,

Landlord may immediately terminate the Lease and/or avail itself of any remedies that are available at law or in equity. If Landlord decides that Tenant should be allowed the opportunity to correct the noncompliance, Landlord may deliver a written notice specifying the noncompliance and allowing Seven (7) days within which it may be corrected. If compliance is not made, Landlord may then terminate the Lease and/or avail itself of any remedies that are available at law or in equity.

If Tenant fails to pay rent when due, and the default continues for Three (3) days after delivery of written demand by Landlord for payment of the rent or possession of the Premises, Landlord may terminate the Lease.

29. DEFAULT BY LANDLORD. In the event of default by Landlord of any covenant, warranty, term or obligation of this Lease, Landlord's failure to cure same or commence a good faith effort to cure same within Thirty (30) days after written notice thereof by Tenant shall be considered a default and shall entitle Tenant to terminate this Lease. Tenant hereby acknowledges that such right to terminate shall be the sole remedy available in the event Landlord breaches this Lease and fails to cure as set forth in this provision.

30. LANDLORD'S LIEN AND ENFORCEMENT THROUGH SEIZURE. TENANT GRANTS LANDLORD A LIEN FOR UNPAID RENT THAT IS DUE, COVERING ALL NONEXEMPT PROPERTY OF TENANT THAT IS IN THE RESIDENCE. LANDLORD SHALL HAVE THE RIGHT TO SEIZE TENANT'S NONEXEMPT PERSONAL PROPERTY TO SECURE THE PAYMENT OF SUMS DUE UNDER THIS LEASE, IN THE MANNER PROVIDED BY LAW, AND IF LANDLORD SEIZES ANY SUCH PROPERTY, LANDLORD SHALL GIVE NOTICE TO TENANT, AND TENANT MAY OBTAIN THE RETURN OF THE PROPERTY, ALL AS PROVIDED IN SECTION 54.044 OF THE TEXAS PROPERTY CODE. LANDLORD IS ENTITLED TO COLLECT A CHARGE FOR PACKING, REMOVING AND STORING PROPERTY SO SEIZED, AND IF THE PROPERTY IS SOLD, LANDLORD MAY ALSO COLLECT A CHARGE FOR THE COSTS OF SELLING THE PROPERTY.

IF TENANT HAS NOT PAID ALL DELINQUENT RENT WITHIN SEVEN (7) DAYS OF RECEIVING THE NOTICE REQUIRED UNDER SECTION 54.044 OF THE TEXAS PROPERTY CODE, LANDLORD MAY GIVE TENANT NOTICE OF INTENT TO SELL THE PROPERTY IN THE MANNER PROVIDED IN TEXAS PROPERTY CODE SECTION 54.045, AND IF TENANT FAILS TO REDEEM THE PROPERTY PRIOR TO THE DATE AND TIME OF SALE BY PAYING ALL DELINQUENT RENTS, REASONABLE PACKING, MOVING, STORAGE AND SALE COSTS, LANDLORD MAY PROCEED TO SELL THE PROPERTY SO SEIZED, AND ACCOUNT FOR THE SALES PROCEEDS AS REQUIRED BY LAW. ANY PROCEEDS OF THE SALE REMAINING AFTER DEDUCTION OF LAWFUL COSTS AND OFFSETS ENUMERATED ABOVE SHALL BE RETURNED TO TENANT.

31. Tenant designates the following as the person to contact pursuant to Texas Property Code, Section 92.014 (a), in the event of Tenant's death, concerning the Premises:

Name of Designee Kelly Conrad

Address of Designee 1401 CR 137
Hutto, Tx 78634,
Cell # 1-512-825-3986

Telephone number of designee (512) 759-2037 Home #

and in the event of Tenant's death, Landlord is further authorized to:

a. grant Tenant's designee access to the Premises at a reasonable time and in the presence of Landlord or Landlord's agent;
b. allows Tenant's designee to remove any of Tenant's property found at the Premises; and
c. refund Tenant's security deposit, less lawful deductions, to the designee.

32. REPRESENTATIONS. Tenant's statements and representations in this Lease are material representations relied upon by Landlord. If Tenant makes any misrepresentation in this Lease, Tenant shall be in default and breach of this Lease. Each party hereto states that he or she is of legal age to enter into this Lease. This provision shall survive termination of the Lease.

33. TENANTS' JOINT AND SEVERAL LIABILITY. All Tenants are jointly and severally liable for all provisions of this Lease. Any act or notice to, or refund to, or signature of, any one or more of the Tenants regarding any term of this Lease or any extension of this Lease, or its termination shall be binding on all Tenants executing this Lease.

34. RECOVERY OF COSTS. In any action taken to enforce or interpret this Lease, the prevailing party will be entitled to recover all costs and expenses, including court costs and reasonable attorneys' fees.

35. ELECTION BY LANDLORD NOT EXCLUSIVE. The exercise by Landlord of any right or remedy to collect rent or enforce its rights under this Lease will not be a waiver or preclude the exercise of any other right or remedy afforded Landlord by this Lease agreement or by statute or law. The failure of Landlord in one or more instances to insist on strict performance or observations of one or more of the covenants or conditions of this Lease or to exercise any remedy, privilege, or option conferred by this Lease on or reserved to Landlord shall not operate or be construed as a relinquishment or future waiver of the covenant or condition or the right to enforce it or to exercise that remedy, privilege, or option; that right shall continue in full force and effect. The receipt by Landlord of rent or any other payment or part of payment required to be made by the Tenant shall not act to waive any other additional rent or payment then due. Even with the knowledge of the breach of any covenant or condition of this Lease, receipt will not operate as or

be deemed to be a waiver of this breach, and no waiver by Landlord of any of the provisions of this Lease, or any of Landlord's rights, remedies, privileges, or options under this Lease, will be deemed to have been made unless made by Landlord in writing.

36. VENUE AND GOVERNING LAW. Each party to this Lease hereby agrees and acknowledges that venue and jurisdiction of any suit, right, or cause of action arising out of or in connection with this Lease shall lie exclusively in Williamson County, Texas, and the parties hereto expressly consent and submit to such jurisdiction. Furthermore, except to the extent that this Lease is governed by the laws of the United States, this Lease shall be governed by and construed in accordance with the laws of the State of Texas, excluding, however, its choice of law rules.

37. RELATIONSHIP OF THE PARTIES. In the performance of this Lease, each party shall act in an individual capacity and not as agents, employees, partners, joint ventures or associates of one another. Neither party shall be deemed or construed to be the employees or agents of the other party for any purposes whatsoever. Tenant shall not be provided any form of compensation or any benefits that are provided to employees of Landlord, including, but not limited to health insurance, workers compensation insurance or any other remuneration that is provided to employees of Landlord.

38. SEVERABILITY AND INTERPRETATION CONSISTENT WITH LAW. This Lease is intended to comply with all applicable Texas statutes relative to rental agreements. If any provision of this lease is deemed by a court of competent jurisdiction to violate a Texas statute, the violation is inadvertent. If a provision is found to be so violative, the provision shall be considered void and severed from the lease and the balance of the Lease shall remain in full force and effect. Nothing contained in this Lease shall be construed as exculpating the Landlord from liability for the Landlord's failure to perform or Landlord's negligent performance of a duty imposed by law. Also, nothing contained in this Lease shall be construed as releasing either party from a duty to mitigate or minimize the damages to the other party.

