Re: 23RFP9 Vending Services Recommendation

The recommendation from the RFP Evaluation Committee is to award the Vending Services contract to Compass Group USA - Canteen effective March 1, 2023. This evaluation is based on all items outlined in the evaluation criteria in 23RFP9. Proposal pricing is within the current budget for these services.

Compass Group USA - Canteen is located in Austin, TX, and has been in business since 1994. Compass Group USA - Canteen Management staff are certified with the ServSafe Food Protection Manager certification and receive extensive food handling and safety training. Compass Group USA - Canteen currently works with many large corporations, including Apple, and college campuses, such as University of Texas and ACC to provide similar contract services. Compass Group – USA - Canteen currently has over 230,000 vending accounts, with extensive experience in providing services to companies, schools, kitchens, offices, and health care facilities. They were ranked No. 2 on Fortune magazine's 2022 list of The World's Most Admired Companies in the diversified outsourcing services industry.

Williamson County Facilities Management Department recommends that the Williamson County Commissioners Court award the contract to Compass Group – USA - Canteen based on the committee's evaluation.

Sincerely,

Dale Butler
Facilities Director
Williamson County
