COMPLIANCELINE, LLC D/B/A ETHICO
AND
WILLIAMSON COUNTY, TEXAS

The underlying Master Services Agreement (the “Agreement”), between ComplianceLine, LLC d/b/a Ethico (“Ethico”) and Williamson County, Texas (“Client”) is amended as specifically set forth herein to incorporate the terms and conditions of this Addendum No. 1. As amended, the Agreement shall remain in full force and effect according to its terms and conditions. All terms used in this Addendum No. 1 shall have the meanings attributed to them in the Agreement. This Addendum No. 1 supersedes any and all prior understandings and agreements, oral or written, relating to the subject matter. In the event there is a conflict between the terms and conditions of the Agreement and the terms and conditions of this Addendum No. 1, the following terms and conditions of this Addendum No. 1 shall control:

- 1. Termination for Convenience.** Client may terminate this Agreement for convenience and without cause or further liability upon thirty (30) days written notice to Ethico. In the event of such termination, it is understood and agreed that only the amounts due to Ethico for goods, commodities and/or services provided and expenses incurred to and including the date of termination, will be due and payable. No penalty will be assessed for Client’s termination of this Agreement for convenience.
- 2. No Indemnification by Client.** Ethico acknowledges and agrees that under the Constitution and the laws of the State of Texas, Client cannot enter into an agreement whereby Client agrees to indemnify or hold harmless any other party, including but not limited to Ethico; therefore, all references of any in this Agreement to Client indemnifying, holding or saving harmless any other party, including but not limited to Ethico, for any reason whatsoever are hereby deemed void and deleted.
- 3. Venue and Governing Law.** Each party to this Agreement hereby agrees and acknowledges that venue and jurisdiction of any suit, right, or cause of action arising out of or in connection with this Agreement shall lie exclusively in either Williamson County, Texas, and the parties hereto expressly consent and submit to such jurisdiction. Furthermore, except to the extent that this Agreement is governed by the laws of the United States, this Agreement shall be governed by and construed in accordance with the laws of the State of Texas, excluding, however, its choice of law rules.
- 4. No Waiver of Immunities.** Nothing in this Agreement shall be deemed to waive, modify or amend any legal defense available at law or in equity to Client, its past or present officers, employees, or agents, nor to create any legal rights or claim on behalf of any third party. Client does not waive, modify, or alter to any extent whatsoever the availability of the defense of governmental immunity under the laws of the State of Texas and of the United States.

5. **Client's Right to Audit.** Ethico agrees that Client or its duly authorized representatives shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine and photocopy any and all books, documents, papers and records of Ethico which are directly pertinent to the services to be performed under this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions. Ethico agrees that Client shall have access during normal working hours to all necessary Ethico facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. Client shall give Ethico reasonable advance notice of intended audits.
6. **Non-Appropriation and Fiscal Funding.** The obligations of the Client under this Agreement do not constitute a general obligation or indebtedness of Client for which Client is obligated to levy, pledge, or collect any form of taxation. It is understood and agreed that Client shall have the right to terminate this Agreement at the end of any Client fiscal year if the governing body of Client does not appropriate sufficient funds as determined by Client's budget for the fiscal year in question. Client may effect such termination by giving written notice of termination to Ethico at the end of its then-current fiscal year to be effective as of the last day of Client's fiscal year.
7. **Payment, Interest and Late Payments.** Client's payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date Client receives the goods under the contract; (2) the date the performance of the service under the contract is completed; or (3) the date the Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by Client in accordance with Texas Government Code Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of Client's fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

In the event that an error appears in an invoice submitted by Ethico, Client shall notify Ethico of the error not later than the twenty first (21st) day after the date Client receives the invoice. If the error is resolved in favor of Ethico, Ethico shall be entitled to receive interest on the unpaid balance of the invoice submitted by Ethico beginning on the date that the payment for the invoice became overdue. If the error is resolved in favor of the Client, Ethico shall submit a corrected invoice that must be paid in accordance within the time set forth above. The unpaid balance accrues interest as provided by Chapter 2251 of the Texas Government Code if the corrected invoice is not paid by the appropriate date.

8. **General Insurance Requirements.** This provision shall apply in the event insurance is required under the Agreement. **"Williamson County, Texas" and its directors, officers and employees shall be added as additional insureds** under the general liability and auto liability coverages of required policies, and on those policies where County, its directors, officers and employees are additional insureds, such insurance shall be primary, and any insurance maintained by County shall be excess and not contribute with it. Such policies

shall also include waivers of subrogation in favor of County. The required insurance must be written by a company approved to do business in the State or Texas with a financial standing of at least an A- rating, as reflected in Best's insurance ratings or by a similar rating system recognized within the insurance industry at the time the policy is issued. Client shall furnish County with a certification of coverage issued by the insurer. Client shall not cause any insurance to be canceled nor permit any insurance to lapse. **In addition to any other notification requires set forth hereunder, Client shall also notify County, within twenty-four (24) hours of receipt of any notices of expiration, cancellation, non-renewal, or material change in coverage it receives from its insurer.**