39. LANDLORD'S LEASE ADMINISTRATOR AND PROPERTY MANAGER. Gary Wilson, Director of Facilities for Williamson County (or his successor, as designated by Landlord), shall serve as the Landlord's lease administrator and property manager. 41. REPORTS OF ACCIDENTS. Within Twenty Four (24) hours after Tenant becomes aware of the occurrence of any accident or other event which results in, or might result in, injury to the person or property of any person in, on or around the Premises, whether or not it results from or involves any action or failure to act by the Tenant, the Tenant shall send a written report of such accident or other event to the Landlord, setting forth a full and concise statement of the facts pertaining thereto. The Tenant shall also immediately send the Landlord a copy of any summons, subpoena, notice, or other documents served upon the Tenant or received by it in connection with any matter before any court arising in relation to any injury to the person or property of any person in, on or around the Premises.

42. TIME OF ESSENCE. Time is expressly declared to be of the essence in this Lease.

43. BINDING OF HEIRS AND ASSIGNS. All provisions of this Lease shall extend to and bind not only the parties to this Lease, but to each and every one of the heirs, executors, representatives, successors and assigns of Landlord and Tenant.

44. NO THIRD-PARTY BENEFICIARIES. This Lease is for the sole and exclusive benefit of the Tenant and Landlord, and nothing in this Lease, express or implied, is intended to confer or shall be construed as conferring upon any other person or entity any rights, remedies or any other type or types of benefits.

45. NO WAIVER OF IMMUNITIES. Nothing in this Lease shall be deemed to waive, modify or amend any legal defense available at law or in equity to Landlord, its past or present officers, employees, or agents, nor to create any legal rights or claim on behalf of any third party. Landlord does not waive, modify, or alter to any extent whatsoever the availability of the defense of governmental immunity under the laws of the State of Texas and of the United States.

46. FORCE MAJEURE. If the party obligated to perform is prevented from performance by an act of war, order of legal authority, act of God, or other unavoidable cause not attributable to the fault or negligence of said party, the other party shall grant such party relief from the performance of this Lease. The burden of proof for the need of such relief shall rest upon the party obligated to perform. To obtain release based on force majeure, the party obligated to perform shall file a written request with the other party.

47. PRO-RATA PROPORTIONS. If this Lease should commence on a date other than the First (1st) day of a calendar year or terminate on a date other than the last day of the then current term of the Lease, percentage rental for such fractional part of the then current term of the Lease following the commencement date or preceding the termination date, as the case may be, shall be paid after deducting from the percentage rental all payments of minimum guaranteed rental for the fractional period, the percentage rental to be paid in monthly installments as provided in this Lease with respect to full term of the Lease.

48. EXECUTION IN COUNTERPARTS. This Lease may be executed in counterparts, each of which, when executed and delivered, shall be deemed to be an original and all of which together shall constitute one and the same document.

49. BINDING EFFECT. This Lease and its addenda, if any, sets forth all the promises, agreements, conditions, and understandings between Landlord and Tenant relative to the Premises and supersedes any prior understandings or written or oral agreements between the parties with respect to the to the Premises. There are no other promises, agreements, conditions, or understandings, either oral or written, between them. No subsequent alteration, amendment, change, or addition to this Lease will be binding on Landlord or Tenant unless in writing and signed by them and made a part of this Lease by direct reference.

IMPORTANT LEGAL NOTICES

Tenants may have special statutory rights to terminate the lease early in certain situations involving family violence or a military deployment or transfer.

If Tenant gives Landlord notice according to Tex. Prop. Code Ann. § 92.056 regarding a condition that materially affects the physical health or safety of an ordinary tenant, and Landlord fails to repair the condition within a reasonable time, Tenant is entitled to the following remedies:

(1) Terminate the lease;
(2) Have the condition repaired or remedied;
(3) Deduct from Tenant's rent, without necessity of judicial action, the cost of the repair or remedy; and
(4) Obtain judicial remedies according to Tex. Prop. Code Ann. § 92.0563.

Note that if Tenant chooses to terminate the lease, the following applies:

(1) Tenant is entitled to a pro rata refund of the rent from the later of the following: (a) date of termination of the lease; (b) date Tenant moves out;
(2) Tenant is entitled to deduct security deposit from his or her rent without the necessity of a lawsuit or to obtain a refund of the security deposit according to law; and
(3) Tenant is not entitled to repair and deduction remedies under Tex. Prop. Code Ann. § 92.0561 of the Property Code or judicial remedies under Tex. Prop. Code Ann. § 92.0563(a)(1), (2).

REAL ESTATE CONTRACT
Corridor H/Sam Bass Road Right of Way

THIS REAL ESTATE CONTRACT ("Contract") is made by JIMMIE M. ZIMMERMAN and SALLY K. ZIMMERMAN (referred to in this Contract as "Seller") and WILLIAMSON COUNTY, TEXAS (referred to in this Contract as "Purchaser"), upon the terms and conditions set forth in this Contract.

ARTICLE I
PURCHASE AND SALE

By this Contract, Seller sells and agrees to convey, and Purchaser purchases and agrees to pay for, the tract(s) of land described as follows:

> All of that certain 0.054 of an acre (2,355 sq. ft.) tract of land out of the W. Kinkaid Survey, Abstract No. 374, and the W. Dugan Survey, Abstract No. 190, in Williamson County, Texas; said tract being more particularly described by metes and bounds in Exhibit "A" to be attached (with final, signed version to be provided prior to Closing). (**Parcel 75**); and

together with all and singular the rights and appurtenances pertaining to the property, including any right, title and interest of Seller in and to adjacent streets, alleys or rights-of-way (all of such real property, rights, and appurtenances being referred to in this Contract as the "Property"), and any improvements situated on and attached to the Property described in Exhibits "A" not otherwise agreed herein to be retained by Seller, for the consideration and upon and subject to the terms, provisions, and conditions set forth below.

ARTICLE II
PURCHASE PRICE

Purchase Price

2.01. The Purchase Price for the Property, any improvements on the Property, and any damage to or cost to cure for the remaining property of Seller shall be the sum of FOURTEEN THOUSAND ONE HUNDRED THIRTY and 00/100 Dollars ($14,130.00).

Payment of Purchase Price

2.02. The Purchase Price shall be payable in good funds at the Closing.

ARTICLE III
PURCHASER'S OBLIGATIONS

Conditions to Purchaser's Obligations

3.01. The obligations of Purchaser hereunder to consummate the transactions contemplated hereby are subject to the satisfaction of each of the following conditions (any of which may be waived in whole or in part by Purchaser at or prior to the Closing).

Miscellaneous Conditions

3.02. Seller shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Contract to be performed, observed, and complied with by Seller prior to or as of the closing.

3.03. The Property herein is being conveyed to Purchaser under threat of condemnation.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed made by Seller to Purchaser also as of the Closing Date, to the best of Seller's current actual knowledge:

(1) There are no parties in possession of any portion of the Property as lessees, tenants at sufferance, or trespassers, other than as previously disclosed to Purchaser;

(2) Seller has complied with all applicable laws, ordinances, regulations, statutes, rules and restrictions relating to the Property, or any part thereof.

