Memo

To: Williamson County Commissioners Court
From: Michael J. Weaver
Date: June 29, 2009
Re: U.S. Department of Transportation TIGER Discretionary Grant Program

Attached please find the Federal Register Notice and PowerPoint presentation prepared by the U.S. Department of Transportation regarding the Transportation Investment Generating Economic Recovery (TIGER) grant program.

This is the second round of transportation infrastructure stimulus funding. It should be a very popular program and there will be many people looking for funding through the \$1.5 billion program. Please review and let me know if you have any questions and if you would like to have a discussion regarding specific projects that might be suitable for funding through the program.
