Currently, the Heritage Square Park facility is a City Park in downtown, Taylor Texas. The Park is used for public gatherings and events, such as the annual Blackland Prairie Festival, held each May. The Park is also used for the 911 Memorial Commemoration, Movies in the Park, and other community activities. The Park is also available for public use at any time for picnics, walking or just relaxing. The Park is used daily by the students of the Taylor Early Legacy School, which is located next to the Park. Additionally, the park is converted each winter into a showcase of holiday lighting, provided by local donors to from the community and free to the public.

In the future, the City of Taylor will focus on drawing more families and visitors into the Taylor downtown with a beautifully renovated park. Additional events will be programmed as well, such as Concerts on the Park, additional holiday events and more.

These events reflect the community of Taylor, while honoring our past. Many of these types of events have been held in the Park since the early 1900's.

- e. A description of how the community recreational facility is primarily used for public purposes as opposed to use by private parties of the purpose of making a business profit.

The City of Taylor has strict policies and ordinances that prohibit the use of public property for profit or personal gain. Any use of the facility by a private party or organization must submit a detailed Special Event Permit, so that City staff can monitor and regulate the park for appropriate use. Special consideration is given to organizations that serve a public purpose or would like to use the facility for a public event.

- f. A description of the planned construction, improvement or remodel of the community recreational facility, along with any available plans, sketches and diagrams.

The planned construction of the facility will include a full upgrade and remodel of Heritage Square Park. Plans include the installation of a splash pad, amphitheater, garden area, farmer's market pavilion children's play area, a new entrance to the park with plaques and signage, new sidewalks and seat walls. A conceptual plan, approved by the Taylor City Council, is attached.

- g. A detailed description of how the funding will be used in relation to the community recreational facility, along with any budgets that outline or otherwise detail the planned use of the funding.

The funding, if provided, will be used towards construction costs of the major elements of the park. This will allow for additional park elements to be constructed or upgraded. Current City funds towards the project include Certificates of Obligation and grant funding from Texas Parks and Wildlife. Please see the budget breakdown:

Budget – Heritage Square Park Reconstruction	
Park Elements	Soft Costs, Flat Work, Utilities
\$2,005,945	\$1,800,000
Total Budget	\$3,805,945

If funding is awarded through this application, the provided funds will be allocated into the construction of the park elements, thus providing the greatest impact on the public use of the park.

- h. A description of how the funding will assist or aid the community recreational facility in providing a public purpose to citizens of Williamson County.

Through the construction of elements in the Park such as a splash pad or amphitheater, a renewed community asset will be created in Taylor's downtown and the City will provide additional recreational opportunities. This creates new amenities for the community of Taylor to enjoy at no cost. The development and reconstruction of the Park is a true public benefit, in that it provides new, direct recreational opportunities to the community of Taylor as well as visitors from throughout Williamson County. The Park will indirectly benefit Taylor and the County through increased activity in the community, including not only the public park, but the local businesses, restaurants and other sites throughout the City and County.
