#### WORK AUTHORIZATION NO. 5

#### PROJECT: Engineering Design Services for the Skyview Drive Bridge Project

This Work Authorization is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated <u>May 31, 2022</u> and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and K.C. Engineering, Inc. (the "Engineer").

- Part1. The Engineer will provide the following Engineering Services set forth in Attachment "B" of this Work Authorization.
- Part 2. The maximum amount payable for services under this Work Authorization without modification is \$265,450.00.
- Part 3. Payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the Contract.
- Part 4. This Work Authorization shall become effective on the date of final acceptance and full execution of the parties hereto and shall terminate on <u>March 31, 2025</u>. The Engineering Services set forth in Attachment "B" of this Work Authorization shall be fully completed on or before said date unless extended by a Supplemental Work Authorization.
- Part 5. This Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.
- Part 6. County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Work Authorization. Engineer understands and agrees that County's payment of amounts under this Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under this Contract. It is further understood and agreed by Engineer that County shall have the right to terminate this Contract at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Engineer.
- Part 7. This Work Authorization is hereby accepted and acknowledged below.

EXECUTED this _	<sub>day of</sub> Aug 22, 2024 <sub>, 2024.</sub>

#### LIST OF ATTACHMENTS

Attachment A - Services to be Provided by County

Attachment B - Services to be Provided by Engineer

Attachment C - Work Schedule

Attachment D - Fee Schedule

## Attachment A - Services to be Provided by County Services to be Provided by County

Williamson County Road & Bridge Division personnel will provide:

- Project direction, review and oversight
- Topographic and R.O.W. Surveys.
- Geotechnical Investigations; data and reports.
- ROW Documents and Drainage Reports
- Conducting pre-bid meeting, responding to contractor questions during bidding, tabulating and evaluating bids after bid opening, and providing recommendation of award of contract.
- Construction oversight, administration and management.

#### Attachment B – Services to be Provided by Engineer

#### **Services to be Provided by Engineer**

#### **Project Locations**

1. Name of Roadway: Skyview Drive

#### Task 1: Project Management

Attend Progress Review Meetings with County Road and Bridge Department at 30%, 90%, and Final. Prepare monthly progress reports and invoices. Maintain project schedule and perform QC/QA.

## Task 2: Topographic Surveys and R.O.W. Surveys To be provided by the County

#### Task 3: Preliminary Engineering

Conduct Site Visit and Field Reconnaissance to document existing conditions. Data collection including available as-builts. Develop conceptual geometric layout (1" = 20' H, 1" = 2' V) showing roadway horizontal and vertical geometry and proposed typical section. Prepare preliminary cross sections (50' interval and driveways). Develop preliminary drainage analysis including delineation of drainage areas, calculation of peak stormwater runoff rates for 10-yr, 25-yr, 50-yr, and 100-yr. All drainage data will be as obtained from HEC-RAS models provided by the County and hydraulic modeling performed by the Engineer.

## Task 4: Geotechnical Investigations To be provided by the County

## Task 5: Environmental Studies N/A

## Task 6: Utility Coordination To be provided by the County

### Task 7: FEMA Coordination N/A

#### Task 8: Final Engineering

Prepare final detailed design and PS&E for proposed improvements. Calculate ditch capacity and size driveway and cross culvert pipes.

#### Plan Sheets:

- Title Sheet
- Index of Sheets
- Estimate of Quantities Summary

- Project Layout
- Typical Sections
- Horizontal Alignment Data
- Drainage Documentation
- H & H Summaries
- Miscellaneous Drainage Details
- Existing Conditions and Removal Plan
- Bridge Layout
- Bridge Details
- Erosion Control Plan
- Sequence of Construction
- Traffic Control Plan
- Driveway Details
- Driveway Summary
- Intersection Layout
- Roadway Plan & Profile
- Miscellaneous Roadway Details
- Signs & Pavement Markings
- Small Sign Summary
- SW3P
- Cross Sections (50' Interval and Driveways)
- Standards

Specifications

Cost Estimate

General Notes

#### Task 9: Bidding Phase Services

Prepare Bid Tabs for processing by Purchasing Department

#### Task 10: Construction Phase Services

Review shop drawings and respond to contractor RFIs. Prepare electronic as-built final drawings for the County based on construction red-lines provided by the County.

#### Bridge Design Assumptions:

- New bridge will be a single span, precast concrete superstructure (e.g., prestressed slab beams, decked slab beams, box beams, Tx Girders)
- New bridge will be built in two phases (single lane on one side first)
- New bridge will have zero skew, straight horizontal alignment, and no aesthetics
- Deck will have raised 6' sidewalk on one side only (curb separation for speed <45 mph with combination traffic rail)

- Abutments will have vertical retaining walls (assume TxDOT standard MSE or CIP spread footing walls), constructed in two phases
- Temporary special shoring will be required for phased construction
- Compressed design schedule: 30%, pre-100%, Final 100% (signed/sealed)
- No work for Public Involvement, Surveying, ROW Mapping or Environmental
- Effort includes minimal bidding and construction phase services

#### **Deliverables:**

#### 50% Submittal:

- PDFs of 11" x 17" Plan Sheets
- Specifications
- Estimate of Construction Cost
- General Notes

#### 90% Submittal

- PDFs of 11" x 17" Plan Sheets
- Specifications
- Estimate of Construction Cost
- General Notes

#### 100% Submittal

- PDFs of 11" x 17" Plan Sheets
- Specifications
- Estimate of Construction Cost
- General Notes
- Electronic copy of submittal documents in PDF format