- 9. Relationship of the Parties.** Each party to this Agreement, in the performance of this Agreement, shall act in an individual capacity and not as agents, employees, partners, joint ventures or associates of one another. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purposes whatsoever.
- 10. Sales and Use Tax Exemption.** Client is a body corporate and politic under the laws of the State of Texas and claims exemption from sales and use taxes under Texas Tax Code Ann. § 151.309, as amended, and the services and materials subject hereof are being secured for use by Client. Exemption certificates will be provided to contractors and suppliers upon request.
- 11. Texas Public Information Act.** To the extent, if any, that any provision in this Agreement is in conflict with Tex. Gov't Code 552.001 et seq., as amended (the "Public Information Act"), the same shall be of no force or effect. Furthermore, it is expressly understood and agreed that Client, its officers and employees may request advice, decisions and opinions of the Attorney General of the State of Texas in regard to the application of the Public Information Act to any items or data furnished to Client as to whether or not the same are available to the public. It is further understood that Client's officers and employees shall have the right to rely on the advice, decisions and opinions of the Attorney General, and that Client, its officers and employees shall have no liability or obligation to any party hereto for the disclosure to the public, or to any person or persons, of any items or data furnished to Client by a party hereto, in reliance of any advice, decision or opinion of the Attorney General of the State of Texas.
- 12. Execution in Counterparts.** This Agreement may be executed in counterparts, each of which, when executed and delivered, shall be deemed to be an original and all of which together shall constitute one and the same document.
- 13. Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of parties hereto and their respective successors and assigns.

In consideration for the promises and covenants contained herein, the Parties hereby agree as follows:

1. Scope and Precedence.

- a. This Agreement includes any attached Order Form(s) and Exhibits, including any Data Processing Agreement (“DPA”) and Business Associate Agreements (“BAA”) or any such document that references this Agreement and is signed by a duly authorized representative of both Parties.
- b. The Order Form(s) set forth the products and services (the “Services”) that Ethico will provide to Client and the manner in which they will be provided. Certain Services which are not recurring and for which only one-time Fees apply may be added pursuant to a simplified ordering document (“Change Order”). Reference to any Order Form in this Agreement includes the term Change Order.
- c. In the event of any conflict or inconsistency between the terms of documents that make up part of the Agreement, the following shall be the order of precedence: the Order Form, the DPA and/or BAA with regard to the subject matter therein, any other Exhibits, and this MSA.
- d. Applicable Law shall mean all applicable laws, rules, and regulations applicable to either Party in the execution, delivery, and performance of this Agreement.

2. **Grant of Use.** Ethico is providing its Services to Client for the sole purpose of Client utilizing these services to design, implement, manage, and/or continuously improve Client’s internal compliance and ethics program, human resources, or other internal risk-management activities. All applicable

MASTER SERVICES AGREEMENT

licenses grants are set forth in this Agreement and any associated Order Form for the applicable Services and terminate upon expiration or termination of this Agreement or the relevant Order Form.

3. Term.

- a. Contract Effective Date. This Agreement shall be effective as of the Contract Effective Date, which is the date that the duly authorized representatives of both Parties have signed the MSA.
- b. Initial Term and Renewal Terms. The Initial Term of this Agreement shall commence on the Contract Effective Date and end on the last day of the Initial Term as set forth in the applicable Order Form under "Service Quote." The Agreement shall automatically renew for successive one-year periods (each a "Renewal Term"). Either Party shall have the right not to renew, provided that the other Party is notified in writing at least sixty (60) days prior to the end of the Initial Term or each Renewal Term.

4. Fees.

- a. Fees. All monies due to Ethico for its Services provided under this Agreement ("Fees" or "Total Subscription Fees") are set forth in the Service Quote section of the applicable Order Form, including One-Time Fee and Annual Subscription Fees (also referred to as "Recurring Fees"). The Annual Subscription Fee will remain firm for the Initial Term. Upon the date of each Renewal Term, the Annual Subscription Fee for the same Services shall be capped at no more than an annual 8% increase.
- b. Fee Basis and Renegotiation. Client acknowledges and agrees that the pricing is based on the information provided to Ethico by Client, and that late or incomplete information, changes in key personnel, undisclosed complexities including complexities related to customization work, tax/regulatory changes, or any other factors beyond reasonable control could necessitate price adjustments in the Fees. In addition, the following criteria constitute grounds for Ethico to renegotiate its annual Subscription Fees: 1) Client exceeding service volume by more than 5% as set forth in the Order Form in any contract year or 2) Client's employee count changing by more than 10% from the contracted amount as set forth in the Order Form.

MASTER SERVICES AGREEMENT

Provided that Client is in good standing, with all monies due to Ethico paid in full, Client may request to renegotiate Fees upon meeting certain criteria as defined in the applicable Order Form. Client must notify Ethico in writing at least sixty (60) days before the start of a Renewal Term that they wish to renegotiate the Fees. Client's request for any renegotiated Fee amounts must be mutually agreed upon by both Parties, in writing and signed by each Party's duly authorized representative, by the date of the Renewal Term, then the Annual Subscription Fee for the Renewal Term as set forth under this Agreement shall continue to apply.

- c. Taxes. All Fees exclude taxes, including any, but not limited to, any sales, use, value-added, or withholding taxes and any levies or duties or other government assessments, and Client acknowledges and agrees it is responsible for paying any applicable taxes related to this Agreement directly to the relevant taxing authority.

5. Payment.

- a. Timing. The One Time Fee and Annual Subscription Fee for the Initial Term are payable upon execution of this Agreement, and thereafter annually and in advance on or before the date of each Renewal Term for all subsequent years. For all other Fees, Client agrees to pay Ethico within thirty (30) days of issuance of an undisputed invoice.
- b. Form of Payment. Acceptable payments include ACH, bank transfers, checks, purchase cards, credit cards, or any other payment methods mutually agreed upon by both Parties. If a purchase card, credit card, or other fee-laden payment method is utilized to pay the Fees, a 3% charge will be added to the payment amount due from Client. Payments must be made at the address designated on the invoice provided by Ethico.
- c. Disputed Fees. Client agrees that any objection to any invoice is waived unless Client provides a written objection within ten (10) days following receipt of said invoice stating the basis for the objection.
- d. Nonpayment or Late Payment. If payment is not received by the due date on the invoice, Client will be assessed a late fee of the lesser of (i) 1.5% per month or (ii) the highest rate allowed by law, on any unpaid balances. Client agrees to reimburse Ethico for any expenses incurred, including interest, court costs, and reasonable attorneys' fees, in the collection of

MASTER SERVICES AGREEMENT

any Fees that are not under good faith dispute by Customer. Ethico reserves the right to suspend or terminate Services under this Agreement for nonpayment of Fees after sixty (60) days following the nonpayment of an invoice. Client acknowledges and agrees that if any Ethico services are suspended or terminated for any reason, including due to Client's late payment or nonpayment of Fees, Client is solely responsible for any failure to meet any legal, regulatory, or contractual obligations or deadlines, including any fees, penalties, or interest that may be assessed against Client, to the extent that Client was relying on Ethico's Services in whole or in part to meet any such obligations or deadlines. In the event of suspension or termination due to nonpayment or any other valid mechanism for termination as set forth in this Agreement, Client agrees to pay Ethico all Fees due, in addition to any expenses incurred in the collection of these Fees, at the time of said suspension or termination and to pay all monies due to Ethico in full prior to any reinstatement of or additional Services.

6. Confidential Information.

- a. Definition. "Confidential Information" means any information disclosed at any time by either Party, directors, officers, employees, and agents (collectively, "Representatives"), to the other Party or its Representatives in anticipation of or during the Parties' relationship, either directly or indirectly, in writing, orally, or by any other means, including, without limitation, trade secrets, operational procedures, fee schedules, passwords information concerning technology, marketing, products, strategies, planning, finances, employees, product roadmaps, customer lists, service or product purchases or modifications, performance agreements and documentation, performance results, pricing, any information marked as "confidential" or "proprietary," information Client puts into the Services intended to be confidential (including but not limited to passwords, personnel files, internal investigations and assessments) and other confidential or proprietary information that a reasonable person would understand to be confidential or proprietary. Each Party shall treat the other Party's Confidential Information with the same care used to prevent the unauthorized disclosure of its own Confidential Information, which shall not be less than the care a reasonable businessperson would undertake in similar circumstances. Each Party shall only disclose Confidential Information to their Representatives if the following circumstances have been met: (i) the Confidential Information is necessary for Representatives to fulfill their job duties and (ii) the Representatives are bound by confidentiality obligations similar to or more restrictive than the obligations in this agreement. Except with regard to Representatives who meet the conditions for disclosure set forth above or as required under Applicable Law, and as set forth in any applicable DPA, BAA, or other Exhibit, Confidential Information shall not be disclosed to any third party without the written consent of the Party who owns the Confidential Information. Each Party shall be liable for their respective Representative's breach of this section. - c. Return of Client Information on MyCM. Client understands and acknowledges that it has the ability to export its own Client Information from MyCM at any time and at no additional cost prior to the expiration or termination of the Agreement. Services. This section defines the Services to be provided by Ethico to Client under this Agreement.

SanctionCheck.

Ethico has developed a cumulative searchable sanctions database known as ("SCWEB") with information obtained from various government-provided listings, which Ethico represents will assist Client in identifying individuals and entities which have been sanctioned, debarred or otherwise excluded from participation in federally funded health care programs or other qualified (federally or not) program participation. This section describes the SanctionCheck Service as provided by Ethico.

1. License Grant.

- a. Ethico hereby grants to Client a nonexclusive, non-transferable, revocable license to search, retrieve, display, print and download information contained within SCWEB via the Internet.
- b. It is expressly understood that no title to or ownership of SCWEB, or any part thereof, is hereby transferred to Client. Notwithstanding the above, Client shall have the right to make available to other Parties any such information about SCWEB that is necessary for Client to conduct its daily business.

2. Access to and Use of SCWEB.

- a. Ethico shall issue Client with usernames and passwords for Internet access to SCWEB. The number of usernames and passwords are defined under this Order Form.
- b. Access to SCWEB shall be provided twenty-four (24) hours a day, seven (7) days a week, except during maintenance and reasonable downtime, when access will not be available. Ethico provides the following Service Level Agreement ("SLA"): during the Term of this Agreement, SCWEB will be operational and available to Client at least 99% of the time each year aside from Scheduled Downtime, maintenance, and other reasonable downtimes. If Ethico does not meet the SLA within any given year Client may be eligible to receive a Service Credit of 10% of 1/12th of Client's annual SCWEB fee for every 1 day of outage, up to a yearly maximum of 100% of 1/12th of Client's annual SCWEB fee.
- c. Data transmission and computer link to SCWEB via the Internet shall be the exclusive responsibility of Client.

