

# Warrant Attempts by Fiscal Year

▶ FY2012 - 1033

▶ FY2013 - 1107

▶ FY2014 - 913

▶ FY2015 - 322

▶ FY2016 - 248

▶ FY2017 - 266\* (projection based on monthly averages)

In 2015 it was necessary to reorganize and reclassify one of our deputies to a Sgt. Position to handle the increase responsibilities of Writ Execution and Environmental complaints. This Sgt. position is crucial to daily operations.

These numbers show an approx. **75% decline in warrant attempts** since FY2012

# Justice of the Peace 1 Warrants

- ▶ JP 1 currently has 1802 active warrants
- ▶ At an average of \$250-300 per warrant this has the potential of generating \$450,000-540,000 for the county.

# Civil Process service by Fiscal Year

▶ FY2014 - 2524

▶ FY2015- 3077

▶ FY2016- 3578

▶ FY2017- 3500+\*  
(projection based on monthly averages)

← Writ Execution and Environmental investigator Sgt.

Keep in mind these numbers reflect “received” process. Most process takes between 3-4 attempts to serve

# Increased responsibilities

- ▶ As of 2017 we have partnered with the County Attorney's office to act as the enforcement arm of the new "Cite & Release" program which requires us to track down and arrest those offenders that fail to appear for court dates.
- ▶ Also in 2017 we have absorbed the responsibility of Hot Check enforcement for the Tax Assessor/Collector's office. This requires us to collect funds, or seize license plates of those who have issued checks with insufficient funds to the county for vehicle registration.
- ▶ Both of the above programs require county wide enforcement

# Summary

- ▶ Civil process is UP approx. 16+%
- ▶ Warrant attempts are DOWN 75% due to staffing
- ▶ Adding an additional deputy will only increase our man power by 12%
