Note to General Contractors; Joint Apprenticeship Committee Participation Requirement:

The County adopted a policy that one of requirements to be deemed a responsive bidder is that when submitting a bid at or in excess of one million dollars the bidder must then be participating in a joint apprenticeship committee on public works projects. The California Department of Industrial Relations defines a joint apprenticeship committee as a committee made up of equal number of members from labor and management. **Bidders submitting bids at or in excess of one million dollars must complete a California Department of Industrial Relations’ DAS-7 form that documents the bidder’s participation in a joint apprenticeship committee. Bids that are not accompanied by such proof of participation will be rejected. The County will verify participation prior to the award.**
