

SECTION 7

COOPERATIVE ~~AND INTERLOCAL~~ PURCHASES

A. Explanation and Law

~~Texas statute authorizes local governments, in accordance with Texas Government Code Chapter §271, Texas local governments to~~ may participate in cooperative purchasing programs to increase efficiency in the purchasing process, generate cost savings through aggregated purchasing volume, and reduce administrative costs. The County participates in the purchasing programs of various local, state, and national purchasing cooperatives.

Although cooperative purchasing is recognized as a valuable tool for compliant government purchasing, it does not provide a customized contract or receive the specialized scrutiny that the solicitation process provides. Although cooperative purchasing is efficient it is sometimes not the best price that can be achieved. For this reason, cooperative purchase requests for goods and services under \$250,000 ~~500,000~~ shall be processed according to Purchasing Policy.

Cooperative purchase requests for goods and services over \$250,000 ~~500,000~~ shall receive extra analysis from the Purchasing Department as a measure to provide our required due diligence on larger expenditures. The Purchasing Department, as a result of this added analysis and at their discretion, may require a solicitation to be issued to fully source the market. The cooperative contract will always remain an option in this scenario.

Cooperative purchase requests for construction projects under \$2 million shall be processed according to Purchasing Policy. Cooperative purchase requests for construction projects over \$2 million shall receive extra analysis from the Purchasing Department as a measure to provide our required due diligence on larger expenditures. The Purchasing Department, as a result of this added analysis and at their discretion, may require a solicitation to be issued to fully source the market. The cooperative contract will always remain an option in this scenario.
