

POSSESSION AND USE AGREEMENT FOR TRANSPORTATION PURPOSES

STATE OF TEXAS

§

§

Parcel No.: 4

COUNTY OF WILLIAMSON

§

Project: Bud Stockton Loop

This Possession and Use Agreement For Transportation Purposes (the "Agreement") between **WILLIAMSON COUNTY, TEXAS** ("County"), and **MARY ANNETTE HAWTHORNE** (the "Grantor" whether one or more), grants to the County, their contractors, agents and all others deemed necessary by the County, an irrevocable right to possession and use of the Grantor's property for the purpose of constructing a portion of the proposed Bud Stockton Loop roadway extension and related appurtenances, drainage and utility relocations (the "Roadway Construction Project"). The property subject to this Agreement is described more fully in field notes, plat map, or other description attached as Exhibit "A" and made a part of this Agreement by reference (the "Property").

1. For the consideration paid by the County which is set forth in Paragraph 2 below, the receipt and sufficiency of which is acknowledged, the Grantor grants, bargains, sells, and conveys to the County the right of entry and exclusive possession and use of the Property for the purpose of constructing a roadway, utility adjustments, and appurtenances thereto and the right to remove any improvements. Authorized activities include surveying, inspection, environmental studies, archeological studies, clearing, demolition, construction of permanent improvements, relocating, replacing, and improving existing utility facilities, locating new utility facilities, and other work required to be performed in connection with the Roadway Construction Project. This Possession and Use Agreement will extend to the County, its contractors and assigns, owners of any existing utilities on the Property and those which may be lawfully permitted on the Property by the County in the future, and all others deemed necessary by the County for the purpose of the Roadway Construction Project. This grant will allow the construction, relocation, replacement, repair, improvement, operation, and maintenance of utilities on the Property.
2. In full consideration for this irrevocable grant of possession and use and other Grantor covenants, warranties, and obligations under this Agreement, the County will tender to the Grantor the sum of **THREE HUNDRED FIFTY-SEVEN THOUSAND ONE HUNDRED NINETY and 00/100 Dollars (\$357,190.00)**. The Grantor agrees that this sum represents adequate and full compensation for the possession and use of the Property. The County will be entitled to take possession and use of the Property upon tender of payment as set out herein, subject to the conditions in paragraph 14 below, if any.

The parties agree that the sum tendered represents 100% of the County's approved value, which assumes no adverse environmental conditions affecting the value of the Property. The approved value is the County's determination of the just compensation owed to the Grantor for the real property interest to be acquired by the County in the Property, encumbered with the improvements thereon, if any, and damages to the remainder, if any, save and except all oil, gas and sulphur. The parties agree that the sum tendered to Grantor will be deducted from any final settlement amount, Special Commissioners' award or court judgment. In the event the amount of the final settlement or judgment for acquisition of the Property is less than the amount the County has paid for the possession and use of the Property, then the Grantor agrees that the original amount tendered represents an overpayment

for the difference and, upon written notice from the County, the Grantor will promptly refund the overpayment to the County.

3. The effective date of this Agreement will be August 31, 2022, (the "Effective Date").
4. The Grantor warrants and represents that the title to the Property is free and clear of all liens and encumbrances except as disclosed to Grantee in that certain title commitment numbered GT-2100336, issued December 26, 2021 by Texas Title Insurance Company/Longhorn Title (and any subsequent updates prior to the Effective Date), and that proper releases, if any, will be executed for the Property prior to funds being disbursed under this Agreement. The Grantor further warrants that no other person or entity owns an interest in the fee title to the Property and further agrees to indemnify the County from all unreleased or undisclosed liens, claims or encumbrances affecting the Property.

The above made warranties are made by Grantor and accepted by County subject the following:

- A. Visible and apparent easements not appearing of record;
 - B. Any discrepancies, conflicts or shortages in area or boundary lines or any encroachments or any overlapping of improvements which a current survey would show; and,
 - C. Easements, restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances and encumbrances for taxes and assessments (other than liens and conveyances) presently of record in the Official Public Records of Williamson County, Texas, that affect the Property, but only to the extent that said items are still valid and in force and effect at this time.
5. The parties agree that the valuation date for determining the amount of just compensation for the real property interest proposed to be acquired by the County in the Property, for negotiation or eminent domain proceeding purposes, will be the Effective Date.
 6. This Agreement is made with the understanding that the County will continue to proceed with acquisition of a real property interest in the Property. The Grantor reserves all rights of compensation for the title and other interest in and to the Property which the Grantor holds as of the time immediately prior to the Effective Date of this Agreement. This Agreement shall in no way prejudice the Grantor's rights to receive full and just compensation as allowed by law for all of the Grantor's interests in and to the Property to be acquired by the County, encumbered with the improvements thereon, if any, and damages, if any, to the remainder of the Grantor's interest in any larger tract of which the Property is a part (the "Remainder"), all as the Property exists on the Effective Date of this Agreement. The County's removal or construction of improvements on the Property shall in no way affect the fair market value of the Property in determining compensation due to the Grantor in the eminent domain proceedings. No beneficial project influence will impact the appraised value of the Property to be acquired. This grant will not prejudice the Grantor's rights to any relocation benefits for which Grantor may be eligible.
 7. In the event the County institutes or has instituted eminent domain proceedings, the County will not

be liable to the Grantor for interest upon any award or judgment as a result of such proceedings for any period of time prior to the date of the award. Any interest accrual penalties will be deferred by the County until 90 days after entry of judgment.

