

STATE OF TEXAS §
 COUNTY OF WILLIAMSON §

KNOW ALL MEN BY THESE PRESENTS:

**AGREEMENT FOR
SALE OF PROPERTY FOR LESS THAN FAIR MARKET VALUE
UNDER SECTION 272.001(I) OF THE TEXAS LOCAL GOVERNMENT CODE**

This is an agreement between Round Rock Independent School District, a political subdivision of the State of Texas, hereinafter sometimes referred to as "Grantor" or "District," and Williamson County, Texas, another political subdivision of the State of Texas, hereinafter sometimes referred to as "Grantee" or "County," for a sale of the real property hereinafter described and pursuant to subsection (l) of Section 272.001 of the Texas Local Government Code. Together, Grantor and Grantee are referred to herein as the "Parties."

The Parties acknowledge and agree that a political subdivision (here, the District) may donate or sell for less than fair market value a designated parcel of land or an interest in real property to another political subdivision (here, the County) if the following conditions apply, to wit:

- (1) The land or interest will be used by Grantee in carrying out a purpose that benefits the public interest of the Grantor;
- (2) The donation or sale of the land or interest is made under terms that effect and maintain the public purpose for which the donation or sale is made; and
- (3) The title and right to possession of the land or interest revert to the Grantor if the Grantee ceases to use the land or interest in carrying out the public purpose.

The Parties hereby agree that, within thirty (30) days after the full execution of this agreement (Effective Date), District shall deliver an executed No-Warranty Deed to the County, subject to the terms and conditions of this agreement, for conveyance of the hereinafter described real property which is required for construction of the specified improvements described herein under "**Fee Simple Determinable Conditions.**" The form of the deed granted to County shall be as shown in Exhibit "E" attached hereto.

By resolution of District's Board of Trustees dated October 21st, 2021, District, as Grantor, has determined that the real property to be sold to County, as Grantee, for less than fair market value shall carry out a purpose that benefits the public interest of the District and that the sale shall be made under terms that effect and maintain the public purpose for which the sale is made.

THE REAL PROPERTY DESCRIPTION that is the subject of this agreement:

All of that certain 0.123 acre (5,351 square feet) parcel of land located in the W. Kinkaid Survey, Abstract No. 374, Williamson County, Texas, being a portion of a called 40.41 acre tract of land, described in a deed to Round Rock Independent School District, recorded December 1, 2004, in Document No. 2004092517, Official Public Records of Williamson County, Texas (O.P.R.W.C.TX); said 0.123 acre (5,351 square feet) parcel as shown on a plat prepared by Sam, LLC, being more particularly described by metes and bounds in Exhibit "A" hereof, which is

attached hereto and incorporated herein for all purposes, hereinafter sometimes referred to herein as the “**Property**.**”**

FENCING: In return for execution and delivery of the No-Warranty Deed, County agrees that, prior to beginning work on the IMPROVEMENTS described herein (including but not limited to improvement of storm water drainage ditch and grading), County shall at its sole cost and expense cause temporary fencing to be installed and maintained along the northern boundary of the temporary construction area and a portion of the Property boundary, in the locations more specifically as identified in Exhibits “B” and “D,” attached hereto. Prior to final completion of the construction of the IMPROVEMENTS, County shall at its sole cost and expense cause permanent perimeter boundary fencing to be reinstalled or reconstructed with substantially similar material and design along the existing northern existing right of way boundary line and portions of the new Property right of way boundary line, in the locations more specifically identified in Exhibits “B” and “D” attached hereto.

County shall be responsible for all fees and costs to clear title to the Property (*except for Grantor’s attorney’s fees in the development of this agreement*), including recording fees. If requested, District shall provide reasonable, non-adversarial assistance to County and its Title Company with any curative measures or mortgage lien partial release required in order to transfer title of the said Property free and clear of any monetary liens.

