WHEREAS, the District currently operates pursuant to Chapters 49 and 54, Texas Water Code, as amended; and

WHEREAS, the temporary directors of the District appointed by the Commission, or their replacements, have met and organized and have qualified to serve as directors of the District by taking the oath and making the bond required by law; and

WHEREAS, it is now necessary to call an election for the purpose of confirming the creation and establishment of the District and for the purpose of the election of five permanent directors thereof; and

WHEREAS, the Board is of the opinion that it would be of benefit to the District to be authorized to levy and collect an operation and maintenance tax not to exceed \$1.50 per one hundred dollars valuation of taxable property within the District to secure funds for maintenance and operation purposes and any other lawful purposes; and

WHEREAS, Section 49.107(b), Texas Water Code, provides that an operation and maintenance tax cannot be levied until such levy is approved by a majority of the electors voting in an election held for that purpose; and

WHEREAS, said works, improvements, facilities, land, plants, equipment, appliances, property, contract rights, rights of use and interests in property are designed and intended to furnish a waterworks and wastewater system and a drainage and storm sewer system for properties inside and outside the District; and

WHEREAS, the engineer's report heretofore filed and approved contains an estimate of the cost of the purchase, acquisition and construction of the proposed works, improvements, facilities, land, plants, equipment, appliances and an estimate of the District's cost due or to become due under contracts and the cost of purchasing and acquiring such property, contract rights, rights of use and interests in property, administrative facilities and expenses incident thereto, as generally follows:
