Williamson County Road Bond Program

San Gabriel Ranch Road Bridge Williamson County Project No. 1807-252

Change Order No. 5

Reason for Change

This Change Order provides the final balancing for the overrun/underrun of Contract quantities constructed for Aqua Utilities on the project, as a result of addressing field conditions not accounted for in the original plans.

There is only one item on this Change Order: Item RB010 CONCRETE ENCASEMENT FOR WATERLINE AND CONDUIT. According to the project manual, this is a field measurement item. The actual in-place quantity is slightly less than engineer's estimate while meeting plan requirements.

There is no new Contract item required for this Change Order.

This Change Order results in a decrease of \$390.00 to the Contract amount, for an adjusted Contract total of \$1,459,926.27. The original Contract amount was \$1,425,301.90. Because of this and all other Change Orders, \$34,624.37 has been added to the Contract, resulting in a 2.43% net increase in the Contract cost. No additional days will be added to or deducted from the Contract as a result of this Change Order.