FEE SIMPLE DETERMINABLE CONDITIONS: The Property to be conveyed under this agreement is accepted by County under the statutory requirements of subsection (l) of Section 272.001 of the Texas Local Government Code, as also set out above, and conditioned on County meeting the following prerequisites at County’s sole cost and expense:

The Property shall be used for roadway improvements along Sam Bass Road/Corridor H, by widening Sam Bass Road; establishing a signal-controlled egress and ingress to Grantor’s adjacent property; improving pedestrian pathways as more fully described in Exhibit “C;” improving water drainage on Grantor’s adjacent property as hereinafter described; and alleviating traffic congestion adjacent to Grantor’s campus. Together, these Fee Simple Determinable Conditions are also referred to herein as “**IMPROVEMENTS.**” After completion of said IMPROVEMENTS, the Property shall be used and maintained as a public road and related transportation facility appurtenances. An affidavit stating that the conditions have been fulfilled, if not contradicted by a subsequent recorded affidavit, is conclusive evidence that the conditions have been satisfied, and Grantee and third parties may rely on same.

Improvement of storm water drainage shall be accomplished through County’s construction of a ditch and grading on District’s property as more fully described in Exhibit “D.” County shall be permitted access to the District’s property for the limited purpose of the construction of the ditch and grading that shall cause water drainage to flow to a natural waterway large enough to adequately convey Williamson County roadway manual design criteria storm flow capacity that may collect in the ditch. Unless otherwise allowed by law or by granted easement rights, County agrees that the water drainage via the ditch shall not change the natural course of any branch, creek, or stream and shall not harm other property owners in

violation of any Texas law. In the event that an unauthorized change does occur to the natural course of any such branch, creek, or stream because of water drainage from the ditch or in the event that harm is caused to other property owners because of such water drainage, either of which is a direct and proximate result of inadequate or negligent design or initial construction of the drainage facility by the County, County shall be solely responsible therefore and shall make the appropriate corrections to the ditch at County's sole cost and expense.

District agrees to retain ownership of the ditch upon completion of the ditch by County. County shall have no further responsibility for maintaining the ditch following completion except as otherwise provided herein. The Parties agree and understand that retaining ownership of the ditch by the District shall not relieve County of its responsibilities for the proper design and/or construction of the ditch under law and/or under this agreement.

County shall preserve and maintain the IMPROVEMENTS on the Property owned by County and public purpose for which the sale of the Property to Grantee is made. In the event that Grantee does not meet or maintain the **Fee Simple Determinable Conditions** as set out above and in Grantor's No-Warranty Deed to Grantee, the Property shall automatically revert to and be owned by Grantor without the necessity of any further act on the part of Grantor.

Grantee agrees that the Property to be conveyed to Grantee under this agreement shall not be developable for other purposes than the herein described public purpose benefiting the public interest of Grantor.

Grantee shall complete the IMPROVEMENTS on or before December 31, 2026, provided that Grantee has not obtained an extension or postponement of the IMPROVEMENTS in writing from Grantor, which shall not be unreasonably withheld. In any event, the Parties agree that an extension or postponement of the IMPROVEMENTS shall not be granted and the Property shall not have been used by Grantee in carrying out a purpose that benefits the public interest of Grantor if the IMPROVEMENTS have not been completed by December 31, 2031.

OTHER TERMS and CONDITIONS:

Ad Valorem Taxes: Property owned by the Parties is exempt under Texas Property Tax Code § 11.11. Grantor assumes no responsibility for ad valorem taxes for any period, rollback, or otherwise, not otherwise imposed on it by law.

Counterparts: This agreement may be executed in multiple counterparts, each of which is an original, whether or not all Parties sign the same document. Regardless of their number, counterparts constitute only one agreement. In making proof of this agreement, one need not produce or account for more counterparts than necessary to show execution by or on behalf of all Parties.

