The Popular Annual Financial Report (PAFR) provides a less technical discussion of County finances by providing important financial data that presents a brief explanation on where the county-wide resources come from, how those dollars are spent, and how those transactions benefit the citizens.

The PAFR is generated using the financial information taken from the 2025 Annual Comprehensive Financial Report (ACFR) that was audited by Weaver and Tidwell, LLP with an unmodified opinion. An unmodified opinion indicates the financial statements are prepared according to Generally Accepted Accounting Principals (GAAP) and are free from material misstatements concerning the overall financial position of the County.

MESSAGE FROM THE COUNTY AUDITOR

Dear Citizens of Williamson County,

It is my pleasure to present the Popular Annual Financial Report (PAFR) for the fiscal year ended September 30, 2025, which highlights all Williamson County Law Enforcement personnel. This financial summary includes discussions of County initiatives and trends in the local economy. The document provides important financial data that presents a brief explanation on where the county-wide resources come from, how those dollars are spent, and how those transactions benefit the citizens.

Williamson County employs law enforcement in the County Attorney's office, each Constables office, the District Attorney's office, the Sheriff's Office, and Jail. Some of the services provided are: Traffic Enforcement; Property Crimes Investigations; Violent Crime Investigations; Community Programs and Education such as DARE and Junior Deputy Academy; Environmental Crime Investigations; Civil Process; assistance to Prosecutors with Evidence for a Trial; Escorting Victims of Crime to court safely; and Security in the various Court Rooms. Please read on to learn more about the excellent work and dedication that these employees provide the citizens of Williamson County.

The County continues to experience major job growth, proliferation of business, and residential development. Williamson County's population was 727,480 in 2024 and is expected to grow to more than 1.6 million by 2050. The Bureau of Labor Statistics ranked Hutto as the 13th fastest growing city in the nation between July 2023 and July 2024. The Austin area was also ranked as the fifth fastest-growing job market for major metropolitan areas in the United States. The tech sector has become the primary driver of jobs in the region. Some of the largest employers in the area now include Samsung, Tesla, Amazon, and Apple. Samsung has continued construction on a \$17 billion semiconductor factory. The six million square foot plant is scheduled to begin operations in 2026. The County's unemployment rate did increase slightly over the last year, from 3.6% in September 2024 to 3.9% in September 2025, remaining lower than the 4.4% unemployment rate for Texas as of September 2025.

Taxable Assessed Valuation (TAV) growth has been solid, spurred by affordable home prices and ample developable land which fuels property tax revenue growth. In fiscal year 2025 TAV grew 10.2%. The AAA credit rating that Williamson County continues to maintain provides further assurances that Williamson County is a great steward of our citizen's money.

This report is not intended to replace the Annual Comprehensive Financial report (ACFR); the function of this report is to provide a readable and understandable format regarding the County's finances. Both the ACFR and PAFR are available on our website: <https://wilco.mygovcenter.com/cms/cms?id=82>. I invite you to share any questions, concerns, feedback or recommendations you may have by emailing julie.kiley@wilcotx.gov.

Respectfully Submitted,

Julie M. Kiley, CPA

Fund Accounting: groups revenue received into related accounts to maintain control over resources that have been segregated for specific activities. The County, like other State and Local Governments, uses fund accounting to ensure compliance with finance-related requirements. All funds of the County can be divided into three categories:

Governmental Funds: are used to account for essentially the same functions as government-wide. However, the main function for governmental funds is to focus on near-term inflows and outflows of available resources as well as unencumbered balances at the end of the fiscal year. Williamson County maintains 58 governmental funds.

Proprietary Funds: are used to accumulate and allocate costs internally among the County's various functions. The only type of proprietary funds maintained by the County is Internal Service Funds, which includes the Fleet Maintenance Fund, Risk Fund, and the Benefits Fund.

Fiduciary Funds: are used to account for resources held for the benefit of parties outside the County.

The [Statement of Net Position](#) presents information on all of the County's assets and liabilities. The difference between the assets and liabilities are reported as the net position. The Statement of Net Position is comprised of the following:

- * [Capital Assets](#) represent the value of assets less depreciation and the associated outstanding debt incurred to purchase an asset.
- * [Restricted Assets](#) are cash or other valuable assets put aside for a specific purpose.
- * [Unrestricted Assets](#) are items that do not have to be held for a specific purpose.
- * [Deferred Outflows of Resources](#) are the consumption of net assets applied to a future reporting period.
- * [Deferred Inflows of Resources](#) are the purchase of net assets by government that is applied to a future reporting period.

Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of Williamson County is improving or deteriorating. In 2025, total net position increased by \$55.7 million compared to 2024 due to capital contributions and property taxes. Capital assets increased by \$219.8 million because of ongoing county road improvements, right of way purchases, and equipment purchases. The acceptance of several new subdivisions contributed to this increase. Noncurrent liabilities increased by \$112.8 million. This increase in 2025 is due to the issuance of \$140.7 million in unlimited tax road bonds, \$88.6 million in Limited Tax Notes, and \$66.1 million in Limited Tax Refunding and Park Bonds.