Exhibit A - Order Form

- d. Client represents and warrants and expressly undertakes not to (i) upload any material that contains viruses, worms, Trojan Horses, time bombs, cancel bots, or anything of a like nature or (ii) provide or otherwise make available access to SCWEB for commercial purposes in any form to any person without the prior written consent of the Ethico or (iii) download data from SCWEB for the purpose of creating or contributing to a database that will be searched as a substitute for, or alternative to, SCWEB or (iv) assert any proprietary rights to any portion of SCWEB, or any information contained within SCWEB or (v) divulge the password(s) to unauthorized users and to promptly inform the Ethico in the event a password is compromised.
 - e. Any additional licenses added during a term of this Agreement will be priced according to the Ethico standard price at the time of request, unless otherwise specified in writing, and will be recorded in writing (including via email to Ethico) by an authorized representative of Client.
 - f. **Scheduled Downtime.** The following activities for the purpose of this Agreement will constitute Scheduled Downtime: 1) standard system maintenance 2) system upgrades 3) and other reasonable downtimes. Ethico will notify Client, in writing, via email, of periods of Scheduled Downtime at least three (3) days prior to the commencement of such Scheduled Downtime. Scheduled Downtime is not considered downtime for purposes of this Agreement and will not be counted towards any downtime periods.
 - g. Client acknowledges and agrees that, where a government agency will not accept encrypted communications of any kind, that Ethico will, when performing any additional services, including but not limited to rule-outs, send the relevant Client documentation to the government agency in a non-encrypted format.
3. **Resolving Matches.** Client must confirm that the information obtained from various government provided listings, and the information reported on each of the "Potential" matches, is correct before drawing any conclusions on the relevancy of the match. Client acknowledges and agrees that the information reported from the various government listings may not be complete or accurate. It is also possible that information may exist but has not been reported by the agencies and accessed by SanctionCheck. SanctionCheck does not add any information to the report, nor attempt to merge files from different sources. Client acknowledges and agrees that any inaccurate information provided by Client to Ethico could also affect the completeness or accuracy of any results. Additionally, Client acknowledges that SanctionCheck neither verifies credentials nor obtains information from court records. Client must make the final determination of whether the information is identifiable with any individual/entity searched by Client.
4. **Additional Services.** Upon the commencement of service, and additional dates as agreed, Client will submit a list Client's complete Employee List (employees, medical staff, physicians) and/or Vendor List (vendors, entities, contractors) that it wishes to be searched ("Lists") to SCWEB in CSV or Excel format. Lists not uploaded into SCWEB in the specified format will either be rejected for screening or may result in inaccurate results. Also, throughout the Term of this Agreement, Client may submit additional names of individuals, entities and/or vendors, via SCWEB. Client will designate an individual or individuals to act as the account manager in the development of reporting procedures between Ethico and Client and to serve as the recipient of

Exhibit A - Order Form

all documented reporting from Ethico. Annual Utilization Level (AUL) is not to be exceeded. Additional names searched will be billed at 3 times the per-name cost, billable monthly unless the Agreement pricing is right-sized. Client will receive the service tier set forth in the Service Quote:

1. Basic: All Employee List and/or Vendor List files submitted for service will include an appropriate and persistent unique identifier for each record across subsequent submissions of file updates. Files submitted without a unique identifier or which require additional file management services by Ethico will incur service add-on surcharges at the Ethico standard price at the time of service. Ethico will process Client-submitted requests against SCWEB data. Following such comparison at the Ethico standard match level, Ethico will transmit to Client documentation certifying that the submitted employee(s), medical staff, physician(s) and/or vendor(s) comparisons have been performed. Review of potential matches at a match level beyond the Ethico standard match level (Advanced Match Level review), or other special services (including file management per file, service on a file without a unique identifier, or one-time advanced service level review) are available and require additional Fees. The documentation will include the date of the search, how many searches were conducted, and how many of the searches resulted in potential or confirmed matches. All potential or confirmed matches will be additionally identified on an Exclusion Results Certification. Ethico's reporting of such positive identifications shall include a replication of all information contained within the government reports for each and every positively identified employee, physician, medical staff, and/or vendor.
 2. Essential: Ethico will perform additional rule-outs based on the initial results that are returned from the SCWEB search. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual based on the information provided.
 3. Professional: If a potential Positive match still cannot be ruled out by Ethico, Ethico will contact the sanctioning agency with the provided information to attempt to rule out an entity. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual due to a number of reasons outside of its control, including lack of information provided by Client or from the sanctioning agency. If a potential Positive match still cannot be ruled out after contacting the sanctioning agency, Ethico will send an affidavit via email which will allow the entity in question to attest to whether they are the sanctioned entity or not.
5. **Warranty and Remedy.**
- a. Ethico has agreed to provide Client with certain information received from United States, state or local government sources referenced under the Service Quote, which allegedly concerns possible violations of the law or other forms of misconduct relating to employees, medical staff, physicians, subsidiaries, affiliates, and/or vendors of Client. It is agreed and understood by Client, that Ethico warrants the accuracy of information contained within the SanctionCheck database to the extent that the information is a duplicate of the information obtained from various government-provided listings. Ethico, however, neither warrants, vouches for, nor authenticates the reliability of this information nor does Ethico guarantee the accuracy, adequacy, quality, validity, completeness, or suitability of the information obtained from various government-provided listings for any

