**Disclosure**: A United affiliate provides payment services to the healthcare industry and offers medical providers with various payment methods and options, including electronic payments, virtual cards and checks. Some options are available to medical providers for a fee and may result in the receipt of transaction fees or other compensation (e.g., 1% to 3% of the total transaction amount) by a United affiliate. This has no impact on the Fees paid by Customer under this Agreement.

#### **Credits**

## **Administration Renewal Credit Terms**

UnitedHealthcare will provide a One month Administration Renewal Credit to help Williamson County mitigate costs associated with an administrative service provider change.

The Administration Renewal Credit will be paid via a credit to Williamson County medical administration fees after (a) the Agreement is executed and (b) the first month's fees have been received by United. This is a one-time per year credit.

To qualify for this waiver, Williamson County's enrollment must exceed 1391 employees. If Williamson County terminates Agreement prior to December 31, 2025 Williamson County will pay UnitedHealthcare a prorated portion of this renewal credit as follows:

## Early Termination Penalty:

Termination prior to December 31,2023: 100% of the Renewal Credit

Termination prior to December 31,2024: 75% of the Renewal Credit

Termination prior to December 31,2025: 50% of the Renewal Credit

#### Caveat:

The Administration Renewal Credit does not replace the binder check requirement at point of sale. Credits and or budgets are contingent upon having medical and pharmacy coverage over the three year contract period.

If the 1st year enrollment with United falls below the enrollment threshold, UnitedHealthcare will adjust the budget/credit and amount proportional to the enrollment reduction based on the amount of the credit/budget. Commissions are excluded from Administration Renewal Credit.

## **Wellness Allowance**

United will provide a wellness allowance so Customer may enhance Customer medical benefits during the term of the Agreement. The wellness allowance may be used at Customer's discretion as Customer utilizes wellness programming and services from United. If Customer terminates the Agreement prior to December 31, 2025, Customer will pay United a prorated portion of this credit.

\$100,000 Wellness Allowance per year

## EXHIBIT C – PERFORMANCE GUARANTEES FOR HEALTH BENEFITS

The Fees at risk do not include Customer-elected optional and non-standard programs Fees, all credits, Payment Integrity Programs Fees, Out-of-Network Programs Fees, Commission Funds, Consultant Funds, and ancillary product Fees.

The Fees payable by Customer under this Agreement will be adjusted through a credit to its fees in accordance with the performance guarantees set forth below unless otherwise defined in the guarantee. Unless otherwise specified, these guarantees apply to medical benefits and are effective for the period beginning January 1, 2023 through December 31, 2023 ("Guarantee Period"). With respect to the aspects of United's performance addressed in this exhibit, these fee adjustments are Customer's exclusive financial remedies.

United shall not be required to meet any of the guarantees provided for in this Agreement or amendments thereto to the extent United's failure is due to Customer's actions or inactions or if United fails to meet these standards due to fire, embargo, strike, war, accident, act of God, acts of terrorism or United's required compliance with any law, regulation, or governmental agency mandate or anything beyond United's reasonable control.

Prior to the end of the Guarantee Period, and provided that this Agreement remains in force, United may specify to Customer in writing new performance guarantees for the subsequent Guarantee Period. If United specifies new performance guarantees, United will also provide Customer with a new Exhibit that will replace this Exhibit for that subsequent Guarantee Period.

Claim is defined as an initial and complete written request for payment of a Plan benefit made by an enrollee, physician, or other healthcare provider on an accepted format. Unless stated otherwise, the claims are limited to medical claims processed through the UNET claims systems. Claims processed and products administered through any other system, including claims for other products such as vision, dental, flexible spending accounts, health reimbursement accounts, health savings accounts, or pharmacy coverage, are not included in the calculation of the performance measurements. Also, services provided under capitated arrangements are not processed as a typical claim, therefore capitated payments are not included in the performance measurements.

## **Rebate Specific Conditions**

- Assumes implementation of United's Advantage PDL
- Client directed deviations from the PDL and PDL exclusions or uptiers, or clinical programs may result in changes to pricing and guarantees, which will be factored in at the time of rebate payment and/or reconciliation.
- Calculation of the guaranteed rebate amount will exclude ineligible claims including claims where the plan is not the primary payer (e.g., coordination of benefits and subrogation claims), claims approved by formulary exception, claims not covered by Customer's benefit design or PDL, claims from 340B, long term care or federal government pharmacies, claims for non-FDA approved products, compound drugs, consumer card or discount card program claims and direct member reimbursement claims.
- Rebate guarantee payments or reconciliations may be adjusted in the event of a change impacting the level of rebates available due to the introduction of any new product (e.g. biosimilar, authorized brand alternative, lower cost non-Generic Drug alternative) or the reduction of WAC on a Brand Drug subject to Rebates.

United reserves the right to modify or eliminate this arrangement as follows based upon changes in Rebates:

- if changes made to United's PDL, for the purpose of achieving a lower net drug cost for Customer and United's other ASO customers, result in significant reductions to the Rebate level
- in the event that there are material deviations to the anticipated timing of drugs that will come off patent and no longer generate Rebates
- if there is a change impacting the availability or amount of Rebates offered by drug manufacturer(s), including changes related to the elimination or material modification of a drug manufacturer(s) historic models or practices related to the provision of Rebates
- if Customer changes or does not elect an incented plan design
- United will pay Rebates consistent with the Agreement. A reconciliation of the Rebate amounts will occur after the end of each annual contract period and when Rebate payments are substantially complete. The reconciliation calculates the minimum rebate amount by multiplying the actual number of scripts filled by the applicable rebate amount for that script type.
- Specialty rebates are included in the guaranteed retail per-script rebates above.
- Rebate Administrative Fee: United maintains systems and processes necessary for managing and administering Rebate programs. As consideration for these efforts, pharmaceutical manufacturers pay United administrative fees in addition to Rebates. Rebate Administration fees are included in the guaranteed rebate arrangement.
- If Customer terminates pharmacy benefit services with United prior to the end of the Pharmacy Pricing Term, United will retain any and all pending or future Rebates payable under the Agreement as of the effective date of the termination of pharmacy benefit services.

