**NOW THEREFORE**, the State and the Local Government do agree as follows:

**AGREEMENT**

1. Description of Amended Items:

- A. The following additional provisions are added at the end of and as part of the Paragraph titled *Negotiations*: The Local Government may utilize as part of the acquisition process, Possession and Use Agreements for Transportation Purposes (TxDOT Form N-7) provided (1), such forms are not altered, (2) are obtained in accordance with the procedures contained in the TxDOT Right of Way Manual, (3) updated title commitments are obtained, (4) payment by the Local Government to the parcel owner identified as the record title holder in the updated title commitment is made through the title company issuing the updated title commitment, (5) there are no outstanding liens or encumbrances that have not been released, and (6), the

B. The following additional provisions are added at the end of and as part of the Paragraph titled *Reimbursement*:

- I. The State will reimburse the Local Government for the amounts paid to obtain possession of a specific parcels by Possession and Use Agreements (TxDOT Form N-7) obtained subsequent to the date of execution of this Supplemental Agreement by and on behalf of the State, in the following amounts: (1) Seventy percent (70%) of the consideration paid as stated in the Possession and Use Agreement, upon being furnished by the Local Government of a Request for Reimbursement in accordance with TxDOT's Right of Way manual together with written verification of compliance with the requirements set out in Paragraph 1 A. above, to include a signed copy of the Possession and Use Agreement, verification of recording of the Possession and Use Agreement, copy of updated title commitment, and verification of payment to the record title holder of the consideration as stated in the Possession and Use Agreement; (2) Twenty percent (20%) of the consideration paid as stated in the Possession and Use Agreement after either a final closing of the parcel by negotiated Deed, or upon the Local Government obtaining an Award of Special Commissioners pursuant to an eminent domain proceeding, upon being furnished by the Local Government of a Request for Reimbursement in accordance with TxDOT's Right of Way manual, to include a signed copy of the Award of Commissioners, verification of deposit by the Local Government into the registry of the court of any additional amounts by which the Award of Commissioners exceeded the amount originally paid under the Possession and Use Agreement and allowed as deduction credit against the Award of Commissioners under the terms of the Possession and Use Agreement, and a copy of updated title commitment.
- II. For right of way parcels where condemnation was initiated by the Local Government (and a Possession and Use Agreement was not obtained), the Local Government may elect to either wait to submit a request for reimbursement until a final judgment (including a judgment in absence of objections) has been obtained, or may submit a Request for Reimbursement in accordance with TxDOT's Right of Way manual, upon the Local Government obtaining an Award of Special Commissioners pursuant to an eminent domain proceeding, with such Request for Reimbursement to include a signed copy of the Award of Commissioners, verification of deposit by the Local Government into the registry of the court of the amount of the Award of Special Commissioners, and a copy of updated title commitment. Said reimbursements will be conditioned upon all of the items set out in Paragraph 1A, hereinabove, (except such prior agreements that have already been executed are not required to be on unaltered TxDOT Form N-7).
- IV. Notwithstanding anything to the contrary set out above, all reimbursements paid to the Local Government under either negotiated deeds, possession and use agreements, awards of special commissioners, or final judgments are subject to final audit, which is to be based upon the maximum amount of reimbursement to be paid by the State to the Local Government not to exceed ninety percent (90%) of the cost of the right of way acquired in accordance with the terms and provisions of the basic Form ROW-RM-37 "Contractual Agreement for Right of Way Procurement – Local Government". In the event a final judgment in an eminent domain proceeding provides for a lower amount of compensation than did the Award of Commissioners, the Local Government agrees to reimburse the State for any excess amounts paid by the State to the Local Government based upon the higher Award of Commissioners. Reimbursements paid by the State to the Local Government for parcels acquired through eminent domain proceedings for amounts exceeding the State's predetermined value of each parcel, are conditioned upon the State having been notified in writing prior to the filing of such eminent domain suit and upon prompt notice being given as to all action taken therein. The State shall have the right to become a party to the suit at any time for all purposes, including the right of appeal at any stage of the proceedings.

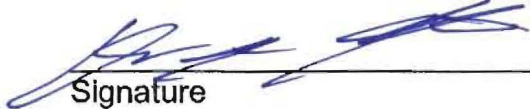

All other provisions of the original agreement and prior Supplemental Agreements not amended are unchanged and remain in full force and effect.