Exhibit A - Order Form

purpose. Client agrees that, except for the specific duties of Ethico as set forth herein, Client shall have the sole responsibility to evaluate the information and to comply with all local, state, and federal laws pertaining to the investigation and protection of such information, as well as the protection of all rights of any person or persons accused of or potentially associated with any wrongdoing. In the event SCWEB fails to operate or perform the functions described in the documentation provided within SCWEB, Ethico will use commercially reasonable efforts to correct such failure. If Ethico, however, is unable to correct any such failure, Ethico will refund the license and maintenance Fees paid by Client for SCWEB in the current Term in lieu of correcting the failure. Refunds of the license and maintenance Fees may be prorated based on the materiality of the failure of Client's overall use of SCWEB and the length of time such SCWEB was used by Client. Client shall be entitled to a full refund of the license and maintenance Fees only when SCWEB has so failed as to be of no value whatsoever to Client.

6. **ActionCheck Guarantee.** Ethico warrants that it maintains cyber security and errors and omissions insurance policies, each with coverage limits of no less than \$5,000,000. In the event Client incurs actual damages, including but not limited to fines, penalties, or other losses, as the direct result of relying on work performed by Ethico that was performed negligently or not in accordance with industry standards, Ethico shall reimburse Client for such actual damages up to the coverage limits of the aforementioned insurance policies. Provider's liability under this guarantee is limited to the amount of actual damages incurred by Client that are attributable to Ethico's failure to perform its work consistent with industry standards, not to exceed the insurance coverage limits stated herein. This guarantee shall be valid for the duration of contract term from the effective date of this agreement. To make a claim under this guarantee, Client must provide written notice to Provider within 30 days of incurring damages, along with documentation substantiating the damages incurred. Provider shall have 180 days following receipt of notice and documentation to investigate the claim and make any payment owed under this guarantee. The foregoing sets forth Provider's entire liability and Client's sole remedy under this "Action Check Guarantee."

Social Security Death Index Search. The Social Security Death Index ("SSDI" or "SSDM") is a large database containing vital information of more than 77 million people (primarily Americans) whose deaths have been reported to the U.S. Social Security Administration ("SSA"). For various reasons, not everyone who has been issued a Social Security number and is deceased will appear in this file. Upon the commencement of service, and additional dates as agreed, Client will submit a list of the people to be screened, in Ethico's provided CSV or Excel template, and loaded into Ethico's SanctionCheck platform ("SCWEB"). Lists not uploaded into SCWEB in the specified format will either be rejected for screening or will produce less than satisfactory results. Also, throughout the Term of this Agreement, Client may submit additional names of individuals, entities and/or vendors, via SCWEB. Client will designate an individual or individuals to act as the account manager in the development of reporting procedures between Ethico and Client and to serve as the recipient of all documented reporting from Ethico. Ethico will screen each person to confirm that the social security number they are using is not associated with a known deceased person for the SSDI database. The results will be delivered in SCWEB. Clients can view the results and print them via PDF or Excel.

3. **Warranty and Remedy.** Ethico has agreed to provide Client with certain information received from the United States government sources referenced under the Service Quote which allegedly concerns possible violations of the law or other forms of misconduct relating to employees, medical staff, physicians, entities and/or vendors of Client. It is agreed and understood by Client, that Ethico warrants the accuracy of information contained within the SSDI database to the extent that the information is a duplicate of the information obtained from various government-provided listings. Ethico, however, neither warrants, vouches for, nor authenticates the reliability of this information nor does Ethico guarantee the accuracy, adequacy, quality, validity, completeness, or suitability of the information obtained from government-provided listings for any purpose. Client agrees that, except for the specific duties of Ethico as set forth herein, Client shall have the sole responsibility to evaluate the information and to comply with all local, state, and federal laws pertaining to the investigation and protection of such information.

9. **Service Tiers.** Client will receive the Service Tier and options itemized in the Service Quote:

SanctionCheck - Basic. Subscription to this Tier includes Client access to SCWEB for all Employee List and/or Vendor List files submitted for service and will include an appropriate and persistent unique identifier for each record across subsequent submissions of file updates. Files submitted without a unique identifier or which require additional file management services by Ethico will incur service add-on surcharges at the Ethico standard price at the time of service. Ethico will process the Client-submitted requests against SCWEB data. Following such comparison at the Ethico standard match level, Ethico will transmit to Client documentation certifying that the submitted employee(s), medical staff, physician(s) and/or vendor(s) comparisons have been performed. Review of potential matches at a match level beyond the Ethico standard match level or other special services (including file management, correction of files without a unique identifier, or one-time advanced service level review) are available and require additional fees. The documentation will include the date of the search, how many searches were conducted, and how many of the searches resulted in potential or confirmed matches. All potential or confirmed matches will be additionally identified on an Exclusion Results Certification. Ethico's reporting of such positive identifications shall include a replication of all information contained within the government reports for each and every positively identified employee, physician, medical staff, and/or vendor.

SanctionCheck - Essential. Subscription to this Tier includes all SanctionCheck Basic features plus the following: Ethico will perform additional rule-outs based on the initial results that are returned from the SCWEB search. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual based on the information provided.