	• Drugs in the following Specialty therapeutic categories are included in the retail per-Brand guarantees: None.
-	• Vaccines are excluded from the claim counts.
-	General Conditions
	$\bullet$ All pricing guarantees shall remain in effect for the entire contract period of $01/01/2023$ through $12/31/2025$ ("Pharmacy Pricing Term"). Each twelve month period is a Guarantee Period.
	• Specialty drugs typically covered under the medical benefit (administered / handled by a provider, administered in a physician's office, ambulatory or home infusion), and/or transitioned to the pharmacy benefit, are excluded from all guarantees.
	• Drugs, products, supplies approved, covered and/or prescribed for the diagnosis, treatment or prevention of COVID-19 are excluded from all guarantees.
	• On mail order drugs, specialty drugs, and retail pharmacy drugs and services including dispensing fees, United will retain the difference between what United reimburses the Network Pharmacy and Customer's payment for a prescription drug product or service.
	• Pricing and guarantees assume enrollment of 1,545 Employees and 3,308 Participants; pricing and guarantees may be revised or withdrawn if actual enrollment varies by 10% or more from assumptions.
	• The lessor of three logic (non-ZBL) will apply to Participant payments. Participants pay the lessor of the discounted price, the usual and customary charge or the cost share amount.
	• All pricing guarantees require the selection of United as the exclusive mail provider.
	United will have no financial guarantee obligation under the Agreement for any partial Guarantee Period if Customer terminates prior to the end of the Pharmacy Pricing Term.
	• United reserves the right to revise or revoke this arrangement if: a) changes in federal, state or other applicable law or regulation require modifications; b) there are material changes to the AWP as published by

the pricing agency that establishes the AWP as used in these arrangements; c) Customer makes benefit changes that impact the arrangements; d) there is a material industry change in pricing methodologies resulting in a new source or benchmark; e) it is not accepted within ninety (90) days of the issuance of our initial quote; f) if Customer changes their mail service benefit; g) Customer utilizes a vendor, that facilitates steering members to different drugs or pharmacies to the extent these services impact the financial guarantees under this Agreement.

	Specialty Pharmacy
	Specialty Pharmacy Discount Guarantee
Definition	Specialty drug discount level based on actual specialty drug utilization for the specialty drugs dispensed through United's specialty Pharmacy Network. United reserves the right to change the designation of a drug from specialty to non-specialty based on market conditions.
Measurement	Discount targets for individual drugs dispensed through United's specialty Pharmacy Network. See chart below.  Specialty drugs not included on the list below and dispensed through United's specialty Pharmacy Network will be guaranteed at a discount of 14.0%.
Criteria	Actual utilization, using Average Wholesale Price (AWP) in dollars, using our data, of specialty drugs through our specialty Pharmacy Network will be multiplied against the discount targets for the individual drugs to determine the overall discount target dollars. This total will be compared to actual discounts achieved for these drugs during the Guarantee Period.

	The overall discount target dollars may be adjusted based on utilization of unlisted drugs to which the separate 14.0% discount applies. This total will be compared to actual discounts achieved for these drugs during the Guarantee Period.
Level	Customer Specific
Period	Annual
Payment Period	Annual
Payment Amount	The amount the combined actual specialty drug discounts are less than the sum of the individual specialty drug discount targets as computed above.
Conditions	• Discounts calculated based on the AWP less the ingredient cost; discount percentages are the discounts divided by the AWP. Discounts for retail generic prescriptions represent the average savings off AWP based on Maximum Allowable Cost (MAC) pricing for MAC generics and percentage discount savings off AWP for non-MAC generics. All other discounts represent the percentage discount savings off of AWP.
	Specialty drugs dispensed outside United's specialty Pharmacy Network, drugs for which no AWP measure exists and non-drug items are excluded.
	• Listed drugs which cease to be defined as specialty drugs during the Guarantee Period will be reconciled outside of the Specialty Pharmacy guarantee in the channel in which they are dispensed (retail or mail order).
	<ul> <li>Specialty drugs typically covered under the medical benefit (administered / handled by a provider, administered in a physician's office, ambulatory or home infusion), and/or transitioned to the pharmacy benefit, are excluded from all guarantees.</li> <li>United reserves the right to revise or revoke this guarantee if: a) changes in federal, state or other applicable law or regulation require modifications; b) there are material changes to the AWP as published by the pricing agency that establishes the AWP as used in this guarantee; c) Customer makes benefit</li> </ul>

UHC will work with the customer to adjust for any claims utilization impact of COVID-19 in the 2020/2021 baseline period and the guarantee period. The intent is to stay true to our Net Cost Guarantee (NCG) commitment but normalize (+/-) for unforeseen impacts of the pandemic, including not just direct COVID-19-related costs but also the potential material reduction in care during the pandemic – and subsequent pent-up demand after the pandemic – for non-emergent/elective services, in an actuarial based fair manner for both parties. We will itemize and reconcile these claim costs accordingly in the Net Cost Guarantee.

11 Guarantee is provided in lieu of any Network Discount Guarantees previously quoted.
