Re: Williamson County—County Road 332
Parcel 1—Water & Electric easement

Dear Mr. and Mrs. Solis:

Please allow this letter to set out my understanding regarding our Agreement for the acquisition of a permanent water and electric aerial utility easement to Williamson County, Texas and/or Bartlett Electric and Lone Star Regional Water Authority. (collectively the “County”) in and across portions of the property owned you (“Owner”) as part of the County’s proposed improvements to CR 332 (“Project”).

By execution of this letter the parties agree as follows:

1. In return for Owner’s delivery to County of a fully executed and acknowledged water and electric aerial utility easement (“Easement”) in and to approximately 8,336 square feet of land, such rights to be granted in the form as set out in Exhibits “A & B” attached hereto and incorporated herein, County shall pay Owner the sum of **\$18,960.00** in cash or other good funds (“Easement Purchase Price”).

2. If requested by County, the Closing and completion of this transaction and payment of the Easement Purchase Price and Sign Compensation shall take place at Longhorn Title Company (“Title Company”) within thirty (30) days after full execution of this Agreement, or at other date and time agreed to between the parties.

Upon request Owner shall provide reasonable assistance, at no cost to Owner, to cause the Title Company to issue a policy of title insurance, with standard printed exceptions, to County in completion of this transaction. County shall be responsible for all fees and costs associated with this transaction, except that each party shall be responsible for any attorney’s fees they incur. Owner shall assist County and Title Company with any curative measures or mortgage lien joinder, consent or subordination required as a condition of the Closing.

The parties further agree to continue to use diligence in assisting with any title curative or lienholder consent measures required by the Contract to expeditiously complete the Closing of the purchase transaction.

3. This Agreement is being made, and the Easement is being delivered, in lieu of condemnation.

If this meets with your understanding, please execute this letter where indicated and return it to me, and we will have this approved and signed by the County and process this for payment and Closing as quickly as possible.

Please feel free to contact me at any time if you have any questions or concerns about these issues.

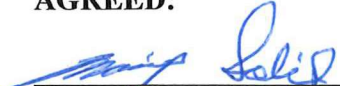

Very truly yours,

Don Childs

KNOW ALL MEN BY THESE PRESENTS, that MARIO SOLIS and ROSA SOLIS (the "**Grantor**"), for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration paid to Grantor by Lone Star Regional Water Authority (the "**Grantee**") whose address is P.O. Box 554, Jarrell, Texas 76537 Attn: General Manager, the receipt and sufficiency of which is hereby acknowledged, and for which no lien, express or implied, is retained, has GRANTED, SOLD and CONVEYED and by these presents does GRANT, SELL, and CONVEY unto the Grantee and its successors and assigns, an irrevocable, non-exclusive, permanent and perpetual water line easement (the "**Easement**") to survey, install, construct, operate, maintain, inspect, repair, replace, modify, upgrade, relocate, add, and remove water line facilities and other related facilities and equipment which may consist of multiple lines, pipes or conduits, and all incidental surface and subsurface apparatus, equipment, appurtenances and facilities, including, but not limited to valves, fittings, connections, hydrants, taps, meters, air vents, manholes, corrosion control equipment and related items necessary for access to or protection of the installed improvements (the "**Facilities**") over, across, under, and upon that **0.191 acre (8,336 square foot)** tract of land, together with free, uninterrupted and continuous non-exclusive access to and from the Easement over and across such other portions of property owned by Grantor as may be necessary for ingress, egress and regress by Grantee, its employees, agents and contractors to and from the Easement (the "**Access Easement**"), provided however the right to use such Access Easement shall only be effective if there is no reasonably available access to the permanent easement area from a public right of way.

The Easement hereby granted shall be located on the property further described by metes and bounds and sketch as shown on Exhibit "A", which is attached hereto and incorporated herein for all purposes (**Parcel 1WE**).

The consideration recited herein shall constitute payment in full for all damages sustained by Grantor by reason of the installation of the Facilities. Grantee may engage in all activities as may be necessary, requisite, convenient or appropriate in connection with the Easements and the Facilities. Grantee's rights shall include, without limitation, the right to clear and remove trees, growth, shrubbery, grass, ground cover and other vegetation and improvements from within the Easement which in the opinion of Grantee interfere with or damage the Facilities, and the right to bring materials to and to bring and operate such equipment thereupon as may be necessary or appropriate to effectuate the purposes for which the Easements are granted. Grantee will, at all

times after performing any work in connection with the Easement, remove debris generated by Grantee from the Easements and restore the surface grade and native ground cover necessary to prevent erosion of the Easements to substantially similar conditions as existed prior to the undertaking of any such work; provided however, the Grantee shall not be: (a) required to repair or replace any trees, growth, shrubbery, other vegetation or improvements removed by Grantee from the Easements or damaged by Grantee in the course of the proper exercise of its permitted rights pursuant to this Water Line Easement except as identified herein; or (b) liable for the value of any other trees, growth, shrubbery, other vegetation or improvements, except for planted crops, removed by Grantee from the Easements or damaged by Grantee in the course of the proper exercise of its permitted rights pursuant to this Water Line Easement.

