REJECTION OR ACCEPTANCE: A primary, secondary, tertiary and/or subsequent award may be made for this bid. Items may be awarded in total or in part at the sole discretion of the County. Bids may be rejected for some items, departments or areas, even though awards are made for others. The convenience of having a single source for similar items will be taken into consideration together with price in determining the lowest and best bid.

It is understood that the Commissioners' Court of Williamson County, Texas, reserves the right to accept or reject any and/or all bids for any or all materials and/or services covered in this bid request, and to waive informalities or defects in the bid or to accept such bid it shall deem to be in the best interest of Williamson County. In determining the overall best bid, the County may exercise the following option granted to local governments under the Texas Local Government Code.

As summarized in TLGC § 271.907, this option allows the County to evaluate bids and give preference to goods and/or services of a vendor that demonstrates that the vendor meets or exceeds any and all state or federal environmental standards, including voluntary standards, relating to air quality. If the bid being submitted will have an effect on air quality for Williamson County (as it relates to any state, federal, or voluntary air quality standard), then the bidder should provide information in narrative form indicating the anticipated air quality impact. Bidders are expected to meet all mandated state and federal air quality standards.

CONTRACT: This Bid, when properly accepted by Williamson County, shall constitute a contract equally binding between the successful bidder and Williamson County.

The successful bidder may be required to sign an additional agreement containing terms necessary to ensure compliance with the bid.

CONTRACT ADMINISTRATION: Terron Evertson, Director of Road and Bridge Division, Williamson County or successor, shall be the contract administrator/Owner's Designated Representative (ODR) with designated responsibility to ensure compliance with contract

URS CULVERTS-CORRUGATED METAL BID

requirements, such as but not limited to, acceptance, inspection and delivery. The contract administrator/ODR will serve as liaison between Williamson County Commissioner's Court and the successful bidder.

CONTRACT PERIOD(S): The Initial Contract Period is Date of award through September 30, 2012

October 1, 2012 through March 31, 2013

April 1, 2013 through September 30, 2013

CONTRACT EXTENSIONS: At the end of the initial contract period, the Commissioners' Court reserves the right to extend this contract, by mutual agreement of both parties, as it deems to be in the best interest of the county. If approved, this extension will be in six (6) month increments for up to an additional twelve (12) months, with the terms and conditions remaining the same. Any requested price adjustments must follow the economic adjustment clause in the bid documents. The total period of this contract, including all extensions will not exceed a maximum combined period of eighteen (18) months. The extension of this contract is contingent on the appropriation of necessary funds by Commissioner's Court for the fiscal year in question. Upon the failure of Commissioner's Court to so appropriate in any year, the Vendor may elect to terminate this agreement, with no additional liability to the County. The County and the Vendor agrees that termination shall be the Vendor's sole remedy under this circumstance.

ECONOMIC ADJUSTMENT: The awarded Vendor may submit a request for a contract pricing adjustment for approval by the County if the Vendor can show just cause substantiating an adjustment. The Vendor's request must include evidence in the form of a certified statement or affidavit from the supplier or manufacturer that explains the price adjustment, effective date, and any other details requested by the Purchasing Office.

An adjustment request will be effective after approval of Commissioners' Court. Until then the original contract pricing will remain unchanged. If an issue regarding an adjustment request is not resolved, the Purchasing Office reserves the right to seek competition from other sources.

Any limit on quantities available must be stated expressly in the bid.

FUNDING: County intends to budget and make sufficient funds available and authorize funds for expenditure to finance the costs of this contract. Bidders understand and agree that the County's payment of amounts under this contract shall be contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to make payments under this contract.

SALES TAX: Williamson County is by statute, exempt from the State Sales Tax and Federal Excise Tax.

STATEMENTS: No oral statement of any person shall modify or otherwise change, or affect the terms, conditions, plans and/or specifications stated in the various Bid Packages and/or Bid Instructions/Requirements.

ETHICS: The bidder shall not accept or offer gifts or anything of value nor enter into any business arrangement with any employee, official or agent of Williamson County.

