**Subject:** Proposed OFF ROW work

Dear Judge and Commissioners,

Below is proposed Off Right of Way work for your consideration as part of the September 23, 2014 Commissioner's Court. Please let me know if you have any questions or concerns that I might address.

J. Terron Evertson, P.E.  
Director of Road and Bridge  
Williamson County, TX  
(512) 943-3849

### **Precinct 4**

Ricky and Cheryle Kruger  
5090 CR 100  
Hutto, TX 78634

Grade and repair driveway. Mr. Kruger has experienced damage to his driveway as a result of recent storm events. Road and Bridge is currently conducting major maintenance of a relief channel and also grading roadway channels near around his property. Once those activities are completed, we propose to restore Mr. Kruger's driveway to its pre-existing condition (no upgrade). Restoration would include grading and replacement of gravel surface.

Time Frame: Once started we do not anticipate Off ROW driveway repair work to proceed for more than a day.
