In order to pay for a replacement mobile home up front and then be reimbursed by the County this creates an undue financial hardship on myself, because I live on a very limited fixed income, therefore, I am requesting an advanced payment for my replacement mobile home.

SUBJECT PROPERTY

This replacement housing supplement and rental assistance supplement are being revised due to the increased cost for rental location, and current availability of mobile homes for sale and updated pricing from the mobile home dealers.

The subject dwelling is a mobile home located at 7650 Ranch Road 2243, Leander, Texas 78641. The mobile home is in extremely poor condition and not considered decent, safe and sanitary. The Displacee, Henry Boyd, owns the mobile home which is located on a large acreage tract owned by a different party. The Displacee rents the space where the mobile home is located. This mobile home is 1,270 sq. ft. with 3 bedrooms, 2 bathrooms, a living room, dining area, kitchen, and utility room. The mobile home is filled with a large amount of personal property. The back bedroom is filled with various electronic equipment and is blocked off and not easily accessible. The 3rd bedroom is not accessible and has floor damage and is not habitable. The bathrooms are not accessible or functional and the Displacee currently only occupies one of the bedrooms, the living area and the kitchen.

There is no garage or carport, parking is open. Utilities for the dwelling include electricity and paid separately from his rent to the property owner monthly. The mobile home does not have running water available and the Displacee obtains water from the property owner's well and keeps in in gallon jugs in the home. As previously mentioned, there are no working bathrooms in this mobile home, and it is not connected to any sewer or septic system. Trash pickup is not available for this area. The only heating in the mobile home is provided by a space heater in the bedroom occupied by the Displacee. There is no other functional heat or air condition in this dwelling.

The property owner confirmed that the Displacee has a verbal, month to month lease agreement and pays \$300/month rent for the mobile home site plus \$120/month for electricity provided by the property owner, for total rent and utilities of \$420.00/mo. The mobile home site is not considered DS&S because of its extremely poor condition and does not include connections for running water or a septic system.

The Uniform Relocation Act Income Limits establish the extent of replacement housing assistance dependent on qualifying as low-income, as defined by the U.S. Department of Housing and Urban Development. The Act applies to all federal agencies that initiate action that forces households to relocate from their residence. Generally, low income for Uniform Act purposes is income which does not exceed 80 percent of the median family income for the applicable area as determined by the U.S. Department of Housing and Urban Development. Austin-Round Rock 80% income limits for a one-person household is \$65,450 per year. Mr. Boyd's only income is from Social Security Disability in the amount of \$1,298.00/month or \$15,576/year verified by a copy of his Social Security benefit statement.

The subject mobile home cannot be moved without significant damages, the costs to make repairs in order to make this mobile home DS&S would far exceed the cost to replace it with a comparable DS&S mobile home. Because of the extremely poor condition this mobile home has no trade in value and has no salvage value, therefore, we consider the subject mobile home to have no value. A replacement housing supplement will be calculated based on the cost to replace the subject dwelling with a comparable, functionally equivalent DS&S mobile home that will qualify to be placed in a mobile home park.

In addition, because the Displacee rents the space where his mobile home is located, we will also calculate a rent supplement for a comparable mobile home space with rent and utilities.

SEARCH FOR REPLACEMENT MOBILE HOME AND CALCULATION OF REPLACEMENT HOUSING SUPPLEMENT

Our research using Realtor.com, Zillow, local MLS service and contacting local mobile home dealers we were unable to find any used mobile homes for sale that were DS&S and able to be moved into a mobile home community. However, we were able to find new 2 and 3 bedroom, 2 bath comparable mobile homes with square footages ranging from 820 to 1,038 and prices ranging from \$75,120 to \$93,488. The following three mobile homes were identified as most comparable to that of the subject and function of use:

Comparable property MH001 (**THE DELIGHT**) is located at Clayton Homes at 6801 E. Ben White Blvd., Austin, Texas. This mobile home is a 2 bedroom, 2 bath 820 sq. ft. home with a total of 6 rooms that consists of kitchen, dining area, living room, and utility room. Kitchen features freestanding range, Interior features include vinyl floors and carper in the bedrooms. This is a new mobile home in excellent condition. The price of this mobile home with sales tax and registration is \$56,671. The cost to move and set up are as follows; Pad (foundation) \$2,961, Electrical Hookups: \$5,125., Plumbing Hookups \$3,500. Skirting and Decks \$6,703. and City Permits \$160. for a total move and set up cost of \$18,449.00. The total cost for this mobile home with setup is \$75,120.00.

