AUTHORITY, PURPOSE AND SCOPE OF WORK

1. Authority & Purpose

This Standard Agreement (hereinafter "Agreement") will provide official notification of the conditional reservation of funds under the State of California's administration of the federal CARES Act Emergency Solutions Grants Program Allocation (hereinafter, "ESG-CV" or the "Program") by the Department of Housing and Community Development (hereinafter the "Department" or "HCD") pursuant to the provisions of the 2020 Federally enacted Coronavirus Aid, Relief, and Economic Security Act, Title XII, Homeless Assistance Grants Section (hereinafter, "CARES Act") and any HUD Notices or waivers including the HUD Mega-Waiver dated April 1, 2020 and HUD CPD Notice-20-08 dated September 1, 2020 and, where not superseded by the CARES Act, pursuant to the provisions of 42 USC 11371 – 42 USC 11378, ("Federal Statutes"), 24 CFR Part 576, ("Federal Regulations") all as shall be amended from time to time.

HCD receives federal funds for ESG-CV from the United States Department of Housing and Urban Development (HUD). In accepting this conditional reservation of funds, Contractor (sometimes referred to herein as "Grantee," "Administrative Entity," "Applicant," or "Continuum of Care") agrees to comply with the terms and conditions of this Agreement, which relates to the ESG-CV Notice of Funding Availability (NOFA) dated June 1, 2020 (Round 1) and the ESG-CV NOFA dated October 2, 2020 (Round 2) under which the Contractor applied, the representations contained in the Contractor's Application for the ESG-CV funding allocations, and the requirements of the authorities cited above. Any and all changes made to the submitted and awarded Application after this Agreement is executed must receive prior written approval from the Department.

2. Scope of Work

- A. Contractor shall perform the Scope of Work ("Work") required as described in this Agreement and in the Application, which is on file electronically with the Department and which is incorporated herein by reference. Contractor shall be responsible for ensuring its selected homeless service providers perform the Work set forth in Exhibit E of this Agreement. All written materials or alterations submitted as addenda to the original Application and which are approved in writing by the Department are hereby incorporated as part of the Application. The Department reserves the right to require the Grantee to modify any or all parts of the Application in order to comply with ESG-CV requirements. The Department reserves the right to monitor all Work to be performed by the Grantee, its contractors, and subgrantees in relation to this Agreement. Any proposed revision to the Scope of Work must be submitted in writing for review and approval by the Department and may require an amendment to this Agreement. Approval shall not be presumed unless such approval is made by the Department in writing.

- B. Contractor shall perform the Work, only in the areas as identified, and in accordance with the approved ESG-CV Application and as required by Federal ESG requirements at 24 CFR Section 576. Contractor's selected homeless service providers shall provide services in the areas identified in the application/award recommendation package submitted to the Department. Services shall be provided by the Contractor and the Contractor's funded subrecipients for at least the term of the ESG-CV grant. For the purposes of performing the Scope of Work, the Department agrees to provide the amount(s) identified in Exhibit F. Unless amended in writing, the Department shall not be liable for any costs in excess of the total approved budget. The Department shall not, under any conditions, be liable for any unauthorized or ineligible costs or activities.

3. Duplication of Benefits

A Duplication of Benefit (DOB) occurs when a program beneficiary receives assistance from multiple funding sources totaling an amount that exceeds the need for a particular funding need. The duplication is the amount of assistance provided in excess of the need. It is the Department's responsibility to ensure that each ESG-CV activity provides assistance only to the extent that the recipient's project's funding need(s) has not been met by another funding source.

Section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) prohibits federal agencies from providing assistance to any "person, business concern, or other entity" for any loss for which the entity has already received financial assistance from another source (See: 42 USC § 5155(a)). The Federal Register Notice, published on November 16, 2011 (Docket No. FR-5582-N-01), requires adequate policies and procedures in place to prevent a DOB and provide for the recapture of funds, if necessary.

Applicants will be required to complete DOB documentation with application. Recipients will be required to continue to report on DOB during the expenditure period for the ESG-CV funds. Applicants will be required to prepare DOB policies and procedures including a policy for funds recapture to be included in written standards.

