

PASSIVE PARK AGREEMENT

STATE OF TEXAS §

COUNTY OF WILLIAMSON §

THIS PASSIVE PARK AGREEMENT (this “**Agreement**”) is made and entered into by and between **MK MADISON, LP**, a Texas limited partnership (“**MK**”), **PULTE HOMES OF TEXAS, L.P.**, a Texas limited partnership (“**Pulte**”) and **WILLIAMSON COUNTY, TEXAS** (the “**County**”). MK, Pulte and the County are referred to collectively as the “**Parties**”.

RECITALS:

1. MK owns that certain 486.324 acre tract situated in the City of Georgetown, County of Williamson, Texas, described by metes and bounds in the "Special Warranty Deed" between the Madison at Georgetown Cotenancy, MMSG Limited Partnership, a Texas limited partnership, and MK Madison, a Texas limited partnership, recorded as Document No. 2021197306 in the Official Public Records of Williamson County, and by sketch on the attached **Exhibit A** (the "**Land**").
2. Pulte is under contract with MK to purchase approximately 201.435 acres out of the Land (the "**Pulte Portion of the Land**") more particularly described on the attached **Exhibit B** which includes approximately 11.4 acres adjacent to certain land owned by the Williamson County Park Foundation Inc, a Texas nonprofit corporation. The 11.4 acres is situated where generally shown on the attached **Exhibit C** (the "**Passive Parkland**").
3. MK requested consent from the City of Georgetown, Texas to form a municipal utility district on the Land, and the City's consent is conditioned on (among other things) a requirement that MK and Pulte enter into an agreement with the County pursuant to which the Trail and Trail Improvements (defined below) will be constructed and maintained on the Passive Parkland.
4. The County, MK and Pulte are entering into this Agreement to set out certain agreements with respect to the Passive Parkland, Trail, and Trail Improvements, as more particularly described below.

NOW, THEREFORE, in consideration of these premises and the promises contained herein, the Parties agree as follows:

AGREEMENT:

1. **DEFINITIONS.** In addition to the terms defined in the Recitals, the following words have the following meanings when used in this Agreement:

 - b. **Passive Park** - means open space or green space areas which remain largely in a natural undisturbed state.
 - c. **Permits** – means any and all federal, state, regional, or local permits, authorizations or permissions needed to construct and maintain the Trail and the Trail Improvements in the Passive Parkland.
 - d. **Trail** – means a mown or mulched native trail approximately 2,300 feet long and 6 feet wide traversing the Passive Parkland in generally a southwest to northeast direction, commencing at the westernmost boundary of the Passive Parkland and ending at its northernmost boundary as generally shown on **Exhibit C**.
 - e. **Trail Improvements** – means a minimum of 4 benches, 2 trash receptacles, and 2 trail head signs, each to be located generally where shown on the attached **Exhibit C** and to be of at least the same quality as similar improvements being installed by MK on the portions of the Land owned by MK.

2. **PULTE OBLIGATIONS.** Pulte agrees to convey the Passive Parkland to the County via plat or separate instrument (as the County may require in its sole discretion) for use solely as public parkland. If the Pulte Portion of the Land directly abutting the Passive Parkland and labeled as “Parcel 4 Del Webb Residential” on the attached **Exhibit C** is final platted in phases, Pulte may convey the Passive Parkland to the County in similar phases, *provided however* that all the Passive Parkland must be conveyed to the County before or within thirty (30) days following recording of the last final plat of the Pulte Portion of the Land that contains land abutting the Passive Parkland (being the land labeled as “Parcel 4 Del Webb Residential” on the attached **Exhibit C**). Each such dedication of Passive Parkland must include a reservation of rights to MK and the City, subject to compliance with the USFWS Agreement, to cross the Passive Parkland with easements that benefit the balance of the Land and for MK to enter the Passive Parkland to perform its obligations hereunder, and be free and clear of liens arising by, through or under Pulte but otherwise subject to all matters of record or apparent on the Passive Parkland. The easement for the wastewater line will be located generally as shown in **Exhibit D**.
3. **MK OBLIGATIONS:** MK, at its expense, will:

The obligation to maintain includes the obligation to repair the Trail Improvements, and to replace the Trail Improvements at the end of their useful lives. MK's Trail maintenance activities include, but are not limited to, mowing, mulching, weed management, brush clearing, restoration and all other activities needed to make the Trail useable by the public, subject in all instances to the USFWS Agreement.
- c. To the extent the Permits remain applicable following completion of the Trail, keep the Permits in full force and effect, and comply with said Permits for so long as the Passive Parkland is used for parkland purposes.
- d. Subject to the USFWS Agreement, maintain the remainder of the Passive Parkland (i.e., outside the Trail area) as a natural open area to at least the level of maintenance and repair that the County provides to similar natural, open areas for so long as the Passive Parkland is used for parkland purposes.

4. COUNTY OBLIGATIONS. The County will:

- a. Accept each dedication of the Passive Parkland from Pulte (or MK, if Pulte does not acquire the Pulte Portion of the Land), for use solely as public parkland, and allow the Passive Parkland to be used by the residents of the Land and members of the general public.
- b. Subject to MK's construction and maintenance obligations related to the Trail and Trail Improvements in paragraph 3 of this Agreement, preserve, operate and maintain the Passive Parkland as a Passive Park for so long as the Passive Parkland is used for parkland purposes.; provided, however, that the Trail and the Trail Improvements shall be allowed to be constructed or placed and remain in the Passive Parkland.