★ Comparable property MH002 (**THE GLORY/GRAND**) is located at Clayton Homes at 6801 E. Ben White Blvd., Austin, Texas. This mobile home is a 3 bedroom, 2 bath 1,038 sq. ft. home with a total of 7 rooms that consists of kitchen, dining area, living room, and utility room. Kitchen features freestanding range, Interior features include vinyl floors and carper in the bedrooms. This is a new mobile home in excellent condition. The price of this mobile home with sales tax and registration is \$63,531.00. The cost to move and set up are as follows; Pad (foundation) \$2,961, Electrical Hookups: \$5,125., Plumbing Hookups \$3,500. Skirting and Decks \$6,703. and City Permits \$160. for a total move and set up cost of \$18,449.00. The total cost for this mobile home with setup is \$81,980.00.

This mobile home is a 3 bedroom, 2 bath 1,013 sq. ft. home with a total of 7 rooms that consists of a kitchen, dining area, living room, and utility room. Kitchen features freestanding range, Interior features include vinyl floors and carper in the bedrooms. This is a new mobile home in excellent condition. The price of this mobile home with sales tax and registration is \$70,328.00 The cost to move and set up are as follows, foundation \$5,000.00 delivery and setup \$7,500.00, AC install \$3,500.00, electric and plumbing hookups \$5,000.00, skirting and decking \$2,000.00 and city permits \$160.00. The total move and set up cost of \$23,160.00. The total cost for this mobile home with set up is \$93,488.00.

Chosen Comparable

Comparable #MH002 was chosen because this mobile home is functionally equivalent to the subject since the Displacee only occupies one bedroom and the living room and kitchen in the displacement dwelling and this comparable replaces the bedroom currently utilized for storage. In addition, because the subject mobile home is in such disrepair and non-DS&S, this comparable is far superior in function and condition than the subject mobile home.

Replacement Housing Supplement

The Replacement Housing Supplement is the difference between the value of the subject and the purchase price of the chosen comparable. Since there was no salvage value for the mobile home, the Replacement Housing Supplement is the Replacement Cost of **\$81,980.00**. Provisions of Last Resort Housing apply to this calculation as the supplement payment estimate exceeds \$31,000. It is recommended that the replacement housing supplement in the amount of **\$81,980.00** be authorized to allow the subject household to relocate into a suitable, decent, safe and sanitary replacement dwelling.

SEARCH FOR RENTAL SITE FOR MOBILE HOME AND CALCULATION OF RENTAL SUPPLEMENT

Our research to locate a mobile home community was utilized by using Realtor.com, Zillow, local MLS and internet searches. No properties were available in the Leander area, so our search was expanded to include the Georgetown area. We were only able to find 2 listed mobile home communities in the area with spaces available for rent. We identified the following two properties as most comparable to that of the subject:

★Comparable property #R001 (**GLENWOOD**) is located at Glenwood Mobile Home Park, Redondo Dr. Georgetown, Texas. This is a 50' X 100' mobile home space. There is no garage parking and is located 17.3 miles from the subject. This lot is in the Georgetown school district. Rent is \$715.00/mo., plus utilities \$246.00 using the HUD utility schedule for the area for a total rent and utilities of \$961.00.

Comparable property #R002 (**SUNNY CREEK**) is located at Sunny Creek Mobile Home Park 394 FM 972 Georgetown, Texas. This is a 50' X 100' mobile home space. There is no garage parking. This mobile home community is located 15.7 miles from the subject. This lot is in the Georgetown school district. Rent is \$545.00/mo., plus utilities \$290.00 using the HUD utility schedule for the area for a total rent and utilities of \$835.00.

Chosen Comparable

All the comparable properties are functionally equivalent or superior to the subject property with comparable #R001 having several spaces immediately available. Other properties were not chosen or considered because of much further distance from the subject location. The selected comparable rent is \$715.00/mo., plus the estimated utilities of \$246.00 for a total rent and utilities of \$961.00/mo.

Rent Supplement

The Rent Supplement is computed by determining the difference between the rent and utilities at the replacement site for 42 months ($\$961.00 \times 42 = \$40,354.80$) and current actual rent or affordable rent based upon gross monthly income, if applicable for 42 months. As previously mentioned, the Displacee is considered low income and affordable rent and utilities based upon of 30% of his Gross Income is \$389.40/month for 42 months is \$16,354.80. Accordingly, the total Rent Supplement is the difference between \$40,362 and \$16,354.80 for a total of \$24,007.20.

