

POSSESSION AND USE AGREEMENT FOR UTILITY RELOCATION PURPOSES

STATE OF TEXAS

§

Project No.: SH195

Parcel No.: 109B—utility easements

COUNTY OF WILLIAMSON

§

CSJ No.: 0440-02-0112

This agreement, effective the 29 day of APRIL, 2011, between the CHISHOLM TRAIL SPECIAL UTILITY DISTRICT and PEDERNALES ELECTRIC COOPERATIVE, INC., acting by and through Williamson County, Texas (collectively the "County"), and WILFORD C. SCHNEIDER, Trustee of the WCS Heritage Trust (the "Grantor(s)"), grants an irrevocable right to possession and use to the County, its contractors, agents and all others deemed necessary by the County for the purpose of constructing electric and waterline utility relocations adjacent to the proposed State Highway No. 195 improvement project. The property involved is described more fully in field notes and plat map attached as Exhibit "A" and made a part of this Agreement by reference, and includes the temporary construction easement as shown in Exhibit "A" (the "Property").

1. For the consideration paid by the County which is set forth in Paragraph two below, the receipt and sufficiency of which is acknowledged, Grantor(s) grant, bargain, sell and convey to the County exclusive possession and use of the Property for the purpose of electric facility and water line facility relocations and appurtenances thereto and the right to remove any improvements. This Possession and Use Agreement will extend to Chisholm Trail Special Utility District and Pedernales Electric Cooperative, Inc., their contractors, and assigns. This grant will allow the construction, relocation, replacement, repair, improvement, operation and maintenance of these utilities on the Property.
2. In full consideration for this irrevocable grant of possession and use, the County will tender to the Grantor(s) the sum of THIRTY ONE THOUSAND EIGHT HUNDRED EIGHTY-THREE and 00/100 Dollars (\$31,883.00). The Grantor(s) agrees that this sum represents adequate and full compensation for the possession and use of the Property. The County will be entitled to take possession and use of the Property upon tender of payment. The parties agree that the sum tendered represents 90 percent of the County's approved value. The approved value is the County's determination of the just compensation owed to the Grantor(s) for the full electric/waterline easement interest and temporary construction easement interest to be acquired by the County in the Property, and damages to the remainder, if any. The parties agree that this sum will be deducted from any final settlement amount, award or verdict. In the event the final award or verdict for the utility easement interests is less than the amount the County has paid for the possession and use of the property, then the Grantors agree that the original amount tendered represents an overpayment and that the County is entitled to seek a refund.
3. The GRANTOR warrants and represents by, through, and under the GRANTOR, but not otherwise, that the title to the Property is free and clear of all liens on the title to the Property, or that any necessary and proper releases will be executed for the Property prior to or simultaneously with the first payment of funds being disbursed under this agreement. GRANTOR further agrees to indemnify State from all unreleased or undisclosed liens, claims or encumbrances that are known to Grantor and that affect the Property. This conveyance is made by GRANTOR and accepted by County subject to the following:

- a. visible and apparent easements not appearing of record;
 - b. any discrepancies, conflicts, or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show; and
 - c. easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances, and encumbrances for taxes and assessments (other than liens and conveyances) that affect the Property and are presently of record in the Official Public Records of the county in which the Property is located, but only to the extent that said items are still valid and in force and effect at this time.
4. This agreement is made with the understanding that the County will continue to negotiate in good faith with the Grantor(s) to acquire the easement interest in the Property by direct purchase. It is further understood in the event a settlement is not reached within ninety (90) days of the effective date of this agreement, at the Grantor's request the County shall begin proceedings in eminent domain to acquire fee title to the Property. The County will not unreasonably delay the commencement of proceedings under eminent domain once the time provided for in this paragraph has expired.
 5. The parties agree that the valuation date for purposes of determining the value of the just compensation for the Property to be acquired shall be the date of the deposit by County of any amount by which a special commissioners' award exceeds the consideration paid for this Agreement or the date of the special commissioners award if it does not exceed the amount of the consideration paid for this Agreement. The Property shall be valued, as of the date of valuation, as if any improvements located thereon as of the date the consideration is paid for this Agreement are still located on the Property.
 6. This grant will not prejudice Grantor's rights to receive full and just compensation for the easement interests to be acquired by the County in the Property, encumbered with the improvements thereon, if any, and damages, if any, to the remainder of Grantors' lands. This grant will not prejudice Grantor(s) rights to any relocation benefits for which they may be eligible.
 7. In the event the County institutes eminent domain proceedings, the County will not be liable to Grantor(s) for interest upon any award or judgment as a result of such proceedings for any period of time prior to the date of the award. Payment of any interest may be deferred by the County until entry of judgment.
 8. The purpose of this agreement is to allow the County to proceed with its construction project without delay and to allow the Grantor(s) to avoid litigation at this time.
 9. Grantors reserve all of the oil, gas and sulphur in and under the land herein conveyed but waive all right of ingress and egress to the surface for the purpose of exploring, developing, mining or drilling. The extraction of oil, gas and minerals may not affect the geological stability of the surface.
 10. The undersigned Grantor(s) agree(s) to pay all taxes, including prorated taxes for the current year, and special assessments due at the time the County takes possession of the Property.

11. This agreement will also extend to and bind the heirs, devisees, executors, administrators, legal representatives, successors and assigns of the parties.
12. It is agreed the County will record this document
13. Other conditions: The parties agree that the grant of this Possession and Use Agreement, and the presence of any utility provider facilities constructed upon the property may not be used as evidence or as an assumption of the existence of a utility easement or any utility provider facilities on the Property as part of the valuation of the parent tract(s) by the State in connection with its acquisition of parcel 109B right of way or the value thereof.

To have and to hold the Agreement herein described and conveyed, together with all the rights and appurtenances belonging to Chisholm Trail Special Utility District and Pedernales Electric Cooperative, Inc, acting by and through Williamson County, and their assigns forever, for the purposes and subject to the limitations set forth above.

IN WITNESS WHEREOF, THIS INSTRUMENT IS EXECUTED ON THIS THE 29 DAY OF
