

Plan	Proposal	Funding Request	Match	ARP Subcategory	Workgroup Conclusion	Workgroup Recommendation	Ratio	Workgroup Notes
A	Nurture Yolo – An Equitable, Sustainable Local Food System for the Health and Wellness of All Yolo County Residents	\$3,000,000	Existing Fundraising	Immediate Aid	Partially Supportive	\$1,178,000	39%	Need clearly defined outcomes and goals. Appears to get food out to those most impacted by COVID immediately. Need clarification on other funding sources and match. Sustainability also an issue.
B	Yolo County Senior and Persons with Disabilities Food Security Funding Pool*	\$1,290,000	NA	Matching Funds for Future Requests	Partially Supportive	\$300,000	23%	Recommended matching pool funding for future or revised Senior Food Security Proposals at a later date. Reserve for new proposals that meet our objectives or refinements to previously submitted proposals. This may include additional outreach.
C	Comida Digna + Yolo Farm to Fork Partnership Proposal	\$1,032,341	\$711,288	Nutrition and Food Access	Not Recommended as presented	\$0	0%	Really well written proposal. Group really loved the idea but the primary focus is on nutrition in schools, not necessarily food access and almost all funds would benefit school districts. No school district participation, match or endorsement. With schools receiving millions in ARP funding we believe this request should go back to school districts and YCOE. Serious concerns about longevity and viability without school participation. Possibly supportive of one time match with school district commitment. Needs further review.
D	Meals on Wheels Equipment Project	\$200,000	Yes	Immediate Aid	Supportive of project	\$200,000	100%	Group was supportive but would like to see exact quotes for equipment costs needed. One time costs for infrastructure. In conversations with liasons there was a clear focus on reinforcing primary senior nutrition programs and to limit splintering of new programs. A desire to reinforce MOW operations.
E	Yolo Healthy Aging Alliance – ARP Food Security Proposal	\$200,000	Unclear	Immediate Aid	Supportive of project	\$200,000	100%	Group was supportive but would like to see exact quotes for delivery costs and performance metrics. Ie. Number of meals. Advisory body recommended focus on existing senior food security system and seeing if there could be existing partnerships. After discussions with staff and Meals on Wheels exective team would like to earmark an additional \$200,000 for senior hot meal delivery funding. Would like to ask YHHA, Meals on Wheels and AAA4 to come up with joint proposal to use \$200K as a coordinated effort.
F	Strengthen and Grow the West Sacramento Urban Farm and Mobile Market Programs to Provide Food Access to Low-Income Communities in Yolo County	\$588,212	\$80,250	Nutrition and Food Access	Partially Supportive	\$222,000	38%	Proposal has large amount of funding requested for personnel and administrative costs but no clear sustainability plan. Plan focuses on nutritional food access and food deserts. Group supportive of one time infrastructure costs and matching existing match funds. Good proposal for nutritional food access. Do have questions on is food for free, for sale, discounted or etc?
G	Yolo County Rural, Unincorporated and Agricultural Workforce Food Security Funding Pool*	-	NA	Matching Funds for Future Requests	Partially Supportive	\$450,000	0%	Recommended matching pool funding for future or revised Rural, Unincorporated or Agricultural Food Security Proposals at a later date. Reserve for new proposals that meet our objectives or refinements to previously submitted proposals. This may include additional outreach.
H	Yolo County Children's Food Security Funding Pool*	-	NA	Matching Funds for Future Requests	Partially Supportive	\$450,000	0%	Recommended matching pool funding for future or revised Childrens Food Security Proposals at a later date. Reserve for new proposals that meet our objectives or refinements to previously submitted proposals. This may include additional outreach.