The provisions of Last resort Housing apply to this calculation as the supplement payment estimate exceeds \$7,200. It is recommended that the relocation supplement payment in the amount of **\$24,007.20** be authorized to allow the subject household to rent a suitable, decent, safe and sanitary replacement site.

In summary, the Displacee is entitled to a **Replacement Housing Supplement** in the amount of **\$81,980** and a **Rent Supplement** in the amount of **\$24,007.20**.

Comparable replacement property data used in the Supplement is based on the Residential Comparison Index as per TxDOT ROW Volume 3 Relocation Assistance Manual page 21-5 and 21-6.

The supplemental payment(s) on page 1 have been determined by me and are to be used in connection with a federal-aid highway project. The replacement housing used for these supplement computations are certified to be fair housing open to all persons regardless of race, color, religion, age, sex, national origin or handicap and consistent with the requirements of Title VIII of the Civil Rights Act of 1968. I have no direct nor indirect, present or contemplated interest in this transaction nor will I derive any benefit from the supplemental payment.

10-20-23	Met with BJ Hogan and went over his relocation benefits, moving expenses and his rent supplement. BJ is not happy with the relocation benefits offered, I explained that because he does not pay any rent for his house, and he has not provided income information that I had to calculate his rent supplement based on rent for rent and that I had to use fair market rent for his subject rent. He did not agree, and he wants to be paid \$2,500/mo., for 42 months to compensate him for his rent increase when he moves. I tried to explain that I could not calculate his rent that way and I again tried to explain fair market rent and why his rent supplement was calculated the way it was, I also told him that if he would provide me with income information that I could look at and it may make a difference in his supplement, he has not provided me any income information. I took picture of his personal property. And had him sign the certification of eligibility.
	I also met with Henry Boyd. I had him sign the certification of eligibility.

12-20-23	<p>BJ called me he was asking about his supplement and moving costs. I explained his relocation benefits again and his supplement. He is not pleased with the moving costs or his supplement. I wrote down what he wanted, and I also informed him that what he is asking for is not in the code and I could not approve of what he is asking but I told him that I would have to discuss with Sheets and Crossfield.</p> <p>I also ask BJ about moving the cattle from the property by the end of the year, he said that he should be able to do that.</p>
12-21-23	B.J. called me and said that he had secured a place to move the cattle and that they would be moved by the end of the year. 02-27-24	Call to BJ Hogan Left message
03-15-24	Call to BJ Hogan to see where he was with his move plan, he said that he wanted the ISD move estimate and he would get his own estimate and we could agree to pay him somewhere in between the two amounts, I explained to him again that relocation benefits did not work that way and that we could pay actual cost to a commercial mover or if he wanted to move himself that we needed a move plan and that we could only pay him what a commercial mover would pay and employee for the task he was preforming and that we could only pay reasonable costs. He stated that he wanted to be paid before he started the move.

03-26-24	<p>Call to BJ Hogan to see where he was with his move or move plan, and he stated the same that he has before that he wants to be paid, and he will move his items I ask him to give me how much he wanted but he would not commit to a cost. I again said that the ISD needed this parcel to start construction, and he said that he would not move until he got paid.</p> <p>We also discussed Henry Boyd to see if he had found a place for him to move BJ said they were working on it but nothing at this time.</p>
04-02-24	<p>Call to BJ Hogan to see if I could set up a time where I could meet with him to go over his relocation entitlement again and see if I could get him to commit to a move time.</p> <p>Also call to Henry Boyd to see if I could set up time to meet, he said he would meet but wanted to talk to BJ because he wanted him there.</p>
04-04-24	<p>Met with BJ Hogan to discuss his relocation entitlements I again explained the process and ask him if he had an estimate for his move he said he did not and I ask him again if he could prepare a move plane list of items he wanted to move and get me a estimate for the cost from a commercial mover he said he would work on it and I said that the ISD needed the parcel immediately to start their work and he said that he needed to be paid and he would move. I took additional pictures of his personal property, and I asked him to work on an estimate that I could get to the ISD. I told him I would follow up with him in a week or so.</p> <p>Also, we met with Henry Boyd. We went over his rent supplement and his replacement housing supplement for his mobile home, and we discussed what he needed to do to be eligible for the supplements we went over the 90-day letter, at this point he does not know what he is wanting to do.</p>
04-17-24	<p>Call to BJ Hogan to see where he was on preparing his move plan, there has been no change on his part, and I expressed urgency for him to get something I told him I would follow up with him in a few days.</p>
05-09-24	<p>Call to BJ Hogan to see where he was on preparing his move plan, he said he would get started the following week and have a move plan prepared and a list of the items he wanted to move and the items he wanted to abandon and or sell in place. He said he wanted to see the estimate the ISD got. I told him that it was the property of the ISD and that I could not give it to him without their permission. He said he would not let me see any estimate he got until he saw the ISD estimate. I explained to him that the ISD needed on the property immediately and that they were in the process of preparing eviction papers prepared to be filed. He said he was not worried. I asked him to get his estimate, and we would talk the following week.</p>
05-09-24	<p>Called Henry Boyd to ask where he was with looking for a replacement and he said he needed to discuss with BJ. He said that he was pretty much letting BJ Hogan handle where he was going to move.</p>
05-22-24	<p>Called BJ to check on his move estimate, left message.</p>