8. The purpose of this Agreement is to allow the County to proceed with its Roadway Construction Project without delay and to allow the Grantor to have the use at this time of a percentage of the estimated compensation for the County's acquisition of a real property interest in the Property. The Grantor expressly acknowledges that the proposed Roadway Construction Project is for a valid public use and voluntarily waives any right the Grantor has or may have, known or unknown, to contest the jurisdiction of the court in any condemnation proceeding for acquisition of the Property related to the Roadway Construction Project, based upon claims that the condemning authority has no authority to acquire the Property through eminent domain, has no valid public use for the Property, or that acquisition of the Property is not necessary for the public use.
9. The Grantor reserves all of the oil, gas and sulphur in and under the land herein conveyed but waives all right of ingress and egress to the surface for the purpose of exploring, developing, mining or drilling. The extraction of oil, gas, and minerals may not affect the geological stability of the surface. Nothing in this reservation will affect the title and rights of the County to take and use all other minerals and materials thereon, and thereunder.
10. The undersigned Grantor agrees to pay as they become due, all ad valorem property taxes and special assessments assessed against Property until the Effective Date, including prorated taxes until the Effective Date for the year in which the County takes title to the Property.
11. Notwithstanding the acquisition of right of possession to the Property by the County in a condemnation proceeding by depositing the Special Commissioners' award into the registry of the court within forty-five (45) days after filing of said Award, less any amounts tendered to the Grantor pursuant to Paragraph 2 above, this Agreement shall continue to remain in effect until the County acquires title to the Property either by negotiation, settlement, or final court judgment.
12. This Agreement will also extend to and bind the heirs, devisees, executors, administrators, legal representatives, successors in interest and assigns of the parties.
13. It is agreed the County will record this document.
14. Other conditions: County agrees to construct a new fence along the new right of way line in accordance with the specifications outlined in red on the plan sheet attached hereto and incorporated herein as Exhibit "B." County also agrees to construct the new fence before removing Grantor's old fence. Furthermore, County agrees to install temporary fencing across the pond to ensure no cattle leave Grantor's remaining property.
15. By its authorized signature below the following Tenants which have a leasehold interest in the Property hereby consent in all things to Grantee taking exclusive and sole possession of the Property pursuant to the terms of this Agreement, and to Grantor receiving the consideration recited herein:

Tenants: Scott Templeton

At no time during the possession of the Property by County for the purposes described herein shall Grantor be denied reasonable access and/or ingress to or egress from the remainder of Grantor's land, unless otherwise agreed to in writing in advance.

To have and to hold the Agreement herein described and conveyed, together with all the rights and appurtenances belonging to the County and its assigns forever, for the purposes and subject to the limitations set forth above.

TEMPORARY CONSTRUCTION AND GRADING EASEMENT

Bud Stockton Extension Improvements

KNOW ALL PERSONS BY THESE PRESENTS:

That MARY ANNETTE HAWTHORNE, (hereafter collectively referred to as "Grantor"), in consideration of One Dollar (\$1.00) and other good and valuable consideration paid by Williamson County, Texas, the receipt of which is hereby acknowledged, does hereby grant to WILLIAMSON COUNTY, TEXAS, its agents, contractors, successors and assigns (referred to as "Grantee"), a temporary construction and grading easement to construct, install, repair, remove and replace earthen and vegetative materials for filling of the existing stock pond which is bisected by the newly acquired right of way boundary line, modification of surface grade and slope to facilitate adequate and proper lateral support and drainage to and across the proposed Bud Stockton Extension roadway improvements and across portions of the remaining property of Grantor ("Project"), in, along, upon and across the property described on the sketch as shown in Exhibit "A" ("the Property") as necessary to carry out the purposes of this easement.

The construction, reconstruction and/or removal of any grading, improvements, or other related facilities on the Property shall be in the location of, subject to, and shall be completed in substantial compliance with any notes, details, specifications or other requirements or restrictions as shown on the plan sheets attached as Exhibit "B" and incorporated herein.

The further agree as follows:

Following completion of work within the temporary construction easement area Property described in Exhibit "A", Grantee shall at its expense and within ninety (90) days of completion of the work restore any Property injured or damaged by Grantee's use of the Property and activities thereon, including specifically landscaping, irrigation, parking, pavement, or vegetation, as closely as possible to substantially the same condition or better than existed previous to Grantee's entry upon the Property, or otherwise in compliance with the specifications as set out on the plans in Exhibit "B", taking into consideration the use and purposes to which the Property is to be put.

If necessary to contain the security of any livestock or animals outside of the temporary easement Property and on the remaining property of Grantor, the Grantee shall at its sole expense install and maintain temporary fencing along the boundary of the Property while carrying out the activities described herein, and upon completion of the work on the Property shall fully remove such temporary fencing and restore any impacted permanent fencing along the newly acquired right of way line property boundary.

This temporary construction easement shall be in full force and effect at all times during the accomplishment and completion of the Project construction activities described above and as shown on Exhibit "B". This temporary construction easement shall terminate and the easement rights and improvements constructed within the easement area, if any, shall fully revert to Grantor, Grantor's successors, and assigns, and all interest conveyed shall terminate on the earlier of (a) the expiration of six (6) months from the Grantee's issuance of Notice to Proceed to the duly selected and awarded Project construction contractors, (b) on the date of completion of construction of the Project, or (c) on December 31, 2024, whichever occurs first.

To the extent allowed by law, Grantee shall indemnify Grantor against any loss and damage which shall be caused by the exercise of the rights of ingress and egress or by any wrongful or negligent act or omission of Grantee's agents or employees in the course of their employment.

At no time during the grant of this easement shall Grantor be denied reasonable vehicular ingress and egress to its remaining property for the purposes to which the parent tract is currently being put, unless there is an agreement between Grantor and Grantee to do so in advance.

This conveyance is subject to all easements and rights of way of record, visible or apparent on the ground, all restrictions, reservations, covenants, conditions, oil, gas, or other mineral leases, mineral severances and other instruments that affect the Property.