4. Effective Date and Commencement of Work

In addition, no activity funds shall be incurred until any required environmental review process has been completed, if required under 24 CFR 50, except as exempted by the

VAWA provides housing protections for survivors of domestic and dating violence, sexual assault, and stalking when it comes to finding and keeping a home they can feel safe in.

VAWA now expands housing protections to HUD programs beyond HUD's public housing program and HUD's tenant-based and project-based Section 8 programs. VAWA now provides enhanced protections and options for victims of domestic violence, dating violence, sexual assault, and stalking.

During the performance of this Agreement, the Contractor or its subrecipients assure that:

- A. Domestic Violence survivors are not denied assistance as an applicant, or evicted or have assistance terminated as a tenant, because the applicant or tenant is or has been a victim of domestic violence, dating violence, sexual assault, and stalking.
- B. It will implement an "emergency transfer plan", which allows for domestic violence survivors to move to another safe and available unit if they fear for their life and safety.
- C. It will provide "protections against denials, terminations, and evictions that directly result from being a victim of domestic violence, dating violence, sexual assault, or stalking, if the applicant or tenant otherwise qualifies for admission, assistance, participation, or occupancy."
- D. It will implement a "low-barrier certification process" where a domestic violence survivor need only to self-certify in order to document the domestic violence, dating violence, sexual assault, or stalking, ensuring third party documentation does not cause a barrier in a survivor expressing their rights and receiving the protections needed to keep themselves safe.

Section XXI. Racial Equity

It is a Department priority to ensure that ESG-CV programs are implemented in a way that addresses racial disparities in the homeless population and creates equitable outcomes. The following list of questions highlight items that you as the Grantee -either Continuum of Care (CoC) or Administrative Entity (AE) - might be doing to address racial equity. If you have not yet started to address racial equity in your homelessness response system, there is an opportunity to describe what you are planning to do at the end of each section.

Answers in this section will not serve to qualify or disqualify applicants but rather will serve as a baseline measure of the current state of each applicant's disparities, efforts and outcomes.

Please select your Continuum of Care from the HUD CoC Racial Equity Analysis Tool (version 2.1) and upload as an attachment. Please refer to the NOFA for your designated CoC number. After downloading the tool, navigate to the 'Dashboard' tab and select your CoC from the highlighted dropdown box. Save the file and upload below..

Formal partnerships such as MOUs or subrecipient agreements with organizations serving underserved and marginalized communities., Coordinated Entry Access Points in underserved and marginalized communities

Please provide a narrative and links for the Formal Partnerships selection:

We have several subrecipient contracts with local community-based organizations (CBOs) that serve individuals who are from underserved and marginalized communities. A majority of the CBOs in the community serving the homeless individuals attend and/or are voting members of the local CoC. It is through these meetings and subsequent distribution of minutes that information gets further shared.

Please provide a narrative and links for the Coordinated Entry Access Points selection:

Before the pandemic, homeless coordinators would meet potential clients at libraries and Medi-Cal offices. Link to information - <https://www.yolocounty.org/home/showdocument?id=61520>. Currently, the most vulnerable individuals who are experiencing homelessness are being housed via Project Roomkey in each of our major jurisdictions. This allows homeless coordinators and providers to serve these individuals and provide case management.

Does your grant making process prioritize programs that address the disproportionate impacts of homelessness and COVID-19 on communities of color, particularly Black, Latinx, Asian, Pacific Islander, Native and Indigenous communities?

If disparities are shown, the CoC will work in partnership with tribal leadership to find culturally appropriate interventions to address these disparities.

How is your organization and the CoC partnering with Tribal Nations to address homelessness? Check all that apply:

- 2) Adapt coordinated entry policies and procedures to account for social distancing measures or increased demand,
- 3) Develop a strategy and recruit landlords to provide housing to people experiencing homelessness or at risk of homelessness,

- 5) Implement a non-congregate shelter strategy to reduce the spread of coronavirus.

Please check here to confirm you have read the above and agree to update written standards as needed and in accordance with any current and anticipated guidance from HUD.

