COUNTY OF WILLIAMSON

§

KNOW ALL MEN BY THESE PRESENTS:

That _____, of Williamson County, Texas (hereinafter referred to as "Grantor," whether one or more), for the provision of electric service or other good and valuable consideration received the receipt and sufficiency of which is deemed valuable to Grantor and which is hereby expressly acknowledged and accepted by Grantor from Bartlett Electric Cooperative, Inc., a Texas electric cooperative corporation, whose mailing address is P. O. Box 200, Bartlett, Texas 76511, and physical address of 27492 Highway 95, Bartlett, Texas 76511 (hereinafter referred to as "Cooperative"), does hereby grant and convey unto the Cooperative, its successors and assigns, an aerial easement and right-of-way for above-ground facilities to include, but not be limited to, one or more electric lines and communication devices and/or lines or cables, crossarms, insulators, pole mounted equipment and supports for pole mounted equipment to overhang aurally but not physically touch Grantor's property for electric operations and/or maintenance, each consisting of a variable number of wires and circuits, and all necessary and desirable appurtenances and attachments including, but not limited to, conductors, wires, racks, and equipment ("Aerial Easement"), over, across, along and upon all that certain land in Williamson County, Texas (hereinafter referred to as "Grantor's Property") more particularly described in Exhibit "A" attached hereto and incorporated herein by reference for all purposes (the "Aerial Easement").

The Aerial Easement and its rights and privileges herein granted shall include the right to any additional working space about or near the Aerial Easement as may be reasonably necessary, together with the right of pedestrian and/or vehicular ingress and egress over, across, along, and upon Grantor's Property and Grantor's adjoining land to or from the Aerial Easement for the purposes of providing electric utility service to Grantor and/or others (overhead), including, but not limited to, placing, constructing, reconstructing, operating, inspecting, patrolling, maintaining, removing, improving, upgrading, modifying, increasing or reducing the capability of, and relocating electric and/or communication lines and/or devices, or distribution facilities or equipment, as well as reading any meter or performing any act relating to the provision of utility service.

This Aerial Easement, together with all rights and privileges herein granted, shall be a covenant running with the land for the benefit of the Cooperative, its successors and assigns, and may be assigned in whole, or in part, as the Cooperative may desire. Grantor covenants that Grantor, Grantor's heirs, successors and assigns shall facilitate and assist Cooperative personnel in exercising Cooperative's rights and privileges herein described at all reasonable times.

The width of the Aerial Easement, described in Exhibit A, shall be throughout the area of the Grantor's Property over which the Cooperative's facilities overhang aurally. This unobstructed Aerial Easement begins at a plane at ground level and extends infinitely upward. It is understood, however, that Cooperative shall have no right to erect any structures on the above-described Aerial Easement but may overhang such Aerial Easement with facilities attached to structures which are located on property or right-of-way adjacent to Grantor's Property. The Cooperative shall also have the right to access so much of the remainder of the Grantor's Property as may be reasonably necessary to install, maintain, repair, and/or remove facilities that may at any time be necessary, at Cooperative's sole discretion, for the purpose herein specified.

Should the Grantor erect locked gates or other barriers that include, but not limited to, hostile dogs, the Grantor will provide the Cooperative with convenient means to circumvent the barrier for access without notice. Refusal on the part of the Grantor to provide reasonable access for the above purposes may, at the Cooperative's option, be sufficient cause for discontinuance of service. Alternatively, the Cooperative may move the metering location and other facilities and charge Grantor the cost of relocating all facilities.

The Cooperative shall have the right to clear the Aerial Easement of all obstructions or to prevent possible interference with or hazards to the safety, operation, and reliability of any of said lines and/or facilities or devices,

including, but not limited to, trimming, cutting down, and/or chemically treating trees, undergrowth, and shrubbery within the Aerial Easement or within such proximity of the Cooperative's facilities so as to be hazardous to such facilities. Grantor shall not construct or locate any structure, building, trailer, or any other obstruction, including, but not limited to, impound any water or place any temporary or permanent erection of any mast-type equipment or appurtenances, stock tanks, dams, storage piles, swimming pools, antenna, spas, water wells, and/or oil wells within the Aerial Easement that will violate any applicable safety codes or interfere with Cooperative's rights and privileges as herein granted. Cooperative has the right to install, use, maintain, and lock access gates, and to remove or prevent construction on the Aerial Easement of any or all structures, buildings, trailers, and/or any other obstructions at Grantor's expense.

Grantor agrees that the consideration received by the Grantor includes consideration for all damages for the initial construction of the Cooperative's facilities on the Grantor's Property as well as all damages, if any, to the Grantor's Property which may occur in the future after the initial construction of the Cooperative's facilities on the Grantor's Property, directly resulting from the Cooperative's exercise of any of its rights herein granted. The Cooperative shall not be liable for any damages caused by maintaining the Aerial Easement clear of trees, undergrowth, brush and obstructions.

Grantor warrants that Grantor is the owner of Grantor's Property and has the right to execute this instrument. Grantor warrants that there are no liens existing against Grantor's Property other than the following liens:

Grantor agrees that all of Cooperative's facilities installed over Grantor's Property shall remain the sole property of Cooperative, removable at the sole option of the Cooperative.

TO HAVE AND TO HOLD the Aerial Easement and rights unto the Cooperative, its successors and assigns, until all of the Cooperative's lines and facilities shall be abandoned by a fully executed and recorded release of Grantor's Property by the Cooperative and not by removal of any or all Cooperative facilities, and in that event the Aerial Easement shall cease and all rights herein granted shall terminate and revert to Grantor, Grantor's heirs, successors or assigns; AND GRANTOR HEREBY BINDS GRANTOR, AND GRANTOR'S HEIRS, EXECUTORS, ADMINISTRATORS, AND SUCCESSORS, TO WARRANT AND FOREVER DEFEND THE AERIAL EASEMENT AND RIGHTS HEREIN GRANTED UNTO THE COOPERATIVE, ITS SUCCESSORS AND ASSIGNS, AGAINST EVERY PERSON WHOMSOEVER LAWFULLY CLAIMING OR TO CLAIM THE SAME OR ANY PART THEREOF.
