

WORK AUTHORIZATION NO.2

PROJECT: Parking Garage Assessment P524

This Work Authorization is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated **November 19, 2019** and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and **Wiss, Janney, Elstner Associates, Inc.** (the "Engineer").

Part 1. The Engineer will provide the following Engineering Services set forth in Attachment "B" of this Work Authorization.

Part 2. The maximum amount payable for services under this Work Authorization without modification is **\$5000.00.**

Part 3. Payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the Contract.

Part 4. This Work Authorization shall become effective on the date of final acceptance and full execution of the parties hereto and shall terminate on **December 30th, 2020**. The Engineering Services set forth in Attachment "B" of this Work Authorization shall be fully completed on or before said date unless extended by a Supplemental Work Authorization.

Part 5. This Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.

Part 6. County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Work Authorization. Engineer understands and agrees that County's payment of amounts under this Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under this Contract. It is further understood and agreed by Engineer that County shall have the right to terminate this Contract at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Engineer.

Part 7. This Work Authorization is hereby accepted and acknowledged below.

EXECUTED this 19th day of May, 2020.

LIST OF ATTACHMENTS

Attachment A - Services to be Provided by County

Attachment B - Services to be Provided by Engineer

Attachment C - Fee Schedule

Attachment D - Work Schedule

Attachment A – Services Provided by County

Williamson County will provide a Project Manager and any requested data that is in the County's control

Attachment B - Services to be Provided by Engineer

SCOPE OF SERVICES

To establish the baseline survey "Engineer" proposes the following tasks:

- ★ Installation of a Benchmark - "Engineer" will install a benchmark on site, based on nearby benchmarks provided by the County, in order to measure absolute elevations from a consistent datum that can be used on future Garage elevation surveys.
- ★ Baseline Elevation Survey - This task will consist of performing a new elevation survey along the top of columns and walls at Level 4 and along the top of cast-in place grade beams at Level 2, similar to the Macias surveys presented in JIG's 2012 report. In addition, "Engineer" will perform an elevation survey documenting the deck contours of the Garage, similar to the Steger Bizzell surveys presented in FEI's 2014 report.
- ★ Analysis of Survey Data - Following the completion of the elevation survey, "Engineer" will issue a letter that summarizes our baseline survey and our recommendations for future monitoring.

Attachment C - Work Schedule

A work schedule will be determined in the course of the project when sufficient information is available.

EXHIBIT D

RATE SCHEDULE

Professional Staff

Senior Principal	\$350.00
Principal	\$290.00
Associate Principal	\$235.00
Senior Associate	\$205.00
Associate III	\$185.00
Associate II	\$160.00
Associate I	\$130.00

Professional Support Staff

Senior Specialist	\$150.00
Specialist	\$135.00
Senior Technician	\$115.00
Technician II	\$100.00
Technician I	\$85.00

CPI Rate Adjustments: Rates will remain firm for the initial first year of the Contract and such rates shall be deemed the "Initial Base Rates". Engineer must request rate adjustments, in writing, at least thirty (30) days prior to each annual anniversary date of the Contract and any rate changes will take effect on the first day following the prior year. If Engineer fails to request a CPI rate adjustment, as set forth herein, the adjustment will be effective thirty (30) days after the County receives Engineer's written request. No retroactive rate adjustments will be allowed.

Price adjustments will be made in accordance with changes in the U.S. Department of Labor Consumer Price Index (CPI-U) for All Urban Consumers, All Items, South Region (Base 1982-84 = 100).

The rate adjustment will be determined by multiplying the Initial Base Rates by a fraction, the numerator of which is the index number for most recently released index before each annual anniversary date of the Contract and the denominator of which is the index number for the first month of the Contract (the index number for the month in which the Contract was originally executed). If the products are greater than the Initial Base Rates, County will pay the greater amounts as the rates during the successive year until the next rate adjustment. Rates for each successive year will never be less than the Initial Base Rates.
