New Domestic Wells Permitted

Yolo Subbasin Groundwater Agency Update

Yolo Subbasin GSP
Adopted and
Submitted to DWR

*Ad Hoc Drought
Contingency
Planning
Committee Update*

The background of the slide is a photograph of a dry, cracked desert landscape. The ground is covered in a network of dark, irregular cracks, creating a mosaic-like pattern. The sky above is filled with soft, grey clouds, and the overall lighting is somewhat dim, suggesting an overcast day. A solid black horizontal band is positioned across the middle of the image, serving as a background for the text.

Questions/Comments