XIII. NON-DISCRIMINATION IN SERVICES AND EMPLOYMENT (Medi-Cal MH Boilerplate)

Contractor shall not employ unlawful discriminatory practices in the admission of patients, assignments of accommodations, treatment, evaluation, employment of personnel, differing hours of operation for Medi-Cal versus non Medi-Cal clients, or in any other respect on the basis of race, color, gender, religion, marital status, national origin, age, sexual orientation, or mental or physical handicap, in accordance with the requirements of applicable Federal or State law, including, but not limited to, the following:

The provisions of the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, the California Fair Employment and Housing Act (Government Code, Section 12900 et seq.), and the applicable regulations promulgated thereunder (2 California Code of Regulations (CCR). Section 7285 et seq.).

XIII. NON-DISCRIMINATION IN SERVICES AND BENEFITS (Standard County Long Form)

Contractor certifies that any service provided pursuant to this Agreement shall be without discrimination based on color, race, creed, national origin, religion, sex, age, sexual preferences, or physical or mental disability in accordance with all applicable Federal, State and County laws and regulations and any administrative directives established by the County Board of Supervisors or the County Administrative Officer. For the purpose of this Agreement, distinctions on the grounds of color, race, creed, national origin, religion, sex, age, sexual preferences, or physical or mental disability include but are not limited to the following: denying a participant any service or benefit which is different, or is provided in a different manner or at a different time from that provided to other participants under this Agreement; subjecting a participant to segregation or separate treatment in any way in the enjoyment or any advantage or privilege enjoyed by others receiving any service or benefit; treating a participant differently from others in determining whether the participant has satisfied any admission, enrollment quota, eligibility, membership, or other requirement or condition which individuals must meet in order to be provided any service or benefit; and the assignment of times or places for the provision of services.

VI. CULTURAL COMPETENCY (Medi-Cal MH Boilerplate—paragraph G is Medi-Cal specific)

A. Cultural competence is defined as a set of congruent practice behaviors, attitudes, and policies that come together in a system, agency, or among consumer providers and professionals which enable that system, agency, or those professional and consumer providers to work effectively in cross-cultural situations.

B. Contractor recognizes that cultural competence is a goal toward which professionals, agencies, and systems should strive. Becoming culturally competent is a developmental process and incorporates at all levels the importance of culture, the assessment of cross-cultural differences, the expansion of cultural knowledge, and the adaptation of services to meet culturally unique needs. Providing medically necessary specialty behavioral health, substance abuse, and co-occurring disorder services in a culturally competent manner is fundamental in any effort to ensure success of high quality and cost-effective services. Offering those services in a manner that fails to achieve its intended result due to cultural and linguistic barriers is not cost effective.

C. Contractor shall assess the demographic make-up and population trends of its service area to identify the cultural and linguistic needs of the eligible beneficiary population. Such

EXHIBITS F & E

studies are critical to designing and planning for providing appropriate and effective behavioral health, substance abuse, and co-occurring disorder services.

D. Contractor shall provide cultural competency training on an annual basis to all staff. This training shall address the ethnic, cultural, and language needs of clients. Training can be provided by County on a space available basis or obtained by Contractor from an independent source(s). Contractor shall provide the County with documentation of the cultural competency trainings by submitting the required reports as outlined in Exhibit D, Terms and Conditions.

E. Contractor shall implement practices and protocols that are inclusive and responsive to the needs of diverse cultural populations, including Lesbian, Gay, Bisexual, Transgender and Queer/Questioning (LGBTQ) individuals, families and communities.

F. Contractor shall adopt the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care to improve health care quality and advance health equity. Refer to <http://minorityhealth.hhs.gov> (US Department of Health and Human Services Office of Minority Health).

G. Language Access and Translation Requirements

1. "Threshold Language" pursuant to the Dymally-Alatorre Bilingual Services Act and "Prevalent Language" pursuant to State contracts and 42 CFR. §438.10(a), means a language that has been identified as the primary language, as indicated on the Medi-Cal Eligibility System (MEDS), of 3,000 beneficiaries or five percent of the beneficiary population, whichever is lower, in County's Medi-Cal service area. c. The Contractor shall make its written materials that are critical to obtaining services, including, at a minimum, provider directories, beneficiary handbooks, appeal and grievance notices, denial and termination notices, and Contractor's behavioral health education materials, available in the prevalent non-English languages in the county. (42 CFR. § 438.10(d)(3).)

