

AGREEMENT EXTENSION ADDENDUM

On July 25, 2007, Texas Health Institute ("THI") and the Williamson County Mental Health Task Force ("Provider") entered into an Agreement ("Original Contract") for the provision of services by Provider to THI under a Department of State Health Services ("DSHS") Texas Mental Health Transformation Initiative ("DSHS Contract") between DSHS and THI. The DSHS contract has been extended until September 30, 2011. As such, THI and Provider would like to extend the Original Contract until that date. All of the terms and conditions in the Original Contract shall remain in effect, except where superseded by this Agreement Extension Addendum. The areas which are superseded include the term, which shall extend from October 1, 2009 until September 30, 2011 ("Extension Term"), the total compensation for the Extension Term, which shall be fifty thousand dollars (\$50,000) minus the amount reimbursed to date, and the deliverables for the Extension Term, which are listed below. This amount would be the \$50,000, minus expenses submitted as of the date of this extension, that would be devoted to these particular objectives/strategies. The only prohibition about the use of these dollars is that these dollars must pertain to infrastructure; they should not be used to provide direct services. Documentation of these expenditures must be available for review at the local level, but do not need to be included with the invoice to the Texas Health Institute. This Agreement Extension Addendum and Attachment A, shall be fully incorporated into the Original Contract between the parties.

- Submit invoices along with General Ledger on a monthly basis. If you do not have on-going monthly expenses, at a minimum submit a quarterly invoice. If you do not have any expenses for the quarter, submit invoice that shows 0 dollars spent.
- Invoices must be submitted prior to the 25th of the month to be included in that month's billing. If submitted after the 25th, they will be submitted in the next month billing cycle.
- Report the status of objective/strategies using a Powerpoint template provided by DSHS at each quarterly meeting of the MHT Community Collaboratives.
- See attached Attachment A.

1. Microsoft Office Groove, soon to be named Microsoft Office SharePoint Workspace is a desktop application designed for document collaboration in teams with members who are regularly off-line or who do not share the same network security clearance. Groove's uses have included coordination between emergency relief agencies where different organizations do not share a common security infrastructure and where offline access is important, and amongst teams of knowledge workers, such as consultants who need to work securely on client sites. It is also used as a staging system for documents in development, where content can be worked up then transferred to a portal when complete.

2. CIT – Williamson County Crisis Intervention Team

3. MOT – Williamson County Mobile Outreach Team

4. BTMHR – Bluebonnet Trails MHR
