

# Williamson County Public Safety Technology Program Technology Services Support for Agencies

---

## Document Version and Updates

### Document Version

Version 1.0      Approved by Commissioner's Court on 4/5/2011

### Previous Versions

None.

### Latest Version

Please check for the latest version of this document at: <http://sharepoint/pstp/> (you must be using NetMotion or on the County's network to access this resource) or <http://www.wilco.org/pstp/>

## Services Offered

- County software install & maintenance
- PC & Laptop software and hardware support
- Virus checking and removal
- Networking issues
- GPS/AVL issues
- Server Support
- GIS Data/Mapping
- Training on PSTP Systems

### Services NOT offered:

- 3<sup>rd</sup> party software support or install
- Personal/agency data migration/recovery (except as related to the PSTP)

## Hours of Support & Response Times

Williamson County Technology Services staff are available during normal office hours (Monday – Friday 8:00am – 5:00pm, excluding County holidays) for routine support.

Emergency support is available for certain system-wide issues. Individual PC or laptop repairs or issues are not considered “emergency” and will be handled by Technology Services staff during regular business hours.

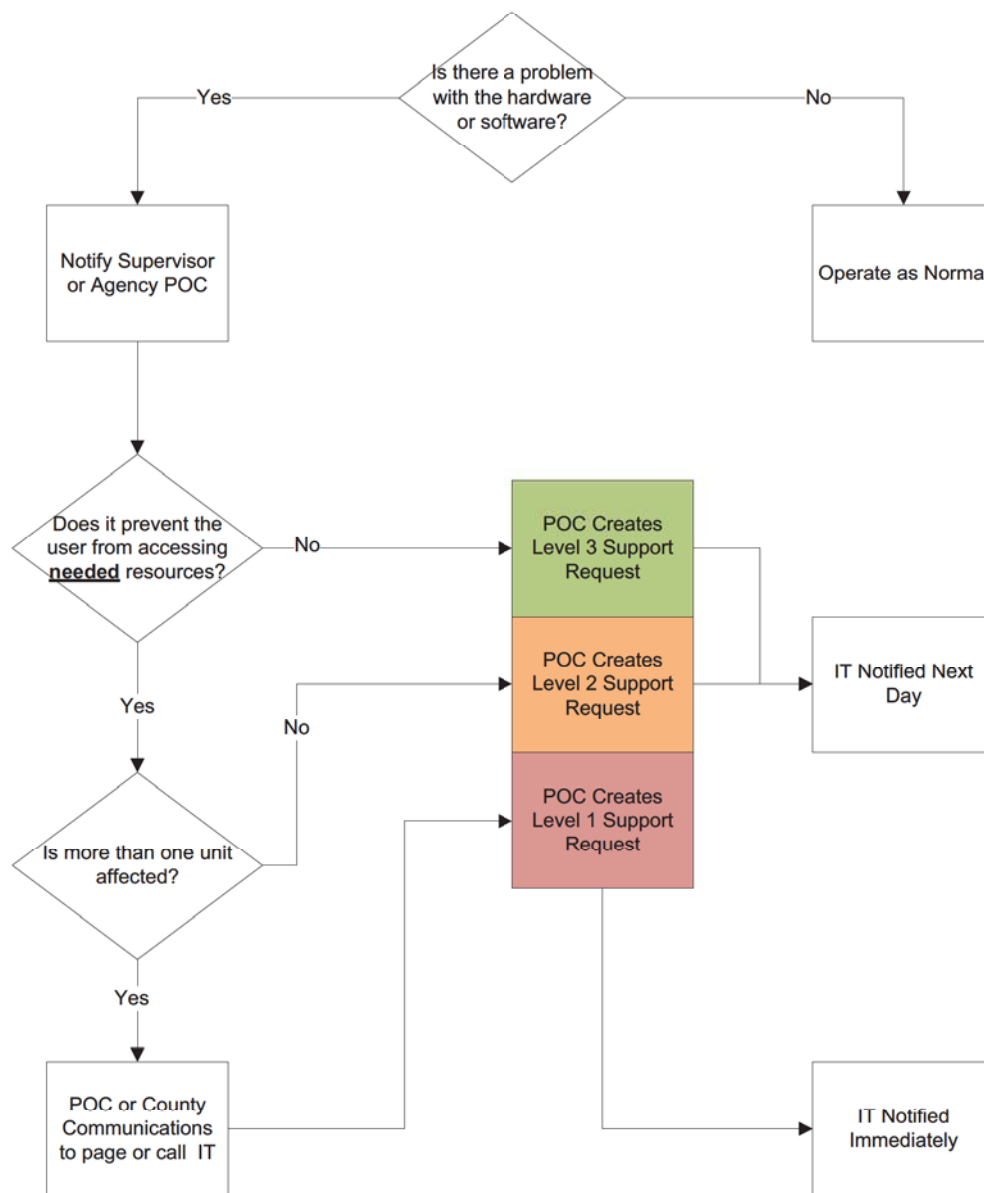

## Support Procedure

Support requests to County IT must be initiated by the Primary or Backup Point of Contact for an agency. No other support requests will be accepted by Williamson County.

Points of Contact may initiate requests one of two ways:

1. Create a support request through the County's PSTP Portal web site (Level 1,2,3 requests).  
Requests may also be created by Emergency Communications agency's behalf if the County's PSTP portal is not accessible by the agency.
2. Contact County IT staff directly for Level 1 requests (according to the Support Model below).

## Support Model

## Charges for Services

Agencies that wish to be supported by Technology Services pay per use of support services. Payment is due at the time of service or the pickup of the equipment, depending on the service type.

Issues that are initiated by Williamson County and the Public Safety Technology Program, such as regular software upgrades or patches will be without additional cost to agencies.

Services performed at Williamson County Technology Services facilities or remotely via remote access software will be billed according to the table below.

Services are counted on a calendar year basis, and services are counted per each computer.

## Hardware Drop Off or Remote Support Rates

Services performed by County staff at County Technology Services or remote connection

SERVICE	FIRST SERVICE	SECOND SERVICE	THIRD + SERVICE
<b>Standard<sup>1</sup> laptop or desktop</b>	FREE	\$50	\$75
<b>Non-Standard<sup>1</sup> laptop or desktop</b>	\$50 / hour	\$75 / hour	\$100 / hour

1. See "PSTP Hardware & Software Requirements" for supported computer models