SanctionCheck - Professional. Subscription to this Tier includes all SanctionCheck Basic and Essential features plus the following: If a potential Positive match still cannot be ruled out by Ethico, Ethico will contact the sanctioning agency with the provided information to attempt to rule out an entity. Ethico will report the final results to the Client. Ethico may not be able to confirm or rule out an individual due to a number of reasons outside of its control, including lack of information provided by

Exhibit A - Order Form

Client or from the sanctioning agency. If a potential Positive match still cannot be ruled out after contacting the sanctioning agency, Ethico will send an affidavit via email which will allow the entity in question to attest to whether they are the sanctioned entity or not.

Single Sign-On (SSO).

1. If Client uses Single Sign On to access the Services, this section applies. Ethico shall implement Single Sign-On ("SSO") between Client's software and Ethico's software platform, subject to the Parties' abilities to satisfy the security requirements of the other Party. Ethico shall cooperate with Client during all stages of implementing SSO, including any exploratory or information gathering stages. Ethico shall determine any project timeframes, including the final effective date; however, Client shall assist Ethico in determining reasonable timeframes by providing any information requested by Ethico. Both Parties shall support SSO through a number of federated identity standards including, but not limited to, SAML2.0 (Security Assertion Markup Language), OAuth (Open Authorization) and others as mutually agreed upon by both Parties. Both Parties shall maintain and support SSO in relation to the software or platforms that they control.
2. SSO IDs are used in lieu of username/password credentials for authentication and are only shared with the respective SSO provider as required for authentication. Client shall authenticate each of its representatives ("User") prior to gaining access to the Services using the agreed upon SSO protocol. At the time Client attempts to access Ethico's web application, Client will identify and authenticate its User through the SSO process by employing commercially reasonable security practices accepted in the industry. After Client has authenticated its User, it will securely transmit the User's credentials to Ethico. Upon receiving the transmission, Ethico will authorize Client to access its Services through Ethico's web application upon verification.
3. Should unauthorized access to Ethico's websites or other services occur through the negligent, willful or otherwise unlawful disclosure or use of SSO, Client shall indemnify Ethico against any losses, damage or hacking to Ethico's systems, Services, website, or business caused by such disclosure or use.
4. **User Provisioning.** If included in the Order Form, user provisioning capabilities will be a part of SSO. This will allow Clients to create licensed users with a set of predetermined permissions and settings. This will be based on the authentication group that they are assigned in Client's user directory. Client will need to send Ethico the group names and participants as a SAML attribute during the SSO implementation stage. This will ensure that the new users are successfully created with the correct permissions and settings granted.

Ethico provides the following Service Level Agreement (“SLA”): during the Term of this Agreement, SCWEB will be operational and available to Client at least 99% of the time each year aside from Scheduled Downtime, maintenance, and other reasonable downtimes. If Ethico does not meet the SLA within any given year Client may

be eligible to receive a Service Credit of 10% of 1/12th of Client's annual SCWEB fee for every 1 day of outage, up to a yearly maximum of 100% of 1/12th of Client's annual SCWEB fee.

- c. Data transmission and computer link to SCWEB via the Internet shall be the exclusive responsibility of Client.
 - d. Client represents and warrants and expressly undertakes not to (i) upload any material that contains viruses, worms, Trojan Horses, time bombs, cancel bots, or anything of a like nature or (ii) provide or otherwise make available access to SCWEB for commercial purposes in any form to any person without the prior written consent of the Ethico or (iii) download data from SCWEB for the purpose of creating or contributing to a database that will be searched as a substitute for, or alternative to, SCWEB or (iv) assert any proprietary rights to any portion of SCWEB, or any information contained within SCWEB or (v) divulge the password(s) to unauthorized users and to promptly inform the Ethico in the event a password is compromised.
 - e. Any additional licenses added during a term of this Agreement will be priced according to the Ethico standard price at the time of request, unless otherwise specified in writing, and will be recorded in writing (including via email to Ethico) by an authorized representative of Client.
 - f. **Scheduled Downtime.** The following activities for the purpose of this Agreement will constitute Scheduled Downtime: 1) standard system maintenance 2) system upgrades 3) and other reasonable downtimes. Ethico will notify Client, in writing, via email, of periods of Scheduled Downtime at least three (3) days prior to the commencement of such Scheduled Downtime. Scheduled Downtime is not considered downtime for purposes of this Agreement and will not be counted towards any downtime periods.
 - g. Client acknowledges and agrees that, where a government agency will not accept encrypted communications of any kind, that Ethico will, when performing any additional services, including but not limited to rule-outs, send the relevant Client documentation to the government agency in a non-encrypted format.
3. **Resolving Matches.** Client must confirm that the information obtained from various government provided listings, and the information reported on each of the "Potential" matches, is correct before drawing any conclusions on the relevancy of the match. Client acknowledges and agrees that the information reported from the various government listings may not be complete or accurate. It is also possible that information may exist but has not been reported by the agencies and accessed by SanctionCheck. SanctionCheck does not add any information to the report, nor attempt to merge files from different sources. Client acknowledges and agrees that any inaccurate information provided by Client to Ethico could also affect the completeness or accuracy of any results. Additionally, Client acknowledges that SanctionCheck neither verifies credentials nor obtains information from court records. Client must make the final determination of whether the information is identifiable with any individual/entity searched by Client.
4. **Additional Services.** Upon the commencement of service, and additional dates as agreed, Client will submit a list Client's complete Employee List (employees, medical staff, physicians) and/or Vendor List (vendors, entities, contractors) that it wishes to be searched ("Lists") to SCWEB in CSV or Excel format. Lists not uploaded into SCWEB in the specified format will either be rejected for screening or may result in inaccurate results. Also, throughout the Term of this Agreement, Client may submit additional names of individuals, entities and/or vendors, via SCWEB. Client will designate an individual or individuals to act as the account manager in the development of reporting procedures between Ethico and Client and to serve as the recipient of all documented reporting from Ethico. Annual Utilization Level (AUL) is not to be exceeded.