ARTICLE V
CLOSING

Closing Date

5.01. The Closing shall be held at the office of Texas National Title on or before October 31, 2021, or at such time, date, and place as Seller and Purchaser may agree upon, or within 10 days after the completion of any title curative matters if necessary for items as shown on the Title Commitment or in the contract (which date is herein referred to as the "Closing Date").

Seller's Obligations at Closing

5.02. At the Closing Seller shall:

(1) Deliver to Purchaser a duly executed and acknowledged Deed conveying good and indefeasible title to Williamson County, Texas in fee simple to all of the Property described in Exhibit "A", free and clear of any and all monetary liens and restrictions, except for the following:

(a) General real estate taxes for the year of closing and subsequent years not yet due and payable;

(b) Any exceptions approved by Purchaser pursuant to Article III hereof; and

(c) Any exceptions approved by Purchaser in writing.

(2) The Deed shall be in the form as shown in Exhibit "B" attached hereto and incorporated herein.

(3) Provide reasonable assistance as requested to cause Title Company to deliver to Purchaser a Texas Owner's Title Policy at Purchaser's sole expense, issued by Title Company, in Grantee's favor in the full amount of the purchase price, insuring Purchaser's contracted interests in and to the Property subject only to those title exceptions listed herein, such other exceptions as may be approved in writing by Purchaser, and the standard printed exceptions contained in the usual form of Texas Owner's Title Policy, provided, however:

(a) The boundary and survey exceptions shall be deleted;

(b) The exception as to restrictive covenants shall be endorsed "None of Record", if applicable; and

(c) The exception as to the lien for taxes shall be limited to the year of Closing and shall be endorsed "Not Yet Due and Payable".

(d) Deliver to Purchaser possession of the Property if not previously done.

Purchaser's Obligations at Closing

5.03. At the Closing, Purchaser shall:

(a) Pay the cash portion of the Purchase Price.

Prorations

5.04. General real estate taxes for the then current year relating to the Property shall be prorated as of the Closing Date and shall be adjusted in cash at the Closing. If the Closing shall occur before the tax rate is fixed for the then current year, the apportionment of taxes shall be upon the basis of the tax rate for the next preceding year applied to the latest assessed valuation, but shall otherwise be the continuing obligation of Seller to fully satisfy. Agricultural roll-back taxes, if any, which directly result from the completion of this transaction and conveyance shall be paid by Purchaser.

Closing Costs

5.05. All costs and expenses of closing in consummating the sale and purchase of the Property shall be borne and paid as follows:

(1) Owner's Title Policy and survey to be paid by Purchaser.

(2) Deed, tax certificates, and title curative matters, if any, paid by Purchaser.

(3) All other closing costs shall be paid by Purchaser.

(4) Attorney's fees paid by each respectively as incurred.

ARTICLE VI
BREACH BY SELLER

In the event Seller shall fail to fully and timely perform any of its obligations hereunder or shall fail to consummate the sale of the Property for any reason, except Purchaser's default, Purchaser may: (1) enforce specific performance of this Contract; or (2) request that the Escrow Deposit, if any, shall be forthwith returned by the title company to Purchaser.

ARTICLE VII
BREACH BY PURCHASER

In the event Purchaser should fail to consummate the purchase of the Property, the conditions to Purchaser's obligations set forth in Article III having been satisfied and Purchaser being in default and Seller not being in default hereunder, Seller shall have the right to receive the Escrow Deposit, if any, from the title company, the sum being agreed on as liquidated damages for the failure of Purchaser to perform the duties, liabilities, and obligations imposed upon it by the terms and provisions of this Contract, and Seller agrees to accept and take this cash payment as its total damages and relief and as Seller's sole remedy hereunder in such event. If no Escrow Deposit has been made then Seller shall receive the amount of $500 as liquidated damages for any failure by Purchaser.

ARTICLE VIII
MISCELLANEOUS

Notice

8.01. Any notice required or permitted to be delivered hereunder shall be deemed received when sent by United States mail, postage prepaid, certified mail, return receipt requested, addressed to Seller or Purchaser, as the case may be, at the address set forth opposite the signature of the party.

Texas Law to Apply

8.02. This Contract shall be construed under and in accordance with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Williamson County, Texas.

Parties Bound

8.03. This Contract shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Contract.

Legal Construction

8.04. In case any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, this invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Contract shall be construed as if the invalid, illegal, or unenforceable provision had never been contained herein.

Prior Agreements Superseded

8.05. This Contract constitutes the sole and only agreement of the parties and supersedes any prior understandings or written or oral agreements between the parties respecting the within subject matter.

Time of Essence

8.06. Time is of the essence in this Contract.

Gender

8.07. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, and vice versa, unless the context requires otherwise.

Memorandum of Contract

8.08. Upon request of either party, the parties shall promptly execute a memorandum of this Contract suitable for filing of record.

Compliance

8.09. In accordance with the requirements of Section 20 of the Texas Real Estate License Act, Purchaser is hereby advised that it should be furnished with or obtain a policy of title insurance or Purchaser should have the abstract covering the Property examined by an attorney of Purchaser's own selection.

Effective Date

8.10. This Contract shall be effective as of the date it is approved by Williamson County, Texas which date is indicated beneath the County Judge's signature below.

INTERLOCAL AGREEMENT
REGARDING THE CITY/COUNTY PARTICIPATION IN THE DESIGN AND CONSTRUCTION COSTS RELATED TO THE SOUTH BROAD AND MUERY STREETS CONSTRUCTION PROJECT

THE STATE OF TEXAS §
§ KNOW ALL BY THESE PRESENTS:
COUNTY OF WILLIAMSON §

THIS INTERLOCAL AGREEMENT ("**Agreement**") is entered into between the City of Coupland, Texas, a Texas municipal corporation (the "**City**") and Williamson County, a political subdivision of the State of Texas (the "**County**"). In this Agreement, the City and the County are sometimes individually referred to as "**a Party**" and collectively referred to as "**the Parties**".

WHEREAS, V.T.C.A., Government Code, Chapter 791, the Texas Interlocal Cooperation Act, provides that any one or more public agencies may contract with each other for the performance of governmental functions or services for the promotion and protection of the health and welfare of the inhabitants of this State and the mutual benefit of the parties;

WHEREAS, the County is and has been in the process of designing the reconstruction of South Broad and Muery Streets, the approximate location being shown on Exhibit "A", attached hereto, (the "County Project"); and

WHEREAS, the City desires to cooperate with the County to facilitate the construction of the County Project; and

NOW, THEREFORE, in consideration of the foregoing premises and the mutual promises and agreements of the Parties contained in this Agreement, the Parties agree as follows:

I.
PURPOSE

1.01 General. The purpose of this Agreement is to provide consent for the County's construction of the County Project with the Coupland city limits. The County Project includes pavement stabilization, surface treatment, grading and other activities related to the County Project.

II.
CONSTRUCTION OF COUNTY PROJECT

2.01 County Obligations. The County shall be responsible for all costs associated with the preliminary and final design, construction bidding and management, and all other costs related to the construction of the County Project.

2.04 Permits. The County shall be responsible for obtaining permits, if any, required for the construction of the Project. Any permits required by the City are hereby waived.

III.

CITY OBLIGATIONS

3.01 Permission to Construct. The City agrees to allow the County to construct the County Project within the City's boundaries. The City further agrees to accept maintenance of the County Project within the City limits.

