Dear Bob,

I am sending this letter to inform you to request a market basket increase as per the terms of the Aramark Food Services Contract at Williamson County Jail. The annual adjustment was put in place to help off-set some of the normal and unique increases we absorb on a daily basis. At this time we are seeking an adjustment of 4.76%.

I am sure you are aware of the record setting price increases that have been experienced in commodities and other supporting operating expenses. We have based our request on the Market Basket Price Redetermination of February 2009.

The Juvenile is now operating under a separate agreement, thus this request covers the Adult Service within Williamson County Jail only.

	<u>Current Rate</u>	<u>MB Increase</u>	<u>New Price</u>
Price Per Meal (3000 cal):	.8605	.0409	.9014
Price Per Meal (2500 cal):	.8605	n/a	.8740

Aramark is sincerely pleased to provide services to Williamson County. We look forward to a continued strong relationship for years to come.

Regards,

Eddie Noriega  
Gulfcoast District Manager