Additional names searched will be billed at 3 times the per-name cost, billable monthly unless the Agreement pricing is right-sized. Client will receive the service tier set forth in the Service Quote:

1. Basic: All Employee List and/or Vendor List files submitted for service will include an appropriate and persistent unique identifier for each record across subsequent submissions of file updates. Files submitted without a unique identifier or which require additional file management services by Ethico will incur service add-on surcharges at the Ethico standard price at the time of service. Ethico will process Client-submitted requests against SCWEB data. Following such comparison at the Ethico standard match level, Ethico will transmit to Client documentation certifying that the submitted employee(s), medical staff, physician(s) and/or vendor(s) comparisons have been performed. Review of potential matches at a match level beyond the Ethico standard match level (Advanced Match Level review), or other special services (including file management per file, service on a file without a unique identifier, or one-time advanced service level review) are available and require additional Fees. The documentation will include the date of the search, how many searches were conducted, and how many of the searches resulted in potential or confirmed matches. All potential or confirmed matches will be additionally identified on an Exclusion Results Certification. Ethico's reporting of such positive identifications shall include a replication of all information contained within the government reports for each and every positively identified employee, physician, medical staff, and/or vendor.
 2. Essential: Ethico will perform additional rule-outs based on the initial results that are returned from the SCWEB search. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual based on the information provided.
 3. Professional: If a potential Positive match still cannot be ruled out by Ethico, Ethico will contact the sanctioning agency with the provided information to attempt to rule out an entity. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual due to a number of reasons outside of its control, including lack of information provided by Client or from the sanctioning agency. If a potential Positive match still cannot be ruled out after contacting the sanctioning agency, Ethico will send an affidavit via email which will allow the entity in question to attest to whether they are the sanctioned entity or not.
5. **Warranty and Remedy.**
- a. Ethico has agreed to provide Client with certain information received from United States, state or local government sources referenced under the Service Quote, which allegedly concerns possible violations of the law or other forms of misconduct relating to employees, medical staff, physicians, subsidiaries, affiliates, and/or vendors of Client. It is agreed and understood by Client, that Ethico warrants the accuracy of information contained within the SanctionCheck database to the extent that the information is a duplicate of the information obtained from various government-provided listings. Ethico, however, neither warrants, vouches for, nor authenticates the reliability of this information nor does Ethico guarantee the accuracy, adequacy, quality, validity, completeness, or suitability of the information obtained from various government-provided listings for any purpose. Client agrees that, except for the specific duties of Ethico as set forth herein, Client shall have the sole responsibility to evaluate the information and to comply with all local, state, and federal laws pertaining to the investigation and protection of such information, as well as the protection of all rights of any person or persons accused of or potentially associated with any wrongdoing. In the event SCWEB fails to operate or perform the functions described in the documentation provided within SCWEB, Ethico will use commercially reasonable efforts to correct such failure. If Ethico, however, is

unable to correct any such failure, Ethico will refund the license and maintenance Fees paid by Client for SCWEB in the current Term in lieu of correcting the failure. Refunds of the license and maintenance Fees may be prorated based on the materiality of the failure of Client's overall use of SCWEB and the length of time such SCWEB was used by Client. Client shall be entitled to a full refund of the license and maintenance Fees only when SCWEB has so failed as to be of no value whatsoever to Client.

6. **ActionCheck Guarantee.** Ethico warrants that it maintains cyber security and errors and omissions insurance policies, each with coverage limits of no less than \$5,000,000. In the event Client incurs actual damages, including but not limited to fines, penalties, or other losses, as the direct result of relying on work performed by Ethico that was performed negligently or not in accordance with industry standards, Ethico shall reimburse Client for such actual damages up to the coverage limits of the aforementioned insurance policies. Provider's liability under this guarantee is limited to the amount of actual damages incurred by Client that are attributable to Ethico's failure to perform its work consistent with industry standards, not to exceed the insurance coverage limits stated herein. This guarantee shall be valid for the duration of contract term from the effective date of this agreement. To make a claim under this guarantee, Client must provide written notice to Provider within 30 days of incurring damages, along with documentation substantiating the damages incurred. Provider shall have 180 days following receipt of notice and documentation to investigate the claim and make any payment owed under this guarantee. The foregoing sets forth Provider's entire liability and Client's sole remedy under this "Action Check Guarantee."