IV.
GENERAL PROVISIONS

5.01 Authority. This Agreement is made in part under the authority conferred in Chapter 791, *Texas Government Code*

5.02 Term. This Agreement shall commence upon execution of this Agreement and shall end upon the completion of the County Project.

5.03 Severability. The provisions of this Agreement are severable and, if any provision of this Agreement is held to be invalid for any reason by a court or agency of competent jurisdiction, the remainder of this Agreement will not be affected and this Agreement will be construed as if the invalid portion had never been contained herein.

5.05 Cooperation. The Parties agree to cooperate at all times in good faith to effectuate the purposes and intent of this Agreement.

5.06 Entire Agreement. This Agreement contains the entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous understandings or representations, whether oral or written, regarding the subject matter and only relates to those portions of the County Project shown in Exhibit "A."

5.07 Amendments. Any amendment of this Agreement must be in writing and will be effective if signed by the authorized representatives of the Parties.

5.08 Applicable Law; Venue. This Agreement will be construed in accordance with Texas law. Venue for any action arising hereunder will be in Williamson County, Texas.

5.09 Notices. Any notices given under this Agreement will be effective if (i) forwarded to a Party by hand-delivery; (ii) transmitted to a Party by confirmed telecopy; or (iii) deposited with the U.S. Postal Service, postage prepaid, certified, to the address of the Party indicated below:

CITY:	**P.O Box 581, Coupland, TX 78615** **ATTN: Jack Piper** **Telephone: (512) 856-2635** Attn: City Administrator

REAL ESTATE CONTRACT
County Road 100/118 Right of Way—Parcels 4&6

THIS REAL ESTATE CONTRACT ("Contract") is made by **RONALD A. SMITH and JANICE H. SMITH** (referred to in this Contract as "Seller") and **WILLIAMSON COUNTY, TEXAS** (referred to in this Contract as "Purchaser"), upon the terms and conditions set forth in this Contract.

ARTICLE I
PURCHASE AND SALE

By this Contract, Seller sells and agrees to convey, and Purchaser purchases and agrees to pay for, the tract of land described as follows:

> Being a 0.632 acre (27,548 square foot) parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "A" attached hereto and made a part hereof. (**Parcel 4**); and
>
> Being a 0.206 acre (8,976 square foot) parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "B" attached hereto and made a part hereof. (**Parcel 6**);

together with all and singular the rights and appurtenances pertaining to the property, including any right, title and interest of Seller in and to adjacent streets, alleys or rights-of-way (all of such real property, rights, and appurtenances being referred to in this Contract as the "Property"), and any improvements situated on and attached to the Property described in Exhibit "A" not otherwise agreed herein to be retained by Seller, for the consideration and upon and subject to the terms, provisions, and conditions set forth below.

ARTICLE II
PURCHASE PRICE

Purchase Price

2.01. The Purchase Price for the Property described in Exhibit "A", any improvements on the Property, and any damage to and/or cost to cure the remaining property of Seller, shall be the sum of SEVENTY-SIX THOUSAND SEVEN HUNDRED FORTY and 00/100 Dollars ($76,740.00).

Payment of Purchase Price

2.02. The Purchase Price shall be payable in cash at the Closing.

ARTICLE III
PURCHASER'S OBLIGATIONS

Conditions to Purchaser's Obligations

3.01. The obligations of Purchaser hereunder to consummate the transactions contemplated hereby are subject to the satisfaction of each of the following conditions (any of which may be waived in whole or in part by Purchaser at or prior to the Closing).

Miscellaneous Conditions

3.02. Seller shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Contract to be performed, observed, and complied with by Seller prior to or as of the Closing.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed made by Seller to Purchaser also as of the Closing Date, to the best of Seller's current actual knowledge:

(1) There are no parties in possession of any portion of the Property as lessees, tenants at sufferance, or trespassers, other than as previously disclosed to Purchaser;

(2) Seller has complied with all applicable laws, ordinances, regulations, statutes, rules and restrictions relating to the Property, or any part thereof.

The Property herein is being conveyed to Purchaser under threat of condemnation.

ARTICLE V
CLOSING

Closing Date

5.01. The Closing shall be held at the office of Longhorn Title Company on or before November 15, 2020, or at such time, date, and place as Seller and Purchaser may agree upon, or within 10 days after the completion of any title curative matters if necessary for items as shown on the Title Commitment or in the contract (which date is herein referred to as the "Closing Date").

Seller's Obligations at Closing

5.02. At the Closing Seller shall:

(1) Deliver to Purchaser a duly executed and acknowledged Deed conveying good and indefeasible title to Williamson County, Texas in fee simple to all of the Property described in Exhibit "A", free and clear of any and all monetary liens and restrictions, except for the following:

(a) General real estate taxes for the year of closing and subsequent years not yet due and payable;

(b) Any exceptions approved by Purchaser pursuant to Article III hereof; and

(c) Any exceptions approved by Purchaser in writing.

The Deed shall be in the form as shown in Exhibit "C" attached hereto and incorporated herein.

(2) Provide reasonable assistance as requested, at no cost to Seller, to cause the Title Company to deliver to Purchaser a Texas Owner's Title Policy at Purchaser's sole expense, in Grantee's favor in the full amount of the Purchase Price, insuring Purchaser's contracted interests in and to the Property subject only to those title exceptions listed herein, such other exceptions as may be approved in writing by Purchaser, and the standard printed exceptions contained in the usual form of Texas Owner's Title Policy, provided, however:

(a) The boundary and survey exceptions shall be deleted;

(b) The exception as to restrictive covenants shall be endorsed "None of Record", if applicable; and

(c) The exception as to the lien for taxes shall be limited to the year of Closing and shall be endorsed "Not Yet Due and Payable".

(d) Deliver to Purchaser possession of the Property if not previously done.

Purchaser's Obligations at Closing

5.03. At the Closing, Purchaser shall:

(a) Pay the cash portion of the Purchase Price.

Prorations

5.04. General real estate taxes for the then current year relating to the Property shall be prorated as of the Closing Date and shall be adjusted in cash at the Closing. If the Closing shall occur before the tax rate is fixed for the then current year, the apportionment of taxes shall be upon the basis of the tax rate for the next preceding year applied to the latest assessed valuation, but shall otherwise remain the continuing obligation of Seller to satisfy. Agricultural roll-back taxes, if any, which directly result from completion of this transaction and conveyance shall be paid by Purchaser.

Closing Costs

5.05. All costs and expenses of closing in consummating the sale and purchase of the Property shall be borne and paid as follows:

(1) Owner's Title Policy and survey to be paid by Purchaser.

(2) Deed, tax certificates, and title curative matters, if any, paid by Purchaser.

(3) All other closing costs shall be paid by Purchaser.

(4) Attorney's fees paid by each party incurring same respectively.

ARTICLE VI
BREACH BY SELLER

In the event Seller shall fail to fully and timely perform any of its obligations hereunder or shall fail to consummate the sale of the Property for any reason, except Purchaser's default, Purchaser may: (1) enforce specific performance of this Contract; or (2) request that the Escrow Deposit, if any, shall be forthwith returned by the title company to Purchaser.

