- Right-of-way easements for widening roadways or improving drainage shall be maintained by the landowner until road or drainage improvements are actually constructed on the property. The County has the right at any time to take possession of any road widening easement for the construction, improvement or maintenance of the adjacent road.
- The landowner assumes all risks associated with improvements located in the right—of—way or road widening easements. By placing anything in the right—of—way or road widening easements, the landowner indemnifies and holds the County, its officers, and employees harmless from any liability owning to property defects or negligence not attributed to them and acknowledges that the improvements may be removed by the County and that the Owner of the improvement shall be responsible for the relocation and/or replacement of the
- In approving this plat by the Commissioner's Court of Williamson County, Texas, is understood that the building of all roads, and other public thoroughfares and any bridges or culverts necessary to be constructed or placed is the responsibility of the owner(s) of the tract of land covered by this plat in accordance with the plans and specifications prescribed by the Commissioner's Court of Williamson County, Texas. Said Commissioner's Court assumes no obligation to build any of the roads, or other public thoroughfares shown on this plat, or of constructing any of the bridges or drainage improvements in connection therewith. The County will assume no responsibility for drainage ways or easements in the subdivision, other than those draining or protecting the
- 4. It is the responsibility of the owner, not the County, to assure compliance with the provisions of all applicable state, federal and local laws and regulations relating to the platting and development of this property.
- The County assumes no responsibility for the accuracy of representations by other parties in this plat. Floodplain data, in particular, may change. It is further understood that the owners of the tract of land covered by this plat must install at their own expense all traffic control devices and signage that may be required before the roads in the subdivision have finally been accepted for maintenance by the County.

- Maintenance responsibility for drainage will not be accepted by the county other than that accepted in connection with draining or protecting the road system. Maintenance responsibility for storm water management controls will remain with
- 7. Water service for this subdivision will be provided by City of Georgetown.
- Sewer service for this subdivision will be provided by Sanitary Septic System.
- Rural mailboxes shall be set three feet from the edge of the pavement or behind curbs, when used. All mailboxes within county arterial right—of—way shall meet the current TxDOT standards. Any mailbox that does not meet this requirement may be removed by Williamson County.
- 10. All sidewalks are to be maintained by each of the adjacent property owners.
- 11. A certificate of compliance is hereby issued for all lots within this subdivision. This certificate of compliance is valid until such time as F.E.M.A. or the county revises or newly adopts floodplain boundaries in this vicinity.
- 12. No lot in this subdivision is encroached by a special flood hazard area inundated by the 100 year flood as identified by the U.S. Federal Emergency Management Agency Flood Insurance Rate Map, community panel #48491C0235F, effective date December 20, 2019 for Williamson County, Texas.
- 13. This development is considered exempt from on—site stormwater detention controls based on Williamson County Subdivision Regulation B11.1.2., which states that a proposed development may be considered exempt from providing on—site stormwater detention if the plat has three or less lots for single family residential use, with less than 20% impervious cover per lot.
- 14. Maximum of 20% impervious cover per lot, otherwise stormwater management controls shall be designed, constructed and maintained by the owner. I impervious cover is proposed to exceed maximum percentage allowed, contact Williamson County Floodplain Administration to review the stormwater management controls proposed on the lot.
- 15. Lots 1, 2, and 3 shall only use a single shared driveway. No more than three residences total shall be served by the single shared driveway.
- 16. Driveway maintenance will be the responsibility of the property owner. If obstructions occur within the driveway culvert, the County reserves the right to clear obstructions that are causing adverse impacts to the roadway.
- 17. There are no new driveways proposed for this subdivision
