

CONNECTIONS

CARTS is about connections—from a thirty mile ride for a life-essential trip to a dialysis center, a forty mile commute to Austin while reading the paper, or a group outing from a nursing home to a state park.

It is about the independence that rides from home to a senior luncheon, grocery shopping and to visit the doctor give our growing elderly population. It is about the rides to school, day care and work for her children that helps a single mom get by. It is about Christmas presents or tractor parts shipped by bus from Indiana, or a ride to visit your sister in Oregon by bus or train.

Connections like these are made everyday at CARTS. And we can make one for you.

ABOUT

CARTS

The Capital Area Rural Transportation System, or CARTS, is a Rural Transit District formed through interlocal agreement by nine county governments in the seventy-five hundred square mile region surrounding the Texas capital city.

The CARTS District includes all of Bastrop, Burnet, Blanco, Caldwell, Fayette, Hays and Lee counties and the non-urbanized areas of Travis and Williamson counties.

Governed by a Board made up of a member from each of the nine Commissioners Courts, CARTS provides regional perspective and planning to the wide variety of community-based passenger transportation services it operates.

CARTS delivers transportation tailored specifically for each of the one hundred and sixty-nine communities it serves. The service frequency in or to the various locales range from many times a day to once a month.

CARTS buses operate from five transit stations, located strategically throughout the CARTS district. These centers are located in Austin, Bastrop, Round Rock, San Marcos and Smithville.
