*The Microsoft Unified fees described above are based on a tiered rate structure along with the total value each year for Customer's validly licensed, commercially released and generally available Microsoft products, and cloud services subscriptions as identified in Appendix A of this Work Order (collectively, the "Appraised Product Spend") to calculate Customer's Microsoft Unified fees for the **3 Years** Support Term.

Prior to each contract anniversary of the Support Commencement Date, Customer's Appraised Product Spend will be re-calculated for the upcoming contract year. If Customer's product spend increases over the previous 12 months ("Actual Product Spend") by more than **five percent (5%)** above the Appraised Product Spend shown for that year in the Support Services Fee Summary table above, Microsoft will recalculate the associated Microsoft Unified fees for the upcoming contract year. The recalculated Microsoft Unified fees will be based on the Actual Product Spend and the Unified rates listed in the Rate Table below. Microsoft will invoice the customer for the difference between the re-calculated price and the original scheduled Microsoft Unified fees sub-total from the Support Services Fee Summary table above. Customer agrees to pay Microsoft such additional amounts within **30** calendar days of the date of Microsoft's invoice. Please note that failure of payment to Microsoft may result in service suspension. Enterprise Customer may receive additional Flex Allowance which may be applied towards new proactive services, enhanced services and solutions services, and/or custom proactive services. Should Customer fail to allocate the Flex Allowance prior to the contract anniversary, Microsoft may apply the additional Flex Allowance towards new proactive credits.