DEBT AND BOND ACTIVITY

Pass-Through Toll Revenue

In 2011, Williamson County signed a second Pass-Through agreement with TxDOT for the construction of northbound frontage roads and ramps on IH-35 in Georgetown. TxDOT will reimburse a maximum of \$12,096,700. The reimbursement from TxDOT is based on a calculation of \$0.07 per vehicle mile traveled; no more than \$1,099,700 will be reimbursed annually on the completed project. The amount received to date is \$9,758,590.35.

Refunded and Defeased Debt

In September 2025, the County redeemed and defeased \$20.0 million of the 2016 Limited Tax Refunding Bonds. \$20.0 million of debt service was deposited in an escrow account. The debt defeasance resulted in savings of \$5,954,152 million in interest payments over the next 11 years. Since 2004, Williamson County has saved more than \$110.9 million due to refinancing debt and has defeased a par value of \$215.8 million for a savings of \$101.1 million.

Tax Anticipation Note (TAN)

In June 2025, Williamson County issued a Tax Anticipation Note (TAN) in the amount of \$88.6 M. The TAN is a short-term debt security issued by a government. Williamson County issued the TAN to pay for specific projects specifically right of way and roadway improvements.

Voter Approved Bonds

On November 2, 2023, Williamson County voters approved \$825 million in road bonds and \$59 million in park bonds. In June 2025, the county sold road bonds as well as park and refunding bonds for \$140,695,000 and \$66,130,000 respectively. The refunding portion of the Park Bonds consisted of \$37,930,000 which resulted in a savings of \$1,579,618.

WILLIAMSON COUNTY LAW ENFORCEMENT

What does a typical shift look like for the officers?

A typical shift begins with a briefing; this is when the Law Enforcement (LE) team reviews assignments, active cases, shares important updates such as recent incidents, and brief training reminders. Deputies balance multiple responsibilities from Traffic Enforcement, Property Crimes Investigations, Violent Crime Investigations, Community Programs and Education such as DARE and Junior Deputy Academy, Environmental Crime Investigations, Civil Process, assistance to Prosecutors with Evidence for a Trial, Escorting Victims of Crime to court safely, and Security in the various Court Rooms. From start to finish, each shift blends routine duties with unpredictable events. Through visibility, responsiveness, and professionalism, deputies work to keep the community safe and informed every day.

What types of calls does Law Enforcement (LE) respond to and how does LE decide what is a priority on busy days?

The type of calls the LE handles vary depending on community needs and time of day. Calls range from domestic disputes, verbal altercations, vehicle accidents, medical emergencies, traffic violations, property crimes, and high-priority emergencies (crimes in progress, active shooter, bomb threats, homicides, robbery, missing or endangered people).

Deputies determine what is a priority based on:

- 1.)Threat to Life - Situations where lives are at immediate risk.
- 2.)Crimes in Progress - Crimes actively occurring.
- 3.)Public Safety Hazards - Hazards that could endanger the community.
- 4.)Property Crimes and Non-Emergency Calls – Low-risk situations.

This structured approach ensures we allocate resources where they matter most, protecting lives, preventing crimes, and maintaining public safety.

What training do officers receive for de-escalation?

Deputies undergo comprehensive training designed to reduce the need for force and resolve situations safely. Mandatory courses include De-escalation, Verbal Judo, Personal Communication Skills, and Duty to Intervene.

What are some facts the Community need to know about Law Enforcement (LE)?

- Police work is not only a physical job, but it is also a psychological strain on deputies due to the trauma scenes, dealing with victims of abuse, cases involving children, and death.
- LE continuously train.
- LE are part of the community and do their best to show compassion, empathy, and fairness.
- Deputy Constables Offices are a dual entity and enforce both civil and criminal laws.
- The Sheriff's office is a law enforcement entity like a municipality. The difference is the office is led by the Sheriff, who is an elected official. The Sheriff's Office patrols the entire County, oversees the county jail, and handles loose livestock.

What can residents do to help the community to be safe and teach children to rely on law enforcement?

Residents play a vital role in keeping the community safe. Simple actions such as staying aware of unusual activity, securing homes and vehicles, report concerns promptly (See Something, Say Something), and knowing your neighbors are encouraged.

Both the Constables and Sheriffs office offer several opportunities for families and children to learn about Law Enforcement. Programs such as DARE, Junior Deputy Academy, Youth and Young Adults Citizen's Academy, Community Helpers, and Don't Mark Me are many of the programs offered. Events such as Touch a Truck, National Night Out, Trunk or Treat, and other community events are other opportunities for families to learn about safety, interact with deputies, and strengthen the bond between our offices and the community.

