STATE OF TEXAS

§

§

Parcel No.: 78, 84P1-3, 78GE

COUNTY OF WILLIAMSON

Project: FM 3349 / South East Loop

This Possession and Use Agreement For Transportation Purposes (the "Agreement") between **WILLIAMSON COUNTY, TEXAS** (the "County"), and **RCR TAYLOR LAND, L.P.**, a Texas limited partnership (the "Grantor" whether one or more), grants to the County, their contractors, agents and all others deemed necessary by the County, an irrevocable right to possession and use of portions of the Grantor's property for the purpose of constructing the FM 3349 / South East Loop Project and related appurtenances and utility relocations (the "Roadway Construction Project"). The property subject to this Agreement is described more fully in field notes, plat map or other description (attached as "Exhibits "A-C") and made a part of this Agreement by reference (the "Property").

1. For the consideration paid by the County which is set forth in Paragraph 2 below, the receipt and sufficiency of which is acknowledged, the Grantor grants, bargains, sells and conveys to the County the right of entry and possession and use of the Property for the purpose of constructing a roadway, utility adjustments and appurtenances thereto and the right to remove any improvements. Authorized activities include surveying, inspection, environmental studies, archeological studies, clearing, demolition, construction of permanent improvements, relocating, replacing, and improving existing utility facilities, locating new utility facilities, and other work required to be performed in connection with the Roadway Construction Project. This Possession and Use Agreement will extend to the County, its contractors and assigns, owners of any existing utilities on the Property and those which may be lawfully permitted on the Property by the County in the future, and all others deemed necessary by the County for the purpose of the Roadway Construction Project. This grant will allow the construction, relocation, replacement, repair, improvement, operation and maintenance of utilities on the Property.
2. In full consideration for this irrevocable grant of possession and use and other Grantor and Grantee covenants, warranties, and obligations under this Agreement, the County and Grantor agree to postpone proceeding with a formal condemnation suit so that the parties may engage in additional good faith efforts to negotiate all available monetary and non-monetary compensation alternatives for acceptable conveyance of the Property upon terms which are acceptable to the parties herein. The County will be entitled to take possession and use of the Property upon full execution and recording of this document by County in the Official Records of Williamson County, subject to the conditions in paragraph 13 below, if any. The parties agree that the conditions and representations in this Agreement represent adequate and full compensation for the possession and use of the Property.
3. The effective date of this Agreement will be the date on which the final required party executes the Agreement (the "Effective Date").

4. The Grantor warrants and represents by, through, or under Grantor but not otherwise, that the title to the Property is free and clear of all liens and encumbrances (and any subsequent updates prior to the Effective Date), and that proper releases will be executed for the Property prior to funds being disbursed under this Agreement. The Grantor further warrants that no other person or entity owns an interest in the fee title to the Property and further agrees to indemnify the County from all unreleased or undisclosed liens, claims or encumbrances affecting the Property.

The above made warranties are made by Grantor and accepted by County subject the following:

- A. Visible and apparent easements not appearing of record;
 - B. Any discrepancies, conflicts or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show; and,
 - C. Easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances and encumbrances for taxes and assessments (other than liens and conveyances) presently of record in the Official Public Records of Williamson County, Texas, that affect the Property, but only to the extent that said items are still valid and in force and effect as of the Effective Date.
5. The parties agree that the valuation date for determining the amount of just compensation for the real property interest proposed to be acquired by the County in the Property, for negotiation or eminent domain proceeding purposes, will be October 1, 2021.
 6. This Agreement is made with the understanding that the County will continue to proceed with acquisition of a real property interest in the Property. The Grantor reserves all rights of compensation for the title and other interest in and to the Property which the Grantor holds as of the time immediately prior to the Effective Date of this Agreement. This Agreement shall in no way prejudice the Grantor's rights to receive full and just compensation as allowed by law for all of the Grantor's interests in and to the Property to be acquired by the County, encumbered with the improvements thereon, if any, and damages, if any, to the remainder of the Grantor's interest in any larger tract of which the Property is a part (the "Remainder"), all as the Property exists on the Effective Date of this Agreement. The County's removal or construction of improvements on the Property shall in no way affect the fair market value of the Property in determining compensation due to the Grantor in the eminent domain proceedings, except as such removal or construction of improvements may impact or damage the Remainder. No beneficial project influence will impact the appraised value of the Property to be acquired. This grant will not prejudice the Grantor's rights to any relocation benefits for which Grantor may be eligible.

7. In the event the County institutes or has instituted eminent domain proceedings, the County will not be liable to the Grantor for interest upon any award or judgment as a result of such proceedings for any period of time prior to the date of the award. Payment of any interest may be deferred by the County until sixty (60) days after entry of judgment.
8. The purpose of this Agreement is to allow the County to proceed with its Roadway Construction Project without delay and to allow the Grantor and Grantee to continue negotiations for monetary and/or non-monetary alternative forms of compensation for the Property which is acceptable to both parties. The Grantor expressly acknowledges that the proposed Roadway Construction Project is for a valid public use and voluntarily waives any right the Grantor has or may have, known or unknown, to contest the jurisdiction of the court in any condemnation proceeding for acquisition of the Property related to the Roadway Construction Project, based upon claims that the condemning authority has no authority to acquire the Property through eminent domain, has no valid public use for the Property, or that acquisition of the Property is not necessary for the public use.
9. The undersigned Grantor agrees to pay as they become due, all unpaid ad valorem property taxes and special assessments assessed against Property as of the Effective Date.
10. Notwithstanding the acquisition of right of possession to the Property by the County in a condemnation proceeding by depositing the Special Commissioners' award into the registry of the court, less any amounts tendered to the Grantor pursuant to Paragraph 2 above, this Agreement shall continue to remain in effect until the County acquires title to the Property either by negotiation, settlement, or final court judgment.
11. This Agreement will also extend to and bind the heirs, devisees, executors, administrators, legal representatives, successors in interest and assigns of the parties.
12. It is agreed the County will record this document.
13. Other conditions:
 - (a) If Grantor determines in good faith that that parties are unable to agree upon any monetary or non-monetary compensation to acquire the Property, upon written request from Grantor the County shall proceed with any remaining statutory prerequisites to filing a condemnation suit to acquire the Property, and shall schedule a Special Commissioners hearing for any legally available acquisition of the Property within one hundred twenty (120) days following such request.
 - (b) Should there be a Special Commissioners' Award ("Award") in any future condemnation suit to acquire the Property, the County shall tender the amount of such Award to the registry of the court within 30 (thirty) days of the date that the Award document is filed with the applicable court.

14. By its authorized signature below the following Tenants which have a leasehold interest in the Property hereby consent in all things to Grantee taking exclusive and sole possession of the Property pursuant to the terms of this Agreement, and to Grantor receiving the consideration (if any) recited herein:

Tenants: NA

At no time during the possession of the Property by County for the purposes described herein shall Grantor be denied reasonable access and/or ingress to or egress from the remainder of Grantor's land for its current uses, unless otherwise agreed to in writing in advance.

To have and to hold the Agreement herein described and conveyed, together with all the rights and appurtenances belonging to the County and its assigns forever, for the purposes and subject to the limitations set forth above.
