SUBJECT: Bid Analysis and Recommendation

Dear Mrs. Castanon,

On September 28, 2016, at 3:30 p.m., Williamson County opened bids for the County Road 110 South project. The bids have been reviewed and no errors were found in the bids and no corrections were necessary. The bids are therefore accepted with Chasco Constructors Ltd., L.L.P. being the apparent low bidder. Following is a summary of the bid totals:

1. Chasco Constructors Ltd., L.L.P.	\$11,224,589.02
2. Cash Construction Company, Inc.	\$11,438,390.95
3. Jordan Foster Construction, LLC.	\$12,206,515.64
4. MA Smith Contracting Co., Inc.	\$12,209,348.19

The next lowest bid is 1.9% from the low bidder and highest bid is within 8.8% of the lowest bid, representing an extremely competitive bidding. The Contractor's low bid is \$1,384,913.90 under the Engineer's estimated cost of construction. This represents an approximate 11% savings to the County.

In addition to meeting the bid qualifications subject to the being the low bidder, Chasco Constructors Ltd., L.L.P. is highly recommended by all of the three references provided. In addition, they have successfully completed numerous multi-million dollar road projects. From the information gathered, reference checks and other available information, Dannenbaum Engineering Company – Austin, LLC recommends that Williamson County award the County Road 110 South contract to Chasco Constructors Ltd., L.L.P. in the contract amount of \$11,224,589.02.