ARTICLE VII
BREACH BY PURCHASER

In the event Purchaser should fail to consummate the purchase of the Property, the conditions to Purchaser's obligations set forth in Article III having been satisfied and Purchaser being in default and Seller not being in default hereunder, Seller shall have the right to receive the Escrow Deposit, if any, from the title company, the sum being agreed on as liquidated damages for the failure of Purchaser to perform the duties, liabilities, and obligations imposed upon it by the terms and provisions of this Contract, and Seller agrees to accept and take this cash payment as its total damages and relief and as Seller's sole remedy hereunder in such event. If no Escrow Deposit has been made then Seller shall receive the amount of $500 as liquidated damages for any failure by Purchaser.

ARTICLE VIII
MISCELLANEOUS

Notice

8.01. Any notice required or permitted to be delivered hereunder shall be deemed received when sent by United States mail, postage prepaid, certified mail, return receipt requested, addressed to Seller or Purchaser, as the case may be, at the address set forth opposite the signature of the party.

Texas Law to Apply

8.02. This Contract shall be construed under and in accordance with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Williamson County, Texas.

Parties Bound

8.03. This Contract shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Contract.

Legal Construction

8.04. In case any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, this invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Contract shall be construed as if the invalid, illegal, or unenforceable provision had never been contained herein.

Prior Agreements Superseded

8.05. This Contract constitutes the sole and only agreement of the parties and supersedes any prior understandings or written or oral agreements between the parties respecting the within subject matter.

Time of Essence

8.06. Time is of the essence in this Contract.

Gender

8.07. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, and vice versa, unless the context requires otherwise.

Memorandum of Contract

8.08. Upon request of either party, the parties shall promptly execute a memorandum of this Contract suitable for filing of record.

Compliance

8.09. In accordance with the requirements of Section 20 of the Texas Real Estate License Act, Purchaser is hereby advised that it should be furnished with or obtain a policy of title insurance or Purchaser should have the abstract covering the Property examined by an attorney of Purchaser's own selection.

Effective Date

8.10. This Contract shall be effective as of the date it is approved by Williamson County, Texas which date is indicated beneath the County Judge's signature below.

Counterparts

REAL ESTATE CONTRACT
County Road 100/118 Right of Way—Parcel 7

THIS REAL ESTATE CONTRACT ("Contract") is made by **GARRY W. GUTHRIE and A. CAROL GUTHRIE** (referred to in this Contract as "Seller") and **WILLIAMSON COUNTY, TEXAS** (referred to in this Contract as "Purchaser"), upon the terms and conditions set forth in this Contract.

ARTICLE I
PURCHASE AND SALE

By this Contract, Seller sells and agrees to convey, and Purchaser purchases and agrees to pay for, the tract of land described as follows:

> Being a 0.258 acre (11,253 square foot) parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "A" attached hereto and made a part hereof. (**Parcel 7**);

together with all and singular the rights and appurtenances pertaining to the property, including any right, title and interest of Seller in and to adjacent streets, alleys or rights-of-way (all of such real property, rights, and appurtenances being referred to in this Contract as the "Property"), and any improvements situated on and attached to the Property described in Exhibit "A" not otherwise agreed herein to be retained by Seller, for the consideration and upon and subject to the terms, provisions, and conditions set forth below.

ARTICLE II
PURCHASE PRICE

Purchase Price

2.01. The Purchase Price for the Property described in Exhibit "A", any improvements on the Property, and any damage to and/or cost to cure the remaining property of Seller, shall be the sum of TWENTY-THREE THOUSAND THREE HUNDRED NINETY and 00/100 Dollars ($23,390.00).

Payment of Purchase Price

2.02. The Purchase Price shall be payable in cash at the Closing.

ARTICLE III
PURCHASER'S OBLIGATIONS

Conditions to Purchaser's Obligations

3.01. The obligations of Purchaser hereunder to consummate the transactions contemplated hereby are subject to the satisfaction of each of the following conditions (any of which may be waived in whole or in part by Purchaser at or prior to the Closing).

Miscellaneous Conditions

3.02. Seller shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Contract to be performed, observed, and complied with by Seller prior to or as of the Closing.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed made by Seller to Purchaser also as of the Closing Date, to the best of Seller's current actual knowledge:

(1) There are no parties in possession of any portion of the Property as lessees, tenants at sufferance, or trespassers, other than as previously disclosed to Purchaser;

(2) Seller has complied with all applicable laws, ordinances, regulations, statutes, rules and restrictions relating to the Property, or any part thereof.

The Property herein is being conveyed to Purchaser under threat of condemnation.

ARTICLE V
CLOSING

Closing Date

5.01. The Closing shall be held at the office of Longhorn Title Company on or before November 15, 2020, or at such time, date, and place as Seller and Purchaser may agree upon, or within 10 days after the completion of any title curative matters if necessary for items as shown on the Title Commitment or in the contract (which date is herein referred to as the "Closing Date").

Seller's Obligations at Closing

5.02. At the Closing Seller shall:

(1) Deliver to Purchaser a duly executed and acknowledged Deed conveying good and indefeasible title to Williamson County, Texas in fee simple to all of the Property described in Exhibit "A", free and clear of any and all monetary liens and restrictions, except for the following:

(a) General real estate taxes for the year of closing and subsequent years not yet due and payable;

(b) Any exceptions approved by Purchaser pursuant to Article III hereof; and

(c) Any exceptions approved by Purchaser in writing.

The Deed shall be in the form as shown in Exhibit "B" attached hereto and incorporated herein.

(2) Provide reasonable assistance as requested, at no cost to Seller, to cause the Title Company to deliver to Purchaser a Texas Owner's Title Policy at Purchaser's sole expense, in Grantee's favor in the full amount of the Purchase Price, insuring Purchaser's contracted interests in and to the Property subject only to those title exceptions listed herein, such other exceptions as may be approved in writing by Purchaser, and the standard printed exceptions contained in the usual form of Texas Owner's Title Policy, provided, however:

(a) The boundary and survey exceptions shall be deleted;

(b) The exception as to restrictive covenants shall be endorsed "None of Record", if applicable; and

(c) The exception as to the lien for taxes shall be limited to the year of Closing and shall be endorsed "Not Yet Due and Payable".

(d) Deliver to Purchaser possession of the Property if not previously done.

Purchaser's Obligations at Closing

5.03. At the Closing, Purchaser shall:

(a) Pay the cash portion of the Purchase Price.

Prorations

5.04. General real estate taxes for the then current year relating to the Property shall be prorated as of the Closing Date and shall be adjusted in cash at the Closing. If the Closing shall occur before the tax rate is fixed for the then current year, the apportionment of taxes shall be upon the basis of the tax rate for the next preceding year applied to the latest assessed valuation, but shall otherwise remain the continuing obligation of Seller to satisfy. Agricultural roll-back taxes, if any, which directly result from completion of this transaction and conveyance shall be paid by Purchaser.

Closing Costs

5.05. All costs and expenses of closing in consummating the sale and purchase of the Property shall be borne and paid as follows:

(1) Owner's Title Policy and survey to be paid by Purchaser.

(2) Deed, tax certificates, and title curative matters, if any, paid by Purchaser.

(3) All other closing costs shall be paid by Purchaser.

(4) Attorney's fees paid by each party incurring same respectively.