Section IV - Duplication of Benefit

A Duplication of Benefit (DOB) occurs when a program beneficiary receives assistance from multiple funding sources to the extent that the amount that exceeds the need for a particular funding need. The amount of assistance provided in excess of the need. It is the Department's responsibility to ensure that each ESG-CV activity provides assistance only to the extent that the recipient's project's funding need(s) has not been met by another funding source. Section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) prohibits federal agencies from providing assistance to any "person, business concern, or other entity" for any loss for which the entity has already received financial assistance from another source (See: 42 USC § 5155(a)). The Federal Register Notice, published on November 16, 2011 (Docket No. FR-5582-N-01), requires adequate policies and procedures in place to prevent a DOB and provide for the recapture of funds, if necessary. Once selected, subrecipients will be required to report on Duplication of Benefit metrics such as types of funding sources received, amounts received, expected persons served and actual persons served. Additional guidance is to be provided by the Department of Housing and Urban Development (HUD) as to the implementation and best practices of DOB tracking.

Please check here to confirm you have read the above and agree to monitor subrecipients for DOB in accordance with any current and anticipated guidance from HUD and to provide requested DOB tracking data to HCD.

HCD is working to determine how best to allocate future issuances of ESG-CV funding. Please provide a rough estimate of the amount of additional ESG-CV your CoC Service Area could utilize for ESG-CV eligible activities (including major rehabilitation and renovation under the Emergency Shelter eligible activity) by the July 30, 2022 expenditure deadline.

5,000,000

Please briefly describe how you would utilize the amount of additional ESG-CV funds provided above.

Our CoC service area could use an additional \$4,000,000 to \$5,000,000 to be used for housing the most vulnerable population in non-congregate shelter. During our participation in Project Roomkey expenses were totaling approximately \$1,000,000 a month to provide hotel rooms, food, security, laundry, and case management services to individuals experiencing homelessness. The funds would also be used to connect individuals to permanent housing and mitigate the impact of expected job losses by providing rental assistance and security deposit assistance.

Are you applying for ESG-CV2 funds?

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Board of Supervisors
County of Yolo, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Yolo, California, (the County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 20, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control that we consider to be significant deficiencies, as described in the accompanying schedule of financial statement findings as items 2019-001 through 2019-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Response to Findings

The County's response to the findings identified in our audit was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND SUPPLEMENTAL SCHEDULES OF
CALIFORNIA DEPARTMENT OF COMMUNITY SERVICES AND DEVELOPMENT

To the Honorable Board of Supervisors
County of Yolo, California

Report on Compliance for Each Major Federal Program

We have audited the County of Yolo (the County), California's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

EXHIBITS F & E

To the Honorable Board of Supervisors
County of Yolo, California

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2019-004. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2019-004, that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Supplemental Schedules of California Department of Community Services and Development

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated December 20, 2019, which contained unmodified opinions on those financial statements. Our report includes reference to other auditors who audited the financial statements of the First 5 Yolo County Children and Families Commission as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The Supplemental Schedules of California Department of Community Services and Development is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the supplemental schedules of the California Department of Community Services and Development are fairly stated in all material respects in relation to the basic financial statements as a whole.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2019****Note 1: Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the County of Yolo, California (the "County") under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized, as applicable, under the cost principles in contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The County has elected not to use the 10-percent de minimis indirect costs rate allowed under the Uniform Guidance.

Note 3: Medicaid Cluster

Except for Medi-Cal administrative expenditures, Medicaid (Medi-Cal) and Medicare program expenditures are excluded from the Schedule. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the Schedule or in determining major programs. The County assists the State of California in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities. Medi-Cal administrative expenditures are included in the Schedule as they do not represent fees for services.

Note 4: Loan Programs

The following schedule presents the amount of outstanding loans receivable by CFDA number. All loans with continuing compliance requirements are included on the accompanying Schedule. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented on the Schedule.

The balance of loans outstanding at June 30, 2019, consists of:

CFDA No.	Federal Program	Outstanding Loans at June 30, 2019
14.228	Community Development Block Grants/ State's Program and Non-Entitlement Grants in Hawaii	\$ 8,699,964

SECTION II - FINANCIAL STATEMENT FINDINGS***Timely Bank Reconciliations***
Significant Deficiency

Reference Number: 2019-001

Condition:

As a result of our test work over the County's bank reconciliations, we noted the County was not performing bank reconciliations in a timely manner. The July 2018 through June 2019 bank reconciliations were not performed in a timely matter. The County subsequently completed all monthly reconciliations for fiscal year 2019 prior to the completion of the financial statement audit.

