Dear Lorey Stabeno,

Please allow this letter to set out my understanding regarding our Agreement for the acquisition of a permanent water line and electrical utility easement by Williamson County, Jarrell-Schwertner Water Supply Corporation, and Bartlett Electric Cooperative, Inc. (collectively the “County”) in and across portions of the property owned by you (“Owner”) as part of the County’s proposed CR 314 improvements (“Project”).

By execution of this letter the parties agree as follows:

1. In return for Owner’s delivery to County of a fully executed and acknowledged water line easement (“Easement”) in and to a 0.1391-acre tract of land (Parcel 22E), said property and easement rights being more particularly described by the terms and metes and bounds in Exhibit “I” attached hereto and incorporated herein, County shall pay Owner the sum of **\$16,147.50** in cash or other good funds.
2. In return for Owner’s delivery to County of a fully executed and acknowledged electrical utility easement (“Easement”) in and to a 0.1391-acre tract of land (Parcel 22EE), said property and easement rights being more particularly described by the terms and metes and bounds in Exhibit “II” attached hereto and incorporated herein, County shall pay Owner the sum of **\$16,147.50** in cash or other good funds.
3. The cash sum of sections one through two above, totaling **\$32,295.00**, is hereinafter referred to as the full “Purchase Price.”
4. If requested by County, the Closing and completion of these transactions shall take place at Longhorn Title Company (“Title Company”) within thirty (30) days

after full execution of this Agreement, or at other date and time agreed to between the parties.

5. Upon request, the Owner shall provide reasonable assistance, at no cost to Owner, to cause the Title Company to issue a policy of title insurance, with standard printed exceptions, to County or to the Easement Grantee in completion of this transaction. County shall be responsible for all fees and costs associated with this transaction, except that each party shall be responsible for any attorney's fees they incur. Owner shall assist County and Title Company with any curative measures or mortgage lien joinder, consent or subordination required as a condition of the Closing.
6. Upon completion of (1) the full execution of this Agreement by all parties, and (2) acknowledgment by the Title Company of delivery by County of the full Purchase Price to the Title Company, Purchaser, its agents and contractors shall be permitted at any time after December 6, 2024, to enter and possess the Property prior to Closing for the purpose of completing any and all necessary construction activities associated with the proposed improvement construction project of County.
7. To the extent allowed by law County, its agents and contractors agree to release, indemnify, and otherwise hold Owner harmless from any damages or other losses to owner or any third party resulting from any acts or omissions performed under the limited right of possession herein. The parties further agree to continue to use diligence in assisting with any title curative or lienholder consent measures required by the Contract to expeditiously complete the Closing of the purchase transaction.
8. This Agreement is being made, and the Easements are being delivered, in lieu of condemnation.

If this meets with your understanding, please have this letter executed by the appropriate person where indicated and return it to me, and we will have this approved and signed by the County and process this for payment and closing as quickly as possible.

Please feel free to contact me at any time if you have any questions or concerns about these issues.

No permanent improvements, inconsistent with the Grantee's use of the Easement, such as, but not limited to, houses, barns, sheds, septic fields, stock tanks, or paved parking lots shall be constructed or placed on or within any portion of the permanent Easement. The consideration recited herein shall constitute payment in full for all damages sustained by Grantor by reason of the installation of the structures referred to herein and the Grantee will maintain such easement in a state of good repair and efficiency so that no unreasonable damages will result from its use to Grantor's premises. This agreement together with other provisions of this grant shall constitute a covenant running with the land for the benefit of the Grantee, its successors, and assigns. The Grantor covenants that they are the owner of the

The easement conveyed herein was obtained or improved through Federal financial assistance. This easement is subject to the provisions of the Title VI of the Civil Rights Act of 1964 and the regulations issued pursuant thereto for so long as the easement continues to be used for the same or similar purpose for which financial assistance was extended or for so long as the Grantee owns it, whichever is longer.