Environmental Matters: After closing, as between Grantor and Grantee, the risk of liability or expense for environmental problems, if any, even if arising from events before closing, shall be the sole responsibility of Grantee, regardless of whether the environmental conditions were known

or unknown at closing. Once closing has occurred, Grantee releases Grantor from liability for any latent defects and from any liability for environmental problems affecting the Property, including liability under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the Resource Conservation and Recovery Act (RCRA), the Texas Solid Waste Disposal Act, or the Texas Water Code. Grantee releases Grantor from any liability for environmental problems affecting the Property arising as the result of theories of products liability and strict liability, or under new laws or changes to existing laws enacted after the effective date that would otherwise impose on Grantor in this type of transaction new liabilities for environmental problems affecting the property.

Effective Date: The effective date of this agreement is the later of the Dates of Approval shown herein following the signatures of the Parties to this agreement.

Exhibits: All exhibits to this agreement are incorporated into it by reference for all purposes as if fully set forth herein.

Federal Law Application: The Parties confirm and acknowledge that the District has been informed by County of District's entitlement to receive fair market value payment for the proposed transaction independent of Section 272.001(l) of the Texas Local Government Code, as set out in Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 USC Chapter 61), and that it is the District's intention and desire to waive its right and entitlement to receive fair market value monetary compensation under the federal law which may be allowed in addition to the Property project construction design elements and fence replacement items provided by the County, and chooses to sell the Property (subject to Section 2701.001(l) of the Texas Local Government Code) and under the terms and conditions of this agreement so that the proposed roadway construction project may proceed in a timely fashion.

Integration: This written agreement and all representations made in it embody the final agreement between the Parties and may not be contradicted by evidence of prior, contemporaneous, or subsequent oral agreements of the Parties. There are no oral agreements between the Parties.

Jurisdiction: See "Texas Law and Jurisdiction."

Severability: If a provision of this agreement is unenforceable for any reason, to the extent the unenforceability does not prevent or interfere with the Fee Simple Determinable Conditions, the unenforceability does not affect any other provision of this agreement, and this agreement is to be construed as if the unenforceable provision is not a part of the agreement.

Successors: This agreement inures to the benefit of and is binding on the heirs, representatives, successors, and permitted assigns of each of the party. This clause does not authorize any assignment not otherwise authorized.

Survival: The provisions of this agreement that expressly survive termination or closing and other obligations of this agreement that cannot be performed before termination of this agreement or before closing survive termination of this agreement or closing, and the legal doctrine of merger does not apply to these matters. If Grantee fails to perform any of its obligations under this

agreement that survive closing, Grantor shall have all rights and remedies available at law or in equity.

Texas Law and Jurisdiction: The Parties acknowledge that this agreement shall be construed and governed in accordance with the laws of the State of Texas and the rules, orders and regulations imposed on the District in effect at the time of the execution of this agreement. If any legal action is filed pursuant to this agreement, such action must be filed in a court of competent jurisdiction in Williamson County, Texas.

Title and Survey: No independent title search has been conducted. Grantee is advised that it should either have an abstract of title covering the Property examined by an attorney of Grantee's own selection or obtain a policy of title insurance.

Warranties: Grantor has made no warranty in connection with this agreement. The Property shall be conveyed to Grantee in an "As Is, Where Is" condition, with all faults. Grantor expressly disclaims any and all warranties arising by common law, statute (including without limitation the implied warranties of Texas Property Code § 5.023 or any successor statute or otherwise).

Waiver of Rights: No express or implied waiver by any party of any default shall be a waiver of any future or subsequent default. The failure or delay of any party in exercising any rights granted it hereunder shall not constitute a waiver of any such right and any single or partial exercise of any particular right by such party shall not exhaust the same or constitute a waiver of any other right provided herein.

IN WITNESS WHEREOF, this agreement is approved by action of the District's Board of Trustees on October 21st, 2021, and approved by action of the County's Commissioners Court on _____, 2021; and shall become effective on the later of the Dates Signed shown below.