Criteria:

Bank and investment reconciliations help to create stronger internal control, whereby accountability over cash assets is greatly enhanced. Bank and investment reconciliations help to safeguard cash by detecting errors on the part of the bank, trustee and the County when recording activities in accounts.

Cause of Condition:

The County did not perform reconciliations on a timely basis due to transition to US Bank during the year and an increased volume of reconciliations was needed during that transition.

Effect or Potential Effect of Condition:

The lack of timely bank reconciliations could cause errors or theft to go undetected for longer periods of time. Accurate records will ensure County staff are more informed and allow them to make better financial decisions.

Recommendation:

We recommend the County implement procedures to ensure bank reconciliations are performed timely on a monthly basis.

Management's Response and Corrective Action:

The County's Cash Accounting Manual requires all accounts to be reconciled on a monthly basis. The County Treasury Division is updating due dates and monitoring processes to ensure each monthly bank reconciliation is completed timely. Additionally, procedures will contain escalation procedures of how to bring any future delays to the attention of senior management. We expect these procedures to be implemented by April 30, 2020.

Segregation of Duties Within the Financial System
Significant Deficiency**Reference Number:** 2019-002**Condition:**

As a result of our audit procedures, we noted certain areas of the County's financial system (INFOR) where clear segregation of duties do not appear to be in place in order to prevent unauthorized transactions, error or fraud. To maintain proper segregation of duties, no single employee should have complete control over all components of a transaction. Such areas were found in the County's procurement and disbursement modules within INFOR, including the vendor Masterfile, processes surrounding change order approval, and bypassing of approval by the Department of Financial Services (DFS).

Criteria:

Government Auditing Standards note that management is responsible for implementing systems designed to achieve compliance with applicable laws and regulations; and for establishing and maintaining internal control to help ensure that appropriate goals and objectives are met; using resources efficiently, economically, effectively, and equitably, and safeguarding resources; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. A proper segregation of duties should include different employees performing the initiation, recording, approval of the transactions and custody of assets.

Cause of Condition:

The County has not implemented policies and procedures to ensure that segregation of duties is maintained within all areas of the financial system.

Effect or Potential Effect of Condition:

The County's internal control systems are weakened, and proper safeguards are not in place to prevent error or fraud.

Recommendation:

We recommend that the County assess the access levels of employees within the financial system (INFOR) to ensure that proper segregation of duties is maintained in all business areas. A continual process for monitoring segregation of duty risks within the financial system should be implemented and maintained by the County.

Management's Response and Corrective Action:

The County has a year-end review process to review access levels and look for segregation of duties and access issues in the INFOR financial system. The Department of Financial Services will coordinate with the Information Technology division to strengthen this process to review for incompatible roles in the system. This will be implemented as part of the June 30, 2020 year-end process. In order to address the more specific concerns, the ability to modify and maintain the Accounts Payable Vendor File was moved from the Accounting Division to the Procurement Division in October 2019 to further segregate this function. In addition, access to initiate change orders by departments outside the Financial Services department was removed in November 2018.

***Estimates Used in Calculation of Landfill Closure & Post-Closure Costs
Significant Deficiency*****Reference Number:** 2019-003**Condition:**

As a result of our test work over the County's estimate of its landfill closure and post-closure cost liability, we noted that the County incorrectly included cumulative costs incurred related to previously closed waste management units. Updated plans submitted to the California Department of Resources Recycling and Recovery excluded previously closed units, and therefore should have excluded the related cumulative costs incurred from the calculation of the liability.

Criteria:

The County is required to submit regular closure and post-closure maintenance plan cost estimates as well as an annual report to the California Department of Resources Recycling and Recovery in accordance with the requirements set forth in the California Code of Regulations, Title 27, Division 2, Subdivision 1, Chapter 6. Figures in these reports are used in the County's annual estimate of its landfill closure and post-closure cost liability, which is reduced by any cumulative costs incurred related to the liability, per each waste management unit. Only cumulative costs related to waste management units included in the plan are allowed to reduce the liability.