ARTICLE VI
BREACH BY SELLER

In the event Seller shall fail to fully and timely perform any of its obligations hereunder or shall fail to consummate the sale of the Property for any reason, except Purchaser's default, Purchaser may: (1) enforce specific performance of this Contract; or (2) request that the Escrow Deposit, if any, shall be forthwith returned by the title company to Purchaser.

ARTICLE VII
BREACH BY PURCHASER

In the event Purchaser should fail to consummate the purchase of the Property, the conditions to Purchaser's obligations set forth in Article III having been satisfied and Purchaser being in default and Seller not being in default hereunder, Seller shall have the right to receive the Escrow Deposit, if any, from the title company, the sum being agreed on as liquidated damages for the failure of Purchaser to perform the duties, liabilities, and obligations imposed upon it by the terms and provisions of this Contract, and Seller agrees to accept and take this cash payment as its total damages and relief and as Seller's sole remedy hereunder in such event. If no Escrow Deposit has been made then Seller shall receive the amount of $500 as liquidated damages for any failure by Purchaser.

ARTICLE VIII
MISCELLANEOUS

Notice

8.01. Any notice required or permitted to be delivered hereunder shall be deemed received when sent by United States mail, postage prepaid, certified mail, return receipt requested, addressed to Seller or Purchaser, as the case may be, at the address set forth opposite the signature of the party.

Texas Law to Apply

8.02. This Contract shall be construed under and in accordance with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Williamson County, Texas.

Parties Bound

8.03. This Contract shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Contract.

Legal Construction

8.04. In case any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, this invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Contract shall be construed as if the invalid, illegal, or unenforceable provision had never been contained herein.

Prior Agreements Superseded

8.05. This Contract constitutes the sole and only agreement of the parties and supersedes any prior understandings or written or oral agreements between the parties respecting the within subject matter.

Time of Essence

8.06. Time is of the essence in this Contract.

Gender

8.07. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, and vice versa, unless the context requires otherwise.

Memorandum of Contract

8.08. Upon request of either party, the parties shall promptly execute a memorandum of this Contract suitable for filing of record.

Compliance

8.09. In accordance with the requirements of Section 20 of the Texas Real Estate License Act, Purchaser is hereby advised that it should be furnished with or obtain a policy of title insurance or Purchaser should have the abstract covering the Property examined by an attorney of Purchaser's own selection.

Effective Date

8.10. This Contract shall be effective as of the date it is approved by Williamson County, Texas which date is indicated beneath the County Judge's signature below.

Counterparts

8.11 This Contract may be executed in any number of counterparts, which may together constitute the Contract. Signatures transmitted by facsimile or electronic mail may be considered effective as originals for purposes of this Contract.

Possession and Use Agreement

8.12. Upon completion of (1) the full execution of this Contract by all parties, and (2) acknowledgment by the Title Company of delivery by Purchaser of the full Purchase Price to the Title Company, Purchaser, its agents and contractors shall be permitted at any time after December 1, 2021 to enter and possess the Property prior to Closing for the purpose of completing any and all necessary construction activities associated with the proposed County Road 100/118 improvement construction project of Purchaser, and Seller agrees to make any gate access available to Purchaser, its contractors or utility facility owners as necessary to carry out the purposes of this paragraph. The parties further agree to continue to use diligence in assisting with any title curative measures required by the Contract to complete the Closing of the purchase transaction.

NOW, THEREFORE, KNOW ALL BY THESE PRESENTS:

That the **GARRY W. GUTHRIE ET UX, A. CAROL GUTHRIE**, hereinafter referred to as Grantor, whether one or more, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to Grantor in hand paid by Williamson County, Texas, the receipt and sufficiency of which is hereby acknowledged, and for which no lien is retained, either expressed or implied, have this day Sold and by these presents do Grant, Bargain, Sell and Convey unto **WILLIAMSON COUNTY, TEXAS**, all that certain tract or parcel of land lying and being situated in the County of Williamson, State of Texas, along with any improvements thereon, being more particularly described as follows (the "Property"):

> Being a 0.258 acre parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "A" attached hereto and made a part hereof. (**Parcel 7**)

SAVE AND EXCEPT, HOWEVER, it is expressly understood and agreed that Grantor is retaining title to the following improvements located on the Property described in said Exhibit "A" to wit: NONE

RESERVATIONS FROM AND EXCEPTIONS TO CONVEYANCE AND WARRANTY:

Visible and apparent easements not appearing of record;

Any discrepancies, conflicts, or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show;

Easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances, and encumbrances for taxes and assessments (other than liens and conveyances) presently of record in the Official Public Records of Williamson County, Texas, that affect the property, but only to the extent that said items are still valid and in force and effect at this time.

Grantor reserves all of the oil, gas and other minerals in and under the land herein conveyed but waives all rights of ingress and egress to the surface thereof for the purpose of exploring, developing, mining or drilling or pumping the same; provided, however, that operations for exploration or recovery of any such minerals shall be permissible so long as all surface operations in connection therewith are located at a point outside the acquired parcel and upon the condition that none of such operations shall be conducted so near the surface of said land as to interfere with the intended use thereof or in any way interfere with, jeopardize, or endanger the facilities of Williamson County, Texas or create a hazard to the public users thereof; it being intended, however, that nothing in this reservation shall affect the title and the rights of Grantee to take and use without additional compensation any, stone, earth, gravel, caliche, iron ore, gravel or any other road building material upon, in and under said land for the construction and maintenance of CR 100/118.

TO HAVE AND TO HOLD the property herein described and herein conveyed together with all and singular the rights and appurtenances thereto in any wise belonging unto Williamson County, Texas and its assigns forever; and Grantor does hereby bind itself, its heirs, executors, administrators, successors and assigns to Warrant and Forever Defend all and singular the said premises herein conveyed unto Williamson County, Texas and its assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof.

This deed is being delivered in lieu of condemnation.

REAL ESTATE CONTRACT

County Road 100/118 Right of Way—Parcel 8

THIS REAL ESTATE CONTRACT ("Contract") is made by **CHRISTY D. NOREN and JENNY E. NOREN, CO-TRUSTEES OF THE JOHN W. NOREN FAMILY TRUST** (referred to in this Contract as "Seller") and **WILLIAMSON COUNTY, TEXAS** (referred to in this Contract as "Purchaser"), upon the terms and conditions set forth in this Contract.

ARTICLE I
PURCHASE AND SALE

By this Contract, Seller sells and agrees to convey, and Purchaser purchases and agrees to pay for, the tract of land described as follows:

> Being a 0.725 acre (31,575 square foot) parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "A" attached hereto and made a part hereof. (**Parcel 8**);

together with all and singular the rights and appurtenances pertaining to the property, including any right, title and interest of Seller in and to adjacent streets, alleys or rights-of-way (all of such real property, rights, and appurtenances being referred to in this Contract as the "Property"), and any improvements situated on and attached to the Property described in Exhibit "A" not otherwise agreed herein to be retained by Seller, for the consideration and upon and subject to the terms, provisions, and conditions set forth below.

ARTICLE II
PURCHASE PRICE

Purchase Price

2.01. The Purchase Price for the Property described in Exhibit "A", any improvements on the Property, and any damage to and/or cost to cure the remaining property of Seller, shall be the sum of NINETY-FIVE THOUSAND and 00/100 Dollars ($95,000.00).