Grantor expressly reserves the right to use the surface of the Easements for purposes that do not directly or indirectly interfere with, interrupt or impair Grantee's use of the Easements or directly or indirectly interfere with or damage the Facilities, including specifically aerial only (no poles) electric facilities. Grantor further specifically reserves the rights to use, construct, reconstruct, allow, or maintain streets, sidewalks, roads or driveways, fences and gates, water lines, aerial electric (no poles) and dry utility service lines at such place or places as Grantor may from time to time hereafter select for public or private use, on, over and across the Easement at any angle not less than forty-five (45) degrees to Grantee's water lines; provided however, without the prior consent of Grantee the Grantor shall not: (a) install or construct any permanent structures or improvements on the permanent Easement; or (b) install any vegetation in the permanent Easement other than grass, ground cover, and crops;

Grantor, its successors or assigns, shall not install or construct wastewater lines, gas pipelines, or petroleum pipelines (i) above Grantee's water lines, (ii) at an angle less than 45 degrees to Grantee's water lines, or (iii) with a separation distance of less than two feet from Grantee's water lines, without prior consent of Grantee.

This conveyance is made and accepted subject to any and all conditions and restrictions, if any, relating to the hereinabove described property to the extent, and only to the extent, that the same may still be in force and effect and shown of record in the office of the County Clerk of Williamson County, Texas.

Grantor represents to Grantee that: (i) Grantor is the current owner of the property which will be subject to the Easements; (ii) Grantor is authorized to grant the Easements without obtaining the prior consent of any party; and (iii) the Easements are not and will not be subject to any prior liens of record or other liens securing financial or other obligations of Grantor.

The Easement herein granted shall be perpetual and shall run with the land, and the terms and provisions of this Water Line Easement shall be binding on Grantor and Grantee and their respective heirs, administrators and executors or successors and assigns, as applicable. Nothing herein shall be deemed nor construed to be a dedication of the Easements for use by the general public or a conveyance of Grantor's fee estate in the Easements.

TO HAVE AND TO HOLD, subject to the matters set forth herein, the Easements unto the Grantee, its successor and assigns, together with all and singular the rights and appurtenances thereto in anywise belonging, including all necessary rights to ingress, egress, and regress and the right to assign said Easements or any portion thereof. Grantor does hereby bind Grantor and Grantor's heirs, administrators, executors or successors and assigns, as applicable, to WARRANT AND FOREVER DEFEND, all and singular the said Easements and other rights described herein unto Grantee, its successors and assigns, against every person whomsoever lawfully claiming or the claim the same or any part thereof.

Grantor expressly acknowledges and consents to Grantee's assignment of undivided interests in this Water Line Easement to Sonterra Municipal Utility District and Jarrell-Schwertner Water Supply Corporation for the purposes of installing and maintaining water lines owned and operated by Sonterra Municipal Utility District and Jarrell-Schwertner Water Supply Corporation in addition to Grantee's Facilities.

KNOW ALL MEN BY THESE PRESENTS:

§

COUNTY OF WILLIAMSON

§

That Mario Solis and Rosa Solis, of Williamson County, Texas (hereinafter referred to as "Grantor," whether one or more), for the provision of electric service or other good and valuable consideration received the receipt and sufficiency of which is deemed valuable to Grantor and which is hereby expressly acknowledged and accepted by Grantor from Bartlett Electric Cooperative, Inc., a Texas electric cooperative corporation, whose mailing address is P. O. Box 200, Bartlett, Texas 76511, and physical address of 27492 Highway 95, Bartlett, Texas 76511 (hereinafter referred to as "Cooperative"), does hereby grant and convey unto the Cooperative, its successors and assigns, an aerial easement for above-ground facilities to include, but not be limited to, one or more electric lines and communication devices and/or lines or cables, crossarms, insulators, pole mounted equipment and supports for pole mounted equipment to overhang aerially but not physically touch Grantor's property for electric operations and/or maintenance, each consisting of a variable number of wires and circuits, and all necessary and desirable appurtenances and attachments including, but not limited to, conductors, wires, racks, and equipment ("Aerial Easement"), over, across, along and upon all that certain land in Williamson County, Texas (hereinafter referred to as "Grantor's Property") more particularly described in Exhibit "A" attached hereto and incorporated herein by reference for all purposes (the "Aerial Easement").