TERMINATION FOR CAUSE: In the event of breach or default of this contract or any other additional agreement containing terms necessary to ensure compliance with the bidder's bid, Williamson County reserves the right to enforce the performance of this contract or any additional agreement by any manner prescribed by law or deemed to be in the best interest of Williamson County. At Williamson County's sole discretion, the Bidder may be given a reasonable opportunity to cure its breach or default prior to Williamson County's termination under this provision. Williamson County's option to offer time to cure a default or breach shall, however, in no way be construed as negating the basis for termination for non-performance.

TERMINATION FOR CONVENIENCE: Williamson County may terminate this contract and/or any additional agreement containing terms necessary to ensure compliance with the Bidder's bid, for convenience and without cause or further liability, upon thirty (30) days written notice to Bidder. In the event Williamson County exercises its right to terminate without cause, it is understood and agreed that only the amounts due to Bidder for goods, commodities and/or services provided and expenses incurred to and including the date of termination, will be due and payable. No penalty will be assessed for Williamson County's termination for convenience.

SILENCE OF SPECIFICATIONS: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.

PROPRIETARY INFORMATION: All material submitted to the County becomes public property and is subject to the Texas Open Records Act upon receipt. If a Bidder does not desire proprietary information in the bid to be disclosed, each page must be identified and marked proprietary at time of submittal. Simply stating that the entire bid is proprietary is not allowed. The County will, to the extent allowed by law, endeavor to protect such information from disclosure. The final decision as to what information must be disclosed, however, lies with the Texas Attorney General. Failure to identify proprietary information will result in all unmarked sections being deemed non-proprietary and available upon public request.

COMPLIANCE WITH LAWS: The successful bidder shall comply with all applicable federal, state and local laws and regulations pertaining to the practice of the profession and the execution of duties under this bid including the TEXAS HAZARD COMMUNICATION ACT and THE WILLIAMSON COUNTY HAZARD COMMUNICATION PROGRAM POLICY.

The rule is adopted under the Texas Labor Code, §402.061. The information provided below is a result of this rule. By submitting your

bid/proposal to the County, you are acknowledging that this rule is a part of these bid/proposal specifications, and that you will observe and abide by all of the requirements outlined in the rule. Kerstin Hancock
Williamson County Purchasing Department

If you have any questions related to this ruling and/or requirement, you are encouraged to contact either the Williamson County Purchasing Department at (512) 943-1607, or you may call the Texas Workers' Compensation Commission at (512) 804-4000.5

Workers' Compensation Insurance Coverage:

A. Definitions: Certificate of coverage ("certificate")-A copy of a certificate of insurance, a certificate of authority to self-insure issued by the commission, or a coverage agreement (TWCC-81, TWCC-82, TWCC-83, or TWCC-84), showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project. Duration of the project - includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity. Persons providing services on the project ("subcontractor" in S406.096) - includes all persons or entities performing all or part of the services the contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the contractor and regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, County-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitation, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage proposers, office supply deliveries, and delivery of portable toilets.

B. The contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

C. The Contractor must provide a certificate of coverage to the governmental entity prior to beginning work.

D. If the coverage period shown on the contractor's current certificate of coverage ends during the duration of the project, the contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

E. The contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

(1) a certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project;

(2) no later than seven (7) days after receipt by the contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

F. The contractor shall retain all required certificates of coverage for the duration of the project and for one year thereafter.

G. The contractor shall notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

H. The contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers' Compensation Commission, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

I. The contractor shall contractually require each person with whom it contracts to provide services on a project, to:

(1) provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

2) provide to the contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project;

(3) provide the contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

(4) obtain from each other person with whom it contracts, and provide to the contractor:

(a) a certificate of coverage, prior to the other person beginning work on the project; and

(b) a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the

coverage period shown on the current certificate of coverage ends during the duration of the project;

(5) retain all required certificates of coverage on file for the duration of the project and for one year thereafter;

(6) notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

(7) contractually require each person with whom it contracts, to perform as required by paragraphs (1) - (7), with the certificates of coverage to be provided to the person for whom they are providing services.

J. By submitting a bid in response to this RFP or providing or causing to be provided a certificate of coverage, the contractor is representing to the governmental entity that all employees of the contractor who will provide services on the project will be covered by workers' compensation coverage for the duration of

the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

K. The contractor's failure to comply with any of these provisions is a breach of contract by the contractor which entitles the governmental entity to declare the contract void if the contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the government