For various reasons, not everyone who has been issued a Social Security number and is deceased will appear in this file. Upon the commencement of service, and additional dates as agreed, Client will submit a list of the people to be screened, in Ethico's provided CSV or Excel template, and loaded into Ethico's SanctionCheck platform ("SCWEB"). Lists not uploaded into SCWEB in the specified format will either be rejected for screening or will produce less than satisfactory results. Also, throughout the Term of this Agreement, Client may submit additional names of individuals, entities and/or vendors, via SCWEB. Client will designate an individual or individuals to act as the account manager in the development of reporting procedures between Ethico and Client and to serve as the recipient of all documented reporting from Ethico.  - c. Data transmission and computer link to SCWEB via the Internet shall be the exclusive responsibility of Client.
 - d. Scheduled Downtime is not considered downtime for purposes of this Agreement and will not be counted towards any downtime periods.
3. **Warranty and Remedy.** Ethico has agreed to provide Client with certain information received from the United States government sources referenced under the Service Quote which allegedly concerns possible violations of the law or other forms of misconduct relating to employees, medical staff, physicians, entities and/or vendors of Client. It is agreed and understood by Client, that Ethico warrants the accuracy of information contained within the SSDI database to the extent that the information is a duplicate of the information obtained from various government-provided listings. Ethico, however, neither warrants, vouches for, nor authenticates the reliability of this information nor does Ethico guarantee the accuracy, adequacy, quality, validity, completeness, or suitability of the information obtained from government-provided listings for any purpose. Client agrees that, except for the specific duties of Ethico as set forth herein, Client shall have the sole responsibility to evaluate the information and to comply with all local, state, and federal laws pertaining to the investigation and protection of such information.

9. Service Tiers. Client will receive the Service Tier and options itemized in the Service Quote:

SanctionCheck - Basic. Subscription to this Tier includes Client access to SCWEB for all Employee List and/or Vendor List files submitted for service and will include an appropriate and persistent unique identifier for each record across subsequent submissions of file updates. Files submitted without a

unique identifier or which require additional file management services by Ethico will incur service add-on surcharges at the Ethico standard price at the time of service. Ethico will process the Client-submitted requests against SCWEB data. Following such comparison at the Ethico standard match level, Ethico will transmit to Client documentation certifying that the submitted employee(s), medical staff, physician(s) and/or vendor(s) comparisons have been performed. Review of potential matches at a match level beyond the Ethico standard match level or other special services (including file management, correction of files without a unique identifier, or one-time advanced service level review) are available and require additional fees. The documentation will include the date of the search, how many searches were conducted, and how many of the searches resulted in potential or confirmed matches. All potential or confirmed matches will be additionally identified on an Exclusion Results Certification. Ethico's reporting of such positive identifications shall include a replication of all information contained within the government reports for each and every positively identified employee, physician, medical staff, and/or vendor.

SanctionCheck - Essential. Subscription to this Tier includes all SanctionCheck Basic features plus the following: Ethico will perform additional rule-outs based on the initial results that are returned from the SCWEB search. Ethico will report the final results to Client. Ethico may not be able to confirm or rule out an individual based on the information provided.

SanctionCheck - Professional. Subscription to this Tier includes all SanctionCheck Basic and Essential features plus the following: If a potential Positive match still cannot be ruled out by Ethico, Ethico will contact the sanctioning agency with the provided information to attempt to rule out an entity. Ethico will report the final results to the Client. Ethico may not be able to confirm or rule out an individual due to a number of reasons outside of its control, including lack of information provided by Client or from the sanctioning agency. If a potential Positive match still cannot be ruled out after contacting the sanctioning agency, Ethico will send an affidavit via email which will allow the entity in question to attest to whether they are the sanctioned entity or not.

Single Sign-On (SSO).

1. If Client uses Single Sign On to access the Services, this section applies. Ethico shall implement Single Sign-On ("SSO") between Client's software and Ethico's software platform, subject to the Parties' abilities to satisfy the security requirements of the other Party. Ethico shall cooperate with Client during all stages of implementing SSO, including any exploratory or information gathering stages. Ethico shall determine any project timeframes, including the final effective date; however, Client shall assist Ethico in determining reasonable timeframes by providing any information requested by Ethico. Both Parties shall support SSO through a number of federated identity standards including, but not limited to, SAML2.0 (Security Assertion Markup Language), OAuth (Open Authorization) and others as mutually agreed upon by both Parties. Both Parties shall maintain and support SSO in relation to the software or platforms that they control.
2. SSO IDs are used in lieu of username/password credentials for authentication and are only shared with the respective SSO provider as required for authentication. Client shall authenticate each of its representatives ("User") prior to gaining access to the Services using the agreed upon SSO protocol. At the time Client attempts to access Ethico's web application, Client will identify and authenticate its User through the SSO process by employing commercially reasonable security practices accepted in the industry. After Client has authenticated its User, it will securely transmit the User's credentials to Ethico. Upon receiving the transmission, Ethico will authorize Client to access its Services through Ethico's web application upon verification.

3. Should unauthorized access to Ethico's websites or other services occur through the negligent, willful or otherwise unlawful disclosure or use of SSO, Client shall indemnify Ethico against any losses, damage or hacking to Ethico's systems, Services, website, or business caused by such disclosure or use.
4. **User Provisioning.** If included in the Order Form, user provisioning capabilities will be a part of SSO. This will allow Clients to create licensed users with a set of predetermined permissions and settings. This will be based on the authentication group that they are assigned in Client's user directory. Client will need to send Ethico the group names and participants as a SAML attribute during the SSO implementation stage. This will ensure that the new users are successfully created with the correct permissions and settings granted.