05-28-24	<p>BJ Hogan returned my call, he has been out of town and said that he will work on getting his move estimate next week, I told him that we needed it as quickly as possible and the ISD was looking at starting eviction proceedings again he said he was not moving until an agreement was made for him to move and he received payment .</p> <p>We also discussed Henry Boyd, and he said that he has not been looking for a replacement site. BJ told me he wants to either he wants to be paid for the well and septic for Henry Boyd I said that that cannot be paid to Henry. BJ also told me that even though he was not Henry's guardian that Henry was going to rely on him to find him a replacement location and mobile home and assist him in setting it up.</p>
06-14-24	Call to BJ Hogan, left message
06-20-24	<p>Call with BJ Hogan to discuss his move and Henry Boyd's move he said he was looking for a replacement location along SH 29 in Burnet and that he may be able to move Henry there. BJ again ask for a copy of the move estimate that the ISD had completed, and I told him that it was the property of the ISD, and I could not give it to him without their approval and at this time they do not want to release that estimate. He asked me to talk to the school again and let him know.</p>
07-03-24	<p>Call to Henry Boyd to discuss his move and answer any question he may have and to get status of if he knows where he is going to move. He said he was waiting on BJ Hogan to purchase property and look for him a mobile home. He asked me to call and discuss this with BJ he also said he was letting BJ look for him a replacement location and mobile home.</p> <p>I got a call form BJ Hogan I explained that I had spoken to Henry and Henry had ask me to discuss the move with BJ Hogan he said that he was in the process of purchasing the property on 29 in Burnet and that he may have Henry move there, BJ said he had someone that had a mobile home that he could get for henry and have it delivered, he said he would let me know, I emphasized the urgency of him finding a suitable place.</p>
07-09-24	I called BJ Hogan to discuss the moving of his personal property and see if he was willing to have estimates prepared.
08-14-24	I called BJ Hogan and Henry Boyd to let them know that the Asbestos Inspector would be on the property to asbestos inspections of all the improvements on both the LISD parcel and parcel 206. Both BJ and Henry were ok with the inspector on the property.
08-29-24	<p>Call to BJ Hogan to discuss his move from parcel 206 and Lender ISD parcel he said he wants to be paid and made whole, he asked if the county would pay to build a metal building the same sq ft as his building on the parcels. I informed him that was not possible and that all the building other than possibly the two small portable buildings would have been paid for in the appraisal and not eligible for relocation. I also informed him that the County was in the process of taking steps to have the property removed. He said he was not worried because the court procedures would take months. I told him that I just wanted to keep him informed, and to try and get him to comply and move his property. We also discussed Henry Boyd. BJ told me that they were not going to be able to move Henry to the property that he purchased on 29 in Burnet, he said that he would like to have Henry move his replacement mobile home on the remainder of parcel 206, but that property would need a new well and septic. He wants the County to pay to have the well</p>

