Subject: Award of HD-5 Propane Motor Fuel #10WC808

Bob,
Mike Fox and I evaluated the bid for HD-5 Propane Motor Fuel #10WC808. We recommend the award of bid to Ferrallgas of Austin. The price received is a fair amount and we checked references with Rick Gee with the City of San Marcos who gave a glowing reference. He also noted that they have had very few problems with their propane vehicles.

Thank you for Patrick's help and should you need any further information please let me know.
