- H. Triple S has had the privilege of serving Williamson County for many years. We will continue to serve the county as our number one customer with the service required by Williamson County. In the event of a Natural Disaster or Emergency Situation, we will escalate Williamson County to a Priority One level for fuel deliveries and will make deliveries as needed, required and requested, 24/7 to the best of our capabilities and available resources, equipment and manpower.
- I. Triple S enclosed bid is valid for ninety (90) calendar days from October 16, 2012
- J. Triple S has been and is financially stable. We are able to perform the functions requested by the IFB and to provide these services represented in this bid. Our credit information sheet has been attached to this transmittal letter.
- K. By bidding on this contract Triple S has accepted the Bid Specifications, Terms and Conditions of the contract resulting from this IFB. If award the bid Triple S Fuels will continue to handle the Petroleum Product Delivery Fee, Federal Oil Spill tank and LUST fee all required by the State of Texas as a separate line items

as we have in the past. None of these fees have been included in the price per gallon. (an invoice copy has been provided)

- L. With the delivery of Conventional Gasoline, there is the potential of having an effect on the air quality for Williamson County. However, Triple S Fuels employs the use of Stage 1 Vapor Recovery as outlined in TCEQ Regulatory Guidance, RG-475j Revised May 2010. Effect would be no more than that of deliveries to other private and public fueling locations in Williamson County.

Also enclosed is a copy of the August 14, 2012 OPIS which was used in price of this bid. Should you have any question, I can be contacted at 512-385-2020 ex 133 or at kshugart@sss-petroleum.com. Your time and consideration is greatly appreciated.

Sincerely,

Triple S Fuels