The Aerial Easement and its rights and privileges herein granted shall include the right to any additional working space about or near the Aerial Easement as may be reasonably necessary, together with the right of pedestrian and/or vehicular ingress and egress over, across, along, and upon Grantor's Property and Grantor's adjoining land to or from the Aerial Easement for the purposes of providing electric utility service to Grantor and/or others (overhead), including, but not limited to, placing, constructing, reconstructing, operating, inspecting, patrolling, maintaining, removing, improving, upgrading, modifying, increasing or reducing the capability of, and relocating electric and/or communication lines and/or devices, or distribution facilities or equipment, as well as reading any meter or performing any act relating to the provision of utility service.

This Aerial Easement, together with all rights and privileges herein granted, shall be a covenant running with the land for the benefit of the Cooperative, its successors and assigns, and may be assigned in whole, or in part, as the Cooperative may desire. Grantor covenants that Grantor, Grantor's heirs, successors and assigns shall facilitate and assist Cooperative personnel in exercising Cooperative's rights and privileges herein described at all reasonable times.

The width of the Aerial Easement, described in Exhibit A, shall be throughout the area of the Grantor's Property over which the Cooperative's facilities overhang aerially. This unobstructed Aerial Easement begins at a plane at ground level and extends infinitely upward. It is understood, however, that Cooperative shall have no right to erect any structures on the above-described Aerial Easement but may overhang such Aerial Easement with facilities attached to structures which are located on property or right-of-way adjacent to Grantor's Property. The Cooperative shall also have the right to access so much of the remainder of the Grantor's Property as may be reasonably necessary to install, maintain, repair, and/or remove facilities that may at any time be necessary, at Cooperative's sole discretion, for the purpose herein specified.

Should the Grantor erect locked gates or other barriers that include, but not limited to, hostile dogs, the Grantor will provide the Cooperative with convenient means to circumvent the barrier for access without notice. Refusal on the part of the Grantor to provide reasonable access for the above purposes may, at the Cooperative's option, be sufficient cause for discontinuance of service. Alternatively, the Cooperative may move the metering location and other facilities and charge Grantor the cost of relocating all facilities.

The Cooperative shall have the right to clear the Aerial Easement of all obstructions or to prevent possible interference with or hazards to the safety, operation, and reliability of any of said lines and/or facilities or devices,

including, but not limited to, trimming, cutting down, and/or chemically treating trees, undergrowth, and shrubbery within the Aerial Easement or within such proximity of the Cooperative's facilities so as to be hazardous to such facilities. Grantor shall not construct or locate any structure, building, trailer, or any other obstruction, including, but not limited to, impound any water or place any temporary or permanent erection of any mast-type equipment or appurtenances, stock tanks, dams, storage piles, swimming pools, antenna, spas, water wells, and/or oil wells within the Aerial Easement that will violate any applicable safety codes or interfere with Cooperative's rights and privileges as herein granted. Cooperative has the right to install, use, maintain, and lock access gates, and to remove or prevent construction on the Aerial Easement of any or all structures, buildings, trailers, and/or any other obstructions at Grantor's expense.

Grantor agrees that the consideration received by the Grantor includes consideration for all damages for the initial construction of the Cooperative's facilities on the Grantor's Property as well as all damages, if any, to the Grantor's Property which may occur in the future after the initial construction of the Cooperative's facilities on the Grantor's Property, directly resulting from the Cooperative's exercise of any of its rights herein granted. The Cooperative shall not be liable for any damages caused by maintaining the Aerial Easement clear of trees, undergrowth, brush and obstructions.

Grantor warrants that Grantor is the owner of Grantor's Property and has the right to execute this instrument. Grantor warrants that there are no liens existing against Grantor's Property other than the following liens:

Grantor agrees that all of Cooperative's facilities installed over Grantor's Property shall remain the sole property of Cooperative, removable at the sole option of the Cooperative.

TO HAVE AND TO HOLD the Aerial Easement and rights unto the Cooperative, its successors and assigns, until all of the Cooperative's lines and facilities shall be abandoned by a fully executed and recorded release of Grantor's Property by the Cooperative and not by removal of any or all Cooperative facilities, and in that event the Aerial Easement shall cease and all rights herein granted shall terminate and revert to Grantor, Grantor's heirs, successors or assigns; AND GRANTOR HEREBY BINDS GRANTOR, AND GRANTOR'S HEIRS, EXECUTORS, ADMINISTRATORS, AND SUCCESSORS, TO WARRANT AND FOREVER DEFEND THE AERIAL EASEMENT AND RIGHTS HEREIN GRANTED UNTO THE COOPERATIVE, ITS SUCCESSORS AND ASSIGNS, AGAINST EVERY PERSON WHOMSOEVER LAWFULLY CLAIMING OR TO CLAIM THE SAME OR ANY PART THEREOF.
