

YOLO PLATES DELIVERED

One healthy and hearty meal delivered per day, 7 days a week to a food insecure and disabled Yolo County senior.

WHY IS THIS BEING PROPOSED

Because of the COVID crisis many food insecure seniors had to rely on a variety of food delivery services to stay sheltered in place. One program implemented in Yolo was the Great Plates Delivered program. This FEMA sponsored program provided 3 delivered meals a day to eligible food insecure seniors who cannot prepare their own food. The program currently has 51 participants and we are working with 3 restaurants across the county to provide meals. FEMA will reimburse the bulk of this cost.

FILLING THE GAP

The Great Plates Delivered program has some significant eligibility restrictions that prevent some of the most food insecure seniors who cannot prepare their own meals from accessing benefits. The Yolo Plates Delivered program would fill some of that gap and removes the income floor, that blocks low income seniors from gaining access. YPD delivers a hot meal once a day to this gap population. Both programs ultimately will end and participants will hopefully be permanently assisted by Yolo Meals on Wheels.

PROJECT SCOPE: 150 PARTICIPANTS (MAXIMUM)

PRICE PER MEAL DELIVERED: \$22

TIMEFRAME: 30-60 DAYS

SUPPLIES AND OVERHEAD: \$23,760

MAX MEAL COST: \$198,000

MAX PROGRAM BUDGET \$110,880 - 221,760