Payment of Purchase Price

2.02. The Purchase Price shall be payable in cash at the Closing.

ARTICLE III
PURCHASER'S OBLIGATIONS

Conditions to Purchaser's Obligations

3.01. The obligations of Purchaser hereunder to consummate the transactions contemplated hereby are subject to the satisfaction of each of the following conditions (any of which may be waived in whole or in part by Purchaser at or prior to the Closing).

Miscellaneous Conditions

3.02. Seller shall have performed, observed, and complied with all of the covenants, agreements, and conditions required by this Contract to be performed, observed, and complied with by Seller prior to or as of the Closing.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Purchaser as follows, which representations and warranties shall be deemed made by Seller to Purchaser also as of the Closing Date, to the best of Seller's current actual knowledge:

(1) There are no parties in possession of any portion of the Property as lessees, tenants at sufferance, or trespassers, other than as previously disclosed to Purchaser;

(2) Seller has complied with all applicable laws, ordinances, regulations, statutes, rules and restrictions relating to the Property, or any part thereof.

*See Addendum to Article IV attached hereto.

The Property herein is being conveyed to Purchaser under threat of condemnation.

INITIAL CDN

ARTICLE V
CLOSING

Closing Date

5.01. The Closing shall be held at the office of Longhorn Title Company on or before November 15, 2020~~1~~ or at such time, date, and place as Seller and Purchaser may agree upon, or within 10 days after the completion of any title curative matters if necessary for items as shown on the Title Commitment or in the contract (which date is herein referred to as the "Closing Date").

INITIAL CDN

Seller's Obligations at Closing

5.02. At the Closing Seller shall:

(1) Deliver to Purchaser a duly executed and acknowledged Deed conveying good and indefeasible title to Williamson County, Texas in fee simple to all of the Property described in Exhibit "A", free and clear of any and all monetary liens and restrictions, except for the following:

(a) General real estate taxes for the year of closing and subsequent years not yet due and payable;

(b) Any exceptions approved by Purchaser pursuant to Article III hereof; and

(c) Any exceptions approved by Purchaser in writing.

The Deed shall be in the form as shown in Exhibit "B" attached hereto and incorporated herein.

(2) Provide reasonable assistance as requested, at no cost to Seller, to cause the Title Company to deliver to Purchaser a Texas Owner's Title Policy at Purchaser's sole expense, in Grantee's favor in the full amount of the Purchase Price, insuring Purchaser's contracted interests in and to the Property subject only to those title exceptions listed herein, such other exceptions as may be approved in writing by Purchaser, and the standard printed exceptions contained in the usual form of Texas Owner's Title Policy, provided, however:

(a) The boundary and survey exceptions shall be deleted;

(b) The exception as to restrictive covenants shall be endorsed "None of Record", if applicable; and

(c) The exception as to the lien for taxes shall be limited to the year of Closing and shall be endorsed "Not Yet Due and Payable".

(d) Deliver to Purchaser possession of the Property if not previously done.

Purchaser's Obligations at Closing

5.03. At the Closing, Purchaser shall:

(a) Pay the cash portion of the Purchase Price.

ARTICLE VIII
MISCELLANEOUS

Notice

8.01. Any notice required or permitted to be delivered hereunder shall be deemed received when sent by United States mail, postage prepaid, certified mail, return receipt requested, addressed to Seller or Purchaser, as the case may be, at the address set forth opposite the signature of the party.

ADDENDUM TO ARTICLE IV

3. All references in Article IV or elsewhere in this Contract to "Seller's knowledge" or "Seller's actual knowledge" or the "best of Seller's knowledge" (i) shall refer solely to the actual knowledge (as opposed to constructive, deemed or imputed knowledge) of Christy D. Noren and Jenny E. Noren as Co-Trustees of the John D. Noren Family Trust, (ii) shall not be construed to refer to the knowledge of any other employee, officer, director, shareholder or agent of Seller or any affiliate of Seller, (iii) shall not impose upon the foregoing individual(s) any duty to investigate the matter to which the actual knowledge, or the absence thereof, pertains and (iv) shall not impose any personal liability upon such person for the inaccuracy of such representation or warranty. Notwithstanding anything in this Contract to the contrary, in the event that any of the Seller's representations or warranties in this Contract becomes untrue or materially inaccurate between the Effective Date and the date of Closing, Seller will promptly notify Purchaser of same before Closing, whereupon Purchaser shall as its sole and exclusive alternative remedies have the right to either (i) terminate this Contract within five (5) days of receipt of notice of such fact by giving written notice of termination to Seller within said period, whereupon the Earnest Money shall be promptly returned to Purchaser and the parties shall have no further obligations hereunder other than the Surviving Obligations, (ii) waive any claim or cause of action relating to such fact and proceed to Closing or (iii) extend the Closing for a period of time not to exceed ten (10) days in order that Seller may attempt to cure the default. If Purchaser fails to notify Seller of such election within five (5) days of its receipt of such notice from Seller, then Purchaser shall be deemed to have elected item (ii) of the preceding sentence. Purchaser shall not have the right to make a claim under any particular representation or warranty of Seller to the extent that, prior to Closing, Purchaser becomes aware that the representation or warranty is not accurate and elects to proceed to close. Seller 's representations and warranties in Article IV shall survive the Closing for a period of one (1) year.

4. **AS IS.** Purchaser acknowledges and agrees that, other than as may be specifically set forth herein, Seller has not made, does not make and specifically disclaims any representations, warranties, promises, covenants, agreements or guaranties of any kind or character whatsoever, whether express or implied, oral or written, past, present or futures, of, as to, concerning or with respect to (a) the nature, quality or condition of the Property, including, without limitation, the water, soil and geology, (b) the income to be derived from the Property, (c) the suitability of the Property for any and all activities and uses which Purchaser may conduct thereon, (d) the compliance of or by the Property or its operation with any laws, rules, ordinances or regulations of any applicable governmental authority or body, including without limitation, the Americans with Disabilities Act and any rules and regulations promulgated thereunder or in connection therewith, and the Texas Architectural Barriers Act and any rules and regulations promulgated thereunder or in connection therewith, (e) the habitability, merchantability or fitness for a particular purpose of the Property, or (f) any other matter with respect to the Property, and specifically that Seller has not made, does not make and specifically disclaims any representations regarding solid waste, as defined by the U.S. Environmental Protection Agency Regulations at 40 C.F.R., Part 261, or the disposal or existence, in or on the Property, of any hazardous substance, as defined by the Comprehensive Environmental Response Compensations and Liability Act of

1980, as amended, and applicable state laws, and regulations promulgated thereunder. Purchaser further acknowledges and agrees that having been given the opportunity to inspect the Property, Purchaser is relying solely on their own investigation of the Property and not on any information provided or to be provided by Seller. Purchaser further acknowledges and agrees that any information provided or to be provided with respect to the Property was obtained from a variety of sources and that Seller has not made any independent investigation or verification of such information. Purchaser further acknowledges and agrees that the sale of the Property as provided for herein if made on an "as is, where is" condition and basis "with all faults". Purchaser acknowledges and agrees that the provisions of this paragraph were a material factor in the determination of the purchase price of the Property. The terms of this paragraph will be included in the Deed delivered at closing, will survive closing and will survive any termination of this Contract.

NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OF THE FOLLOWING INFORMATION FROM THIS INSTRUMENT BEFORE IT IS FILED IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVER'S LICENSE NUMBER.

NOW, THEREFORE, KNOW ALL BY THESE PRESENTS:

That the **CHRISTY D. NOREN AND JENNY E. NOREN, CO-TRUSTEES OF THE JOHN W. NOREN FAMILY TRUST**, hereinafter referred to as Grantor, whether one or more, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to Grantor in hand paid by Williamson County, Texas, the receipt and sufficiency of which is hereby acknowledged, and for which no lien is retained, either expressed or implied, have this day Sold and by these presents do Grant, Bargain, Sell and Convey unto **WILLIAMSON COUNTY, TEXAS**, all that certain tract or parcel of land lying and being situated in the County of Williamson, State of Texas, along with any improvements thereon, being more particularly described as follows (the "Property"):

> Being a 0.725 acre (31,575 square foot) parcel of land out of the John Dykes Survey, Abstract No. 186, in Williamson County, Texas; said parcel of land being more particularly described by metes and bounds in Exhibit "A" attached hereto and made a part hereof. (**Parcel 8**)

SAVE AND EXCEPT, HOWEVER, it is expressly understood and agreed that Grantor is retaining title to the following improvements located on the Property described in said Exhibit "A" to wit: NONE

RESERVATIONS FROM AND EXCEPTIONS TO CONVEYANCE AND WARRANTY:

Visible and apparent easements not appearing of record;

Any discrepancies, conflicts, or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show;

Easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances, and encumbrances for taxes and assessments (other than liens and conveyances) presently of record in the Official Public Records of Williamson County, Texas, that affect the property, but only to the extent that said items are still valid and in force and effect at this time.

Grantor reserves all of the oil, gas and other minerals in and under the land herein conveyed but waives all rights of ingress and egress to the surface thereof for the purpose of exploring, developing, mining or drilling or pumping the same; provided, however, that operations for exploration or recovery of any such minerals shall be permissible so long as all surface operations in connection therewith are located at a point outside the acquired parcel and upon the condition that none of such operations shall be conducted so near the surface of said land as to interfere with the intended use thereof or in any way interfere with, jeopardize, or endanger the facilities of Williamson County, Texas or create a hazard to the public users thereof; it being intended, however, that nothing in this reservation shall affect the title and the rights of Grantee to take and use without additional compensation any, stone, earth, gravel, caliche, iron ore, gravel or any other road building material upon, in and under said land for the construction and maintenance of CR 100/118.

Grantee acknowledges and agrees that, other than as may be specifically set forth herein, Grantor has not made, does not make and specifically disclaims any representations, warranties, promises, covenants, agreements or guaranties of any kind or character whatsoever, whether express or implied, oral or written, past, present or futures, of, as to, concerning or with respect to (a) the nature, quality or condition of the Property, including, without limitation, the water, soil and geology, (b) the income to be derived from the Property, (c) the suitability of the Property for any and all activities and uses which buyer may conduct thereon, (d) the compliance of or by the Property or its operation with any laws, rules, ordinances or regulations of any applicable governmental authority or body, including without limitation, the Americans with Disabilities Act and any rules and regulations promulgated thereunder or in connection therewith, and the Texas Architectural Barriers Act and any rules and regulations promulgated thereunder or in connection therewith, (e) the habitability, merchantability or fitness for a particular purpose of the Property, or (f) any other matter with respect to the Property, and specifically that Grantor has not made, does not make and specifically disclaims any representations regarding solid waste, as defined by the U.S. Environmental Protection Agency Regulations at 40 C.F.R., Part 261, or the disposal or existence, in or on the Property, of any hazardous substance, as defined by the Comprehensive Environmental Response Compensations and Liability Act of 1980, as amended, and applicable state laws, and regulations promulgated thereunder. Grantee further acknowledges and agrees that having been given the opportunity to inspect the Property, Grantee is relying solely on its own investigation of the Property and not on any information provided or to be provided by Grantor. Grantee further acknowledges and agrees that any information provided or to be provided with respect to the Property was obtained from a variety of sources and that Grantor has not made any independent investigation or verification of such information. Grantee further acknowledges and agrees that the sale of the Property as provided for herein if made on an "as is, where is" condition and basis "with all faults". Grantee acknowledges and agrees that the provisions of this paragraph were a material factor in the determination of the purchase price of the Property.

TO HAVE AND TO HOLD the property herein described and herein conveyed together with all and singular the rights and appurtenances thereto in any wise belonging unto Williamson County, Texas and its assigns forever; and Grantor does hereby bind itself, its heirs, executors, administrators, successors and assigns to Warrant and Forever Defend all and singular the said premises herein conveyed unto Williamson County, Texas and its assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

This deed is being delivered in lieu of condemnation.

IN THE COMMISSIONERS' COURT
OF WILLIAMSON COUNTY, TEXAS

RESOLUTION

WHEREAS, the Commissioners' Court of Williamson County, Texas, has found and determined that in order to promote the public safety, to facilitate the safety and movement of traffic, and to preserve the financial investment of the public in its roadways, public necessity requires acquisition of a drainage easement in and across that certain tract of land being 2.039 acres described by metes and bounds in Exhibit "A", owned by **TEXAS CRUSHED STONE COMPANY,** for the purpose of constructing, reconstructing, maintaining, and operating County Road 176 roadway improvements and related appurtenances, storm water drainage and utility adjustments ("Project"), excluding all the oil, gas, and sulphur which can be removed from beneath said real property, without any right whatever remaining to the owner of such oil, gas, and sulphur of ingress to or egress from the surface of said real property for the purpose of exploring, developing, or mining of the same, as a part of the improvements to the Project, at such locations as are necessary and that such constructing, reconstructing, maintaining, and operating shall extend across and upon, and will cross, run through, and be upon the hereinafter described real properties; and

WHEREAS, the Commissioners' Court of Williamson County, Texas, has, through agents employed by the said office, entered into bona fide good faith negotiations with the owners of the hereinafter described properties and has failed to agree with the owners on the compensation and damages, if any, due to said owners. Now, therefore, the Commissioners' Court of Williamson County, Texas is authorizing the use of its power of eminent domain to condemn property.

BE IT RESOLVED BY THE COMMISSIONERS' COURT OF THE COUNTY OF WILLIAMSON, that the County Attorney or his designated agent be and he is hereby authorized and directed to file or cause to be filed against the owners of any interest in, and the holders of any lien secured by, the following described tracts of land, described in Exhibit "A" attached hereto, a suit in eminent domain to acquire the property interests for the aforesaid purposes; and

It is the intent of the Commissioners' Court that this resolution authorizes the condemnation of all property interests required to complete the construction and maintenance of the Project and associated public purposes. If it is later determined that there are any errors in the descriptions contained herein or if later surveys contain more accurate revised descriptions, the County Attorney is authorized to have such errors corrected or revisions made without the necessity of obtaining a new resolution of the Commissioners' Court authorizing the condemnation of the corrected or revised Property.

BE IT FURTHER RESOLVED that the County Attorney or his designated agent be and he is hereby authorized and directed to incur such expenses and to employ such experts as he shall deem necessary to assist in the prosecution of such suit in eminent domain, including, but not limited to, appraisers, engineers, and land use planners or other required expert consultants.

Adopted this _____ day of _____, 2021.
