

## **WORK AUTHORIZATION NO. 5**

### **PROJECT: On Call Geotechnical and Lab Testing Services**

This Work Authorization is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated February 10, 2015 and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and PaveTex Engineering and Testing, Inc. (the "Engineer").

Part 1. The Engineer will provide the following Engineering Services set forth in Attachment "B" of this Work Authorization.

Part 2. The maximum amount payable for services under this Work Authorization without modification is \$40,000.00.

Part 3. Payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the Contract.

Part 4. This Work Authorization shall become effective on the date of final acceptance and full execution of the parties hereto and shall terminate on September 30, 2016. The Engineering Services set forth in Attachment "B" of this Work Authorization shall be fully completed on or before said date unless extended by a Supplemental Work Authorization.

Part 5. This Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.

Part 6. County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Work Authorization. Engineer understands and agrees that County's payment of amounts under this Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under this Contract. It is further understood and agreed by Engineer that County shall have the right to terminate this Contract at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Engineer.

Part 7. This Work Authorization is hereby accepted and acknowledged below.

EXECUTED this 5<sup>th</sup> day of February, 2015.

ENGINEER:

PaveTex Engineering and Testing, Inc.

## **LIST OF ATTACHMENTS**

**Attachment A – Services to be Provided by County**

**Attachment B – Services to be Provided by Engineer**

**Attachment C – Work Schedule**

**Attachment D – Fee Schedule**

#### **Attachment A – Services to be Provided by County**

1. County will direct type of services to be provided.
2. County will provide timely reviews and decisions necessary to enable Pave Tex to maintain an agreed upon project schedule as developed in attached Attachment C.
3. County will provide points of contact, to be identified upon Notice to Proceed.
4. County will provide project management.

## Attachment B – Services to be Provided by Engineer

1. Perform services and related reports associated with Attachment D.
2. Miscellaneous.

### **Attachment C – Work Schedule**

**PaveTex shall provide a work schedule for the assigned tasks. Work shall begin immediately upon receipt of agreement between County and PaveTex on the work schedule and authorization to proceed on assigned services.**

Attachment D – Fee Schedule

**PaveTex Engineering and Testing, Inc.**

Field Technician	Unit	Unit Cost	
		Reg.	OT
1A	hr.	\$58	\$69
1B	hr.	\$58	\$69
Soils	hr.	\$50	\$61
Concrete	hr.	\$50	\$61
Nuclear Gauge Calibration	hr.	\$75	
Concrete Plant/ Truck Inspection	hr.	\$75	
Asphalt Distributor Calibration	hr.	\$75