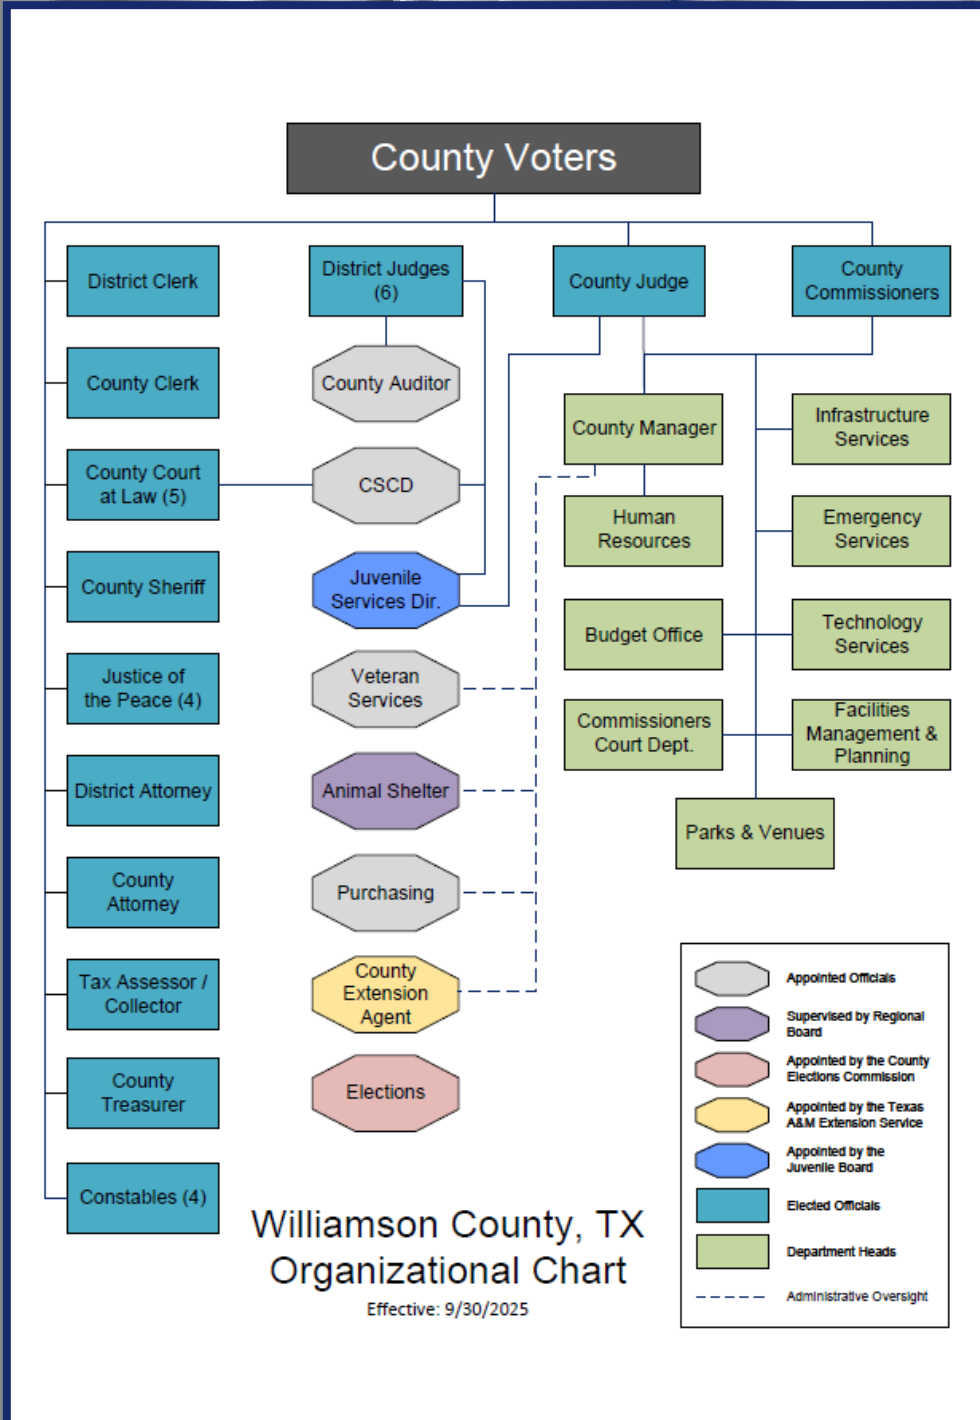

What are the duties of a County Attorney and District Attorney Investigator?

- Provides security for the office, prosecutions teams, and trial witnesses.
- Act as liaison between law enforcement agency officers and prosecutors.
- Locating and contacting victims or witnesses of crimes.
- Coordinating witness travel and accommodations for court hearings or trial.
- Collect and preserve evidence.
- Assist police agencies in obtaining court orders, subpoenas, and search warrants for their investigation into criminal cases.

Special thanks to Williamson County Law Enforcement for providing pictures and information regarding their roles.

COUNTY AUDITOR'S OFFICE

For fiscal year ended September 30, 2024, the Governmental Finance Offices Association of the United States and Canada (GFOA) has given an Award of Outstanding Achievement in Popular Annual Financial Reporting (PAFR) to Williamson County for the 19th consecutive year.

In order to receive an Award of Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a PAFR whose contents conform to program standards of creativity, presentation, understandability, and reader appeal. We believe our current report continues to conform to the PAFR requirements, and we are submitting the current year report to GFOA.
