**STABILIZING FOUNDATION AND PIER INSTALLATION  
FOR JUSTICE OF THE PEACE, PRECINCT 4 COURT BUILDING  
PROPOSAL NUMBER: 09WCP801**

**PROPOSALS MUST BE RECEIVED ON OR BEFORE: November 5, 2008 – 2:00 PM**

**PROPOSALS WILL BE PUBLICLY OPENED: November 5, 2008 – 2:00 PM**

**ADDENDUM # 1**

October 24, 2008

**Additions:**

1. Williamson County has created Alternate #1; removing the sidewalk in front of the building, sloping the grass down to the parking lot, and replacing the sidewalk, re-installing the sidewalk at parking lot elevation. Please see attached PDF drawings and include pricing for Alternate #1, in addition to the original proposal.
2. If required, it is the sole responsibility of the contractor to pay for and obtain permits with the City of Taylor.
3. After demolition and before replacing sidewalks, the contractor must dowel into existing sidewalks.
4. The County requires that the contractor do its best to save plants and shrubs. The contractor will carefully dig out any plants to do the work, save the plants, and then replant in their original locations.
5. It is the contractor's sole responsibility, including all costs, to obtain independent lab testing of concrete and depth of piers. If contractor is unfamiliar of any labs, the County will provide a list of labs the contractor can choose from.
6. Performance and Payment Bonds: Chapter 262.032 of the Texas Local Government Code governs the requirements of performance bonds for government entities making public work contracts. A performance bond is required if the contract is in excess of \$50,000 and is to be made for the full amount of the contract. Chapter 2253.021 of the Texas Government Code governs the requirements for payments bonds for government entities making public work contracts. A payment bond is required if the contract is in excess of \$25,000 and is to be made for the full amount of the contract. The bonds are to be executed with ten (10) days after receipt of written notification of award of contract prior to beginning work on the project and must be executed by a corporate surety or sureties in accordance with the Texas Insurance Code. In the event the bond exceeds \$100,000.00, the surety must also (1) hold a certificate of authority from the United States Secretary of the Treasury to qualify as a surety on obligations permitted or required under federal law; or (2) have obtained reinsurance for any liability in excess of \$100,000.00 from a reinsurer that is authorized and admitted as an insurer in this state and is the holder of a certificate of authority from the United States Secretary of the Treasury to qualify as a surety or reinsurer on obligations permitted or required under federal law.

The purpose of a performance bond is for the protection of the government entity and is conditioned on the faithful performance of the work being done in accordance with the plans, specifications, and contract documents. The payment bond is for the protection of persons supplying labor and materials to the contractor to ensure payment.

**Subject:** Bonding Company Rating

Hi -

SureTec has an A- rating. More important is that they are an approved Treasury Listed Bonding Company.

Thanks -  
Joanne
