No lot in the subdivision shall be occupied until connected to an appropriate water and wastewater facilities. Only one (1) septic tank per single family residential lot larger than 3 acres is allowed per UDC 15.16.8.
3. Easement(s) dedicated to the public by this plat shall also be subject to the terms and conditions of the Engineering Design Manual per Ordinance No. 1206-15-02-24. The Grantor (property owner(s), heirs, successors and assigns) shall retain the obligation to maintain the surface of the easement property, including the obligation to regularly mow or cut back vegetation and to keep the surface of the easement property free of litter, debris and trash.
4. No improvements including but not limited to structures, fences or landscaping shall be allowed in a public easement, except as approved by the City.
5. The property owner shall provide access to drainage and utility easements as may be necessary and shall not prohibit access for the placement, construction, installation, replacement, repair, maintenance, relocation, removal, operation and inspection of such drainage and utility facilities and related appurtenances.
6. This subdivision is subject to all City of Pflugerville ordinances or technical manuals related to Tree Preservation per City Ordinance No. 1203-15-02-24 and City Resolution No. 1224-09-08-25-8A.
7. The Community Impact Fee rate for water and wastewater is hereby accessed and established according to the City of Pflugerville Ordinance No. 1440-20-04-14. Community Impact Fees for individual lots shall be paid prior to the issuance of any building permits.
8. This development is considered exempt from on-site stormwater detention controls based on Williamson County Subdivision Regulation B11.1.2, which states that a proposed development may be considered exempt from providing on-site stormwater detention if the plat has three or less lots for single family residential use, with less than 20% impervious cover per lot.
9. All electric utility infrastructure including but not limited to telephone, cable television, electric utility lateral and service lines shall be installed in accordance with the City of Pflugerville Engineering Design Manual, as amended.
10. The owner(s) of this subdivision and their successors and assigns, assumes responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Pflugerville.
11. Construction plans and specifications for all subdivision improvements shall be reviewed and approved by the City of Pflugerville prior to any construction with the subdivision.
12. Site development construction plans shall be reviewed and approved by the Williamson County Planning Department prior to any construction.
13. All proposed fences and walls adjacent to intersection public roadway right-of-way or adjacent to private access drives shall be in compliance with the site distance requirements of the City of Pflugerville Engineering Design Manual, as amended.
14. Wastewater and water systems shall conform to TCEQ (Texas Commission on Environmental Quality) and State Board of Insurance requirements. The owner(s) understands and acknowledges that plat vacation or re-platting may be required at the owners' sole expense if plans to develop this subdivision do not comply with such codes and requirements.
15. A ten (10) foot in width Public Utility Easement (PUE) shall be dedicated along all street frontage(s).
16. Except in area required to meet legal accessibility requirements, the minimum finished floor elevation shall be one foot high than the highest spot elevation that is located within five feet outside the perimeter of the building, or at least one foot above the BFE, whichever is higher.
17. Lot 1A, Block A in this subdivision is encroached by the 100-year (1% chance) flood as identified by the U. S. Federal Emergency Management Agency Flood Insurance Rate Map, Community Panel No. 48491C0675F, effective date, 12/20/2019, for Williamson County, Texas.
18. A Floodplain Development Permit may be required for Lots 1A and 2A in Block A and prior to any construction or development. The need for a Floodplain Development Permit will be determined by Williamson County upon review of the proposed structure location. The minimum finished floor elevation (FFE) for lots shown on the plat were determined by adding one (1) foot to the nearest and highest base flood elevation (BFE) as shown on FEMA Firm Map 48491C0675F with an effective date of 12/20/2019.
19. It is the responsibility of the owner, not the County or the City of Pflugerville, to assure compliance with the provisions of all applicable State, Federal and local laws and regulations relating to the platting and development of this property.
20. The County assumes no responsibility for the accuracy of representations by other parties in this plat. Floodplain data, in particular, may change. It is further understood that the owners of the tract of land covered by this plat must install at their own expense all traffic control devices and signage that may be required before the roads in the subdivision have finally been accepted for maintenance by the County.