Cause of Condition:

The County did not perform a detailed review of the annual calculation of the landfill closure and post-closure cost liability during year-end closing procedures.

Effect or Potential Effect of Condition:

The improper inclusion of certain cumulative costs incurred resulted in an understatement of the landfill closure and post-closure cost liability by approximately \$3.8 million.

Recommendation:

We recommend the County implement procedures to ensure proper detailed review of the annual calculation of its landfill closure and post-closure cost liability.

Management's Response and Corrective Action:

The County Department of Financial Services will ensure that a detailed review of the landfill closure and post-closure liability occurs annually. The Accounting Division of the Department of Financial Services will carefully review the liability annually in coordination with the Integrated Waste Management Division of the Department of Community Services to ensure only applicable paid expenditures reduce the closure and post-closure liability to ensure accurate reporting.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Reporting

Significant Deficiency/Instance of Noncompliance

Reference Number: 2019-004

Federal Award Information:

CFDA Number: 93.676
Program Title: Unaccompanied Alien Children Program
Federal Award Number: 90ZU0171
Federal Award Year(s): 2018; 2019
Name of Federal Agency: U.S. Department Health and Human Services

Criteria or Specific Requirement:

According to Title 45 – Public Welfare, Subtitle A – Department of Health and Human Service, Subchapter A—General Administration, Part 75—Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Subpart D—Post Federal Award Requirements (Title 45 CFR Part 75.342.1), quarterly reports must be submitted 30 calendar days after the reporting period end date.

Condition:

The SF-425 Federal Financial report for period end date March 31, 2019 had a submission deadline of April 30, 2019, however the report was not submitted until August 31, 2019.

Cause of the Condition:

The late reports submission was due to Department oversight due to personnel turnover; new staff were not initially aware of the reporting requirements.

Effect or Possible Effect:

The County did not submit the required reports in a timely manner.

Questioned Costs:

No questioned costs were identified (\$0).

Context

As the SF-425 Federal Financial Reports are submitted on a quarterly basis, the total population of reports during the audit period was four (4). The audit examined a sample of two (2) reports.

Repeat Finding:

This is a new finding for the fiscal year ended June 30, 2019.

Recommendation:

We recommend that the County implement a system to ensure that all required reporting deadlines are tracked and required submissions are made timely.

Management’s Response and Corrective Action:

A tracking system that identifies all required reporting deadlines for the Probation departments grants has been implemented so that timelines can be tracked, and reports can be submitted on time. Deadlines are reviewed during regular department check-in with staff so that timelines can be met. The finding in this particular case will not be repeated because this program ended January 31, 2020 and will no longer require report submission.

SUMMARY OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2018

SECTION I - FINANCIAL STATEMENT FINDINGS

Reference Number: 2018-001

This finding has been partially corrected, but is repeated for the fiscal year ended June 30, 2019, as Reference Number 2019-001 in the Schedule of Findings and Questioned Costs.

Corrective Action:

The County's Cash Accounting Manual requires all accounts to be reconciled on a monthly basis. The County Treasury Division is updating due dates and monitoring processes to ensure each monthly bank reconciliation is completed timely. Additionally, procedures will contain escalation procedures of how to bring any future delays to the attention of senior management. We expect these procedures to be implemented by April 30, 2020.

Reference Number: 2018-002

This finding has been corrected and is considered to be resolved as of June 30, 2019.

Reference Number: 2018-003

This finding has been partially corrected, but is repeated for the fiscal year ended June 30, 2019, as Reference Number 2019-002 in the Schedule of Findings and Questioned Costs.

Corrective Action:

The County has a year-end review process to review access levels and look for segregation of duties and access issues in the INFOR financial system. The Department of Financial Services will coordinate with the Information Technology division to strengthen this process to review for incompatible roles in the system. This will be implemented as part of the June 30, 2020 year-end process. In order to address the more specific concerns, the ability to modify and maintain the Accounts Payable Vendor File was moved from the Accounting Division to the Procurement Division in October 2019 to further segregate this function. In addition, access to initiate change orders by departments outside the Financial Services department was removed in November 2018.

Reference Number: 2018-004

This finding has been corrected and is considered to be resolved as of June 30, 2019.

SECTION II - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Reference Number: 2018-005

This finding has been corrected and is considered to be resolved as of June 30, 2019.
