**Comments:**

Williamson County has requested an additional server to their migration and that we perform the migration after hours. To support this, a new SOW has been provided. The new SOW increased the total number of hours from 72 to 112 as a result of the after hours premium and additional server.

Per the original quote, customer has already paid for 56 hours of migration effort + 16 hours of site prep. New quote will reflect the difference in the original SOW and the new SOW.
