Re: 25RFP55-Irrigation Services, as needed
Recommendation of Agreement Award

The recommendation from the RFP Evaluation Committee is to award the Irrigation Maintenance & Repair Services contract to American Irrigation Repair, LLC. This evaluation is based on all items outlined in the evaluation criteria in 25RFP55. Proposal pricing is within budget for these services.

American Irrigation Repair, headquarter office located in Georgetown, Texas, has been in business since 1997. American Irrigation Repair staff are Licensed Irrigators and Irrigation Technicians by the Texas Commission on Environmental Quality. American Irrigation Repair has worked with Williamson County Facilities Management staff on multiple projects and routine maintenance and has familiarity with County properties. American Irrigation demonstrated experience working with multiple municipalities, City of Georgetown, GISD, among others with scope of work similar to this RFP.

The Facilities Management Department recommends that the Williamson County Commissioners Court award the contract based on the committee's recommendation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dale Butler', written over a horizontal line.

Dale Butler
Senior Director
Williamson County Facilities Management
