**WHEREAS**, the County is and has been in the process of designing the Southeast Loop from the current terminus of CR 138 at SH 130 to north of the intersection of FM 3349 and US 79, the approximate location being shown on Exhibit “A”, attached hereto, (the “**County Project**”); and

**WHEREAS**, the City desires to cooperate with the County to facilitate the construction of the County Project; and

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual promises and agreements of the Parties contained in this Agreement, the Parties agree as follows:

**I.  
PURPOSE**

**1.01 General.** The purpose of this Agreement is to provide consent for the County’s design and construction of the County Project with the Taylor city limits. The County Project includes the planning of a future controlled-access facility from SH 130 to north of US 79 and the design and construction of the first phase of segment 1, a three-lane roadway from the current terminus of CR 138 at SH 130 to CR 137 and segment 3, from the FM 3349 intersection with CR 404 to the CR 101 intersection with CR 395, including the overpass at US 79.

**II.  
CONSTRUCTION OF COUNTY PROJECT**

**2.02 Construction Plans.** The County will submit the plans and specifications related to the County Project to the City.

**2.03 Inspection.** The City may inspect all aspects of the County Project that are within the City Limits during construction. Upon receipt of notification from the City that the City's inspectors determine the construction by the County is not in accordance with the approved project plans, the County shall cease construction until the deficiency can be identified and a corrective plan of construction implemented with the agreement of the City.

**2.04 Permits.** The County shall be responsible for obtaining permits, if any, required for the construction of the Project.

**2.05 Insurance, Bonds and Warranties.** The County shall require the contractor for the Project to name the City as an additional insured on any policies related to the County Project for those sections of the County Project that lie within the City Limits. The County shall require the contractor to provide performance bonds, and maintenance bonds in favor of the City for the County Project in amounts satisfactory to the City. The County shall transfer any warranties for the County Project within the city limits to the City upon final completion and acceptance of the Project.

The City further agrees to accept maintenance of the County Project within the City limits as shown currently in the attached Exhibit "FM 3349 Maintenance Limits."

**3.02 Utility Conflicts.** City and County agree to cooperate regarding the location of water and/or wastewater utilities that conflict with the new right-of-way. The City acknowledges that it shall be responsible for all design and construction costs to relocate utility lines if said lines are within existing right-of-way. Conversely, it shall be the County's obligation to pay all design and construction costs for utility relocations if said lines lie within easements held by the City.