	<p>put in place and he would do the septic, I explained that the county was not responsible to put in a new well for a mobile home to be placed on the property, he said that he could not afford to do it. He stated the cost of a new well would be approximately \$50,000. He went on how Henry was living in deplorable conditions, and I agreed but I also told him that we have given Henry a rent supplement for a replacement location and a housing supplement to replace his mobile home. I explained that because the remainder was his property and not owned by Henry that the count could not put in the septic or well as part of Henrys supplement that was the landlord responsibility, but we could as part of his supplement connect to the utilities.</p> <p>We did not resolve any issues at this time</p>
10-08-24	<p>I spoke with BJ Hogan he wanted to talk about Henry Boyd, he said that Henry is living in deplorable conditions and that the County needs to do whatever is needed to get him into an adequate house. I agreed with him and again told him that a replacement housing supplement for Henry was calculated for him to get a replacement mobile home and that a rent supplement was available to get a replacement mobile home location and if he did not want to get a new mobile home we could recalculate a rent supplement to get him into an apartment or some other rental location so I ask if he could move into and assisted living facility or an apartment and I was told that he would not want to move where there were lots of people, BJ also told me that Henry needed to be in the Leander area because that is where he is familiar and that is where his doctors are. Henry is also not interested into moving into a mobile home park.</p> <p>There is a remainder to this parcel and BJ said that he would let Henry move onto the remainder but in order for him to move a mobile home on the remainder he would need to have a septic system put in place and water. BJ said he had a water tap for this property but the cost to run the line from the meter to the home would be cost prohibitive because the line would have to be run about 1000 feet, he said that he would prefer to have a well put in place. BJ told me that he would put the septic in at his cost, but he wants the County to pay the cost to put in the well this cost would be he estimated to be around \$50,000. He said that if the County agreed to that he could get Henry a Mobile Home and get him moved. I told him that it was not the County's responsibility to put in place utilities for the mobile home and that it was the responsibility of the property owner because he will be charging Henry rent to be on the property, and again he said that he could not afford the cost to put in the water on the property for a single mobile home. I again let him know that the County will be moving forward with eviction on both this parcel and the LISD parcel at some point in the future, he said that he was not worried because once this is in court a jury would be sympathetic to himself and to Henry.</p> <p>Because Henry is slightly Autistic, BJ Hogan has been acting as Henry's advocate and when I talk with Henry, he always refers me back to BJ, and both have agreed that it is probably best for me to discuss his moving with BJ, so this is the reason that I have continued to discuss Henry's relocation with him.</p>
10-14-24	<p>Call with BJ Hogan to discuss the relocation of his personal property and to see if he was going to set a place on the remainder parcel for Henry Boyd. BJ ask for a copy of the relocation manual; I said I would email him a copy.</p>

I again went over in detail what his eligibility was and that we were there to help and I asked him what he is wanting to do as far as move and he said that he wanted to move on the remainder parcel that is owned by BJ Hogan, I ask Henry if he wanted to maybe look at an apartment complex and he did not and I ask if he wanted to look for another place that he could buy but he said that he did not make enough and could not afford to buy something different. I ask him to start to decide what he is wanting to do, and I will be back next week to discuss this again when we meet with BJ, He said he would. BJ also informed me that he had hired Candy Spitzer as his relocation advisor. Two Williamson County Sherrif deputies also accompanied us they were there to check on Henry's welfare and they ask him questions regarding his living conditions.

Explained the moving of personal property and that we would consider the Morgan building and the office building as substitute personal property I ask him to get me another move estimate, and I said I would get replacement cost. I also explained again about the rent supplement he said he did not agree, and I said we could discuss it further if he provided additional information and we could look at the supplement again. But I again emphasized that we needed to start on the move as soon as move estimates are approved. I did confirm with mover that they could have all moved by January 15, 2025,
12-16-24	Call to Henry Boyd could not leave voice mail sent text asking him to call me. Henry Boyd called me back and I ask if he had decided what he was wanting to do, he said that he was waiting for me and I explained again that he could purchase a mobile home and place it on a lot and we could pay up to what was on the approved supplement or he could purchase a house or we could look at a rent supplement and he could rent he said that he was going to be on the remainder 6 acres and that was the only place he was going and that we just needed to provide the funds. I said we could pay up to the approved supplement. I said we needed to meet, and I would set up a time to meet in the next few days to go over everything again.
01-03-24	Email from Don Childs approving the move estimates and that the displacee can use whichever mover he chooses. Called BJ Hogan to let him know that the move estimates were approved and that he can use any mover he wants. I tried to encourage him to contact one of the movers soon to get the move scheduled. 01-07-25	BJ called and ask if we could wait to meet next week when Roy Kudirka is available I said that was fine but we needed to discuss both the mobile home move and his move he said he wanted his son in law to do the move but I explained that his move options were self-move based off time sheets and receipts and that it could not exceed what a commercial mover would charge which is the lower of the two bids we received or that he would have to use a commercial mover, he said that he liked Travis with A-Line Relocation and that he may contact him. I told him to let me know what he wanted to do and that we could get an agreement where we pay the mover directly, I also stressed that he needed to do something now because the County and ISD were still moving forward with the eviction. He said he should call me next week to set a time to meet. He also said they had purchased a mobile home for Henry, and it was to be delivered January 14, 2025.
