DO NOT SIGN OR SUBMIT WITHOUT READING ENTIRE DOCUMENT

THIS FORM MUST BE COMPLETED, SIGNED, AND RETURNED WITH BID

ATTACHMENT FOR ITEM 8 --

Regarding the specification attached to the bid for "Asphalt Emulsion Stabilizer": Ergon is bidding EE-1 emulsion which is specifically designed for asphalt emulsion stabilized base. The amount of product to use and whether or not it is anticipated to work on a given road is best determined by lab tests conducted on the specific base material from the road(s) to be reclaimed/recycled. The price per gallon quoted by Ergon reflects the price for straight (undiluted) emulsion. The price does not include the testing outlined in the Specifications attached to the bid because the number of roads, quantity of emulsion, and number of tests could not be determined at the time of the bid. When this information becomes available, a per gallon price for EE-1, including testing, will be able to be determined.
