

Invited to COVID-19 Vaccine Patient Portal with Family Hospital Inbox x

Family Hospital Systems <provider@familyhospitalsystems.com>
to [REDACTED]

Fri, Feb 26, 6:27 PM (3 days ago)

Hello [REDACTED],

Family Hospital has invited you to their COVID-19 Vaccine Patient Portal, where you can log in and book a time for your COVID-19 Vaccine Appointment.

The button below will take you to the registration page, where you can create your account. Once inside the portal, you will see a "book" button in the top right-hand corner that will allow you to select a time and location for the vaccine. You will also use this same portal to book a second appointment 28 days after your first dose.

Please note: Due to link sharing, you will be re-booking into a new system which will require you to re-register. Each person registering will need to do so with a unique email, because more than one person will no longer be able to register under the same link or same email. Filling out the registration information in its entirety will prevent delays upon your arrival to receive the vaccine.

If you do not re-register in our new system, your appointment will fall out of our system as well as your information.

FAMILY
EMERGENCY ROOM

If you have received your second vaccination, please disregard this email. For those that received your first dose at the Georgetown Athletic Complex and have not received your second vaccine, you will have an opportunity to schedule an appointment Wednesday, March 3rd between 9a-1pm **at the Kelly Reeves Athletic Complex.** We understand this will be a little further for you to travel, but another Williamson County vaccine partner, Curative, is starting a new group of recipients at the Georgetown Athletic Complex.

The button below will take you to the registration page, where you can create your account if one has not already been created. Once inside the portal, you will see a "book" button in the top right-hand corner that will allow you to select a time and location for the vaccine.

You will choose the Kelly Reeves location.

[Schedule your Appointment](#)

Please note: Due to link sharing, you will be re-booking into a new system which will require you to re-register. **Each person registering will need to do so with a unique email**, because more than one person will no longer be able to register under the same link or same email. Filling out the registration information in its entirety, including uploading your identification and front/back of your insurance card, will prevent delays upon your arrival to receive the vaccine. **If you do not re-register in our new system, your appointment will fall out of our system as well as your information.**

The team at FHS thanks you for your continued patience as we work to address everyone who has been waiting due to our unprecedented weather event.

Best,

Family Hospital Systems
